Our Company

Who We Are

We are a worldwide leader in design, production and sales of commercial flooring such as carpet tile, luxury vinyl tile, and rubber tiles and sheet products. Our flooring systems help customers create beautiful interior spaces while positively impacting those who use them and our planet. We are committed to sustainability and minimizing our impact on the environment while enhancing shareholder value. This commitment is exemplified by *Mission Zero*[®], which represents our mission to eliminate any negative impact our companies may have on the environment by the year 2020. Our mission also includes a bold new effort called *Climate Take Back*[™], in which we seek to lead industry in designing and making products in ways that will maintain a climate fit for life.

Our Corporate Responsibilities – Environmental, Social and Governance

Our Sustainability Mission

We are a purpose-driven company that is galvanized around a common sustainability mission. In 1994, we commenced a sustainability strategy within our business that we now call *Mission Zero*, in which we seek to eliminate any negative impact our Company may have on the environment by the year 2020. In 2016, we went even further by announcing our intent to go from doing no harm to having a positive impact through *Climate Take Back*, summarized in the graphic below. With this broader initiative, we seek to lead industry in designing and making products in ways that will maintain a climate fit for life. We also have called upon and influenced others to do the same, bringing a voice of aspiration and optimism to global warming. As part of *Climate Take Back*, in 2018 we launched an industry first: every product that we sell globally is carbon neutral across the entire product lifecycle, a program we call *Carbon Neutral Floors*[™].

Measuring Our Progress

Our sustainability mission is made more focused by measuring our progress. In the 25 years that we have been on our sustainability journey, we have made meaningful progress in eliminating our Company's negative impact on the environment. Our *EcoMetrics*TM measurement system is designed to quantify the "metabolism" of our operations. In other words, measuring how much we take, in terms of materials and energy, how much we make, in terms of product, and how much we waste, in terms of wastes and emissions. Some of our sustainability highlights are described below. Additional detailed information and measurements of our progress on sustainability can be found on our corporate website, www.interface.com.

Our Governance Highlights

Our Board of Directors is committed to maintaining strong corporate governance, which promotes the long-term interests of shareholders, strengthens Board and management accountability, and helps build trust in the Company. The Corporate Governance section of this Proxy Statement describes several aspects of our governance framework, which includes the following highlights.

Annual Election of All Directors	Annual Shareholder Engagement Efforts
Resignation Policy for Directors who Fail to Receive Majority Vote	Stock Ownership Guidelines for Executives and Directors
8 of 10 Current Directors Independent	Prohibition on Pledging and Hedging Company Stock
All Key Committees Comprised Solely of Independent Directors	Code of Business Conduct and Ethics Applicable to Employees and Directors
Executive Sessions of Independent Directors Held Regularly	Annual CEO and Management Succession Planning
Risk Oversight by Full Board and Committees	Annual Board of Directors Self-Assessment
Separate Chairman, CEO and Lead Independent Director	Annual "Say on Pay" Advisory Vote
Diversity of Experience, Skills and Gender Among Directors	No Poison Pill

Table of Contents**Summary of Item 1 - Election of Directors**

In this proposal, shareholders are asked to vote "FOR" each of the following nine nominees.

Summary of Item 2 - Advisory Vote to Approve Executive Compensation

We provide our shareholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with the rules of the Securities and Exchange Commission ("SEC"). The vote on this resolution is not intended to address any specific element of compensation; rather, the advisory vote relates to the overall compensation of our named executive officers, as well as the philosophy, policies and practices, all as described in this Proxy Statement. The vote is advisory, and therefore it is not binding on the Company, the Compensation Committee or our Board of Directors. We recommend that our shareholders vote "FOR" approval of our executive compensation as described in this Proxy Statement.

Our executive compensation program is generally designed to:

Provide competitive compensation packages that will attract and retain superior talent

Motivate our executive officers to achieve desired Company performance and to appropriately reward that performance

Align the interests of our executive officers with long-term interests of our shareholders, primarily through equity awards

We believe that motivating and rewarding exceptional performance is the overriding principle of our executive compensation program.

Table of Contents

We Do:

Provide a significant portion of our named executive officers' total compensation in the form of awards tied to our long-term strategy and our performance.

Require compliance with our Stock Ownership Guidelines, which require that our executive officers own a specified value of shares of the Company's common stock.

Have a Compensation Committee comprised entirely of independent directors who use an independent consultant retained by the Compensation Committee.

Have ongoing consideration and oversight by the Compensation Committee with respect to any potential risks associated with our incentive compensation programs.

Prohibit our associates through our Insider Trading Policy from engaging in hedging transactions in our stock.

Utilize "double trigger" change-in-control provisions in our equity award agreements for awards made beginning in January 2017.

We Do Not:

Provide supplemental retirement benefits to our executive officers.

Time the grants of equity awards to coordinate with the release of material non-public information, or time the release of material non-public information for the purpose of affecting the value of any named executive officer compensation.

Provide tax gross-ups for our named executives.

Provide excessive perquisites to executives.

Have a shareholder rights plan (i.e., poison pill).

Pay dividends on unvested performance-based equity awards.

The following sets forth the primary objectives addressed by each component of our executive compensation program:

Competitive base salary	Assists with attraction and retention of highly-qualified executives, and promotes management stability
Annual cash bonuses based on achievement of established goals	Aligns individual interests with overall short term (typically annual) objectives, and reinforces "pay for performance" program goals
Long-term incentives	Aligns individual interests with the long-term investment interests of shareholders, and assists with retention of highly-qualified executives

For more information regarding our compensation, please see our Compensation Discussion and Analysis beginning on page 26.

Table of Contents**Summary of Item 3 - Ratify Appointment of BDO USA, LLP as Independent Auditors**

BDO USA, LLP, an independent registered public accounting firm, served as our auditors for 2018. Our Audit Committee has selected BDO USA, LLP to audit our financial statements for 2019. Although it is not required to do so, the Board is submitting the Audit Committee's selection of our independent registered public accounting firm for ratification by the shareholders at the Annual Meeting in order to ascertain the view of our shareholders regarding such selection. Below is summary information about BDO USA, LLP's fees for services during 2018 and 2017:

	2018	2017
Audit Fees	\$2,291,000	\$1,659,000
Audit-Related Fees	25,000	22,000
Tax Fees	70,000	59,000
All Other Fees	--	--
Total	\$2,386,000	\$1,740,000

NOMINATION AND ELECTION OF DIRECTORS

(ITEM 1)

The Bylaws of the Company provide that the Board of Directors shall consist of a maximum of 15 directors, with the exact number of directors being established by action of the Board taken from time to time. Commencing as of the 2019 Annual Meeting, the Board of Directors has set the number of directors at nine. The term of office for each director continues until the next annual meeting of shareholders and until his or her successor, if there is to be one, has been elected and has qualified.

In the event that any nominee for director withdraws or for any reason is not able to serve as a director, each Proxy that is properly executed and returned will be voted for such other person as may be designated as a substitute nominee by the Board of Directors. Each nominee is an incumbent director standing for re-election, and each nominee has consented to being named herein and to serve or continue serving as a director if elected or re-elected.

Certain information relating to each nominee proposed by the Board is set forth below. Directors are required to submit an offer of resignation upon experiencing a job change.

Vote Required and Recommendation of Board

Under the Company's Bylaws, election of each of the nominees requires a plurality of the votes cast by the Company's outstanding Common Stock entitled to vote and represented (in person or by proxy) at the meeting. As noted below, however, in an uncontested election, any nominee who does not receive a majority affirmative vote must submit a resignation (which may be conditional) to the Board or its Chair. **THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF EACH OF THE NOMINEES LISTED ABOVE, AND PROXIES EXECUTED AND RETURNED OR VOTED BY TELEPHONE OR INTERNET WILL BE VOTED FOR EACH OF THE NOMINEES UNLESS CONTRARY INSTRUCTIONS ARE INDICATED.**

DIRECTOR INDEPENDENCE

For each director, the Board makes a determination of whether the director is “independent” under the criteria established by the Nasdaq Stock Market and other governing laws and regulations. In its review of director independence, the Board considers all commercial, banking, consulting, legal, accounting, charitable or other business relationships any director may have with the Company. The current directors are John P. Burke, Andrew B. Cogan, Jay D. Gould, Daniel T. Hendrix, Christopher G. Kennedy, Catherine M. Kilbane, K. David Kohler, Erin A. Matts, James B. Miller, Jr., and Sheryl D. Palmer. As a result of its review, the Board has determined that all of the current directors, with the exceptions of Daniel T. Hendrix and Jay D. Gould (who are employees), are independent.

CORPORATE GOVERNANCE

Board Leadership Structure

We currently have a Lead Independent Director, and a separate Chairman and Chief Executive Officer. Mr. Kennedy serves as Lead Independent Director, Mr. Hendrix serves as Chairman, and Mr. Gould serves as Chief Executive Officer. Because each of our Chairman and Chief Executive Officer is an employee of the Company and therefore not considered “independent” under applicable standards, the Board has appointed Mr. Kennedy to serve as Lead Independent Director. The Board considers it to be useful and appropriate at the current time to have an independent director serve in a lead capacity to promote corporate governance, coordinate the activities of the other independent directors, and perform such other duties and responsibilities as the Board may determine. The specific responsibilities of the Lead Independent Director are as follows:

Preside at Executive Sessions. Presides at all meetings of the Board at which the Chairman is not present, including executive sessions of the independent directors.

Call Meetings of Independent Directors. Has the authority to call meetings of the independent directors.

Function as Liaison with the Chairman. Serves as the principal liaison on Board-wide issues between the independent directors, the Chairman and the Chief Executive Officer.

Participate in Flow of Information to the Board such as Board Meeting Agendas and Schedules. Provides the Chairman and Chief Executive Officer with input as to meeting agenda items, advises the Chairman and Chief Executive Officer as to the quality, quantity and timeliness of information sent to the Board, and approves meeting schedules to assure there is sufficient time for discussion of all agenda items.

Recommends Outside Advisors and Consultants. Recommends the retention of outside advisors and consultants who report directly to the Board.

Shareholder Communication. Ensures that he is available, if requested by shareholders and when appropriate, for consultation and direct communication.

Table of Contents**Meetings and Committees of the Board**

The Board of Directors held seven meetings during 2018. All of the incumbent directors attended at least 75% of the total number of meetings of the Board and any committees of which he or she was a member.

The independent directors meet in regularly scheduled executive sessions without Messrs. Hendrix or Gould or other members of management present. In 2018, the independent directors met four times in executive session.

The Board of Directors has the following standing committees that assist the Board in carrying out its duties: the Executive Committee, the Audit Committee, the Compensation Committee, and the Nominating & Governance Committee. The following table lists the current members of each committee:

Executive Committee	Audit Committee	Compensation Committee	Nominating & Governance Committee
Daniel T. Hendrix (Chair)	Sheryl D. Palmer (Chair)	Andrew B. Cogan (Chair)	Christopher G. Kennedy (Chair)
James B. Miller, Jr.	Catherine M. Kilbane James B. Miller, Jr.	Sheryl D. Palmer Erin A. Matts	John P. Burke K. David Kohler

Executive Committee. The Executive Committee did not meet during 2018. Except for duties reserved to the other Board committees and for certain other exceptions, the Executive Committee may exercise all the power and authority of the Board of Directors in the management of the business and affairs of the Company.

Audit Committee. The Audit Committee met four times during 2018. The function of the Audit Committee is to (i) serve as an independent and objective party to review the Company's financial statements, financial reporting process and internal control system, (ii) review and evaluate the performance of the Company's independent auditors and internal financial management, and (iii) provide an open avenue of communication among the Company's independent auditors, management (including internal financial management) and the Board. The Board of Directors has determined that all three members of the Audit Committee are "independent" in accordance with applicable law, including the rules and regulations of the Securities and Exchange Commission and the rules of the Nasdaq Stock Market, and that each of Ms. Palmer and Mr. Miller is an "audit committee financial expert" as defined by the rules and regulations of the Securities and Exchange Commission. The Audit Committee operates pursuant to an Audit

Committee Charter which was adopted by the Board of Directors and may be viewed on the Investor Relations section of our website, <https://investors.interface.com/investor-relations/default.aspx>.

