Edgar Filing: GEE Group Inc. - Form DEF 14A

The Annual Meeting will be held at 10:00 a.m., Eastern time, on August 16, 2017, at The Washington Hilton, Jay Room, 1919 Connecticut Ave NW, Washington DC 20009. At this important meeting, you will be asked to consider and vote upon the following:

- The Preferred Conversion Proposal:

Pursuant to the rules of the NYSE MKT, the exchange on which the Company's common stock is listed, the approval of the Preferred Conversion Proposal and the approval of the Note Conversion Proposal is required because the aggregate number of shares of common stock proposed to be issued by the Company in connection with (i) the conversion in full of the Series B Preferred Stock into shares of common stock, (ii) the conversion in full of the 9.5% Notes into shares of common stock and (iii) the payment of interest on the 9.5% Notes in shares of common stock constitutes more than 19.99% of the Company's outstanding common stock prior to the Merger. Pursuant to the rules of the NYSE MKT, the approval of the 2013 Plan Amendment Proposal is also required.

Until such time as the stockholders of the Company approve the Preferred Conversion Proposal, the holders of Series B Preferred Stock may not convert any shares of Series B Preferred Stock into shares of common stock to the extent that such conversion, when taken together with (i) all prior conversions of Series B Preferred Stock into shares of common stock, (ii) all prior conversions of 9.5% Notes into shares of common stock, (iii) all prior issuances of common stock as interest payments on the 9.5% Notes and (iv) all other shares of common stock that were previously issued in connection with the issuance of the 9.5% Notes would constitute more than 19.99% of the Company's outstanding common stock immediately prior to the Merger (the "Conversion Limit"). Until such time as the stockholders of the Company approve the Note Conversion Proposal, the holders of 9.5% Notes may not convert any 9.5% Notes into shares of common stock to the extent that such conversion, when taken together with (i) all prior conversions of Series B Preferred Stock into shares of common stock, (ii) all prior conversions of 9.5% Notes into shares of common stock, (iii) all prior issuances of common stock as interest payments on the 9.5% Notes and (iv) all other shares of common stock that were previously issued in connection with the issuance of the 9.5% Notes would exceed the Conversion Limit. Until such time as the stockholders of the Company approve the Note Conversion Proposal, the Company may not make any interest payment on the 9.5% Notes in shares of common stock to the extent that such issuance of common stock when taken together with (i) all prior conversions of Series B Preferred Stock into shares of common stock, (ii) all prior conversions of 9.5% Notes into shares of common stock (iii) all prior issuances of common stock as interest payments on the 9.5% Notes and (iv) all other shares of common stock that were previously issued in connection with the issuance of the 9.5% Notes would exceed the Conversion Limit.

Until such time as the stockholders of the Company approve the 2013 Plan Amendment Proposal, the Company may not issue more than 1,000,000 shares of common stock pursuant to awards granted under the 2013 Plan. As of July 5, 2017, the Company had issued awards with respect to 748,005 shares of common stock under the 2013 Plan.

Pursuant to the rules of the NYSE MKT, the approval of each of the Preferred Conversion Proposal, the Note Conversion Proposal and the 2013 Plan Amendment Proposal requires the affirmative vote of at least a majority of the votes cast by the Company stockholders entitled to vote on such proposal. If you "Abstain" from voting, it will have the same effect as an "Against" vote on each of the Preferred Conversion Proposal, the Note Conversion Proposal and the 2013 Plan Amendment Proposal. Failure to vote, including broker non-votes, will have no effect with respect to the requirement under the NYSE MKT rules that each of the Preferred Conversion Proposal, the Note Conversion Proposal and the 2013 Plan Amendment Proposal be approved by the affirmative vote of at least a majority of the votes cast by stockholders entitled to vote on such proposal.

Edgar Filing: GEE Group Inc. - Form DEF 14A

Based on the 9,878,892 shares of common stock outstanding on July 5, 2017, assuming the conversion in full of the Series B Preferred Stock into shares of common stock, the former stockholders of SNIH will own approximately 37.5% of the then outstanding common stock of the Company. Based on the 9,878,892 shares of common stock outstanding on July 5, 2017, assuming the conversion in full of all of the Series B Preferred Stock and all of the 9.5% Notes into shares of common stock, the former stockholders of SNIH will own approximately 45% of the then outstanding common stock of the Company.

After careful consideration of all relevant factors, the Company's Board of Directors has determined that each of the Preferred Conversion Proposal, the Note Conversion Proposal, the Board Election Proposal, the Auditor Ratification Proposal and the 2013 Plan Amendment Proposal is fair to and in the best interests of the Company and its stockholders, and has recommended that you vote or give instruction to vote "FOR" adoption of Preferred Conversion Proposal, "FOR" adoption of the Note Conversion Proposal, "For" adoption of the Board Election Proposal, "FOR" adoption of the Auditor Ratification Proposal, "FOR" adoption of the 2013 Plan Amendment Proposal and to approve the Adjournment Proposal.

Enclosed is a notice of Annual Meeting and proxy statement containing detailed information concerning the Preferred Conversion Proposal, the Note Conversion Proposal, the Merger, the Board Election Proposal, the Auditor Ratification Proposal, the 2013 Plan Amendment Proposal and the Annual Meeting. The Company accounts for business combinations pursuant to Accounting Standards Codification ASC 805, *Business Combinations*. In accordance with ASC 805, the Company uses its best estimates and assumptions to accurately assign fair value to the assets acquired and the liabilities assumed at the acquisition date. Material Federal Income Tax Consequences

We have not obtained a tax opinion from legal counsel or tax experts on the Merger. The Merger is intended for federal income tax purposes to qualify as one or more reorganizations within the meaning of the Internal Revenue Code of 1986, as amended, and the regulations promulgated thereunder. Based on the provisions of the Internal Revenue Code of 1986, as amended, existing United States Treasury regulations promulgated thereunder and administrative and judicial interpretations thereof, all as in effect as of the date hereof and all of which are subject to change (possibly with retroactive effect), we do not believe that the Merger will give rise to the recognition of gain or losses to us or our stockholders for U.S. federal income tax purposes, however management has estimated a \$12,000,000 deferred tax liability based on the inability for the Company to deduct the amortization of intangible assets. The foregoing summary is for general information only and does not discuss any state, local, foreign or other tax consequences.

Opinion of Financial Advisor

Information Regarding the Preferred Conversion Proposal and the Note Conversion Proposal

Although the Company was not required to seek the approval of its stockholders in connection with the consummation of the Merger, the Company is required to seek the approval of its stockholders in connection with the conversion of shares of Series B Convertible Preferred and/or the conversion of 9.5% Notes into shares of common stock to the extent that such conversions would exceed the “Conversion Limit” (as defined below). Pursuant to the terms of the Merger Agreement, we are obligated to call a meeting of our stockholders for the purpose of seeking the approval of our stockholders of the Preferred Conversion Proposal and the Note Conversion Proposal. In the event that we do not obtain the approval of our stockholders at this meeting of the Preferred Conversion Proposal and/or the Note Conversion Proposal, we have agreed to promptly take all actions necessary to hold a subsequent meeting of our stockholders for the purpose of obtaining the approval of the Preferred Conversion Proposal and/or the Note Conversion Proposal and to continue to do so until such proposals are approved.

Because our common stock is listed on the NYSE MKT, we are subject to the rules set forth in the NYSE MKT Company Guide. Section 712 of the NYSE MKT Company Guide requires stockholder approval to be obtained if a listed company issues common stock or securities convertible into or exercisable for common stock as sole or partial consideration for an acquisition of the stock or assets of another company where the present or potential issuance of common stock, or securities convertible into common stock, could result in an increase in outstanding common shares of 20% or more.

The conversion in full of the Series B Convertible Preferred Stock would result in the issuance of approximately an additional 5,926,000 shares of common stock which would have constituted 37.5% of our then outstanding common stock, based on the new shares issued and the outstanding shares as of April 3, 2017, the date of the consummation of the Merger. The conversion in full of the 9.5% Notes would result in the issuance of approximately an additional 2,144,100 shares of common stock, which would constitute 45% of our then outstanding common stock, based on the new shares issued and the outstanding shares as of April 3, 2017, the date of the consummation of the Merger. In addition, the payment in full of all potential interest payments on the 9.5% Notes in shares of common stock prior to the stated maturity date of the 9.5% Notes would result in the issuance of approximately an additional 916,900 shares of common stock, which would have constituted 47.6% of our then outstanding common stock, based on the new shares issued and the outstanding shares as of April 3, 2017.

Until such time as the Preferred Conversion Proposal has been approved, holders of the Series B Convertible Preferred Stock will not be permitted to effect any conversion of any shares of Series B Convertible Preferred Stock to the extent that the shares of common stock issuable upon such conversion when taken together with the shares of common stock previously issued with respect to (i) prior conversions of shares of Series B Convertible Preferred Stock, and/or (ii) prior conversions of any 9.5% Notes and/or (iii) the payment of dividends on any 9.5% Notes in shares of common stock and/or (iv) otherwise in connection with the issuance of the 9.5% Notes would result in the issuance of shares of common stock that exceed 19.99% of the outstanding shares of common stock as of April 3, 2017 (the “Conversion Limit”).

Until such time as the Note conversion Proposal has been approved, holders of the 9.5% Notes will not be permitted to effect any conversion of any 9.5% Notes to the extent that the shares of common stock issuable upon such conversion when taken together with the shares of common stock previously issued with respect to (i) prior conversions of shares of Series B Convertible Preferred Stock, and/or (ii) prior conversions of any 9.5% Notes and/or (iii) the payment of dividends on any 9.5% Notes in shares of common stock and/or (iv) otherwise in connection with the issuance of the 9.5% Notes would result in the issuance of shares of common stock that exceed the Conversion Limit.

Until such time as the Note Conversion Proposal has been approved, the Company will not be permitted to make any payments of interest on the 9.5% Notes in shares of common stock to the extent that the shares of common stock issuable as such interest payments when taken together with the shares of common stock previously issued with respect to (i) prior conversions of shares of Series B Convertible Preferred Stock, and/or (ii) prior conversions of any 9.5% Notes and/or (iii) the payment of dividends on any 9.5% Notes in shares of common stock and/or (iv) otherwise in connection with the issuance of the 9.5% Notes would result in the issuance of shares of common stock that exceed the Conversion Limit.

2013 Plan Amendment Proposal

Our Board has approved, and has recommended that our stockholders approve an amendment to our 2013 Incentive Stock Plan to increase Stock Plan to increase the number of shares of common stock available for awards under the 2013 Plan ("Awards") from 1,000,000 shares to 4,000,000 shares. Because our common stock is listed on the NYSE MKT, we are subject to the rules set forth in the NYSE MKT Company Guide. Section 711 of the NYSE MKT Company Guide requires (subject to certain exceptions) stockholder approval to be obtained if a listed company establishes or materially amends a stock option or purchase plan or other equity compensation arrangement pursuant to which options or stock may be acquired by officers, directors, employees, or consultants, regardless of whether or not such authorization is required by law or by the company's charter. As of July 5, 2017, approximately 251,955 shares of common stock remained available for grant pursuant to Awards under the 2013 Plan. The

Board believes that the availability of additional shares of common stock for Awards granted under the 2013 Plan is needed to enable the Company to meet its anticipated equity compensation needs to attract, motivate and retain qualified employees, officers and directors.

The Adjournment Proposal

The Adjournment Proposal would allow our Board of Directors to adjourn the Annual Meeting to a later date or dates, if necessary, to permit further solicitation of proxies in the event there are not sufficient votes at the time of the Annual Meeting to approve the Preferred Conversion Proposal and/or the Note Conversion Proposal.

Board Recommendations

On the basis of the factors described in this Proxy Statement, the Board of Directors has unanimously determined, that each of (i) the Preferred Conversion Proposal, (ii) the Note Conversion Proposal; (iii) the Board Election Proposal; (iv) the Auditor Ratification proposal; (v) the 2013 Plan Amendment Proposal and (vi) the Adjournment Proposal is advisable and fair to, and in the best interests of, the Company and recommends that the stockholders of the Company vote:

2. **FOR** the Note Conversion Proposal;
3. **FOR** the Board Election Proposal;

Q. Why did the Company issue the Series B Preferred Stock and the 9.5% Notes?

A. The Company issued an aggregate of approximately 5,926,000 shares of Series B Convertible Preferred Stock and \$12.5 million in aggregate principal amount of its 9.5% Convertible Subordinated Notes (9.5% Notes”) on or about April 3, 2017 in connection with its acquisition of SNI Holdco, a Delaware corporation (“SNIH”) and its wholly-owned subsidiary, SNI Companies, Inc., a Delaware corporation (“SNI Companies” and collectively with SNIH, the “Acquired Companies”) pursuant to an Agreement and Plan of Merger dated as of March 31, 2017 (the “Merger Agreement”) by and among the Company, GEE Portfolio Group, Inc., a Delaware corporation (“GEE Portfolio”), SNIH, Smith Holdings, LLC a Delaware limited liability company, Thrivent Financial for Lutherans, a Wisconsin corporation, organized as a fraternal benefits society, Madison Capital Funding, LLC, a Delaware limited liability company and Ronald R. Smith, in his capacity as a stockholder and Ronald R. Smith in his capacity as the representative of the SNIH Stockholders. The Merger Agreement provided for the merger subject to the terms and conditions set forth in the Merger Agreement of SNIH with and into GEE Portfolio pursuant to which GEE Portfolio was the surviving corporation (the “Merger”). The Merger was consummated on April 3, 2017. As a result of the Merger, GEE Portfolio became the owner 100% of the outstanding capital stock of SNI Companies. For a more detailed description of the terms of the Series B Convertible Preferred Stock please see “Proposal 1—The Preferred Conversion Proposal—Stockholder Approval Requirement for Preferred Conversion Proposal” beginning on page 24 of this Proxy Statement. For a more detailed description of the terms of the 9.5% Notes please see “Proposal 2—The Note Conversion Proposal—Stockholder Approval Requirement for Note Conversion Proposal” beginning on page 51 of this Proxy Statement. For a more detailed discussion of the Merger, please see “Proposal 1—The Preferred Conversion Proposal—The Merger” beginning on page 25 of this Proxy Statement.

Q. Where can I find out more information with respect to the Merger?

A. The following is a brief summary of the terms of the Merger. For a more detailed discussion of the Merger please see “Proposal 1—The Preferred Conversion Proposal—The Merger” beginning on page 25 of this Proxy Statement.

We consummated our acquisition of SNIH and SNI Companies on April 3, 2017 pursuant to the Merger Agreement.

Following the consummation of the Merger, SNI Companies became a wholly-owned subsidiary of GEE Group.

The aggregate consideration paid for the shares of SNI Holdco (the “Merger Consideration”) was approximately \$66,300,000, plus or minus the “NWC Adjustment Amount” or the difference in the book value of the Closing Net Working Capital (as defined in Merger Agreement) of the Acquired Companies as compared to the Benchmark Net Working Capital (as defined in the Merger Agreement) of the Acquired Companies of \$9.2 million. The consideration by the Company paid to the former stockholders of SNIH in the Merger

consisted of (i) an aggregate of approximately \$24,485,000 in cash, (ii) an aggregate of \$12.5 million in aggregate principal amount of its 9.5% Notes and (iii) an aggregate of approximately 5,926,000 shares of its Series B Convertible Preferred Stock (with an approximate value of approximately \$29,300,000 based on the closing stock price of GEE Group, Inc. common stock of \$4.95 on March 31, 2017).

Pursuant to the Merger Agreement, the former stockholders of SNIH have agreed to indemnify the Company with respect to the breach of the representations and warranties set forth in the Merger Agreement. The relative responsibility and indemnification ceiling of each former SNIH stockholder is determined as set forth in the Merger Agreement. The indemnification obligations of the former stockholders of SNIH are subject to certain overall baskets, deductibles and ceilings as set forth in the Merger Agreement. \$8.6 million in aggregate principal amount of the 9.5% Notes was placed in escrow against which the Company may seek set-off in the event of certain indemnification obligations of the former stockholders of SNIH. These 9.5% Notes will be released from escrow after a period of eighteen months if there are no outstanding claims for indemnification, but not if there are outstanding claims for indemnification.

The Company has agreed to provide the SNIH Stockholders with certain piggyback and demand registration rights with respect to the shares of Common Stock that are issuable upon the conversion of the Series B Convertible Preferred Stock and the 9.5% Notes.

For a more detailed description of the Merger, please see “Preferred Conversion Proposal—The Merger” beginning on page 25 of this Proxy Statement.

Table of Contents

Q. Why is the Company seeking stockholder approval with respect to the potential conversion of the Series B Preferred Stock, the potential conversion of the 9.5% Notes and the payment of interest on the 9.5% Notes in shares of common stock?

A. Because our common stock is listed on the NYSE MKT, we are subject to the rules set forth in the NYSE MKT Company Guide. Section 712 of the NYSE MKT Company Guide requires stockholder approval to be obtained if a listed company issues common stock or securities convertible into or exercisable for common stock as sole or partial consideration for an acquisition of the stock or assets of another company where the present or potential issuance of common stock, or securities convertible into common stock, could result in an increase in outstanding common shares of 20% or more.

The conversion in full of the Series B Convertible Preferred Stock would result in the issuance of approximately an additional 5,926,000 shares of common stock which would have constituted 37.5% of our then outstanding common stock, based on the new shares issued and the outstanding shares as of April 3, 2017, the date of the consummation of the Merger. The conversion in full of the 9.5% Notes would result in the approximate issuance of an additional 2,144,100 shares of common stock, which would have constituted 45% of our then outstanding common stock, based on the new shares issued and the outstanding shares as of April 3, 2017, the date of the consummation of the Merger. In addition, the payment in full of all potential interest payments on the 9.5% Notes in shares of common stock prior to the stated maturity date of the 9.5% Notes would result in the approximate issuance of an additional 916,900 shares of common stock, which would have constituted 47.6% of our then outstanding common stock, based on the new shares issued and the outstanding shares as of April 3, 2017.

Currently, holders of the Series B Convertible Preferred Stock are not permitted to effect any conversion of any shares of Series B Convertible Preferred Stock to the extent that the shares of common stock issuable upon such conversion when taken together with the shares of common stock previously issued with respect to (i) prior conversions of shares of Series B Convertible Preferred Stock, and/or (ii) prior conversions of any 9.5% Notes and/or (iii) the payment of dividends on any 9.5% Notes in shares of common stock and/or (iv) otherwise in connection with the issuance of the 9.5% Notes would result in the issuance of shares of common stock that exceed 19.99% of the outstanding shares of common stock as of April 3, 2017 (the "Conversion Limit") unless and until such time as the Company has received approval of the Preferred Conversion Proposal.

Currently, holders of the 9.5% Notes are not permitted to effect any conversion of any 9.5% Notes to the extent that the shares of common stock issuable upon such conversion when taken together with the shares of common stock previously issued with respect to (i) prior conversions of shares of Series B Convertible Preferred Stock, and/or (ii) prior conversions of any 9.5% Notes and/or (iii) the payment of dividends on any 9.5% Notes in shares of common stock and/or (iv) otherwise in connection with the issuance of the 9.5% Notes would result in the issuance of shares of common stock that exceed the Conversion Limit unless and until such time as the Company has received approval of the Note

Conversion Proposal.

Currently, the Company is not permitted to make any payments of interest on the 9.5% Notes in shares of common stock to the extent that the shares of common stock issuable as such interest payments when taken together with the shares of common stock previously issued with respect to (i) prior conversions of shares of Series B Convertible Preferred Stock, and/or (ii) prior conversions of any 9.5% Notes and/or (iii) the payment of dividends on any 9.5% Notes in shares of common stock and/or (iv) otherwise in connection with the issuance of the 9.5% Notes would result in the issuance of shares of common stock that exceed the Conversion Limit unless and until such time as the Company has received approval of the Note Conversion Proposal.

- Q. How will the persons named as proxies vote?**
- A. If you complete and submit a proxy, the persons named as proxies will follow your instructions. If you submit a proxy but do not provide instructions, or if your instructions are unclear, the persons named as proxies will vote as recommended by our Board of Directors or, if no recommendation is given, in their own discretion.
- Q. Where can I find the results of the voting?**
- A. We intend to announce preliminary voting results at the Annual Meeting and will publish final results through a Current Report on Form 8-K to be filed with the Securities and Exchange Commission ("SEC") within four business days after the Annual Meeting. The Current Report on Form 8-K will be available on the Internet at our website, www.generalemployment.com.
- Q. Do I need a ticket to attend the Annual Meeting?**
- A. Yes, you will need an admission card to enter the Annual Meeting. You may request tickets by providing the name under which you hold shares of record or, if your shares are held in the name of a bank, broker or other holder of record, the evidence of your beneficial ownership of the shares, the number of tickets you are requesting and your contact information. You can submit your request in the following ways:
- by sending an e-mail to andrew.norstrud@geegroup.com; or
 - by calling us at (813) 803-8275.
- Stockholders also must present a form of personal photo identification in order to be admitted to the Annual Meeting.
- Q. Who will pay for the cost of soliciting**

proxies?

fiduciaries, voting trustees, and other nominees for forwarding our proxy materials to each beneficial owner of Common Stock held of record by them.

Q. What is "householding" and how does it affect me?

A. In accordance with notices to many stockholders who hold their shares through a bank, broker or other holder of record (a "street-name stockholder") and share a single address, only one copy of our proxy statement and included periodic reports to stockholders is being delivered to that address unless contrary instructions from any stockholder at that address were received. This practice, known as "householding," is intended to reduce our printing and postage costs. However, any such street-name stockholder residing at the same address who wishes to receive a separate copy of this proxy statement may request a copy by contacting the bank, broker or other holder of record, or by sending a written request to: GEE Group, Inc., 184 Shuman Blvd, Suite 420, Naperville, Illinois 60563, Attn.: Chief Financial Officer or by contacting our CFO by telephone at (630) 954-0400. The voting instruction form sent to a street-name stockholder should provide information on how to request (1) householding of future Company materials or (2) separate materials if only one set of documents is being sent to a household. A stockholder who would like to make one of these requests should contact us as indicated above.

- Q. If I am not going to attend the Annual Meeting in person, should I return my proxy card instead?**
- A. Yes. After carefully reading and considering the information in this document, please fill out and sign your proxy card. Then return it in the return envelope as soon as possible, so that your shares may be represented at the Annual Meeting. You may also vote by telephone or internet, as explained on the proxy card. A properly executed proxy will be counted for the purpose of determining the existence of a quorum.
- Q. How do I change my vote?**
- A. You may revoke your proxy and change your vote at any time before the final vote at the Annual Meeting. You may change your vote by voting again on a later date on the Internet (only your latest Internet proxy submitted prior to the Annual Meeting will be counted), signing and returning a new proxy card with a later date, or attending the Annual Meeting and voting in person. However, your attendance at the Annual Meeting will not automatically revoke any prior proxy unless you vote again at the Annual Meeting or specifically request in writing that your prior proxy be revoked.
- Q. If my shares are held in “street name,” will my broker automatically vote them for me?**
- A. No. NYSE MKT rules do not permit brokers discretionary authority to vote on the approval of the Preferred Conversion Proposal, the Note Conversion Proposal, the Board Election Proposal or the 2013 Plan Amendment Proposal. Your broker can vote your shares only if you provide instructions on how to vote. You should instruct your broker to vote your shares. Your broker can tell you how to provide these instructions..
- Q. Who can help answer my questions?**
- A. If you have questions, you may write or call GEE Group, Inc. 184 Shuman Blvd., Suite 420, Naperville, Illinois 60563, 630-954-0400, Attention: Secretary.
- Q. Where will the Annual Meeting be held?**
- A. The meeting will be held at The Washington Hilton, Jay Room, 1919 Connecticut Ave NW, Washington DC 20009.
- Q. What is the Board of Directors recommendation in voting the proposals?**
- A. On the basis of the factors described herein, the Board of Directors has unanimously determined, that each of (i) the Preferred Conversion Proposal, (ii) the Note Conversion Proposal; (iii) the Board Election Proposal; (iv) the Auditor Ratification proposal; (v) the 2013 Plan Amendment Proposal and (vi) the Adjournment Proposal is advisable and fair to, and in the best interests of, the Company and recommends that the stockholders of the Company vote:
1. **FOR** the Preferred Conversion Proposal;
 2. **FOR** the Note Conversion Proposal;
 3. **FOR** the Board Election Proposal;

Voting Procedures

If you are a registered stockholder (*i.e.*, you hold your shares in your own name through our transfer agent, Continental Stock Transfer & Trust Co., referred to herein as "Continental"), you may vote by proxy via the Internet, or by mail by following the instructions provided on the proxy card. Stockholders of record who attend the Annual Meeting may vote in person by obtaining a ballot from the inspector of elections. If you are a beneficial owner of shares (*i.e.*, your shares are held in the name of a brokerage firm, bank or a trustee), you may vote by proxy by following the instructions provided in the vote instruction form or other materials provided to you by the brokerage firm, bank, or other nominee that holds your shares. To vote in person at the Annual Meeting, you must obtain a legal proxy from the brokerage firm, bank or other nominee that holds your shares.

Quorum

A quorum of stockholders is necessary to validly hold the Annual Meeting. A quorum will be present if a majority of the outstanding shares of our common stock on the Record Date are represented at the Annual Meeting, either in person or by proxy. Your shares will be counted for purposes of determining a quorum if you vote via the Internet, by telephone or by submitting a properly executed proxy card or voting instruction form by mail, or if you vote in person at the Annual Meeting. Abstentions will be counted for determining whether a quorum is present for the Annual Meeting. A quorum is only needed to approve the Preferred Conversion Proposal, the Note Conversion Proposal, the Board Election Proposal, the Auditor Ratification Proposal and the 2013 Plan Amendment Proposal and not to approve the Adjournment Proposal.

Vote Required

Pursuant to the rules of the NYSE MKT, the approval of each of the Preferred Conversion Proposal and the Note Conversion Proposal requires the affirmative vote of at least a majority of the votes cast by the Company stockholders entitled to vote on the matter, provided that there is a quorum. If you "Abstain" from voting, it will have the same effect as an "Against" vote on the Preferred Conversion Proposal and the Note Conversion Proposal. Failure to vote, including broker non-votes, will have no effect with respect to the requirement under the NYSE MKT rules that each of the Preferred Conversion Proposal and the Note Conversion Proposal be approved by the affirmative vote of at least a majority of the votes cast by stockholders entitled to vote on the matter.

The Board Election Proposal requires the affirmative vote of shares of Common Stock representing a plurality of the votes cast on the proposal at the Annual Meeting. This means that the seven nominees will be elected if they receive more affirmative votes than any other person. You may not cumulate your votes for the election of directors. Brokers

may not use discretionary authority to vote shares on the election of directors if they have not received specific instructions from their clients. For your vote to be counted in the election of directors, you will need to communicate your voting decisions to your bank, broker or other nominee before the date of the Annual Meeting in accordance with their specific instructions.

The Auditor Ratification Proposal requires the affirmative vote of shares of Common Stock representing a majority of votes cast on the proposal at the Annual Meeting. For the purpose of the vote on this proposal, abstentions, broker non-votes and other shares not voted will not be counted as votes cast and will have no effect on the result of the vote, although all shares for which proxies have been given will be considered present for the purpose of determining the presence of a quorum.

Pursuant to the rules of the NYSE MKT, the 2013 Plan Amendment Proposal requires the affirmative vote of at least a majority of the votes cast by the Company stockholders entitled to vote on the matter, provided that there is a quorum. If you "Abstain" from voting, it will have the same effect as an "Against" vote on the 2013 Plan Amendment Proposal. Failure to vote, including broker non-votes, will have no effect with respect to the requirement under the NYSE MKT rules that the 2013 Plan Amendment Proposal be approved by the affirmative vote of at least a majority of the votes cast by stockholders entitled to vote.

The Adjournment Proposal requires the affirmative vote of a majority of the votes cast by the stockholders entitled to vote on the matter. For the purpose of the vote on this proposal, abstentions, broker non-votes and other shares not voted will not be counted as votes cast and will have no effect on the result of the vote, although all shares for which proxies have been given will be considered present for the purpose of determining the presence of a quorum.

Table of Contents

NYSE MKT rules do not permit brokers discretionary authority to vote on the approval of the Preferred Conversion Proposal, the Note Conversion Proposal, the Board Election Proposal or the 2013 Plan Amendment Proposal. Therefore, if you hold shares of our common stock in street name and do not provide voting instructions to your broker, your shares will not be voted on the proposals. Your failure to vote or instruct your broker or bank how to vote will have the same effect as voting against these proposals.

Approval of the Adjournment Proposal requires that the number of votes cast FOR exceed the number of votes cast AGAINST, whether or not a quorum is present. Abstentions are not considered as voting FOR or AGAINST the Adjournment Proposal and will have no effect on the outcome of the Adjournment Proposal.

Proxy Solicitation

We bear the cost of soliciting your vote. In addition to mailing these proxy materials, our directors, officers or employees may solicit proxies or votes in person, by telephone or by electronic communication. They will not receive any additional compensation for these solicitation activities.

We will enlist the help of banks and brokerage firms in soliciting proxies from their customers and reimburse the banks and brokerage firms for related out-of-pocket expenses.

Change of Vote and Revocation of Proxies

If you are a registered stockholder and would like to change your vote after submitting your proxy but prior to the Annual Meeting, you may do so by (a) signing and submitting another proxy with a later date, (b) voting again by telephone or the Internet or (c) voting at the Annual Meeting. Alternatively, if you would like to revoke your proxy, you may submit a written revocation of your proxy to our Corporate Secretary at GEE Group Inc. 184 Shuman Blvd., Suite 420, Naperville, IL 60563.

If your shares are held in street name, contact your bank, broker or other nominee for specific instructions on how to change or revoke your vote. Please refer to the section of this Proxy Statement entitled "Questions and Answers" for additional details about voting.

Representatives of Friedman LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement and to respond to any questions.

PROPOSAL 1: THE PREFERRED CONVERSION PROPOSAL

Background

We are submitting the Preferred Conversion Proposal to you as a result of our issuance on April 3, 2017 of approximately 5,926,000 shares of our Series B Convertible Preferred Stock (with an approximate value of \$29,300,000 based on the closing stock price of GEE Group, Inc. common stock of \$4.95 on March 31, 2017) to certain former stockholders of SNIH in connection with the consummation of the Merger which resulted in our acquisition of SNIH and SNI Companies. Because our common stock is listed on the NYSE MKT, we are subject to the rules set forth in the NYSE MKT Company Guide. Section 712 of the NYSE MKT Company Guide requires stockholder approval to be obtained if a listed company issues common stock or securities convertible into or exercisable for common stock as sole or partial consideration for an acquisition of the stock or assets of another company where the present or potential issuance of common stock, or securities convertible into common stock, could result in an increase in outstanding common shares of 20% or more.

