The sales performance of these launches will continue throughout the second quarter.

Cancellations totaled R\$193.2 million in 1Q14, 17% lower than 1Q13. As expected, due to the high volume of deliveries in recent quarters, there was an increase in the volume of dissolutions in the Tenda segment compared to 4Q13, especially in older legacy projects and out of the MCMV Program. Some changes in the financing policy over the last two quarters of 2013, which affected the eligibility of some customers, have also impacted the volume of cancellations for the period. Of the total Tenda units cancelled in 1Q14, around 80% are related to legacy projects.