Compensation Committee. The Compensation Committee met four times during 2018. The function of the Compensation Committee is to (i) evaluate the performance of the Company's Chief Executive Officer and other senior executives, (ii) determine compensation arrangements for such executives, (iii) administer the Company's stock and other incentive plans for key employees, and (iv) review the administration of the Company's employee benefit plans. The Board of Directors has determined that each member of the Compensation Committee is "independent" in accordance with applicable law, including the rules and regulations of the Securities and Exchange Commission and the rules of the Nasdaq Stock Market. The Compensation Committee operates pursuant to a Compensation Committee Charter that was adopted by the Board of Directors and may be viewed on the Investor Relations section of our website, <https://investors.interface.com/investor-relations/default.aspx>. The Compensation Committee's policies and philosophy are described in more detail below in this Proxy Statement under the heading "Compensation Discussion and Analysis."

Nominating & Governance Committee. The Nominating & Governance Committee met one time in 2018. The Nominating & Governance Committee assists the Board in establishing qualifications for Board membership and in identifying, evaluating and selecting qualified candidates to be nominated for election to the Board. The Nominating & Governance Committee also assists the Board in reviewing and analyzing, and makes recommendations regarding, corporate governance matters, and it also recommends committee assignments for Board members. The Board of Directors has determined that each member of the Nominating & Governance Committee is "independent" in accordance with applicable law, including the rules of the Nasdaq Stock Market. The Nominating & Governance Committee operates pursuant to a Nominating & Governance Committee Charter that was adopted by the Board of Directors and may be viewed on the Investor Relations section of our website, <https://investors.interface.com/investor-relations/default.aspx>.

Nominations for Board Service

In the event of a vacancy on the Board, the Nominating & Governance Committee develops a pool of potential director candidates for consideration. The Nominating & Governance Committee seeks candidates for election and appointment with excellent decision-making ability, valuable and varied business experience and knowledge, and impeccable personal integrity and reputations. The Committee does not have a specific diversity policy, but considers diversity of race, ethnicity, gender, age, cultural background and professional experience in evaluating candidates for Board membership, in an effort to obtain a variety of viewpoints in the Board's proceedings. The Nominating & Governance Committee considers whether candidates are free of constraints or conflicts which might interfere with the exercise of independent judgment regarding the types of matters likely to come before the Board, and have the time required for preparation, participation and attendance at Board and committee meetings. Other factors considered by the Nominating & Governance Committee in identifying and selecting candidates include the needs of the Company and the range of talent and experience already represented on the Board. The Nominating & Governance Committee solicits suggestions from other members of the Board, Company management, and occasionally outside search firms, regarding persons to be considered as possible nominees. Shareholders who wish the Nominating & Governance Committee to consider their recommendations for director candidates should submit their recommendations in writing to the Nominating & Governance Committee, in care of the office of the Chairman of the Board, Interface, Inc., 1280 West Peachtree Street NW, Atlanta, GA 30309. Recommendations should include the information which would be required for a "Shareholder Proposal" as set forth in Article II, Section 9 of the Company's Bylaws. Director candidates who are recommended by shareholders in accordance with these procedures will be evaluated by the Nominating & Governance Committee in the same manner as director candidates recommended by the Company's directors, management and outside search firms.

Shareholder Outreach Programs

During 2018, we conducted two separate shareholder outreach programs – one during proxy season in May, and one outside of proxy season in November. For each program, we requested conference calls with our top 30 shareholders, representing approximately 70% of outstanding shares. In both programs we held conference calls with each shareholder that accepted our request, representing 9% of shares for the May program, and 7% of shares for the November program. During the outreach programs, which were led by the Company's non-executive Chairman Dan Hendrix, we discussed with shareholders various proxy and Company related issues and other areas of shareholder interest – such as the Company's corporate governance practices, executive compensation philosophy and practices, and environmental and social sustainability initiatives. Following the outreach programs, our shareholders' feedback was shared with Company management and the Compensation Committee of the Board of Directors.

Majority Vote Resignation Policy for Director Elections

Pursuant to governing law and documents, including the Company's Bylaws as noted above, in most cases the Company's directors are elected by a plurality of the votes cast. Although nominees who receive the most votes for the available positions will generally continue to be duly elected, on February 22, 2017, the Board of Directors adopted a resignation policy applicable to nominees who fail to receive the affirmative vote of a majority of the votes cast in an uncontested election for directors. (The adoption of this policy does not alter the applicable legal standards.) The policy requires that a nominee who does not receive a majority affirmative vote in an uncontested election promptly will tender, to the Board or its Chair, their resignation from the Board and committees on which the director serves. The resignation may be conditioned upon Board acceptance. If it is not so conditioned, the resignation must specify that it is effective immediately on delivery.

A "majority affirmative vote" means that the votes cast "for" a nominee's election exceed those voted "withhold", with broker and other non-votes not being considered "votes cast." You have been provided with options to vote "for" or "withhold" from each Director nominee. However, neither a "withhold" vote nor declining to vote for directors (assuming the presence of a quorum) affects whether a director nominee in an uncontested election is legally elected under the plurality vote standard (provided such nominee receives at least one "for" vote). But a "withhold" vote is considered in determining whether a director who is legally elected has received a "majority affirmative vote" for purposes of the resignation policy.

The Nominating & Governance Committee of the Board will consider any resignation conditioned upon Board acceptance, including any information provided by the Director, and within 60 days of the shareholder meeting at which the Director failed to receive a majority affirmative vote, will recommend to the full Board what action to take on the Director's resignation. The Nominating & Governance Committee may recommend, among other things, acceptance or rejection of the resignation, delayed acceptance pending the recruitment and election of a new director or rejection of the resignation in order to address the underlying reasons for the Director's failure to receive the majority affirmative vote of the shareholders. The policy provides for the Board to act on the Nominating & Governance Committee's recommendation within 90 days following the shareholder meeting.

In considering a conditional resignation, the Nominating & Governance Committee and the Board may consider those factors it deems relevant to its recommendation, including but not limited to the underlying reasons for the failure of the Director to receive a majority affirmative vote, the tenure and qualifications of the Director, the Director's past and expected future contributions, other policies and the overall composition of the Board, including whether accepting the resignation would cause the Company to fail to meet legal or stock market requirements.

Table of Contents

Following the Board's decision, the Company will publicly announce the Board's decision regarding any conditional resignation. A resigning Director cannot participate in committee or Board decisions regarding their resignations, except in certain cases where multiple directors have failed to receive majority affirmative votes, which circumstances are described in the full policy posted in the Investor Relations section of our website, <https://investors.interface.com/investor-relations/default.aspx>. The preceding summary of the policy is qualified in its entirety by reference to the full policy.

Risk Management

The Board receives quarterly reports on elements of risk that may potentially affect the Company, as identified and presented by management. The Board also assists in the Company's risk oversight through its various committees described above. For example, the Audit Committee recently has been given oversight responsibility for enterprise risk management, and is currently implementing a new framework for management's identification, monitoring and mitigation of the risks that pose the greatest threats to the Company. The Audit Committee also assists in overseeing the specific risks that relate to the Company's financial statements, financial reporting process and internal control system. In that regard, the Company's Director of Internal Audit and outside auditors report directly to the Audit Committee. The Nominating & Governance Committee assists in overseeing risk related to the Company's corporate governance practices as well as the performance of individual Board members and committees, while the Compensation Committee assists in overseeing risk as it relates to the Company's executive compensation program and practices.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines that provide the framework for the governance of the Company. Our Corporate Governance Guidelines are available on the Investor Relations section of our website, <https://investors.interface.com/investor-relations/default.aspx> and will also be made available to shareholders without charge upon request in writing to our corporate Secretary at Interface, Inc., 1280 West Peachtree Street NW, Atlanta, Georgia 30309. The information contained on our website is not included as part of, or incorporated by reference into, this Proxy Statement.

Code of Business Conduct & Ethics

The Board has adopted a Code of Business Conduct & Ethics that applies to all of our directors, officers and employees, including our Chief Executive Officer and Chief Financial and Accounting Officers. The Code is publicly available on the Investor Relations section of our website,

<https://investors.interface.com/investor-relations/default.aspx> and will also be made available without charge to any person upon request in writing to our corporate Secretary at Interface, Inc., 1280 West Peachtree Street NW, Atlanta, Georgia 30309. We intend to disclose amendments to, or waivers from, provisions of the Code that apply to any director or principal executive, financial or accounting officers on our website at www.interface.com, in lieu of disclosing such matters in Current Reports on Form 8-K.

APPROVAL of Executive Compensation

(ITEM 2)

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act (“Dodd-Frank Act”), the Company is asking its shareholders to vote, on an advisory basis, to approve the compensation of its Named Executive Officers as described in this Proxy Statement. This proposal, commonly known as a “say-on-pay” proposal, gives the Company’s shareholders the opportunity to express their views on the compensation of the Company’s Named Executive Officers. At the 2017 annual meeting of shareholders, the Company’s shareholders voted, on an advisory basis, to hold a say on pay vote every year. The Board of Directors subsequently determined that the Company will hold say on pay votes every year until the next required advisory vote on the frequency of say on pay votes occurs or until the Board of Directors otherwise determines that a different frequency for say on pay votes is in the best interests of the shareholders.

Our executive compensation program is designed to attract, reward and retain key employees, including our Named Executive Officers, who are critical to the Company’s long-term success. Shareholders are urged to read the “Compensation Discussion and Analysis” and “Executive Compensation” sections of this Proxy Statement for greater detail about the Company’s executive compensation programs, including information about the fiscal year 2018 compensation of the Named Executive Officers.

The Company is asking the shareholders to indicate their support for the compensation of the Company’s Named Executive Officers as described in this Proxy Statement by voting in favor of the following resolution:

“RESOLVED, that the shareholders approve, on an advisory, non-binding basis, the compensation paid to the Company’s Named Executive Officers as disclosed in the “Compensation Discussion and Analysis” and “Executive Compensation” sections, and the related compensation tables, notes, and narrative in this Proxy Statement.”

Even though this say-on-pay vote is advisory and therefore will not be binding on the Company, the Compensation Committee and the Board value the opinions of the Company’s shareholders. Accordingly, to the extent there is a significant vote against the compensation of the Named Executive Officers, the Board will consider the shareholders’ concerns and the Compensation Committee will evaluate what actions may be necessary or appropriate to address those concerns.

You may vote “for,” “against,” or “abstain” from the proposal to approve on an advisory basis the compensation of our Named Executive Officers.

Vote Required and Recommendation of the Board

Under the Company’s Bylaws, the compensation of the Named Executive Officers is approved on an advisory basis if the affirmative votes cast by the holders of the Company’s outstanding shares of Common Stock entitled to vote and represented (in person or by proxy) at the meeting exceed the negative votes. THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** THE APPROVAL OF EXECUTIVE COMPENSATION, AS DISCLOSED IN THIS PROXY STATEMENT, AND THE PROXY SUBMITTED BY TELEPHONE OR INTERNET OR PROXY CARD WILL BE VOTED IN THIS MANNER UNLESS THE SHAREHOLDER SUBMITTING THE PROXY SPECIFICALLY VOTES TO THE CONTRARY (OR ABSTAINS).