Each share of Series B Convertible Preferred Stock may be converted into one share of common stock (subject to adjustment in certain circumstances as set forth in the Statement of Resolution Establishing Series of the Series B Convertible Preferred Stock, a copy of which is filed as Annex B hereto or the “Resolution Establishing Series”) at the option of the holder thereof; provided, however, that holders of Series B Convertible Preferred Stock are not permitted to effect any conversion of any shares of Series B Convertible Preferred Stock to the extent that the shares of common stock issuable upon such conversion when taken together with the shares of common stock previously issued with respect to (i) prior conversions of shares of Series B Convertible Preferred Stock, and/or (ii) prior conversions of any 9.5% Notes and/or (iii) the payment of dividends on any 9.5% Notes in shares of common stock and/or (iv) otherwise in connection with the issuance of the 9.5% Notes would result in the issuance of shares of common stock that exceed 19.99% of the outstanding shares of common stock as of April 3, 2017 (the “Conversion Limit”) unless and until such time as the Company has received approval of the Preferred Conversion Proposal.

Approval of the Preferred Conversion Proposal could result in the issuance of an additional 5,926,000 shares of our common stock, assuming that all of the holders of outstanding Series B Convertible Preferred Stock choose to convert their shares into shares of common stock. Based on the 9,878,892 shares of common stock that were outstanding as of the Record Date, conversion in full of the Series B Convertible Preferred Stock would result in the issuance of shares of common stock that would represent approximately 37.5% of the outstanding common stock of the Company.

We chose to issue shares of Series B Convertible Preferred Stock as a portion of the consideration paid to the former stockholders of SNIH in the Merger rather than shares of common stock because the issuance of 5,926,000 shares of common stock would have required us to obtain stockholder approval pursuant to the rules of the NYSE MKT prior to

the closing of the Merger since that number of shares exceeded 19.99% of the outstanding shares of common stock as of April 3, 2017. This would have delayed completion of the Merger. Any delay in consummating the Merger could have subjected the transaction to risk of competing bidders or other risks to the successful consummation of the transaction. The former stockholders of SNIH agreed to accept Series B Convertible Preferred Stock in lieu of common stock as a portion of the Merger Consideration provided we agreed to promptly seek the approval of our stockholders of the Preferred Conversion Proposal. We are now asking you for this approval.

Material Terms of the Series B Convertible Preferred Stock

The following is a summary of the material terms of the Series B Convertible Preferred Stock:

Liquidation Preference

The Series B Convertible Preferred Stock has a liquidation preference equal to \$4.86 per share and ranks senior to all “Junior Securities” (including the Company’s common stock) with respect to any distribution of assets upon liquidation, dissolution or winding up of the Company, whether voluntary or involuntary.

Table of Contents

Dividends

In the event that the Company declares or pays a dividend or distribution on its common stock, whether such dividend or distribution is payable in cash, securities or other property, including the purchase or redemption by the Company or any of its subsidiaries of shares of common stock for cash, securities or property, the Company is required to simultaneously declare and pay a dividend on the Series B Convertible Preferred Stock on a pro rata basis with the common stock determined on an as-converted basis assuming all shares had been converted as of immediately prior to the record date of the applicable dividend or distribution.

Voting

Except as set forth in the Resolution Establishing Series or as may be required by Illinois law, the holders of the Series B Convertible Preferred Stock have no voting rights. Pursuant to the Resolution Establishing Series, without the prior written consent of holders of not less than a majority of the then total outstanding Shares of Series B Convertible Preferred Stock, voting separately as a single class, the Company shall not create, or authorize the creation of, any additional class or series of capital stock of the Company (or any security convertible into or exercisable for any class or series of capital stock of the Company) that ranks pari passu with or superior to the Series B Convertible Preferred Stock in relative rights, preferences or privileges (including with respect to dividends, liquidation or voting).

Conversion

Each share of Series B Convertible Preferred Stock is convertible at the option of the holder thereof into one share of common stock at an initial conversion price equal to \$4.86 per share, each as subject to adjustment in the event of stock splits, stock combinations, capital reorganizations, reclassifications, consolidations, mergers or sales, as set forth in the Resolution Establishing Series: provided, however, that unless and until such time as the Company has received approval of the Preferred Conversion Proposal a holder of Shares of Series B Convertible Preferred Stock shall not be permitted to effect any conversion of any shares of Series B Convertible Preferred Stock to the extent that the shares of common stock issuable upon such conversion when taken together with the shares of common stock previously issued with respect to (i) prior conversions of shares of Series B Convertible Preferred Stock, and/or (ii) prior conversions of any 9.5% Notes and/or (iii) the payment of dividends on any 9.5% Notes in shares of common stock and/or (iv) otherwise in connection with the issuance of the 9.5% Notes would result in the issuance of shares of common stock that exceed the Conversion Limit.

Offering of Series B Convertible Preferred Stock

None of the shares of Series B Convertible Preferred Stock issued to the former stockholders of SNIH were registered under the Securities Act of 1933, as amended (the “Securities Act”). Each of the former stockholders of SNIH who received shares of Series B Convertible Preferred Stock is an accredited investor. The issuance of the shares of Series B Convertible Preferred Stock to such former stockholders of SNIH was exempt from the registration requirements of the Act in reliance on an exemption from registration provided by Section 4(2) of the Securities Act.

Registration Rights

The holders of Series B Convertible Preferred Stock have certain demand and piggyback registration rights with respect to the shares of common stock that are issued upon conversion of the Series B Convertible Preferred Stock. For a description of these registration rights see—“The Merger Agreement—Registration Rights” beginning on page 27 of this Proxy Statement.

Effect of Failure to Obtain Stockholder Approval of the Preferred Conversion Proposal

If our stockholders do not approve the Preferred Conversion Proposal, we are obligated, pursuant to the terms of the Merger Agreement to take all actions necessary to hold a subsequent meeting of our stockholders for the purpose of obtaining the approval of the Preferred Conversion Proposal and to continue to do so until such proposal is approved. Until such time as the Preferred Conversion Proposal is approved, holders of Series B Convertible Preferred Stock will continue to be limited in their ability to convert their shares of Series B Convertible Preferred Stock into shares of common stock as described above.

Table of Contents

Effect of Stockholder Approval of the Preferred Conversion Proposal

If our stockholders approve the Preferred Conversion Proposal the holders of our Series B Convertible Preferred (other than Thrivent Financial for Lutherans or “Thrivent”) will immediately be able to convert any or all of their shares of Series B Convertible Preferred Stock into shares of common stock. On April 3, 2017, the Company and Thrivent entered into an Agreement which restricts Thrivent from converting all or any portion of its shares of Series B Convertible Preferred Stock to the extent that after giving effect to such conversion as set forth in a written election to the Company to convert the Series B Convertible Preferred Stock, Thrivent (together with its affiliates, and any other person or entity acting as a group together with Thrivent or any of its affiliates), would beneficially own common stock in excess of 4.99% of the number of shares of the common stock outstanding immediately after giving effect to the issuance of shares of common stock issuable upon conversion of Thrivent’s Series B Convertible Preferred Stock (the “Beneficial Ownership Limitation”). The Beneficial Ownership Limitation may be waived by Thrivent, upon not less than 61 days’ prior notice to the Company that Thrivent would like to waive the Beneficial Ownership Limitation with regard to any or all shares of Common Stock issuable upon conversion of the Series B Convertible Preferred Stock.

The issuance by the Company of a substantial number shares of common stock upon the conversion of the Series B Convertible Preferred Stock will result in a dilution in voting power of the Company’s current stockholders. The issuance by the Company of a substantial number of shares of common stock upon the conversion of the Series B Convertible Preferred Stock could also result in a dilution of earnings per share with respect to the outstanding common stock which could have a depressive effect on the market price of our common stock. The shares of common stock issuable upon conversion of the Series B Convertible Preferred Stock are expected to be listed on the NYSE MKT. The future prospect of sales of a significant amount of shares of common stock could also affect the market price of our common stock if the marketplace does not orderly adjust to the increase in shares in the market and the value of your investment in the Company may decrease.

Stockholder Approval Requirement for Preferred Conversion Proposal

Our common stock is listed on the NYSE MKT and we are subject to the rules set forth in the NYSE MKT Company Guide. Section 712 of the NYSE MKT Company Guide requires stockholder approval to be obtained if a listed company issues common stock or securities convertible into or exercisable for common stock as sole or partial consideration for an acquisition of the stock or assets of another company where the present or potential issuance of common stock, or securities convertible into common stock, could result in an increase in outstanding common shares of 20% or more. Although we were not required to obtain stockholder approval in connection with the issuance of the Series B Convertible Preferred Stock (which has no voting rights on matters presented to the holders of our common stock and which contains a restriction on the ability of holders to convert their shares) or the acquisition of SNIH and SNI Companies pursuant to the Merger, we are required to seek stockholder approval for the conversion of shares of Series B Convertible Preferred Stock to the extent that such conversion, when taken together with (i) all prior conversions of Series B Preferred Stock into shares of common stock, (ii) all prior conversions of 9.5% Notes into

shares of common stock, (iii) all prior issuances of common stock as interest payments on the 9.5% Notes and (iv) all other shares of common stock that were previously issued in connection with the issuance of the 9.5% Notes would result in the issuance of shares of common stock in excess of the Conversion Limit. Therefore we are seeking stockholder approval for the Preferred Conversion Proposal.

Interest of the Director Nominee in the Preferred Conversion Proposal

Mr. Ronald R. Smith, a nominee for election to the Company's Board of Directors, is the beneficial owner of 4,434,169 shares of Series B Convertible Preferred Stock. In the event that our stockholders approve the Preferred Conversion Proposal, Mr. Smith would be able to convert these shares into 4,434,169 shares of our common stock.

Recommendation of the Board of Directors

The Board of Directors has determined that the Preferred Conversion Proposal is in the best interests of the Company's stockholders and recommends that you vote "FOR" the Preferred Conversion Proposal.

THE MERGER

The Company entered into an Agreement and Plan of Merger dated as of March 31, 2017 (the “Merger Agreement”) by and among the Company, GEE Group Portfolio, Inc., a Delaware corporation and a wholly owned subsidiary of the Company, (“GEE Portfolio”), SNI Holdco Inc., a Delaware corporation (“SNIH”), Smith Holdings, LLC a Delaware limited liability company, Thrivent Financial for Lutherans, a Wisconsin corporation, organized as a fraternal benefits society (“Thrivent”), Madison Capital Funding, LLC, a Delaware limited liability company (“Madison”) and Ronald R. Smith, in his capacity as a stockholder (“Mr. Smith” and collectively with Smith Holdings, LLC, Thrivent and Madison, the “Principal Stockholders”) and Ronald R. Smith in his capacity as the representative of the SNIH Stockholders (“Stockholders’ Representative”). The Merger Agreement provided for the merger subject to the terms and conditions set forth in the Merger Agreement of SNI Holdco with and into GEE Portfolio pursuant to which GEE Portfolio would be the surviving corporation (the “Merger”). The Merger was consummated on April 3, 2017 (the “Closing”) and did not require stockholder approval in order to be completed. As a result of the merger, GEE Portfolio became the owner of 100% of the outstanding capital stock of SNI Companies, Inc., a Delaware corporation and a wholly-owned subsidiary of SNI Holdco (“SNI Companies” and collectively with SNI Holdco, the “Acquired Companies”). Although this Proxy Statement does not relate directly to a stockholder vote with respect to the Company’s acquisition of the Acquired Companies pursuant to the Merger, the following sets forth certain information about the Acquired Companies and the Merger.

Terms of the Merger Agreement and the Merger

The following section summarizes material provisions of the Merger Agreement, which is included in this Proxy Statement as Annex A and is incorporated herein by reference in its entirety. This summary does not purport to be complete and is qualified in its entirety by reference to the Merger Agreement. The summary description has been included in this Proxy Statement to provide you with information regarding the terms of the Merger Agreement and is not intended to modify or supplement any factual disclosures about the Company, the Acquired Companies, the SNIH Stockholders or our respective affiliates. Capitalized terms not otherwise defined in this section will have the meanings ascribed to them in the Merger Agreement.

Merger Consideration and Closing Payments

The aggregate consideration paid for the shares of SNI Holdco (the “Merger Consideration”) was approximately \$66,300,000, plus or minus the “NWC Adjustment Amount” or the difference in the book value of the Closing Net Working Capital (as defined in Merger Agreement) of the Acquired Companies as compared to the Benchmark Net Working Capital (as defined in the Merger Agreement) of the Acquired Companies of \$9.2 million.

On the date of the Closing the Company made the following payments:

- *Cash Payment to Stockholders of SNIH (the “SNIH Stockholders”) or as directed by SNIH Stockholders. At the Closing, the Company paid approximately an aggregate of \$23,000,000 in cash to the SNIH Stockholders.*

Table of Contents

Indemnification; Survival

The SNIH Stockholders have agreed to indemnify the Company and certain of its affiliates (collectively, the “Buyer Indemnified Parties”) with respect to any breach of the representations and warranties, covenants and agreements of the Acquired Companies set forth in the Merger Agreement and also with respect to certain tax matters, litigation matters, matters related to the Acquired Companies’ Self-Funded Group Health Plan and any claims of liability made by Baird & Co., the Acquired Companies’ selling broker, each as set forth in the Merger Agreement. The relative indemnification responsibility and indemnification ceiling of each SNIH Stockholder is determined as set forth in the Merger Agreement.

The overall indemnification obligation of the SNIH Stockholders with respect to “Non-Fundamental Representations and Warranties” (as defined in the Merger Agreement) only of the Acquired Companies is subject to a \$645,000 indemnification basket (the “Indemnification Basket”); provided, however, that in the event that the indemnification obligation of the SNIH Stockholders with respect to Non-Fundamental Representations and Warranties exceeds the Indemnification Basket, the SNIH Stockholders will be obligated to indemnify Buyer Indemnified Parties only for such amounts in excess of the first Two Hundred Thousand Dollars (\$200,000) severally and not jointly in accordance with each SNIH Stockholders’ “SNIH Ownership Proportion” as set forth in the Merger Agreement. The overall indemnification obligation of the SNIH Stockholders with respect to Non-Fundamental Representations and Warranties is subject to an \$8.6 million indemnification ceiling and the sole recourse for such indemnification will be against the 9.5% Notes issued to the SNIH Stockholders to the extent available pursuant to the set-off rights set forth therein and in the Merger Agreement. All Non-Fundamental Representations and Warranties shall survive the Closing for a period of eighteen (18) months. All representations and warranties that are not Fundamental Representations and Warranties shall survive the Closing and continue in full force and effect until the expiration of the applicable statutes of limitations (including any extension thereto).

There is a separate aggregate ceiling on such SNIH Stockholder’s obligation to indemnify Buyer Indemnified Parties, such indemnification ceiling being (i) an amount equal to each of Thrivent’s and Madison’s “Pro Rata Share” (as set forth in the Merger Agreement) of the Merger Consideration actually received by each of Thrivent and Madison, as applicable; and (ii) for each other SNIH Stockholder an amount equal to such SNIH Stockholder’s SNIH Ownership Proportion of the Merger Consideration.

Pursuant to the Merger Agreement, the Company is entitled to seek ‘set off’ or ‘recoupment’ for indemnification with respect to a respective SNIH Stockholder’s 9.5% Notes or stock or other property, as may be owned by that SNIH Stockholder and held in escrow. \$8.6 million in aggregate principal amount of the 9.5% Notes will be held in escrow by the Escrow Agent against which the Company may seek set-off in the event of certain indemnification obligations of the SNIH Stockholders. These 9.5% Notes will be released from escrow after a period of eighteen months if there are no outstanding claims for indemnification, but not if there are outstanding claims for indemnification.

In the event that the Company breaches any of its representations, warranties, covenants or agreements contained in the Merger Agreement and provided that the Stockholders' Representative makes a written claim for indemnification against the Company within the applicable survival period, the Company has agreed to indemnify the SNIH Stockholders in accordance with their SNIH Stockholder's SNIH Ownership Proportion from and against the entirety of any adverse consequences suffered by them resulting from, arising out of, relating to, or caused by the breach.

Registration Rights

The Company has agreed to provide the SNIH Stockholders with the following piggyback and demand registration rights with respect to certain shares of common stock that are issuable upon the conversion of the Series B Convertible Preferred Stock and the 9.5% Notes and that are “Registrable Securities” (as defined below).

The Merger Agreement provides that for a period of five (5) years following the effective time of the Merger, the Company has agreed to afford each holder of Registrable Securities the opportunity to include (“piggyback”) in any registration statement filed by the Company on Form S-1 or Form S-3 or any similar or successor form to such forms for the purpose of effecting an offering of securities of the Company (but excluding registration statements filed on Form S-8 and Form S-4 or any similar or successor form to such forms or any other registration statements relating to (i) any employee benefit plan or (ii) a corporate reorganization, merger or acquisition or (iii) non-convertible debt securities) all or any portion of the Registrable Securities held by such holder. Notwithstanding the foregoing, in the case of an underwritten offering, if the managing underwriter(s) determine(s) in good faith that equity market conditions and marketing factors (including but not limited to a determination that the shares proposed to be included in the underwriting cannot be sold in an orderly manner at a price that is acceptable to the Company) require a limitation of the number of shares to be underwritten, then the managing underwriter(s) may exclude shares (including Registrable Securities) from the registration and the underwriting, and the number of shares that may be included in the registration and the underwriting shall be allocated, first, to the Company and second, to all holders of Company securities having piggyback registration rights (including holders of Registrable Securities) requesting inclusion of their securities in such registration statement on a pro rata basis based on the total number of securities for which registration was requested.

The Merger Agreement also provides that the Company shall provide to all holders of Registrable Securities a one time resale registration right to register up to thirty-five percent of the Registrable Securities held by each, if the Stockholder Representative makes such demand and if: (A) (i) by the third anniversary of the Closing the Company has not undertaken one or more offerings that permitted each such holder to sell up to thirty-five percent of the Registrable Securities issued to such holder, and (ii) the market price of the Registrable Security is greater than or equal to the market price of such security on the Closing Date, or (B) by the fifth anniversary of the Closing the Company has not undertaken one or more offerings that permitted each such holder to sell up to thirty-five (35%) percent of the Registrable Securities issued to such holder. Notwithstanding the foregoing, if the board of directors of the Company, in its good faith judgment, determines that any such registration of Registrable Securities should not be made or continued because it would materially interfere with any material or potentially material financing, acquisition, corporate reorganization or merger or other transaction involving the Company, including negotiations related thereto, or require the Company to disclose any material nonpublic information which would reasonably be likely to be detrimental to the Company or otherwise make it undesirable for the Company to complete a demand registration at that time (a “Valid Business Reason”), (x) the Company may postpone filing a registration statement relating to a demand registration until such Valid Business Reason no longer exists, but in no event for more than one hundred twenty (120) days after the date when the demand registration was requested or, if later, after the occurrence of the Valid Business Reason and (y) in case a registration statement has been filed relating to a demand registration, the Company may postpone amending or supplementing such registration statement, (in which case, if the

Valid Business Reason no longer exists or if more than one 120-day period has passed since such postponement, the initiating holders may request a new demand registration or request the prompt amendment or supplement of such registration statement).

For purposes of the Merger Agreement the term “Registrable Securities” means: (i) any and all shares of common Stock acquired by certain SNIH Stockholders or participants in the MIP upon (A) the conversion of the Series B Convertible Preferred Stock or (B) the conversion of or the payment of interest on the 9.5% Convertible Note, (collectively, the “Securities”), and (ii) any securities issued as (or issuable upon the conversion or exercise of any warrant, right or other security which is issued as) a dividend or other distribution with respect to, in exchange for or in replacement of, the Securities, provided, however, that any of the foregoing securities shall cease to be Registrable Securities upon the earliest to occur of the following: (A) a sale of such security pursuant to an effective registration statement; (B) a sale of such security pursuant to Rule 144 or any similar provision then in force under the Securities Act (in which case, only the security sold shall cease to be a Registrable Security); (C) eligibility for sale of such security under Rule 144 (other than securities owned by Mr. Smith or Smith Holdings, LLC); or (D) when such security ceases to be outstanding.

The Company and its subsidiaries, as borrowers, entered into a Revolving Credit, Term Loan and Security Agreement (the “Credit Agreement”) with PNC Bank, National Association (“PNC”), and certain investment funds managed by MGG Investment Group LP (“MGG”). Under the terms of the Credit Agreement, the Company may borrow up to \$73,750,000 consisting of a four-year term loan in the principal amount of \$48,750,000 and revolving loans in a maximum amount up to the lesser of (i) \$25,000,000 or (ii) an amount determined pursuant to a borrowing base that is calculated based on the outstanding amount of the Company’s eligible accounts receivable, as described in the Credit Agreement. The loans under the Credit Agreement mature on March 31, 2021.

Amounts borrowed under the Credit Agreement may be used by the Company to repay existing indebtedness, to partially fund capital expenditures, to fund the cash portion of the Merger Consideration paid by the Company in connection with the Merger, provide for on-going working capital needs and general corporate needs, and fund future acquisitions subject to certain customary conditions of the lenders. On the closing date of the Credit Agreement, the Company borrowed approximately \$56,226,300 which was used by the Company to repay existing indebtedness, to pay fees and expenses relating to the Credit Agreement, to pay fees and expenses related to the Merger and to pay the cash portion of the Merger Consideration in connection with the Merger.

The loans under the Credit Agreement will bear interest at rates at the Company’s option of LIBOR rate plus 10% or PNC’s floating base rate plus 9%. The Term Loans may consist of Domestic Rate Loans or LIBOR Rate Loans, or a combination thereof. The Credit Agreement is secured by all of the Company’s property and assets, whether real or personal, tangible or intangible, and whether now owned or hereafter acquired, or in which it now has or at any time in the future may acquire any right, title or interests.

The loans advanced on the Closing Date are with respect to principal, payable as follows, subject to acceleration upon the occurrence of an Event of Default under the Credit Agreement or termination of the Credit Agreement and provided that all unpaid principal, accrued and unpaid interest and all unpaid fees and expenses shall be due and payable in full on March 31, 2021:

Regulatory Approvals

No federal or state regulatory approvals were required to be obtained prior to the consummation of the Merger.

Accounting Treatment

The Company accounts for business combinations pursuant to Accounting Standards Codification ASC 805, *Business Combinations*. In accordance with ASC 805, the Company uses its best estimates and assumptions to accurately assign fair value to the assets acquired and the liabilities assumed at the acquisition date. Goodwill as of the acquisition date is measured as the excess of the purchase consideration over the fair value of the assets acquired and the liabilities assumed. The results of the Acquired Companies have been included in the consolidated financial statements of the Company since the date of the Merger.

Material Federal Income Tax Consequences

We have not obtained a tax opinion from legal counsel or tax experts on the Merger. The Merger is intended for federal income tax purposes to qualify as one or more reorganizations within the meaning of the Internal Revenue Code of 1986, as amended, and the regulations promulgated thereunder. Based on the provisions of the Internal Revenue Code of 1986, as amended, existing United States Treasury regulations promulgated thereunder and administrative and judicial interpretations thereof, all as in effect as of the date hereof and all of which are subject to change (possibly with retroactive effect), we do not believe that the Merger will give rise to the recognition of gain or losses to us or our stockholders for U.S. federal income tax purposes, however management has estimated a \$12,000,000 deferred tax liability based on the inability for the Company to deduct the amortization of intangible assets. The foregoing summary is for general information only and does not discuss any state, local, foreign or other tax consequences.

Past Contacts, Transactions, Negotiations and Agreements

The terms of the Merger Agreement are the result of arm's length negotiations between representatives of the Company and SNIH. The following is a summary of the background of these negotiations and the Merger.

On September 9, 2016, Robert W. Baird & Co. (“Baird”), acting in its capacity as exclusive financial advisor to SNIH and SNI Companies, reached out to Derek Dewan, GEE Group’s Chief Executive Officer, to invite GEE Group to participate in the sale process for SNIH. Management received approval to submit a preliminary indication of interest for the acquisition of the Acquired Companies. After the meeting of GEE Group’s Board adjourned on October 14, 2016, GEE Group submitted a preliminary indication of interest via email to Baird proposing to acquire the Acquired Companies for \$94.5 million on a cash-free, debt-free basis, representing a 7.5x multiple based on \$12.6 million full-year 2016E Adjusted EBITDA. Consideration to fund the purchase price would consist of \$42.3 million of cash and \$52.2 million in shares of the Company’s common stock. A portion of the cash proceeds from the proposed debt financing would be allocated to retire existing GEE Group debt, provide additional working capital and pay transaction fees and expenses.

Opinion of the Company's Financial Advisor

The Company retained Stifel on October 21, 2016 to act as its financial advisor in connection with a possible acquisition of SNIH and SNI Companies (referred to herein as the "Acquired Companies") and to provide to the Company's Board a fairness opinion in connection with any proposed transaction. On March 31, 2017, Stifel delivered its written opinion, dated March 31, 2017, to the Company's Board that, as of the date of the opinion and subject to and based on the assumptions made, procedures followed, matters considered, limitations of the review undertaken and qualifications contained in such opinion, the Merger Consideration to be paid by the Company in the Merger pursuant to the Merger Agreement was fair to the Company, from a financial point of view.

Table of Contents

The Company did not impose any limitations on Stifel with respect to the investigations made or procedures followed in rendering its opinion. In selecting Stifel, the Company's Board considered, among other things, the fact that Stifel is a reputable investment banking firm with substantial experience advising companies in the staffing sector and in providing strategic advisory services in general. Stifel, as part of its investment banking business, is continuously engaged in the evaluation of businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements and valuations for corporate and other purposes. In the ordinary course of its business, Stifel and its affiliates may actively trade the securities of the Company for its own account or for the account of its customers and, accordingly, may at any time hold a long or short portion in such securities.

The full text of the written opinion of Stifel is attached as Annex D to this Proxy Statement and is incorporated into this document by reference. The summary of Stifel's opinion set forth in this Proxy Statement is qualified in its entirety by reference to the full text of the opinion. Stockholders are urged to read the opinion carefully and in its entirety for a discussion of the procedures followed, assumptions made, other matters considered and limits of the review undertaken by Stifel in connection with such opinion.

Stifel's opinion was approved by its fairness committee. The opinion was provided for the information of, and directed to, the Company's Board for its information and assistance in connection with its consideration of the financial terms of the Merger. The opinion does not constitute a recommendation to the Company's Board as to how the Company's Board should vote on any aspect of the Merger or to any stockholder of GEE as to how such stockholder should vote his, her or its shares of common stock at any stockholders' meeting with respect to the Preferred Conversion Proposal, the Note Conversion Proposal or as to any other action that a stockholder should take with respect to the Preferred Conversion Proposal or the Note Conversion Proposal. In addition, the opinion does not compare the relative merits of the Merger with any other alternative transaction or business strategies which may have been available to the Company's Board or the Company and does not address the underlying business decision of the Company's Board or the Company to proceed with or effect the Merger.

In connection with its opinion, Stifel, among other things:

- (i) discussed the Merger and related matters with the Company's counsel and reviewed a draft copy of the Merger Agreement dated March 30, 2017;

Table of Contents

In connection with its review, Stifel, with the consent, of the Company's Board relied upon and assumed, without independent verification, the accuracy and completeness of all financial and other information that was made available, supplied, or otherwise communicated to Stifel by or on behalf of the Company or that was otherwise reviewed by Stifel, and Stifel has not assumed any responsibility for independently verifying any of such information. Stifel further relied upon the assurances of the Company's management that it was unaware of any facts that would make such information incomplete or misleading.

With respect to estimates, forecasts or projections of the Company's or the Acquired Companies' future financial performance prepared by or reviewed with the Company's management and management of SNIH, or obtained from public sources (including, without limitation, potential cost savings and operating synergies which may be realized), Stifel assumed at the Company's direction that such estimates, forecasts and projections were reasonably prepared on the basis reflecting the best available estimates, forecasts and projections available to the management of the Company and Acquired Companies, as to the future operating performance of the Company, as applicable, and that they provided a reasonable basis upon which Stifel could form its opinion. The estimates, forecasts and projections were not prepared with the expectation of public disclosure and are based on numerous variables and assumptions that are inherently uncertain, including, without limitation, factors related to general economic and competitive conditions. Accordingly, actual results could vary significantly from those set forth in such estimates, forecasts and projections. Stifel relied on these estimates, forecasts and projections without independent verification or analyses and does not in any respect assume any responsibility for the accuracy or completeness thereof. Stifel relied upon, without independent verification, the assessment of the Company's management as to the existing services of the Company and the Acquired Companies and viability of, and risks associated with, the future services of the Company and the Acquired Companies. Stifel expresses no opinion as to the Company's or SNIH's projections or any other estimates, forecasts and assumptions or the assumptions on which they were made.

Stifel was not requested to make, and did not make, an independent evaluation, physical inspection, valuation or appraisal of the properties, facilities, assets, or liabilities (contingent or otherwise) of the Acquired Companies, and was not furnished with any such materials. Estimates of values of companies and assets do not purport to be appraisals or necessarily reflect the prices at which companies and assets may actually be sold. Because such estimates are inherently subject to uncertainty, Stifel assumes no responsibility for their accuracy.

Stifel assumed that there has been no material change in the assets, liabilities, financial condition, business or prospects of the Company or SNIH since the date of the most recent relevant financial statements made available to Stifel. With respect to all legal matters relating to SNIH and the Merger, Stifel relied on the advice of its legal counsel.

Stifel's opinion was limited to whether the Merger Consideration to be paid by the Company was fair to the Company, from a financial point of view, and does not address any other terms, aspects or implications of the Merger including, without limitation, the form or structure of the Merger, any consequences of the Merger on the Company, its stockholders, creditors or otherwise, or any terms, aspects or implications of any voting, support, stockholder or other agreements, arrangements or understandings contemplated or entered into in connection with the Merger or otherwise.

Stifel's opinion also does not consider, address or include: (i) any other strategic alternatives currently (or which have been or may be) contemplated by the Board or the Company; (ii) the legal, tax or accounting consequences of the Merger on the Company or the holders of the Company's Common Stock including, without limitation, whether or not the Merger will qualify as a tax-free reorganization pursuant to Section 368 of the Internal Revenue Code; (iii) the fairness of the amount or nature of any compensation to any of the Company's officers, directors or employees, or class of such persons, relative to the compensation to the holders of the Company's securities; (iv) the effect of the Merger on holders of any class of securities of the Company, or any class of securities of any other party to any transaction contemplated by the Merger Agreement; (v) whether the Company has sufficient cash, available lines of credit or other sources of funds to enable it to pay the cash component of the Merger Consideration at the closing of the Merger; (vi) the allocation among the SNIH Stockholders of the Series B Convertible Preferred Stock, the 9.5% Notes and the cash consideration paid as part of the Merger Consideration; or (vii) any advice or opinions provided by Robert W. Baird & Co. Incorporated, Grant Thornton LLP, or any other advisor to the Company or SNIH. Stifel did not address, in its analyses, its opinion, or otherwise, among other things, any individual transaction or group of transactions, or other terms, conditions or any other aspect of any individual transaction or group of transactions, that is or are a part of the Merger, including without limitation any terms or conditions of any agreement relating to the issuance or potential issuance of the Series B Convertible Preferred Stock and the 9.5% Notes of the Company in the Merger. Furthermore, Stifel did not express any opinion as to the prices, trading range or volume at which the Company's securities would trade following public announcement or consummation of the Merger.

