To our Shareholders:

It is with great pride and pleasure that we report that 2015 marked the most profitable year and the highest level of earnings in the 35 year history of Plumas Bank. In 2015, we increased net income by 23% over last year and grew earnings per diluted share by 21%, from \$0.95 during 2014 to \$1.15. Additionally, we reduced the ratio of nonperforming assets to total assets to 1.06% and increased our book value per common share to \$8.79. Each of these achievements was accomplished in the face of the headwinds associated with the prolonged low interest rate environment. Our commitment to our purpose and our consistent strategic focus has allowed us to achieve these important goals.

2015 was a year of expansion and growth. On July 31, 2015 the company acquired the Redding, California branch of Rabobank N.A. which included the acquisition of approximately \$10 million in deposits. Then, on our 35th Anniversary, December 15, 2015, we entered the Northern Nevada market with the opening of our first out-of-state branch located in Reno, Nevada. Finally, we expanded our government guaranteed lending operations with the opening of a new loan production office located in Scottsdale, Arizona.

All acquisitions are made within the context of our overall strategic, long term plan. We are thoughtful and selective about the markets that we choose to operate in, and understand those markets thoroughly before we enter into them. And most importantly, in keeping with our community-focused philosophy, in each of those markets our bankers are deeply engaged in community and philanthropic initiatives and are closely connected to business and civic leadership.

We continue to invest in better tools and technologies, such as enhanced online banking and mobile deposit, to streamline various processes. This approach yields an improved client experience, increases employee productivity and lowers costs. Additionally, we are training our branch associates to meet a broader range of our client's needs by becoming universal bankers, positioning us to be more responsive and cost-effective. Finally, we have adjusted our brand strategy to incorporate our growth into new markets by introducing a new logo and motto: HERE. For Good. This motto emphasizes our long-term commitment to the communities that we serve in terms of our stable presence and our community outreach and engagement.

As is always the case, the year ahead is full of uncertainty. How will the markets fare in response to China's slowing economy? Will the Federal Reserve continue to raise interest rates? How will lower oil prices impact our economy?

Edgar Filing: PLUMAS BANCORP - Form DEF 14A

How will the election year affect our industry? Whatever the coming year holds, our clients and shareholders should rest-assured knowing that Plumas Bank begins another year with a solid financial base and a dynamic strategic plan, well-prepared to meet all challenges and make the most of all opportunities.

Thank you for your continued confidence in and support of Plumas Bancorp.

Edgar Filing: PLUMAS BANCORP - Form DEF 14A

will be voted in accordance with your instructions on the proxy card or as instructed via internet or telephone. If you properly submit a proxy without giving specific voting instructions, your shares will be voted in accordance with the Board's recommendations "FOR":

Proposal 1: Election to the Board of all of the 10 director nominees named in this proxy statement;

Proposal 2: Approval of a non-binding advisory vote on the Company's executive compensation; and

Proposal 3: Ratification of the appointment of Vavrinek, Trine, Day & Company, LLP as our independent auditors for the fiscal year ending December 31, 2016.

If other matters properly come before the Meeting, the persons appointed to vote the proxies will vote on such matters in accordance with their best judgment. Such persons also have discretionary authority to vote to adjourn the Meeting, including for the purpose of soliciting proxies to vote in accordance with the Board's recommendations on any of the above items.

Revocability of Proxies and Proxy Voting

You may revoke your proxy at any time before it is exercised by:

written notice of revocation delivered to Terrance J. Reeson, Corporate Secretary of Plumas Bancorp, at 35 S. Lindan Avenue, Quincy, California 95971;

a properly executed proxy of a later date mailed to the Company;

casting a new vote by telephone or internet; or

voting in person at the Meeting if you are the record holder.

If you are a street name shareholder and you voted by proxy, you may revoke your proxy by informing the holder of record in accordance with that entity's procedures. In addition, the powers of the proxy holders will be revoked if the person executing the proxy is present at the Meeting and elects to vote in person. Subject to such revocation or suspension, the proxy holders will vote all shares represented by a properly executed proxy received in time for the Meeting in accordance with the instructions on the proxy.