Compensation Discussion and Analysis

This Compensation Discussion and Analysis describes the compensation program for the Company's Named Executive Officers. For 2018, these individuals were:

Name	Title
Jay D. Gould	President and Chief Executive Officer. Mr. Gould previously served as the Company's President and Chief Operating Officer until his appointment as Chief Executive Officer on March 3, 2017
Bruce A. Hausmann	Vice President and Chief Financial Officer, who joined the Company April 10, 2017
Matthew J. Miller	Vice President (Division President – Americas)
Robert A. Coombs	Senior Vice President (Division President – Asia-Pacific), who retired on January 13, 2019, after more than 25 years of service with the Company
J. Chadwick Scales	Chief Marketing, Innovation and Design Officer, who separated from the Company effective October 5, 2018
Nigel Stansfield	Vice President (Division President – Europe, the Middle East and Africa (EMEA)), whose Division President role was expanded to also include Asia-Pacific in January 2019

Overall Philosophy and Objectives

The Company's compensation program is designed in a manner intended to both attract and retain a highly-qualified, motivated and engaged management team whose focus is on enhancing shareholder value. The Company believes a straightforward program that is readily understood and endorsed by its participants best serves these goals, and has constructed a program that contains (1) multiple financial elements, (2) clear and definitive targets, (3) challenging but attainable objectives, and (4) specified performance metrics. More specifically, the objectives of the Company's

management compensation program include:

Establishing strong links		Promoting and facilitating
between the Company's	Providing incentives for	management stock ownership,
performance and total	executives to achieve specific	and thereby motivating
compensation earned – i.e., performance objectives		management to think and act
“pay for performance”		as owners

Emphasizing the Company's	Offering market competitive
mid and long-term	total compensation
performance, thus enhancing	opportunities to attract and
shareholder value	retain talented executives

Table of Contents**Program Design and Administration**

The Compensation Committee of the Board of Directors, which is composed entirely of independent directors, has developed and administers the Company's executive pay program to provide compensation commensurate with the level of financial performance achieved, the responsibilities undertaken by the executives, and the compensation packages offered by comparable companies. The program currently consists of four principal components, each of which is designed to drive a specific behavioral focus, which in turn helps to provide specific benefits to the Company:

Program Component	Behavioral Focus	Ultimate Benefit to Company
Competitive base salary	Rewards individual competencies, performance and level of experience	Assists with attraction and retention of highly-qualified executives, and promotes management stability
Annual cash bonuses based on achievement of established goals	Rewards operational results of specific business units and Company as a whole	Aligns individual interests with overall short term (typically annual) objectives, and reinforces "pay for performance" program goals
Long-term incentives	Rewards engagement, longevity, sustained performance and actions designed to enhance overall shareholder value	Aligns individual interests with the long-term investment interests of shareholders, and assists with retention of highly-qualified executives
Other elements such as special incentives, retirement benefits and elective deferred compensation	Rewards targeted operational results, engagement and longevity, and sustained performance	Focuses enhanced efforts on a particular key objective, aligns individual interests with the long-term investment interests of shareholders, assists with the attraction and retention of highly-qualified executives, and promotes management stability

The Company strives to structure various elements of these program components so that a large portion of executive compensation is directly linked to advancing the Company's financial performance and the interests of shareholders. For 2018, those elements were mostly performance-based, as shown below (and based on target level achievement):

Table of Contents

Compensation Decision-Making

The Committee establishes base salaries for the executive officers, including the Named Executive Officers listed in the “Summary Compensation Table” included in this Proxy Statement. The Committee also administers the annual bonus program, the long-term incentive program, retirement benefits, deferred compensation arrangements, and, when applicable, special incentive programs.

The Company is currently benchmarking its executive compensation against a new peer group. In the Company’s outreach programs, shareholders emphasized the importance of benchmarking the Company’s compensation practices against its peer group. Following completion of the shareholder outreach program in November 2017, the Committee directly engaged Pearl Meyer & Partners, a nationally recognized, independent compensation consultant, to provide input on compensation matters. Specifically, the core activities of the engagement included, among other things:

- Revising and updating the Company’s peer group;
- Assessing the competitiveness of the executive compensation structure versus market values for comparable positions based on survey data and proxy disclosed peer data;
- Testing the alignment of actual executive pay and the Company’s performance, relative to peers;
- Developing recommendations for managing executive pay; and
- Preparing reports summarizing all findings and recommendations.

In 2018, the Committee reviewed a report from Pearl Meyer on the first phase of the engagement which involved reviewing and updating the Company’s peer group. In the analysis of possible peer group companies, the Committee considered various factors including the potential peer’s industry, business model, size and complexity. The Committee reviewed five alternative groups proposed by Pearl Meyer, and ultimately chose a new peer group that provides a robust sample size with minimal revenue dispersion and includes companies with a significant international presence that are also focused on sustainability. The new peer group selected by the Committee is comprised of:

Acuity Brands, Inc.	Albany International Corp.
Apogee Enterprises, Inc.	Armstrong Flooring, Inc.
Armstrong World Industries, Inc.	Caesarstone Ltd.
FLIR Systems, Inc.	Gentherm Incorporated
H. B. Fuller Company	Harsco Corporation
Herman Miller, Inc.	HNI Corporation
Kimball International, Inc.	Knoll, Inc.

Masonite International Corporation Materion Corporation
P. H. Glatfelter Company Steelcase Inc.
Unifi, Inc. Welbilt, Inc.

Page 28

Table of Contents

With this new peer group selected, Pearl Meyer and the Compensation Committee have been proceeding with the next phase of the engagement to benchmark the Company's compensation practices against the new peer group. The Committee received Pearl Meyer's benchmark study in July 2018, in preparation for establishing the Company's compensation programs for 2019. The work of Pearl Meyer to date has not raised any conflict of interest.

The Committee also seeks compensation input from the Company's Chairman, Chief Executive Officer, Chief Human Resources Officer, and General Counsel. In addition, the Committee takes into account publicly available data relating to the compensation practices and policies of other companies within and outside the Company's industry. Furthermore, the policies and programs described below are subject to change as the Committee deems necessary from time to time to respond to economic conditions, meet competitive standards and serve the objectives of the Company and its shareholders.

Compensation Risk Assessment

The Board, in conjunction with management, has reviewed our compensation policies and practices as generally applicable to our employees and determined that they do not encourage excessive risk or unnecessary risk taking and do not otherwise create risks that are reasonably likely to have a material adverse effect on the Company.

Our Performance

As described above in the Proxy Statement Summary, the Company achieved strong performance in 2018 compared with the prior year. Highlights appear below. The non-GAAP financial measures of adjusted operating income and adjusted EPS were utilized as 2018 performance criteria for our annual bonus plan and long-term equity incentives, respectively, as discussed further below.

Net sales increased 18% Non-GAAP organic sales increased 7% Adjusted gross margin remained strong at 38.7%

Adjusted operating income increased 13% to \$134 million	\$30 million returned to shareholders through dividends and stock repurchases	Adjusted EPS grew 26% to a record \$1.49
--	---	--

(Note: Please see Appendix A for a reconciliation of non-GAAP measures to the most directly comparable GAAP measures and an explanation of why we believe non-GAAP measures provide useful information to shareholders and the additional purposes for which we use non-GAAP measures.)

Discussion of Principal Elements of Compensation Program

Base Salaries

The Committee generally strives to set base salaries at the market median (50th percentile) of salaries offered by other employers in our industry and other publicly traded companies with characteristics similar to the Company (size, growth rate, etc.), based, by and large, on information provided by independent third party advisors while also considering internal equalization policies of the Company. Some of the companies considered from time to time are included in the list of companies comprising the “self-determined peer group” index used by our independent compensation consultant and used to create the stock performance graph included in the Company’s Annual Report on Form 10-K for the year ended December 30, 2018.

In addition, the Committee may consider other factors when setting individual salary levels, which may result in salaries somewhat above or below the targeted amount. These factors include the executive’s level of responsibility, achievement of goals and objectives, tenure with the Company, and specific background or experience, as well as external factors such as the availability of talent, the recruiting requirements of the particular situation, and general economic conditions and rates of inflation.

Base salary adjustments for executive officers generally are made (if at all) annually and are dependent on the factors described above. The changes in base salaries for the Named Executive Officers, and the rationale for those changes, is set forth below.

Table of Contents

Name	2017 Base Salary	2018 Base Salary	% Change	Rationale
Jay Gould	\$900,000	\$927,000	3%	Merit
Bruce Hausmann	\$420,000	\$432,600	3%	Merit
Matt Miller	\$412,000	\$424,360	3%	Merit
Rob Coombs	AUS\$498,505	AUS\$513,460	3%	Merit
Chad Scales*	\$350,000	\$360,500	3%	Merit
Nigel Stansfield**	£221,510	£228,155	3%	Merit

* Mr. Scales separated from the Company, effective October 5, 2018.

** On May 1, 2018, a cash supplement payment that historically had been paid to Mr. Stansfield in lieu of UK pension plan participation was rolled into his base salary, thus bringing his annual base salary to £269,455.

Please see the “Summary Compensation Table” included in this Proxy Statement for the salaries paid to the Named Executive Officers in 2018.

Annual Bonuses

The Committee administers the shareholder-approved Executive Bonus Plan, which provides bonus opportunities for Company executives. The bonus opportunities provide an incentive for executives to earn compensation based on the achievement of important corporate or business unit (division or subsidiary) financial performance. In determining the appropriate bonus opportunities, the Committee seeks to establish potential awards that, when combined with annual salary, place the total overall cash compensation opportunity for the Company’s executives at the market 50th percentile for comparable companies, provided that the performance objectives are substantially achieved.

For 2018, each executive officer of the Company was assigned a bonus potential, and a personalized set of annual financial objectives. Mr. Gould’s bonus potential was 150% of base salary. The bonus potential for Messrs. Hausmann, Miller, Coombs and Stansfield was 90% of base salary, and the bonus potential for Mr. Scales was 60% of base salary. Actual awards could range from 0% to 150% of the bonus potential, depending on the degree to which the established financial objectives were achieved, and were paid on an annual basis approximately 60 days following the end of the year.

In 2018, 100% of the bonus potential for the Chief Executive Officer, Chief Financial Officer and each of the other Named Executive Officers was based on measurable financial objectives. For Messrs. Gould, Hausmann and Scales, these objectives consisted of operating income and cash flow, and the relative weights assigned to these financial objectives were 75% and 25%, respectively. For Messrs. Miller, Coombs and Stansfield (who managed the Company’s

Americas, Asia-Pacific and EMEA divisions, respectively), the objectives and relative weights assigned were divisional operating income (50%), consolidated operating income (25%) and divisional cash flow (25%).

For each financial objective, the Committee establishes a threshold amount, a goal amount, and a maximum amount. The threshold amount must be achieved in order for any bonus amount to be earned with respect to that objective (and no bonus is payable whatsoever if the threshold amount for operating income is not exceeded). A pro rata bonus amount is earned based upon (i) the degree to which the threshold amount (resulting in a “cut in” payout equal to 25% of the bonus potential for that criterion) is exceeded, up to the goal amount (resulting in a payout equal to 100% of the bonus potential for that criterion), or (ii) the degree to which the goal amount (resulting in a payout equal to 100% of the bonus potential for that criterion) is exceeded, up to the maximum amount (resulting in a payout equal to 150% of the bonus potential for that criterion). The approach to goal setting involves a process of reviewing, among other things, our prior year’s financial performance, our annual operating plan, and our short-term and long-term strategic objectives. We also take into account the need for setting goals that are challenging yet reasonably achievable so as to provide a competitive pay package necessary for the retention of our talent. With respect to cash flow in particular, the Committee sets the targets, in its discretion, taking into account anticipated growth initiatives, capital expenditures, research and development costs, debt maturities, and other cash uses that the Committee deems relevant. Consideration of these factors may result in a cash flow target that is above or below the previous year’s cash flow target. Given this methodology, the Committee believes that the threshold level, while challenging, is reasonably likely to be achieved in normalized market conditions, the goal amount is achievable with strong management performance, and the maximum amount would encourage and reward outstanding performance.

Table of Contents

For example, the Company's 2018 annual thresholds, goals and maximums (based upon the legacy Interface business, without the acquired nora business) that were applicable for Messrs. Gould, Hausmann and Scales, adjusted as discussed below, were as follows:

Criteria	Threshold	Goal	Maximum
Adjusted Operating Income	\$100,000,000	\$125,000,000	\$135,000,000
Cash Flow	\$32,000,000	\$45,000,000	\$58,000,000

For 2018, adjusted operating income (see Appendix A) excluded: (1) restructuring and asset impairment charges; (2) effects from the enactment of the federal Tax Cuts and Jobs Act in December 2017; and (3) the effects of purchase accounting and transaction related expenses in connection with the Company's acquisition of nora systems. For compensation purposes, the Committee also excluded the operating results of the acquired nora business, certain other nonrecurring expenses, in addition to acquisition-related expenses. As so calculated, the Company's 2018 adjusted operating income grew to approximately \$123.7 million, thus exceeding the established threshold amount, and the Company's cash flow exceeded the established maximum amount.