Table of Contents

For purposes of rendering its opinion Stifel assumed in all respects material to its analysis, that the representations and warranties of each party contained in the Merger Agreement are true and correct, that each party will perform all of the covenants and agreements required to be performed by it under the Merger Agreement. Stifel also assumed that there are no factors that would delay the Merger or subject the Merger to any adverse conditions any necessary regulatory or governmental approval. In addition, Stifel assumed that the definitive Merger Agreement would not differ materially from the draft reviewed by it. Stifel also assumed that the Merger would be consummated substantially on the terms and conditions described in the Merger Agreement, without any waiver of material terms or conditions by the Company or any other party and without any adjustment to the Merger Consideration, and that obtaining any necessary regulatory approvals or satisfying any other conditions for consummation of the Merger would not have an adverse effect on the Company, or the Merger. Stifel assumed that the Merger would be consummated in a manner that complies with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable federal and state statutes, rules and regulations. Stifel further assumed that the Company relied upon the advice of its counsel, independent accountants and other advisors (other than Stifel) as to all legal, financial reporting, tax, accounting and regulatory matters with respect to the Company, the Merger and the Merger Agreement.

Stifel did not consider any potential legislative or regulatory changes currently being considered or recently enacted by the United States Congress, the SEC, or any other governmental or regulatory bodies, or any changes in accounting methods or generally accepted accounting principles that may be adopted by the SEC or the Financial Accounting Standards Board. The opinion is not a solvency opinion and does not in any way address the solvency or financial condition of SNIH, or any other person.

Stifel's opinion was necessarily based on economic, market, financial and other conditions as they existed on, and on the information made available to it as of, the date of the opinion. It is understood that subsequent developments may affect the conclusions reached in Stifel's opinion and that Stifel does not have any obligation to update, revise or reaffirm its opinion.

The summary set forth below does not purport to be a complete description of the analyses performed by Stifel, but describes, in summary form, the material elements of the presentation that Stifel made to the Company's Board on March 31, 2017, in connection with Stifel's opinion.

In accordance with customary investment banking practice, Stifel employed generally accepted valuation methods and financial analyses in reaching its opinion. The following is a summary of the material financial analyses performed by Stifel in arriving at its opinion. These summaries of financial analyses alone do not constitute a complete description of the financial analyses Stifel employed in reaching its conclusions. None of the analyses performed by Stifel were assigned a greater significance by Stifel than any other, nor does the order of analyses described represent relative importance or weight given to those analyses by Stifel. The summary text describing each financial analysis does not constitute a complete description of Stifel's financial analyses, including the methodologies and assumptions underlying the analyses, and if viewed in isolation could create a misleading or incomplete view of the financial

analyses performed by Stifel. The summary text set forth below does not represent and should not be viewed by anyone as constituting conclusions reached by Stifel with respect to any of the analyses performed by it in connection with its opinion. Rather, Stifel made its determination as to the fairness to the Company of the Merger Consideration to be paid by the Company in the Merger pursuant to the Merger Agreement, from a financial point of view, on the basis of its experience and professional judgment after considering the results of all of the analyses performed.

Except as otherwise noted, the information utilized by Stifel in its analyses, to the extent that it is based on market data, is based on market data as it existed on or before March 30, 2017 and is not necessarily indicative of current market conditions. The analyses described below do not purport to be indicative of actual future results, or to reflect the prices at which any securities may trade in the public markets, which may vary depending upon various factors, including changes in interest rates, dividend rates, market conditions, economic conditions and other factors that influence the price of securities.

Table of Contents

In conducting its analysis, Stifel used three primary methodologies: selected publicly-traded companies analysis; selected precedent transactions analysis; and discounted cash flow analysis. No individual methodology was given a specific weight, nor can any methodology be viewed individually. Additionally, no company or transaction used in any analysis as a comparison is identical to the Company, the Acquired Companies or the Merger, and they all differ in material ways. Accordingly, an analysis of the results described below is not mathematical; rather it involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and other factors that could affect the public trading value of the selected companies or transactions to which they are being compared. Stifel used these analyses to determine the impact of various operating metrics on the implied enterprise value of SNIH. Each of these analyses yielded a range of implied enterprise values, and therefore, such implied enterprise value ranges developed from these analyses were viewed by Stifel collectively and not individually.

In delivering its opinion to the Company’s Board, Stifel utilized the financial projections and estimates provided by SNIH management showing its financial performance as a standalone company.

SNIH Financial Analyses

Selected Publicly Traded Companies Analysis. Stifel reviewed, analyzed and compared certain financial information relating to SNIH to corresponding publicly available financial information and market multiples for the following eleven publicly-traded professional staffing companies: Adecco Group AG; Computer Task Group, Inc.; Cross Country Healthcare, Inc.; Hays plc; Kforce Inc.; ManpowerGroup Inc.; On Assignment, Inc.; PageGroup plc; Randstad Holding NV; Resources Connection, Inc.; and Robert Half International, Inc..

Stifel reviewed the range of enterprise values of the selected companies, calculated as equity value based upon closing stock prices on March 30, 2017, plus the book value of debt and minority interests, less cash and equivalents, as a multiple of estimated earnings before interest, taxes, depreciation and amortization (EBITDA) for the LTM period ended December 31, 2016 and calendar years 2017 and 2018 as provided by CapitalIQ consensus estimates.

The following table sets forth, for the periods indicated, the first quartile to third quartile ranges of enterprise value as a multiple of EBITDA utilized by Stifel in performing its analysis, which were derived from the selected companies identified above, and the first quartile to third quartile ranges of the enterprise values for SNIH implied by this analysis.

Enterprise Value to:	Range of	Range of
----------------------	----------	----------

	EBITDA Multiples	Enterprise Values (US \$ in millions)
LTM EBITDA	9.7x – 11.9x	\$90.3 – \$111.6
2017P EBITDA	9.6x –10.1x	\$118.9 – \$125.7
2018P EBITDA	8.9x –9.3x	\$120.6 – \$126.5

Stifel selected publicly-traded companies on the basis of various factors, including the similarity of the lines of business and customers, although, as noted above, no public company used as a comparison is identical to SNIH. Accordingly, these analyses are not purely mathematical, but also involve complex considerations and judgments concerning the differences in financial and operating characteristics of the selected companies and other factors.

Selected Precedent Transactions Analysis. Stifel reviewed and analyzed certain publicly available information for the following 13 business combinations where the acquired company was a staffing company:

Close Date	Acquirer	Target
03/09/2016	Adecco	Penna Consulting
12/22/2015	Recruit	USG People
11/29/2015	Randstad	Proffice
09/29/2015	BG Staffing	Vision Technology Services
05/11/2015	On Assignment	Creative Circle
04/28/2015	Recruit	Aterro
12/04/2014	Hays	Veredus Corporation
07/02/2013	TriNet Group	Ambrose Employer Group
03/20/2012	On Assignment	Apex Systems
10/17/2011	Recruit	Staffmark Holdings
07/20/2011	Randstad	SFN Group
02/02/2010	Manpower	COMSYS IT Partners
10/20/2009	Adecco	MPS Group

The following table sets forth the multiples indicated by this analysis, including the range of selected multiples relative to the selected precedent transactions and the multiples implied by the Merger:

Multiple:					Range of Multiples Utilized	Proposed Transaction
	1 st Quartile	Median	Mean	3 rd Quartile	in the Analysis	
LTM EV/EBITDA	8.3x	12.5x	11.7x	15.7x	3.8x – 19.7x	9.2x

Based on its review of the precedent transactions, Stifel applied the selected multiples to the corresponding LTM EBITDA of SNIH as provided by SNIH's management.

This analysis resulted in the following first quartile to third quartile range of implied enterprise values:

Range of Implied Enterprise Values	
Benchmark	(US \$ in millions)
LTM EV/EBITDA	\$77.9 - \$146.8

No transaction used in the precedent transactions analyses is identical to the Merger. Accordingly, an analysis of the results of the foregoing is not mathematical; rather, it involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and other factors that could affect the public trading value of the companies involved in the precedent transactions which in turn, affect the enterprise value and equity value of the companies involved in the transactions to which the Merger is being compared. In evaluating the precedent transactions, Stifel made judgments and assumptions with regard to industry performance, general business, economic, market and financial conditions, and other matters, such as the impact of competition, industry growth and the absence of any adverse material change in the financial condition of the Acquired Companies or the companies involved in the precedent transactions or the industry or in the financial markets in general, which could affect the public trading value of the companies involved in the selected transactions which in turn, affect the enterprise value and equity value of the companies involved in the transactions to which the Merger is being compared.

Discounted Cash Flow Analysis. Stifel used the financial projections and estimates provided by SNIH's management to perform a discounted cash flow analysis. In conducting this analysis, Stifel assumed that the Acquired Companies would perform in accordance with these forecasts. Stifel performed an analysis of the present value of the unlevered free cash flows that SNIH's management projects it will generate from the second quarter of 2017 through the end of calendar year 2020. Stifel discounted both the cash flows projected from the second quarter of 2017 through the end of calendar year 2020, and the terminal value to present value using discount rates ranging from 14.2% to 16.2% and estimated the terminal value of the forecasted cash flows by applying exit multiples ranging from 9.0x to 11.0x to SNIH's estimated 2020 EBITDA for its valuation reference range. The discount rates were selected based on a weighted-average cost of capital analysis for the selected, publicly-traded professional staffing companies identified above and Stifel's estimates. This analysis resulted in implied enterprise values ranging from \$105.9 million to \$132.5 million.

Conclusion

Based upon the foregoing analyses and the assumptions and limitations set forth in full in the text of Stifel's opinion, Stifel was of the opinion that, as of the date of Stifel's opinion, the Merger Consideration to be paid by the Company was fair to the Company, from a financial point of view.

The preparation of a fairness opinion is a complex process and is not necessarily susceptible to a partial analysis or summary description. In arriving at its opinion, Stifel considered the results of all of its analyses as a whole and did not attribute any particular weight to any analysis or factor considered by it. Stifel believes that the summary provided and the analyses described above must be considered as a whole and that selecting portions of these analyses, without considering all of them, would create an incomplete view of the process underlying Stifel's analyses and opinion; therefore, the range of valuations resulting from any particular analysis described above should not be taken to be Stifel's view of the actual value of the Acquired Companies.

Stifel acted as financial advisor to the Company in connection with the Merger and received a fee of \$2,066,000 for its services, a substantial portion of which was contingent upon the completion of the Merger (the "Advisory Fee"). Stifel also acted as financial advisor to the Board and received a fee of \$250,000 upon the delivery of this Opinion that was not contingent upon consummation of the Merger (the "Opinion Fee"). In addition, Stifel acted as the financing placement agent for the Company in connection with the Merger for which Stifel was paid a customary fee of \$1,316,000 by the Company at closing of the Merger ("Financing Fee"). Except for the Advisory Fee of \$500,000 and Financing Fee specified in Stifel's engagement letter, Stifel did not receive any other significant payment or compensation contingent upon the successful consummation of the Merger. In addition, the Company has agreed to indemnify Stifel for certain liabilities arising out of its engagement.

There are no other material relationships that existed during the two years prior to the date of the Opinion or that are mutually understood to be contemplated in which any compensation was received or is intended to be received as a result of the relationship between Stifel and any party to the Merger. Stifel may seek to provide investment banking services to the Company or its affiliates in the future, for which Stifel would seek customary compensation. In the ordinary course of business, Stifel and its clients may transact in the equity securities of the Company and may at any time hold a long or short position in such securities.

Approval of The Board of Directors

On March 30, 2017, the Board of Directors, by a unanimous vote, determined that the Merger Agreement and the transactions contemplated thereby including (i) the Merger, (ii) the issuance of the Series B Convertible Preferred

Stock and the potential issuance by the Company of 5,926,000 shares of common stock upon the conversion of the Series B Convertible Preferred Stock and (iii) the issuance of the 9.5% Notes and the potential issuance by the Company of up to 3,061,000 shares of common stock upon the conversion of the 9.5% Notes and/or the payment of interest on the 9.5% Notes in shares of common stock are advisable and fair to, and in the best interests of, the Company. In making its determination, the Board of Directors considered:

- The Board's belief that the Merger will facilitate the continuation of the Company's strategy of creating a major staffing company by establishing and/or strengthening its position in selected regions of the United States; and

The foregoing discussion of the factors considered by the Board of Directors is not intended to be exhaustive and is not provided in any specific order or ranking, but rather includes material factors considered by the Board of Directors. In reaching its decision regarding the Merger, the Board of Directors did not quantify or assign any relative weights to the factors considered and individuals may have given different weights to different factors.

GEE GROUP, INC.
NOTES TO UNAUDITED PRO FORMA COMBINED FINANCIAL INFORMATION

1. BASIS OF PRO FORMA PRESENTATION

The unaudited pro forma combined balance sheet as of March 31, 2017, and the unaudited pro forma statements of operations for the six months ended March 31, 2017 and the year ended September 30, 2016, are based on the historical financial statements of the Company and SNIH after giving effect to the Company's acquisition of the Acquired Companies and reclassification and adjustments described in the accompanying notes to the unaudited pro forma combined financial information.

The Company accounts for business combinations pursuant to Accounting Standards Codification ASC 805, *Business Combinations*. In accordance with ASC 805, the Company uses its best estimates and assumptions to accurately assign fair value to the assets acquired and the liabilities assumed at the acquisition date. Goodwill as of the acquisition date is measured as the excess of the purchase consideration over the fair value of the assets acquired and the liabilities assumed.

The fair values assigned to the assets of the Acquired Companies acquired and liabilities assumed are based on management's estimates and assumptions. The estimated fair values of these assets acquired and liabilities assumed are considered preliminary and are based on the information that was available as of the date of acquisition. The Company believes that the information provides a reasonable basis for estimating the fair values of assets acquired and liabilities assumed, but is waiting for additional information, primarily related to estimated values of current and non-current income taxes payable and deferred taxes, which are subject to change, pending the finalization of certain tax returns. The Company expects to finalize the valuation of the assets and liabilities as soon as practicable, but not later than one year from the acquisition date.

The unaudited pro forma combined financial information is not intended to represent or be indicative of the Company's consolidated results of operations or financial position that the Company would have reported had the Merger been completed as of the dates presented, and should not be taken as a representation of the Company's future consolidated results of operation or financial position.

The unaudited pro forma combined financial information should be read in conjunction with the historical consolidated financial statements and accompanying notes of the Company included in the annual report on Form 10-K for the year ended September 30, 2016 which is attached hereto as Annex F and incorporated herein by reference and with the historical consolidated financial statements and accompanying notes of the Company included in its

Quarterly Report on Form 10-Q for the fiscal quarter ended March 31, 2017 which is attached hereto as Annex G and incorporated herein by reference.

Accounting Periods Presented

For purposes of the unaudited pro forma combined financial information, SNIH's historical year end was December 31 and has been aligned to more closely conform to the Company's year end of September 30, as explained below. Certain pro forma adjustments were made to conform SNIH's accounting policies to the Company's accounting policies as noted below.

The unaudited pro forma combined balance sheet as of March 31, 2017 and the statements of operations for the six months ended March 31, 2017 and the year ended September 30, 2016, are presented as if the acquisition of the Acquired Companies had occurred on September 30, 2015 and were carried forward through each of the periods presented.

Reclassifications

The Company reclassified certain accounts in the presentation of SNIH's historical financial statements in order to conform to the Company's presentation.

2. THE MERGER

The Company entered into an Agreement and Plan of Merger dated as of March 31, 2017 (the "Merger Agreement") by and among the Company, GEE Group Portfolio, Inc., a Delaware corporation and a wholly owned subsidiary of the Company, (the "GEE Portfolio"), SNI Holdco Inc., a Delaware corporation and its wholly owned subsidiary SNI Companies, Inc. (collectively the "Acquired Companies"), Smith Holdings, LLC a Delaware limited liability company, Thrivent Financial for Lutherans, a Wisconsin corporation, organized as a fraternal benefits society ("Thrivent"), Madison Capital Funding, LLC, a Delaware limited liability company ("Madison") and Ronald R. Smith, in his capacity as a stockholder ("Mr. Smith" and collectively with Smith Holdings, LLC, Thrivent and Madison, the "Principal Stockholders") and Ronald R. Smith in his capacity as the representative of the SNIH Stockholders ("Stockholders' Representative"). The Merger Agreement provided for the merger subject to the terms and conditions set forth in the Merger Agreement of SNI Holdco, Inc. with and into GEE Portfolio pursuant to which GEE Portfolio would be the surviving corporation (the "Merger"). The Merger was consummated on April 3, 2017. As a result of the merger, GEE Portfolio became the owner of 100% of the outstanding capital stock of SNI Companies, Inc., a Delaware corporation and wholly-owned subsidiary of SNI Holdco.

The aggregate consideration paid for the shares of SNIH (the "Merger Consideration") was \$66.3 million.

The Merger Consideration was comprised of the following:

The Company paid an aggregate of \$24,500,000 in cash to the SNIH Stockholders and others as they directed (the "Closing Cash Payment").

Issuance of 9.5% Convertible Subordinated Notes. At the Closing, the Company issued and paid to certain SNIH Stockholders an aggregate of \$12,500,000 in aggregate principal amount of its 9.5% Convertible Subordinated Notes (the "9.5% Notes").

Issuance of Series B Convertible Preferred Stock. At the Closing, the Company agreed to issue to certain SNIH Stockholders upon receipt of duly executed letters of transmittal an aggregate of approximately 5,926,000 shares of its Series B Convertible Preferred Stock (based on the average daily VWAP of the Common Stock for the 20 trading days immediately prior to the closing date of the Merger). The value of the consideration paid was approximately \$29,300,000 based on the closing price of \$4.95 on March 31, 2017.

The SNIH Stockholders have agreed to indemnify the Company with respect to the breach of the representations and warranties set forth in the Merger Agreement. The relative responsibility and Indemnification Ceiling of each SNIH Stockholder is determined as set forth in the Merger Agreement. In addition, the indemnification obligations of the SNIH Stockholders are subject to certain overall baskets, deductibles and ceilings as set forth in the Merger Agreement. The Company is entitled to seek 'set off' or 'recoupment' for indemnification with respect to a respective SNIH Stockholder's 9.5% Notes or stock or other property, as may be owned by that SNIH Stockholder and held in escrow. \$8.6 million in aggregate principal amount of the 9.5% Notes will be held in escrow by the Escrow Agent against which the Company may seek set-off in the event of certain indemnification obligations of the SNIH Stockholders. These 9.5% Notes will be released from escrow after a period of eighteen months if there are no outstanding claims for indemnification, but not if there are outstanding claims for indemnification.

The Company utilized approximately \$24,500,000 of the proceeds from its new Credit Agreement to finance the Closing Cash Payment to the SNIH Stockholders.

Under the purchase method of accounting, the transaction was valued for accounting purposes at an estimated \$90,495,000, which was the estimated fair value of the consideration paid by the Company, after it was determined post-closing that the net liabilities purchased were \$24,177,000 which includes the estimated deferred tax liability of \$12,000,000. The estimate was based on the consideration paid of cash paid of \$24,500,000, issuance of \$12,500,000 of 9.5% convertible subordinated notes and approximately \$29,300,000 of Series B Convertible Preferred Stock.

The assets and liabilities of SNIH will be recorded at their respective fair values as of the closing date of the Merger Agreement, and the following table summarizes these values based on the estimated balance sheet at April 3, 2017.

Table of Contents

The intangibles will be recorded, based on the Company's estimate of fair value, which are expected to consist primarily of customer lists with an estimated life of five to ten years and goodwill. Upon completion of an independent purchase price allocation and valuation, the allocation of intangible assets will be adjusted accordingly.

PROPOSAL 2: THE NOTE CONVERSION PROPOSAL

Background

We are submitting the Note Conversion Proposal to you as a result of our issuance on April 3, 2017 of an aggregate of \$12.5 million aggregate principal amount of our 9.5% Notes to certain former stockholders of SNIH in connection with the consummation of the Merger which resulted in our acquisition of SNIH and SNI Companies. Because our common stock is listed on the NYSE MKT, we are subject to the rules set forth in the NYSE MKT Company Guide. Section 712 of the NYSE MKT Company Guide requires stockholder approval to be obtained if a listed company issues common stock or securities convertible into or exercisable for common stock as sole or partial consideration for an acquisition of the stock or assets of another company where the present or potential issuance of common stock, or securities convertible into common stock, could result in an increase in outstanding common shares of 20% or more.

The 9.5% Notes may be converted into shares of common stock at a conversion price of \$5.83 per share (subject to adjustment in upon any stock dividend, stock combination or stock split or upon the consummation of certain fundamental transactions as set forth in the Form of 9.5% Note, a copy of which is filed as Annex C to this Proxy Statement) (the “Conversion Price”) at the option of the holder thereof; provided, however, that holders of the 9.5% Notes are not permitted to effect any conversion of any 9.5% Notes to the extent that the shares of common stock issuable upon such conversion when taken together with the shares of common stock previously issued with respect to (i) prior conversions of shares of Series B Convertible Preferred Stock, and/or (ii) prior conversions of any 9.5% Notes and/or (iii) the payment of dividends on any 9.5% Notes in shares of common stock and/or (iv) otherwise in connection with the issuance of the 9.5% Notes would result in the issuance of shares of common stock that exceed the Conversion Limit unless and until such time as the Company has received approval of the Note Conversion Proposal.

Approval of the Note Conversion Proposal could result in the issuance of approximately an additional 2,144,100 shares of our common stock, assuming that all of the holders of outstanding 9.5% Notes choose to convert their 9.5% Notes into shares of common stock. In addition, approval of the Note Conversion Proposal could result in the issuance of approximately an additional 916,900 shares of our common stock assuming that the Company elects to make all interest payments with respect to the 9.5% Notes in shares of common stock. Based on the 9,878,892 shares of common stock that were outstanding as of the Record Date, conversion in full of 9.5% Notes and the payment of all interest on the 9.5% Notes would result in the issuance of 3,061,000 shares of common stock that would represent approximately 23.65% of the outstanding common stock of the Company.

We chose to issue the 9.5% Notes as a portion of the consideration paid to the former stockholders of SNIH in the Merger prior to obtaining stockholder approval of the Note Conversion Proposal and the former stockholders of SNIH agreed to accept the 9.5% Notes prior to obtaining stockholder approval of the Note Conversion Proposal in order to

avoid any delay in consummating the Merger. In the Merger Agreement, we agreed to promptly seek the approval of our stockholders of the Note Conversion Proposal. We are now asking you for this approval.

Material Terms of the 9.5% Convertible Subordinated Notes

The following is a summary of the material terms of the 9.5% Notes:

Maturity Date

The 9.5% Notes mature on October 3, 2021 (the “Maturity Date”).

Interest

Interest on the 9.5% Notes accrues at the rate of 9.5% per annum and shall be paid quarterly in arrears on June 30, September 30, December 31 and March 31, beginning on June 30, 2017, on each conversion date with respect to the 9.5% Notes (as to that principal amount then being converted), and on the Maturity Date (each such date, an “Interest Payment Date”). At the option of the Company, interest may be paid on an Interest Payment Date either in cash or in shares of common stock of the Company, which common stock shall be valued at the average daily VWAP of the Common Stock for the 20 trading days immediately prior to such Interest Payment Date provided, however, that unless and until such time as the Company has received Requisite Stockholder Approval the Company shall not be permitted to make any interest payment in shares of Common Stock to the extent that such issuance would cause the Company to exceed the Conversion Limit.

Table of Contents

Redemption

All or any portion of the 9.5% Notes may be redeemed by the Company for cash at any time on or after April 3, 2018 that the average daily VWAP of the Company's common stock reported on the principal trading market for the common stock exceeds the then applicable Conversion Price for a period of 20 trading days. The redemption price shall be an amount equal to 100% of the then outstanding principal amount of the 9.5% Notes being redeemed, plus accrued and unpaid interest thereon.

Prepayment

Except as otherwise provided in the 9.5% Notes, the Company may not prepay any portion of the principal amount of any 9.5% Note without the prior written consent of the holder thereof. Any prepayments of the 9.5% Notes shall be made on a pro rata basis to all holders of 9.5% Notes based on the aggregate principal amount of 9.5% Notes held by such holders. The Company shall be required to prepay the 9.5% Notes together with accrued and unpaid interest thereon upon the consummation by the Company of any "Change of Control". For purposes of the 9.5% Notes, a Change of Control of the Company shall mean any of the following: (A) the Company effects any sale of all or substantially all of its assets in one transaction or a series of related transactions or (B) the consummation of any transaction (including, without limitation, any merger or consolidation), the result of which is that any person or entity together with their affiliates, becomes the beneficial owner, directly or indirectly, of more than 50% of the common stock of the Company.

Set-Off

Each of the 9.5% Notes is subject to the right by the Company to the extent provided in the Merger Agreement, to set off any amounts payable to the holders of the 9.5% Notes against amounts owing by the SNIH Stockholders to the Company or the other Buyer Indemnified Parties (as defined in the Merger Agreement).

Conversion

The 9.5% Notes are convertible into shares of common stock at the option of the holders thereof at an initial conversion price equal to \$5.83 per share, each as subject to adjustment in the event of stock splits, stock combinations, capital reorganizations, reclassifications, consolidations, mergers or sales, as set forth in the 9.5% Notes: provided, however, that unless and until such time as the Company has received approval of the Note

Conversion Proposal a holder of 9.5% Notes shall not be permitted to effect any conversion of any 9.5% Notes to the extent that the shares of common stock issuable upon such conversion when taken together with the shares of common stock previously issued with respect to (i) prior conversions of shares of Series B Convertible Preferred Stock, and/or (ii) prior conversions of any 9.5% Notes and/or (iii) the payment of dividends on any 9.5% Notes in shares of common stock and/or (iv) otherwise in connection with the issuance of the 9.5% Notes would result in the issuance of shares of common stock that exceed the Conversion Limit.

Subordination

Each of the 9.5% Notes is subordinated in payment to the obligations of the Company to the lenders parties to that certain Revolving Credit, Term Loan and Security Agreement, dated as of March 31, 2017 by and among the Company, the Company's subsidiaries named as borrowers therein (collectively with the Company, the "Borrowers"), the senior lenders named therein and PNC Bank, National Association, as administrative agent and collateral agent (the "Agent") for the senior lenders, pursuant to those certain Subordination and Intercreditor Agreements, each dated as of March 31, 2017 by and among the Company, the Borrowers, the Agent and each of the holders of the 9.5% Notes.

Offering of 9.5% Notes

None of the 9.5% Notes issued to the former stockholders of SNIH were registered under the Securities Act. Each of the former stockholders of SNIH who received 9.5% Notes is an accredited investor. The issuance of the 9.5% Notes to such former stockholders of SNIH was exempt from the registration requirements of the Act in reliance on an exemption from registration provided by Section 4(2) of the Securities Act.

Table of Contents

Registration Rights

The holders of 9.5% Notes have certain demand and piggyback registration rights with respect to the shares of common stock that are issued upon conversion of the 9.5% Notes. For a description of these registration rights see—“The Preferred Conversion Proposal—The Merger Agreement—Registration Rights” beginning on page 27 of this Proxy Statement.

Effect of Failure to Obtain Stockholder Approval of the Note Conversion Proposal

If our stockholders do not approve the Note Conversion Proposal, we are obligated, pursuant to the terms of the Merger Agreement to take all actions necessary to hold a subsequent meeting of our stockholders for the purpose of obtaining the approval of the Note Conversion Proposal and to continue to do so until such proposal is approved. Until such time as the Note Conversion Proposal is approved, holders of 9.5% will continue to be limited in their ability to convert their 9.5% Notes into shares of common stock as described above. Also, until such time as the Note Conversion Proposal has been approved, the Company will continue to be limited in its ability to pay interest on the 9.5% Notes in shares of common stock.

Effect of Stockholder Approval of the Note Conversion Proposal

If our stockholders approve the Note Conversion Proposal the holders of our Series B Convertible Preferred (other than Thrivent) will immediately be able to convert any or all of their 9.5% Notes into shares of common stock. The 9.5% Notes that were issued to Thrivent contains a provision that restricts Thrivent from converting all or any portion of its 9.5% Notes to the extent that after giving effect to such conversion as set forth in a written election to the Company to convert the 9.5% Notes, Thrivent (together with its affiliates, and any other person or entity acting as a group together with Thrivent or any of its affiliates), would beneficially own common stock in excess of 4.99% of the number of shares of the common stock outstanding immediately after giving effect to the issuance of shares of common stock issuable upon conversion of Thrivent’s 9.5% Notes (the “Beneficial Ownership Limitation”). The Beneficial Ownership Limitation may be waived by Thrivent, upon not less than 61 days’ prior notice to the Company that Thrivent would like to waive the Beneficial Ownership Limitation with regard to any or all shares of Common Stock issuable upon conversion of the 9.5% Notes.

The issuance by the Company of a substantial number of shares of common stock upon the conversion of the 9.5% Notes and/or the payment of interest on the 9.5% Notes in shares of common stock will result in a dilution in voting power of the Company’s current stockholders. The issuance by the Company of a substantial number of shares of

common stock upon the conversion of the 9.5% Notes and/or the payment of interest on the 9.5% Notes in shares of common stock could also result in a dilution of earnings per share with respect to the outstanding common stock which could have a depressive effect on the market price of our common stock. The shares of common stock issuable upon conversion of the 9.5% Notes and/or the payment of interest on the 9.5% Notes in shares of common stock are expected to be listed on the NYSE MKT. The future prospect of sales of a significant amount of shares of common stock could also affect the market price of our common stock if the marketplace does not orderly adjust to the increase in shares in the market and the value of your investment in the Company may decrease.

Stockholder Approval Requirement for Note Conversion Proposal

Our common stock is listed on the NYSE MKT and we are subject to the rules set forth in the NYSE MKT Company Guide. Section 712 of the NYSE MKT Company Guide requires stockholder approval to be obtained if a listed company issues common stock or securities convertible into or exercisable for common stock as sole or partial consideration for an acquisition of the stock or assets of another company where the present or potential issuance of common stock, or securities convertible into common stock, could result in an increase in outstanding common shares of 20% or more. Although we were not required to obtain stockholder approval in connection with the issuance of the 9.5% Notes (which contains a restriction on the ability of holders to convert their 9.5% Notes) or the acquisition of SNIH and SNI Companies pursuant to the Merger, we are required to seek stockholder approval for the conversion of the 9.5% Notes and/or the payment of interest on the 9.5% Notes in shares of common stock to the extent that such conversion and/or payment of interest in shares of common stock, when taken together with (i) all prior conversions of Series B Preferred Stock into shares of common stock, (ii) all prior conversions of 9.5% Notes into shares of common stock, (iii) all prior issuances of common stock as interest payments on the 9.5% Notes and (iv) all other shares of common stock that were previously issued in connection with the issuance of the 9.5% Notes would result in the issuance of shares of common stock in excess of the Conversion Limit. Therefore we are seeking stockholder approval for the Note Conversion Proposal.

