SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires Tompkins' Directors and officers, and persons who own more than 10% of Tompkins common stock, to file with the SEC initial reports of ownership and reports of changes in ownership of Tompkins' capital stock. Officers, Directors and greater than 10% stockholders are required by SEC regulation to furnish Tompkins with copies of all Section 16(a) forms they file.

To Tompkins' knowledge, based upon on a review of the copies of such reports furnished to Tompkins and written representations that no other reports were required, during fiscal 2011 all Section 16(a) filing requirements applicable to its officers, directors and greater than 10% stockholders were satisfied, except that directors Alexander, Battaglia, Fessenden, Haynes, Henry, Rochon, Salm, M. Spain, and Yunker each failed to timely report acquisitions of phantom stock pursuant to the Amended and Restated Retainer Plan for Eligible Directors of Tompkins Financial Corporation and its Wholly-Owned Subsidiaries on January 3, 2011, April 8, 2011 and July 8, 2011. Each of these acquisitions was reported on a Form 4 filed on October 11, 2011.

Tompkins Corporate Governance Matters

Tompkins Stockholder Communications with Tompkins Directors

Tompkins stockholders may communicate with Tompkins' board of directors by writing to the following address: Board of Directors, Tompkins Financial Corporation, P.O. Box 460, Ithaca, New York 14851. Both the Chairman and Vice Chair, each of whom is an independent director of Tompkins, will review all correspondence and, if either of them determines that a communication should be reviewed by the full board of directors, it will be presented to the Board for its review and consideration.

Tompkins Code of Ethics

Tompkins' board of directors has adopted the Tompkins Financial Corporation Code of Ethics for the Chief Executive Officer and Senior Financial Officer which applies to Tompkins' Chief Executive Officer and Chief Financial Officer. A copy of the Code of Ethics is available in the "Corporate Governance" section of Tompkins' website (www.tompkinsfinancial.com). Tompkins will post amendments to or waivers from the Code of Ethics for Chief Executive Officer and Senior Financial Officer at this location on its website.

Audit Committee

The Tompkins board of directors has adopted a written charter for the Audit/Examining Committee (as used in this paragraph, the "Committee"). A copy of the Committee's charter is posted in the "Corporate Governance" section of Tompkins' website (www.tompkinsfinancial.com). The Committee met nine times during fiscal 2011. This Committee assists the Board in its general oversight of Tompkins' accounting and financial reporting, internal controls and audit functions, and is directly responsible for the appointment, compensation and oversight of the work of Tompkins' independent auditors. The responsibilities and activities of the Committee are described in greater detail in the "Report of the Audit/Examining Committee of the Board of Directors" included in this Amendment No. 1 to Form 10-K. The board of directors has determined that Paul J. Battaglia, Daniel J. Fessenden, and Patricia A. Johnson each qualify as an "audit committee financial expert" as defined in Item 407(d) of Regulation S-K and that each of the members of the Audit/Examining Committee satisfies the independence standards of Section 803A of the NYSE Amex Company Guide and Rule 10A-3 under the Exchange Act.

Nominating and Corporate Governance Committee

The Tompkins board of directors has adopted a written charter for the Nominating and Corporate Governance Committee (as used in this paragraph and hereafter, the "Committee"). A copy of the Committee's charter is posted in the "Corporate Governance" section of Tompkins' website (www.tompkinsfinancial.com). The Committee met three times during the 2011 fiscal year. This Committee is responsible for assisting the Board in developing corporate governance policies and practices that comply with applicable laws and regulations, including NYSE Amex listing and corporate governance requirements, and the corporate governance requirements of the Sarbanes-Oxley Act of 2002.

The Committee is also responsible for identifying, evaluating and recommending qualified candidates for election to the board of directors. The Committee will evaluate candidates who are identified by shareholders, by other members of the board of directors, and occasionally by members of Tompkins' leadership team, which is comprised of the company's executive officers. The same procedures are used to evaluate all candidates, regardless of the source of the recommendation. To be considered, each candidate must possess the following minimum qualifications and attributes: highest personal values, judgment and integrity; an ability to understand the regulatory and policy environment in which Tompkins conducts its business; a demonstrated, significant engagement in one of the market areas served by Tompkins, based on one or more of the following within such market area—professional/business relationships, residence, and involvement with civic, cultural or charitable organizations; and experience which demonstrates an ability to deal with the key business, financial and management challenges that face financial service companies. The Committee believes that such connections with one of Tompkins' local communities fosters ties between Tompkins and that community, and also allows the Director to better understand the banking and financial services needs of its local stakeholders.

In identifying potential nominees, the Committee also considers whether a particular candidate adds to the overall diversity of the Tompkins Board. The Committee seeks nominees with a broad diversity of experience, professions, skills, geographic representation and backgrounds. The Tompkins Board believes that the backgrounds and qualifications of the directors, considered as a group, should comprise an array of experience, knowledge and abilities to allow the Board to most effectively carry out its responsibilities. Although the Committee does take diversity into account when evaluating a particular candidate, it is only one of several criteria used during the Committee's assessment process, and the Committee has not formalized its diversity practices into a written policy.

While individual experiences and qualifications serve as a baseline for consideration, the Committee recognizes that the board of directors governs as a whole, and not as a collection of individuals. The effectiveness of the Board is not a function of the individual attributes of its members; rather, it depends on the overall chemistry of the Board. Therefore, the Committee assesses whether a particular candidate will be able to function within this broader context by evaluating his or her: ability to understand, and willingness to engage, the issues presented to the Board; ability to exercise prudence and judgment, but also decisiveness; and ability to effectively communicate his or her ideas to the other members of the Board. In the case of incumbent Directors, these assessments are made based on past experience with a particular Director and, in the case of first-time nominees, these issues are explored during the interview and vetting process described below.