Strong operating income and cash flow also were achieved during 2018 in the Company's Americas division (managed by Mr. Miller) and EMEA division (managed by Mr. Stansfield). Strong operating income also was achieved during 2018 in the Company's Asia-Pacific division (managed during 2018 by Mr. Coombs), although it did not surpass the threshold amount for cash flow and thus no bonus was earned for that criterion. Based on the Company's performance, overall 2018 bonus achievement was approximately 110% of bonus opportunity for Messrs. Gould and Hausmann, 91% of bonus opportunity for Mr. Miller, 60% of bonus opportunity for Mr. Coombs, and 114% of bonus opportunity for Mr. Stansfield. (Mr. Scales' employment with the Company ended in October 2018 and, pursuant to his governing employment letter, his bonus upon separation was based on an average of the bonuses paid for the prior two fiscal years.) Please see the "Summary Compensation Table" included in this Proxy Statement for the bonus amounts paid to the Named Executive Officers for 2018.

Long-Term Incentives

The Committee administers the shareholder-approved Interface, Inc. Omnibus Stock Incentive Plan (the "Omnibus Stock Plan"), which is an equity-based plan that allows for long-term incentive awards such as restricted stock, performance shares and stock options. The Omnibus Stock Plan provides for the grant to key employees and directors of the Company and its subsidiaries of restricted stock, incentive stock options (which qualify for certain favorable tax treatment), nonqualified stock options, stock appreciation rights, deferred shares, performance shares and performance units. The size of the awards made to individual officers is based on an evaluation of several factors, including the officer's level of responsibility, the officer's base salary and the Company's overall compensation objectives. The

amount and nature of prior equity incentive awards also are generally considered in determining new Omnibus Stock Plan awards for executive officers.

Long-term incentives are intended to attract and retain outstanding executive talent, create a direct link between shareholder and executive interests by focusing executive attention on increasing shareholder value, and motivate executives to achieve specific performance objectives. For instance, stock options (when granted) have an exercise price equal to at least 100% of the market price of the underlying Common Stock on the date of grant. Thus, the stock options only have value if the market price of the Company's stock rises after the grant date. Additionally, restricted stock and performance share awards generally vest, in whole or in part, over a period of multiple years (three years for grants made in recent years), giving the executive an incentive to remain employed with the Company for a significant time period to have the opportunity to vest in an award. Moreover, awards of restricted stock and performance shares may vest earlier if specific performance criteria designed to drive shareholder value are met. All equity awards (whether restricted stock, performance shares or otherwise) will have a minimum vesting period or minimum performance period of at least one year.

Description of Available Awards

Restricted Shares

Awards of restricted shares under the Omnibus Stock Plan generally vest over a period of multiple years following the date of award. The Committee may, in its discretion, also establish performance criteria for these awards, and the restricted shares may vest earlier if such performance criteria are satisfied. Unvested awards are also subject to forfeiture under certain circumstances. All restricted shares awarded to date have been made without consideration from the participant (although the Omnibus Stock Plan authorizes the Committee, in connection with any award, to require payment by the participant of consideration, which can be less than the fair market value of the award on the date of grant). Awards of restricted stock generally will not be transferable by the participant other than by will or applicable laws of descent and distribution.

Table of Contents

Performance Shares

Performance shares are awards reflected in a bookkeeping entry that records the equivalent of one share of Common Stock that may subsequently be earned and payable (and issued) to the participant if specified performance criteria established by the Committee are satisfied. Awards of performance shares may be settled in Common Stock, cash, or a combination thereof, at the Company's election. Grants of performance shares may provide for the payment to the participant of dividend equivalents on a current, deferred or contingent basis; provided, in all of our past awards of performance shares, we have accrued dividend equivalents that are paid only if and when the underlying performance shares vest. Awards of performance shares generally will not be transferable by the participant other than by will or applicable laws of descent and distribution.

Stock Options

Options granted under the Omnibus Stock Plan may be incentive stock options (as defined in Section 422 of the Internal Revenue Code of 1986, as amended), nonqualified stock options or a combination of the foregoing, although only employees are eligible to receive incentive stock options. All options under the Omnibus Stock Plan will be granted at an exercise price per share equal to not less than 100% of the fair market value of the Common Stock on the date the option is granted. Options may be structured to vest over a period of multiple years. Options granted under the Omnibus Stock Plan expire following a pre-determined period of time after the date of grant (which may not be more than 10 years after the grant date), and generally will terminate on the date three months following the date that a participant's employment with the Company terminates.

The Company receives no consideration upon the granting of an option. Full payment of the option exercise price must be made when an option is exercised. The exercise price may be paid in cash or in such other form as the Committee may approve, including shares of Common Stock valued at their fair market value on the date of option exercise. Options generally will not be transferable by the holder thereof other than by will or applicable laws of descent and distribution.

The Committee has not granted stock options to any executive officer in the past three years.

Other Potential Awards

The Omnibus Stock Plan also provides for the award of stock appreciation rights, deferred shares and performance units. The Committee has not granted any of these other types of awards to any executive officer.

2016 Omnibus Stock Plan Awards

For 2016, the Committee divided the executives' equity awards (for those who were employed by the Company at that time) into three equal subparts.

The first subpart of each 2016 award was granted as time-based restricted stock, and the shares would vest 100% on the third anniversary of the grant date (in January 2019), if the executive remained employed with the Company until that date. The executive also had the right to receive any cash dividends paid on this time-based restricted stock, throughout the three-year term.

The second subpart of the 2016 award was granted as performance shares. The first one-third of this subpart was eligible to vest based on the Company's earnings per share ("EPS") in 2016, the second one-third of this subpart was eligible to vest based on the Company's EPS in 2017, and all shares (to the extent not previously vested) were eligible to vest based on the Company's EPS in 2018. The amount of performance shares that vested was determined pro rata based upon (i) the degree to which an applicable EPS threshold level was achieved (at which point 25% of the performance shares would vest) or exceeded up to an applicable EPS target level (at which point 100% of the performance shares would vest), or (ii) the degree to which the applicable EPS target level was exceeded up to an applicable EPS maximum level (at which point two times the nominal performance shares would vest). There was no "time vesting" opportunity for this subpart. The Company does not pay dividends on unvested performance shares. Rather, "dividend equivalents" accrue on these awards of performance shares and are paid only if and when the related performance shares vest.

The third subpart of the 2016 award also was granted as performance shares, with an opportunity for the award to vest based on the Company's cumulative adjusted operating income during the three-year performance period of 2016-2018. The pro rata vesting structure and dividend equivalent provisions were essentially the same as those described for the second subpart above.

Table of Contents

The threshold, goal and maximum achievement levels for this award required approximately 6%, 12% and 18% compound growth, respectively, each year, which yielded the following targets for the portion of this award that was eligible to vest based on 2018 EPS:

Criteria	Threshold	Goal	Maximum
Adjusted EPS	\$1.29	\$1.52	\$1.77

For 2018, adjusted EPS (see Appendix A) excluded: (1) restructuring and asset impairment charges; (2) effects from the enactment of the federal Tax Cuts and Jobs Act in December 2017; and (3) the effects of purchase accounting and transaction related expenses in connection with the Company's acquisition of nora systems. For compensation purposes, the Compensation Committee also excluded certain other nonrecurring expenses, in addition to acquisition-related expenses. As so calculated, the Company's 2018 adjusted EPS grew to \$1.40, thus exceeding the established threshold amount.

Based on this performance, the Named Executive Officers vested in approximately 61% of the portion of this award that was based on 2018 EPS growth.

For the portion of this award that was eligible to vest based on the Company's cumulative adjusted operating income during the three-year performance period of 2016-2018, the threshold, goal and maximum achievement levels were as follows:

Criteria	Threshold	Goal	Maximum
Adjusted Cumulative Operating Income	\$338,000,000	\$422,000,000	\$456,000,000

The Company's adjusted cumulative operating income was calculated for compensation purposes in the same manner as adjusted EPS. As so calculated, for the three-year performance period of 2016-2018, cumulative adjusted operating income grew to approximately \$345,545,000, thus exceeding the established threshold amount.

Based on this performance, the Named Executive Officers vested in approximately 32% of the portion of this award that was based on 2016-2018 cumulative operating income.

2017 Omnibus Stock Plan Awards

The 2017 equity awards were structured in a manner similar to the 2016 awards. One-third of the 2017 awards were granted as time-based restricted stock with the same vesting and dividend provisions described above. The other two-thirds were granted in a single award of performance shares with two separate, independent vesting criteria. In 2017, the Compensation Committee eliminated the use of operating income as a performance measure in the Company's long-term equity incentive awards. Thus, we now use the following performance metrics, none of which are duplicative: (i) for annual bonus plan metrics: operating income and cash flow, and (ii) for equity incentive plan metrics: EPS and Total Shareholder Return ("TSR"). For the 2017 equity awards, the first vesting criterion is the Company's EPS during the years 2017 to 2019, structured in the same way described above with respect to the 2016 awards. The second vesting criterion is based on the Company's TSR compared with its peer group during the three-year performance period of 2017 to 2019 with the following vesting opportunities (less any shares vested under the EPS criteria described above):

TSR Percentile 2017-2019	Amount Vests (% of Nominal Award)
Less than 50 th	0%
50 th to 75 th	Pro rata 50% to 100%
Greater than 75 th	100%

The 2017 awards also include a "double trigger" change-in-control vesting provision whereas the 2016 and earlier awards included "single trigger" change-in-control vesting provisions. In other words, the 2017 awards would not vest based solely on the occurrence of a change in control alone; rather, there must be "second trigger" of either (i) an involuntary separation from service or (ii) a separation from service for "Good Reason" (essentially, resignation in the face of negative changes in executive's employment relationship with the Company).

The threshold, goal and maximum achievement levels for this award required approximately 6%, 12% and 18% compound growth, respectively, each year, which yielded the following targets for the portion of this award that was eligible to vest based on 2018 EPS:

Criteria	Threshold	Goal	Maximum
Adjusted EPS	\$1.16	\$1.29	\$1.43

Table of Contents

The Company's 2018 EPS performance for the 2017 equity awards was calculated for compensation purposes in the same manner as for the 2016 equity awards, thus exceeding the established goal amount. Based on this performance, the Named Executive Officers vested in approximately 179% of the portion of this award that was based on 2018 EPS growth.

2018 Omnibus Stock Plan Awards

The 2018 equity awards were structured in a manner similar to the 2017 and 2016 awards. One-third of the 2018 awards were granted as time-based restricted stock with the same vesting and dividend provisions described above. The other two-thirds were granted in a single award of performance shares with two separate, independent vesting criteria. The first vesting criterion is the Company's EPS during the years 2018 to 2020, structured in the same way described above with respect to the 2017 and 2016 awards. The second vesting criterion is based on the Company's TSR compared with its peer group during the three-year performance period of 2018 to 2020, structured in the same way described above with respect to the 2017 awards. The 2018 awards also include a "double trigger" change-in-control vesting provision in the same way as the 2017 awards.

The threshold, goal and maximum achievement levels for this award required approximately 6%, 12% and 18% compound growth, respectively, each year, which yielded the following targets for the portion of this award that was eligible to vest based on 2018 EPS:

Criteria	Threshold	Goal	Maximum
Adjusted EPS	\$1.24	\$1.31	\$1.38

The Company's 2018 EPS performance for the 2018 equity awards was calculated for compensation purposes in the same manner as for the 2016 and 2017 equity awards, thus exceeding the established maximum amount. Based on this performance, the Named Executive Officers vested in approximately 200% of the portion of this award that was based on 2018 EPS growth.

As demonstrated above, the Committee believes the structure of the performance-based equity awards is appropriately designed to pay for performance, and that the structure strikes a proper balance among motivating management, rewarding strong management performance, and accounting for the regular cyclicity of our industry that is outside of management's control.

Other Elements of Compensation Program

In addition to the principal compensation program elements described above, the Company has adopted a number of other elements to further its compensation program goals. They are as follows:

401(k) Plan and Other Defined Contribution Plans Limited Perquisites

Elective Deferred Compensation Program Special Incentives

Severance Agreements

401(k) Plan and Other Defined Contribution Plans

The Company maintains the Interface, Inc. Savings and Investment Plan (the “401(k) Plan”), a tax-qualified 401(k) plan which provides its U.S.-based employees a convenient and tax-advantaged opportunity to save for retirement. The Company’s Named Executive Officers who are based in the United States are eligible to participate in the 401(k) Plan on the same terms as other executive and non-executive employees based in the United States, and receive the same benefits afforded all other participants. Under the 401(k) Plan, all participating employees are eligible to receive matching contributions that are subject to vesting over time. The Company periodically evaluates the level of matching contributions afforded participant employees to ensure competitiveness in the marketplace. The Company matches 50% of the first 6% of the employee’s eligible compensation (capped by statutory limitations) that the employee contributed to the 401(k) Plan.

