Dear Fellow Stockholders,

We cordially invite you to attend our 2015 Annual Meeting of Stockholders. The Annual Meeting will be held on Monday, June 8, 2015, at 9:00 a.m. Pacific Time at the principal executive offices of Rocket Fuel Inc., which are located at 1900 Seaport Boulevard, Redwood City, CA 94063.

At this year's Annual Meeting, the agenda will be as follows:

Agenda Item	Board Recommendation
Proposal No. One Election of three Class II directors	FOR
Ratification of the appointment of Deloitte & Touche LLP as our	
Proposal No. Two independent registered public accounting firm for the fiscal year	FOR
ending December 31, 2015	

For our 2015 Annual Meeting, we have elected to use the Internet as our primary means of providing our proxy materials to stockholders. Consequently, most stockholders will not receive paper copies of our proxy materials. We will instead send to our stockholders a Notice of Internet Availability of Proxy Materials. The Notice of Internet Availability of Proxy Materials contains instructions on how to access our proxy statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2014 (our "2014 Annual Report"), which contains, among other things, our 2014 audited consolidated financial statements. The Notice of Internet Availability of Proxy Materials also includes instructions on how you can vote using the Internet, and how you can request and receive, free of charge, a printed copy of our proxy materials, including our 2014 Annual Report, the Notice of Annual Meeting, our proxy statement and a proxy card. All stockholders who do not receive a Notice of Internet Availability of Proxy Materials will receive a paper copy of the proxy materials by mail. The electronic delivery of our proxy materials will reduce our printing and mailing costs and minimize the environmental impact of the proxy materials.

The ability to have your vote counted at the Annual Meeting is an important stockholder right. Regardless of the number of shares you hold, or whether you plan to attend the Annual Meeting, we hope that you will promptly cast your vote.

Thank you for your ongoing support and continued interest in Rocket Fuel.

Sincerely yours,

Rocket Fuel Inc.

FREQUENTLY ASKED QUESTIONS

What matters am I voting on?

You will be voting on:

- The election of three Class II directors to hold office until the 2018 annual meeting of stockholders or until their successors are duly elected and qualified;
- A proposal to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015; and
- Any other business that may properly come before the Annual Meeting or any adjournment or postponement thereof.

How does our board of directors recommend that I vote?

Our board of directors recommends that you vote:

- FOR the election of the three directors nominated by our board of directors and named in this proxy statement as Class II directors to serve for three-year terms; and
- FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015.

Will there be any other items of business on the agenda?

If any other items of business or other matters are properly brought before the Annual Meeting, your proxy gives discretionary authority to the persons named on the proxy card with respect to those items of business or other matters. The persons named on the proxy card intend to vote the proxy in accordance with their best judgment. Our board of directors does not intend to bring any other matters to be voted on at the Annual Meeting, and we are not currently aware of any matters that may be properly presented by others for action at the Annual Meeting.

Who is entitled to vote at the Annual Meeting?

Holders of our common stock at the close of business on the Record Date are entitled to notice of, and to vote at, the Annual Meeting. Each stockholder is entitled to one vote for each share of our common stock held as of the Record Date. Cumulative voting is not permitted with respect to the election of directors.

A complete list of the stockholders entitled to vote at the Annual Meeting will be available at our headquarters, located at 1900 Seaport Boulevard, Redwood City, CA 94063, during regular business hours for the ten days prior to the Annual Meeting. This list will also be available during the Annual Meeting at the meeting location. Stockholders may examine the list for any legally valid purpose related to the Annual Meeting.

What is the difference between holding shares as a Stockholder of Record and as a Beneficial Owner?

Stockholders of Record. If, at the close of business on the Record Date, your shares are registered directly in your name with Computershare, our transfer agent, you are considered the Stockholder of Record with respect to those shares. As the Stockholder

of Record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card and to vote in person at the Annual Meeting.

Beneficial Owners. If your shares are held in a stock brokerage account or by a bank or other nominee on your behalf, you are considered the Beneficial Owner of shares held in “street name.” As the Beneficial Owner, you have the right to direct your broker or nominee how to vote your shares by following the voting instructions your broker or other nominee provides. In general, if you do not provide your broker or nominee with instructions on how to vote your shares, your broker or nominee may, in its discretion, vote your shares with respect to routine matters (e.g., the ratification of the appointment of our independent registered public accounting firm), but may not vote your shares with respect to any non-routine matters (e.g., the election of directors). Please see “What if I do not specify how my shares are to be voted?” for additional information.

Do I have to do anything in advance if I plan to attend the Annual Meeting and vote in person?

Stockholders of Record. If you are a Stockholder of Record, you do not need to do anything in advance to attend and/or vote your shares in person at the Annual Meeting, but you may be asked to present government-issued photo identification for entrance into the Annual Meeting.

Beneficial Owners. If you are a Beneficial Owner, you may not vote your shares in person at the Annual Meeting unless you obtain a “legal proxy” from your broker or other nominee, who is the Stockholder of Record with respect to your shares. You may still attend the Annual Meeting even if you do not have a legal proxy, but you may not vote. You may be asked to present government-issued photo identification for entrance into the Annual Meeting. You will also be asked to provide proof of Beneficial Ownership as of the Record Date, such as the voting instructions you received from your broker or other nominee, or your brokerage statement reflecting ownership of shares as of the Record Date.

How do I vote and what are the voting deadlines?

Stockholders of Record. If you are a Stockholder of Record, you can vote in one of the following ways:

You may vote via the Internet or by telephone. To vote via the Internet or by telephone, follow the instructions provided in the Notice of Internet Availability of Proxy Materials. If you vote via the Internet or by telephone, you do not need to return a proxy card by mail. Internet and telephone voting are available 24 hours a day. Votes submitted through the Internet or by telephone must be received by 11:59 p.m. Eastern Time on June 7, 2015. Alternatively, you may request a printed proxy card by telephone at 1-800-579-1639, over the Internet at www.proxyvote.com, or by email at sendmaterial@proxyvote.com, and follow the instructions under the heading “You may vote by mail” immediately below.

You may vote by mail. If you have received printed proxy materials by mail and would like to vote by mail, you need to complete, date and sign the proxy card that accompanies this proxy statement and promptly mail it in the enclosed postage-paid envelope so that it is received no later than June 7, 2015. You do not need to put a stamp on the enclosed envelope if you mail it from within the United States. The persons named on the proxy card will vote the shares you own in accordance with your instructions on the proxy card you mail. If you return the proxy card, but do not give any instructions on a particular matter to be voted on at the Annual Meeting, the persons named on the proxy card will vote the shares you own in accordance with the recommendations of our board of directors. Our board of directors recommends that you vote FOR each of Proposals No. One and Two.

You may vote in person. If you plan to attend the Annual Meeting, you may vote by delivering your completed proxy card in person or by completing and submitting a ballot, which will be provided at the Annual Meeting.

Beneficial Owners. If you are the Beneficial Owner of shares held of record by a broker or other nominee, you will receive voting instructions from your broker or other nominee. You must follow the voting instructions provided by your broker or other nominee in order to instruct your broker or other nominee how to vote your shares. The availability of telephone and Internet voting options will depend on the voting process of your broker or other nominee. As discussed above, if you are a Beneficial Owner, you may not vote your shares in person at the Annual Meeting unless you obtain a legal proxy from your broker or other nominee.

May I change my vote or revoke my proxy?

Stockholders of Record. If you are a Stockholder of Record, you may revoke your proxy or change your proxy instructions at any time before your proxy is voted at the Annual Meeting by:

- entering a new vote by Internet or telephone prior to the deadline noted above;
 - signing and returning a new proxy card with a later date prior to the deadline noted above;
 - delivering a written revocation to our General Counsel at the address listed on the front page of this proxy statement;
- or
- attending the Annual Meeting and voting in person.

Beneficial Owners. If you are the beneficial owner of your shares, you must contact the broker or other nominee holding your shares and follow their instructions to change your vote or revoke your proxy.

What is the effect of giving a proxy?