Once the Committee has determined its interest in a potential nominee, it begins discussions with him or her as to his or her willingness to serve on the Board and one of Tompkins' subsidiary boards and, for first-time nominees, an interview will be conducted. If the nominee is an incumbent Director, the Committee will consider prior Board performance and contributions as described above; in the case of a first-time nominee, the Committee will evaluate its discussions with the candidate, and the Committee may also seek to verify its preliminary assessment of the candidate by discussing his or her particular attributes with other appropriate parties who have had prior professional experiences with him or her. At the conclusion of this process, the Committee will recommend qualified candidates

that best meet Tompkins' needs to the full Board, which then selects candidates to be nominated for election at the next annual meeting of stockholders. The Committee uses the same process for evaluating all candidates, whether recommended by stockholders, directors or management.

REPORT OF THE AUDIT/EXAMINING COMMITTEE OF THE BOARD OF DIRECTORS

The information contained in this report shall not be deemed to be "soliciting material" or "filed" or incorporated by reference in future filings with the SEC, or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that Tompkins specifically incorporates it by reference into a document filed under the Securities Act or the Exchange Act.

The Audit/Examining Committee is appointed by the board of directors to assist the Board in fulfilling its oversight responsibilities. The Audit/Examining Committee is composed of four non-employee Directors, and one alternate non-employee Director, all of whom are "independent directors" under Section 803(A) of the NYSE Amex Company Guide and Rule 10A-3 under the Exchange Act.

The Audit/Examining Committee operates under a written charter approved by the board of directors. The Audit/Examining Committee's primary duties and responsibilities are: to oversee Tompkins' accounting and financial reporting process and the audit of Tompkins' financial statements and to monitor the integrity of Tompkins' financial statements; to monitor the independence and qualifications of Tompkins' independent auditor; monitor the performance of Tompkins' independent auditor and internal auditing department; provide an avenue of communication among Tompkins' independent auditor, management, the internal auditing department, and the board of directors; and to monitor compliance by Tompkins with legal and regulatory requirements. The Audit/Examining Committee is also directly responsible for the appointment and compensation of Tompkins' independent auditor.

The Audit/Examining Committee met nine times during fiscal 2011 and reports to the board of directors on a quarterly basis. The Audit/Examining Committee schedules its meetings with a view to ensuring that it devotes appropriate attention to all of its tasks. The Audit/Examining Committee's meetings include, whenever appropriate, executive sessions with Tompkins' independent auditors and with Tompkins' internal auditors, in each case without the presence of Tompkins' management.

The Audit/Examining Committee has the authority to conduct any investigation appropriate to fulfilling its responsibilities. It has direct access to the independent auditors and to any employee or officer of Tompkins it deems necessary. The Audit/Examining Committee has the ability to retain, at Tompkins' expense and at compensation it deems appropriate, special legal, accounting, or other consultants or experts it deems necessary in the performance of its duties.

Management is responsible for Tompkins' internal controls and financial reporting process. Tompkins' independent registered public accounting firm, KPMG LLP ("KPMG"), is responsible for performing an independent audit of Tompkins' consolidated financial statements and an audit of Tompkins' internal control over financial reporting in accordance with auditing standards generally accepted in the United States of America and to issue reports thereon.

In connection with its responsibilities, the Audit/Examining Committee met with management and with KPMG to review and discuss Tompkins' audited consolidated financial statements for the fiscal year ended December 31, 2011. The Audit/Examining Committee also discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended, as adopted by Public Company Accounting Oversight Board in Rule 3200T, received written disclosures and a letter from KPMG required by the applicable requirements of the Public Company Accounting Oversight Board relating to that firm's independence from Tompkins, and has discussed with KPMG its independence.

Based upon the Audit/Examining Committee's discussions with management, Tompkins' internal auditor, and KPMG and the Audit/Examining Committee's review of the information described in the preceding paragraph, the Audit/Examining Committee recommended to the board of directors that Tompkins' audited consolidated financial statements for the fiscal year ended December 31, 2011, be included in Tompkins' Annual Report on Form 10-K for the year ended December 31, 2011, for filing with the SEC.

TOMPKINS' COMPENSATION DISCUSSION AND ANALYSIS

Overview

It is the position of Tompkins' Compensation Committee and its board of directors that Tompkins has long operated within the spirit of the guidance provided by the Dodd-Frank Wall Street Reform and Consumer Protection Act and other recently enacted regulations. Tompkins management and its board of directors have been careful to avoid many of the risks of incentive programs, choosing to reward proven results on a discretionary basis as opposed to tying payments to any particular metric; therefore, not providing an individual or group the incentive to take unnecessary risk with respect to a customer, the organization or our shareholders. These efforts are supported by an effective risk management system and strong corporate governance.

Tompkins has delegated to the Compensation Committee (the "Committee") the responsibility for determining or recommending to the full Board the compensation of Tompkins' executive officers, including the executive officers identified in the Summary Compensation Table (the "Named Executive Officers").

Tompkins has exhibited strong recent financial performance relative to its industry. In recognition of Tompkins' financial performance and the contributions made by the Named Executive Officers in 2010 - 2011 the following compensation actions were approved:

- Merit Increases. Effective April 2011, most of Tompkins' executives received salary rate increases, including all of the Named Executive Officers.
- Bonuses. In February 2011 and 2012, bonus awards (non-equity) were paid to many senior officers of Tompkins, including all of the Named Executive Officers.
- Long-Term Equity-Based Awards. The Committee uses discretion in determining the frequency of awards and has generally considered awards every 18 to 24 months. In August 2011, a number of executives received long-term equity-based awards. Among that group were the Named Executive Officers who each received stock-settled stock appreciation rights (SARs) and shares of restricted stock.

These decisions as well as the Committee's process in making compensation recommendations are described below.

Tompkins' Compensation Philosophy and Objectives

A goal of the Committee is to offer executive compensation that is fair and reasonable, consistent with Tompkins' size and the compensation practices of the financial services industry generally. Key objectives of the compensation package are to attract, develop, and retain high caliber executives who are capable of maximizing Tompkins'

performance for the benefit of its stockholders. The Board and the Committee maintain full discretion over the components and payment of compensation in order to preserve the flexibility necessary to ensure its ability to act in Tompkins' best interests.

