The Company, by resolution of the Board of Directors, may also declare interim dividends on account of accumulated profits or profit reserves shown on the last annual or half-yearly balance sheet.

§1. The Company may pay interest on its own capital, to be credited to annual or interim dividends.

§2. The dividends and interest on its own capital distributed under the terms of this Article 49 shall be attributed to the mandatory dividend.

Article 50. Prior to any distribution, any accumulated losses and provision for income tax shall be deducted from the profits for the year.

§1. From the amount calculated in accordance with this Article, the profit shares of the members of the Company's management shall be calculated, subject to the legal maximum, to be distributed according to the rules established by the Board of Directors.

§2. After the deduction referred to in the preceding paragraph, the following allocations shall be made from the net profits for the year:

a) 5% (five percent) to the legal reserve, until the legal reserve is equal to 20% (twenty percent) of the paid-up capital or attains the limit established in Article 193, §1 of Law 6404/76;

b) from the remaining net profits for the year, after the deduction referred to in item (a) of this Article 50 and the adjustment provided for in Article 202 of Law 6404/76, 25% (twenty-five percent) shall be allocated to payment of the mandatory dividend to all shareholders; and

c) an amount not greater than 71.25% (seventy-one and twenty-five one-hundredths percent) of the net profits shall be allocated to the creation of an Investment Reserve, for the purpose of financing the expansion of Company's and of its controlled companies' business, through subscribing for capital increases, creating new projects or participating in consortiums or other types of association, among other means of achieving the Company's corporate purpose.

§3. The reserve established in item (c) of §2 of this Article 50 may not exceed 80% (eighty percent) of the Company's capital. Should the reserve reach such limit, the Shareholders in General Meeting decide on the allocation of the excess, either distributing it to the shareholders or using it to increase the capital of the Company.

§4. After the distribution provided for in the previous paragraphs, the Shareholders in General Meeting shall determine the allocation of the remaining balance of the net profits for the year, after hearing the Board of Directors and subject to applicable law.

CHAPTER VII

CONTROL AND ABSENCE OF CONTROL

Article 51. Any disposal of control of the Company, in either a single transaction or a series of transactions, shall be contracted subject to a condition, either precedent or subsequent, under which the acquirer of control undertakes to make a public tender offer for the shares of the remaining shareholders in accordance with applicable law and the

Novo Mercado Listing Rules and on terms that ensure equal treatment with the disposing shareholder.

Article 52. The public tender offer referred to in Article 51 shall also be made:

- a) in the event of an assignment for value of rights to subscribe for shares or other securities or rights convertible into shares, which assignment results in a Disposal of Control of the Company; and
- b) in the event of a disposal of control of a company that holds Control of the Company, in which case the Disposing Controlling Shareholder shall be obligated to declare to BM&FBovespa the value attributed to the Company in the disposal and to submit documentation to prove the declared value.

Article 53. Any person which holds shares in the Company and subsequently acquires Control by reason of a private purchase and sale agreement made with the Controlling Shareholder involving any number of shares is required to:

- a) make the public tender offer referred to in Article 51;
- b) compensate shareholders which have purchased shares on the stock exchange in the six (6) months preceding the Disposal of Control, by paying the difference between the price paid to the Disposing Controlling Shareholder and the price paid on the stock exchange for shares in the Company during the said six-month period, duly adjusted for inflation, and for that means duly observing the procedures stated in the Novo Mercado Listing Rules; and
- c) take such action as may be necessary to restore the free float of the Company's shares to at least 25% (twenty-five percent) of the total outstanding shares in the Company, within the six (6) months following the acquisition of Control.

Article 54. The Company shall not record (i) any transfer of shares to the Purchaser of Control, or to any other person(s) which acquire Control until such time as they have executed the Statement of Consent from Controlling Shareholders (*Termo de Anuência dos Controladores*); or (ii) any Shareholders' Agreement that provides for the exercise of Control unless the signatories to the agreement have executed the Statement of Consent from Controlling Shareholders.

Article 55. In case there is no Controlling Shareholder:

- a) whenever the Shareholders in General Meeting approve cancellation of the Company's registration as a publicly-held company, the public tender offer shall be made by the Company itself, provided, however, that the Company may acquire shares held by shareholders which voted in favor of cancellation of the Company's registration at the General Meeting at which the cancellation was approved only after it has acquired the shares held by the shareholders which did not vote in favor of cancellation and which accept the public tender offer; and
- b) whenever the Shareholders in General Meeting approve the Company's exit from the Novo Mercado, due to listing of the Company's shares for trading off the Novo Mercado or to a corporate reorganization after which the resulting company's securities are not admitted for trading on the Novo Mercado, the public tender offer shall be made by those to which such duty has been attributed by decision of said General Meeting, who shall be present in the General Meeting and therein expressly assume the obligation to make the tender offer.