Proxies are solicited by and on behalf of our board of directors. The persons named on the proxy card have been designated as proxy holders by our board of directors. When a proxy is properly dated, executed and returned, the shares represented by the proxy will be voted at the Annual Meeting in accordance with the instruction of the stockholder. If no specific instructions are given, however, the shares will be voted in accordance with the recommendations of our board of directors (as shown on the first page of the proxy statement). If any matters not described in the proxy statement are properly presented at the Annual Meeting, the proxy holders will use their own judgment to determine how to vote your shares. If the Annual Meeting is postponed or adjourned, the proxy holders can vote your shares on the new meeting date, unless you have properly revoked your proxy, as described above.

What if I do not specify how my shares are to be voted?

Stockholders of Record. If you are a Stockholder of Record and you submit a proxy but you do not provide voting instructions, your shares will be voted:

FOR the election of the three directors nominated by our board of directors and named in this proxy statement as Class II directors to hold office until the 2018 annual meeting of stockholders or until their successors are duly elected and qualified (Proposal No. One);

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015 (Proposal No. Two); and

In the discretion of the named proxy holders regarding any other matters properly presented for a vote at the Annual Meeting.

Beneficial Owners. If you are a Beneficial Owner and you do not provide your broker or other nominee that holds your shares with voting instructions, your broker or other nominee will determine if it has discretion to vote on each matter. In general, brokers and other nominees do not have discretion to vote on non-routine matters. Proposal No. One (election of directors) is a non-routine matter, while Proposal No. Two (ratification of appointment of an independent registered public accounting firm) is a routine matter. As a result, if you do not provide voting instructions to your broker or other nominee, your broker or other nominee cannot vote your shares with respect to Proposal No. One, which would result in a "broker non-vote." However, it may, in its discretion, vote your shares with respect to Proposal No. Two. For additional information regarding broker non-votes, see "What are the effects of abstentions and broker non-votes?" below.

What is a quorum?

A quorum is the minimum number of shares required to be present at the Annual Meeting for the meeting to be properly held under our bylaws and Delaware law. A majority of the shares of common stock outstanding and entitled to vote, in person or by proxy, constitutes a quorum for the transaction of business at the Annual Meeting. As noted above, as of the Record Date, there were at total of 42,151,024 shares of common stock outstanding, which means that 21,075,513 shares of common stock must be

represented in person or by proxy at the Annual Meeting to have a quorum. If there is no quorum, a majority of the shares present at the Annual Meeting may adjourn the meeting to a later date.

What are the effects of abstentions and broker non-votes?

An abstention represents a stockholder's affirmative choice to decline to vote on a proposal. Under Delaware law, abstentions are considered present and entitled to vote at the Annual Meeting. As a result, abstentions will be counted for purposes of determining the presence or absence of a quorum and will also count as votes against a proposal in cases where approval of the proposal requires the affirmative vote of a majority of the shares present and entitled to vote at the Annual Meeting (e.g., Proposal No. Two). However, because the outcome of Proposal No. One (election of directors) will be determined by a plurality of the voting power of the shares present and entitled to vote at the Annual Meeting, abstentions will have no impact on the outcome of the proposal as long as a quorum exists.

A broker non-vote occurs when a broker or other nominee holding shares for a Beneficial Owner does not vote on a particular proposal because the broker or other nominee does not have discretionary voting power with respect to such proposal and has not received voting instructions from the Beneficial Owner of the shares. Broker non-votes will be counted for purposes of calculating whether a quorum is present at the Annual Meeting, but will not be counted for purposes of determining the number of votes cast. Therefore, a broker non-vote will make a quorum more readily attainable but will not otherwise affect the outcome of the vote on any proposal.

How many votes are needed for approval of each proposal?

Proposal	Vote Required	Broker Discretionary Voting Allowed?
Proposal No. One - Election of directors	Plurality of voting power of shares present and entitled to vote	No
Proposal No. Two - Ratification of appointment of independent registered public accounting firm	Majority of voting power of shares present and entitled to vote	Yes

With respect to Proposal No. One, you may vote FOR, AGAINST or ABSTAIN with respect to each nominee.

Cumulative voting is not permitted with respect to the election of directors. An abstention will have no effect on the outcome of the vote.

With respect to Proposal No. Two, you may vote FOR, AGAINST or ABSTAIN. If you ABSTAIN from voting on Proposal No. Two, the abstention will have the same effect as a vote AGAINST the proposal.

How are proxies solicited for the Annual Meeting and who is paying for the solicitation?

The board of directors is soliciting proxies for use at the Annual Meeting by means of this proxy statement. We will bear the entire cost of proxy solicitation, including the preparation, assembly, printing, mailing and distribution of the proxy materials. Copies of solicitation materials will also be made available upon request to brokers and other nominees to forward to the Beneficial Owners of the shares held of record by the brokers or other nominees. We will reimburse brokers or other nominees for reasonable expenses that they incur in sending these proxy materials to Beneficial Owners.

This solicitation of proxies may be supplemented by solicitation by telephone, electronic communication, or other means by our directors, officers, employees or agents. No additional compensation will be paid to these individuals for any such services, although we may reimburse such individuals for their reasonable out-of-pocket expenses in connection with such solicitation. We do not plan to retain a proxy solicitor to assist in the solicitation of proxies.

Is my vote confidential?

Proxy instructions, ballots, and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Rocket Fuel or to third parties, except as necessary to meet applicable legal requirements, to allow for the tabulation of votes and certification of the vote, or to facilitate a successful proxy solicitation.

Will members of the board of directors attend the Annual Meeting?

We encourage our board members to attend the Annual Meeting. Those who do attend will be available to answer appropriate questions from stockholders. Seven of our board members attended the 2014 annual meeting of stockholders.

I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

We have adopted an SEC-approved procedure called “householding,” under which we can deliver a single copy of the proxy materials to multiple stockholders who share the same address unless we received contrary instructions from one or more of the stockholders. This procedure reduces our printing and mailing costs. Stockholders of Record who participate in householding will be able to access and receive separate proxy cards. Upon written or oral request, we will promptly deliver a separate copy of the proxy materials to any stockholder at a shared address to which we delivered a single copy of these documents. To receive a separate copy, or, if you are receiving multiple copies, to request that Rocket Fuel only send a single copy of the next year’s proxy materials, you may contact us as follows:

Auditor Independence

In 2014, there were no other professional services provided by Deloitte that would have required the audit committee to consider their compatibility with maintaining the independence of Deloitte.

Audit Committee Policy on Pre-Approval of Audit and Permissible Non-Audit Services

Consistent with requirements of the SEC and the Public Company Accounting Oversight Board, or PCAOB, regarding auditor independence, our audit committee is responsible for the appointment, compensation and oversight of the work of our independent registered public accounting firm. In recognition of this responsibility, in August 2013, our audit committee established a policy for the pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services.

Before engagement of the independent registered public accounting firm for the next fiscal year's audit, the independent registered public accounting firm submits a detailed description of services expected to be rendered during that year for each of the following categories of services to the audit committee for approval:

Audit Services. Audit services include the annual financial statement audit (including required quarterly reviews) and other procedures required to be performed by the independent auditor to form an opinion on our consolidated financial statements. Audit services also include, as necessary, the attestation engagement for the independent auditor's report on management's report on internal controls for financial reporting. Other audit services may include services associated with SEC registration statements, periodic reports and other documents filed with the SEC.

Audit-related services. Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of our financial statements or that are traditionally performed by the independent auditor.

Tax Services. Tax services include services related to tax compliance, tax planning and tax advice.

All Other Services. All other services are those services not described in the other categories that are not prohibited by SEC rules.

The audit committee pre-approves particular services or categories of services on a case-by-case basis. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those instances, the services must be pre-approved by the audit committee, or as permitted, the audit committee chair, before the independent registered public accounting firm is engaged. Pre-approval fee levels or budgeted amounts for all services to be provided by the independent registered public accounting firm are established annually by the audit committee. Any proposed services exceeding these levels or amounts require specific pre-approval by the audit committee, or the audit committee chair. All fees paid to Deloitte for the fiscal years ended December 31, 2014 and 2013 were pre-approved by the audit committee in accordance with the process described in the policy above.

Vote Required

The affirmative vote of a majority of the shares present in person or by proxy at the Annual Meeting and entitled to vote is required to ratify the appointment of Deloitte as our independent registered public accounting firm for the fiscal year ending December 31, 2015.

*****THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP.*****

REPORT OF THE AUDIT COMMITTEE

The information contained in the following Audit Committee Report shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission, nor shall the information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate it by reference in any filing.