Tax and Accounting Considerations

13

The accounting and tax treatment of compensation generally has not been a significant factor in determining the amounts of compensation for our executive officers. However, the Compensation Committee and management have considered the accounting and tax impact of various program designs to balance the potential cost to Tompkins with the benefit/value to the executive.

Tompkins' Compensation Committee and Process

Role of the Compensation Committee, Management, and Consultants

The Committee is responsible for general oversight of personnel policies for Tompkins and its subsidiaries, including review and administration of: deferred compensation; retirement and supplemental executive retirement plans; long-term equity compensation; and executive compensation plans. The Committee makes determinations or recommends to the Board actions concerning the compensation of executive officers and Company compensation programs. Tasks outlined by the Compensation Committee Charter include, but are not limited to, the following: reviewing the competitiveness of Tompkins' compensation programs; reviewing and approving annual performance goals and objectives; and evaluating the Chief Executive Officer's and other executive officers' performance as it relates to these goals. The Committee supports the succession planning process in consultation with the Chief Executive Officer. The Committee also discusses and considers the results of the stockholders non-binding vote on say-on-pay. As permitted by law, the Committee may delegate all or a portion of its duties and responsibilities to a subcommittee of the Committee.

Executive officers do not play a role in determining their own compensation decisions, but they are called on to make recommendations concerning those individuals that report to them. The Committee also has the authority to retain such outside counsel, experts, and other advisors as it determines appropriate to assist it in the full performance of its functions.

Process of Determining Tompkins' Named Executive Officer Compensation

In furtherance of its objective to attract, develop and retain high caliber executives who are capable of maximizing Tompkins' performance for the benefit of its stockholders, the Committee periodically compares its compensation levels, practices, and financial performance to survey and publicly available data for a group of banking institutions of similar size, geographic market or structure.

Toward that end, the Committee utilized information from the publicly filed proxy statements of the following companies when considering the compensation of its Chief Executive Officer and the other Named Executive Officers:

Arrow Financial Corporation

NBT Bancorp Inc.

Financial Institutions, Inc.

Park National Corporation

Alliance Financial Corporation

First Niagara Financial Group, Inc.

Hudson Valley Holding Corp.

Bryn Mawr Bank Corporation

In addition to the selected group of banking institutions, the Committee utilized data from the 2010 Executive Compensation Review for banks and thrifts provided by SNL Financial. The list of companies that participated in the surveys contained in the review can be found in the appendix at the end of the Compensation Discussion and Analysis section.

The Committee believes that a certain level of discretion is appropriate in determining the Named Executive Officers' compensation. Information from these comparative groups and compensation survey data is only one factor in the Committee's assessment of appropriate compensation levels, policies, and practices. The Committee does not have a formal policy of targeting a certain percentile of the market data or using market data to establish the mix of compensation (including the allocation between cash and non-cash compensation and short and long-term equity compensation). The Committee also does not have a formal policy regarding the relationship between compensation levels provided to the Chief Executive Officer and other Named Executive Officers.

For fiscal 2011, the Committee considered a number of quantitative and qualitative performance factors to evaluate the performance of its executive officers, including its Chief Executive Officer. The 2010 annual performance factors were considered for the purpose of determining 2011 merit increases while the 2011 annual performance factors were used to determine executive bonuses earned for 2011 and paid in 2012. The factors considered for fiscal 2011 compensation were:

•Tompkins' net income as compared to Tompkins' internal targets (in thousands of dollars)

	Actual		Plan	
2011	\$ 35,419		\$ 33,831	+4.7%
2010	\$ 33,831		\$ 34,345	-1.5%

• Increases in earnings per share (diluted EPS)

2011	3.20	+2.89%
2010	3.11	+5.07%

• Tompkins' return on assets (ROA), as ranked in the Federal Reserve Bank Holding Company Performance Report for its peer group

2011	1.07%	69th percentile
2010	1.06%	83rd percentile

• Tompkins' total return as compared to KBW Regional Banking Index over the following time periods (Annual Equivalent)

	1 Year	5 Year	10 Year
TMP	(1.31)%	1.81%	6.29%
KBW	(6.46)%	(10.78)%	(2.03)%

• Tompkins' return on equity (ROE), as ranked in the Federal Reserve Bank Holding Company Performance Report for its peer group

2011	12.02%	86th percentile
2010	12.72%	91st percentile

The Committee believes that the total compensation provided to Tompkins' executive officers is competitive, particularly given Tompkins' relative performance, and that Tompkins' compensation practices for fiscal 2011 were appropriate.

Consideration of Say-on-Pay Results

The Compensation Committee considered the results of Tompkins' 2011 advisory, non-binding "say-on-pay" proposal in connection with the discharge of its responsibilities. The result of this non-binding vote was that 79.16% of our stockholders voting on the "say-on-pay" proposal voted affirmatively to approve the compensation of our NEOs described in our proxy statement in 2011. The Compensation Committee considered this result, and did not implement significant changes to Tompkins' executive compensation program as a result of the stockholder advisory vote.

Components of Compensation

The major components of Tompkins' executive officer compensation are: (i) base salary, (ii) annual bonus, (iii) long-term, equity-based awards, and (iv) retirement and other benefits.

Base Salary. Tompkins' base salary program is designed to recognize the roles and responsibilities of executive officers' positions and their performance in those roles. The Committee annually reviews the salaries of Tompkins' executives. When setting base salary levels for recommendation to the full Board, the Committee considers (a) competitive market conditions for executive compensation, (b) Tompkins' performance and (c) the individual's performance. Tompkins' performance is measured by Tompkins' strategic and financial performance in the fiscal year, with particular emphasis on earnings per share growth and return on stockholders' equity for the year. Although the Committee considers year-to-year changes in stock price in its evaluation of Company performance, the Committee does not emphasize this criterion because the Committee does not believe that short-term fluctuations in stock price necessarily reflect the underlying strength or future prospects of Tompkins. Individual performance is measured by the strategic and financial performance of the particular executive officer's operational responsibility in comparison to targeted performance criteria.