Role of the Board of Directors and Board Leadership Structure

Our business and affairs are managed under the direction of our Board of Directors, which is the Company's ultimate decision-making body, except with respect to those matters reserved to our stockholders. Our Board of Directors' primary responsibility is to seek to maximize long-term stockholder value. Our Board of Directors establishes our overall corporate policies, selects and evaluates our senior management team, which is charged with the conduct of our business, monitors the performance of the Company and management, and provides advice and counsel to management. In fulfilling the Board of Directors' responsibilities, directors have full access to our management, internal and external auditors and outside advisors.

Independent directors and management have different perspectives and roles in strategy development. The Company's independent directors bring experience, oversight and expertise from outside the company and industry, while the management brings company-specific experience and expertise. The Board of Directors believes that a board of directors combined with independent board members and management is in the best interest of stockholders because it promotes strategy development and execution, and facilitates information flow between management and the Board of Directors, which are essential to effective governance.

The Board of Directors does not have a lead independent director. The Board of Directors provides overall risk oversight for the Company as part of its normal, ongoing responsibilities. It receives reports from Mr. Dewan and Mr. Norstrud and other members of senior management on a periodic basis on areas of risk facing the Company. In addition, Board of Directors committees oversee specific elements of risk or potential risk.

The Board of Directors meets on a regularly scheduled basis to review significant developments affecting the Company and to act on matters requiring Board of Directors approval. It also holds Annual Meetings when an important matter requires Board of Directors action between scheduled meetings. The Board of Directors held twenty one (21) meetings during the last fiscal year. No director of the Company attended less than 75% of the total meetings of the Board of Directors and Committees on which such Board of Directors members served during this period.

Our directors are expected to attend the Annual Meeting. Any director who is unable to attend the Annual Meeting is expected to notify the Chairman of the Board of Directors in advance of the Annual Meeting.

The Board of Directors believes that Mr. Dewan's service as both Chairman of the Board and Chief Executive Officer is in the best interest of the Company and its stockholders. Mr. Dewan possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing the Company and its business and is thus best positioned to develop agendas that ensure that the Board's time and attention are focused on the most critical matters. His combined role enables decisive leadership, ensures clear accountability, and enhances the Company's ability to communicate its message and strategy clearly and consistently to the Company's stockholders, employees, customers and suppliers.

Board Risk Oversight

Management of the risks that we face in the conduct of our business is primarily the responsibility of our senior management team. However, our Board of Directors provides overall risk oversight with a focus on the most significant risks facing the Company. Our senior management team periodically reviews with our Board of Directors any significant risks facing the Company. Our Board of Directors has delegated responsibility for the oversight of specific risks to the committees of the Board of Directors as follows:

- **Audit Committee.** The Audit Committee oversees the policies that govern the process by which our exposure to risk is assessed and managed by management. In that role, the Audit Committee discusses with our management major financial risk exposures and the steps that management has taken to monitor and control these exposures. The Audit Committee also is responsible for reviewing risks arising from related party transactions involving the Company and overseeing our code of ethics.
- **Compensation Committee.** The Compensation Committee monitors the risks associated with our compensation philosophy and programs.
- **Nominating Committee.** The Nominating Committee oversees risks related to our governance structure and processes.

Our Board of Directors has assessed the risks that could arise from our employee compensation policies and does not believe that such policies are reasonably likely to have a materially adverse effect on the Company.

Committees of the Board of Directors and Committee Membership

Our Board of Directors has established three separately designated standing committees to assist our Board of Directors in discharging its responsibilities: the Audit Committee, the Compensation Committee, and the Nominating Committee. Our Board of Directors may eliminate or create additional committees as it deems appropriate. The charters for our Board of Directors committees are in compliance with applicable SEC rules and the NYSE MKT Listed Company Manual. These charters are not available on our website, but all were attached to the form 10Q filed on February 14, 2017. You may obtain a printed copy of any of these charters by sending a request to: GEE Group, Inc., 184 Shuman Blvd., Suite 420, Naperville, Illinois 60563, Attn.: Secretary.

Each committee of our Board of Directors is composed entirely of independent directors within all applicable standards (as further discussed below). Our Board of Directors' general policy is to review and approve committee assignments annually. The Nominating Committee is responsible, after consultation with our Chairman of the Board of Directors and Chief Executive Officer and consideration of appropriate member qualifications, to recommend to our Board of Directors for approval all committee assignments, including designations of the chairs. Each committee is also authorized to retain its own outside counsel and other advisors as it desires.

A brief summary of the committees' responsibilities follows:

Nominating Committee

The functions of the Nominating Committee are to assist the Board of Directors in identifying, interviewing and recommending to the Board of Directors qualified candidates to fill positions on the board. The Nominating Committee met one (1) time during the last fiscal year.

The Company does not have a policy regarding the consideration of diversity, however defined, in identifying nominees for director. Instead, in evaluating candidates to serve on the Company's Board of Directors, consideration is given to the level of experience, financial literacy and business acumen of the candidate. In addition, qualified candidates for director are those who, in the judgment of the Nominating Committee, have significant decision-making responsibility, with business, legal or academic experience. The Nominating Committee will consider recommendations for board candidates that are received from various sources, including directors and officers of the Company, other business associates and stockholders, and all candidates will be considered on an equal basis, regardless of source.

The Nominating Committee is presently composed of three non-employee, independent directors: Thomas C. Williams (Chairman), Dr. Arthur B. Laffer, and Peter J Tanous. Dr. Laffer was appointed to serve as a member of the Nominating Committee on May 22, 2015 and Mr. Tanous was appointed on September 15, 2015.

Audit Committee

The Audit Committee is primarily concerned with the effectiveness of the Company's accounting policies and practices, its financial reporting and its internal accounting controls. In addition, the Audit Committee reviews and approves the scope of the annual audit of the Company's books, reviews the findings and recommendations of the independent registered public accounting firm at the completion of their audit, and approves annual audit fees and the selection of an auditing firm. The Audit Committee met four (4) times during fiscal 2016.

The Audit Committee is presently composed of three non-employee, independent directors: Dr. Arthur B. Laffer, Peter J. Tanous and William M. Isaac. From April 2015 until April 6, 2017, George Bajalia also served as a member and was the Chairman of the Audit Committee from April of 2015 to July of 2016. Mr. Tanous was appointed by the Board of Directors as the Chairman of the Audit Committee in July of 2017. Dr. Laffer was appointed to serve on the Audit Committee on May 22, 2015 and Mr. Tanous and Mr. Isaac were appointed to serve on the Audit Committee on September 15, 2015. The Board of Directors has determined that Dr. Laffer, Mr. Tanous and Mr. Isaac are all considered an "audit committee financial expert" as defined by rules of the SEC. The Board of Directors has determined that each audit committee financial expert meets the additional independence criteria required under the listing standards of the NYSE MKT and Rule 10A-3 of the Exchange Act.

REPORT OF THE AUDIT COMMITTEE (1)

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. As set forth in the Charter, management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

In the performance of this oversight function, the Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended September 30, 2016 with management, and has discussed with the independent auditors the matters required to be discussed by Statement of Auditing Standards No. 61, Communication with Audit Committee, as currently in effect. The Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as currently in effect, and has discussed with the independent auditors the independent auditors' independence; and based on the review and discussions referred above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2016 for filing with the SEC.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting, are not experts in the fields of accounting or auditing, including in respect of auditor independence. Members of the Committee rely without independent verification on the information provided to them and on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's consideration and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted accounting principles or that the Company's auditors are in fact "independent".

Based upon the reports, review and discussions described in this report, and subject to the limitations on the role and responsibilities of the Committee referred to above and in the Charter, the Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2016, as filed with the Securities and Exchange Commission. The Audit Committee and the Board have also recommended, subject to stockholder approval, the selection of Friedman LLP as the Company's independent auditors for the fiscal year ending September 30, 2017.

The following table sets forth information concerning the beneficial ownership of our voting securities as of July 5, 2017 by (i) each person who is known by us, based solely on a review of public filings, to be the beneficial owner of more than 5% of any class of our outstanding voting securities, (ii) each director nominee, (iii) each executive officer named in the Summary Compensation Table and (iv) all executive officers directors and director nominee as a group.

Under applicable SEC rules, a person is deemed to be the "beneficial owner" of a voting security if such person has (or shares) either investment power or voting power over such security or has (or shares) the right to acquire such security within 60 days by any of a number of means, including upon the exercise of options or warrants or the conversion of convertible securities. A beneficial owner's percentage ownership is determined by assuming that options, warrants and convertible securities that are held by the beneficial owner, but not those held by any other person, and which are exercisable or convertible within 60 days, have been exercised or converted.

Unless otherwise indicated, we believe that all persons named in the table below have sole voting and investment power with respect to all voting securities shown as being owned by them. Unless otherwise indicated, the address of each beneficial owner in the table below is care of GEE Group, Inc., 184 Shuman Blvd, Suite 420, Naperville, Illinois 60563.

The methods and assumptions used to determine the fair value of stock options granted are disclosed in “Note 10 - Stock Option Plans” in the notes to consolidated financial statements contained in the Company’s Annual Report, a copy of which is annexed to this Proxy Statement as Annex F.

AUDIT-RELATED MATTERS

General

In fulfilling its oversight role, our Audit Committee met and held discussions, both together and separately, with the Company's management and Friedman. Management advised the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee reviewed and discussed the consolidated financial statements and key accounting and reporting issues with management and Friedman, both together and separately, in advance of the public release of operating results and filing of annual or quarterly reports with the SEC. The Audit Committee discussed with Friedman matters deemed significant by Friedman, including those matters required to be discussed pursuant to Statement of Auditing Standards No. 61, Communication with Audit Committees, as amended, and reviewed a letter from Friedman disclosing such matters.

Table of Contents

Friedman also provided the Audit Committee with the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board of Directors regarding the outside auditors' communications with the Audit Committee concerning independence, and we discussed with Friedman matters relating to their independence.

Based on our review with management and Friedman of the Company's audited consolidated financial statements and Friedman's report on such financial statements, and based on the discussions and written disclosures described above and our business judgment, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2016. Friedman LLP has served as the Company's independent registered public accounting firm since November 29, 2012. A representative of Friedman, LLP is expected to be present at the Annual Meeting to respond to appropriate questions and to make a statement if desired.

The following table presents fees billed by Friedman, LLP for the following professional services rendered for the Company for the fiscal years ended September 30, 2016 and 2015:

	Fiscal Year Ended September 30, 2016	Fiscal Year Ended September 30, 2015
Audit fees	\$ 163,000	\$ 160,000
Audit-related fees	143,000	18,500
Tax fees	-	-
All other fees	-	-

"Audit fees" relate to services for the audit of the Company's consolidated financial statements for the fiscal year and for reviews of the interim consolidated financial statements included in the Company's quarterly reports filed with the SEC.

"Audit-related fees" relate to services that are reasonably related to the audit of the Company's consolidated financial statements and are not included in "audit fees." These services include audits of the Company's 401(k) retirement plan and audits related to acquisitions and S-8 filings.

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent registered public accounting firm, and to not engage them to perform the specific non-audit services proscribed by law

or regulation. At the beginning of each fiscal year, the Audit Committee meets with the independent registered public accounting firm and approves the fees and services to be performed for the ensuing year. On a quarterly basis, the Audit Committee reviews the fees billed for all services provided for the year to date, and it pre-approves additional services if necessary. The Audit Committee's pre-approval policies allow management to engage the independent registered public accounting firm for consultations on tax or accounting matters up to an aggregate of \$10,000 annually. All fees listed in the table above were approved in accordance with the Audit Committee's policies.

Policy Regarding Pre-Approval of Services Provided by the Outside Auditors

The Audit Committee's charter requires review and pre-approval by the Audit Committee of all audit services provided by our outside auditors and, subject to the *de minimis* exception under applicable SEC rules, all permissible non-audit services provided by our outside auditors. The Audit Committee reviews the fees billed for all services provided on a quarterly basis, and it pre-approves additional services if necessary. As required by Section 10A of the Exchange Act, the Audit Committee pre-approved all audit and non-audit services provided by our outside auditors during fiscal 2015 and 2016, and the fees paid for such services.

PROPOSAL 4: THE AUDITOR RATIFICATION PROPOSAL

The Audit Committee of our Board of Directors has appointed Friedman LLP ("Friedman") to serve as our independent registered public accounting firm for the fiscal year ending September 30, 2017. Friedman has served in this capacity since November 29, 2012.

We are asking our stockholders to ratify the appointment of Friedman as our independent registered public accounting firm. Although ratification is not required by our Bylaws or otherwise, our Board of Directors is submitting the appointment of Friedman to our stockholders for ratification as a matter of good corporate governance. If our stockholders fail to ratify the appointment of Friedman, the Audit Committee will consider whether it is appropriate and advisable to appoint another independent registered public accounting firm. Even if our stockholders ratify the appointment of Friedman, the Audit Committee in its discretion may appoint a different registered public accounting firm at any time if it determines that such a change would be in the best interests of the Company and our stockholders.

Representatives of Friedman are expected to be present at the Annual Meeting and will have an opportunity to make a statement and to respond to appropriate questions.

Required Vote

The affirmative vote of shares of our Common Stock representing a majority of votes cast thereon at the Annual Meeting or any adjournment or postponement thereof is required to approve the Auditor Ratification Proposal.

Recommendation

Our Board of Directors unanimously recommends a vote "**FOR**" the ratification of the appointment of Friedman LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2017.

PROPOSAL 5: THE 2013 PLAN AMENDMENT PROPOSAL

2013 Plan Amendment

The Board has approved, and has recommended that the stockholders approve an amendment to our 2013 Incentive Stock Plan to increase the number of shares of common stock available for awards under the 2013 Plan (“Awards”) from 1,000,000 shares to 4,000,000 shares with the maximum number of shares of common stock reserved and available for distribution pursuant to the grant of Options (as hereinafter defined) under the 2013 Plan set at 2,000,000 shares of common stock and the maximum number of shares of common stock reserved and available for distribution pursuant to the grant of Restricted Stock (as hereinafter defined) under the 2013 Plan set at 2,000,000 shares of common stock. A copy of the Amendment to the 2013 Plan is annexed to this Proxy Statement as Annex E and is incorporated herein by reference. Because our common stock is listed on the NYSE MKT, we are subject to the rules set forth in the NYSE MKT Company Guide. Section 711 of the NYSE MKT Company Guide requires (subject to certain exceptions) stockholder approval to be obtained if a listed company establishes or materially amends a stock option or purchase plan or other equity compensation arrangement pursuant to which options or stock may be acquired by officers, directors, employees, or consultants, regardless of whether or not such authorization is required by law or by the company's charter.

Background and Reasons for the 2013 Plan Amendment Proposal

The 2013 Plan was initially adopted by our Board on July 23, 2013, and our stockholders approved it on September 9 2013. A copy of the 2013 Plan was filed as Exhibit A to the Company's Schedule 14A Definitive Proxy Statement filed with the SEC on August 22, 2013. Currently, 1,000,000 shares of common stock are authorized to be issued pursuant to Awards granted under the 2013 Plan. As of July 5, 2017, approximately 251,995 shares of common stock remained available for grant under the 2013 Plan. The Board believes that the availability of additional shares of common stock for Awards granted under the 2013 Plan is needed to enable the Company to meet its anticipated equity compensation needs to attract, motivate and retain qualified employees, officers and directors. The proposed share increase is expected to last approximately two years. This estimate is based on a forecast that takes into account our anticipated rate of growth in hiring, an estimated range of our stock price over time, and our historical forfeiture rates.

Summary of 2013 Plan

Introduction

This Summary of the 2013 Plan (the “Summary”) is intended to briefly describe some of the most important provisions of the 2013 Plan and to generally outline the tax consequences which may be associated with the Awards consisting of Options (defined herein) and Restricted Stock (defined herein) under the 2013 Plan.

This Summary does not contain all of the details and specific terms of the 2013 Plan document, nor does it contain the details and terms of each Award Agreement for Options or Restricted Stock (an “Award Agreement”) under the 2013 Plan to specific persons. This Summary was written to cover only normal circumstances and conditions relating to the 2013 Plan and the Awards granted pursuant to the 2013 Plan. If there is any conflict between what is described in this Summary and the language in the 2013 Plan document or any Award Agreement, the 2013 Plan document and Award Agreement will control.

General 2013 Plan Information

Purpose

The purpose of the 2013 Plan is to provide additional incentives to select persons who can make, are making, and continue to make substantial contributions to the growth and success of the Company, to attract, motivate and retain the employment and services of such persons, and to encourage and reward such contributions, by providing these individuals with an opportunity to acquire or increase stock ownership in the Company through either the grant of (1) Options or (2) Restricted Stock (Options and/or Restricted Stock may be collectively referred to herein as an “Award”). Such persons receiving an Award under the 2013 Plan are hereinafter referred to as “Participants.”

Table of Contents

Administration

The 2013 Plan is administered by the Compensation Committee or such other committee as is appointed by the Board pursuant to the 2013 Plan (“Committee”). The Committee has full authority to administer and interpret the provisions of the 2013 Plan including, but not limited to, the authority to make all determinations with regard to the terms and conditions of an Award made under the 2013 Plan, as described below. All decisions by the Committee regarding the 2013 Plan are final and conclusive.

The 2013 Plan permits the Committee to grant one or more of the following Awards:

Options

Under the 2013 Plan, the Committee may grant options (the “Options”) to purchase shares of Company common stock (the “Shares”). Options granted under the 2013 Plan shall be classified for income tax purposes as either (a) “Incentive Stock Options” within the meaning of Section 422(b) of the Internal Revenue Code of 1986 as amended (the “Code”) or (b) “Nonqualified Stock Options.” Nonqualified Stock Options are options that do not satisfy the requirements of Incentive Stock Options as defined by Section 422(b) of the Code (due to a “disqualified disposition” or pursuant to the terms of the Award Agreement). Generally, the income tax treatment of Incentive Stock Options differs from the income tax treatment of Nonqualified Stock Options. The intended nature of Options (that is, incentive or nonqualified) will be specified in each Award Agreement.

Restricted Stock

Under the 2013 Plan, the Committee may grant stock to a Participant subject to the satisfaction of vesting conditions, restrictions on transfer, repurchase rights or other limitations imposed by the 2013 Plan and/or contained in the Participant’s Award Agreement (“Restricted Stock”). If the Participant does not satisfy one or more of these conditions or restrictions, he must return the stock. Prior to satisfying the vesting conditions, the Participant does not own the Restricted Stock and does not enjoy the rights of a stockholder.

Securities Offered

The maximum number of Shares that may be granted under the 2013 Plan is currently 1,000,000. This number is subject to adjustment to reflect changes in the capital structure or organization of the Company. If that Plan Amendment Proposal is approved the maximum number of shares that may be granted under the 2013 Plan would be increased to 4,000,000 shares with the maximum number of shares of common stock reserved and available for distribution pursuant to the grant of Options under the 2013 Plan set at 2,000,000 shares of common stock and the maximum number of shares of common stock reserved and available for distribution pursuant to the grant of Restricted Stock under the 2013 Plan set at 2,000,000 shares of common stock.

The specific terms of each Award to a Participant under the 2013 Plan are set forth in an Award Agreement between the Participant and the Company.

Eligibility to Participate

Every employee, officer, director, consultant or other service provider of the Company (or any Affiliate of the Company) is eligible to participate in the 2013 Plan. The Committee shall select, among such individuals, those persons to whom an Award is to be granted, considering such factors as it deems relevant.

The Committee, in its discretion, may make an Award to a Participant, even though options, restricted stock or other benefits were previously granted to such Participant by the Company or under another plan of the Company. The 2013 Plan does not confer any right to an individual to continue in the employ of the Company or to continue to provide services to the Company.

Table of Contents

Discretion of the Committee

The Committee, in its discretion, determines (i) the individuals to whom Award are to be granted, (ii) the time or times at which Awards are to be granted, (iii) the price at which Awards may be exercised, (iv) the exercise period of Awards, (v) the time or times when Awards will become vested and exercisable, and (vi) all other terms and conditions of Awards.

A grant of an Award is effective only after the Participant signs the Award Agreement provided by the Committee and returns it to the Company. The Award Agreement will describe all of the terms of the Award, as determined by the Committee.

Code Section 409A

In order to avoid complex requirements and restrictions (and a potential 20% tax on Option holders) that are imposed by Code Section 409A, all Options (designated as “Nonqualified Stock Options”) issued under the 2013 Plan will have an exercise price at or above the current, fair market value of the underlying Shares at the time the Option is granted.

Exercise and Vesting

Awards shall become exercisable and/or vested in accordance with a schedule determined by the Committee and set forth in each Award Agreement. An Award Agreement shall state, with respect to all or designated portions of the Shares subject thereto, the time at which, the conditions upon which, or the installments in which the Award shall become vested. The Committee may establish requirements for exercisability or vesting based on (i) periods of employment or rendering of services, (ii) the satisfaction of performance criteria with respect to the Company or the Participant (or both), or (iii) both periods of employment or rendering of services and satisfaction of performance criteria.

The Committee may substitute an effective date identified in the particular Award Agreement in place of the Award Date for use with the foregoing vesting schedule or with any other vesting schedule set forth in such Award Agreement.

In the case of any Award which, at the Award Date, is granted with provisions for vesting at a later date or in installments, whether by determination of the Committee or by operation of the preceding paragraph, two-thirds of the Committee may thereafter, at any time and in its sole discretion, waive or modify such vesting requirements with respect to such Award, in whole or in part, and accelerate the vesting condition of all or a portion of the Award.

The specific terms of each grant of an Award to a Participant under the 2013 Plan are set forth in the Award Agreement between the Participant and the Company.

Amendment and Termination

The Board may amend or terminate the 2013 Plan, at any time, without obtaining approval from the Company's stockholders (unless required by law or other agreement). Termination of the 2013 Plan, other than upon dissolution of the Company, will not affect the rights of any Participant, except to the extent provided in the Award Agreement with such Participant or as otherwise set forth in the 2013 Plan.

Securities Law Restrictions

The Company may impose restrictions on Shares received by a Participant under the 2013 Plan as the Company deems advisable to comply with applicable securities laws and regulations including, the Securities Act of 1933 (as amended from time to time), the requirements of any stock exchange upon which the Company's common stock is listed, and any state securities laws applicable to the Company's common stock.

The Company registered the initial 1,000,000 Shares issued and issuable pursuant to Awards granted under the 2013 Plan pursuant to a Registration Statement on Form S-8 (Registration No. 333-207197) which became effective on September 29, 2015. In the event that the 2013 Plan Amendment Proposal is approved, the Company intends to register the additional 3,000,000 shares that will be available for issuance pursuant to the Awards under the 2013 Plan. If a registration statement is not in effect with respect to Shares issuable under the 2013 Plan, the Company may require a Participant to represent, in writing, that the Shares received by the Participant are being acquired for investment and not with a view to distribution and to agree that such Shares will not be disposed of by the Participant except pursuant to an effective registration statement.

Table of Contents

Tax Consequences

This Summary briefly summarizes the basic federal rules (but not any state or local rules), as in effect as of the date of this Summary, relating to the tax consequences which may be associated with an awards under the 2013 Plan. Such tax law rules, as set forth in the Code, as amended, are complex and contain conditions and exceptions that are not included in this Summary.

Each Participant should consider consulting with his or her personal, professional tax advisor concerning the particular tax consequences that result in connection with the Participant's receipt of an Award. Further, it is advisable for a Participant to obtain such consultation each time an Award is received, when the Award become vested, and at the time Shares are disposed. A Participant is liable and responsible, and the Company is not liable or responsible, in any way, for any and all tax consequences to the Participant relating to or resulting from an Award of Shares.

There should be no income tax consequences to a Participant at the time the Option is granted regardless of whether the option is an Incentive Stock Option or a Nonqualified Stock Option.

Tax Consequences on Exercise

Nonqualified Stock Options. The difference between the value of the stock at the time of exercise and the value of the stock at the time of grant less any amount, if any, paid for the stock (the "bargain element") is taxable to the Participant as additional compensation (not capital gain) in the year of exercise. The Participant must pay income tax (as well as social security and Medicare taxes) on the "bargain element" as compensation income, even though the Participant did not receive any cash at that time and may not have sold the stock.

Incentive Stock Options. A Participant who exercises an Incentive Stock Option does not have to recognize any income for federal tax purposes when he exercises an Incentive Stock Option, provided he does not dispose of the underlying shares until the later of 2 years from the date of grant or 1 year from the date of exercise. If the Participant

violates this rule, there is a “disqualifying disposition,” and the Participant has to recognize income equal to the amount by which the sales price of the Shares exceeds the exercise price. However, even absent a disqualifying disposition, for alternative minimum tax (“AMT”) purposes, the Participant has to recognize the bargain element as income at the time the Option is exercised and, as a result, may be subject to AMT and an immediate tax liability.

Tax Consequences of Sale of Acquired Shares

Nonqualified Stock Options. If a Participant exercises an Option, the Participant will have capital gain or loss (which may be long-term or short-term) when he ultimately sells the shares, based on the difference between the amount received in the sale and the Participant’s basis. For this purpose, “basis” is the amount paid for the Shares, increased by the amount that was treated as compensation income when the Participant exercised the Option (i.e., the exercise price plus the bargain element at the time of exercise).

Incentive Stock Options. Assuming that there is no “disqualifying disposition,” the Participant will have held the shares for more than 1 year and therefore will be entitled to long--term capital gains treatment (or, potentially will realize a long-term capital loss) based upon the variance between the amount for which the stock is sold and the amount that was paid to exercise the underlying option.

Shares acquired by exercising an Option may be subject to repurchase rights in favor of the Company under certain circumstances and also may be subject to various restrictions on selling or transferring the Shares to anyone else.

As noted, each Participant should carefully consider the potential tax consequences that will result from any Option exercise. It must be emphasized that the application of the tax laws, particularly the application of the AMT to Incentive Stock Options can be extremely complicated.

Tax Consequences Grant of Vested Shares

If a Participant receives an Award of vested Shares, the Participant must report compensation income for the year in which the Participant receives the Award. The amount of income is the fair market value of the Shares at the time of receipt.

When a Participant who has received an Award of vested Shares sells such Shares, the Participant is treated as if the Participant bought the Shares on the Award date, for an amount equal to the amount of compensation income the Participant reported relating to receipt of the Award. This amount is the Participant's "basis" in the Shares.

If the Participant sells such Shares after holding the Shares for 1 year or less, the Participant will have short-term capital gain or loss on the sale, measured by the Participant's basis in the Shares. If the Participant sells such Shares after holding the Shares for more than 1 year, the Participant will have long-term capital gain or loss, measured by the Participant's basis in the Shares.

Tax Consequences - Grant of Non-Vested Shares

If a Participant receives an Award of non-vested Shares, the Participant has a choice of two different tax regimes - the general rule and the Section 83(b) election rule.

The General Rule. Under the general rule, a Participant does not report any income relating to the grant of non-vested Shares. The Participant will report compensation income for the year in which the Shares vest (i.e. forfeiture and/or transfer restrictions lapse). The amount of income will be the fair market value of the Shares on the date the Shares become vested. Thus, if the value of the Shares increases from the Award date to the date the Shares become vested, the Participant will report such increased value as compensation income when the Shares vest. Further, under the general rule, a sale of such Shares after the Shares become vested will result in capital gain or loss. The Participant's gain or loss will be long-term if the Participant held the Shares for more than 1 year after the vesting date. Otherwise, the gain or loss will be short-term. The Participant's basis will be the amount of compensation income the Participant reported at the time the Shares became vested. Finally, considering the general rule, if the Participant does not become vested and forfeits the grant of Shares, the Participant does not report any compensation income or capital gain or loss, relating to the Participant's Award of Shares.

Section 83(b) Election Rule. By filing a Section 83(b) election, a Participant may change the tax consequences that otherwise apply under the general rule discussed above. A Participant makes a Section 83(b) election by filing a notice with the Internal Revenue Service (“IRS”) within 30 days of the receipt of non-vested Shares pursuant to an Award under the 2013 Plan. Upon a valid Section 83(b) election, a Participant is treated as if the Shares under the Award were vested when received, with the following tax consequences:

- (i) The Participant reports compensation income at the time of receipt of the Shares, equal to the fair market value of the Shares at that time.

PROPOSAL 6: THE ADJOURNMENT PROPOSAL

The Adjournment Proposal would allow our Board of Directors to adjourn the Annual Meeting to a later date or dates, if necessary, to permit further solicitation of proxies in the event there are not sufficient votes at the time of the Annual Meeting to approve the Preferred Conversion Proposal and/or the Note Conversion Proposal. Pursuant to the terms of the Merger Agreement, we are obligated to call a meeting of our stockholders for the purpose of seeking the approval of our stockholders of the Preferred Conversion Proposal and the Note Conversion Proposal. In the event that we do not obtain the approval of our stockholders at this meeting of the Preferred Conversion Proposal and/or the Note Conversion Proposal, we have agreed to promptly take all actions necessary to hold a subsequent meeting of our stockholders for the purpose of obtaining the approval of the Preferred Conversion Proposal and/or the Note Conversion Proposal and to continue to do so until such proposals are approved.

Recommendation of the Board of Directors. After careful consideration of all relevant factors, including the Company's obligations under the Merger Agreement and its desire to try to avoid incurring the potential additional expense of holding a subsequent meeting of our stockholders for the purpose of approving the Preferred Conversion Proposal and the Note Conversion Proposal in the event that the Company has not received sufficient votes to approve each of these proposals as of the date of the Annual Meeting, the Company's Board of Directors determined that the Adjournment Proposal is in the best interests of the Company and its stockholders. The Board of Directors has approved and declared the proposal advisable and recommends that you vote or give instructions to vote "FOR" the Adjournment Proposal.

Board of Directors

SNI Holdco Inc.

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of SNI Holdco Inc. and its subsidiary which comprise the consolidated balance sheets as of December 31, 2016 and 2015, and the related consolidated statements of income, stockholders' equity and cash flows for the years then ended and the related notes to the consolidated financial statements (collectively, financial statements).

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of SNI Holdco Inc. and its subsidiary as of December 31, 2016 and 2015, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

SNI Holdco Inc.

Notes to Consolidated Financial Statements

Note 1. Significant Accounting Policies

Description of business: SNI Holdco Inc. through its wholly owned subsidiary SNI Companies (collectively, the Company), provides contract staffing and permanent personnel placement services in the fields of office administration, accounting, information technology, legal, sales, marketing and human resources. The Company operates 35 personnel placement offices located in Colorado, Connecticut, District of Columbia, Florida, Georgia, Illinois, Louisiana, Maryland, Massachusetts, Minnesota, New Jersey, Pennsylvania, Texas and Virginia.

Principles of consolidation: The consolidated financial statements include the accounts of SNI Holdco Inc. and its wholly owned subsidiary, SNI Companies. Significant intercompany accounts and transactions have been eliminated in consolidation.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Accounts receivable: Concentrations of credit risk with respect to trade receivables are limited due to the number of customers and their geographic dispersion. The Company performs initial and periodic credit evaluations of its customers and does not require collateral. Receivables are carried at original invoice amount less an estimate made for doubtful accounts. Management determines the allowance for doubtful accounts by evaluating individual customer accounts and using historical experience. Receivables are written off when deemed uncollectible. Recoveries of receivables previously written off are recorded when received.

Equipment: Equipment is stated at cost. Depreciation is computed by the straight line method over the estimated useful lives of the assets, primarily 4 to 7 years. As of December 31, 2016 and 2015, accumulated depreciation was \$4,672,109 and \$4,189,084, respectively.