Mr. Coombs participates in a defined contribution plan in Australia called a “superannuation plan”. Pursuant to this plan, the Company contributed \$58,517.01 to Mr. Coombs’s account in 2018.

Elective Deferred Compensation Program

The Company also maintains the Interface, Inc. Nonqualified Savings Plan II (the “Nonqualified Plan”) for certain U.S.-based “highly compensated employees” (as such term is defined in applicable IRS regulations), including the Named Executive Officers who are based in the United States. The compensation level required to participate in the Nonqualified Plan was \$120,000 in total annual compensation, and the Company had 112 participants in the plan (including both current and former employees) at the end of 2018. As with the Company’s 401(k) Plan, the Named Executive Officers who are based in the United States are eligible to participate in the Nonqualified Plan on the same terms as other executive and non-executive eligible employees based in the United States, and receive the same benefits afforded all other participants. Under the Nonqualified Plan, all eligible employees can elect to defer, on a pre-tax basis, a portion of their salary and/or annual bonus compensation. The Company matches 50% of the first 6% of the employee’s eligible salary and bonus (and sales commissions, if applicable) that was deferred, less any potential

Company matching amounts under the 401(k) Plan.

Table of Contents

Please see the “Non-Qualified Deferred Compensation” table included in this Proxy Statement for further details regarding the Nonqualified Plan, as well as the Company’s Named Executive Officers’ contributions, earnings and account balances applicable to the Nonqualified Plan for fiscal year 2018.

Pension/Salary Continuation Programs

Foreign Defined Benefit Plans

The Company has trustee-administered defined benefit retirement plans (“Pension Plans”) which cover certain of its overseas employees. The benefits are generally based on years of service and the employee’s average monthly compensation. As determined by their respective trustees, the investment objectives of the Pension Plans are to maximize the return on the investments without exceeding the limits of prudent pension fund investment and to ensure that the assets ultimately will be sufficient to exceed minimum funding requirements. The goal is to optimize the long-term return on plan assets at a moderate level of risk, by balancing higher-returning assets, such as equity securities, with less volatile assets, such as fixed income securities. The assets are managed by professional investment firms and performance is evaluated periodically against specific benchmarks. The Pension Plans’ net assets did not include any shares of the Company’s own stock at the end of fiscal year 2018. None of our Named Executive Officers are participants in these plans.

Employment and Severance Agreements

The Company has employment agreements in effect with each of Messrs. Gould and Stansfield, and had an employment agreement in effect with Mr. Coombs until his retirement in January 2019. These agreements generally provide for certain benefits (salary, bonus, medical benefits, etc.) in the event of a termination of employment without “cause” (as may be defined in the agreements), as well as certain benefits upon his resignation or a termination due to death or disability. These agreements also contain provisions placing restrictions on the individual’s ability to compete with the Company, or solicit its customers or employees, for a specified period of time following termination of employment. For Messrs. Gould and Coombs, these agreements also provide for certain benefits in the event of a termination of employment in connection with a “Change in Control” (as defined in the agreements) of the Company.

The Company also has a Severance Protection and Change in Control Agreement with Mr. Miller that provides for certain severance benefits if Mr. Miller's employment is terminated involuntarily without cause or in connection with a change in control. The agreement also contains provisions placing restrictions on Mr. Miller's ability to compete

with the Company for a period of 12 or 24 months following termination of employment, depending on the circumstances of termination.

Mr. Hausmann does not have an employment agreement, nor did Mr. Scales prior to his separation from the Company in October 2018. In the event of a termination, each is (or, for Mr. Scales, was) entitled to receive only those benefits outlined in (i) their respective employment offer letters, (ii) the Company's policies (including, without limitation, severance and benefits) applicable to similarly situated employees in the U.S., and (iii) the terms of his individual equity award agreements in effect at the time.

Please see the further discussion below in the "Potential Payments Upon Termination or Change of Control" section of this Proxy Statement regarding the respective employment and change in control agreements of the Company's Named Executive Officers.

Perquisites

In order to provide a market competitive total compensation package to certain of the Company's executive officers, including the Named Executive Officers, the Company provides a limited set of perquisites that it believes enable its Named Executive Officers to perform their responsibilities efficiently and with minimal distractions. The perquisites provided to one or more Named Executive Officers in 2018 included the following:

Company-provided automobile/allowance Long-term care and life insurance

Company-provided telephone

Please see the "Summary Compensation Table" included in this Proxy Statement (and the notes thereto) for a more detailed discussion of these perquisites and their valuation.

Table of Contents

Special Incentive Programs

From time to time, in its discretion, the Committee may implement special incentive programs which provide executives an opportunity to earn additional compensation if specific performance objectives (such as stock price appreciation, debt reduction, cash accumulation, or attainment of a specified financial ratio) are met. No special incentive programs have been used in the past several years.

Stock Ownership and Retention Guidelines

To further tie the financial interests of Company executives to those of shareholders, the Committee has established stock ownership and retention guidelines. In 2016, the Committee increased the stock ownership and retention guidelines, so that executives are now expected to accumulate a number of shares (unrestricted) of the Company's Common Stock having a value equaling three times base salary in the case of the Chief Executive Officer and two times base salary in the case of the other executive officers (based on salaries and the stock price at the time the new guidelines were adopted). The expectation is for executives to reach this ownership level by March 2020 (or within four years of joining the Company). As of the end of 2018, Messrs. Gould and Coombs had met this new target, while Messrs. Hausmann (who joined the Company in April 2017), Miller and Stansfield remained on track to meet the guideline. (Mr. Scales separated from the Company effective as of October 5, 2018. As a result, he is no longer subject to our stock ownership and retention guidelines.) To facilitate accomplishing the ownership targets, executive officers generally are expected to retain at least one-half of the net after-tax shares (i.e., the net shares remaining after first selling or the withholding of sufficient shares to cover the anticipated tax liability and, in the case of stock options, the exercise price) obtained upon the vesting of equity awards and the exercise of stock options.

Directors also are subject to stock ownership requirements. Directors are required to hold 2,000 unrestricted shares. Any new director is required to accumulate these shares by the second anniversary of his or her election. As a guideline, non-employee directors also are expected to retain during their tenure all of the net after-tax shares obtained upon the vesting of restricted stock and at least one-half of the net after-tax shares obtained upon the exercise of stock options. All current directors (with the exception of Ms. Kilbane, who joined the Board in July 2018) have met this stock ownership standard.

The Company has a policy that generally prohibits all of its employees, officers and directors from engaging in short sales or trading in puts, calls and other options or derivatives with respect to the securities of the Company.

Compensation Deductibility

Prior to enactment of The U.S. Tax Cuts and Jobs Act (the “Tax Act”), an income tax deduction under U.S. federal law was generally available for annual compensation in excess of \$1 million paid to certain “covered employees” of a public corporation if that compensation qualified as “performance-based” compensation under Section 162(m) of the U.S. tax code. Prior to the Act, “covered employees” included the chief executive officer and the next three highest paid executive officers (excluding the chief financial officer), determined as of the end of a taxable year. Executive compensation under the Company’s Executive Bonus Plan, described above, met these requirements and qualified for an income tax deduction under U.S. federal law prior to the Tax Act.

The Tax Act eliminated the “performance-based” deduction beginning January 1, 2018, expanded the definition of “covered employees” to include the chief financial officer, and made “covered employee” status permanent for any executive who was a “covered employee” for any taxable year beginning after December 31, 2016. However, the Tax Act provided a transition rule with respect to remuneration which was paid pursuant to a written binding contract which was in effect on November 2, 2017, and which was not materially modified after that date. As a result of the Tax Act, the Company currently expects that any compensation amounts paid in excess of \$1 million to any “covered employee” in respect of fiscal 2018 and beyond will no longer be deductible. The Company’s expectation is that this change will not have a material effect on its operating results or financial condition

Although the Committee considers deductibility issues when approving executive compensation elements, the Company and the Committee believe that other compensation objectives, such as attracting, retaining and providing incentives to qualified managers, are important and may supersede the goal of maintaining deductibility. Consequently, the Company and the Committee may make compensation decisions without regard to deductibility when it is deemed to be in the best interests of the Company and its shareholders to do so.

Mr. Coombs was paid in Australian dollars in 2018, 2017 and 2016 (and also a portion in Singapore Dollars in 2017). In calculating the U.S. dollar equivalent for disclosure purposes, the Company has converted (i) each payment in Australian dollars into U.S. dollars based on the exchange rate in effect as of the end of the year (AUS\$1 to \$0.75 for 2018, AUS\$1 to \$0.78 for 2017, and AUS\$1 to \$0.72 for 2016) and (ii) each payment in Singapore dollars into U.S. dollars based on the exchange rate in effect as of the end of the year (SGD\$1 to \$0.72 for 2017).

Table of Contents

Mr. Stansfield was paid in British pound sterling. In calculating the U.S. dollar equivalent for disclosure purposes, ** the Company has converted each payment in British pound sterling into U.S. dollars based on the exchange rate in effect as of the end of the year (£1 to \$1.34 for 2018).

(1) The Company paid no discretionary bonuses, or bonuses based on performance metrics that were not pre-established and communicated to the Named Executive Officers. All cash bonus awards were performance-based. These payments, which were made under the Company's Executive Bonus Plan, are reported in the "Non-Equity Incentive Plan Compensation" column (column (g)).

(2) The amounts reported in the "Stock Awards" column are computed based upon the grant date fair values as of the respective grant dates. See the Note entitled "Shareholders' Equity" to the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 30, 2018, regarding assumptions underlying valuation of equity awards. See the "Grants of Plan-Based Awards" table included in this Proxy Statement for additional information about equity awards granted in 2018, and the "Outstanding Equity Awards at Fiscal Year-End" table included in this Proxy Statement for information with respect to awards outstanding at year-end 2018. The ultimate payout value with respect to the "Stock Awards" included in column (e) may be significantly more or less than the amounts shown, and possibly zero, depending on the Company's financial performance at the end of the performance or restricted period and the recipient's tenure of employment. For a description of the performance criteria, please see the discussion contained in the "Compensation Discussion and Analysis" section herein.

(3) The amounts reported in the "Non-Equity Incentive Plan Compensation" column reflect the amounts earned by and paid to each Named Executive Officer under the Company's Executive Bonus Plan. The material provisions of the Executive Bonus Plan are more fully described in the "Compensation Discussion and Analysis" section included herein.

(4) The Named Executive Officers do not participate in a Pension Plan, and the Company does not pay any above-market interest (or any guaranteed interest rate) on its Nonqualified Plan.

(5) The amounts reported in the "All Other Compensation" column reflect, for each Named Executive Officer, the sum of (i) the incremental cost to the Company of all perquisites and other personal benefits, and (ii) amounts contributed by the Company to the 401(k) Plan, Nonqualified Plan or superannuation plan (collectively, the "Company Retirement Plans"). The material provisions of the Company Retirement Plans are contained in the "Compensation Discussion and Analysis" section herein.

The following table outlines those perquisites and all other compensation required by SEC rules to be separately quantified that were provided to the Company's Named Executive Officers during 2018.

Automobile/Automobile Allowance. Each of the Named Executive Officers were provided with use of a company-provided automobile, or an automobile allowance, plus fuel and maintenance.

Table of Contents

Telephone. The Company paid certain fees associated with the Named Executive Officers' use of company-provided cellular telephones.

Long-Term Care and Life Insurance. The Company paid certain premiums associated with long-term care and life insurance policies.

Other. For Mr. Gould, the amount represents reimbursement of tax advisory and return preparation services. For Mr. Scales, the amount represents cash separation and vacation payouts received pursuant to his separation agreement with the Company.

Dividends on Restricted Stock. In 2018, the Company paid on all outstanding Common Stock of the Company (including time-based awards of restricted stock, but not on unvested performance shares) dividends of \$0.065 per share in each quarter. The amounts in the "Dividends on Restricted Stock" column reflect dividends on the restricted shares of each Named Executive Officer in 2018.