If no instruction is specified by the shareholder with regard to the matter on the proxy to be acted upon, the proxy holders will vote the shares represented by the proxy "FOR" each of the nominees for directors, "FOR" approval of a non-binding advisory vote on the Company's executive compensation, and "FOR" the ratification of the appointment of Vavrinek, Trine, Day & Company, LLP as our independent auditors for the fiscal year ending December 31, 2016. If any other matter is presented at the Meeting, the proxy holders will vote in accordance with the recommendations of management.

Persons Making the Solicitation

The Board of Directors of the Company is soliciting proxies. The Company will bear the expense of preparing, assembling, printing and mailing this proxy statement and the material used in the solicitation of proxies for the Meeting. The Company contemplates that proxies will be solicited principally through the use of the mail, but officers, directors and employees of the Company may solicit proxies personally or by telephone, without receiving special compensation for the solicitation. Although there is no formal agreement to do so, the Company will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding

these proxy materials to their principals. In addition, the Company may utilize the services of individuals or entities not regularly employed by the Company in connection with the solicitation of proxies, if management of the Company determines that this is advisable.

Voting Securities

Management of the Company has fixed March 31, 2016 as the record date for purposes of determining the shareholders entitled to notice of, and to vote at, the Meeting. On March 31, 2016, there were 4,835,432 shares of the Company's common stock issued and outstanding. Each holder of the Company's common stock will be entitled to one vote for each share of the Company's common stock held of record on the books of the Company as of the record date. In connection with the election of directors, shares may be voted cumulatively if a shareholder present at the Meeting gives notice at the Meeting, prior to the voting for election of directors, of his or her intention to vote cumulatively. If any shareholder of the Company gives that notice, then all shareholders eligible to vote will be entitled to cumulate their shares in voting for election of directors. Cumulative voting allows a shareholder to cast a number of votes equal to the number of shares held in his or her name as of the record date, multiplied by the number of directors to be elected. These votes may be cast for any one nominee, or may be distributed among as many nominees as the shareholder sees fit. If cumulative voting is declared at the Meeting, votes represented by proxies delivered pursuant to this proxy statement may be cumulated in the discretion of the proxy holders, in accordance with management's recommendation.

The 10 nominees for director receiving the most votes will be elected. Therefore, shares voted “withhold” and broker non-votes will have no impact on the outcome of the election of directors. Proposal 2 regarding the Company’s executive compensation and Proposal 3 regarding the ratification of the appointment of the Company’s auditors each requires the approval of a majority of the shares represented and voting at the Meeting, with affirmative votes constituting at least a majority of the required quorum. Therefore, shares voted “withhold” and broker non-votes will have no impact on the outcome of these proposals, assuming that the affirmative votes constitute at least a majority of the required quorum.

Shareholdings of Certain Beneficial Owners and Management

Management of the Company knows of no person who owns, beneficially or of record, either individually or together with associates, 5 percent or more of the outstanding shares of the Company’s common stock, except as set forth in the table below. Board Matters

The Board of Directors and Committees

During 2015, the Company's Board of Directors met 19 times. None of the Company's directors attended less than 75 percent of all Board of Directors' meetings and committee meetings of which they were members. The Company does not have a policy requiring director attendance at its annual meeting; however, most directors attend the meeting as a matter of course. All current directors attended the 2015 annual meeting of shareholders. The Board has established, among others, an Audit Committee and a Corporate Governance Committee, which serves as a nominating committee and a compensation committee, and each of these committees have charters. Charters for each of these committees are available on the Company's website www.plumasbank.com.

Shareholder Communication with the Board of Directors

If you wish to communicate with the Board of Directors or the Chairman of the Board you may send correspondence to the Corporate Secretary, Plumas Bancorp, 35 S. Lindan Avenue, Quincy, California 95971. The Corporate Secretary will perform a review of such correspondence to ensure that communications forwarded to the Board or the Chairman preserve the integrity of the process. For example, items that are unrelated to the duties and responsibilities of the Board or the Chairman such as spam, junk mail and mass mailings, product complaints, personal employee complaints, product inquiries, new product suggestions, resumes and other forms of job inquiries, surveys, business solicitations or advertisements (the “Unrelated Items”) will not be forwarded. In addition, material that is unduly hostile, threatening, illegal or similarly unsuitable will not be forwarded. Any communication that is relevant to the conduct of the Company’s business and is not forwarded will be retained for one year (other than Unrelated Items) and made available to the Chairman and any other independent director on request. The independent directors grant the Corporate Secretary discretion to decide what correspondence shall be shared with the Company’s management and specifically instruct that any personal employee complaints be forwarded to the Company’s Human Resources Department.