Goodwill: Goodwill represents the excess of purchase price over the fair value of underlying net assets of businesses acquired. Under accounting requirements, goodwill is not amortized but is subject to annual impairment tests. The

Company has performed the required impairment tests, which have resulted in no impairment adjustments.

Intangible assets: Intangible assets are amortized on a straight-line basis over their estimated useful lives or the terms of the related agreements, including 8 years for trademarks, 3 years for customer relationships, 7 years for noncompete agreements, and 3 years for candidate database.

Revenue recognition: Contract staffing revenue is recognized when the services are rendered by the Company's contract employees. Permanent placement revenue is recognized when employment candidates accept offers of permanent employment. The Company has an ability and history of estimating candidates who do not begin employment or remain with clients (fall-offs) through the limited guarantee period (generally 30-60 days). Allowances are established as necessary for known or estimated fall-offs.

Notes to Consolidated Financial Statements

Note 1. Significant Accounting Policies (Continued)

Income taxes: Deferred income taxes are provided on the liability method whereby deferred tax assets are recognized for deductible temporary differences and net operating loss carryforwards, and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

Advertising: The Company expenses advertising costs as incurred.

Subsequent events: Management has evaluated potential subsequent events through March 29, 2017, which is the date the financial statements were available to be issued.

Recent accounting pronouncements: In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers (Topic 606)*, covering revenue recognition. The updated standard will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective. In August 2015, the FASB issued ASU 2015-14 which defers the effective date of ASU 2014-09 by one year, making it effective beginning in fiscal year 2019 for the Company. The Company has not yet determined the effect, if any, that the new accounting standard may have on the financial statements.

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. The guidance in this ASU supersedes the existing U.S. GAAP leasing guidance in Topic 840, *Leases*. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. The new standard will be effective beginning in fiscal year 2020 for the Company. The Company has not yet determined the effect that the new accounting standard may have on the financial statements.

Note 2. Intangible Assets

Intangible assets consist of the following at December 31, 2016 and 2015:

	2016	2015

The revolving loan has availability up to the lesser of \$5 million or a defined borrowing base amount based on eligible accounts receivable. Unused availability as of December 31, 2016, was approximately \$3.75 million. An annual commitment fee of 0.5 percent is required on the unused portion of the revolving loan. Quarterly installments on the term loan are approximately \$933,000 at December 31, 2016, increasing to \$1,166,000 in June 2017. In addition to scheduled amortization, additional loan principal payments are required each year based on the Company's defined annual excess cash flow. Certain mandatory prepayments are also required if a defined asset sale or equity offering are consummated. Specified optional prepayments can be made without prepayment penalties.

The credit agreement contains various restrictive covenants, including certain restrictions on payments of dividends, restrictions on incurring additional indebtedness, restrictions on rental payments under operating leases and requirements to maintain certain financial covenants.

2021	37,000
	\$ 5,431,000

The Company is periodically involved in various legal proceedings in the ordinary course of business. In management's opinion, the ultimate disposition of any such matters pending as of December 31, 2016, is not expected to have a material effect on the financial statements.

Note 5. Income Taxes

Components of the net deferred tax (liabilities) as of December 31, 2016 and 2015, are as follows:

	2016	2015
Deferred income tax assets	\$ 1,480,000	\$ 2,730,000
Deferred income tax liabilities	(4,470,000)	(3,910,000)
	\$ (2,990,000)	\$ (1,180,000)

The Company's temporary differences result primarily from depreciation, amortization of goodwill and intangible assets, prepaid expenses, and certain reserves and accruals.

In November 2015, the FASB issued ASU 2015-17, *Income Taxes (Topic 740): Balance Sheet Classification of Deferred Taxes*. This ASU simplifies the presentation of deferred income taxes by eliminating the requirement for entities to separate deferred tax liabilities and assets into current and noncurrent amounts in the balance sheet. Instead, it requires all deferred tax assets and liabilities be classified as noncurrent. ASU 2015-17 is effective for the Company beginning in fiscal 2018. The Company elected to early adopt the ASU for the year ended December 31, 2016, using a prospective approach. Accordingly, all deferred taxes have been reported as noncurrent for 2016. Adoption of the standard did not have a material impact on the Company's financial statements.

Components of the income tax expense for the years ended December 31, 2016 and 2015, are as follows:

	2016	2015
Current tax expense (benefit)	\$ 947,931	\$ (390,039)
Deferred tax expense	1,810,000	1,910,000
	\$ 2,757,931	\$ 1,519,961

Notes to Consolidated Financial Statements

Note 5. Income Taxes (Continued)

The relationship of the actual tax expense to the reported pretax income differs from the federal statutory tax rate primarily due to state income taxes, permanent differences, and certain tax credits.

Management has evaluated the Company's material tax positions and determined there were no uncertain tax positions that require adjustment to the financial statements. The Company does not currently anticipate significant changes in its uncertain tax positions over the next 12 months.

Note 6. Stockholders' Equity

The Company has authorized 1,000 shares of Series A Preferred Stock, with a par value of \$0.001 per share. There were no shares issued or outstanding as of December 31, 2016 or 2015.

Note 7. Employee Benefit Plan

The Company has a 401(k) plan covering all full-time employees meeting certain service requirements. Expense related to the plan was approximately \$89,000 and \$83,000 for the years ended December 31, 2016 and 2015, respectively.

Note 8. Management Incentive Plan

The Company has established a long-term management incentive plan (MIP) to provide certain key management employees incentive awards to benefit from the growth of the Company. The plan allows up to 100 units to be issued at the sole discretion of the Company's Board of Directors. As of December 31, 2016, a total of 55 units have been granted. Upon a sale of the Company, an incentive pool may be established based on a defined percentage of the net

proceeds from the sale after debt, if net proceeds exceed \$50 million. This incentive pool would be allocated to employees who hold the outstanding units on a pro-rata basis. The defined percentage pool is based on the level of net proceeds, beginning at a 2 percent pool for net proceeds at a \$50 million level and increasing at defined amounts thereafter. Due to the contingent and discretionary nature of the plan, no expense or other effects of the plan have been recognized in the financial statements.

Note 9. Gain Contingency Settlement

In March 2016, the Company entered into a settlement and release agreement in connection with claims the Company made against certain parties related to a prior litigation matter. Under the agreement, the Company received a cash settlement of \$2,250,000. Under GAAP, this matter is considered a “gain contingency” which is reported as a gain, net of related legal expense, in the 2016 income statement.

Note 10. Subsequent Event

As of March 2017, the Company and its shareholders were in active discussion and negotiation for the potential sale of the Company. No definitive agreements or commitments had been entered into by the Company.

Notes to Condensed Consolidated Financial Statements (unaudited)

Note 1. Significant Accounting Policies

Description of business: SNI Holdco Inc. through its wholly owned subsidiary SNI Companies (collectively, the Company), provides contract staffing and permanent personnel placement services in the fields of office administration, accounting, information technology, legal, sales, marketing and human resources. The Company operates 35 personnel placement offices located in Colorado, Connecticut, District of Columbia, Florida, Georgia, Illinois, Louisiana, Maryland, Massachusetts, Minnesota, New Jersey, Pennsylvania, Texas and Virginia.

Principles of consolidation: The condensed unaudited consolidated financial statements include the accounts of SNI Holdco Inc. and its wholly owned subsidiary, SNI Companies. Significant intercompany accounts and transactions have been eliminated in consolidation.

Interim financial statements: The accompanying unaudited interim financial statements, in the opinion of management, reflect all adjustments which are necessary for a fair presentation of the financial position and operating results for the interim periods. These unaudited financial statements and notes should be read in conjunction with the annual audited financial statements of the Company for the year ended December 31, 2016. The results of operations for the interim periods presented are not necessarily indicative of the results for the entire year.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Accounts receivable: Concentrations of credit risk with respect to trade receivables are limited due to the number of customers and their geographic dispersion. The Company performs initial and periodic credit evaluations of its customers and does not require collateral. Receivables are carried at original invoice amount less an estimate made for doubtful accounts. Management determines the allowance for doubtful accounts by evaluating individual customer accounts and using historical experience. Receivables are written off when deemed uncollectible. Recoveries of receivables previously written off are recorded when received.

Equipment: Equipment is stated at cost. Depreciation is computed by the straight line method over the estimated useful lives of the assets, primarily 4 to 7 years. As of March 31, 2017 and December 31, 2016, accumulated depreciation was \$4,783,126 and \$4,672,109, respectively.

Goodwill: Goodwill represents the excess of purchase price over the fair value of underlying net assets of businesses acquired. Under accounting requirements, goodwill is not amortized but is subject to annual impairment tests. The Company has performed the required impairment tests, which have resulted in no impairment adjustments.

Intangible assets: Intangible assets are amortized on a straight-line basis over their estimated useful lives or the terms of the related agreements, including 8 years for trademarks, 3 years for customer relationships, 7 years for noncompete agreements, and 3 years for candidate database.

Revenue recognition: Contract staffing revenue is recognized when the services are rendered by the Company's contract employees. Permanent placement revenue is recognized when employment candidates accept offers of permanent employment. The Company has an ability and history of estimating candidates who do not begin employment or remain with clients (fall-offs) through the limited guarantee period (generally 30-60 days). Allowances are established as necessary for known or estimated fall-offs.

Note 1. Significant Accounting Policies (Continued)

Income taxes: Deferred income taxes are provided on the liability method whereby deferred tax assets are recognized for deductible temporary differences and net operating loss carryforwards, and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

Advertising: The Company expenses advertising costs as incurred.

Recent accounting pronouncements: In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers (Topic 606)*, covering revenue recognition. The updated standard will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective. In August 2015, the FASB issued ASU 2015-14 which defers the effective date of ASU 2014-09 by one year, making it effective beginning in fiscal year 2019 for the Company. The Company has not yet determined the effect, if any, that the new accounting standard may have on the financial statements.

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. The guidance in this ASU supersedes the existing U.S. GAAP leasing guidance in Topic 840, *Leases*. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. The new standard will be effective beginning in fiscal year 2020 for the Company. The Company has not yet determined the effect that the new accounting standard may have on the financial statements.

Note 2. Intangible Assets

The revolving loan has availability up to the lesser of \$5 million or a defined borrowing base amount based on eligible accounts receivable. Unused availability as of March 31, 2017, was approximately \$4.4 million. An annual commitment fee of 0.5 percent is required on the unused portion of the revolving loan. Quarterly installments on the term loan are approximately \$933,000 at March 31, 2017, increasing to \$1,166,000 in June 2017. In addition to scheduled amortization, additional loan principal payments are required each year based on the Company's defined annual excess cash flow. Certain mandatory prepayments are also required if a defined asset sale or equity offering are consummated. Specified optional prepayments can be made without prepayment penalties.

The credit agreement contains various restrictive covenants, including certain restrictions on payments of dividends, restrictions on incurring additional indebtedness, restrictions on rental payments under operating leases and

requirements to maintain certain financial covenants.

Minimum future rental commitments under operating leases as of December 31, 2016, are as follows:

Years ending December 31:	
2017	\$ 2,370,000
2018	1,540,000
2019	1,094,000
2020	390,000
2021	37,000
	\$ 5,431,000

The Company is periodically involved in various legal proceedings in the ordinary course of business. In management's opinion, the ultimate disposition of any such matters pending as of March 31, 2017, is not expected to have a material effect on the financial statements.

Note 5. Subsequent Events

On April 3, 2017, 100% of the equity ownership of the Company was sold pursuant to consummation of a merger agreement for aggregate consideration of approximately \$66.6 million. As a result of the sale, the Company became an indirect wholly-owned subsidiary of GEE Group, Inc. In connection with the sale, a payout of approximately \$2.2 million was made under the Company's management incentive plan and the plan was terminated.

The Merger Consideration shall be payable in the form and subject to the adjustments and provisions set forth in this Section 2. The Merger Consideration shall be allocated as set forth on the Merger Consideration Allocation Schedule attached hereto as **Exhibit B** (the **“Merger Consideration Allocation Schedule”**), and any wire transfers of cash shall be in accordance with the wire transfer instructions on **Exhibit B**. Additionally, the Long Term Debt shall be paid in full on the Closing Date in accordance with the Wire Transfer instructions on **Exhibit B**.

2.1 Closing Cash Payments. The Closing Cash Payments of the Merger Consideration shall be comprised of the collective amounts set forth in the following wire transfers, to be made at Closing, subject to Section 2.2 below:

- (a) the portion of the Closing Cash Payment due to the SNIH Stockholders and set forth on **Exhibit B**;

- (b) a portion of the payments due to the participants in the Management Incentive Plan for the Acquired Companies (the **“MIP”**) as a result of the Merger, as set forth on **Exhibit B**;

- (c) the payment to the Escrow Agent of the amount otherwise payable to MIP participants that is to be held for eighteen (18) months to reimburse if necessary certain SNIH Stockholders to help satisfy any Closing indemnity claims made by Buyer hereunder;

- (d) the payment to the Escrow Agent of the amount otherwise payable to the unaccredited investors who are SNIH Stockholders, which is to be held for 18 months to reimburse, if necessary, certain other SNIH Stockholders as a result of indemnity claims made by Buyer hereunder, as set forth on **Exhibit B**;

- (e) the payment to the Escrow Agent of \$500,000 as the Stockholders’ Representative expense amount and the separate payment of any expenses owed by the Acquired Companies for services rendered related to the Merger to the extent not paid prior to Closing;

(f) In addition to the amount set forth above, \$619,584 of the Merger Consideration shall be paid to SNIH Holdco (as a result of withholding obligations incurred in making certain payments to employees as part of the Closing) and shall be included as an asset of the Acquired Companies in calculating the Closing Net Working Capital.

The SNIH Stockholders agree that the Transaction Expenses of the SNIH Stockholders will be paid from the Merger Consideration so that after the Closing the Acquired Companies and Buyer will have no liability for those including: (i) payments that may become due with respect to the MIP Plan; (ii) any payments due to Vince Lombardo whose employment agreement is being terminated; (iii) any payments due to Ronald Smith, whose employment agreement is being terminated; and (iv) any commission or payment due to Baird.

2.2 Working Capital Reserve Fund. \$1.5 million of the cash of the Merger Consideration is being retained and is subject to payment and adjustment as provided in Section 2.3 below (the “Working Capital Reserve Fund”).

2.3 Net Working Capital Adjustment.

(a) In accordance with **Appendix I**, the Merger Consideration will be adjusted (positively or negatively) based upon the difference in the book value of the Closing Net Working Capital (as defined in **Appendix I**) as compared to the Benchmark Net Working Capital (as defined in **Appendix I**) of \$9.2 million (such difference to be called the “**NWC Adjustment Amount**”). If the NWC Adjustment Amount is positive, the Merger Consideration will be increased by the NWC Adjustment Amount. If the NWC Adjustment Amount is negative, the Merger Consideration will be decreased by the NWC Adjustment Amount. If the Merger Consideration increases, then Buyer will pay Stockholders’ Representative account for payment to SNIH Stockholders the amount of the increase plus the Working Capital Reserve Fund in immediately available funds within three (3) business days of a final determination under Section 2.3 (b) and (c) below. If the Merger Consideration decreases, then SNIH Stockholders will pay the amount of the decrease to Buyer within three (3) business days of a final determination under this Section 2.3 (b) and (c) below, which first shall be funded from the Working Capital Reserve Fund (which shall be credited to SNIH Stockholders). If the amount of the Merger Consideration decrease exceeds the Working Capital Reserve Fund, then SNIH Stockholders, will pay the difference to Buyer, severally, not jointly, in accordance with their SNIH Ownership Proportion, in immediately available funds within twenty (20) days of a final determination under **Appendix I**, in accordance with their SNIH Ownership Proportion and wire instructions on **Exhibit B**. If the Working Capital Reserve Fund exceeds the payment due from SNIH Stockholders then the remaining balance of those funds after the payment to Buyer shall be paid to the Stockholders’ Representative’s account for payment to SNIH Stockholders in immediately available funds. For example, if (A) the Closing Working Capital exceeds the Benchmark Working Capital by Three Thousand Dollars (\$3,000) then the Merger Consideration will increase by Three Thousand Dollars (\$3,000); or (B) if the Closing Working Capital is less than the Benchmark Working Capital by Three Thousand Dollars (\$3,000) then the Merger Consideration decreases by Three Thousand Dollars (\$3,000).

(b) As soon as reasonably practicable following the Closing Date, and in any event within sixty (60) calendar days thereof, Buyer shall prepare and deliver to the Stockholders' Representative Buyer's calculation of Closing Net Working Capital ("**Buyer's NWC**"). Buyer's NWC shall be prepared applying the principles, policies, methods and practices set forth in Appendix I. Following the delivery of the Buyer's NWC, Buyer shall provide the Stockholders' Representative and his representatives reasonable access, upon advance prior written notice during normal business hours, and in a manner so as not to interfere with the normal business operations of Buyer, to the books and records of Buyer to the extent reasonably necessary for their review of Buyer's NWC.

(c) If the Stockholders' Representative shall disagree with the calculation of Buyer's NWC, he shall notify Buyer of such disagreement in writing, setting forth in reasonable detail the particulars of such disagreement, within thirty (30) days after his receipt of Buyer's NWC. In the event that the Stockholders' Representative does not provide such a notice of disagreement within such thirty (30) day period, Buyer's NWC shall be final, binding and conclusive for all purposes hereunder, and shall be the Final NWC. In the event any such notice of disagreement is timely provided by the Stockholders' Representative, Buyer and the Stockholders' Representative shall use commercially reasonable efforts for a period of fifteen (15) days (or such longer period as they may mutually agree) to resolve any disagreements. If, at the end of such period, the Parties come to an agreement, the amount agreed to shall be the Final NWC. If the Parties are unable to resolve such disagreements, then Grant Thornton or such other independent accounting firm of recognized regional standing as may be mutually selected by Buyer and the Stockholders' Representative (the "**Auditor**") shall resolve any remaining disagreements. Buyer and the Stockholders' Representative shall use their respective commercially reasonable efforts to cause the Auditor to determine as promptly as practicable, but in any event within thirty (30) days of the date on which such dispute is referred to the Auditor, with respect to the remaining disagreements submitted to the Auditor, to what extent (if any) Buyer's NWC requires adjustment, and the Auditor shall make no other determination. In furtherance of the foregoing, each of Buyer and Stockholders' Representative shall furnish to the Auditor its calculation of net working capital. Each of the Parties shall bear its own respective fees and expenses in connection with the audit, and Buyer, on the one hand, and the Stockholders' Representative, on the other, shall bear that percentage of the fees and expenses of the Auditor equal to the portion of the dollar value of the disputed issues determined in favor of the other Party. For example, if Buyer claims that net working capital is \$10,000 greater than the amount determined by the Stockholders' Representative, and if the Auditor ultimately resolves the dispute by awarding the stockholders \$7,000 of the \$10,000 difference, then the costs and expenses of the Auditor shall be allocated 70% (*i.e.*, $\$7,000 \div \$10,000$) to Buyer and 30% (*i.e.*, $\$3,000 \div \$10,000$) to the Stockholders' Representative. The determination of the Auditor shall be final, conclusive, and binding on the Parties, and its determination shall be the Final Closing Net Working Capital.

2.4 Issuance of Convertible Subordinated Promissory Notes. The convertible subordinated promissory notes in the aggregate original principal amount of \$12.5 million, shall be issued at Closing in substantially the same form as **Exhibit C** (the “**Promissory Notes**”), executed by Buyer and shall be payable to certain SNIH Stockholders as listed and in amounts set forth on **Exhibit B**. The Promissory Notes specifically identified on **Exhibit B** shall be delivered to, and held in escrow by, the Escrow Agent in accordance with the provisions of an escrow agreement, to be executed at Closing by Buyer and by Stockholders’ Representative (on behalf of the SNIH Stockholders), in a form to be mutually agreed upon by Escrow Agent, Buyer and Stockholders’ Representative (the “**Escrow Agreement**”).

2.5 Payment of Shares of GEE Preferred Stock. \$28.8 million of the Merger Consideration will be paid in shares of Series B Convertible Preferred Stock of GEE (the “**GEE Preferred Shares**”), with the number of shares to be issued calculated by dividing \$28.8 million by the volume weighted moving average price of GEE Common Stock as reported on the NYSE NXT market (“VWAP”) for the twenty (20) trading days preceding signing of this Agreement. The GEE Preferred Shares shall be non-voting and shall be convertible into shares of GEE Common Stock at the option of the holder. The ability to convert the shares into Common Stock will be limited; provided, however, that the GEE Preferred Shares shall not be convertible into shares of Common Stock to the extent that such conversion would exceed the Conversion Limit. The Conversion Limit will apply until after receipt by GEE of the approval of its stockholders (in compliance with Section 712 of the NYSE MKT Company Guide and Regulation 14A under the Exchange Act) of the issuance of the shares of GEE Common Stock in excess of the Conversion Limit that are issuable upon conversion of the GEE Preferred Shares. The GEE Preferred Shares shall be converted to Common Stock at a 1:1 conversion ratio (the “**Preferred Conversion**”). The GEE Preferred Shares shall be issued at Closing to certain of the SNI Holdco stockholders as listed and in the amounts set forth on **Exhibit B**. No fractional shares of GEE Preferred Stock shall be issuable in the Merger. In lieu of any such fractional shares, SNIH Stockholder shall be entitled to receive the next whole share of GEE Preferred Stock rounding up if such fraction is 0.5 or greater or down if such fraction is less than 0.5. GEE will use commercially reasonable efforts to cause the certificates of the issued GEE Preferred Shares to be delivered to the SNIH Stockholders within five (5) business days after Closing.

2.6 Surrender and Payment.

(a) From and after the Effective Time, each record holder of common stock of SNI Holdco shall be entitled to receive at Closing (or as soon thereafter as they have delivered a fully completed and executed Letter of Transmittal in the form attached hereto as **Exhibit D** (a “**Letter of Transmittal**”), the consideration for that stockholder as set forth on **Exhibit B**.

(b) Notwithstanding any other provision of this Agreement, following the Closing Date no holder or transferee of SNI Holdco common stock who has not submitted a duly executed Letter of Transmittal shall receive any dividends, interest, or Merger Consideration for any such shares held by such stockholder.

(c) If, after the Effective Time, subject to the terms and conditions of this Agreement, SNI Holdco common stock certificates are presented to Buyer (together with a validly executed Letter of Transmittal, they shall be canceled and exchanged for the respective aggregate Merger Consideration into which the shares evidenced by such Certificates were converted, in accordance with this Section 2.6, provided that the Certificates are surrendered as provided in the Letter of Transmittal and are accompanied by all documents required to evidence and effect such transfer (including an executed Letter of Transmittal).

2.7 Dissenting Shares. SNI Holdco common stock outstanding immediately prior to the Effective Time and held by a holder who has not voted in favor of the Merger or consented thereto in writing and who has demanded appraisal for such stock in accordance with applicable law (the “**Dissenting Shares**”) shall not be converted into the right to receive the Merger Consideration, unless such holder fails to perfect, withdraws, or otherwise loses the right to appraisal, in which case such shares of stock shall be treated as if they had been converted as of the Effective Time into the right to receive the Merger Consideration. Each holder of Dissenting Shares who becomes entitled to payment for such Dissenting Shares under the provisions of applicable law, will receive payment thereof from the Buyer in the amount of the Merger Consideration the holder of the Dissenting Shares would have received. Any amount due to a holder of Dissenting Shares that is in excess of the allocable share of the Merger Consideration for that Stockholder shall be paid by Buyer and Buyer shall be entitled to indemnification from the SNIH Stockholders for that.

This Agreement and all such other agreements and written obligations entered into and undertaken in connection with the transactions contemplated hereby constitute the valid and legally binding obligations of the Buyer, enforceable against the Buyer in accordance with their respective terms. The execution, delivery and performance of this Agreement and the agreements provided for herein, and the consummation by the Buyer of the transactions contemplated hereby and thereby, will not, with or without the giving of notice or the passage of time or both, (a) violate the provisions of any Law, rule or regulation applicable to the Buyer; (b) violate the provisions of the Buyer's Charter or bylaws; (c) violate any judgment, decree, order or award of any court, Governmental Body or arbitrator; or (d) conflict with or result in the breach or termination of any term or provision of, constitute a default under, cause any acceleration under, or cause the creation of any Lien upon the properties or assets of the Buyer pursuant to any indenture, mortgage, deed of trust or other agreement or instrument to which the Buyer is a party or by which the Buyer is or may be bound. Disclosure Schedule 4.3 attached hereto sets forth a true, correct and complete list of all consents and approvals of third parties that are required to be obtained by the Buyer in order for it to consummate the transactions contemplated by this Agreement.

4.4 Authorization by Merger Subsidiary. The execution and delivery of this Agreement by the Buyer, and the agreements provided for herein, and the consummation by the Buyer of the transactions contemplated hereby, have been duly authorized by all requisite corporate action. This Agreement and all such other agreements and written obligations entered into and undertaken in connection with the transactions contemplated hereby constitute the valid and legally binding obligations of the Buyer, enforceable against the Buyer in accordance with their respective terms. The execution, delivery and performance of this Agreement and the agreements provided for herein, and the consummation by the Buyer of the transactions contemplated hereby and thereby, will not, with or without the giving of notice or the passage of time or both, (a) violate the provisions of any Law, rule or regulation applicable to the Buyer; (b) violate the provisions of the Buyer's Charter or bylaws; (c) violate any judgment, decree, order or award of any court, Governmental Body or arbitrator; or (d) conflict with or result in the breach or termination of any term or provision of, constitute a default under, cause any acceleration under, or cause the creation of any Lien upon the properties or assets of the Buyer pursuant to any indenture, mortgage, deed of trust or other agreement or instrument to which the Buyer is a party or by which the Buyer is or may be bound. Disclosure Schedule 4.4 attached hereto sets forth a true, correct and complete list of all consents and approvals of third parties that are required to be obtained by the Buyer in order for it to consummate the transactions contemplated by this Agreement.

4.5 Government and Regulatory Approvals. As of Closing, all consents, approvals, authorizations and other requirements prescribed by any law, rule, order or regulation which must be obtained or satisfied by the Buyer or by the Merger Subsidiary (collectively the Buyer and Merger Subsidiary are called the “**GEE Parties**”, and each is sometimes called a “**GEE Party**”) and which are necessary for the consummation of the transactions contemplated by this Agreement will have been obtained and satisfied.

4.6 Adverse Proceedings. No action or proceeding by or before any court or other Governmental Body has been instituted or threatened against either GEE Party by any Governmental Body or Person whatsoever seeking to restrain, prohibit or invalidate the transactions contemplated by this Agreement or affecting the right of the Buyer to own or acquire an ownership interest (by the Merger) in the Acquired Companies through ownership of the Surviving Company, or to acquire from the SNIH Stockholders the Certificates for the SNI Holdco Shares, or to (after the Merger) own the Surviving Company or operate the Surviving Company’s and SNI Subsidiary’s Business after the Closing and Merger.

4.7 No Brokers. No liability will accrue to the SNIH Stockholders as a result of any claims for brokerage commissions, finder’s fees or similar compensation in connection with the transactions contemplated by this Agreement based upon any arrangement or agreement made or alleged to have been made by or on behalf of Buyer. The only “Buyer’s Broker” (as defined below) is Stifel, Nicolaus & Company, Incorporated, (“Stifel”) which was engaged by Buyer and which will be paid after the close of the transaction by Buyer. The term “**Buyer’s Broker**” means any Person acting or claiming to act as a broker or finder on behalf of the Buyer with respect to any of the transactions contemplated by this Agreement or which might be entitled to brokerage fees, commissions or finder’s fees in connection with any of the transactions contemplated by this Agreement.

5. Omitted.

9. Omitted.

10. Remedies for Breaches of This Agreement.

10.1 Survival of Representations and Warranties. The “**Fundamental Representations and Warranties**” of the Acquired Companies are the following representations and warranties in Sections 3: **3.1 Title, 3.2 Capitalization of the Acquired Companies, 3.4 Organization, 3.6 Enforceability, 3.16 Tax Matters, 3.33 Compliance with Environmental Law, and 3.43 No Brokers.** All representations and warranties in Section 3 of the Acquired Companies that are not Fundamental Representations and Warranties are the “**Non-Fundamental Representations and Warranties**”. All representations and warranties of the Acquired Companies survive the Closing. The Non-Fundamental Representations and Warranties shall survive the Closing hereunder (even if Buyer knew or had reason to know of any misrepresentation or breach of warranty at the time of Closing) and continue in full force and effect until the date that is eighteen (18) months after the Closing. All of the representations and warranties of the Parties contained in this Agreement (other than the Non-Fundamental Representations and Warranties, and the Several Representations and Warranties addressed in 10B) shall survive the Closing (even if the damaged Party knew or had reason to know of any misrepresentation or breach of warranty at the time of Closing) and continue in full force and effect until the expiration of the applicable statutes of limitations (including any extension thereto). The waiver of any condition relating to any representation, warranty, covenant or obligation will not affect the right to indemnification, payment, reimbursement or other remedy based upon such representation, warranty, covenant or obligation. Notwithstanding the above, the survival period for misrepresentations or breaches of representations and warranties arising out of fraud or willful misconduct by any Party is extended to be the expiration date of the applicable statutes of limitation (including any extension thereto). The covenants and agreements of the Parties shall survive the Closing in accordance with their terms.