The audit committee has reviewed and discussed the company's consolidated financial statements with management and Deloitte & Touche LLP, the company's independent registered public accounting firm. The audit committee has discussed with Deloitte the matters required by the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol.1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The audit committee has received and reviewed the written disclosures and the letter from Deloitte required by the applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte's communications with the audit committee concerning independence, and has discussed with Deloitte its independence.

Based on the review and discussions referred to above, the audit committee recommended to the board of directors that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014, as filed with the SEC on March 16, 2015.

Respectfully submitted by the members of the audit committee of the board of directors:

Ronald E. F. Codd (Chair)

John Gardner

Clark Kokich

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Board Composition

Our business affairs are managed under the direction of our board of directors, which is currently composed of eight members. In accordance with the terms of our amended and restated certificate of incorporation and bylaws, our board of directors is divided into three classes with staggered three-year terms. Our directors are divided among the three classes as follows:

• the Class I directors are John Gardner and Monte Zweben, and their terms will expire at the annual meeting to be held during 2017;

• the Class II directors are William Ericson, Richard Frankel and Clark Kokich, and their terms will expire at the upcoming 2015 Annual Meeting; and

• the Class III directors are George H. John, Ronald E. F. Codd and Susan L. Bostrom, and their terms will expire at the annual meeting of stockholders to be held during 2016.

Each director's term will continue until the election and qualification of his or her successor, or his or her earlier death, resignation, or removal. Any increase or decrease in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors. The classification of our board of directors may have the effect of delaying or preventing changes in control of our company.

The board of directors met eight times in 2014. Each board member attended at least 75% of the aggregate number of board meetings and meetings of standing committees of which he or she is or was a member during 2014.

Director Independence

Our common stock is listed on the NASDAQ Global Select Market. Under the rules of NASDAQ, independent directors must comprise a majority of a listed company's board of directors. In addition, the rules of NASDAQ require that, subject to specified exceptions, each member of a listed company's audit, compensation and nominating and corporate governance committees be independent. Under the rules of NASDAQ, a director will only qualify as an "independent director" if, in the opinion of that company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our board of directors has undertaken a review of the independence of each director and considered whether each director has a material relationship with us that could compromise such director's ability to exercise independent judgment in carrying out his or her responsibilities. As a result of this review, our board of directors determined that Messrs. Codd, Ericson, Gardner, Kokich and Zweben and Ms. Bostrom were "independent directors" throughout 2014, as defined under the applicable rules and regulations of the Securities and Exchange Commission ("SEC") and the listing requirements and rules of NASDAQ. Effective as of his appointment as interim CEO in March 2015, Mr. Zweben is no longer an independent director, leaving the Board with five independent directors. Following the appointment of a permanent CEO, we expect that the Board will return to six independent directors.

Board Leadership Structure; Lead Independent Director

Mr. John currently serves as both chairman of our board of directors and as an employee of Rocket Fuel. Our board of directors believes that Mr. John's role as an employee board member positions him better than independent directors to identify strategic priorities, lead critical discussions and support the interim CEO in executing our strategy and business plans. Mr. John possesses detailed, in-depth knowledge of the issues, opportunities, and challenges facing us. Independent directors and management often have different perspectives and roles in strategy development. Our independent directors bring experience, oversight and expertise from outside of our company, while the Mr. John brings company-specific experience and expertise. Our board of directors believes that Mr. John's role as chairman results in strong board leadership and enhances our ability to articulate our message and strategy clearly and consistently.

Our corporate governance guidelines provide that one of our independent directors should serve as a lead independent director at any time when the chairman is not independent, as is presently the case. Because Mr. John is not an independent chairman, our board of directors has appointed Mr. Kokich to serve as our lead independent director. As lead independent director, Mr. Kokich presides over periodic meetings of our independent directors, serves as a liaison between our chairman and the independent directors, works with Mr. John to establish board meeting agendas, raises issues with management on behalf of the independent

directors when appropriate, oversees the general functioning of the board and committees and performs such additional duties as our board of directors may otherwise determine and delegate.

Our board of directors believes that the current board leadership structure, coupled with a strong emphasis on board independence, provides effective independent oversight of management while allowing the board and management to benefit from Mr. John's familiarity with our business operations.

Committees of the Board of Directors

The standing committees of our board of directors currently consist of an audit committee, a compensation committee and a nominating and governance committee, each of which has the composition and responsibilities described below. Members are appointed by the board and serve on these committees until their resignation or as otherwise determined by our board of directors. Each of the standing committees operates under a written charter adopted by the board of directors. The charters are available on the Investor Relations portion of our website at investor.rocketfuel.com.

Audit Committee. Messrs. Codd, Gardner and Kokich, each of whom is a non-employee member of our board of directors, comprise our audit committee. Mr. Codd is the chair of our audit committee. The audit committee met ten times during 2014. Our board of directors has determined that each of the members of our audit committee satisfies the requirements for independence and financial literacy under the rules and regulations of NASDAQ and the SEC. Our board of directors has also determined that Mr. Codd qualifies as an "audit committee financial expert," as defined in the SEC rules, and satisfies the NASDAQ financial sophistication requirements. The audit committee is responsible for, among other things:

- appointing, overseeing, and if need be, terminating any independent auditor;
- assessing the qualification, performance and independence of our independent auditor;
- reviewing the audit plan and pre-approving all audit and non-audit services to be performed by our independent auditor;
- reviewing our financial statements and related disclosures;
- reviewing the adequacy and effectiveness of our accounting and financial reporting processes, systems of internal control and disclosure controls and procedures;
- reviewing our overall risk management framework;
- overseeing procedures for the treatment of complaints on accounting, internal accounting controls, or audit matters;
- reviewing and discussing with management and the independent auditor the results of our annual audit, reviews of our quarterly financial statements and our publicly filed reports;
- reviewing and approving, as appropriate, related person transactions; and
- preparing the audit committee report that the SEC requires in our annual proxy statement.

Compensation Committee. Ms. Bostrom and Mr. Ericson, each of whom is a non-employee member of our board of directors, currently comprise our compensation committee, although Mr. Zweben also served on the committee throughout 2014 and until his appointment as interim CEO. Ms. Bostrom is the chair of our compensation committee. The compensation committee met seven times during 2014. Our board of directors has determined that each member of our currently composed compensation committee meets the requirements for independence under the rules of NASDAQ and the SEC, and is an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended. The compensation committee is responsible for, among other things:

- reviewing the elements and amount of total compensation for all executive officers and other key employees;
- formulating and recommending any proposed changes in the compensation of our chief executive officer for approval by the board;

recommending to the board for approval the elements and amount of total compensation for non-employee members of the board;

reviewing and approving any changes in the compensation for executive officers and key employees, other than our chief executive officer;

- administering our equity compensation plans;

reviewing annually our overall compensation philosophy and objectives, including compensation program objectives, target pay positioning and equity compensation;

reviewing our compensation programs, policies and practices to determine whether they create risks that are reasonably likely to have a material adverse effect on us; and

preparing the compensation committee report for our annual proxy statement when required by SEC rules.

Compensation Committee Interlocks and Insider Participation. Ms. Bostrom, Mr. Ericson and Mr. Zweben were the members of the Compensation Committee during 2014. Mr. Zweben resigned from the Compensation Committee in March 2015 when he was appointed interim Chief Executive Officer. During 2014, no member of the Compensation Committee was an officer of Rocket Fuel. No member of the Compensation Committee has or had any relationships requiring disclosure under Item 404 of Regulation S-K other than routine indemnification agreements with Rocket Fuel. (See "Certain Relationships and Related Party Transactions," below.) During 2014, none of our executive officers served as a director or a member of a compensation committee (or other committee serving an equivalent function) of any other entity, an executive officer of which served as a director of Rocket Fuel or a member of our Compensation Committee.

Nominating and Governance Committee. Messrs. Codd, Ericson and Kokich, each of whom is a non-employee member of our board of directors, comprise our nominating and governance committee. Mr. Ericson is the chair of our nominating and governance committee. The nominating and governance committee met four times during 2014. Our board of directors has determined that each member of our nominating and governance committee meets the requirements for independence under the NASDAQ rules. The nominating and governance committee is responsible for, among other things:

evaluating and making recommendations regarding the composition, organization and governance of our board of directors and its committees;

identifying, recruiting and nominating director candidates to the board if and when necessary;

evaluating and making recommendations regarding the creation of additional committees or the change in mandate or dissolution of committees;

reviewing and making recommendations with regard to our corporate governance guidelines and compliance with laws and regulations; and

reviewing, and approving if appropriate, conflicts of interest of our directors and corporate officers, other than related person transactions, which are reviewed by the audit committee.