Tompkins maintains a common anniversary date for the merit review process and related increases in compensation rates occur in April. Most of Tompkins' executives received salary rate increases at this time including all of the Named Executive Officers. Mr. Romaine's annual salary rate was increased to \$457,000 representing an increase of 5.0%. Messrs. Fulmer, Fetsko, Hartz and Klein received annual salary rate increases to \$296,400 (+4.0%), \$254,800 (+4.0%), \$230,800 (+3.5%), and \$234,600 (+2.0%) respectively.

Annual Bonus. Tompkins chooses to pay annual cash bonuses in order to motivate executives to work effectively to achieve Tompkins' financial performance objectives and to reward them if objectives are met. The Board maintains full discretion on the payment of bonuses in order to preserve the flexibility necessary to ensure its ability to act in Tompkins' best interests. The Compensation Committee considers a number of quantitative and qualitative performance factors to evaluate the performance of its Named Executive Officers. These performance factors include, but are not limited to: (i) achievement of individual goals; (ii) contribution to business unit results; and (iii) contribution to corporate results measured by (a) Tompkins' net income as compared to Tompkins' internal targets, (b) increases in earnings per share of Tompkins' common stock for the latest 12 months, (c) Tompkins' return on assets, as ranked in the Federal Reserve Bank Holding Company Performance Report (Peer Group Percentile), (d) increases in Tompkins' stock price over 12 months, and (e) Tompkins' return on equity, as ranked in the Federal Reserve Bank Holding Company Performance Report (Peer Group percentile). In February 2012, bonus awards were paid to several executives of Tompkins, including all of the Named Executive Officers. These bonus awards were reflective of the performance of Tompkins in 2011. Mr. Romaine received a bonus of \$175,000 and Messrs. Fulmer, Fetsko, Hartz, and Klein received \$84,500, \$70,950, \$64,050, and \$57,000 respectively.

Long-Term, Equity-Based Awards. Tompkins chooses to award equity-based compensation in the form of Stock Options, Stock-Settled Stock Appreciation Rights and Restricted Stock because such grants (1) align executive interests with stockholder interests by creating a direct link between compensation and stockholder return, (2) give

executives a significant, long-term interest in Tompkins' success and (3) help retain key executives in a competitive market for executive talent. While the Committee recognizes that the executives of Tompkins can exert very little influence on short-term fluctuations in stock price, the Committee does believe that long-term stock price appreciation reflects achievement of strategic goals and objectives. Equity awards are based on the performance of the individual executive and his or her anticipated contribution to the achievement of Tompkins' strategic goals and objectives. The Committee has traditionally authorized grants vesting over five or more years to encourage retention of executives. This practice means that at any time there are a significant number of shares granted that are not vested and therefore not exercisable.

In 2009, the stockholders approved the Tompkins Financial Corporation 2009 Equity Plan which replaced Tompkins' 2001 Plan. This plan gives Tompkins more flexibility in the types of equity grants available to better and more efficiently align executive and stockholder interests. A total of 820,000 shares were reserved under the 2009 plan, of which 392,595 have been issued as of the date of this Amendment No. 1 to Form 10-K. In addition, executives may receive Tompkins common stock through the profit sharing component of the Tompkins Financial Corporation Employee Stock Ownership Plan. For a more detailed discussion of the profit sharing component, and other deferred compensation and retirement plans, please see the text accompanying the tables following this section.

The Committee uses discretion in determining the frequency and level of awards. Generally, the Committee will consider market data, Tompkins' financial performance, and individuals' performance before deciding whether an award should be made and the number of shares to be granted. The Committee is careful to grant equity-based compensation only at times when participants are not in possession of material non-public information. In August 2011, a number of executives received long-term equity-based awards. Among that group were the Named Executive Officers who each received stock-settled stock appreciation rights (SARs) and shares of restricted stock. Stock-settled SARs are a right to receive compensation in shares of Tompkins common stock equal to the difference between "grant price" and the fair market value of our common stock at the time the right is exercised. Mr. Romaine received stock settled SARs for 10,500 shares and 3,300 shares of restricted stock, and Messrs. Fulmer, Fetsko, Hartz, and Klein each received stock settled SARs for 5,250 shares and 1,650 shares of restricted stock. More information about the terms and conditions of these grants is available in the "Long-Term Equity-Based Award" tables.

Retirement and Other Benefits.

Retirement Plans. Tompkins maintains several retirement programs that are designed to assist Company employees with their long-term retirement planning. Substantially all Company employees, including the Named Executive Officers, are eligible to participate in the Investment Stock Ownership (401(k)) Plan and the Tompkins Employee Stock Ownership Plan. The Committee believes that, in addition to providing retirement income, these plans have the added benefit of tying compensation to Tompkins' stock performance. Tompkins also maintains defined contribution and defined benefit pension plans.

Named Executive Officers may also participate in a non-qualified deferred compensation plan and Messrs. Romaine, Fulmer, Fetsko, Hartz and Klein are parties to Supplemental Executive Retirement Plan (SERP) Agreements with Tompkins. These plans provide retirement income that may be limited in the qualified plans due to IRS limitations or are intended to provide additional retirement benefits. The Committee believes that the plans and the level of benefits that are provided are appropriate to promote retention and to recognize and reward long-term service to Tompkins.

For more information regarding these plans, please refer to the narrative accompanying the "Pension Benefit" and "2011 Non-Qualified Deferred Compensation" tables on pages 24 and 27, respectively, in this Amendment No. 1 to Form 10-K. Information regarding SERP benefits is explained under "Potential Payments upon Termination or Change in Control."

Life Insurance Benefits. As a part of its comprehensive and competitive approach to compensation, Tompkins provides life insurance benefits to certain officers of Tompkins, with respect to which Tompkins has entered into life insurance contracts. These insurance contracts are carried at cash surrender value on Tompkins' consolidated statements of financial condition. Increases in the cash surrender value of the insurance are reflected as noninterest income, and the related mortality expense is recognized as other employee benefits expense, in Tompkins' consolidated statements of income.

Taxable amounts paid with respect to such life insurance on behalf of the Named Executive Officers are included as "All Other Compensation" in the Summary Compensation Table.