10.2 Indemnification Provisions for Buyer Indemnified Parties’ Benefit. The term “**Buyer Indemnified Parties**” means Buyer, Surviving Company and the Acquired Companies. The term “**indemnify**” (whether capitalized or not) means to indemnify, hold harmless and pay to the indemnified party, and “**indemnification**” is the noun form. In the event one or more of the Acquired Companies breach any of its or their representations, warranties, covenants or agreements contained herein (this Agreement), and provided that Buyer makes a timely written claim for indemnification pursuant to the notice provisions in Section 13 below within the applicable survival period (in Section 10.1 above), then the SNIH Stockholders shall be obligated to indemnify, severally and not jointly, on a proportional basis in this Section 10 as set forth below, the Buyer Indemnified Parties for the Adverse Consequences, subject to the limitations and in the manner set forth herein, that any of the Buyer Indemnified Parties may suffer sustain or become subject to (including any Adverse Consequences that the Buyer Indemnified Parties sustain or become subject to after the end of any applicable survival period for which timely notice was given) resulting from, arising out of, relating to, or caused by the breach. If the SNIH Stockholders fail to indemnify Buyer Indemnified Parties in the manner provided herein after Buyer delivers written notice as provided above, then the Buyer Indemnified Parties shall have the right to bring an action for indemnification for such claim including after the end of the applicable survival period. Indemnification payments that are due to Adverse Consequences suffered by any of the Buyer Indemnified Parties shall be paid to Buyer. Notwithstanding the foregoing in this Section 10.2:

(a) the SNIH Stockholders shall not have any obligation to indemnify any Buyer Indemnified Parties for a breach of the Non-Fundamental Representations and Warranties until Buyer Indemnified Parties have suffered, sustained or become subject to Adverse Consequences by reason of all such breaches (of those Non-Fundamental Representations and Warranties), in the aggregate, in excess of Six Hundred Forty Five Thousand Dollars (\$645,000) (“**Indemnification Basket**”) after which point the SNIH Stockholders will be obligated to indemnify Buyer Indemnified Parties only for such aggregate Adverse Consequences to the extent in excess of the first Two Hundred Thousand Dollars \$200,000 (e.g., if there are a total of \$700,000 in Adverse Consequences, the indemnification is for \$500,000) (the “**Indemnification Deductible**”) severally and not jointly in accordance with each SNIH Stockholders’ SNIH Ownership Proportion;

(b) there will be an aggregate ceiling (“**Non-Fundamental Representations and Warranties Indemnification Ceiling**”) on SNIH Stockholders’ obligation to indemnify Buyer Indemnified Parties and pay Buyer Indemnified Parties for Adverse Consequences suffered by reason of breaches of any of the Non-Fundamental Representations and Warranties; such indemnification ceiling being an amount equal to \$8.6 million. The sole recourse for such indemnification will be against the Promissory Notes issued to the SNIH Stockholders to the extent available pursuant to the Set-Off rights described in Section 10.7;

(c) as clarification, the Indemnification Basket, Indemnification Deductible and Non-Fundamental Representations and Warranties Indemnification Ceiling only apply to breaches by the Acquired Companies of Non-Fundamental Representations and Warranties and not to other breaches;

(d) with respect to each SNIH Stockholder there will be a separate aggregate ceiling on such SNIH Stockholder’s obligation to indemnify Buyer Indemnified Parties pursuant to Sections 10, 10A, 10B and Section 11 (“**Overall Proportion Indemnification Ceiling**”); and such indemnification ceiling (i) being an amount equal to each of Thrivent’s and Madison’s “Pro Rata Share” (as set forth on Exhibit B) of Merger Consideration actually received by each of Thrivent and Madison, as applicable; and (ii) for each other SNIH Stockholder an amount equal to such SNIH Stockholder’s SNIH Ownership Proportion of the Merger Consideration; and

(e) As clarification, no SNIH Stockholder will have any obligation to indemnify any Person for any matter under this Agreement with respect to Adverse Consequences that exceed that SNIH Stockholder's Overall Proportion Indemnification Ceiling (with the exception for the Smith and Smith Holdings Joint Liability).

(f) Notwithstanding anything to the contrary set forth in this section 10, there shall be no "ceiling" on the obligation of Mr. Smith or Smith Holdings to indemnify for any Adverse Consequences up to \$86 million resulting from any fraud or willful misconduct by any of the Acquired Companies or Mr. Smith.

10.3 Indemnification Provisions for SNIH Stockholders' Benefit. In the event Buyer breaches any of its representations, warranties, covenants or agreements contained herein, and provided that the Stockholders' Representative makes a written claim for indemnification against Buyer pursuant to the notice provisions set forth in Section 13 below within the applicable survival period (as referenced in Section 10.1 above) then Buyer agrees to indemnify SNIH Stockholders in accordance with their SNIH Stockholder's SNIH Ownership Proportion from and against the entirety of any Adverse Consequences suffered by SNIH Stockholders resulting from, arising out of, relating to, or caused by the breach. If Buyer fails to indemnify SNIH Stockholders after the Stockholders' Representative delivers written notice as provided above, then SNIH Stockholders shall have the right to bring an action for indemnification for such claim including after the end of the applicable survival period.

10.4 Indemnification Deductible Effect on 'Materiality' Qualifiers. For purposes of this Section 10, any breach of or inaccuracy in any representation or warranty, shall be determined without regard to any materiality, Material Adverse Effect or other similar qualification contained in or otherwise applicable to such representation or warranty.

10.5 Matters Involving Third-Parties.

(a) If any third-party notifies either Party (the "**Indemnified Party**") with respect to any matter (a "**Third-Party Claim**") that may give rise to a claim for indemnification against the other Party (the "**Indemnifying Party**") under this Section 10 or under Section 10A Special Indemnities, then the Indemnified Party shall promptly notify the Indemnifying Party thereof in writing; provided, however, that no delay on the part of the Indemnified Party in notifying the Indemnifying Party shall relieve the Indemnifying Party from any obligation hereunder unless (and then solely to the extent) the Indemnifying Party is thereby prejudiced.

(b) Any Indemnifying Party will have the right to assume the defense of the Third-Party Claim with counsel of his, her, or its choice reasonably satisfactory to the Indemnified Party at any time within fifteen (15) days after the Indemnified Party has given notice of the Third-Party Claim; provided, however, that the Indemnifying Party must conduct the defense of the Third-Party Claim actively and diligently thereafter in order to preserve the rights and

defenses of the Indemnified Party; and provided further that the Indemnified Party may retain separate co-counsel at its sole cost and expense and participate in the defense of the Third-Party Claim.

(c) So long as the Indemnifying Party has assumed, and is conducting the defense of the Third-Party Claim in accordance with Section 10.6(b) above, (i) the Indemnifying Party will not consent to the entry of any judgment on or enter into any settlement with respect to the Third-Party Claim without the prior written consent of the Indemnified Party (not to be unreasonably withheld) unless the judgment or proposed settlement involves only the payment of money damages by the Indemnifying Party and does not impose an injunction or other equitable relief upon the Indemnified Party, and (ii) the Indemnified Party will not consent to the entry of any judgment on or enter into any settlement with respect to the Third-Party Claim without the prior written consent of the Indemnifying Party (not to be unreasonably withheld).

(d) In the event that the Indemnifying Party does not assume and conduct the defense of the Third-Party Claim in accordance with Section 11.6(b) above, however, (i) the Indemnified Party may defend against, and consent to the entry of any judgment on or enter into any settlement with respect to, the Third-Party Claim in any manner he, her, or it may reasonably deem appropriate (and the Indemnified Party need not consult with, or obtain any consent from, any Indemnifying Party in connection therewith), and (ii) the Indemnifying Party will remain responsible for any Adverse Consequences the Indemnified Party may suffer resulting from, arising out of, relating to, in the nature of, or caused by the Third-Party Claim to the fullest extent provided in this Section 10.

10.6 Determination of Adverse Consequences. Indemnification payments under this Section 10, and Section 10A, Section 10B and Section 11, shall be paid by the Indemnifying Party without reduction for any Tax benefits available to the Indemnified Party. The Parties shall make appropriate adjustments for insurance coverage and take into account the time cost of money (using the Applicable Rate as the discount rate) in determining Adverse Consequences for purposes of this Section 10 and Section 10A. All indemnification payments under this Section 10, Section 10A Section 10B and Section 11 (below) shall be deemed adjustments to the Merger Consideration.

10.7 Recoupment Against Escrow Agreement and Set-Off Against Promissory Note. With the exception of indemnifications relating to Net Working Capital, the Special Indemnities in Section 10A and the Several Indemnification in Section 10B, any indemnification to which any Buyer Indemnified Party is entitled under this Agreement as a result of a final judicial decision of or agreement as to any Adverse Consequences shall first be made by notifying the Stockholders' Representative that Buyer is reducing the principal amount outstanding under the Promissory Notes held in escrow (i.e., \$8.6 million in Promissory Notes are being deposited into escrow). The reduction shall be applied proportionately in accordance with the respective original principal amounts of the Promissory Notes held in escrow. For example if the original principal of one Promissory Note held in escrow is 200% of the amount of another, then the amount of the reduction for the Promissory Note with the higher original principal balance shall be 200% of the other. The reduction of principal amount under any Promissory Note shall affect the timing and amount of payments required under such Promissory Note in the same manner as if Buyer had made a permitted prepayment (without premium or penalty) thereunder. This obligation to proceed against the Promissory Notes is only a requirement for claims of indemnification made during the first eighteen (18) months after the Closing and is subject to the applicable Promissory Notes being available to recover against, there being a remaining principal amount and the Promissory Notes being issued to the applicable SNIH Stockholder who is to indemnify. The Promissory Notes and proceeds thereof (including any GEE Common Stock) shall be held in escrow by the Escrow Agent for eighteen (18) months and then released if there are no outstanding claims for

indemnification, but not if there are outstanding claims for indemnification. If there are outstanding claims for indemnification, then the Stockholder Representative and Buyer shall cooperate to determine the amount, if any, of Promissory Notes and proceeds that are to be released and send the Escrow Agent a joint written notice of their determination.

As a matter of clarification, it is understood that the recoupment against the Promissory Notes is based on the principal amounts of the Promissory Notes held in escrow as set forth above in this 10.7, which will result in a SNIH Stockholder being responsible for indemnifying for Adverse Consequences based on a higher or lower proportion than his SNIH Ownership Proportion. For example, if there is a breach of a Non-Fundamental Representation and Warranty, then the recourse under the indemnification provisions of this Section 10.7 requires and permits Buyer to first proceed against the Promissory Notes on the proportionate basis set forth above in this Section 10.7, even if (i) one SNIH Stockholder has no or a relatively small amount of principal of the Promissory Notes and a relatively higher SNIH Ownership Proportion; and (ii) a recovery against one or more Promissory Note holders differs from their SNIH Ownership Proportion. In addition, the Parties agree that Buyer will not pursue any setoff against the Promissory Notes held in escrow hereunder with respect to any claims under Section 10B or any other claims based on individually made or individually agreed to representations, warranties, covenants or agreements, unless such claims are individual claims against the specific noteholder from which Buyer is seeking a setoff and Buyer may instead pursue those claims as permitted elsewhere in this Agreement.

If the aggregate amount of Adverse Consequences asserted by Buyer and permitted under other provisions of this Section 10 exceeds the outstanding balance of all the Promissory Notes held in escrow, Buyer may seek recourse against any SNI Holdco Stockholder for such amounts as are permitted under Section 10.2 but not more.

10.8 Exclusive Remedy. Buyer and the Acquired Companies and Principal Stockholders acknowledge and agree that the indemnification provisions in this Section 10, and Section 10A, Section 10B and Section 11, shall be the exclusive remedy of Buyer and Section 10B SNIH Stockholders against each other with respect to breaches of the representations, warranties, covenants and agreements contained in this Agreement and the transactions contemplated by this Agreement, with the exception of claims for fraud, willful misconduct and the right to equitable relief such as specific performance or injunctive relief.

10.9 Smith and Smith Holdings One Person. Notwithstanding anything in this Agreement to the contrary, Ronald R. Smith and Smith Holdings, LLC are related parties, and for all purposes of this Agreement, including without limitation Section 10.2(b), 10.7 10.8 10A and 10B, are treated as one SNIH Stockholder, meaning that each is responsible for the breach by the other of any representations, warranties, and covenants, and each is jointly and severally responsible for the indemnification obligations of the other as if they are one and the same person (and any calculations of proportionate responsibility, if applicable, shall be calculated as the sum or combination (of their respective portions of responsibility) that would apply as to Ronald R. Smith and Smith Holdings, LLC) (the “Smith and Smith Holdings Joint Liability”).

10A. Special Indemnities. The SNIH Stockholders, based on their respective SNIH Stockholder’s SNIH Ownership Proportion, shall indemnify Buyer Indemnified Parties severally, not jointly, from and against the entirety of any Adverse Consequences resulting from, arising out of or relating to any of the following (to the extent not deducted as a Current Liability for purposes of determining Net Working Capital in **Appendix I**):

(a) the litigation matters identified on **Exhibit G** to this Agreement, provided however that the provisions of Section 10.4 titled “Matters Involving Third-Parties” shall apply with the litigation matters being treated as “Third Party Claims,” the SNIH Stockholders as the “Indemnifying Party” and the Buyer as the Indemnified Party. If after final resolution of all those litigation matters, the amount deducted as a Current Liability exceeds the amounts of the Adverse Consequences suffered by the Acquired Companies and Buyer, then the remaining balance shall be paid within fifteen (15) days after receipt of notice for refund from Stockholders’ Representative to the Stockholders’ Representative account at the Escrow Agent to be, promptly disbursed by the Escrow Agreement in accordance with each SNIH Stockholder’s SNIH Ownership Proportion, which shall be treated as an additional adjustment to Net Working Capital.

(b) liabilities of the Self-Funded Group Health Plan after giving effect to the insurance coverage provided by Wellmark, Inc. (the “**Health Plan Insurer**”) including any liability (including any applicable penalties, costs or expenses, including litigation costs and reasonable attorneys' fees if applicable) arising from or as a result of the failure of the Self-Funded Group Health Plan to comply or to be maintained, or to have been maintained, in compliance with all applicable Laws as of the date hereof or at any time prior thereto.

(c) any claims or liabilities asserted against the Buyer Indemnified Parties by an Acquired Company’s Broker.

(d) any claims or liabilities regarding the MIP Plan including without limitation applicable penalties, cash or expenses including without limitation litigation costs and reasonable attorneys' fees, if applicable.

The indemnification set forth in this Section 10A is subject to the Overall Proportion Indemnification Ceiling.

10B. Individual Indemnification By SNIH Stockholders. Notwithstanding anything in Section 10 to the contrary, this Section 10B is the exclusive remedy for breaches of the Several Representations and Warranties (as defined below). The **“Several Representations and Warranties”** of the SNIH Stockholders are the representations and warranties in Section 2A of this Agreement titled “Representations and Warranties of the SNIH Stockholders” and Section 4A of this Agreement titled “Representations and Warranties Concerning GEE Restricted Securities”. The Several Representations and Warranties shall survive the Closing hereunder (even if Buyer knew or had reason to know of any misrepresentation or breach of warranty at the time of Closing) and continue in full force and effect until the expiration of the applicable statutes of limitations (including any extension thereto). In the event any SNIH Stockholder breaches any of the Several Representations and Warranties and provided that Buyer makes a timely written claim for indemnification pursuant to the notice provisions in Section 14 below within the applicable survival period, then the SNIH Stockholder that breached shall be obligated to indemnify the Buyer Indemnified Parties, severally, not jointly, for the entirety of any Adverse Consequences, subject to the limitations and in the manner set forth herein, that any of the Buyer Indemnified Parties may suffer sustain or become subject to (including any Adverse Consequences for which timely notice was given and that the Buyer Indemnified Parties sustain or become subject to after the end of any applicable survival period) resulting from, arising out of, relating to, or caused by the breach. If the SNIH Stockholder fails to indemnify Buyer Indemnified Parties in the manner provided herein after Buyer delivers timely written notice as provided above, then the Buyer Indemnified Parties shall have the right to bring an action for indemnification for such claim including after the end of the applicable survival period. Indemnification payments that are due to Adverse Consequences suffered by any of the Buyer Indemnified Parties shall be paid to Buyer. Buyer shall be entitled to seek ‘set off’ or ‘recoupment’ for indemnification under this Section 10B in the same manner contemplated under Section 10.7 with respect to a respective SNIH Stockholder’s Promissory Note or Escrowed (stock shares or other) property, as may be owned by that stockholder.

The indemnification set forth in this Section 10B (i) is an independent indemnification section that applies to breaches of Section 2A only; (ii) with the exception of the Smith and Smith Holdings Joint Liability makes each SNIH Stockholder liable only for its own breach severally, not jointly; and (iii) is not subject to the Indemnification basket or the Indemnification Deductible or any ceiling other than the Overall Proportion Indemnification Ceiling. The indemnification under this Section 10B is sometimes referred to as the **“Several Indemnification”**.

11. Tax Matters. The following provisions shall govern the allocation of responsibility as between Buyer and SNIH Stockholders for certain Tax matters following the Closing Date:

11.1 Tax Indemnification. SNIH Stockholders shall indemnify, severally and not jointly, in accordance with each such SNIH Stockholder's SNIH Ownership Proportion, the Buyer Indemnified Parties for: (i) all Income and other Taxes (or the non-payment thereof) of the Acquired Companies for all taxable periods ending on or before the Closing Date and the portion through the end of the Closing Date for any taxable period that includes (but does not end on) the Closing Date ("Pre-Closing Tax Period"); (ii) any and all Income and other Taxes of any member of an affiliated, consolidated, combined, or unitary group of which any of the Acquired Companies (or any predecessor) is or was a member on or prior to the Closing Date, including pursuant to Treasury Regulation §1.1502-6 or any analogous or similar state, local, or non-U.S. law or regulation; and (iii) any and all Income and other Taxes of any person (other than the Acquired Companies) imposed on the Acquired Companies (or Surviving Company as a successor to SNI Holdco) as a transferee or successor, by contract or pursuant to any applicable Law which Taxes relate to an event or transaction occurring before the Closing.

(a) If Taxes were reflected as current liabilities in computing Closing Net Working Capital, then for purposes of the indemnification under above clauses (i), (ii) and (iii), the amount of the SNIH Stockholders' indemnification obligation thereunder shall be reduced by the amount of Taxes so reflected (*i.e.*, to avoid duplication). For example purposes only, if there were a current liability for Taxes taken into account in computing Closing Net Working Capital in the amount of Ten Thousand Dollars (\$10,000), then SNIH Stockholders' indemnification obligation shall be reduced by Ten Thousand Dollars (\$10,000).

(b) The foregoing indemnification obligation includes without limitation SNIH Stockholders, indemnifying Buyer Indemnified Parties, severally and not jointly, in accordance with such SNIH Stockholder's SNIH Ownership Proportion, against and to the extent of any liability of the Acquired Companies arising (i) because of any of the Acquired Companies' misclassification of employees as Form 1099 'independent contractors,' (ii) failing to withhold or pay any Taxes relating to employees by the Acquired Companies, or (iii) relating to any persons engaged (directly or indirectly) by the Acquired Companies as Form 1099 'independent contractors' but for which W-2 filings and Tax treatment by the Acquired Companies for classification as an 'employee' and applicable Tax payments and withholdings by the Acquired Companies as employer was, or is subsequently determined to be, required by Law. SNIH Stockholders shall reimburse Buyer, severally and not jointly, in accordance with such SNIH Stockholder's SNIH Ownership Proportion, for any Taxes of the Acquired Companies that are the responsibility of SNIH Stockholders pursuant to this Section 11.1 within fifteen (15) Business Days after notification to Stockholder's Representation payment of such Taxes by Buyer or the Acquired Companies.

Notwithstanding anything to the Contrary herein, no SNIH Stockholder will have any obligation hereunder this Section 11.1 in excess of such SNIH Stockholder's Overall Proportion Indemnification Ceiling.

11.2 Straddle Period. In the case of any taxable period that includes (but does not end on) the Closing Date (a "**Straddle Period**"), the amount of any Income Taxes for the Pre-Closing Tax Period shall be determined based on an interim closing of the books as of the close of business on the Closing Date (and for such purpose, the taxable period of any partnership or other pass-through entity in which the Acquired Companies holds a beneficial interest shall be deemed to terminate at such time).

11.3 Responsibility for Filing Tax Returns. Buyer shall prepare or cause to be prepared and file or cause to be filed all Tax Returns for the Acquired Companies for all periods ending on or prior to the Closing Date that are filed after the Closing Date that were not previously filed before the Closing Date. All such Tax Returns shall be prepared in a manner consistent with prior practice, unless such prior practice is not in accordance with applicable Law. Buyer and SNIH Stockholders agree that all Transaction Tax Deductions shall be treated as properly allocable to the Pre-Closing Tax Period to the extent permitted by applicable Law. Subject to the foregoing, Buyer shall include all Transaction Tax Deductions as deductions in the Income Tax Returns of the Acquired Companies for the taxable period that ends on the Closing Date to the extent deductible under applicable Law. Buyer shall not take any action, or to the extent within its control permit any action to be taken, other than the transactions expressly contemplated hereby, that may prevent the taxable year of the Acquired Companies from ending for federal and state Income Tax purposes at the end of the day on which the Closing occurs. To the extent the Transaction Tax Deductions are not fully utilized in the taxable year that ends on the Closing Date, SNIH Stockholders, Buyer, and the Acquired Companies consent and agree that SNI Holdco shall elect to carry back any loss to prior taxable years to the fullest extent permitted by Law (using any available short-form or accelerated procedures and filing amended Tax Returns to the extent necessary), and Buyer shall prepare and timely file, or cause to be prepared and timely filed, any claim for refund resulting from such carryback as part of the preparation and filing of the Tax Returns described in this Section 11.3. Buyer may rely on any instructions from Stockholders' Representative. Buyer shall permit SNIH Stockholders to review and comment on each such Tax Return described in the preceding sentence prior to filing and shall make all changes as are reasonably, timely requested by Stockholders' Representative.

11.4 Refunds and Tax Benefits. Except to the extent that Income Tax refunds (including any refunds generated from a carryback of a loss for the taxable year of the Acquired Companies that ends on the date on which the Closing occurs described in Section 11.3 above) are treated as part of Current Assets for purposes of calculating Closing Net Working Capital under **Appendix I**, then any Income Tax refunds that are received by Buyer, Surviving Company or the Acquired Companies, and any amounts credited against Income Tax to which Buyer Surviving Company or the Acquired Companies become entitled, that relate to Income Tax periods or portions thereof ending on or before the Closing Date shall be for the account of SNIH Stockholders, and Buyer shall pay over to Stockholders' Representative's account for payment to SNIH Stockholders any such refund or the amount of any such credit within fifteen (15) Business Days after receipt or entitlement thereto. In addition, to the extent that a claim for refund or a proceeding results in a payment or credit against Income Tax by a taxing authority to Buyer Surviving Company or the Acquired Companies of any Income Tax liability accrued on the Most Recent Balance Sheet, Buyer shall pay such amount Stockholders' Representative's account for payment to SNIH Stockholders within fifteen (15) Business Days

after receipt of the refund or entitlement thereto except to the extent such tax claim, proceeding or tax benefit was treated as part of current Assets for purposes of calculation Closing Net Working Capital under **Appendix I**.

11.5 Cooperation on Tax Matters. Buyer, Surviving Company and SNIH Stockholders shall cooperate fully, as and to the extent reasonably requested by one of the other Parties, in connection with the filing of Tax Returns and any audit, litigation or other proceeding with respect to Taxes. Such cooperation shall include the retention and (upon the other Party's request) the provision of records and information reasonably relevant to any such audit, litigation, or other proceeding and making employees available on a mutually convenient basis to provide additional information and explanation of any material provided hereunder. Buyer, Surviving Company and SNIH Stockholders agree to retain all books and records with respect to Tax matters pertinent to the Acquired Companies relating to any taxable period beginning before the Closing Date until expiration of the statute of limitations (and, to the extent notified by Buyer or Stockholders' Representative, any extensions thereof) of the respective taxable periods, and to abide by all record retention agreements entered into with any taxing authority. Buyer and SNIH Stockholders further agree, upon request, to use their commercially reasonable efforts to obtain any certificate or other document from any Governmental Body or authority or any other Person as may be necessary to mitigate, reduce or eliminate any Tax that could be imposed (including with respect to the transactions contemplated hereby).

11.6 Tax Sharing Agreement. SNIH Stockholders covenant that all tax-sharing agreements or similar agreements with respect to or involving the Acquired Companies shall be terminated as of the Closing Date and, after the Closing Date, the Acquired Companies shall not be bound thereby or have any liability thereunder.

11.7 Certain Taxes and Fees. All transfer, documentary, sales, use, stamp, registration and other such Taxes and fees (including any penalties and interest) incurred in connection with this Agreement and the transactions contemplated herein shall be paid by each SNIH Stockholder, severally, and not jointly, in accordance with such SNIH Stockholder's SNIH Ownership Proportion when due, and the Party required by applicable law shall file all necessary Tax Returns and other documentation with respect to all such transfer, documentary, sales, use, stamp, registration and other Taxes and fees, and, if required by applicable law, the other Party/Parties shall, and shall cause their Affiliates to, join in the execution of any such Tax Returns and other documentation. The expense of such filings shall be paid one-half by Buyer and one-half by the SNIH Stockholders, severally, and not jointly, in accordance with each such SNIH Stockholder's SNIH Ownership Proportion.

11.8 Payments to SNIH Stockholders. SNIH Stockholders acknowledge that (a) none of the compensation received by any SNIH Stockholder who is an employee of one of the Acquired Companies is intended to be separate consideration for, or allocable to, any of their shares of SNI Holdco stock. (b) none of the GEE Preferred Shares (as defined below) received by any SNIH Stockholder who is an employee of one of the Acquired Companies is intended to be separate consideration for or allocable to any employment agreement, and (c) the compensation paid to any such SNIH Stockholder will be for services actually rendered and will be commensurate with amounts paid to third parties bargaining at arm's length for similar service.

11.9 Filing and Amended Tax Returns. Without the prior written consent of the Stockholders' Representative (which consent may be withheld in the discretion of the Stockholders' Representative not to be unreasonably withheld), Buyer will not: (i) amend or permit any of its Affiliates to amend, refile or otherwise modify any Tax Return relating to the Acquired Companies for a Pre-Closing Tax Period; or (ii) make or change any Tax election or accounting method with respect to, or that has retroactive effect to, any Pre-Closing Tax Period.

11.10 Inclusion in Buyer's Consolidated Return. Buyer shall cause the Surviving Company and SNI Subsidiary to be included in a federal consolidated Income Tax Return of Buyer for the portion of their taxable year beginning on the day after the Closing Date.

11.11 Notwithstanding anything to the contrary above in this Section 11, Ronald R. Smith and Smith Holdings, LLC are related parties and for all purposes of this Agreement including this Section 11 are treated as one SNIH Stockholder, meaning that each is responsible for the breach by the other of any representations, warranties, and covenants, and each is jointly and severally responsible for the indemnification obligations of the other as if they are one and the same person (and any calculations of proportionate responsibility, if applicable, shall be calculated as the sum or combination (of their respective portions of responsibility) that would apply as to Ronald R. Smith and Smith Holdings, LLC).

12. Post-Closing Agreements. The SNIH Stockholders and the Buyer, as the case may be, agree that from and after the Closing Date:

12.1 Service Credit. Effective as of the Closing Date, the Buyer agrees that the SNI Subsidiary's employees (the "**Retained Employees**") and their dependents shall retain the same group medical and dental coverage (without regard to any waiting periods or pre-existing conditions limitations except to the extent such waiting periods and pre-existing conditions applied under, the Employee Benefit Plans immediately prior to the Closing Date); provided, however, that such coverages may be modified in the future. The Buyer further agrees that it shall retain the same level of prior service of the Retained Employees with SNI Subsidiary for purposes of eligibility, participation and vesting under all of the Buyer's Employee Benefit Plans, programs and arrangements, including but not limited to Buyer's paid time off plan.

12.2 Further Assurances. At any time and from time to time after the Closing, at Buyer's (or the Surviving Companies') request, the respective SNIH Stockholder receiving such request, or the Buyer upon receiving a request from an SNIH Stockholder, without further consideration, promptly shall execute and deliver such instruments of sale, transfer, conveyance, assignment and confirmation, and take such other action, as may reasonably be requested to more effectively confirm and effectuate, perfect and document the Merger and each SNIH Stockholder's authorization and agreement to same, transfer, convey and assign to Buyer, and to confirm the Buyer's title to, SNI Holdco Shares and Certificates therefor, and Buyer's acquisition of complete ownership of SNI Holdco and SNI Subsidiary, to put the Buyer in actual possession and operating control of the Acquired Companies, to assist the Buyer in exercising all rights with respect thereto, to ensure SNIH Stockholders receive the intended benefits of this Agreement, and to carry out the purpose and intent of this Agreement.

12.3 Cooperation in Litigation. Each Party hereto will fully cooperate with the other in the defense or prosecution of any litigation or proceeding already instituted or that may be instituted hereafter against or by such Party relating to or arising out of the conduct of the Business of the Acquired Companies prior to or after the Closing Date (other than litigation arising out of the transactions contemplated by this Agreement). Subject to Sections 10, 10A, 10B or 11 of this Agreement, the Party requesting such cooperation shall pay the out-of-pocket expenses (including legal fees and disbursements) of the Party providing such cooperation and of its officers, directors and employees reasonably incurred in connection, with providing such cooperation, but shall not be responsible to reimburse the Party providing such cooperation for such Party's time spent in such cooperation or the salaries or costs of fringe benefits or similar expenses paid by the Party providing such cooperation to its officers, directors and employees while assisting in the defense or prosecution of any such litigation or proceeding. Nothing in this Section 11.4 shall be construed to abrogate, limit or otherwise reduce any party's rights to indemnification pursuant to Sections 10, 10A, 10B or 11 above.

12.4 Press Releases and Public Announcements. None of the SNIH Stockholders, Acquired Subsidiaries, or any officer, employee, representative or agent of the Acquired Subsidiaries, will issue any press release or other public announcement regarding the proposed Agreement. SNIH Stockholders and Acquired Subsidiaries shall use best efforts to cause Acquired Subsidiaries' employees to not disclose any information about the transaction or confidential GEE information that is non-public or trade in Buyer's stock or disseminate insider information unless approved in advance by Buyer's counsel in writing. After Closing, no client or employee notifications will be made unless approved in writing by the Buyer. Once Closing has occurred, only the Buyer will make any announcement at its sole discretion. The Buyer will not announce any transaction prior to Closing unless the Parties mutually agree to such disclosure, or it is required to do so as determined by Buyer's counsel because of SEC rules, regulations and interpretations or other applicable Law.

12.5 Omitted

12.6 D&O Tail Insurance Coverage. The Acquired Companies will, prior to or at Closing, purchase “tail coverage” for the Directors and Officers liability insurance (“**D&O Tail Coverage**”). Any liability of Surviving Company or Acquired Companies for D&O Tail Coverage not fully discharged prior to Closing will be deducted from Net Working Capital as a Current Liability. Buyer and its Affiliates will take no action to terminate or modify such coverage.

12.7 Buyer Stockholder Meeting. On or prior to the 45th calendar day after the Closing Date, Buyer will prepare and file with the SEC the Buyer Proxy Statement. Buyer will furnish all information concerning Buyer and Merger Subsidiary, and the SNIH Stockholders will furnish all information concerning SNI Holdco, SNI Subsidiary and the SNIH Stockholders, as may be reasonably requested in connection with the preparation, filing and distribution of the Buyer Proxy Statement. Following the Closing Date, in compliance with applicable Law, Buyer will agree upon a meeting date and record date for a meeting of the its stockholders, and Buyer will establish such record date for, duly call, give notice of, convene and hold such meeting of its stockholders (the “**Buyer Stockholder Meeting**”) for the purpose of obtaining the approval of the Preferred Conversion and the Note Conversion (the “**Conversion**”). Buyer may adjourn or postpone the Buyer Stockholder Meeting (i) to the extent necessary to ensure that any supplement or amendment to the Buyer Proxy Statement that it determines in good faith is required by Law to be provided to its stockholders in advance of the Buyer Stockholder Meeting, (ii) if, as of the time that the Buyer Stockholder Meeting is scheduled, there are insufficient shares of GEE Common Stock represented (either in person or proxy) to constitute a quorum necessary to conduct the business of the Buyer Stockholder Meeting, or (iii) if, as of the time that the Buyer Stockholder Meeting is scheduled, adjournment of the Buyer Stockholder Meeting is necessary to enable Buyer to solicit additional proxies if there are not sufficient votes in favor of the Conversion. Buyer will, through its board of directors recommend to its stockholders (and include such recommendation in the Buyer Proxy Statement) that they approve the Conversion. In the event that Buyer does not obtain the approval of its stockholders at the Buyer Stockholder Meeting of the Preferred Conversion and the Note Conversion, Buyer agrees to promptly take all actions necessary to hold a subsequent meeting of its stockholders for the purpose of obtaining the approval of the Conversion and will continue to do so until such conversion is approved.