Board Member Nomination Process

The nominating and governance committee employs a variety of methods for identifying and evaluating director nominees. In its evaluation of director candidates, the nominating and governance committee will consider the current size and composition of the board of directors and the needs of the board of directors and the respective committees of the board of directors. Some of the qualifications that the committee considers include, without limitation, issues of character, integrity, judgment, diversity of experience, independence, area of expertise, corporate experience, length of service, potential conflicts of interest and other commitments. The nominating and governance committee requires the following minimum qualifications to be satisfied by any nominee for a position on our board of directors: (i) the highest personal and professional ethics and integrity, (ii) proven achievement and competence in the nominee's field and the ability to exercise sound business judgment, (iii) skills and expertise that are complementary to those of the existing members of our board of directors, (iv) the ability to assist and support management and make significant contributions to the company's success, and (v) an understanding of the fiduciary responsibilities that are required

of a member of our board of directors, and the commitment of time and energy necessary to diligently carry out those responsibilities. Other than the foregoing, there are no stated minimum criteria for director nominees, although the nominating and governance committee may also consider other factors that it may deem, from time to time, in our and our stockholders' best interests. The nominating and governance committee may also take measures that it considers appropriate in connection with its evaluation of a director candidate, including candidate interviews, inquiry of the person or persons making the recommendation or nomination, engagement of an outside search firm to gather additional information, or reliance on the knowledge of the members of the nominating and governance committee, the board of directors, or management.

Although the board of directors does not maintain a specific policy with respect to board diversity, the board of directors believes that the board should be a diverse body, and the nominating and governance committee considers a broad range of backgrounds and experiences. In making determinations regarding nominations of directors, the nominating and governance committee may take into account the benefits of diverse viewpoints. After completing its review and evaluation of director candidates, the nominating and governance committee recommends to the full board of directors the director nominees for election. The nominating and governance committee also considers these and other factors as it oversees the annual board of directors' evaluation.

Stockholder Recommendations and Nominations of Candidates for Election to the Board of Directors

The nominating and governance committee will consider candidates for nomination to the board of directors recommended by any stockholder holding at least one percent (1%) of the fully diluted capitalization of Rocket Fuel for at least twelve months prior to the date that the recommendation is submitted. The committee will evaluate recommendations in accordance with its charter, our bylaws, our policies and procedures for director candidates, as well as the nominee criteria described above. This process is designed to ensure that the board of directors includes members with diverse backgrounds, skills and experience, including appropriate financial and other expertise relevant to our business. A stockholder wishing to recommend a candidate for nomination should contact our Corporate Secretary in writing, at the address indicated in the next paragraph. The recommendation must include the candidate's name, home and business contact information, detailed biographical data, relevant qualifications, a signed letter from the candidate confirming willingness to serve on our board of directors, information regarding any relationships between the candidate and Rocket Fuel and evidence of the recommending stockholder's ownership of our common stock. The recommendation must also include a statement from the recommending stockholder in support of the candidate, particularly within the context of the criteria for board of directors membership. Our nominating and governance committee has sole discretion to decide which individuals to recommend for nomination as directors. A stockholder of record can nominate a candidate directly for election to the board by complying with the procedures in Section 2.4 of our bylaws and the rules and regulations of the Securities and Exchange Commission. An eligible stockholder who wishes to submit a nomination should review the requirements in our bylaws for nominations by stockholders. Any nomination should be sent in writing to the company, addressed to the attention of the Corporate Secretary at Rocket Fuel Inc., 1900 Seaport Boulevard, Redwood City, CA 94063. Notice of nominations for the 2016 annual meeting of stockholders must be received by us no earlier than February 11, 2016 and no later than March 13, 2016. The notice must state the information required by Section 2.4 of our bylaws and otherwise comply with applicable federal and state law.

A copy of our bylaws may be obtained by accessing Rocket Fuel's filings on the SEC's website at www.sec.gov. You may also contact our Corporate Secretary at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for nominating director candidates.

Board's Role in Risk Management Oversight

Risk is inherent with every business, and we face a number of risks, including strategic, financial, business and operational, legal and compliance, and reputational risks. We have designed and implemented processes to evaluate and manage risk in our operations. Management is responsible for the day-to-day management of the risks we face, while our board of directors, as a whole and assisted by its committees, has responsibility for the oversight of risk management. In its risk oversight role, our board must satisfy itself that the risk management processes designed and implemented by management are appropriate and functioning as designed.

Our board of directors believes that open communication between management and the board of directors is essential for effective risk management and oversight. Our board meets with our chief executive officer and other members of

the senior management team at regularly scheduled quarterly board meetings and in other meetings between the quarterly meetings, where, among other topics, they discuss strategy and risks facing the company. While our board of directors is ultimately responsible for risk oversight, our board committees assist the board of directors in fulfilling its oversight responsibilities in certain areas of risk. The audit committee assists our board of directors in fulfilling its

oversight responsibilities with respect to risk management in the areas of internal control over financial reporting and disclosure controls and procedures, and legal and regulatory compliance. The audit committee also discusses guidelines and policies with respect to risk assessment and risk management with management and the independent auditor. In addition, the audit committee reviews management's assessment of the key risks facing us, including the key controls it relies on to mitigate those risks. The audit committee also monitors certain key risks at each of its regularly scheduled meetings, such as risk associated with internal control over financial reporting and liquidity risk. The nominating and governance committee assists our board in fulfilling its oversight responsibilities with respect to the management of risk associated with board organization, membership and structure, and corporate governance. The compensation committee assesses risks created by the incentives inherent in our compensation policies as well as in our leadership development and succession planning. Finally, the full board of directors reviews strategic and operational risk reported by the management team, receives reports on all significant committee activities at each regular meeting, and evaluates the risks inherent in significant transactions.

Stockholder Communications with the Board of Directors

Stockholders wishing to communicate with our board of directors or with an individual member of our board may do so by writing to our board of directors or to the particular member of our board, and mailing the correspondence to our General Counsel, Rocket Fuel Inc., 1900 Seaport Boulevard, Redwood City, CA 94063. Outside Director Compensation Policy

In August 2013, the board of directors, upon the recommendation of our compensation committee, adopted a policy for the compensation of our non-employee directors, or the Outside Directors, effective as of September 19, 2013. In developing its recommendations, the compensation committee used the services of Radford, an Aon Hewitt company ("Radford"), a compensation consulting firm. Outside Directors receive compensation in the form of equity granted under the terms of our 2013 Equity Incentive Plan, or the 2013 Plan, and cash compensation, as described below.

Equity Compensation

IPO grant. On September 19, 2013, each Outside Director was granted (i) an option to purchase 3,750 shares (the "IPO Option"), and (ii) 1,872 restricted stock units (the "IPO RSU Award"). All of the shares underlying the IPO Option and IPO RSU Award vested and became exercisable on June 8, 2014, the day prior to our 2014 Annual Meeting.

Initial award. Each person who first becomes an Outside Director after September 19, 2013 will be granted (i) an option to purchase shares having a grant date fair value equal to \$100,000 (the "Initial Option"), and (ii) restricted stock units with a grant date fair value equal to \$100,000 (the "Initial RSU Award"). These awards will be granted on the date of the first meeting of our board of directors or compensation committee occurring on or after the date on which the individual first became an Outside Director. The shares underlying the Initial Option and Initial RSU Award will vest and, if applicable, become exercisable, as to one-third of the shares subject to such award on each anniversary of the commencement of the individual's service as an Outside Director, subject to continued service as a director through the applicable vesting date. If a director's status changes from an employee director to an Outside Director, he or she will not receive an Initial Option or Initial RSU Award.