Board Role in Risk Oversight

The Board’s duties include understanding and assessing risks to the Company and monitoring the management of those risks. To fulfill this responsibility the directors are expected to attend all meetings and review materials in advance of the meetings. Each meeting includes a review of the activities of each board committee including the committee’s activities related to risk management. Each of our board committees concentrates on specific risks for which they have an expertise and each committee is required to regularly report to the Board of Directors on its findings.

The Board believes that evaluating how the executive team manages the various risks confronting the Company is one of its most important areas of oversight. In carrying out this critical responsibility, the Board has designated the Audit Committee with primary responsibility for overseeing enterprise risk management. While the Audit Committee has primary responsibility for overseeing enterprise risk management, each of the other Board committees also considers risk within its area of responsibility. For example, the Corporate Governance Committee reviews risks related to legal and regulatory compliance as they relate to corporate governance structure and processes, and reviews risks related to compensation matters. The Board is apprised by the committee chairs of significant risks and management’s response to those risks via periodic reports. While the Board and its committees oversee risk management strategy, management is responsible for implementing and supervising day-to-day risk management processes and reporting to the Board and its committees on such matters.

Furthermore, because the banking industry is highly regulated, certain risks to the Company are monitored by the Board through its review of the Company’s compliance with regulations set forth by its regulatory authorities, including the FDIC and recommendations contained in regulatory examinations.

With respect to risk related to compensation matters, the Corporate Governance Committee considers, in establishing and reviewing the Company's executive compensation program, whether the program encourages unnecessary or excessive risk taking and has concluded that it does not. Executives' base salaries are fixed in amount and thus do not encourage risk-taking. During 2015, the Company established a non-equity incentive plan (the NEI) for its officer level employees. Under the NEI, an allocation of 50% of pretax income in excess of budgeted pretax income is payable to eligible employees up to a maximum of \$500,000 for all eligible employees, exclusive of the CEO. The CEO's allocation is based on 10% of pretax income in excess of budgeted pretax income up to a maximum of \$100,000. For 2015, the entire \$600,000 was earned. No individual officer's earnings under the NEI exceeded \$25,300 with the exception of Mr. Ryback who earned an incentive of \$100,000. The Corporate Governance Committee concluded that the NEI as described above did not encourage unnecessary or excessive risk taking. The other significant source of compensation to executives is in the form of long-term equity awards that are important to help further align executives' interests with those of the Company's shareholders. The Corporate Governance Committee believes that these awards do not encourage unnecessary or excessive risk-taking since the ultimate value of the awards is tied to the Company's stock price, and awards are subject to long-term vesting schedules to help ensure that executives have significant value tied to long-term stock price performance.

The Corporate Governance Committee has also reviewed the Company's compensation programs for employees generally and has concluded that these programs do not create risks that are reasonably likely to have a material adverse effect on the Company. The Corporate Governance Committee believes that the design of the Company's annual cash and long-term equity incentives provides an effective and appropriate mix of incentives to help ensure the Company's performance is focused on long-term shareholder value creation and does not encourage the taking of short-term risks at the expense of long-term results.

Leadership Structure of Board

The Board believes that the Company and its shareholders are best served by having an independent Board Chairman and a separate CEO. We separate these roles in recognition of the differences between the two roles. The CEO is responsible for day-to-day leadership and performance of the Company, while the Chairman of the Board provides strategic guidance to the CEO and presides over meetings of the full Board.