Article 56. In the event of cancellation of the Company's registration as a publicly-held company or its exit from the Novo Mercado, due to listing of the Company's shares for trading off the Novo Mercado or to a corporate reorganization in which the resulting company's securities are not admitted for trading on the Novo Mercado within the term of one hundred and twenty (120) days counted from the General Meeting which approves the reorganization, the public tender offer to be made by the Controlling Shareholder, or the Company, or by the shareholders referred to in Article 55, item (b), as applicable, shall have a minimum offer price which is equal to the economic value determined in the appraisal report referred to in Article 9, item (b) and in accordance with the Novo Mercado Listing Rules.

Article 57. In case the Company has no Controlling Shareholder and BM&FBovespa determines that the price of securities issued by the Company shall be quoted separately, or that trading in securities issued by the Company on the Novo Mercado shall be suspended by reason of non-compliance with obligations under the Novo Mercado Listing Rules, the Chairman of the Board of Directors shall call, within the two (2) days following the determination (counting only the days on which the newspapers habitually used by the Company are issued), an Extraordinary General Shareholders' Meeting to replace the entire Board of Directors.

§1. In the event the Extraordinary General Shareholders' Meeting referred to in this Article 57 is not called by the Chairman of the Board of Directors within the two-day time period, the meeting may be called by any shareholder of the Company.

§2. The new Board of Directors elected at the Extraordinary General Shareholders' Meeting referred to in the preceding provisions of this Article 57 shall cure the non-compliance with the obligations under the Novo Mercado Listing Rules in the shortest period of time possible or within the new time period granted by BM&FBovespa for this purpose, whichever is shorter.

Article 58. In case the Company has no Controlling Shareholder, where the Company exits the Novo Mercado by reason of non-compliance with obligations in the Novo Mercado Listing Rules resulting from:

- a) a resolution adopted at a General Meeting of Shareholders, the public tender offer shall be made by the shareholders which voted in favor of the resolution that resulted in non-compliance; and
 - b) an act or event of management, a General Meeting shall be called to decide on the manner of solving the non-compliance and on the possible exit of the Company from Novo Mercado. The provisions of Article 55, item (b), must be observed in case the General Meeting decides that the Company shall exit the Novo Mercado.

PUBLIC TENDER OFFER FOR PURCHASE OF SHARES IN CASE OF OBTAINING A RELEVANT EQUITY STAKE

Article 59. Any shareholder or Group of Shareholders (“Acquiring Shareholder”) who comes to obtain: (a) a direct or indirect equity stake equal to or higher than 30% of the total shares issued by the Company; or (b) title to any other partners’ or equity rights, including by way of usufruct, that enables it to have voting rights pertaining to shares issued by the Company and which represent 30% or more of its corporate capital, shall (i) give immediate notice, by means of a statement to the Investors Relations Officer, in accordance with CVM Instruction No. 358/02, of such acquisition; and (ii) make a public tender offer for acquisition of the shares held by the remaining shareholders of the Company.

§1. The Acquiring Shareholder shall, within the final deadline of 45 days counted from the date of the statement mentioned in Article 59 above, promote the publication of a tender offer announcement for the acquisition of the totality of the shares issued by the Company and held by the other shareholders, in accordance with the provisions of Law No. 6,404/76, the regulations enacted by CVM and stock exchanges in which the securities issued by the Company are traded, and with the rules established in these By-laws.

§2. The Acquiring Shareholder shall comply with any requests or demands by the CVM within the terms established under the applicable regulation.

§3. The price to be offered for the shares issued by the Company subject to the tender offer (“Offer Price”) shall be equivalent, at least, to the economic value, determined in accordance with an appraisal report made pursuant to the provisions of Article 9, item (c), and of Article 10.

§4. The tender offer must necessarily comply with the following principles and procedures, together with others, whether applicable, and as expressly established in Article 4 of CVM Instruction No. 361/02 or any other regulation that comes to replace it:

(a) it shall be directed equally to all shareholders of the Company;

(b) it shall be effected by an auction to be held on BM&FBovespa;

(c) it shall be performed in a manner as to assure equal treatment to all recipients, allowing them to obtain adequate information about the Company and the offeror and providing them with the elements required for taking an informed

and independent decision in regard of tendering their shares;

(d) it shall be immutable and irrevocable after the publication of the tender offer announcement, in accordance with CVM Instruction No. 361/02, except for what provided in Article 63, §2;

(e) it shall be launched at the price determined in accordance with the provisions of this Article 62 and settled in cash, in national currency; and

(f) it shall be instructed with the appraisal report of the Company referred to in §3 above.