Contributions to Retirement Plans. The Company makes matching contributions, on the same terms and using the same formulas as for other participating employees, to each U.S.-based Named Executive Officer's account under the 401(k) Plan and the Nonqualified Plan, as applicable.

The amounts reflected below represent the contributions by the Company:

Name	Year	Company	Company

As non-U.S. employees, Messrs. Coombs and Stansfield are ineligible to participate in the 401(k) Plan and the Nonqualified Plan. Mr. Coombs does participate in a defined contribution “superannuation” plan in Australia, where the company’s contribution to his plan account was \$58,517 in 2018, \$21,086 in 2017, and \$17,993 in 2016.

In 2018, salary as a percentage of total compensation (excluding change in pension value) for each of Messrs. Gould, Hausmann, Miller, Coombs, Scales and Stansfield was 18%, 28%, 28%, 30%, 33% and 29%, respectively. (6) In 2017, this percentage for each of Messrs. Gould, Hausmann, Miller, Coombs and Scales was 19%, 14%, 28%, 28% and 29%, respectively. In 2016, this percentage for each of Messrs. Gould, Miller, Coombs and Scales was 29%, 37%, 26% and 29%, respectively.

(7) Mr. Scales separated from the Company, effective October 5, 2018. As a result, Mr. Scales’ 2018 salary reflects a partial year of service as VP and Chief Marketing, Innovation and Design Officer.

* Estimated potential payments under Non-Equity Incentive Plan Awards for Messrs. Coombs and Stansfield are converted into U.S. dollars based on the exchange rate as of the end of fiscal year 2018.

The payment amounts reflected in columns (c), (d) and (e) represent amounts associated with awards potentially earned for fiscal 2018 by the Company's Named Executive Officers under the Company's Executive Bonus Plan. The total bonus opportunity under the Executive Bonus Plan (expressed as a percentage of 2018 base salary) was (1) 150% for Mr. Gould, 90% for Messrs. Hausmann, Miller and Coombs, and 60% for Mr. Scales. Up to 150% of the bonus opportunity may be earned for maximum achievement. Certain additional material provisions of the Executive Bonus Plan are more fully described in the "Compensation Discussion and Analysis" section included herein.

The amounts reflected in column (g) represent the number of shares of restricted stock and performance shares granted to the executives in 2018 under the Omnibus Stock Plan. See the Compensation Discussion and Analysis (2) herein for additional information on these awards. These shares of restricted stock and performance shares are included in the "Stock Awards" column (column (e)) of the Summary Compensation Table.

The amounts reflected in column (l) represent the dollar value of restricted stock and performance shares awarded to the executives, calculated by multiplying the number of shares (assuming target payout) awarded by the closing (3) price of the Company's Common Stock as reported by the Nasdaq Stock Market on the trading date immediately preceding the date of grant.

The Company maintains the Nonqualified Plan for certain U.S.-based “highly compensated employees” (as such term is defined in applicable IRS regulations), including each of the Named Executive Officers. As with the (1) Company’s 401(k) Plan, the Named Executive Officers are eligible to participate in the Nonqualified Plan on the same terms as other eligible executive and non-executive employees based in the United States, and receive the same benefits afforded all other participants.

Table of Contents

Under the Nonqualified Plan, all eligible employees can elect to defer, on a pre-tax basis, a portion of their salary and/or annual bonus compensation. Each participant elects when the deferred amounts will be paid out, which can be during or after employment, subject to the provisions of Section 409A of the Internal Revenue Code. The employee earns a deferred return based on deemed investments in mutual funds selected by the employee from a list provided by the Company. The investment risk is borne entirely by the employee participant. Gains and losses are credited based on the participant's election of a variety of deemed investment choices. Participants' accounts may or may not appreciate, and may even depreciate, depending on the performance of their deemed investment choices. None of the deemed investment choices provide interest at above-market rates (or any guaranteed interest rate). The Company has established an irrevocable grantor ("rabbi") trust to hold, invest and reinvest deferrals and contributions under the Nonqualified Plan, and all deferrals are paid out in cash upon distribution.

The amounts reported in column (c) reflect, for each Named Executive Officer (as applicable), the actual amounts (2) contributed by the Company to the Nonqualified Plan during fiscal year 2018 (including contributions in 2018 with respect to compensation deferrals in 2017).

The amounts reported in column (d) were not reported as compensation to the Named Executive Officers in the (3) Company's Summary Compensation Table. However, the Company's matching contributions reported in column (c) are included in the "All Other Compensation" column of the Company's Summary Compensation Table.

CEO Pay Ratio

As required by SEC rules, we are disclosing the median of the annual total compensation of all employees of Interface (excluding the CEO), the annual total compensation of the CEO, and the ratio of the median of the annual total compensation of all employees to the annual total compensation of the chief executive officer.

The Company reviewed its global employee population as of December 30, 2018, to prepare the analysis. As of December 30, 2018, the date selected by the Company for purposes of choosing the median employee, the global employee population consisted of approximately 3,099 individuals, with 49% of these individuals located in the United States. The median employee was selected using data for the following elements of compensation: salary, equity awards, incentive compensation, and non-equity incentive compensation, over a trailing 12-month period from payroll records.

For purposes of reporting annual total compensation and the ratio of annual total compensation of the CEO to the median employee, both the CEO and median employee's annual total compensation are calculated consistent with the disclosure requirements of executive compensation under Item 402(c)(2)(x) of Regulation S-K.

For 2018, the median employee's annual total compensation was \$55,137, and the total annual compensation of our CEO was \$5,101,667. Based on this information, the ratio of the total annual compensation of our CEO to the total annual compensation of our median employee for fiscal 2018 was 93:1. The median employee was located in the United States.

We have excluded 1,194 employees of nora Holding GmbH and its affiliates, which were acquired during 2018 in a transaction that closed on August 7, 2018. The only other adjustment made by the Company was using the average exchange rate for December 30, 2018 to convert international total compensation. There were no other adjustments permissible by the SEC, nor have any material assumptions or estimates been made to identify the median employee or to determine total annual compensation.

Table of Contents**2018 Director Compensation**

The following table provides information about the compensation paid to the Company's directors in 2018 (excluding Mr. Gould, who is a Named Executive Officer and does not receive additional compensation for Board or Committee service and whose compensation is presented in the Summary Compensation Table included above).

For fiscal year 2018, the Company’s non-employee directors (“outside directors”) were paid an annual director’s fee of \$80,000. Outside directors who serve on the Audit Committee, the Compensation Committee and the Nominating & Governance Committee were paid an additional \$5,000 per year, except that the respective (1) Chairpersons of the Audit Committee, Compensation Committee and Nominating & Governance Committee were paid an additional \$10,000 per year (rather than \$5,000). In addition, the lead independent director of the Board was paid an incremental \$10,000 per year. Directors also were reimbursed for expenses in connection with attending Board and Committee meetings.

The amounts reported in the “Stock Awards” column are computed based upon the aggregate grant date fair value of the respective awards. See the Note entitled “Shareholder’s Equity” to the Consolidated Financial Statements in the Company’s Annual Report on Form 10-K for the year ended December 30, 2018, regarding assumptions underlying valuation of equity awards. The ultimate payout value may be significantly less than the amounts shown, and possibly zero, depending on the recipient’s tenure as a director. In 2018, each of the directors listed in the table received an award of 3,113 shares of restricted stock having a grant date fair value of \$25.70 per share (2) (except for Ms. Kilbane, who was elected to the Board in July 2018 and received an award of 1,814 shares of restricted stock having a grant date fair value of \$22.05 per share). As of December 30, 2018, each of these directors held an aggregate of 5,312 shares of restricted stock that had not vested, except that Ms. Kilbane held 1,814 shares of restricted stock that had not vested. No stock options were granted to directors in 2018 or in the past several years. As of December 30, 2018, Mr. Kennedy held 5,000 outstanding options, and the other directors held no stock options.

In 2018, the Company paid on all outstanding Common Stock of the Company (including restricted stock) (3) dividends of \$0.065 per share in each quarter. The amounts in this column reflect dividends on the restricted shares of each director in 2018.

Table of Contents

(4) Mr. Hendrix, who served as non-executive Chairman of the Board, remained an employee of the Company in 2018.

The Company maintains a defined benefit Salary Continuation Agreement with Mr. Hendrix dated as of January 1, 2008 (although earlier versions of the agreement date back to 1998). The amount reported in the “Change in Pension Value and Nonqualified Deferred Compensation Earnings” column relates to Mr. Hendrix’s accumulated benefit thereunder. In 2018, Mr. Hendrix drew payments under his Salary Continuation Agreement totaling \$832,752. The amount in column (f) reflects the reduction in the actuarial present value of his salary continuation benefits (a reduction of \$433,262), plus the salary continuation payments of \$832,752, for a net increase of \$399,490.

The Company also is a party to a split dollar insurance agreement (the “Hendrix Split Dollar Agreement”) with Mr. Hendrix. Pursuant to the Hendrix Split Dollar Agreement, Mr. Hendrix has obtained an insurance policy on his life, and the Company pays the premiums on such policy as an additional employment benefit for Mr. Hendrix. The annual premium is \$72,032. Mr. Hendrix is the owner of the policy, and has assigned to the Company a portion of the death benefit that is equal to the greater of (i) the total amount of the unreimbursed premiums paid by the Company with respect to the policy, or (ii) the death benefit under the policy in excess of \$2,000,000. The Company’s portion totaled \$2,973,664 as of December 30, 2018. The balance of the death benefits (\$2,000,000) will be payable to the beneficiaries of the policy designated by Mr. Hendrix.

The amount reported in column (g) for Mr. Hendrix reflects the incremental cost to the Company of all perquisites and other personal benefits, and is comprised of \$72,032 for the Hendrix Split Dollar Agreement insurance premium, \$19,010 for Company contributions to retirement plans, \$11,190 for dividends on restricted stock awards, \$2,847 for life and long-term care insurance premiums, and \$1,899 for a Company provided cellular telephone.

For 2019, Director compensation will be changing in the following ways: (1) increasing the Directors’ annual equity grant value from approximately \$80,000 to approximately \$100,000; (2) increasing committee chair annual retainers from \$10,000 to \$15,000 and committee member annual retainers from \$5,000 to \$7,500; and (3) increasing the Lead Independent Director’s annual cash retainer from \$10,000 to \$15,000. The directors’ annual cash retainer will remain at \$80,000 for 2019.

EQUITY COMPENSATION PLAN INFORMATION

The following table sets forth information concerning the Company's equity compensation plans as of December 30, 2018.

Plan Category ⁽¹⁾	Number of Securities to be Issued upon Exercise of Outstanding Options, Warrants and Rights	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities
			Remaining Available for Future Issuance under Equity Compensation Plans (Excluding Securities Reflected in Column (a))
	(a)	(b)	(c)
Equity Compensation Plan Approved by Security Holders:			
Omnibus Stock Plan ⁽²⁾	42,500 ⁽³⁾	\$9.56	1,989,947 ⁽³⁾

(1) The Company does not have shares authorized for issuance under any compensation plan not approved by shareholders.

(2) Each share issued under the Omnibus Stock Plan pursuant to an award other than a stock option will reduce the number of remaining shares available by 1.33 shares.

(3) Assumes target level achievement of 759,506 unearned and unvested performance shares outstanding as of December 30, 2018. If maximum level achievement of these unearned and unvested performance shares were to be achieved, the number of shares remaining available for future issuance as of December 30, 2018, would have been 979,804.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The Company is generally obligated to provide its Named Executive Officers with certain payments or other forms of compensation when their employment with the Company is terminated. The actual amount of compensation due each of the Named Executive Officers, as well as the duration of any periodic payments, depends on both the circumstances surrounding the termination, as well as the particulars of any employment-related agreements to which the Company and the Named Executive Officer are party.

Table of Contents

Employment and Change in Control Agreements

Jay D. Gould and Robert A. Coombs

The Company has Mr. Gould (and had with Mr. Coombs prior to his retirement in January 2019) employment and change in control agreements, which generally describe the benefits payable at, following, or in connection with various termination scenarios. Each employment and change in control agreement is (or, for Mr. Coombs, was) for a rolling two-year term, such that the remaining term is always two years (until (i) for Mr. Gould, a specified retirement age, or (ii) for Mr. Coombs, notice from the Company that ceases the rolling renewal). The Company may terminate either of the agreements at any time, with or without cause, and each executive may voluntarily terminate his respective employment upon 90 days notice. The agreements provide for certain benefits in the event of various termination scenarios, including termination without cause, termination with cause, voluntary retirement or resignation, termination due to death or disability, and termination in connection with a “change in control” (as defined in the agreements) of the Company. Each agreement also contains provisions placing restrictions on the executive’s ability to compete with the Company for a period of two years following the termination of his employment. The agreements do not contain any tax “gross up” provisions.

