BRASKEM ANNOUNCES CHANGES IN THE IR AREA

São Paulo, Brazil, September 28, 2011 - Braskem (BM&FBOVESPA: BRKM5, BRKM3, BRKM6; NYSE: BAK; LATIBEX: XBRK), the leading resin producer in the Americas, announces changes in the investor relations area.

Luciana Ferreira, who had been leading Braskem investor relations team since 2009, having previously served as IR Manager for the Company since 2005, will move to another company under the Odebrecht Group as of October 01, 2011.

Roberta Varella, IR Manager for Braskem since 2009, will take on Luciana's position in an interim manner as head of the area, reporting directly to the CFO, Marcela Drehmer. Roberta is a chemical engineer graduated from Escola de Engenharia Mauá in São Paulo and post-graduated in business administration from the Getúlio Vargas Foundation (FGV-SP). She also holds an MBA in business management from the same FGV-SP.

Braskem takes this opportunity to reaffirm its commitment to the Capital Market, in a continuous pursuit of the best practices of corporate governance, excellence in communication, focused on transparency and equality, and a proactive approach towards investors and analysts.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