Annual award. On the date of each annual meeting of our stockholders, each Outside Director who has served on our board of directors for at least the preceding six months will be granted (i) an option to purchase shares having a grant date fair value equal to \$75,000 (the "Annual Option"), and (ii) restricted stock units with a grant date fair value equal to \$75,000 (the "Annual RSU Award"). All of the shares underlying the Annual Option and Annual RSU Award will vest and, if applicable, become exercisable upon the earlier of (i) the day prior to the next year's annual meeting of stockholders or (ii) one year from grant, subject to continued service as a director through the applicable vesting date. The exercise price per share of each stock option granted under the outside director compensation policy will be the fair market value of a share of our common stock, as determined in accordance with our 2013 Plan, on the date of the option grant. With respect to the IPO Option, Initial Option, and Annual Option, the grant date fair value is computed in accordance with the Black-Scholes option valuation methodology or such other methodology our board of directors or compensation committee may determine. With respect to the IPO RSU Award, Initial RSU Award and Annual RSU Award, the grant date fair value is computed based on the fair market value, as determined in accordance with our 2013 Plan, of the shares subject to the applicable award on the date of grant.

Cash compensation

Each Outside Director receives an annual retainer of \$25,000 in cash for serving on our board of directors, or the Annual Fee. In addition to the Annual Fee, the lead independent director is entitled to an additional annual retainer of \$15,000 in cash.

The chairperson and members of the three standing committees of our board of directors are entitled to the following annual cash retainers:

Board Committee	Chairperson Fee	Member Fee
Audit Committee	\$15,000	\$7,500
Compensation Committee	\$10,000	\$5,000
Nominating and Governance Committee	\$6,000	\$3,000

All cash retainers are paid in quarterly installments to each Outside Director who has served in the relevant capacity for the immediately preceding fiscal quarter no later than 30 days following the end of the preceding fiscal quarter. An Outside Director who has served in the relevant capacity for only a portion of the immediately preceding fiscal quarter will receive a prorated payment of the quarterly payment of the applicable annual cash fee. The first payment of cash retainers under the policy was pro-rated for the service period between September 19, 2013 and September 30, 2013.

EXECUTIVE COMPENSATION

Processes and Procedures for Compensation Decisions

The compensation committee of the board is responsible for the executive compensation programs for our executive officers and reports to our board of directors on its discussions, decisions and other actions. Typically, our chief executive officer makes recommendations to our compensation committee, often attends committee meetings and is involved in the determination of compensation for the executive officers that report to him, except that he does not make recommendations as to his own compensation. Our chief executive officer makes recommendations to our compensation committee regarding short-term and long-term compensation for all executive officers, excluding himself, based on our results, an individual executive officer's contribution toward these results and performance toward individual goal achievement. Our compensation committee then reviews the recommendations and other data and makes decisions as to total compensation for each executive officer other than the chief executive officer, as well as each individual compensation component. The compensation committee makes recommendations to the board of directors regarding compensation for the chief executive officer. The independent members of the board make the final decisions regarding executive compensation for our chief executive officer.

The compensation committee is authorized to retain the services of one or more executive compensation advisors, as it sees fit, in connection with the establishment of our compensation programs and related policies. In May 2013, the compensation committee retained Radford, a national compensation consultant, to provide it with information, recommendations and other advice relating to executive compensation on an ongoing basis. Accordingly, Radford now serves at the discretion of the compensation committee. The compensation committee has engaged Radford to assist in developing an appropriate group of peer companies to help us determine the appropriate level of overall compensation for our executive officers, as well as to assess each separate element of compensation, with a goal of ensuring that the compensation we offer to our executive officers is competitive and fair. The compensation committee periodically, and at least annually, considers and assesses Radford's independence, including whether Radford has any potential conflicts of interest with our company or members of the compensation committee, as set forth in Rule 10C-1(b)(4)(i) through (vi) under the Exchange Act. The most recent review was conducted in April 2015. Based on that review, the committee concluded that it is not aware of any conflict of interest that has been raised by work performed by Radford or the individual consultants employed by Radford that perform services for the committee.

Summary Compensation Table

The following table provides information regarding the compensation of certain executive officers during 2014 and 2013. As an emerging growth company, we have elected to comply with the executive compensation disclosure rules applicable to "smaller reporting companies," as that term is defined in the rules promulgated under the Securities Act of 1933, as amended, or the Securities Act. These rules require compensation disclosure for our principal executive officer and the two most highly compensated executive officers other than our principal executive officer, both as of the end of 2014. Throughout this proxy statement, these three officers are referred to as our "named executive officers" or "NEOs."

Non-Equity Incentive Plan Compensation

In August 2013, the Executive Incentive Compensation Plan (the "Umbrella Bonus Plan") was adopted by our board of directors. The Umbrella Bonus Plan allows our compensation committee to provide incentive cash awards to selected employees, including our named executive officers. For 2014, the compensation committee approved a 2014 President Bonus Plan (the "2014 President Plan") in which Mr. Frankel participated, and the board of directors adopted a 2014 CEO Bonus Plan (the "2014 CEO Plan") in which Mr. John participated. Both are appendices to the Umbrella Bonus Plan. The compensation committee also approved a 2014 Executive Bonus Plan for executives other than the CEO and the President, but NEO David Sankaran, who joined Rocket Fuel on December 15, 2014, did not receive a payment under the that plan.

Non-Equity Incentive Plan Payments for Named Executive Officers

For 2014, the target and actual incentive amounts for the Mr. John and Mr. Frankel under their bonus plans were as follows:

Non-Equity Incentive Plan Payments for 2014

Annual Target Awards	Target Awards as Percentage of	Actual Award Amounts
----------------------	--------------------------------	----------------------

Edgar Filing: Rocket Fuel Inc. - Form DEF 14A

	(\$)	Base Salary (%)	(\$)
George H. John	266,250	75	0
Richard Frankel	258,750	75	0

2014 Performance Criteria. Under the 2014 CEO Plan for Mr. John and the 2014 President Plan for Mr. Frankel, the applicable performance criteria were weighted among an annual revenue goal (40%), an annual adjusted EBITDA goal (40%) and subjective criteria (20%). In each case, the participant was required to remain an employee through an applicable payment date to be eligible to receive a bonus payment.

2014 Payment Calculations for Mr. John and Mr. Frankel. Messrs. John and Frankel's plans were adopted in April 2014 with certain revenue and adjusted EBITDA goals. Those goals were adjusted by the Compensation Committee (and for Mr. John, by the Board) later in the year to keep the goals relevant in light of changing business circumstances. Based on the adjusted goals, Mr. John and Mr. Frankel would not receive any portion of the target incentive allocated to the annual revenue goal unless we achieved a threshold of approximately 97.2% of the annual revenue goal. If we achieved approximately 102.9% or more of the revenue goal, then Messrs. John and Frankel would receive 200% of the target incentive allocated to that goal. For achievement of a revenue goal between the threshold and 102.9% of our target, the incentive payment allocated to that goal would be pro-rated between 0% and 200% of the target incentive based on a formula. Mr. John and Mr. Frankel would not receive any portion of the target incentive allocated to the annual adjusted EBITDA goal unless we achieved performance above a threshold that was 35.7% below the adjusted EBITDA target level. If we achieved performance at 35.7% or more above the adjusted EBITDA goal, Messrs. John and Frankel would receive 200% of the target incentive allocated to the adjusted EBITDA goal. For achievement of an adjusted EBITDA goal between the minimum threshold and 35.7% above the target, the incentive payment allocated to that goal was pro-rated between 0% and 200% of the target incentive based on a formula. Mr. John's subjective criteria were related to strategy, messaging and brand, and executive management and development. Mr. Frankel's subjective criteria related to organization, customer satisfaction, margin and Europe/new business.

Notwithstanding the above, under the terms of the Umbrella Bonus Plan, our compensation committee (or our board of directors with respect to Mr. John) had the authority, in its sole discretion, to increase, reduce or eliminate any participant's actual award, including that of Messrs. John and Frankel. Our compensation committee and our board of directors exercised this discretion and did not award a 2014 bonus under the Umbrella Bonus Plan to either Mr. Frankel or Mr. John, respectively.

NEO Employment Agreements and Arrangements

Mr. John and Mr. Frankel are at-will employees. The initial compensation agreed to for each of Mr. John and Mr. Frankel has been adjusted over time in accordance with our compensation policies and practices.