Code of Ethics

The Board of Directors has adopted a code of business conduct and ethics for directors, officers (including the Company's principal executive officer and principal financial officer) and financial personnel, known as the Corporate Governance Code of Ethics. This Code of Ethics Policy is available on the Company's website at www.plumasbank.com. Shareholders may request a free copy of the Code of Ethics Policy from Plumas Bancorp, Ms. Elizabeth Kuipers, Investor Relations, 35 S. Lindan Avenue, Quincy, California 95971. Additionally, a copy of the Company's Corporate Governance Code of Ethics can be accessed at <http://www.plumasbank.com>. Click on the "Investor Relations tab" and then Governance Documents.

The Board has determined that each of the following non-employee directors are "independent" within the meaning of the listing standards and rules of NASDAQ.

Daniel E. West	Robert J. McClintock
Alvin G. Blickenstaff	Terrance J. Reeson
Steven M. Coldani	Gerald W. Fletcher
John Flournoy	Arthur C. Grohs

Audit Committee

The Company has an Audit Committee composed of Mr. McClintock, Chairman, and Messrs. Flournoy, Grohs and Reeson. The Board has determined that each member of the Audit Committee meets the independence and experience requirements of the listing standards of NASDAQ and the SEC. The Board has also determined that Mr. Robert J. McClintock is qualified as an audit committee financial expert and that he has accounting or related financial management expertise, in each case in accordance with the rules of the SEC and NASDAQ's listing standards.

The Audit Committee met 10 times during 2015. The Audit Committee reviews all internal and external audits including the audit by Vavrinek, Trine, Day & Company, LLP, the Company's independent auditor for 2015. The Audit Committee reports any significant findings of audits to the Board of Directors, and ensures that the Company's internal audit plans are met, programs are carried out, and deficiencies and weaknesses, if any, are addressed. The Audit Committee meets regularly to discuss and review the overall audit plan. The Audit Committee's policy is to pre-approve all recurring audit and non-audit services provided by the independent auditors through the use of engagement letters. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the Audit Committee regarding all services provided by the independent auditors and fees associated with those services performed to date. The fees paid to the independent auditors in 2015 and 2014 were approved per the Audit Committee's pre-approval policies.

Audit Committee Report

This report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under the Acts.

The Board of Directors and the Audit Committee has reviewed the Company's audited financial statements and discussed such statements with management. The Audit Committee has discussed with Vavrinek, Trine, Day & Company, LLP, the Company's independent auditors during the year 2015, all communications required by standards of the Public Company Accounting Oversight Board, including the matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees, and Rule 2-07, Communication with Audit Committees, of Regulation S-X, and, with and without management present, discussed and reviewed the results of the independent external audit firm's examination of the financial statements. The Committee also discussed the results of internal audits.

The Audit Committee has also received the written disclosures and the letter from Vavrinek, Trine, Day & Company, LLP as required by the PCAOB's Ethics and Independence Rule 3526 (Communication with Audit Committees Concerning Independence) and has discussed with the independent registered public accounting firm their independence.

Based on the review and discussions noted above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2015, for filing with the SEC.

THE AUDIT COMMITTEE:

Robert J. McClintock, Chairman John Flourney
Arthur C. Grohs Terrance J. Reeson

Corporate Governance Committee

The Company has a Corporate Governance Committee, which met 6 times during 2015. The Corporate Governance Committee consists of Mr. Flourney, Chairman, and Messrs. Coldani, Grohs, Reeson and West. The Board has determined that Messrs. Flourney, Coldani Grohs, Reeson and West are “independent” within the meaning of the listing standards and rules of NASDAQ. The Corporate Governance Committee, which functions as the Board’s nominating and compensation committees, provides assistance to the Board by identifying qualified individuals as prospective Board members, recommends to the Board the director nominees for election at the annual meeting of shareholders, nominates the Chairperson and Vice-Chairperson of the Board, oversees the annual review and evaluation of the performance of the Board and its committees, and develops and recommends corporate governance guidelines to the Board of Directors.

