Item 2.05 Costs Associated with Exit or Disposal Activities.

On April 26, 2012 in our earnings release for the second quarter of fiscal 2012, we announced our intention to restructure certain of our operations. The anticipated restructuring relates primarily to changes being implemented to focus on a shift in our business to sell end-to-end M2M solutions more aggressively. As a result of this restructuring, we intend to hire new employees or re-assign existing employees into newly created positions and also eliminate employment positions in our work force. We expect to incur approximately \$900,000 - \$1,100,000 of restructuring charges on a pre-tax basis. These charges will be incurred in connection with reductions in force and represent cash paid for severance of approximately \$500,000 - \$700,000 and expenses from facility consolidation of approximately \$400,000. Almost all the payments associated with these charges and all the actions associated with the restructuring are expected to be completed in the third quarter of fiscal 2012.