Sankaran Offer Letter and Relocation Assistance Letter

On December 6, 2014, we entered into an employment offer letter with Mr. Sankaran (the "Sankaran Offer Letter"). The Sankaran Offer Letter has no specified term, and Mr. Sankaran's employment with us is on an at-will basis. Under the terms of the Sankaran Offer Letter, Mr. Sankaran's initial base salary as CFO is \$320,000 per year, and he is eligible to receive an annual bonus of up to 60% of his base salary pursuant to the terms of our Umbrella Bonus Plan.

The Sankaran Offer Letter provided for equity grants as shown in the Summary Compensation Table, above, and also provided that the vesting of these equity awards would be accelerated by two (2) years if Mr. Sankaran is terminated without "cause," resigns for "good reason," or due to his death or "disability," in each case within 12 months following a "change of control" of Rocket Fuel. In addition, the Sankaran Offer Letter provided that if Mr. Sankaran is terminated without "cause," (but not including due to his death or "disability"), or resigns for "good reason," in each case within 12 months following a "change of control" of Rocket Fuel, then he would be eligible to receive a cash severance payment of (i) three months of his then-current base salary, (ii) 25% of his then-current annual target bonus amount and (iii) the amount equal to 1.5 times the cost of three months' of COBRA health care premiums for Mr. Sankaran and his dependents. These change of control benefits were superseded by Mr. Sankaran's Management Retention Agreement described below.

Under the Sankaran Offer Letter, we agreed to provide Mr. Sankaran \$10,000 for relocation assistance, as well as reimbursement of certain expenses related to his relocation. In March 2015, we entered into a letter agreement (the "Letter Agreement") with Mr. Sankaran that expanded these relocation benefits to include the provision of temporary

housing for him through June 30, 2015, reimbursement of his hotel expenses from his start date on December 15, 2014 through the date he is placed in temporary housing, and a relocation assistance payment of \$100,000 to be paid to him on July 1, 2015.

The foregoing description of the Sankaran Offer Letter is qualified in its entirety by reference to the full text of the Sankaran Offer Letter filed as an exhibit to our Current Report on Form 8-K filed on December 15, 2014. The foregoing description of the Letter Agreement is qualified in its entirety by reference to the full text of the Letter Agreement, which will be filed as an exhibit to our Quarterly Report on Form 10-Q for the three months ended March 31, 2015.

Compensation Arrangements for Interim CEO

As indicated in "Executive Officers," above, Monte Zweben was appointed interim Chief Executive Officer in March 2015. His offer letter (the "Zweben Offer Letter") reflects the following compensation arrangements: Mr. Zweben works on a part-time basis, with 60% of his time during business hours devoted to Rocket Fuel. He is compensated on a monthly basis and his tenure is expected to be limited in time as we move expeditiously to hire a permanent CEO. Mr. Zweben is paid a monthly base salary of \$22,500. He will be eligible for a cash bonus of 100% of his base salary amount for the period of his employment pursuant to the terms of our Executive Incentive Compensation Plan (the "Plan"), subject to continued service through the date the bonus is earned. In addition, he is eligible for a discretionary, one-time cash bonus of up to \$85,000 pursuant to the Plan based on the Board's assessment of his performance during his tenure. Management has agreed to recommend to the Board that Mr. Zweben be granted (i) a stock option to purchase 42,211 shares of our common stock with an exercise price per share equal to the fair market value of the common stock on the grant date, and (ii) an award of 22,667 restricted stock units. Management will recommend to the board that both awards vest in full upon the first day of the permanent Chief Executive Officer's employment, provided that Mr. Zweben remains a service provider to Rocket Fuel through that date. The foregoing description of the Zweben Offer Letter is qualified in its entirety by reference to the full text of the letter, which will be filed as an exhibit to our Quarterly Report on Form 10-Q for the three months ended March 31, 2015.

Management Retention Agreements

In March 2015, the board approved our entry into a form of Management Retention Agreement (each, an "Agreement") with certain officers, including each of our NEOs and Mr. Zweben (each, an "Executive" and together, the "Executives"), which provide for potential payments and benefits upon a qualifying termination of employment. Each Agreement, other than Mr. Zweben's, provides that if, during the period beginning on the date that is three months before a change in control and ending on the date that is twelve months following a change in control (the "change in control period"), (i) the Executive terminates his employment with us (or any parent or subsidiary) for good reason (as defined in the Agreement), or (ii) we (or any parent or subsidiary) terminate the Executive's employment for a reason other than cause (as defined in the Agreement) and other than death or disability (as defined in the Agreement) (a termination under clause (i) or (ii), a "Qualifying Termination"), the Executive will be eligible to receive the following severance benefits from us: (x) a lump-sum payment equal to the sum of (a) 100% of the Executive's annual base salary (as in effect immediately prior to (A) a change in control (if the Executive's employment terminates on or after the change in control), or (B) the Executive's termination, whichever is greater); (y) 100% of the Executive's target bonus for the fiscal year in which the Executive's employment terminates (minus any bonus or commission payments already received for that fiscal year's performance); and (z) reimbursement for continued group health plan coverage premiums under COBRA for twelve months following the Executive's termination, for the Executive and his spouse and/or eligible dependents. However, if we determine that we cannot provide the COBRA reimbursement benefits without potentially violating applicable laws, we will instead provide the Executive a taxable lump sum payment equal to 1.5 times the monthly COBRA premium (based on the first month's premium) for the twelve-month severance period. Additionally, if, during the change in control period, (i) the Executive has a Qualifying Termination, or (ii) the Executive's employment is terminated due to death or disability, then 100% of the shares of our common stock subject to the Executive's then outstanding unvested equity compensation awards will immediately vest (for performance-based awards, performance will be deemed achieved at 100% of target levels).

Mr. Zweben's Agreement provides that if, during the change in control period (i) Mr. Zweben terminates his employment with us (or any parent or subsidiary) for good reason (as defined in the Agreement), or (ii) we (or any parent or subsidiary) terminate Mr. Zweben's employment for a reason other than cause (as defined in the Agreement), other than death or disability (as defined in the Agreement) and other than due to our hiring or appointing a new chief executive officer or interim chief executive officer (a termination under clause (i) or (ii), a "Qualifying Termination"), Mr. Zweben will be eligible to receive the following severance benefits from us a lump sum payment of cash severance equal to the difference, if any, between \$265,000 and the base salary and bonus paid to Mr. Zweben from his start date with us as interim CEO. In no event will the lump sum payment to Mr. Zweben exceed \$265,000. If, at the time of his termination, Mr. Zweben has received \$265,000 or more in base salary and bonus in his role as interim

CEO, he will not be entitled to any cash payment under the Agreement. Additionally, if, during the change in control period, (i) Mr. Zweben has a Qualifying Termination, or (ii) Mr. Zweben's employment is terminated due to death or disability, then 100% of the shares of our common stock subject to the Mr. Zweben's outstanding unvested new hire equity compensation awards in connection with his employment as interim CEO will immediately vest.

Each Agreement other than the Agreement for Mr. Zweben, further provides that if the Executive has a Qualifying Termination, and such termination occurs outside of the change in control period, the Executive will be eligible to receive the following severance benefits from us: (i) a lump-sum payment equal to six months of his annual base salary, and (ii) reimbursement for continued group health plan coverage premiums under COBRA for six months following the Executive's termination for the Executive and his spouse and/or eligible dependents. However, if we determine that we cannot provide the COBRA reimbursement benefits

without potentially violating applicable laws, we will instead provide the Executive a taxable lump sum payment equal to 1.5 times the monthly COBRA premium (based on the first month's premium) for the six-month severance period.

In order to receive severance benefits under the Agreement, the Executive must sign and not revoke a separation and release of claims agreement in a form reasonably satisfactory to us. Each Agreement also provides that in the event that the payments and benefits provided for in the Agreement or other payments and benefits payable or provided to the Executive (i) constitute "parachute payments" within the meaning of Section 280G of the Internal Revenue Code of 1986, as amended (the "Code") and (ii) would otherwise be subject to the excise tax imposed by Section 4999 of the Code, then the Executive's payments and benefits under the agreement or other payments or benefits (the "payment") will be reduced to either (x) the largest portion of the payment that would result in no portion of the payment being subject to the excise tax or (y) the largest portion, up to and including the total, of the payment, whichever amount, after taking into account all applicable federal, state and local employment taxes, income taxes and the excise tax, results in the Executive's receipt, on an after-tax basis, of the greater amount of the payment, notwithstanding that all or some portion of the payment may be subject to the excise tax.