Post-Retirement Life Insurance and Medical Insurance. Tompkins offers post-retirement life insurance coverage to employees who have worked for Tompkins for 10 or more years and who retire at or after age 55. All of the Named Executive Officers are entitled to receive life insurance coverage under this policy.

Additionally, Tompkins Trust Company offered post-retirement medical coverage to certain employees. Retiree medical insurance subsidized by Tompkins has been eliminated for new hires after December 31, 2004. The current

Tompkins Trust Company retirees and active eligible employees (at least 55 years of age and 10 years of service as of December 31, 2004) are a "grandfathered group" and as such continue to receive a portion of the premium cost of their retiree medical insurance from Tompkins. There is currently a \$3,000 annual cap on the employer payments. None of the Named Executive Officers are part of the "grandfathered group" eligible to receive these premium contributions in retirement.

Perquisites. Perquisites for the Named Executive Officers are limited to personal use of a Tompkins-owned vehicle.

Termination of Employment and Change-in-Control Arrangements. Tompkins does not have employment contracts with the Named Executive Officers. However, Tompkins is obligated to provide certain payments to Messrs. Romaine, Fulmer, Fetsko, Hartz, and Klein upon termination as part of their Supplemental Executive Retirement Plan (SERP) Agreements. Some of these agreements contain severance provisions carried over from previous agreements with acquired companies. SERP payments due upon termination are explained under the "Potential Payments upon Termination or Change in Control" section of this Amendment No. 1 to Form 10-K.

Compensation Recovery Policies

The Compensation Committee intends to formulate a compensation recovery policy once regulatory guidance is issued on this topic.

Compensation Committee Report

The information contained in this report shall not be deemed to be "soliciting material" or "filed" or incorporated by reference in future filings with the SEC, or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that Tompkins specifically incorporates it by reference into a document filed under the Securities Act or the Exchange Act.

The Compensation Committee has reviewed and discussed with the management of Tompkins the "Compensation Discussion and Analysis." Based on the Compensation Committee's review and discussion, the Committee recommended to the Board that the "Compensation Discussion and Analysis" be included in Tompkins' joint proxy statement/prospectus filed under cover of Form S-4 on April 19, 2012, and in this Amendment No. 1 to Form 10-K.

(1) These amounts represent cash awards for performance bonuses, including amounts of such bonuses deferred under the Tompkins Financial Corporation Deferred Compensation Plan for Selected Officers.

(2) We report restricted stock awards using the market close price on December 30, 2011, the last trading day of the reporting year.

(3) The Black Scholes value for the 2011 stock-settled SARs was \$9.26 per share, and for the 2009 SARs was \$13.13 per share. We report these equity awards using the aggregate grant date fair value in accordance with FASB ASC Topic 718.

(4) These values are based on the Tompkins Financial Corporation Retirement Plan and the Supplemental Executive Retirement Plan, and are composed entirely of the changes in pension value. Long-Term Equity-Based Awards

Tompkins maintains the 2009 Equity Plan as a vehicle to encourage the continued employment of key employees of Tompkins and its subsidiaries, and to align their interests with those of Tompkins' stockholders by facilitating their ownership of a stock interest in Tompkins Financial Corporation. The Committee believes that an equity plan is in the best interests of Tompkins and its stockholders since it enhances Tompkins' ability to continue to attract and retain qualified Directors, officers and other key employees.

Deferred Profit-Sharing Plan

Tompkins maintains an Investment and Stock Ownership Plan (the "ISOP") that covers substantially all of the employees of Tompkins and its subsidiaries. The ISOP is a profit-sharing plan with a salary deferral arrangement meeting the requirements of Section 401(k) of the Internal Revenue Code of 1986, as amended. Pursuant to the ISOP, an employee may defer a portion of the employee's base pay, within limits specified in the ISOP. The ISOP further provides that Tompkins will match 100% of an employee's contribution up to 3% of the employee's base pay, and will match 50% of an employee's additional contribution to the ISOP that is greater than 3%, but not more than 5%, of the employee's base pay. In addition, the ISOP has an employer-funded profit sharing component. Profit sharing contributions are discretionary contributions determined by Tompkins' board of directors and are limited to a maximum amount as stipulated in the ISOP. The ISOP allows employees to elect to defer a portion of their profit sharing component (which deferral is not eligible for matching by Tompkins), or to receive cash. Amounts contributed by Tompkins for the accounts of the Named Executive Officers are included as "All Other Compensation" in the Summary Compensation Table and described in Note 4 to that table.

Tompkins also maintains the Tompkins Financial Corporation Employee Stock Ownership Plan (the "ESOP"), which covers substantially all employees of Tompkins. The purpose of the ESOP is to permit Tompkins to make discretionary profit sharing contributions to employees in the form of shares of Tompkins common stock in order to facilitate stock ownership by employees. Contributions are determined by Tompkins' board of directors and are limited to a maximum amount as stipulated in the ESOP. Amounts accrued for the accounts of the Named Executive Officers are included as "All Other Compensation" in the Summary Compensation Table and described in Note 4 to that table.

Retirement Plans

Tompkins has a defined benefit pension plan, called the Tompkins Financial Corporation Retirement Plan (the "Retirement Plan"), which covers substantially all employees of Tompkins employed prior to January 1, 2010. The retirement plan does not require or allow employee contributions. The assets of the Retirement Plan are held in a separate trust and administered by the Pension Investment Review Committee of the board of directors.

The following table provides information with respect to each pension plan that provides for payments or other benefits at, following, or in connection with retirement. This includes a tax-qualified defined benefit plan and a supplemental executive retirement plan, but it does not include defined contribution plans (whether tax-qualified or not).

The Retirement Plan provides a monthly benefit payable at retirement. This benefit is determined by the accumulation of credits which are earned as the participant works for Tompkins. The credits earned for each plan year are based on the sum of the participant's age and years of service at the beginning of that plan year. When a participant terminates employment or retires, the credits earned for all plan years are summed and multiplied by the "Average Final Earnings" under the Plan, and the result is then converted into a monthly annuity. This type of plan is often referred to as a "pension equity plan."