12.8 Piggyback Registrations.

(a) For a period of five (5) years following the Effective Time of the Merger, the Buyer agrees that it shall notify each of the SNIH Stockholders who is a holder of Registrable Securities (a “Holder”) in writing within ten (10) calendar days prior to the anticipated filing date for any registration statement under the Securities Act for purposes of effecting an offering of securities of the Buyer (including, but not limited to, registration statements relating to primary and secondary offerings of securities of the Buyer filed on Form S-1 or Form S-3 or any similar or successor form to such forms, but excluding registration statements filed on Form S-8 and Form S-4 or any similar or successor form to such forms or any other registration statements relating to (i) any employee benefit plan or (ii) a corporate reorganization, merger or acquisition or (iii) non-convertible debt securities) and will afford each such Holder an opportunity to include (“piggy back”) in such registration statement all or any part of the Registrable Securities then held by such Holder. Each such Holder desiring to include in any such registration statement all or any part of the Registrable Securities held by such Holder shall, within five (5) calendar days after receipt of the above-described notice from the Buyer, so notify the Buyer in writing, and in such notice shall inform the Buyer of the number of Registrable Securities such Holder wishes to include in such registration statement. Holders of Registrable Securities (i) agree to keep confidential the knowledge and information received from the Buyer, prior to actual notice to the public, of any securities registration statement to be filed by the Buyer as it will be considered material non-public information and, as such (ii) not to trade in the Registrable Securities of Buyer in any manner whatsoever and under any exemption from registration until such time as the registration statement is filed with the SEC and becomes effective. If a Holder decides not to include all of its Registrable Securities in any registration statement filed by the Buyer, such Holder shall nevertheless continue to have the right to include any Registrable Securities in any subsequent registration statement or registration statements as may be filed by the Buyer with respect to offerings of its securities, all upon the terms and conditions set forth herein.

(b) If a registration statement under which the Buyer gives notice under this Section is for an underwritten offering, then the Buyer shall so advise the Holders of Registrable Securities. In such event, the right of any such Holder’s Registrable Securities to be included in a registration pursuant to this Section shall be conditioned upon such Holder’s participation in such underwriting and the inclusion of such Holder’s Registrable Securities in the underwriting to the extent provided herein. All Holders proposing to distribute their Registrable Securities through such underwriting shall enter into an underwriting agreement in customary form with the managing underwriter or underwriter(s) selected by the Buyer for such underwriting. Notwithstanding the foregoing, if the managing underwriter(s) determine(s) in good faith that equity market conditions and marketing factors (including but not limited to a determination that the shares proposed to be included in the underwriting cannot be sold in an orderly manner at a price that is acceptable to the Buyer) require a limitation of the number of shares to be underwritten, then the managing underwriter(s) may exclude shares (including Registrable Securities) from the registration and the underwriting, and the number of shares that may be included in the registration and the underwriting shall be allocated, first, to the Buyer, and second, to all Holders of Company securities having piggyback registration rights (including Holders of Registrable Securities) requesting inclusion of their securities in such registration statement on a pro rata basis based on the total number of securities for which registration was requested. If any Holder disapproves of the terms of any such underwriting, such Holder may elect to withdraw therefrom by written notice to the Buyer and the underwriter, delivered at least ten (10) business days prior to the Effective Time of the registration statement. Any Registrable Securities excluded or withdrawn from such underwritten offering shall be excluded and withdrawn from such registration.

For purposes of this Agreement, the term “**Registrable Securities**” means: (i) any and all shares of GEE Common Stock acquired by certain SNIH Stockholders or participants in the MIP upon (A) the conversion of the Series B Convertible Preferred Stock or (B) the conversion of or the payment of interest on the 9.5% Convertible Note, (collectively, the “**Securities**”), (ii) any securities issued as (or issuable upon the conversion or exercise of any warrant, right or other security which is issued as) a dividend or other distribution with respect to, in exchange for or in replacement of, the Securities, provided, that any of the foregoing securities shall cease to be Registrable Securities upon the earliest to occur of the following: (A) a sale of such security pursuant to an effective registration statement; (B) a sale of such security pursuant to Rule 144 or any similar provision then in force under the Securities Act (in which case, only the security sold shall cease to be a Registrable Security); (C) eligibility for sale of such security under Rule 144 (other than securities owned by Mr. Smith or Smith Holdings, LLC); or (D) when such security ceases to be outstanding.

12.9 Demand Registration Rights. The Buyer shall provide to all holders of Registrable Securities a one time resale registration right to register up to thirty-five percent of the Registrable Securities held by each, if the Stockholder Representative makes such demand and if: (A) (i) by the third anniversary of the Closing Date the Buyer has not undertaken one or more offerings that permitted each such holder to sell up to thirty-five percent of the Registrable Securities issued to such holder, and (ii) the market price of the Registrable Security is greater than or equal to the market price of such security on the Closing Date, or (B) by the fifth anniversary of the Closing Date the Buyer has not undertaken one or more offerings that permitted each such holder to sell up to thirty-five percent of the Registrable Securities issued to such holder. Assuming that the conditions enumerated in the first sentence of this Section 12.9 have been met, upon the written demand (a “**Demand Notice**”) of any Holder of Registrable Securities (the “**Initiating Holder**”), the Company shall register, on one occasion only, up to 35% of the Registrable Securities held by such Holder and up to 35% of the Registrable Securities held by any other Holders who request that their Registrable Securities be included in such registration in accordance with the terms set forth below (a “**Demand Registration**”). The Company covenants and agrees to give written notice of its receipt of any Demand Notice by any Holder to all other registered Holders of Registrable Securities within ten (10) days after the date of the receipt of any such Demand Notice. Each such Holder desiring to include in such registration statement up to 35% of the Registrable Securities then held by such Holder shall, within five (5) calendar days after receipt of the above-described notice from the Company, so notify the Company in writing, and in such notice shall inform the Company of the number of Registrable Securities such Holder wishes to include in such registration statement. On such occasion, the Company will file a registration statement with the SEC covering the sale of such Registrable Securities within sixty (60) days after receipt of a Demand Notice and use its reasonable best efforts to have the registration statement declared effective promptly thereafter, subject to compliance with review by the SEC.

Notwithstanding the foregoing, if the board of directors of the Company, in its good faith judgment, determines that any registration of Registrable Securities under this Section 12.9 should not be made or continued because it would materially interfere with any material or potentially material financing, acquisition, corporate reorganization or merger or other transaction involving the Company, including negotiations related thereto, or require the Company to disclose any material nonpublic information which would reasonably be likely to be detrimental to the Company or otherwise make it undesirable for the Company to complete a Demand Registration at that time (a “**Valid Business Reason**”), (x) the Company may postpone filing a Registration Statement (but not the preparation of the Registration Statement) relating to a Demand Registration until such Valid Business Reason no longer exists, but in no event for more than one hundred twenty (120) days after the date when the Demand Registration was requested or, if later, after the occurrence of the Valid Business Reason and (y) in case a Registration Statement has been filed relating to a Demand Registration, the Company may postpone amending or supplementing such Registration Statement, (in which case, if the Valid Business Reason no longer exists or if more than one 120-day period has passed since such postponement, the initiating holders may request a new Demand Registration or request the prompt amendment or supplement of such Registration Statement). The Company shall give written notice to all Holders of Registrable Securities who have elected to participate in the demand registration of its determination to postpone filing, amending or supplementing a Registration Statement and of the fact that the Valid Business Reason for such postponement no longer exists, in each case, promptly after the occurrence thereof (which notice shall notify each Holder only of the occurrence of such an event or the fact that it no longer exists and shall provide no additional information regarding such event to the extent such information would constitute material nonpublic information).

12.10 Registration Expenses.

Except as provided in this Section 12.10, the Company shall pay all registration expenses in connection with a Demand Registration whether or not such Demand Registration becomes effective. Notwithstanding the foregoing if the initiating holders withdraw or revoke a request for a Demand Registration without the prior written consent of the Company, the related Demand Registration shall be counted as a Demand Registration of purposes of Section 12.9 unless the initiating holders agree to pay all fees and expenses incurred by the Company in connection with such withdrawn registration.

13. Notices. All notices and other communications required or permitted hereunder shall be in writing and shall be deemed duly given (a) on the date of delivery if delivered personally, (b) on the date sent by facsimile (with confirmation of transmission) if sent during normal business hours of the recipient during a Business Day, and otherwise on the next Business Day, if sent after normal business hours of the recipient, (c) if dispatched via a nationally recognized overnight courier service (delivery receipt requested) with charges paid by the dispatching party, on the later of (i) the first Business Day following the date of dispatch, or (ii) the scheduled date of delivery by such service, or (d) on the fifth Business Day following the date of mailing, if mailed by registered or certified mail, return receipt requested, postage prepaid to the party to receive such notice, at the following addresses, or such other address as Buyer may designate for Buyer and Stockholders' Representative may designate for SNIH Stockholders (collectively) and Stockholders' Representative from time to time by notice in accordance with this Section.

14. Succession and Assignment. This Agreement shall be binding upon and inure to the benefit of the Parties named herein and their respective successors and permitted assigns. No Party may assign either this Agreement or any of his, her, or its rights, interests, or obligations hereunder without the prior written approval of Buyer and SNIH Stockholders; provided, however, that Buyer may: (i) assign any or all of its rights and interests hereunder to one (1) or more of its Affiliates; and (ii) designate one (1) or more of its Affiliates to perform its obligations hereunder (in any or all of which cases Buyer nonetheless shall remain responsible for the performance of all of its obligations hereunder).

15. Entire Agreement; Amendment; Attachments.

15.1 Entire Agreement. This Agreement, all Disclosure Schedules and Exhibits hereto, and all agreements and instruments to be delivered by the Parties pursuant hereto represent the entire understanding and agreement between the Parties hereto with respect to the subject matter hereof and supersede all prior oral and written and all contemporaneous oral negotiations, commitments and understandings between such Parties.

15.2 Amendment. The Buyer, with the consent of its respective board of directors, or officers authorized by such board and Merger Subsidiary, or the Stockholders' Representative acting for all the SNIH Stockholders (pursuant to the authority granted in Section 17 below) may amend or modify this Agreement only by a written instrument executed by the Buyer, Merger Subsidiary, SNI Holdco and the Stockholders' Representative.

15.3 Attachments; Disclosure Schedules. The Exhibits, Appendices and Disclosure Schedules identified in this Agreement are hereby incorporated as integral parts of this Agreement. All capitalized terms used in the Disclosure Schedules not otherwise defined shall have the meanings ascribed to them in this Agreement. The Disclosure Schedule number listed in the title of each Disclosure Schedule corresponds to that Section of this Agreement.

16. Stockholders' Representative.

16.1 Mr. Smith confirms that each SNIH Stockholder has signed a Letter of Transmittal in the form attached as **Exhibit D** prior to the execution and delivery of this Agreement pursuant to which each SNIH Stockholder hereby has appointed Ronald R. Smith as the Stockholders' Representative and as agent and attorney-in-fact for and on behalf of each SNIH Stockholder, with full powers of substitution, to give and receive notices and communications, to agree to, negotiate, enter into settlements and compromises of, and demand dispute resolution and comply with orders of arbitrators, courts, tribunals or other Governmental Bodies and awards of arbitrators, courts, tribunals or other Governmental Bodies with respect to any claims or other matters that may arise under this Agreement or the other ancillary transaction documents, and to take all actions and execute all such documents necessary or appropriate in the

good faith discretion of the Stockholders' Representative for the accomplishment of the transactions contemplated by this Agreement and the other ancillary transactions, including, without limitation, the power:

(a) to agree with Buyer and Merger Subsidiary with respect to any matter or thing required by or deemed necessary by Stockholders' Representative in connection with this Agreement, including without limitation any amendments to this Agreement;

(b) to receive and hold the Merger Consideration and any other amounts payable pursuant to this Agreement and to distribute the same to the SNIH Stockholders;

(c) to establish an account to hold a reasonable portion of the Merger Consideration and to use such portion of the Merger Consideration for out-of-pocket costs and expenses in connection herewith;

(d) to execute and deliver any and all other agreements, documents and other papers which the Stockholders' Representative deems necessary or appropriate in connection with this Agreement or the Escrow Agreement, or any of the transactions contemplated hereby or thereby;

(e) to terminate, amend, waive or interpret any provision of this Agreement or the Escrow Agreement;

(f) to act for each SNIH Stockholder and all SNIH Stockholders with regard to the indemnification matters referred to in this Agreement, including, without limitation, the power to compromise or settle any claim on behalf of such SNIH Stockholder subject to obtaining the consent of Thrivent, which shall not be unreasonably withheld;

(g) to retain attorneys, accountants and other professionals to provide services to the Stockholders' Representative in fulfillment of his obligations under this Agreement and as otherwise deemed appropriate in connection with the Closing of the transactions contemplated by this Agreement or related matters arising thereafter; and

(h) to do or refrain from doing any further act or deed on behalf of each SNIH Stockholder which the Stockholders' Representative deems necessary or appropriate in his sole discretion relating to the subject matter of this Agreement as fully and completely as such SNIH Stockholder could if personally present.

16.2 Notwithstanding the foregoing or anything else in this Agreement, the Stockholders' Representative shall have no authority to defend a breach or alleged breach by a SNIH Stockholder of any representation, warranty or covenant of this Agreement, as to which such SNIH Stockholder is solely liable or potentially liable, and such SNIH Stockholder

shall have the sole authority to defend against any such claim.

16.3 No bond shall be required of the Stockholders' Representative, and the Stockholders' Representative shall receive no compensation for his services.

16.4 Neither the Stockholders' Representative nor any of his agents or employees shall be liable to any SNIH Stockholder of any error of judgment, or any action taken, suffered or omitted to be taken, under this Agreement except in the case of its gross negligence, willful misconduct or fraud. The Stockholders' Representative may consult with legal counsel, independent public accountants or other experts selected by him and shall not be liable for any action taken or omitted to be taken in good faith by him in accordance with the advice of such counsel, accounts or experts.

16.5 In the Letter of Transmittal, each SNIH Stockholder hereby agrees to indemnify and hold the Stockholders' Representative harmless from any and all liability, loss, cost, damage or expense (including attorneys' fees) reasonably incurred or suffered as a result of the performance of his duties under this Agreement, except such that arises from the gross negligence or willful misconduct or fraud of the Stockholders' Representative.

16.6 A decision, act, consent or instruction of the Stockholders' Representative shall constitute a decision of all SNIH Stockholders and shall be final, binding and conclusive upon each SNIH Stockholder. Stockholder's Representative shall promptly give written notices to Thrivent, within three (3) Business Days, of any decision, consent given, instructions given or actions taken as a Stockholder's Representative in accordance with the notice procedures of Section 13 to an address provided by Thrivent.

16.7 Upon the eighteen (18) month anniversary of the Effective Date, the Stockholders Representative shall distribute the remaining portion, if any, of the \$500,000 expense fund in Section 2.1(d) to the SNIH Stockholders in accordance with their SNIH Ownership Proportion and instructions set forth on **Exhibit B**. Additionally, Stockholders Representative shall promptly pay to the respective SNIH Stockholders the allocable amounts due to each such stockholder upon any deposit into Stockholders Representative account of the payments contemplated in Section 2.3(a) (next to last sentence), 10A(a) (last sentence), and 11.4 which are due or to be paid to those SNIH Stockholders

17. Miscellaneous.

17.1 Waiver of Subrogation by SNIH Stockholders. Notwithstanding anything to the contrary in this Agreement or otherwise, no SNIH Stockholder shall have any right of contribution or subrogation against the Acquired Companies, or either Acquired Company, with respect to any breach or default by either or both of the Acquired Companies of or under any of its or their representations, warranties, covenants or agreements in this Agreement (specifically including without limitation if the stockholder is required to indemnify the Buyer Indemnified Parties as a result of that breach

or default by the Acquired Companies).

17.2 No Other Disclosures.

(a) Except for the representations and warranties expressly set forth in this Agreement, the Principal Stockholders and Acquired Companies have not made and the Buyer is not relying on any other representations or warranties by them, expressed or implied, concerning the Acquired Companies, the SNI Holdco Shares or any aspect of this Agreement or the transactions contemplated or referenced herein. Any item, fact or circumstance disclosed in one SNIH Disclosure Schedule section or subsection that applies and is materially relevant to a different Section of the SNIH Disclosure Schedules may be deemed disclosed by an appropriate cross-reference to the SNIH Disclosure Schedule section or subsection containing the relevant disclosure item, fact or circumstance.

(b) Except for the representations and warranties expressly set forth in this Agreement, Buyer has not made and the SNIH Stockholders are not relying on any other representations or warranties by Buyer, expressed or implied, concerning the Buyer, the Merger Subsidiary, the GEE Preferred Shares or any aspect of this Agreement or the transactions contemplated or referenced herein. Any item, fact or circumstance disclosed in one Buyer's Disclosure Schedule section or subsection that applies and is materially relevant to a different Section of the Buyer's Disclosure Schedules may be deemed disclosed by an appropriate cross-reference to the Buyer's Disclosure Schedule section or subsection containing the relevant disclosure item, fact or circumstance.

17.3 Expenses. Except as otherwise expressly provided herein, each Party hereto shall pay its own expenses incurred in preparing this Agreement and consummating the transactions contemplated hereby, including, but not limited to, any such costs and expenses incurred by any Party in connection with the negotiation, preparation and performance of and compliance with the terms of this Agreement (including, without limitation, the fees and expenses of legal counsel, accountants, investment bankers or other representatives and consultants); provided, that the SNIH Stockholders shall be responsible for such expenses of the Acquired Companies. The SNIH Stockholders shall cause all transaction related expenses of the SNIH Stockholders to be invoiced at or prior to the Closing, except for those of Thrivent and Madison.

17.4 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without regard to conflicts of law principles.

17.5 Jurisdiction and Venue. The Parties agree that the courts of the State of Florida and the federal courts of the United States located in the State of Florida shall have non-exclusive jurisdiction over any dispute, claim or controversy which may arise involving this Agreement or its subject matter. The Parties waive any defense of lack of personal jurisdiction that any of them may have otherwise had to an action brought in Florida. The Parties agree that exclusive venue shall lie solely in the appropriate federal or state court located in Duval County, Florida; provided that this provision shall not prohibit a Party from commencing an action in any court with appropriate jurisdiction for the purpose of enforcing this choice of venue provision, and bringing such an action shall not serve to waive such Party's

rights under the choice of venue provision. The Parties irrevocably submit and consent to the above jurisdiction and chosen venue and except as provided herein waive any right they may have to bring or maintain an action in any other jurisdiction or venue or seek any change of jurisdiction or venue or that such venue is inconvenient.

17.6 Waiver of Jury Trial.

THE PARTIES HEREBY AGREE THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS AGREEMENT OR OUT OF THE RELATIONSHIP ESTABLISHED BY THIS AGREEMENT WOULD INVOLVE COMPLICATED AND DIFFICULT FACTUAL AND LEGAL ISSUES AND THAT, THEREFORE, ANY ACTION BROUGHT BY ONE PARTY AGAINST THE OTHER, IN EACH CASE WHETHER ALONE OR IN COMBINATION WITH OTHERS, WHETHER ARISING OUT OF THIS AGREEMENT OR OTHERWISE, SHALL BE DETERMINED BY A JUDGE SITTING WITHOUT A JURY. ACCORDINGLY, EACH PARTY, TO THE EXTENT PERMITTED BY LAW, HEREBY KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVES ITS RIGHT TO A TRIAL BY JURY IN ANY LEGAL ACTION OR OTHER LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT AND THE TRANSACTION IT CONTEMPLATES, WHETHER IN CONTRACT, TORT OR OTHERWISE.

17.7 Section Headings. The section headings are for the convenience of the Parties and in no way alter, modify, amend, limit, or restrict the contractual obligations of the Parties.

17.8 Severability. The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement.

17.9 Construction. The language used in this Agreement shall be deemed to be the language chosen by the Parties hereto to express their mutual intent, and no rule of strict construction will be applied against any Person. Section 2. Interest.

a) Payment of Interest. The Company shall pay interest to the Holder on the aggregate unconverted and then outstanding principal amount of this Note at the rate of 9.5% per annum. Interest shall be paid quarterly in arrears on June 30, September 30, December 31 and March 31, beginning on June 30, 2017, on each Conversion Date (as to that principal amount then being converted), and on the Maturity Date (except that, if any such date is not a Business Day, then such payment shall be due on the next succeeding Business Day) (each such date, an “Interest Payment Date”). At the option of the Company, interest may be paid on an Interest Payment Date either in cash or in shares of Common

Stock of the Company, which Common Stock shall be valued at the average daily VWAP of the Common Stock for the 20 Trading Days immediately prior to such Interest Payment Date provided, however, that unless and until such time as the Company has received Requisite Stockholder Approval the Company shall not be permitted to make any interest payment in shares of Common Stock to the extent that such issuance would cause the Company to exceed the Conversion Limit.

b) Interest Calculations. Interest shall be calculated on the basis of a 360-day year and shall accrue daily commencing on the Original Issue Date until payment in full of the principal sum, together with all accrued and unpaid interest and other amounts which may become due hereunder, has been made. Interest shall cease to accrue with respect to any principal amount converted, provided that the Company actually delivers the Conversion Shares within the time period as set forth in Section 4(c)(ii). Interest hereunder will be paid to the Person in whose name this Note is registered on the records of the Company regarding registration and transfers of this Note (the “Note Register”).

c) Prepayment. Except as otherwise set forth in this Note, the Company may not prepay any portion of the principal amount of this Note without the prior written consent of the Holder. Any prepayments of the 9.5% Convertible Notes shall be made on a pro rata basis to all holders of 9.5% Convertible Notes based on the aggregate principal amount of 9.5% Convertible Notes held by such holders.

d) Mandatory Repayment. The principal amount of this Note together with accrued and unpaid interest thereon shall be immediately due and payable by the Company upon the consummation by the Company of any Change of Control.

Section 3. Registration of Transfers and Exchanges.

a) Denominations. This Note is exchangeable for an equal aggregate principal amount of Notes of different authorized denominations, as requested by the Holder surrendering the same. No service charge will be payable for such registration of transfer or exchange.

b) Investment Representations. This Note has been issued subject to certain investment representations of the original Holder set forth in the Merger Agreement and may be transferred or exchanged only in compliance with the Merger Agreement and applicable federal and state securities laws and regulations.

c) Reliance on Note Register. The Company and any agent of the Company may treat the Person in whose name this Note is duly registered on the Note Register as the owner hereof for the purpose of receiving payment as herein provided and for all other purposes, whether or not this Note is overdue.

Section 4. Conversion.

a) Voluntary Conversion. At any time after the Original Issue Date until this Note is no longer outstanding, this Note and any accrued and unpaid interest shall be convertible, in whole or in part, into shares of Common Stock at the option of the Holder, at any time and from time to time; provided, however, that unless and until such time as the Company has received Requisite Stockholder Approval the Holder shall not be permitted to effect any conversion of this Note to the extent that the shares of Common Stock issuable upon such conversion when taken together with the shares of Common Stock previously issued with respect to (i) prior conversions of any shares of the Company's Series B Convertible Preferred Stock and/or (ii) prior conversions of any other 9.5% Convertible Notes and/or (iii) the payment of dividends on any 9.5% Convertible Notes in shares of Common Stock and/or (iv) otherwise in connection with the issuance of the 9.5% Convertible Notes shall result in the issuance of shares of Common Stock that constitute more than 19.99% of the Common Stock outstanding immediately prior to the closing date of the Acquisition (the "Conversion Limit"). In the event that the Holder elects to effect a conversion that would exceed the Conversion Limit prior to the Company's receipt of Requisite Stockholder Approval, the Company shall, in lieu of effecting such conversion, pay to the Holder in cash, an amount per share equal to the then applicable Conversion Price per share. The Holder shall effect conversions by delivering to the Company a Notice of Conversion, the form of which is attached hereto as Annex A (a "Notice of Conversion"), specifying therein the principal amount of this Note to be converted and the date on which such conversion shall be effected (a "Conversion Date"). If no Conversion Date is specified in a Notice of Conversion, the Conversion Date shall be the date that such Notice of Conversion is deemed delivered hereunder. The Company shall, promptly upon its receipt of a Notice of Conversion, notify the Holder by telephone and by facsimile of the number of shares of Common Stock outstanding on such date and the number of Conversion Shares which would be issuable to the Holder if the conversion requested in such Notice of Conversion were effected in full, whereupon, notwithstanding anything to the contrary set forth in this Note, the Holder may, to

the extent that the Holder determines that such conversion would result in the Holder and its affiliates beneficially owning more than 4.99% of the Company's outstanding shares of Common Stock, within one Trading Day of its receipt of the Company's notice as required by this sentence, revoke such conversion in whole or in part by notifying the Company by telephone or facsimile. To effect conversions hereunder, the Holder shall not be required to physically surrender this Note to the Company unless the entire principal amount of this Note plus all accrued and unpaid interest thereon has been so converted. Conversions hereunder shall have the effect of lowering the outstanding principal amount of this Note in an amount equal to the applicable conversion. The Holder and the Company shall maintain records showing the principal amount(s) converted and the date of such conversion(s). The Holder, and any assignee by acceptance of this Note, acknowledge and agree that, by reason of the provisions of this paragraph, following conversion of a portion of this Note, the unpaid and unconverted principal amount of this Note may be less than the amount stated on the face hereof.

b) Conversion Price. The “Conversion Price” shall be an amount equal to the Original Conversion Price, subject to adjustment as provided in Section 5.

c) Mechanics of Conversion.

i. Conversion Shares Issuable Upon Conversion of Principal Amount. The number of shares of Common Stock issuable upon a conversion hereunder shall be determined by the quotient obtained by dividing (x) the outstanding principal amount and any accrued and unpaid interest of this Note to be converted by (y) the Conversion Price then in effect.

ii. Delivery of Certificate Upon Conversion. Not later than three (3) Trading Days after each Conversion Date (the “Share Delivery Date”), the Company shall deliver, or cause to be delivered, to the Holder a certificate or certificates representing the Conversion Shares representing the number of shares of Common Stock being acquired upon the conversion of this Note.

iii. Failure to Deliver Certificates. If in the case of any Notice of Conversion such certificate or certificates are not delivered to or as directed by the applicable Holder by the third Trading Day after the Conversion Date, the Holder shall be entitled to elect by written notice to the Company at any time on or before its receipt of such certificate or certificates, to rescind such conversion, in which event the Company shall promptly return to the Holder any original Note delivered to the Company and the Holder shall promptly return the Common Stock certificates representing the principal amount of this Note tendered for conversion to the Company, if any such certificates have been delivered to the Holder.

iv. Compensation for Buy-In on Failure to Timely Deliver Certificates Upon Conversion. In addition to any other rights available to the Holder, if the Company fails for any reason to deliver to the Holder such certificate or certificates by the Share Delivery Date pursuant to Section 4(c)(ii), and if after such Share Delivery Date the Holder is required by its brokerage firm to purchase (in an open market transaction or otherwise) shares of Common Stock to deliver in satisfaction of a sale by such Holder of the Conversion Shares which the Holder was entitled to receive upon the conversion relating to such Share Delivery Date (a “Buy-In”), then the Company shall (A) pay in cash to the Holder (in addition to any other remedies available to or elected by the Holder) the amount by which (x) the Holder’s total purchase price (including any brokerage commissions) for the Common Stock so purchased exceeds (y) the product of (1) the aggregate number of shares of Common Stock that such Holder was entitled to receive from the conversion at issue multiplied by (2) the Conversion Price of such conversion and (B) at the option of the Holder, either reissue (if surrendered) this Note in a principal amount equal to the principal amount of the attempted conversion or deliver to the Holder the number of shares of Common Stock that would have been issued if the Company had timely complied with its delivery requirements under Section 4(c)(ii). For example, if the Holder purchases 1,000 shares of Common Stock having a total purchase price of \$5,000 (including brokerage commissions)

to cover a Buy-In with respect to an attempted conversion of this Note into 1,000 shares of Common Stock at a Conversion Price of \$4.00 per share, under clause (A) of the immediately preceding sentence, the Company shall be required to pay the Holder \$1,000. The Holder shall provide the Company written notice indicating the amounts payable to the Holder in respect of the Buy-In and, upon request of the Company, evidence of the amount of such loss. Nothing herein shall limit a Holder's right to pursue any other remedies available to it hereunder, at law or in equity including, without limitation, a decree of specific performance and/or injunctive relief with respect to the Company's failure to timely deliver certificates representing shares of Common Stock upon conversion of this Note as required pursuant to the terms hereof.

v. Reservation of Shares Issuable Upon Conversion. The Company covenants that it will at all times reserve and keep available out of its authorized and unissued shares of Common Stock for the sole purpose of issuance upon conversion of this Note and payment of interest on this Note, each as herein provided, free from preemptive rights or any other actual contingent purchase rights of Persons other than the Holder (and the other holders of the Notes), not less than such aggregate number of shares of the Common Stock as shall be issuable (taking into account the adjustments and restrictions of Section 5 and Section 5.1) upon the conversion of the outstanding principal amount of this Note and payment of interest hereunder. The Company covenants that all shares of Common Stock that shall be so issuable shall, upon issue, be duly authorized, validly issued, fully paid and nonassessable and shall be listed for trading on the Trading Market.

vi. Fractional Shares. Upon a conversion hereunder the Company shall not be required to issue stock certificates representing fractions of shares of Common Stock, but may if otherwise permitted, make a cash payment in respect of any final fraction of a share based on the VWAP at such time. If the Company elects not, or is unable, to make such a cash payment, the Holder shall be entitled to receive, in lieu of the final fraction of a share, one (1) whole share of Common Stock.

vii. Transfer Taxes. The issuance of certificates for shares of the Common Stock on conversion of this Note shall be made without charge to the Holder hereof for any documentary stamp or similar taxes that may be payable in respect of the issue or delivery of such certificates, provided that the Company shall not be required to pay any tax that may be payable in respect of any transfer involved in the issuance and delivery of any such certificate upon conversion in a name other than that of the Holder of this Note so converted and the Company shall not be required to issue or deliver such certificates unless or until the person or persons requesting the issuance thereof shall have paid to the Company the amount of such tax or shall have established to the satisfaction of the Company that such tax has been paid.