Each Agreement, other than Mr. Zweben's, will terminate upon the completion of all payments (if any) thereunder or on the third anniversary of its effective date if a change in control (as defined under the Agreement) has not occurred by such date unless the term of the Agreement is extended by the parties. Mr. Zweben's Agreement will terminate upon the earliest of occur of (i) the completion of all payments (if any) thereunder, (ii) the third anniversary of its effective date if a change in control (as defined under the Agreement) has not occurred, or (iii) three (3) months following Mr. Zweben's termination of employment if a change in control (as defined in the Agreement) has not occurred. With respect to all Executives, if, prior to the expiration of the term of the Agreement, we enter into a definitive agreement with a third party (or third parties), the consummation of which would result in a change in control of Rocket Fuel, then the term of the Agreement will automatically be extended to 24 months following the resulting change in control, unless the definitive agreement terminates or is canceled without resulting in a change in control, in which case, the extension will not be effective.

For purposes of each Management Retention Agreement described above, the following definitions apply:

"cause" means, with respect to the Executive, (i) an unauthorized use or disclosure of our (or any subsidiary or parent) confidential information or trade secrets, which use or disclosure causes material harm to us; (ii) a deliberate, material failure to comply with any of our written policies or rules (or any employing subsidiary or parent); (iii) conviction of, or plea of "guilty" or "no contest" to, a felony under the laws of the United States or any state thereof; (iv) gross misconduct; (v) a continued failure to perform assigned duties after receiving written notification of such failure from the board of directors, provided that such duties are those customarily performed by a person holding the position that the Executive holds immediately prior to the change in control period; or (vi) failure to cooperate in good faith with a governmental or internal investigation of us (or any subsidiary or parent) or our directors, officers or employees, if we have requested the Executive's cooperation.

"good reason" means the Executive's resignation within 30 days following the end of the cure period (as defined below), following the occurrence of one or more of the following without the Executive's express written consent: (a) a material reduction of the Executive's duties, position or responsibilities, or the removal of the Executive from such position and responsibilities, either of which results in a material diminution of the Executive's authority, duties or responsibilities, unless the Executive is provided with a comparable position (i.e., a position of equal or greater organizational level, duties, authority, compensation and status); provided, however, that a reduction in duties, position or responsibilities solely by virtue of us being acquired and made part of a larger entity (as, for example, when our Chief Executive Officer remains as such following a change in control but is not made the Chief Executive Officer of the acquiring corporation) will not constitute "good reason"; (b) a material reduction in the Executive's base salary; or (c) a material relocation of the Executive's principal workplace, provided that a relocation of 35 miles or less, or a relocation to the Executive's home as his or her principal workplace, will not be considered a material relocation. In addition, in order to qualify as good reason, the Executive must not terminate employment with us

without first providing us with written notice of the acts or omissions constituting the grounds for “good reason” within 60 days of the initial existence of the grounds for “good reason” and a reasonable cure period of 30 days following the date of written notice (the “cure period”), and such grounds must not have been cured during such time.

“target bonus” means either (i) the Executive’s target bonus percentage or target commission percentage multiplied by the Executive’s annual base salary, or (ii) the target bonus amount or target commission amount (as applicable), in each case, as in effect for our (or our successor’s) fiscal year in which the Executive’s involuntary termination under the circumstances described above occurs.

The foregoing descriptions of the Management Retention Agreements are qualified in their entirety by reference to the full text of (i) the Management Retention Agreement (Interim CEO), in the case of Mr. Zweben and (ii) the Management Retention Agreements, in the case of each of the other Executives, which will be filed as exhibits to our Quarterly Report on Form 10-Q for the three months ended March 31, 2015.

Equity Incentive Plans

Each of our named executive officers may become eligible to receive certain accelerated vesting in connection with a change of control (apart from any accelerated vesting under the Management Retention Agreements) under the 2008 Equity Incentive Plan (the "2008 Plan"), options agreements under the 2008 Plan and/or the 2013 Equity Incentive Plan (the "2013 Plan") as described below.

The 2008 Equity Incentive Plan and Option Agreements

Our 2008 Plan provides that in the event of a merger or change in control, as defined therein, each outstanding award will be treated as the administrator determines, without a participant's consent, including, without limitation, that each award be assumed or substituted for an equivalent award. For awards granted pursuant to our 2008 Plan prior to April 1, 2013, including those granted to our named executive officers, in the event that awards are not assumed or substituted for, all restrictions on the shares subject to such award will lapse, all performance goals or other vesting criteria applicable to such award will be deemed achieved at 100% of target levels and all of the shares subject to such award will fully vest and become fully exercisable, if applicable, for a specified period prior to the transaction. The award will then terminate upon the expiration of the specified period of time. For awards granted pursuant to the 2008 Plan on or after April 1, 2013, including those granted to our named executive officers, in the event that awards are not assumed or substituted for, all restrictions on an additional 25% of the shares subject to such award will lapse, all performance goals or other vesting criteria applicable to an additional 25% of the shares subject to such award will be deemed achieved at 100% of target levels and an additional 25% of the shares subject to such award will fully vest and become fully exercisable, if applicable, for a specified period prior to the transaction. In no event will the vesting of an award accelerate as to more than 100% of the award. The award will then terminate upon the expiration of the specified period of time.

Additionally, each option issued under our 2008 Plan, including those granted to our named executive officers, is subject to an option agreement that provides for the following accelerated vesting in connection with a change in control, as defined in the 2008 Plan: (i) if the optionee has continuously been our employee for one year or more as of the date of the change in control, the shares subject to the option that would normally vest in the final 12 months of the option's vesting term will immediately vest upon the change in control and the remaining unvested portion of the option will continue to vest in accordance with the original vesting schedule; (ii) if the optionee has continuously been our employee for less than one year as of the change of control, then the shares subject to the option that would normally vest in the final 12 months of the option's vesting term will vest on the one year anniversary of the optionee's commencement as our employee; and (iii) if, within 12 months following the change in control, the optionee's status as a service provider is terminated by us or a successor corporation without cause, as defined in the option agreement, or the optionee voluntarily resigns for good reason, as defined in the option agreement, then an additional number of shares subject to the option that would normally vest (without taking into account any accelerated vesting under clause (ii), above) over the 12 month period following such termination will immediately vest.

The 2013 Equity Incentive Plan

Our 2013 Plan provides that in the event of a merger or change in control, as defined under the 2013 Plan, each outstanding award will be treated as the administrator determines, except that if a successor corporation or its parent or subsidiary does not assume or substitute an equivalent award for any outstanding award, then such award will vest as to an additional 25% of the shares subject to such award, all restrictions on an additional 25% of the shares subject to such award will lapse, all performance goals or other vesting criteria applicable to an additional 25% of the shares subject to such award will be deemed achieved at 100% of target levels and an additional 25% of the shares subject to such award will become fully exercisable, if applicable, for a specified period prior to the transaction. In no event will the vesting of an award accelerate as to more than 100% of the award. The award will then terminate upon the

expiration of the specified period of time.

Executive Incentive Compensation Plan

Our Executive Incentive Compensation Plan, or the Bonus Plan, was adopted by our board of directors in August 2013. The Bonus Plan allows our compensation committee to provide cash incentive awards to selected employees, including our named executive officers, based upon performance goals established by our compensation committee,

provided that our board of directors will make any determinations under the Bonus Plan relating to our chief executive officer's participation in the Bonus Plan.