A participant's retirement benefit is fully vested upon the completion of three years of service. The Normal Retirement Age under the Plan is age 65. The accrued benefit is payable at this age; however, a reduced benefit may be payable as early as age 55.

Benefits under the Retirement Plan are not subject to any reduction for Social Security benefits or other offset amounts. Benefits may be paid in certain alternative forms having actuarial equivalent values.

On January 1, 2010, in order to more effectively control the volatility of plan expense, Tompkins closed the Tompkins Financial Retirement Plan to new employees and adopted the Tompkins Financial Corporation Defined Contribution Retirement Plan. The Plan provides a benefit contribution to participating employees based on age and length of service.

Potential Payments upon Termination or Change in Control

In December 2005, Messrs. Fulmer, Romaine, Klein, and Fetsko, each a Named Executive Officer, entered into Supplemental Executive Retirement Agreements with Tompkins, which, among other things, replaced the SERP agreements and employment agreements that were previously in place with Mr. Fulmer, Mr. Klein and Mr. Romaine. Mr. Hartz entered in a Supplemental Executive Retirement Agreement with Tompkins effective May 2011. The December 2005 and May 2011 SERP agreements provide the covered executive officers with the following retirement, death, disability and change of control benefits:

- **Retirement Benefits.** Upon retirement, covered executive officers are eligible to receive payment of his or her annual retirement benefit amount, which is equal to 75% of the executive's earnings, less (a) the annual amount payable under any single life annuity provided under Tompkins' Retirement Plan and (b) any social security benefits. This benefit is also reduced by 5% for each year the Executive's service, as defined in the agreement, is less than 20 years. The retirement benefit is payable monthly until the executive officer's death and is subject to reduction depending upon the executive's age as of the date of benefit commencement prior to age 65. For purposes of this benefit, an executive officer's "earnings" will be the average of the executive officer's five highest calendar years of base salary.

- **Death Benefits.** In the event of the covered executive officer's death (i) after retirement, his or her spouse will be paid (monthly) 50% of the executive officer's annual retirement benefit until the spouse's death, and (ii) prior to retirement, his or her spouse will be paid (monthly) 50% of the vested portion of the executive officer's annual retirement benefit until the spouse's death, provided the spouse survives until the executive officer's designated retirement age in the SERP agreement.
- **Disability Benefits.** Upon a covered executive officer becoming disabled, he or she is entitled to payment of his or her retirement benefits commencing at the executive officer's designated retirement date in the SERP agreement, but with the assumption that the executive officer has completed 20 years of service and is 100% vested in the benefit under the SERP agreement as of the date of his or her disability. In the event of the executive officer's death after disability, the executive officer's spouse will be entitled to payment of the death benefits described above.
- **Change of Control Benefits.** In the event of a change in control, the covered executive officer will be deemed to have completed twenty (20) years of service and will be 100% vested in the benefit under the SERP agreement. Covered executive officers could be entitled to certain severance benefits following a change of control of Tompkins (as defined in the SERP agreements). If, within three years following a change in control the executive officer is terminated, other than for cause or the executive officer's duties or compensation are significantly reduced and as a result the executive voluntarily resigns his or her employment, the executive officer is entitled for a period of three years to (a) payment of his or her base salary in effect immediately prior to the change in control, but subject to reduction by 20% to 100% depending on the executive's age at the time of his or her termination, (b) the executive's bonus and profit sharing compensation, which will be the average of the executive's bonus and profit sharing compensation earned for the two most recently completed fiscal years of Tompkins and (c) continuation of all welfare benefits that he or she was participating in immediately prior to the change in control.

Upon termination or a change in control of Tompkins, our Named Executive Officers are also entitled to certain rights with respect to their equity awards. As described below, these rights may include acceleration of vesting, or additional time periods in which to exercise a vested award.

2001 Stock Option Plan. Under the 2001 Stock Option Plan, all outstanding options become fully vested and immediately exercisable upon the change in control of Tompkins. In the event of an optionee's termination of employment without "cause," other than by reason of death, disability, or retirement, this plan provides that the optionee will have the right to exercise the vested portion of his unexercised options for up to 30 days following his termination date, as long as the option period does not otherwise expire during such 30-day period. In the event that the optionee retires from Tompkins or any of its subsidiaries on a scheduled retirement date, the optionee will have the right to exercise the vested portion of his unexercised options for up to 90 days following his retirement date, as long as the option period does not otherwise expire during such 90-day period. Upon the death of an optionee, any vested but unexercised options may be exercised within one (1) year after the date of the optionee's death, but only (i) by the optionee's estate or other legal representative, and (ii) prior to the expiration of the term of the option. If an optionee's employment is terminated because he has become permanently and totally disabled (as defined in Section 22(e)(3) of the Internal Revenue Code), the optionee will have the right to exercise the vested portion of his unexercised options for up to one (1) year following his termination date, as long as the option period does not otherwise expire during such one-year period. Finally, if an optionee is terminated for "cause," all of his outstanding options—whether or not exercisable—are terminated. Under the 2001 Stock Option Plan, "cause" is defined as the optionee's dishonesty, malfeasance, misfeasance or the commission of a criminal offense.

2009 Equity Incentive Plan. If Tompkins is not the surviving corporation following a change in control, and the acquirer does not assume the outstanding equity awards, or does not substitute equivalent equity awards, then all of the equity awards held by our Named Executive Officers will become immediately and fully exercisable and/or vested. In addition, the Tompkins board of directors may, in its sole discretion, provide for a cash payment to be made

to all awardees under the 2009 Equity Plan for their outstanding awards, determined on the basis of the fair market value that would be received in the change in control by the holders of our common stock. However, any stock option intended to be an Incentive Stock Option under Section 422 of the Internal Revenue Code will be adjusted in a manner to preserve such status. If an awardee's employment is terminated without "cause" within twenty-four (24) months following a change in control, and Tompkins is the surviving corporation following such change in control, or if the acquirer assumes the outstanding equity awards, or substitutes equivalent equity awards, then all of the equity awards held by our Named Executive Officers will become immediately and fully exercisable and/or vest upon such termination. In this case, the Named Executive Officer would have the right to exercise the vested portion of his unexercised awards for up to one (1) year following his termination date, as long as the award period does not otherwise expire during such one-year period. If an awardee's employment is terminated for "cause" within twenty-four (24) months following a change in control, and Tompkins is the surviving corporation following such change in control, or if the acquirer assumes the outstanding equity awards, or substitutes equivalent equity awards, then any equity awards held by the Named Executive Officers will expire or be forfeited, and any rights under such awards will terminate immediately.

