CHICOPEE BANCORP, INC. AND SUBSIDIARIES Notes to Unaudited Consolidated Financial Statements March 31, 2013 and 2012

1. Basis of Presentation

Chicopee Bancorp, Inc. (the "Corporation") has no significant assets other than all of the outstanding shares of its wholly-owned subsidiaries, Chicopee Savings Bank (the "Bank") and Chicopee Funding Corporation (collectively, the "Company"). The Corporation was formed on March 14, 2006 and became the holding company for the Bank upon completion of the Bank's conversion from a mutual savings bank to a stock savings bank. The conversion of the Bank was completed on July 19, 2006. The accounts of the Bank include its wholly-owned subsidiaries and a 99% owned subsidiary. The consolidated financial statements of the Company as of March 31, 2013 and for the periods ended March 31, 2013 and 2012 included herein are unaudited. In the opinion of management, all adjustments, consisting only of normal recurring adjustments necessary for a fair presentation of the financial condition, results of operations, changes in stockholders' equity and cash flows, as of and for the periods covered herein, have been made. These financial statements should be read in conjunction with the consolidated financial statements and notes thereto for the year ended December 31, 2012 included in the Company's Annual Report on Form 10-K.

The results for the three month interim period ended March 31, 2013 are not necessarily indicative of the operating results for a full year.

2. Earnings Per Share

Basic earnings per share represents income available to common stockholders divided by the adjusted weighted-average number of common shares outstanding during the period. The adjusted outstanding common shares equals the gross number of common shares issued less average treasury shares, unallocated shares of the Chicopee Savings Bank Employee Stock Ownership Plan ("ESOP"), and average dilutive restricted stock awards under the 2007 Equity Incentive Plan. Diluted earnings per share reflects additional common shares that would have been outstanding if dilutive potential common shares had been issued. Potential common shares that may be issued by the Company relate to outstanding stock options and certain stock awards and are determined using the treasury stock method.

Earnings per share is computed as follows:

	Ended March 31,		
	2013	2012	
Net income (in thousands)	\$797	\$397	
Weighted average number of common shares issued	7,439,368	7,439,368	
Less: average number of treasury shares	(2,010,783) (1,897,395)
Less: average number of unallocated ESOP shares	(386,848) (416,605)
Less: average number of dilutive restricted stock awards	(1,507) (55,249)
Adjusted weighted average number of common shares outstanding	5,040,230	5,070,119	
Plus: dilutive outstanding restricted stock awards	446	49,327	
Plus: dilutive outstanding stock options	—		
Weighted average number of diluted shares outstanding	5,040,676	5,119,446	

Earnings per share:

Basic- common stock Basic- unvested share-based payment awards	\$0.16 \$0.16	\$0.08 \$0.08
Diluted- common stock	\$0.16	\$0.08 \$0.08
Diluted- unvested share-based payment awards	\$0.16	\$0.08

There were 695,198 and 619,198 stock options that were not included in the calculation of diluted earnings per share for the three months ended March 31, 2013 and 2012, respectively, because their effect was anti-dilutive.

3. Equity Incentive Plan

Stock Options

Under the Company's 2007 Equity Incentive Plan (the "Plan") approved by the Company's stockholders at the annual meeting of the Company's stockholders on May 30, 2007, the Company may grant options to directors, officers and employees for up to 743,936 shares of common stock. Both incentive stock options and non-qualified stock options may be granted under the Plan. The exercise price for each option is equal to the market price of the Company's stock on the date of grant and the maximum term of each option is ten years. The stock options vest over five years in five equal installments on each anniversary of the date of grant.

The Company recognizes compensation expense over the vesting period, based on the grant-date fair value of the options granted. The fair value of each option granted is estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted average assumptions for options granted during the year ended December 31, 2012, and the three months ended March 31, 2013:

	Three Months	Year Ended	
	Ended March 31, December 31,		
	2013	2012	
Expected dividend yield	1.39	% 0.86	%
Weighted average expected term	6.5 years	6.5 years	
Weighted average expected volatility	24.06	% 23.27	%
Weighted average risk-free interest rate	1.25	% 1.40	%

Expected volatility is based on the historical volatility of the Company's stock and other factors. The risk-free interest rate for periods within the contractual life of the option is based on the U.S. Treasury yield curve in effect at the time of the grant. The Company uses historical data, such as option exercise and employee termination rates, to calculate the expected option life.

A summary of options under the Plan as of March 31, 2013, and changes during the three months ended March 31, 2013, is as follows:

Exercise Price Term (000's) (in years)		Number of Shares	Weighted Average Exercise Price	Term	Aggregate Intrinsic Value (000's)
Outstanding at December 31, 2012595,198\$14.245.15\$983	Outstanding at December 31, 2012	595,198	\$14.24	5.15	\$983
Granted 100,000 16.55 9.82 —	Granted	100,000	16.55	9.82	
Exercised	Exercised				
Forfeited or expired — — — — —	Forfeited or expired				
Outstanding at March 31, 2013695,198\$14.575.62\$1,619	Outstanding at March 31, 2013	695,198	\$14.57	5.62	\$1,619
Exercisable at March 31, 2013534,598\$14.264.50\$1,411	Exercisable at March 31, 2013	534,598	\$14.26	4.50	\$1,411
Exercisable at March 31, 2012429,357\$14.265.38\$102	Exercisable at March 31, 2012	429,357	\$14.26	5.38	\$102

The Company granted 100,000 stock options in the three months ended March 31, 2013 with a fair value of \$3.59. The weighted-average grant-date fair value of options granted during 2012 was \$3.32. The weighted average grant-date fair value of the options outstanding and exercisable at March 31, 2013 was \$3.81 and \$3.90, respectively. For the three months ended March 31, 2013 and 2012, share based compensation expense applicable to options granted under the Plan was \$28,000 and \$108,000 and the related tax benefit was \$1,000 and \$22,000, respectively. As of March 31, 2013, unrecognized stock-based compensation expense related to non-vested options amounted to \$540,000. This amount is expected to be recognized over a period of 4.26 years.

Stock Awards