The Corporate Governance Committee also at least annually reviews, adjusts (as necessary), and approves the Company's directors' compensation, including cash, equity or other compensation for service on the Board, any committee of the Board and as Chairperson of the Board or any committee of the Board, at least annually reviews, adjusts (as necessary) and approves the Chief Executive Officer's compensation, provides advice and consents to the Chief Executive Officer in the review and adjustment of executive officer compensation (other than the Chief Executive Officer), approves the compensation strategy for the Company's employees, reviews and recommends for approval by the Board all equity-based compensation, including stock options and stock grants and approves other personnel matters, which are in excess of management's authority.

The Corporate Governance Committee does not have any written specific minimum qualifications or skills that the committee believes must be met by either a committee-recommended or a shareholder-recommended candidate in order to serve on the Board. The Corporate Governance Committee identifies nominees by first evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service or if the Corporate Governance Committee or the Board decided not to re-nominate a member for re-election, the Corporate Governance Committee identifies the desired skills and experience of a new nominee in light of the following criteria. While no specific diversity policy exists, when identifying and evaluating new directors, the Corporate Governance Committee considers the diversity and mix of the existing members of the Board, including, but not limited to, such factors as: the age of the current directors, their geographic location (being a community bank, there is a strong preference for local directors), background, skills and employment experience. Among other things, when examining a specific candidate's qualifications, the Corporate Governance Committee considers the candidate's: ability to represent the best interest of the Company; existing relationships with the Company; interest in the affairs of the Company and its purpose; ability to fulfill director responsibilities; leadership skills; reputation within the Company's community; community service; integrity; business judgment; ability to develop business for the Company; and ability to work as a member of a team. The Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. Nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law. All nominees to be considered at the Meeting were recommended by the Corporate Governance Committee.

The Corporate Governance Committee will consider nominees to the Board proposed by shareholders, although the Board has no formal policy with regard to shareholder nominees as it considers all nominees on their merits as aforementioned. Any shareholder nominations proposed for consideration by the Board may only be made by complying with the nomination procedures set forth in the Company's Bylaws, which are summarized below. See "Shareholder Proposals - Nomination of Director Candidates." Any such notices should be addressed to:

Compensation Consultant

The Corporate Governance Committee has the authority, to the extent it deems necessary, to retain and terminate an outside compensation consultant to assist in the evaluation of director and executive officer compensation and benefit matters. During 2015, the Corporate Governance Committee consulted with Pearl Meyer & Partners, LLC, (“Pearl Meyer”), a compensation consulting firm. Pearl Meyer served as an independent compensation consultant to advise the Corporate Governance Committee on matters related to the Executives and non-employee Directors compensation. Pearl Meyer also provided guidance on industry best practices and assisted the Corporate Governance Committee by providing comparative market data on compensation practices and programs for the Executives and Directors based on an analysis of peer competitors. Related to Executive’s compensation, Pearl Meyer advised the Corporate Governance Committee in (1) determining base salaries, (2) setting competitive levels for the Company’s Executive Incentive Plan, (3) determining the appropriateness of individual grant levels for equity awards, (4) evaluating the retirement plans and benefit amounts, (5) evaluating the perquisite program and allowances provided, and (6) determining the appropriateness of the change in control and termination benefits. Pearl Meyer’s non-employee Director Compensation plan review included a review of Board fees, Committee fees and equity awards.

Other than compensation related consulting, Pearl Meyer did not provide any other services. The Board of Directors and management do not believe the services provided by Pearl Meyer created a conflict of interest. No services performed by Pearl Meyer exceeded in the aggregate, more than \$120,000 in the last fiscal year.

PROPOSAL 2

NON-BINDING ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) requires that stockholders cast an advisory (non-binding) vote on the executive compensation paid to the executive officers listed in the Summary Compensation Table at least every three years.

This proposal, commonly known as a “Say-on-Pay” proposal, gives you as a shareholder the opportunity to provide an advisory vote on the Company's executive compensation as disclosed in this proxy statement through the following resolution:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K is hereby APPROVED.”

Because the vote is advisory, it will not be binding upon the Board of Directors, will not overrule any decision made by the Board of Directors, and will not create or imply any additional fiduciary duty on the Board of Directors. The Corporate Governance Committee may, however, take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors believes that the Company's executive compensation program is reasonable in comparison both to similar sized companies in the industry and to the performance of the Company during 2015. We also believe that the Company's compensation program is effective in aligning the interests of the executives with the interests of the Company's shareholders on a long-term basis and is appropriate.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF A NON-BINDING ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION AS DESCRIBED IN THIS PROXY STATEMENT.