For purposes of the 2009 Equity Plan, the term "cause" is defined to mean (a) gross negligence or gross neglect of duties; or (b) commission of a felony or of a gross misdemeanor involving moral turpitude in connection with the employee's employment with Tompkins; or (c) fraud, disloyalty, dishonesty or willful violation of any law or significant Company policy committed in connection with the employee's employment; or (d) issuance of an order for removal of the employee by any agency which regulates the activities of Tompkins. Any determination of "Cause" under the plan is made by Tompkins' Compensation Committee in its sole discretion.

Under the 2009 Equity Plan, unvested or unexercisable awards are forfeited or terminated upon an awardee's termination of employment. If the Named Executive Officer's employment is terminated for any reason other than death, disability, retirement or "cause," he would have the right to exercise the vested portion of his unexercised awards for up to three (3) months following his termination date, as long as the award period does not otherwise expire during such three-month period. Upon a termination for "cause," any equity awards (whether or not exercisable) will terminate immediately, and any unvested restricted stock awards will be forfeited. If a Named Executive Officer dies, any equity awards which are exercisable will continue to be exercisable at any time before the earlier of (i) one year following his death or (ii) the expiration date of the award. Similarly, if a Named Executive Officer's termination is due to disability or retirement, his equity awards which are exercisable will continue to be exercisable at any time before the earlier of (i) one year following his termination of employment or (ii) the expiration date of the award. However, a stock option which is intended to qualify as an Incentive Stock Option will only be treated as such to the extent it complies with the requirements of Section 422 of the Internal Revenue Code.

In addition, the SERP agreements with Messrs. Fulmer, Klein and Romaine provide that in the event the executive officer's employment is terminated without cause (other than upon a change of control, death or disability), then the executive officer is entitled to (a) payment of his or her base salary in effect immediately prior to the executive officer's termination of employment and (b) participate (but not required to) in Tompkins' welfare benefits. These severance benefits are payable for a period of 24 months to Mr. Fulmer and 12 months to Messrs. Klein and Romaine. At the discretion of the Compensation Committee Messrs. Fetsko and Hartz may be eligible for severance under a practice that has historically been used in connection with reductions in force. Under this practice Messrs. Fetsko and Hartz might receive 4 weeks salary plus an additional 2 weeks salary for each completed year of service. If severance were to be granted, Messrs. Fetsko and Hartz would also be eligible to participate in the company's welfare benefits for the period covered by their severance. This historical severance practice is not pursuant to any written plan, and there are no assurances that the Compensation Committee would elect to continue this practice in the future.

Further, under the SERP agreements, in the event Messrs. Fulmer's, Romaine's, Klein's, Hartz's or Fetsko's employment is involuntarily terminated (other than for cause) at any time, or the executive voluntarily resigns after reaching age 55 and after completing 10 years of service, but prior to his designated retirement age in his SERP agreement, he will be entitled to payment of his retirement benefits on his designated retirement date, or, in the event of his death, his spouse will be entitled to payment of the death benefits described above.

No benefits are payable under the SERP agreements if the covered executive officer's employment is terminated for cause, or he or she engages in competition with Tompkins. If the executive officer voluntarily terminates his or her employment before age 55 and completion of 10 years of service, other than because of death, disability or change of control, he or she will not be entitled to payment of any retirement benefits. The SERP agreements are not employment agreements and do not confer upon the covered executive officers any right to continued employment with Tompkins or any of its subsidiaries.

(1) If terminated, or duties or compensation of Named Executive Officer are significantly reduced due to Change of Control, Named Executive Officer receives for a period of three years continuation of compensation (base pay plus average of bonus and profit sharing compensation for last two years) as well as all current employee welfare benefits. Year one includes value of accelerated vesting of equity incentive awards, calculated as of December 31, 2011.

Deferred Compensation Plan for Selected Officers

Tompkins maintains a nonqualified deferred compensation plan for a select group of officers, including the Named Executive Officers. This plan allows participating employees to defer receipt of all or a portion of bonuses and profit sharing payments otherwise payable to them until a future date. Amounts deferred under the deferred compensation plan on the part of the Named Executive Officers are included as "Bonus" or included in "Other Compensation" in the Summary Compensation Table.

The bonuses listed in the Summary Compensation Table are reported for the year that they were "earned." The payment for said bonuses is made in the following year. If the Named Executive Officer elected to defer a bonus or profit sharing, the payment to the deferred compensation plan is the net amount after Social Security and Medicare are withheld.

(1) Each share of phantom stock is the economic equivalent of one share of common stock. Phantom stock represents deferred stock compensation under the Amended and Restated Retainer Plan for Eligible Directors of Tompkins Financial Corporation and its Wholly-Owned Subsidiaries (the "Retainer Plan"). These shares are held in a Rabbi Trust pending distribution upon the occurrence of certain events specified in the Plan. The reporting person has no voting or investment power over the shares prior to such distribution. The shares of Tompkins common stock held in deferred trust accounts for non-employee Directors are voted by Tompkins Trust Company, as trustee of the Rabbi Trust. For a more detailed discussion of the Retainer Plan, refer to "Timing and Manner of Payment of Company Board Compensation," page 12.

(2) The number of shares beneficially owned by each person or group as of April 7, 2012, includes shares of Tompkins common stock that such person or group had the right to acquire on or within 60 days after April 7, 2012, including, but not limited to, upon the exercise of options. References to options in these footnotes include only options to purchase shares that were exercisable on or within 60 days after April 7, 2012. For each individual and group included in the table, percentage ownership is calculated by dividing the number of shares beneficially owned by such person or group by the sum of the 11,438,223 shares of Tompkins common stock outstanding and eligible to vote on April 7, 2012 plus the number of shares of Tompkins common stock that such person or group had the right to acquire on or within 60 days after April 7, 2012.