In the event that either Mr. Gould or Mr. Coombs (i) retired or voluntarily resigned, (ii) died or was terminated in connection with a disability, (iii) was terminated by the Company (x) with “cause”, (y) without “cause” or (z) experienced certain terminations (without cause) in connection with a “change in control” (as applicable, and as such terms are defined in their respective agreements) on December 28, 2018 (the last business day of fiscal year 2018), he would have been entitled to receive the following types of payments and benefits, and would have been subject to the various restrictive covenants, described below.

Upon Retirement or Voluntary Resignation:

Payment, Benefit or

Restrictive Covenant Entitled to Receive

Base Salary	Executive would be entitled to receive his then-current base salary through the effective date of retirement or resignation.
-------------	--

Edgar Filing: INTERFACE INC - Form DEF 14A

Bonus	Executive would be entitled to receive a prorated portion of his annual bonus opportunity calculated based on the date of retirement or resignation (e.g., a June 30 retirement or resignation would entitle executive to 50% of the bonus otherwise payable).
Equity Awards	Executive would forfeit any unvested restricted stock and performance share awards.
Other Employee Retirement Plans	No additional benefit beyond those to which the executive normally would be entitled under the Company's 401(k) Plan and Nonqualified Plan following termination of employment.
Health, Life and Other Insurance Coverages	No additional benefits are received beyond those to which the executive normally would be entitled under the terms of the respective medical and/or insurance plans.
Restrictive Covenants	Executive would be prohibited from competing with the Company, or soliciting its customers or employees, for a two-year period following retirement or resignation.

Restrictive Covenants	Executive would be prohibited from competing with the Company, or soliciting its customers or employees, for a two-year period following termination.

Bruce A. Hausmann

Mr. Hausmann does not have an employment agreement. In the event of a termination, he would be entitled to receive only those benefits outlined in (i) his employment offer letter, (ii) the Company's policies (including, without limitation, severance and benefits) applicable to similarly situated employees in the U.S., and (iii) the terms of his individual equity award agreements in effect at the time. Mr. Hausmann's employment offer letter generally requires that, in the event of a termination by the Company without cause, he is entitled to receive 12 months of his then-current base salary, as well as 12 months of cash bonus (based on the average cash bonus paid to him in the preceding two years).

Matthew J. Miller

The Company has entered into a Severance Protection and Change in Control Agreement with Mr. Miller that provides for certain severance benefits if Mr. Miller's employment is terminated involuntarily under certain circumstances. In general, those benefits are: (1) In the event of a termination without cause, severance benefits of 12 months continued base salary payments, a prorated annual bonus based on the date of termination, and continued health insurance benefits at the employee's regular rate for 12 months; and (2) In the event of an involuntary separation from service or a separation from service for good reason within 24 months following a "change in control" (as defined in the Agreement), severance benefits equal to 24 months of base salary payments (payable in a lump sum), a prorated annual bonus based on the date of termination, and continued health insurance benefits at the employee's regular rate for 12 months. The agreement also contains provisions placing restrictions on Mr. Miller's ability to compete with the Company for a period of 12 or 24 months following termination of employment, depending on the circumstances of termination.

Separation Agreement with J. Chadwick Scales

The Company and Mr. Scales entered into a separation agreement in connection with Mr. Scales' separation from the Company, effective October 5, 2018. Under the separation agreement, as reflected in the table below, Mr. Scales was entitled to receive \$562,178 (an amount equaling 12 months of salary and the average of the bonuses in the prior two fiscal years), less applicable taxes and other authorized deductions, paid semi-monthly over a 12 month period, as well as any accrued but unused vacation time. In addition, 14,766 shares of restricted stock and 11,666 performance shares vested upon separation, and 11,064 performance shares will remain eligible to vest based on the Company's actual performance in accordance with the applicable award agreements. Mr. Scales executed a release of claims pursuant to the terms of the Separation Agreement, and Mr. Scales agreed to comply with certain confidentiality and non-disparagement covenants.

Nigel Stansfield

The Company has entered into an employment contract with Mr. Stansfield that provides for certain benefits if Mr. Stansfield's employment is terminated involuntarily. The Company may terminate the employment contract for any reason by providing Mr. Stansfield 12 months' notice (or may terminate immediately for cause). During the 12-month notice period, the Company may require Mr. Stansfield to continue performing his duties, or may place him on "garden leave" during the 12 months termination notice period. Alternatively, the Company may elect to terminate his employment immediately and pay him the equivalent of his salary and benefits for such 12-month period. The agreement also contains provisions restricting Mr. Stansfield's from competing with the Company for a period of 6

months or solicit the Company's customers or employees for a period of 12 months following termination of employment.

Payments to Named Executive Officers Upon Termination or Change in Control

The following tables summarize the benefits payable to each of the Named Executive Officers under his employment agreement (or other agreements or arrangements described above) in effect on December 28, 2018 (the last business day of the Company's 2018 fiscal year). The tables do not include amounts payable under employee benefit plans in which Company associates are eligible to participate on a non-discriminatory basis. The amounts shown in the tables below assume that a Named Executive Officer's employment terminated as of December 28, 2018, and that the fair market value of the Company's Common Stock was \$14.22 per share (except for Mr. Scales, for whom amounts are reflected as of October 5, 2018, the date of his actual separation from the Company).

The Company does not utilize a “single trigger” concept for severance payments in its Employment and Change in Control Agreements. The “Change in Control” (as defined in the applicable agreements) does not, by itself, provide the Named Executive Officer with any right to resign and receive a severance benefit. Instead, for severance benefits to be payable, there must be a “second trigger” of either (i) an “Involuntary Separation from Service” or (ii) a “Separation from Service for Good Reason” (essentially, resignation in the face of negative changes in executive’s employment relationship with the Company) that occurs within 24 months after the date of a Change in Control. The amounts included in this column thus assume that both a “Change in Control” and a subsequent termination (as described immediately above) occurred as of December 28, 2018. If a related termination did not in fact occur, no severance payments would be payable. The amounts in this column for Base Salary and Bonus would be paid in a lump sum within 30 days.

(2) These amounts assume each Named Executive Officer sold all newly vested shares of restricted stock and performance shares immediately upon termination of employment.

The amounts noted represent payments required to be made by the Company to each executive in lieu of 401(k) Plan matching contributions, following termination, and assume each executive maintained the maximum level of contribution to the 401(k) Plan (or, for Mr. Coombs, a defined contribution plan in Australia) as in effect on the date of termination.

These amounts represent premiums paid by the Company on behalf of each Named Executive Officer following termination, and assume each Named Executive Officer chose to maintain his current coverages under the various medical and/or insurance plans in which he was a participant.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

(ITEM 3)

Information Concerning the Company’s Accountants

BDO USA, LLP (“BDO USA”) acted as the Company’s independent auditor during the past fiscal year. The Audit Committee has again appointed BDO USA to act as the independent auditor of the Company for fiscal year 2019. The Board of Directors will present to the annual meeting a proposal that such appointment be ratified. Should the shareholders fail to ratify the appointment, the Audit Committee will reconsider its selection, but may continue the engagement. Even if the appointment is ratified, the Audit Committee, in its discretion, may change the appointment at any time. BDO USA has no financial interest, direct or indirect, in the Company or any subsidiary.

A representative of BDO USA is expected to be present at the annual meeting to make a statement if he or she desires to do so and to respond to appropriate questions.

Audit and Non-Audit Fees

The following table shows the fees for professional audit and other services provided by BDO USA to the Company for fiscal years 2018 and 2017.

	2018	2017
Audit Fees ¹	\$2,291,000	\$1,659,000
Audit-Related Fees ²	25,000	22,000
Tax Fees ³	70,000	59,000
All Other Fees ⁴	--	--
Total	\$2,386,000	\$1,740,000

(1) “Audit Fees” consist of fees billed or accrued for professional services rendered for the audit of the Company’s annual financial statements, audit of the Company’s effectiveness of internal control over financial reporting, review of the interim financial statements included in quarterly reports, and services that are normally provided by BDO USA in connection with statutory and regulatory filings.

(2) “Audit-Related Fees” consist of fees billed or accrued primarily for employee benefit plan audits and other attestation services.

(3) “Tax Fees” consist of fees billed or accrued for professional services rendered for tax compliance, tax advice and tax planning, both domestic and international.

(4) “All Other Fees” consist of fees billed or accrued for those services not captured in the audit, audit-related and tax categories. The Company generally does not request such services from the independent auditors.

Table of Contents

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

Consistent with the Securities and Exchange Commission policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the Company's independent auditors. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and non-audit services provided by the independent auditors.

These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for and detailed as to the particular services or category of services and is generally subject to a specific budget. None of the services rendered by the independent auditors under the categories "Audit-Related Fees", "Tax Fees" and "All Other Fees" described above were approved by the Audit Committee after services were rendered pursuant to the de minimis exception established by the Commission.

You may vote "for," "against," or "abstain" from the proposal to ratify the appointment of BDO USA to act as the Company's independent auditors for fiscal year 2019.

Vote Required and Recommendation of the Board

Under the Company's Bylaws, the proposal to ratify the appointment of BDO USA to act as the Company's independent auditors for fiscal year 2019 is approved if the affirmative votes cast by the holders of the Company's outstanding shares of Common Stock entitled to vote and represented (in person or by proxy) at the meeting exceed the negative votes. **THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSAL, AND THE PROXY SUBMITTED BY TELEPHONE OR INTERNET OR PROXY CARD WILL BE VOTED IN THIS MANNER UNLESS THE SHAREHOLDER SUBMITTING THE PROXY SPECIFICALLY VOTES TO THE CONTRARY (OR ABSTAINS).**

AUDIT COMMITTEE REPORT

The Audit Committee operates pursuant to an Audit Committee Charter that was adopted by the Board of Directors. (A copy of the Audit Committee Charter may be viewed on the Company's website,

<https://investors.interface.com/investor-relations/default.aspx>.) The Company's management is responsible for its internal accounting controls and the financial reporting process. The Company's independent auditors, BDO USA, are responsible for performing an audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States. The independent accountants also are responsible for expressing opinions on the conformity of the Company's audited financial statements with generally accepted accounting principles, and on the effectiveness of the Company's internal control over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes.

In keeping with that responsibility, the Audit Committee has reviewed and discussed the Company's audited consolidated financial statements with management and BDO USA. In addition, the Audit Committee has discussed with BDO USA the matters required to be discussed by the Public Company Accounting Oversight Board's Auditing Standard No. 16, "Communications with Audit Committees," as currently in effect. In addition, the Audit Committee has received the written disclosures and the letter from BDO USA required by applicable Public Company Accounting Oversight Board rules regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with the independent accountants their independence. The Audit Committee has also considered whether the provision of any services discussed above in Item 3 under the caption "Ratification of Appointment of Independent Auditors – Audit and Non-Audit Fees" by BDO USA is compatible with maintaining BDO USA's independence.

The Board of Directors, in its business judgment, has determined that all three members of the Audit Committee are "independent," as required by applicable listing standards of the Nasdaq Stock Market as currently in effect. Although the members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of auditing or accounting (including in respect of auditor independence), the Board of Directors determined that each of Ms. Palmer and Mr. Miller does qualify as an "audit committee financial expert" as defined by Item 407(d)(5) of Regulation S-K. Members of the Audit Committee rely, without independent verification, on the information provided to them and on the representations made by management and BDO USA. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has followed appropriate accounting and financial reporting principles or maintained appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are "independent."

Table of Contents

Based on the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements of the Company be included in the Company's Annual Report on Form 10-K for the year ended December 30, 2018 for filing with the Securities and Exchange Commission.