Non-Equity Incentive Plan

Under the Company's non-equity incentive plans (the NEIs), for 2015 and 2014, an allocation of 50% of pretax income in excess of budgeted pretax income is payable to eligible employees up to a maximum of \$500,000 for all eligible employees, exclusive of the CEO. The CEO's allocation is based on 10% of pretax income in excess of budgeted pretax income up to a maximum of \$100,000. For both 2015 and 2014 the entire \$600,000 was earned. No individual officer's earnings under the NEIs exceeded \$25,300 in either year with the exception of Mr. Ryback who earned an incentive of \$100,000 in each of 2015 and 2014. A total of thirty-six and forty employees received a bonus payment under the NEIs in 2015 and 2014, respectively. These payments were made during the first quarter of the following year.

Stock Option Awards

We consider equity compensation in the form of annual stock option awards an important component of our total compensation package because it helps align the interests of our executives to those of our shareholders and provides a significant retention benefit. During 2013 the Company's shareholders approved the Plumas Bancorp 2013 Stock Option Plan (2013 Plan), which allows for the granting of stock option awards to employees. The 2013 Plan has a term of 10 years. No more than 500,000 shares of common stock may be issued pursuant to awards of stock options. The Corporate Governance Committee approves and recommends to the Board for its approval all stock option grants.

On April 28, 2014 the Company granted a total of 110,400 stock options, to officers at the level of Senior Vice President and above, under the 2013 plan with an exercise price of \$6.32 per share. These options have a four year vesting period and expire eight (8) years from the date of grant. There were no stock options granted during the year ended December 31, 2015. The Company makes grants of equity-based compensation only at fair market value of our stock at the time of grant. The exercise price of stock options is set at the closing stock price on the date of grant. All option grants have a maximum vesting period of five (5) years and expire no more than ten (10) years from the date of grant.

The Company incorporates the officer's position level in the determination of the total value of the equity-based compensation to be included in the officer's total compensation. The higher the officer's level, the more options that may be granted to the officer. Additional options may be granted to an individual based on outstanding achievement. This is consistent with the Company's philosophy of rewarding those officers who have the most impact on our performance.

Post-Employment Benefits and Potential Payments Upon Termination Or Change of Control

We consider providing significant post-employment benefits in the form of providing salary continuation benefits to our executives as an important part of their total executive compensation to reward them for their service and loyalty to the Company. In 2005 the Company entered into a salary continuation agreement with Mr. Ryback. The purpose of the salary continuation agreement is to provide a special incentive to the experienced executive officer to continue employment with the Company on a long-term basis. The agreement provides Mr. Ryback with salary continuation benefits of up to \$62,000 per year for 15 years after retirement at age 65. In the event of death prior to retirement, Mr. Ryback's beneficiary is entitled to a portion of the death benefits pursuant to a split dollar agreement. In the event of disability wherein Mr. Ryback does not continue employment with the Company, he is entitled to salary continuation benefits, at a reduced amount depending on the length of service with the Company, beginning at age 65 or on the date on which he is no longer entitled to disability benefits under the Company's group disability insurance, whichever is earlier. If Mr. Ryback terminates employment with the Company for a reason other than death or disability prior to the retirement age of 65, he will be entitled to salary continuation benefits at a reduced amount depending on the length of service with the Company. The vesting of salary continuation benefits for Mr. Ryback occurs at a rate that provides for a 90% vesting at age 60 and 2% per year for the next five years of service.

In the event of a change of control of the Company and Mr. Ryback terminates employment with the Company or its successor within a period of 24 months after such change in control, then he may elect full vesting of his salary continuation payments and the payment of the salary continuation benefits beginning with the month following the month of termination, subject to the reduction of benefits if the benefits result in a limitation of deductibility of such benefits for the Company under Section 280G of the Internal Revenue Code. The salary continuation benefits are informally funded by single premium life insurance policies with Mr. Ryback as the insured party and the Company as the beneficiary of the policies.