Of such shares, 785,790 shares, or 6.87% of the outstanding shares, are held in a fiduciary capacity as executor, trustee or co-trustee. (1) This information is based on a Schedule 13G filed by BlackRock, Inc. (formerly Barclays Global Investors, NA) on January 20, 2012. BlackRock Japan Co. Ltd., BlackRock Institutional Trust Company, N.A., BlackRock Fund Advisors, BlackRock Asset Management Canada Limited, BlackRock Asset Management Australia, BlackRock

Advisors, LLC, BlackRock Investment Management, LLC, BlackRock Asset Management Ireland Limited, and BlackRock International Ltd. have sole voting power over all of the shares and sole dispositive power over all of the shares. These shares are held in trust accounts for the economic benefit of the beneficiaries of those accounts.

Item 13. Certain Relationships and Related Transactions, and Director Independence.

Certain directors and executive officers of Tompkins, members of their immediate families and companies or firms with which they are associated, were customers of, or had other transactions with, Tompkins or its wholly-owned subsidiaries in the ordinary course of business during fiscal 2011. Any and all loans and commitments to lend to such individuals were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to Tompkins and did not involve more than the normal risk of collectability or present other unfavorable features. As of December 31, 2011, the balance of all such loans was \$2,521,933. None of the loans outstanding to Directors or executive officers of Tompkins, or members of their immediate families or companies or firms with which they are associated, were nonperforming at December 31, 2011.

The Board maintains a policy governing the procedures by which Tompkins and any of its subsidiaries may enter into transactions with related parties (the "Policy"). The Policy defines an "Interested Transaction" as any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which (1) the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year, (2) Tompkins or any of its subsidiaries is a participant, and (3) any Related Party has or will have a direct or indirect interest (other than solely as a result of being a director or beneficial owner of less than 10 percent of another entity). A "Related Party" is any (a) person who is or was an executive officer of Tompkins, Director of Tompkins or nominee for election as a Director of Tompkins, (b) greater than 5 percent beneficial owner of Tompkins' common stock, or (c) immediate family member of any of the foregoing. Tompkins' Nominating and Corporate Governance Committee is apprised of any potential Interested Transaction, and this Committee is charged with evaluating and approving, as appropriate, any such transactions. The Committee takes into account, among other factors it deems appropriate, whether the Interested Transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the Related Party's interest in the transaction. In its implementation of the Policy, the Committee also has reviewed certain types of Interested Transactions and has established standing pre-approval for these types of transactions, subject in all cases to compliance with applicable regulations of the SEC, federal and state bank regulatory authorities, and other regulatory agencies.

The information called for with respect to director independence and committee membership is provided above under Item 10, under the captions "Directors, Executive Officers and Corporate Governance" and "Tompkins Board of Directors: Committee Membership" and is incorporated herein by reference.

Item 14. Principal Accountant Fees and Services.

The Audit/Examining Committee has appointed KPMG LLP ("KPMG") to continue as Tompkins' independent registered public accounting firm engaged for the purpose of auditing the consolidated financial statements of Tompkins for the fiscal year ending December 31, 2012. A representative of KPMG is expected to attend the Tompkins Meeting and will have an opportunity to make statements and respond to appropriate questions from stockholders.

Audit and Non-Audit Fees

KPMG, a registered public accounting firm, is engaged as Tompkins' independent auditor. The following table sets forth the aggregate audit fees billed to Tompkins for the fiscal years ended December 31, 2011 and December 31, 2010 by KPMG. Crowe Horwath, LLP performed professional tax services for Tompkins for the fiscal years ended December 31, 2011 and December 31, 2010.

	2011 (\$)	2010 (\$)
Audit Fees:	366,500	366,500
Audit-Related Fees:	0	0
Tax Fees:	0	0
All Other Fees:	0	0

Audit Fees: These are fees for professional services rendered for the audit of Tompkins' consolidated annual financial statements and review of the consolidated financial statements included in Tompkins' periodic reports under the Exchange Act, and for services that would normally be provided by Tompkins' auditor in connection with statutory and regulatory filings or engagements for the periods covered. Audit Fees also include activities related to internal control reporting under Section 404 of the Sarbanes-Oxley Act.

Audit-Related Fees: No audit-related fees are disclosed in this Amendment No. 1 to Form 10-K because the fees billed in 2011 and 2010 for the audit of internal controls over financial reporting in accordance with the Public Company Accounting Oversight Board, including FDICIA reporting, are included in the chart above as "Audit Fees."

Tax Fees: These are fees for professional services rendered regarding tax compliance, tax advice or tax planning. More specifically, these include fees billed for tax return preparation, quarterly estimates, tax planning, and tax related research. No tax fees are disclosed in this Amendment No. 1 to Form 10-K because these services were not performed by KPMG.

All Other Fees: These are fees for all other products and services provided by Tompkins' principal independent auditor that do not fall within the previous categories. Tompkins' principal independent auditor, KPMG, did not perform any services other than financial audit services during fiscal 2011 nor 2010.

Audit/Examining Committee Pre-Approval Policy

The Audit/Examining Committee pre-approves all audit services and permitted non-audit services (including the fees and terms of such services) to be provided to Tompkins by its independent auditor, other than non-audit services falling within the de minimis exception described in Section 10A(i)(1)(B) of the Exchange Act which are approved by the Audit/Examining Committee prior to the completion of the audit. The Audit/Examining Committee may delegate to one or more designated members of the Audit/Examining Committee the authority to grant pre-approvals of audit services and permitted non-audit services, provided that decisions of such designated member(s) to pre-approve one or more such services shall be reported to the full Audit/Examining Committee at its next scheduled meeting.

All audit and non-audit services provided by KPMG, the independent registered public accounting firm engaged for the purpose of auditing the consolidated financial statements of Tompkins for fiscal 2011 and fiscal 2010, were pre-approved by Tompkins' Audit/Examining Committee.