OTHER INFORMATION:

GENERAL MEETING INFORMATION

The Board of Directors of Interface, Inc. is furnishing this Proxy Statement to solicit Proxies for the Company's common stock, \$0.10 par value per share ("Common Stock") to be voted at the annual meeting of shareholders of the Company. The meeting will be held at 11:00 a.m. Eastern Time on May 13, 2019. The Proxies also may be voted at any adjournments of the meeting. It is anticipated that this Proxy Statement will first be sent or given to shareholders on or about April 3, 2019.

The record of shareholders entitled to vote at the annual meeting was taken as of the close of business on March 8, 2019. On that date, the Company had outstanding and entitled to vote 60,008,463 shares of Common Stock.

Each Proxy for Common Stock ("Proxy") that is properly completed (whether executed in writing or submitted by telephone or Internet) by a shareholder will be voted as specified by the shareholder in the Proxy. If no specification is made, the Proxy will be voted (i) for the election of the nominees listed in this Proxy Statement under the caption "Nomination and Election of Directors," (ii) for the resolution approving, on an advisory basis, executive compensation, and (iii) for the ratification of the appointment of BDO USA, LLP as independent auditors for 2019. A Proxy given pursuant to this solicitation may be revoked by a shareholder who attends the meeting and gives notice of his or her election to vote in person, without compliance with any other formalities. In addition, a Proxy given pursuant to this solicitation may be revoked prior to the meeting by delivering to the Secretary of the Company either an instrument revoking it or a duly executed Proxy for the same shares bearing a later date.

An automated system administered by the Company's transfer agent tabulates the votes. Abstentions and broker non-votes are included in the determination of the number of shares present and entitled to vote for the purpose of establishing a quorum. A broker non-vote occurs when a broker or other nominee who holds shares for a customer does not have authority to vote on certain matters without instructions from their customer, such customer has not provided any voting instructions on the matter and the broker or other nominee returns a Proxy (or otherwise informs the transfer agent) that they are not voting on the matter for the foregoing reasons. Neither broker non-votes nor abstentions will affect the outcome of the vote on any matter expected to be voted upon at the annual meeting.

If your shares of Common Stock are held by a broker, bank or other nominee (e.g., in "street name"), you should receive instructions from your nominee, which you must follow in order to have your shares voted – the instructions may appear on a special proxy card provided to you by your nominee (also called a "voting instruction form"). Your nominee may offer you different methods of voting than those available to record holders. If you do hold your shares in "street name" and plan on attending the annual meeting of shareholders, you should request a proxy from your broker or other nominee holding your shares in record name on your behalf in order to attend the annual meeting and vote at that time (your broker or other nominee may refer to it as a "legal" proxy).

The expense of this solicitation, including the cost of preparing and mailing this Proxy Statement, will be paid by the Company. Copies of solicitation material may be furnished to banks, brokerage houses and other custodians, nominees and fiduciaries for forwarding to the beneficial owners of shares of the Company's Common Stock, and normal handling charges may be paid for the forwarding service. In addition to solicitations by mail, directors and employees of the Company may solicit Proxies in person or by telephone, fax or e-mail. The Company also has retained Georgeson LLC, a proxy solicitation firm, to assist in soliciting Proxies from record and beneficial owners of shares of the Company's Common Stock. The fee paid by the Company for such assistance is expected to be \$8,000 (plus expenses).

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Board of Directors of the Company recognizes that transactions with related persons can present a heightened risk of conflict of interests and/or improper valuation (or the perception thereof). Accordingly, as a general matter, it is the Company's preference to avoid transactions with related persons. Nevertheless, there are circumstances where the Company may (i) obtain products or services of a nature, quantity or quality that are not readily available from alternative sources, or on terms comparable to those provided by other, unrelated parties, or (ii) provide products or services on an arm's length basis on terms comparable to those provided to unrelated third parties or on terms provided to employees generally.

Table of Contents

Policy Regarding Review, Approval or Ratification of Transactions Involving Related Persons

The Company has adopted a written policy with respect to the review, approval or ratification of transactions with related persons involving the Company (or its subsidiaries or controlled affiliates). In evaluating potential transactions with related persons, the Related Transactions Policy incorporates and applies the contents of Item 404(a) of Regulation S-K (including but not limited to the definitions of “related persons” and “transaction”, as well as the threshold for “direct or indirect material interest” contained therein).

Prior to entering into a transaction with the Company, the related person is required to advise a Company-designated “Compliance Officer” (currently the Company’s General Counsel), who shall determine whether the proposed transaction is a transaction with a related person under this policy. If the Compliance Officer determines that the proposed transaction is a transaction with a related person, the transaction is required to be submitted to the Audit Committee of the Board of Directors for consideration at its next meeting or, in those instances in which it is not practicable or desirable for the Company to wait until the next Audit Committee meeting, to the Chair of the Audit Committee (who possesses delegated authority to act between committee meetings). The Audit Committee (or where submitted to the Chair, the Chair) shall consider all of the available relevant facts and circumstances, including (if applicable) but not limited to: (i) the benefits to the Company; (ii) the impact on a director’s independence in the event the related person is a director, an immediate family member of a director, or an entity in which the director is a partner, equity holder or executive officer; (iii) the availability of other sources for comparable products or services; (iv) the terms of the transaction; and (v) the terms available to or from unrelated third parties or employees generally, as the case may be. After review, the Audit Committee or Chair either approves or disapproves the proposed transaction and advises the Compliance Officer, who in turn conveys the decision to the appropriate persons within the Company. No member of the Audit Committee is permitted to participate in any review, consideration, or approval of any potential transaction with a related person with respect to which such member or any of his or her immediate family members is a related person.

The policy also provides for the review of (i) transactions involving related persons entered into by the Company not previously approved or ratified under this policy, as well as (ii) any previously approved or ratified transactions with related persons that remain ongoing and have a remaining term of more than six months or remaining amounts payable to or receivable from the Company of more than \$120,000. The policy also explicitly requires disclosure of all transactions that are required to be disclosed under the Securities Act of 1933, the Securities Exchange Act of 1934 and related rules and regulations.

Transactions Involving Related Persons

A subsidiary of the Company employs John Hendrix, the son of Company non-executive Chairman Dan Hendrix, as its Global CRM Analyst. In 2018, John Hendrix earned salary and bonus of \$124,541, and participated in certain of the Company's benefit programs generally available to employees in the U.S. Mr. Hendrix plays no part in the determination of John Hendrix's compensation.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission and the Nasdaq Stock Market reports of ownership and changes in ownership of Common Stock and other equity securities of the Company. Directors, executive officers and greater than 10% shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely upon a review of the copies of such reports furnished to the Company or written representations that no other reports were required, the Company believes that during fiscal 2018 all filing requirements applicable to its directors, executive officers and greater than 10% beneficial owners were met.

SHAREHOLDER PROPOSALS

Proposals of shareholders intended to be presented at the Company's 2020 annual meeting must be received by the Company no later than December 4, 2019, in order to be eligible for inclusion in the Company's Proxy Statement and form of Proxy for that meeting. In addition, in accordance with Article II, Section 9, of the Bylaws of the Company, proposals of shareholders intended to be presented at the Company's 2020 annual meeting, including in the case of a nominee for director, must be presented to the Board of Directors by no later than 90 days prior to that annual meeting, with such deadline for presentation of proposals estimated to be February 12, 2020.

COMMUNICATING WITH THE BOARD

Shareholders wishing to communicate with the Board of Directors may send communications via U.S. mail to the following address:

Chairman of the Board

Interface, Inc.

1280 West Peachtree Street NW

Atlanta, GA 30309

From time to time, the Board may change the process by which shareholders may communicate with the Board or its members. The Company's website, www.interface.com, will reflect any changes to the process.

Attendance of Board members at annual meetings is left to the discretion of each individual Board member. One Board member attended the 2018 annual meeting.

“HOUSEHOLDING” OF PROXY MATERIALS

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as “householding,” potentially provides extra convenience for shareholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, please notify your broker if your shares are held in a brokerage account or us if you hold shares as the registered holder. You can notify us by sending a written request to Interface, Inc., Attn: Secretary, 1280 West Peachtree Street NW, Atlanta, Georgia 30309.

SAFE HARBOR STATEMENT FOR FORWARD-LOOKING STATEMENTS

This Proxy Statement contains forward-looking statements, including, without limitation, statements about Interface's plans, strategies and prospects and the information set forth in the section titled "Our Growth and Value Creation Strategy". These forward-looking statements are based on the Company's current assumptions, expectations and projections about future events. Although the Company believes that the expectations reflected in these forward-looking statements are reasonable, the Company can give no assurance that these expectations will prove to be correct or that savings or other benefits anticipated in the forward-looking statements will be achieved. Important factors, some of which may be beyond the Company's control, that could cause actual results to differ materially from management's expectations are the risks and uncertainties associated with economic conditions in the commercial interiors industry as well as the risks and uncertainties discussed under the heading "Risk Factors" included in Item 1A of the Company's Annual Report on Form 10-K for the fiscal year ended December 30, 2018, filed with the Securities and Exchange Commission, which discussion is hereby incorporated by reference. Forward-looking statements speak only as of the date made. The Company assumes no responsibility to update or revise forward-looking statements and cautions readers not to place undue reliance on any such statements

OTHER MATTERS THAT MAY COME BEFORE THE MEETING

The Company knows of no matters other than those stated above that are to be brought before the meeting. However, if any other matter should be properly presented for consideration and voting, it is the intention of the persons named as proxies in the enclosed Proxy to vote the Proxy in accordance with their judgment of what is in the best interest of the Company.

APPENDIX A – RECONCILIATION OF NON-GAAP FINANCIAL MEASURES

This Proxy Statement includes, as additional information for investors, the Company’s adjusted earnings per share, adjusted operating income, adjusted gross profit, adjusted earnings before interest taxes, depreciation and amortization (“EBITDA”), organic sales, and net debt, as well as comparative information between periods for each. It also includes pro forma information regarding the Company and the nora business it acquired in 2018. These measures are not in accordance with financial measures calculated in accordance with generally accepted accounting principles in the United States (“GAAP”), and may be different from similarly titled non-GAAP financial measures used by other companies. Non-GAAP financial measures should not be used as a substitute for, or considered superior to, GAAP financial measures.

Adjusted earnings, income and gross profit measures exclude: (1) restructuring and asset impairment charges; and (2) effects from the enactment of the federal Tax Cuts and Jobs Act in December 2017 (the “Tax Act”); and (3) the effects of purchase accounting and transaction related expenses in connection with the Company’s acquisition of nora systems. Adjusted gross profit margin excludes purchase accounting amortization and transaction related expenses in connection with the Company’s acquisition of nora systems. Adjusted EBITDA is GAAP net income excluding interest expense, taxes on income, depreciation and amortization, debt retirement expenses, restructuring and asset impairment charges, stock compensation amortization, and nora transaction related expenses such as purchase accounting amortization, transaction, and transaction-related other expenses.

Organic sales and organic sales growth exclude: (1) foreign currency fluctuations; (2) sales of the acquired nora business; and (3) sales from the Company’s exited FLOR specialty retail stores.

The Company excludes the FLOR specialty retail stores and the Tax Act from adjusted income measures because it believes these events are unique and/or one-time events and do not arise from or constitute normal ongoing operations. Similarly, since the Company engages in acquisitions only episodically, and not as an everyday matter, the Company believes presenting certain measures excluding the effects of acquisitions facilitates focus on normal ongoing operations.

In addition, since FLOR specialty retail sales will not be a material part of sales, the Company believes presenting organic sale information without historical FLOR specialty retail sales presents meaningful additional information on core ongoing operations. Finally, the Company believes presenting sales information absent the effects of foreign currency exchange rate fluctuations and the nora acquisition facilitates comparison of the Company’s operational performance between periods.

Since the Company engages in acquisitions only episodically, and not as an everyday matter, the Company believes presenting certain measures excluding the effects of acquisitions facilitates focus on normal ongoing operations. The Company generally believes reporting its adjusted results helps investors' understanding of historical operating trends, because it facilitates comparison to prior periods during which unique events affecting more recent results may not have occurred. The Company also believes that adjusted results provide supplemental information for comparisons to other companies which may not have experienced the same events underlying the adjustments. Furthermore, the Company uses adjusted results internally as supplemental information to evaluate its own performance, for planning purposes and in connection with its compensation programs.

Reconciliations of these non-GAAP measures to the most directly comparable GAAP measures appear in the following tables (see next page).