Under the Bonus Plan, our compensation committee (or our board of directors with respect to our chief executive officer) determines the performance goals applicable to any award, which goals may include, without limitation: attainment of research and development milestones, bookings, business divestitures and acquisitions, cash flow, cash position, contract awards or backlog, customer renewals, customer retention rates from an acquired company, business unit or division, earnings (which may include

any calculation of earnings, including but not limited to earnings before interest and taxes, earnings before taxes, EBITDA (earnings before interest, taxes, depreciation and amortization), EBITDAS (earnings before interest, taxes, depreciation, amortization and stock-based compensation), and net earnings), earnings per share, expenses, gross margin, growth in stockholder value relative to the moving average of the S&P 500 Index or another index, internal rate of return, market share, net income, net profit, net sales, new product development, new product invention or innovation, number of customers, operating cash flow, operating expenses, operating income, operating margin, overhead or other expense reduction, product defect measures, product release timelines, productivity, profit, return on assets, return on capital, return on equity, return on investment, return on sales, revenue, revenue growth, sales results, sales growth, stock price, time to market, total stockholder return, working capital, and individual objectives such as peer reviews or other subjective or objective criteria. Performance goals that include our financial results may be determined in accordance with U.S. generally accepted accounting principles, or GAAP, or such financial results may consist of non-GAAP financial measures and any actual results may be adjusted by the compensation committee for one-time items or unbudgeted or unexpected items when determining whether the performance goals have been met. The goals may be on the basis of any factors the compensation committee determines relevant, and may be adjusted on an individual, divisional, business unit, segment or company-wide basis. Any criteria used may be measured on such basis as the compensation committee determines, including but not limited to, as applicable, (i) in absolute terms, (ii) in combination with another performance goal or goals (for example, but not by way of limitation, as a ratio or matrix), (iii) in relative terms (including, but not limited to, results for other periods, passage of time and/or against another company or companies or an index or indices), (iv) on a per-share basis, (v) against our performance as a whole or a segment and/or (vi) on a pre-tax or after-tax basis. The performance goals may differ from participant to participant and from award to award. The board of directors will determine the performance goals applicable to any award granted to our chief executive officer, which goals may include, without limitation, any goal listed above. Our compensation committee (or our board of directors with respect to awards to our chief executive officer) may, in its sole discretion and at any time, increase, reduce or eliminate a participant's actual award, and/or increase, reduce or eliminate the amount allocated to the bonus pool for a particular performance period. The actual award may be below, at or above a participant's target award, in the compensation committee's or board of director's discretion, as applicable. Our compensation committee, or our board of directors with respect to awards to our chief executive officer, may determine the amount of any reduction on the basis of such factors as it deems relevant, and it is not required to establish any allocation or weighting with respect to the factors it considers. Actual awards are paid in cash (or in cash equivalents) only after they are earned, which generally requires continued employment through the date a bonus is paid. Payment of bonuses occurs as soon as administratively practicable after they are earned, but no later than the dates set forth in the Bonus Plan. Our board of directors and our compensation committee (other than with respect to our chief executive officer) each have the authority to amend, alter, suspend or terminate the Bonus Plan provided such action does not impair the existing rights of any participant with respect to any earned bonus.

401(k) Plan

We maintain a tax-qualified retirement plan that provides eligible employees with an opportunity to save for retirement on a tax advantaged basis. The 401(k) plan offers a salary deferral arrangement pursuant to which participants may elect to reduce their current compensation up to the statutorily prescribed limit and have the amount of their compensation reduction contributed to the 401(k) plan. Pre-tax contributions are allocated to each participant's individual account and are then invested in selected investment alternatives according to the participant's directions. The 401(k) plan allows for discretionary employer matching contributions. In 2014, we made no matching contributions into the plan. The 401(k) plan is intended to qualify under Sections 401(a) and 501(a) of the Code. As a tax-qualified retirement plan, contributions to the 401(k) plan and earnings on those contributions are not taxable to the employees until distributed from the 401(k) plan, and contributions by us, if any, are deductible when made.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

We describe below transactions, and series of related transactions, since January 1, 2014 to which we were or will be a party, in which:
the amounts involved exceeded or will exceed \$120,000; and

30

any of our directors, executive officers, or beneficial holders of more than 5% of any class of our capital stock, or their immediate family members, had or will have a direct or indirect material interest.

Other than as described below, there has not been, nor is there any currently proposed, transaction or series of related transactions to which we have been or will be a party other than 2014 and 2015 compensation arrangements, which are described where required under the headings “Board of Directors and Corporate Governance - Non-Employee Director Compensation ” and “Executive Compensation.”

Investor Rights Agreement

We are party to an investor rights agreement which provides that certain holders of our common stock, including two of our named executive officers and each of the holders of 5% of our capital stock and entities affiliated with certain of our directors, have certain registration rights, including the right to demand that we file a registration statement or request that their shares be covered by a registration statement that we are otherwise filing.

Indemnification Agreements

We have entered into indemnification agreements with each of our current directors and executive officers. The indemnification agreements and our amended and restated certificate of incorporation and amended and restated bylaws require us to indemnify our directors and officers to the fullest extent permitted by Delaware law.

Policies and Procedures for Related Party Transactions

We have adopted a formal written policy providing that our audit committee will be responsible for reviewing “related party transactions,” which are transactions (i) in which we are or will be a participant, (ii) in which the aggregate amount involved exceeds or may be expected to exceed \$120,000, or such lower threshold as the audit committee may determine, and (iii) in which a related person has or will have a direct or indirect material interest. For purposes of this policy, a related person will be defined as a director, nominee for director, executive officer, or a greater than 5% beneficial owner of our common stock and their immediate family members. Under this policy, all related party transactions may be consummated or continued only if approved or ratified by our audit committee.

Our 2013 Plan provides that on the first day of each fiscal year beginning in 2014, the number of shares available for issuance thereunder is automatically increased by a number equal to the least of (i) 4,000,000 shares of common stock, (ii) five percent (5.0%) of the outstanding shares of common stock as of the last day of our immediately preceding fiscal year, or

(iii) such other amount as our board of directors may determine. Our ESPP provides that on the first day of each fiscal year beginning in 2014, the number of shares available for issuance thereunder is automatically increased by a number equal to the least of (i)

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of April 15, 2015, for:

- each of our named executive officers;
- each of our directors;
- all of our executive officers and directors as a group; and
- each person, or group of affiliated persons, known by us to be the beneficial owner of more than five percent (5.0%) of any class of our voting securities

We have determined beneficial ownership in accordance with the rules of the SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Except as indicated by the footnotes below, we believe, based on information furnished to us, that the persons and entities named in the table below have sole voting and sole investment power with respect to all shares of common stock that they beneficially owned, subject to applicable community property laws.

We have based percentage ownership of our common stock on 42,151,024 shares of our common stock outstanding as of April 15, 2015. In computing the number of shares of common stock beneficially owned by a person and the percentage ownership of such person, we deemed to be outstanding all shares of common stock subject to options held by the person that are currently exercisable or exercisable within 60 days of April 15, 2015, as well as all shares of common stock issuable pursuant to restricted stock units held by the person that are subject to vesting conditions expected to occur within 60 days of April 15, 2015. However, we did not deem such shares outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated, the address of each beneficial owner listed in the table below is c/o Rocket Fuel Inc., 1900 Seaport Boulevard, Redwood City, CA 94063.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires that our executive officers and directors, and persons who own more than 10% of our common stock, file reports of ownership and changes of ownership with the SEC. Such directors, executive officers and 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. SEC regulations require us to identify in this proxy statement anyone who filed a required report late during the most recent year. Based on our review of forms we received, or written representations from reporting persons stating that they were not required to file these forms, we believe that during 2014, all Section 16(a) filing requirements were satisfied on a timely basis except that on a Form 4 we filed on behalf of George John, we reported his open market purchase of 29,000 shares of stock on November 25, 2014 one day late.

Stockholder Proposals Not for Inclusion in Proxy Statement. Our bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders but do not intend for the proposal to be included in our proxy statement. Our bylaws provide that the only business that may be conducted at an annual meeting is business that is (i) specified in our proxy materials with respect to the meeting, (ii) otherwise properly brought before the meeting by or at the direction of our board of directors, or (iii) properly brought before the meeting by a stockholder of record entitled to vote at the annual meeting who has delivered timely written notice to our Corporate Secretary. The written notice must contain the information specified in our bylaws. To be timely for our 2016 annual meeting of stockholders, our Corporate Secretary must receive the written notice at our principal executive offices no earlier than February 11, 2016, and no later than the close of business on March 13, 2016.

If we hold our 2016 annual meeting of stockholders more than 30 days before or more than 60 days after the one-year anniversary date of the 2015 Annual Meeting, then notice of a stockholder proposal that is not intended to be included in our proxy statement must be received no earlier than the close of business on the 120th day before the annual meeting and no later than the close of business on the later (i) the 90th day prior to the annual meeting; or (ii) the 10th day following the day on which public announcement of the date of the meeting is first made. If a stockholder who has notified us of his or her intention to present a proposal at an annual meeting does not appear to present his or her proposal at the meeting, we are not required to present the proposal for a vote at the meeting.