The Company has entered into a split dollar agreement with Mr. Ryback. The purpose of the split dollar agreement is to provide special incentive to Mr. Ryback to continue employment with the Company on a long-term basis. To accomplish this, the Company agrees to divide the net death proceeds of life insurance policies on Mr. Ryback's life with Mr. Ryback's beneficiary. However, Mr. Ryback's rights or interests in the split dollar policies no longer exist once he ceases to be employed by the Company for any reason whatsoever prior to normal retirement age provided that he has received or had the opportunity to receive any benefit under his executive salary continuation agreement.

The Company has agreed to pay the taxes on the imputed income on the life insurance benefit provided to Mr. Ryback under the split dollar agreement.

Perquisites

We offer a qualified 401(k) plan in which the named executive officers participate on the same terms as all other employees. On April 1, 2010 we discontinued the Company's matching contribution but reinstated it at a reduced rate beginning January 1, 2015. In addition we offer medical, dental and vision plans under the same terms to all employees. Other perquisites and benefits, which do not represent a significant portion of the named executive's total compensation, include for Mr. Ryback a Company provided automobile, maintenance on the automobile and the payment of his portion of the split dollar insurance premium. During 2015, Ms. North was provided a Company automobile and maintenance on the automobile. Mr. Ryback, Mr. Belstock and Ms. North also receive a monthly allowance to cover the business portion of their cellular phone use and are provided with gasoline for the business use of their automobiles. These plans, and the contributions we make to them, provide an additional benefit to attract and retain executive officers of the Company.

The Company makes grants of non-qualified stock options only at fair market value of our stock at the time of grant. All option grants have a maximum vesting period of five (5) years and expire no more than ten (10) years from the date of grant. Upon a change in control, all stock options held by directors may vest and become exercisable.

Director Retirement Agreement: The Company has entered into Director Retirement (fee continuation) Agreements with its Directors excluding Mr. Elliott and Mr. Coldani. Mr. Elliott retired as President and Chief Executive Officer of the Company during 2005 and is currently receiving benefits under his executive salary continuation agreement. The purpose of the fee continuation agreements is to provide a retirement benefit to the Board members as an incentive to continue informal service with the Company. The agreements provide for fee continuation benefits of up to \$10,000 per year with a term of 12 years after retirement with the exception that Board members Flournoy and McClintock's agreements have a term of 15 years. In the event of death prior to retirement, the beneficiary will receive full fee continuation benefits, with the exception of Messrs. Flournoy and McClintock's beneficiaries who would be entitled to receive a lump sum payment of \$30,000. In the event of disability wherein the director does not continue service with the Company, the director is entitled to fee continuation benefits, at a reduced amount depending on the length of service with the Company, beginning the month following termination of service. The agreements, with the exception of Messrs. Flournoy and McClintock's agreements, allow for a Hardship Distribution under specified circumstances. Hardship Distributions are limited to the amount the Company had accrued under the terms of the agreement as of the day the director petitioned the Board to receive a Hardship Distribution. Upon a change in control, the director is eligible to receive the full fee continuation benefits upon the director's termination of service. The fee continuation benefits, with the exception of Mr. McClintock's benefits, are informally funded by single premium life insurance policies. The directors are the insured parties and the Company is the beneficiary of the respective policies.

Post-Retirement Consulting Agreement: The Company has entered into Post-Retirement Consulting Agreements with its non-employee Directors with the exception of Messrs. Flournoy, Elliott, McClintock and Coldani. The purpose of the Agreements is to provide consideration to the Board members in exchange for consulting services after their retirement from the Board. The Agreements provide for consulting fees of \$10,000 per year for 3 years after retirement. In the event of death prior to completion of the consulting services, the beneficiary will receive death benefits equal to the remaining unpaid consulting fee benefits. In the event of disability wherein the retired director is unable to continue consulting services with the Company, the Company may terminate the director's post-retirement consulting services. If the retired director voluntarily terminates his or her consulting services for other than good reason or if the Company terminates the director's post-retirement consulting services for cause, the Post-Retirement Consulting Agreement shall terminate.
