FOR IMMEDIATE RELEASE:

SOLITRON DEVICES, INC. ANNOUNCES ITS INTENTION TO CONTINUE TO SEEK OUT APPROPRIATE ACQUISITION/MERGER CANDIDATES AND TO FORM A STOCKHOLDER ADVISORY COMMITTEE

WEST PALM BEACH, FL, JULY 27, 2015 – Solitron Devices, Inc. (OTCQB: “SODI”) announced today that it continues to seek appropriate acquisition/merger candidates and it intends to form a Stockholder Advisory Committee.

The reason for continuing to seek out potential acquisition/merger candidates is the Board of Directors would like to explore all possibilities as it considers ways to maximize the utilization of the substantial net operating losses (NOLs) that Solitron has remaining on its books. The NOL carry-forward figure as of May 31, 2015 was \$11.7 million expiring through February 2029.

The Board of Directors has determined to form, subsequent to its 2015 annual meeting of stockholders to be held on August 4, 2015, a Stockholder Advisory Committee comprised of representatives of each stockholder owning 100,000 shares or more of Solitron common stock. It is anticipated that this Stockholder Advisory Committee will meet periodically and report directly to the Board of Directors regarding specific ways to enhance stockholder value.

“Our board is committed to further maximizing stockholder value on a going forward basis” stated Shevach Saraf, Solitron’s Chairman and Chief Executive Officer. He continued, “Our primary goal is to put the acrimony, distraction and expense associated with this proxy fight behind us; trying to navigate lose/lose scenarios is not enjoyable or productive. We believe we have demonstrated our commitment to maximizing stockholder value through the dividends we paid in 2014 and 2015 and the stock repurchase program we recently announced. We also believe our three- and five-year total stockholder return percentages through July 16, 2015 of 54.5% and 115.9%, respectively, further illustrates the enhancement to stockholder value over time. Our three- and five-year total stockholder returns outperformed our peer group (as selected by Institutional Shareholder Services) by 40.9% and 63.7%, respectively.” Mr. Saraf concluded, “Once our Annual Meeting is behind us we will move ahead working collaboratively with all of our large stockholders.”