Article 60. The shareholders with title to at least 10% of the shares issued by the Company, excluding from such total the shares held by the Acquiring Shareholder, may request to the management of the Company that a Special General Meeting is called to decide on the performance of a new appraisal of the Company for means of reviewing the Offer Price, so that a report is drafted also in accordance with the appraisal report referred to in Article 59, §4, item (f), and pursuant to the procedures provided under Article 4-A of Law No. 6,404/76 and subject to the provisions of the applicable regulations enacted by CVM and of this Chapter.

§1. In the Special General Meeting referred to in Article 60, all shareholders, except for the Acquiring Shareholder, shall be entitled to vote.

§2. In case the Special General Meeting referred to in this Article 60 decides that a new appraisal shall be performed and such new report comes to establish a value higher than that initially applied to the tender offer, the Acquiring Shareholder may withdraw the public tender offer, and in this case it shall comply, if applicable, with the procedure set forth in Article 28 of CVM Instruction No. 361/02, or any other rule that comes to replace it, and also dispose of the excess shares within a term of 3 months counted from the date of said Special General Meeting.

Article 61. The requirement to make a mandatory tender offer under Article 59 does not exclude the possibility of another shareholder of the Company or, if the case, of the Company itself to make another offer, whether competing or isolated, and in accordance with applicable regulations.

Article 62. The obligations applicable under Article 254-A of Law No. 6,404/76 and under Article 51 do not exclude the need for the Acquiring Shareholder to comply with the obligations applicable under this Chapter.

Article 63. The requirement to make a mandatory tender offer under Article 59 shall not be applicable in the following cases:

(a) when a Controlling Shareholder, who held more than fifty percent (50%) of the Company's capital immediately prior to the obtaining of the 30% equity stake by the Acquiring Shareholder, remains in the Company;

(b) if the 30% equity stake is obtained by the Acquiring Shareholder as a result of purchases made under another public tender offer for the acquisition of shares, made in accordance with the Novo Mercado Listing Rules or with the applicable law, and which had as purpose the acquisition of all the shares issued by the Company, provided that such tender offer shall have been effected for a price at least equal to the Offer Price;

(c) if the 30% equity stake is obtained by the Acquiring Shareholder (i) involuntarily, as a result of any cancellation of shares in treasury, share redemption or capital reduction of the Company with cancellation of shares; or (ii) by a subscription of shares made under a primary offer and in reason of the fact that such amount was not fully subscribed by the ones entitled to preemptive rights or of the fact that there was not a sufficient number of interested parties for the public distribution; or (iii) as a result of a merger, consolidation or share exchange merger (*incorporação de ações*) involving the Company; and

(d) in the case of a Disposal of Control of the Company, in which case the rules provided under Chapter VII of these By-laws shall be observed.

Article 64. If any announcement of a public tender offer for acquisition of all shares issued by the Company is published, whether made in accordance with this Chapter VII or in accordance with the applicable law and regulations, and whether settled in cash or by an exchange of securities issued by a publicly-held company, the Board of Directors shall meet within 10 days to assess the terms and conditions of the offer as made, and complying with the following principles:

(a) the Board of Directors may hire specialized external advisors, meeting the requirements of Article 10, §2, with the purpose of providing advice in the analysis of the convenience and opportunity of the offer, in consideration of the general interest of the shareholders and of the economic industry of the Company and its controlled companies, and of the liquidity of the securities offered, if the case;

(b) the Board of Directors shall make public, with the corresponding justification thereto, to the shareholders, its opinion on the convenience and opportunity of public tender offer under analysis; and

(c) the public tender offer shall be immutable and irrevocable, but it may be conditioned by the offeror, in case of a voluntary offer, upon the minimum acceptance of shareholders that hold at least 2/3 of the Company's shares, excluding those in treasury.

Article 65. In case the Acquiring Shareholder does not comply with the obligations required under this Chapter, including in regard of compliance with the deadlines (i) for making the statement referred to in Article 59; (ii) for making or requesting registration of the public tender offer; or (iii) for complying with any requests or demands by the CVM, then the Board of Directors of the Company shall call an Extraordinary General Meeting, in which the Acquiring Shareholder shall not be entitled to vote, to decide on the suspension of exercise of the Acquiring Shareholder rights, in accordance with Article 120 of Law No. 6,404/76.