Section 5. Certain Adjustments.

a) Stock Dividends, Stock Combinations and Stock Splits. If the Company, at any time while this Note is outstanding: (A) pays a stock dividend or otherwise makes a distribution or distributions payable in shares of Common Stock on shares of Common Stock; (B) subdivides outstanding shares of Common Stock into a larger number of shares; or (C) combines (including by way of a reverse stock split) outstanding shares of Common Stock into a smaller number of shares; then the Conversion Price shall be multiplied by a fraction of which the numerator shall be the number of shares of Common Stock (excluding any treasury shares of the Company) outstanding immediately before such event and of which the denominator shall be the number of shares of Common Stock outstanding immediately after such event. Any adjustment made pursuant to this Section shall become effective immediately after the record date for the determination of stockholders entitled to receive such dividend or distribution and shall become effective immediately after the effective date in the case of a subdivision, combination or re-classification.

b) Fundamental Transaction. If, at any time while this Note is outstanding, (A) the Company effects any merger or consolidation of the Company with or into another Person other than to change the state of incorporation of the Company and other than merger or consolidation that results in a Change of Control of the Company, (B) any tender offer or exchange offer (whether by the Company or another Person) is completed pursuant to which holders of Common Stock are permitted to tender or exchange their shares for other securities, cash or property other than a tender offer or exchange offer that results in a Change of Control of the Company, or (C) the Company effects any reclassification of the Common Stock (other than a change in par value or from par value to without par value or from without par value to par value or as a result of a subdivision, split-up or combination of shares) or any compulsory share exchange pursuant to which the Common Stock is effectively converted into or exchanged for other securities, cash or property (in any such case, a “Fundamental Transaction”), then, upon any subsequent conversion of this Note, the Holder shall have the right to receive, for each Conversion Share that would have been issuable upon such conversion immediately prior to the occurrence of such Fundamental Transaction, the same kind and amount of securities, cash or property as it would have been entitled to receive upon the occurrence of such Fundamental Transaction if it had been, immediately prior to such Fundamental Transaction, the holder of one (1) share of Common Stock (the “Alternate Consideration”). For purposes of any such conversion, the determination of the Conversion Price shall be appropriately adjusted to apply to such Alternate Consideration based on the amount of Alternate Consideration issuable in respect of one (1) share of Common Stock in such Fundamental Transaction, and the Company shall apportion the Conversion Price among the Alternate Consideration in a reasonable manner reflecting the relative value of any different components of the Alternate Consideration. If holders of Common Stock are given any choice as to the securities, cash or property to be received in a Fundamental Transaction, then the Holder shall be given the same choice as to the Alternate Consideration it receives upon any conversion of this Note following such Fundamental Transaction. To the extent necessary to effectuate the foregoing provisions, any successor to the Company or surviving entity in such Fundamental Transaction shall issue to the Holder a new note consistent with this Note and evidencing the Holder’s right to convert such note into Alternate Consideration. The terms of any agreement pursuant to which a Fundamental Transaction is effected shall include, without limitation, terms requiring any such successor or surviving entity to comply with the provisions of this Section 5 and insuring that this Note (or any such replacement security) will be similarly adjusted upon any subsequent transaction analogous to the transactions set forth in this Section 5.

Section 5.1

a) Calculations. All calculations under Section 5 shall be made to the nearest cent or the nearest 1/100th of a share, as the case may be. For purposes of Section 5, the number of shares of Common Stock deemed to be issued and outstanding as of a given date shall be the sum of the number of shares of Common Stock (excluding any treasury shares of the Company) issued and outstanding.

b) Notice to the Holder.

i. Adjustment to Conversion Price. Whenever the Conversion Price is adjusted pursuant to any provision of Section 5, the Company shall promptly mail to each Holder a notice setting forth the Conversion Price after such adjustment and setting forth a brief statement of the facts requiring such adjustment.

ii. Notice to Allow Conversion by Holder. Subject to the requirements of applicable law, including, but not limited to, Regulation FD, if (A) the Company shall declare a dividend (or any other distribution in whatever form) on the Common Stock, (B) the Company shall declare a special nonrecurring cash dividend on or a redemption of the Common Stock, (C) the Company shall authorize the granting to all holders of the Common Stock of rights or warrants to subscribe for or purchase any shares of capital stock of any class or of any rights, (D) the approval of any stockholders of the Company shall be required in connection with any reclassification of the Common Stock, any consolidation or merger to which the Company is a party, any sale or transfer of all or substantially all of the assets of the Company, of any compulsory share exchange whereby the Common Stock is converted into other securities, cash or property or (E) the Company shall authorize the voluntary or involuntary dissolution, liquidation or winding up of the affairs of the Company, then, in each case, the Company shall cause to be filed at each office or agency maintained for the purpose of conversion of this Note, and shall cause to be delivered to the Holder at its last address as it shall appear upon the Note Register, at least 20 calendar days prior to the applicable record or effective date hereinafter specified, a notice stating (x) the date on which a record is to be taken for the purpose of such dividend, distribution, redemption, rights or warrants, or if a record is not to be taken, the date as of which the holders of the Common Stock of record to be entitled to such dividend, distributions, redemption, rights or warrants are to be determined or (y) the date on which such reclassification, consolidation, merger, sale, transfer or share exchange is expected to become effective or close, and the date as of which it is expected that holders of the Common Stock of record shall be entitled to exchange their shares of the Common Stock for securities, cash or other property deliverable upon such reclassification, consolidation, merger, sale, transfer or share exchange, provided that the failure to deliver such notice or any defect therein or in the delivery thereof shall not affect the validity of the corporate action required to be specified in such notice. The Holder is entitled to convert this Note during the 20-day period commencing on the date of such notice through the effective date of the event triggering such notice.

Section 6. Redemption.

a) Redemption. On or after the one year anniversary of the Original Issue Date, at any time that the average daily VWAP of the Common Stock reported on the principal Trading Market for the Common Stock exceeds the then applicable Conversion Price for a period of 20 Trading Days, the Company shall have the right to redeem in cash all or any portion of this Note for an amount equal to 100% of the then outstanding principal amount of this Note being redeemed, plus accrued and unpaid interest thereon. Any election by the Company to redeem this Note shall be submitted in writing to the Holder not less than 20 calendar days prior to the date selected for such redemption. Any call for redemption of any portion of this Note by the Company pursuant to this Section 6(a) shall be made on a pro rata basis with the other outstanding 9.5% Convertible Notes. Even after receipt of any call for redemption, Holder

may elect to convert the outstanding principal amount of the Note pursuant to Section 4 by the delivery of a Notice of Conversion to the Company at any time prior to 20 calendar days prior to receipt of any call for redemption under this Section 6.

Section 7. Subordination.

The Company and the Holder each acknowledge and agree that all obligations under this Note are subject to the terms of the Subordination Agreement.

Section 8. Events of Default.

a) Definition of Event of Default “Event of Default” means, wherever used herein, any of the following events (whatever the reason for such event and whether such event shall be voluntary or involuntary or effected by operation of law or pursuant to any judgment, decree or order of any court, or any order, rule or regulation of any administrative or governmental body):

i. any default in the payment of (A) the principal amount of any Note or (B) interest and other amounts owing to a Holder on any Note, as and when the same shall become due and payable (whether on a Conversion Date or the Maturity Date or by acceleration or otherwise) which default, solely in the case of an interest payment or other default under clause (B) above, is not cured within five (5) Trading Days;

ii. the Company shall fail to observe or perform any other covenant or agreement contained in the Notes which failure is not cured, if possible to cure, within the earlier to occur of (A) five (5) Trading Days after notice of such failure sent by the Holder to the Company and (B) ten (10) Trading Days after the Company has become aware of such failure;

iii. the Company shall be subject to a Bankruptcy Event;

iv. any monetary judgment, writ or similar final process shall be entered against the Company, any subsidiary or any of its or their respective property or other assets for more than \$250,000, and such judgment, writ or similar final process shall remain unvacated, unbonded or unstayed for a period of 45 calendar days.

b) Remedies Upon Event of Default. If any Event of Default occurs, the outstanding principal amount of this Note, plus accrued but unpaid interest and other amounts owing in respect thereof through the date of acceleration, shall become, at the election of holder(s) of a majority of the then outstanding principal amount of the 9.5% Convertible Notes, immediately due and payable in cash; provided however, that notwithstanding the foregoing, the 9.5%

Convertible Notes shall become immediately due and payable in cash without the need for any action on the part of the holder(s) thereof upon the occurrence of any Bankruptcy Event with respect to the Company. Commencing on the date of any Event of Default that results in the eventual acceleration of this Note, the interest rate on this Note shall accrue at an interest rate equal to the greater of 18% per annum or the maximum rate permitted under applicable law. Upon the payment in full of the outstanding principal amount of this Note, plus accrued but unpaid interest and other amounts owing in respect thereof through the date of acceleration, the Holder shall promptly surrender this Note to or as directed by the Company. In connection with such acceleration described herein, the Holders need not provide, and the Company hereby waives, any presentment, demand, protest or other notice of any kind, and the Holder may immediately and without expiration of any grace period enforce any and all of its rights and remedies hereunder and all other remedies available to it under applicable law. Such acceleration may be rescinded and annulled by the holders of a majority of the then outstanding principal amount of the 9.5% Convertible Notes at any time prior to payment hereunder and the Holder shall have all rights as a holder of this Note until such time, if any, as the Holder receives full payment pursuant to this Section 8(b). No such rescission or annulment shall affect any subsequent Event of Default or impair any right consequent thereon.

Section 9. Miscellaneous.

a) Notices. Any and all notices or other communications or deliveries to be provided by the Holder hereunder, including, without limitation, any Notice of Conversion, shall be in writing and delivered personally, by facsimile, or sent by a nationally recognized overnight courier service, addressed to the Company, at the address set forth above, facsimile number 770-234-5730, Attn: Andrew Norstrud, Chief Financial Officer, or such other facsimile number or address as the Company may specify for such purpose by notice to the Holder delivered in accordance with this Section 9. Any and all notices or other communications or deliveries to be provided by the Company hereunder shall be in writing and delivered personally, by facsimile, or sent by a nationally recognized overnight courier service addressed to each Holder at the facsimile number or address of such Holder appearing on the books of the Company, or if no such facsimile number or address appears, at the principal place of business of the Holder. Any notice or other communication or deliveries hereunder shall be deemed given and effective on the earliest of (i) the date of transmission, if such notice or communication is delivered via facsimile at the facsimile number specified in this Section 9 prior to 5:30 p.m. (New York City time), (ii) the date immediately following the date of transmission, if such notice or communication is delivered via facsimile at the facsimile number specified in this Section 9 between 5:30 p.m. (New York City time) and 11:59 p.m. (New York City time) on any date, (iii) the second Business Day following the date of mailing, if sent by nationally recognized overnight courier service, or (iv) upon actual receipt by the party to whom such notice is required to be given.

b) Right of Set-Off. Notwithstanding any other term of this Note, the Company shall have the right at any time and from time to time, to the extent provided in the Merger Agreement, to set off any amounts payable to the holders of the Notes against amounts owing by the SNIH Stockholders (as defined in the Merger Agreement) to the Company or the other Buyer Indemnified Parties (as defined in the Merger Agreement) pursuant to Section 10 or Section 10A of the Merger Agreement. The Company agrees to notify each holder of Notes promptly after any such setoff, which notification shall include a statement describing in reasonable detail the amounts owing to the Company pursuant to Section 10 or Section 10A of the Merger Agreement as to which it exercised such right of setoff, provided however, that the failure to give such notice shall not affect the validity of such setoff. If, however, it is ultimately determined that such amounts were not due to the Company or the other Buyer Indemnified Parties pursuant to Section 10 or Section 10A of the Merger Agreement, then any amounts to which the Company exercised its right of set-off under this 9(b) shall be promptly reinstated under this Note as obligations of the Company.

c) Absolute Obligation. Except as expressly provided herein, no provision of this Note shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and accrued interest, as applicable, on this Note at the time, place, and rate, and in the coin or currency, herein prescribed. This Note is a direct debt obligation of the Company. This Note ranks pari passu with all other Notes now or hereafter issued under the terms set forth herein.

d) Lost or Mutilated Note. If this Note shall be mutilated, lost, stolen or destroyed, the Company shall execute and deliver, in exchange and substitution for and upon cancellation of a mutilated Note, or in lieu of or in substitution for a lost, stolen or destroyed Note, a new Note for the principal amount of this Note so mutilated, lost, stolen or destroyed, but only upon receipt of evidence of such loss, theft or destruction of such Note, and of the ownership hereof, reasonably satisfactory to the Company.

e) Governing Law. All questions concerning the construction, validity, enforcement and interpretation of this Note shall be governed by and construed and enforced in accordance with the internal laws of the State of New York, without regard to the principles of conflict of laws thereof. Each party agrees that all legal proceedings concerning the interpretation, enforcement and defense of the transactions contemplated by any of the Transaction Documents (whether brought against a party hereto or its respective Affiliates (as defined in Rule 12b-2 of the Exchange Act), directors, officers, shareholders, employees or agents) shall be commenced in the state and federal courts sitting in the City of New York, Borough of Manhattan (the "New York Courts"). Each party hereto hereby irrevocably submits to the exclusive jurisdiction of the New York Courts for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby or discussed herein (including with respect to the enforcement of any of the Transaction Documents), and hereby irrevocably waives, and agrees not to assert in any suit, action or proceeding, any claim that it is not personally subject to the jurisdiction of such New York Courts, or such New York Courts are improper or inconvenient venue for such proceeding. Each party hereby irrevocably waives personal service of process and consents to process being served in any such suit, action or proceeding by mailing a copy thereof via registered or certified mail or overnight delivery (with evidence of delivery) to such party at the address in effect for notices to it under this Note and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing contained herein shall be deemed to limit in any way any right to serve process in any other manner permitted by applicable law. Each party hereto hereby irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to this Note or the transactions contemplated hereby. If either party shall commence an action or proceeding to enforce any provisions of this Note, then the prevailing party in such action or proceeding shall be reimbursed by the other party for its attorneys' fees and other costs and expenses incurred in the investigation, preparation and prosecution of such action or proceeding.

f) Waiver. No provision of this Note may be amended or waived without the written consent of the Company and the holders of a majority of the outstanding principal amount of the 9.5% Convertible Notes and the Company; provided, however, that notwithstanding the foregoing, no amendment or waiver of any provision of this Note that would change the interest rate of this Note or extend the Maturity Date of this Note may be made without the prior written consent of the Holder of this Note. Any waiver by the Company or a holder of a breach of any provision of this Note shall not operate as or be construed to be a waiver of any other breach of such provision or of any breach of any other provision of this Note. The failure of the Company or the Holder to insist upon strict adherence to any term of this Note on one or more occasions shall not be considered a waiver or deprive that party of the right thereafter to insist upon strict adherence to that term or any other term of this Note. Any waiver by the Company or the Holder must be in writing.

g) Severability. If any provision of this Note is invalid, illegal or unenforceable, the balance of this Note shall remain in effect, and if any provision is inapplicable to any Person or circumstance, it shall nevertheless remain applicable to all other Persons and circumstances. If it shall be found that any interest or other amount deemed interest due hereunder violates the applicable law governing usury, the applicable rate of interest due hereunder shall automatically be lowered to equal the maximum rate of interest permitted under applicable law. The Company covenants (to the extent that it may lawfully do so) that it shall not at any time insist upon, plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay, extension or usury law or other law which would prohibit or forgive the Company from paying all or any portion of the principal of or interest on this Note as contemplated herein, wherever enacted, now or at any time hereafter in force, or which may affect the covenants or the performance of this indenture, and the Company (to the extent it may lawfully do so) hereby expressly waives all benefits or advantage of any such law, and covenants that it will not, by resort to any such law, hinder, delay or impeded the execution of any power herein granted to the Holder, but will suffer and permit the execution of every such as though no such law has been enacted.

h) Next Business Day. Whenever any payment or other obligation hereunder shall be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day.

i) Headings. The headings contained herein are for convenience only, do not constitute a part of this Note and shall not be deemed to limit or affect any of the provisions hereof.

IN WITNESS WHEREOF, the Company has caused this Note to be duly executed by a duly authorized officer as of the date first above indicated.

March 31, 2017

The Board of Directors of

GEE Group Inc.

184 Shuman Blvd., Suite 420

Naperville, IL 60563

Members of the Board:

Stifel, Nicolaus & Company, Incorporated (“Stifel” or “we”) has been advised that GEE Group Inc. (the “Company” or “GEE”) is considering entering into an Agreement and Plan of Merger (the “Merger Agreement”) with SNI Holdco Inc. (the “Seller”), pursuant to which the Seller will be merged with and into a wholly-owned subsidiary of the Company with the subsidiary continuing as the surviving corporation (the “Merger”), and all issued and outstanding shares (as defined in the Merger Agreement, the “Shares”) of the Seller (the “Seller Common Stock”) will be converted into the right to receive in the aggregate (a) \$44.7 million in cash (the “Cash Consideration”); (b) \$12.5 million aggregate principal amount of convertible notes issued by the Company (the “Convertible Seller Notes”); and (c) an issue of non-voting convertible preferred stock of the Company having an aggregate principal amount of \$28.8 million (the “Convertible Preferred Non-Voting Stock”) (collectively, the “Merger Consideration”), subject to adjustment and on terms and conditions more fully set forth in the Merger Agreement.

The Board of Directors of the Company (the “Board”) has requested Stifel’s opinion, as investment bankers, as to the fairness, from a financial point of view, to the Company of the Merger Consideration to be paid by the Company to the holders of shares in the Merger pursuant to the Merger Agreement (the “Opinion”).

In rendering our Opinion, we have, among other things:

- (i) discussed the Merger and related matters with the Company’s counsel and reviewed a draft copy of the Merger Agreement dated March 30, 2017;

(iii) reviewed the audited consolidated financial statements of the Seller for the three years ended December 31, 2015 and unaudited consolidated financial statements of the Seller for the year ended December 31, 2016;

In rendering our Opinion, we have relied upon and assumed, without independent verification, the accuracy and completeness of all of the financial and other information that was provided to Stifel by or on behalf of the Company or the Seller, or that was otherwise reviewed by Stifel, and have not assumed any responsibility for independently verifying any of such information. With respect to the financial forecasts supplied to us by the Company and the Seller (including, without limitation, potential cost savings and operating synergies realized by a potential acquirer), we have assumed, at the direction of the Company, that they were reasonably prepared on the basis reflecting the best currently available estimates and judgments of the management of the Company and the Seller, as applicable, as to the future operating and financial performance of the Company and the Seller, as applicable, and that they provided a reasonable basis upon which we could form our opinion. Such forecasts and projections were not prepared with the expectation of public disclosure. All such projected financial information is based on numerous variables and assumptions that are inherently uncertain, including, without limitation, factors related to general economic and competitive conditions. Accordingly, actual results could vary significantly from those set forth in such projected financial information. Stifel has relied on this projected information without independent verification or analyses and does not in any respect assume any responsibility for the accuracy or completeness thereof.

The Board of Directors – GEE Group Inc.

We also assumed that there were no material changes in the assets, liabilities, financial condition, results of operations, business or prospects of either the Company or the Seller since the date of the last financial statements of each company made available to us. We did not make or obtain any independent evaluation, appraisal or physical inspection of either the Company's or the Seller's assets or liabilities, the collateral securing any of such assets or liabilities, or the collectability of any such assets nor did we review loan or credit files of the Company or the Seller, nor have we been furnished with any such evaluation or appraisal. Estimates of values of companies and assets do not purport to be appraisals or necessarily reflect the prices at which companies or assets may actually be sold. Because such estimates are inherently subject to uncertainty, Stifel assumes no responsibility for their accuracy. With respect to the pro forma balance sheet provided to us by the Company's management, we have assumed, at the direction of the Company, that it accurately reflects the pro forma combined balance sheet of the Company and the Seller immediately after the closing of the Merger.

We have assumed, with your consent, that there are no factors that would delay or subject to any adverse conditions any necessary regulatory or governmental approval and that all conditions to the Merger will be satisfied and not waived. In addition, we have assumed that the definitive Merger Agreement will not differ materially from the draft we reviewed. We have also assumed that the Merger will be consummated substantially on the terms and conditions described in the Merger Agreement, without any waiver of material terms or conditions by the Company or any other party and without any anti-dilution or other adjustment to the Merger Consideration, and that obtaining any necessary regulatory approvals or satisfying any other conditions for consummation of the Merger will not have an adverse effect on the Company, the Seller or the Merger. We have assumed that all representations and warranties of the Seller and its shareholders in the Merger Agreement are true and correct and that no additional payments will be required by GEE, any subsidiary of GEE or the Seller on account of dissenter's or appraisal rights or in respect of shareholder claims for breach of fiduciary duty, breach of contract or otherwise. We have assumed that the Merger will be consummated in a manner that complies with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable federal and state statutes, rules and regulations. We have assumed that each share of Convertible Preferred Non-Voting Stock to be issued by GEE in the Merger has the same economic value as a share of GEE's common stock, based on the volume weighted average closing price of GEE common stock as reported on the NYSE MKT market for the twenty (20) trading days preceding the signing of the Merger Agreement. We have further assumed that the Company has relied upon the advice of its counsel, independent accountants and other advisors (other than Stifel) as to all legal, financial reporting, tax, accounting and regulatory matters with respect to the Company, the Merger and the Merger Agreement.

Our Opinion is limited to whether the Merger Consideration to be paid by the Company to the holders of Shares is fair to the Company, from a financial point of view, and does not address any other terms, aspects or implications of the Merger including, without limitation, the form or structure of the Merger, any consequences of the Merger on the Company, its stockholders, creditors or otherwise, or any terms, aspects or implications of any voting, support, stockholder or other agreements, arrangements or understandings contemplated or entered into in connection with the Merger or otherwise. Our Opinion also does not consider, address or include: (i) any other strategic alternatives currently (or which have been or may be) contemplated by the Board or the Company; (ii) the legal, tax or accounting consequences of the Merger on the Company or the holders of the Company's Common Stock including, without limitation, whether or not the Merger will qualify as a tax-free reorganization pursuant to Section 368 of the Internal Revenue Code; (iii) the fairness of the amount or nature of any compensation to any of the Company's officers, directors or employees, or class of such persons, relative to the compensation to the holders of the Company's securities; (iv) the effect of the Merger on holders of any class of securities of the Company, or any class of securities of any other party to any transaction contemplated by the Merger Agreement; (v) whether the Company has sufficient cash, available lines of credit or other sources of funds to enable it to pay the Cash Consideration component of the Merger Consideration to the holders of Shares of Seller Common Stock at the closing of the Merger; (vi) the allocation among holders of Shares of the Convertible Preferred Non-Voting Stock, the Convertible Seller Note and the Cash Consideration; or (vii) any advice or opinions provided by Robert W. Baird & Co. Incorporated, Grant Thornton LLP, or any other advisor to the Company or the Seller. We do not address, in our analyses, our Opinion, or otherwise, among other things, any individual transaction or group of transactions, or other terms, conditions or any other aspect of any individual transaction or group of transactions, that is or are a part of the Merger, including without limitation any terms or conditions of any of the agreements relating to the issuance or potential issuance of Convertible Seller Note and Convertible Preferred Non-Voting Stock of the Company in the Merger. Furthermore, we are not expressing any opinion herein as to the prices, trading range or volume at which the Company's securities will trade following public announcement or consummation of the Merger.

Our Opinion is necessarily based on economic, market, financial and other conditions as they exist on, and on the information made available to us by or on behalf of the Company or its advisors, or information otherwise reviewed by Stifel, as of the date of this Opinion. It is understood that subsequent developments may affect the conclusion reached in this Opinion and that Stifel does not have any obligation to update, revise or reaffirm this Opinion. Further, as the Board is aware, our Opinion is solely for the information of, and is solely directed to, the Board for its information and assistance in connection with its consideration of the financial terms of the Merger and is not to be relied upon by any shareholder of the Company or the Seller or any other person or entity. As such, our duty runs only to the Board and not to any shareholders of the Company or any other person. Our Opinion does not constitute a recommendation to the Board as to how the Board should vote on the Merger or to any shareholder of the Company or the Seller as to how any such shareholder should vote at any shareholders' meeting at which the Merger is considered, or whether or not any shareholder of the Company or the Seller should enter into a voting, shareholders', or affiliates' agreement with respect to the Merger, elect to receive the Cash Consideration, the Convertible Seller Note or the Convertible Preferred Non-Voting Stock (or any combination thereof), or exercise any dissenters' or appraisal rights that may be available to a shareholder of the Seller. In addition, the Opinion does not compare the relative merits of

the Merger with any other alternative transactions or business strategies which may have been available to the Company and does not address the underlying business decision of the Board or the Company to proceed with or effect the Merger. We were not requested to, and we did not, explore alternatives to the Merger or solicit the interest of any other parties in pursuing transactions with the Company.

Stifel, as part of its investment banking services, is regularly engaged in the independent valuation of businesses and securities in connection with mergers, acquisitions, underwritings, sales and distributions of listed and unlisted securities, private placements and valuations for estate, corporate and other purposes. We have acted as financial advisor to the Company in connection with the Merger and will receive a fee for our services, a substantial portion of which is contingent upon the completion of the Merger (the “Advisory Fee”). We have also acted as financial advisor to the Board and will receive a fee upon the delivery of this Opinion that is not contingent upon consummation of the Merger (the “Opinion Fee”). In addition, Stifel acted as a financing agent for the Company in connection with the Merger for which Stifel will be paid customary financing fees by the Company at closing of the Merger (“Financing Fees”). Except for the Advisory Fee and Financing Fees specified in our engagement letter, we will not receive any other significant payment or compensation contingent upon the successful consummation of the Merger. In addition, the Company has agreed to indemnify us for certain liabilities arising out of our engagement. Other than the present engagement by the Company, there are no material relationships that existed during the two years prior to the date of this Opinion or that are mutually understood to be contemplated in which any compensation was received or is intended to be received as a result of the relationship between Stifel and any party to the Merger. Stifel may seek to provide investment banking services to the Company or its affiliates in the future, for which we would seek customary compensation. In the ordinary course of business, Stifel and our clients may transact in the equity securities of the Company and may at any time hold a long or short position in such securities.

Stifel’s Fairness Opinion Committee has approved the issuance of this Opinion. Our Opinion may not be published or otherwise used or referred to, nor shall any public reference to Stifel be made, without our prior written consent, except in accordance with the terms and conditions of Stifel’s engagement letter agreement with the Company.

Based upon and subject to the foregoing, we are of the opinion that, as of the date hereof, the Merger Consideration to be paid by the Company to the holders of Shares of Seller Common Stock in the Merger pursuant to the Merger Agreement is fair to the Company, from a financial point of view.

Very truly yours,

STIFEL, NICOLAUS & COMPANY, INCORPORATED

This Annual Report on Form 10-K includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The Company has based these forward-looking statements on the Company’s current expectations and projections about future events. These forward-looking statements are subject to known and unknown risks, uncertainties and assumptions about us and the Company’s subsidiaries that may cause the Company’s actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as “may,” “will,” “should,” “could,” “would,” “expect,” “plan,” “anticipate,” “believe,” “estimate,” “continue” or the negative of such terms or other similar expressions. Factors that might cause or contribute to such a material difference include, but are not limited to, those discussed elsewhere in this Annual Report, including the section entitled “Risk Factors” and the risks discussed in the Company’s other Securities and Exchange Commission filings. The following discussion should be read in conjunction with the Company’s audited Financial Statements and related Notes thereto included elsewhere in this report.

Item 1. Business.

General

GEE Group Inc. (the “Company”, “us”, “our” or “we”) was incorporated in the State of Illinois in 1962 and is the successor to employment offices doing business since 1893. The Company has several corporations and names it does business under and are all consolidated under GEE Group, Inc. These names include Triad Personnel Services, Inc., General Employment, Ashley Ellis and Omni One.

In April 2015, the Company entered into a stock exchange agreement with Brittany M. Dewan as Trustee of the Derek E. Dewan Irrevocable Living Trust II dated the 27th of July, 2010, Brittany M. Dewan, individually, Allison Dewan, individually, Mary Menze, individually, and Alex Stuckey, individually (collectively, the “Scribe Shareholders”), pursuant to which the Company acquired 100% of the outstanding stock of Scribe Solutions Inc., a provider of data entry assistants (medical scribes) who specialize in electronic medical records (EMR) services for emergency departments, specialty physician practices and clinics (“Scribe”), from the Scribe Shareholders for 640,000 shares of Series A Preferred Stock of the Company. In addition, the Company issued to the Scribe Shareholders warrants to purchase shares of the Company’s common stock in exchange for warrants to purchase shares of Scribe’s common stock.

In July 2015, the Company entered a stock purchase agreement with Tricia Dempsey (the “Agile Seller”), pursuant to which the Company acquired on July 31, 2015, 100% of the outstanding stock of Agile Resources, Inc., a Georgia corporation and a provider of innovative IT staffing solutions and IT consulting services, for up to a total of approximately \$4,000,000 in consideration, subject to certain adjustments. The purchase price consisted of \$2,500,000 in cash (subject to minimum working capital), the issuance to the Agile Seller of 120,192 shares of Company common stock and up to \$500,000 of an “earnout”.

On October 4, 2015, the Company entered a Stock Purchase Agreement with William Daniel Dampier and Carol Lee Dampier (the “Access Sellers”) pursuant to which the Company acquired on October 4, 2015, 100% of the outstanding stock of Access Data Consulting Corporation., a Colorado corporation, for a purchase price equal to approximately \$16,000,000 in consideration. The purchase price consisted of \$8,000,000 in cash (subject to minimum working capital), the issuance to the Access Sellers 327,869 shares of Company common stock, a Promissory note in the aggregate of \$3,000,000 and up to \$2,000,000 of an “earnout”. On April 4, 2016, the Company issued approximately 123,000 of additional shares of common stock to the Sellers of Access Data Consulting Corporation. This was based on market value of the stock on April 4, 2016 being approximately \$544,000 less than \$2,000,000 six month guaranteed and based on the closing stock price of \$4.44 per common share. The Company recognized a loss on change of contingent consideration of approximately \$44,000 for the year ended September 30, 2016. The Company also recognized a gain of approximately \$2,000,000 on a change in contingent consideration, as the earnout was not achieved. In addition, the Company increased the original purchase price by approximately \$600,000 related to a mutual tax election as described in the purchase agreement.

Table of Contents

On January 1, 2016, the Company entered a Stock Purchase Agreement (the "Paladin Agreement") with Enoch S. Timothy and Dorothy Timothy . Pursuant to the terms of the Paladin Agreement the Company acquired on January 1, 2016, 100% of the outstanding stock of Paladin Consulting Inc., a Texas corporation ("Paladin"), for a purchase price (the "Purchase Price") equal to \$1,750,000, minus the Circle Lending Loan Amount (as defined in the Paladin Agreement) plus up to \$1,000,000 in contingent promissory notes, minus the NWC Reduction Amount (as defined in the Paladin Agreement) (if any) plus up to \$1,250,000 of "earnouts", for a total of approximately \$2,625,000.

Recent Developments

On October 9, 2015, the Company filed a certificate of change to our amended and restated articles of incorporation with the Secretary of the State of Illinois to effectuate a reverse stock split of our issued and outstanding common stock on a 1-for-10 basis (the "Reverse Stock Split"); and increased the total number of authorized shares of Common Stock of the Company from 20,000,000, post Reverse Stock Split, to 200,000,000 (the "Capital Increase"). The Reverse Stock Split and the Capital Increase, were approved by the Company's shareholders at an annual meeting held on September 15, 2015.

The Reverse Stock Split became effective with the FINRA as of the open of business on October 9, 2015. As a result of the Reverse Stock Split, every 10 shares of our pre-Reverse Split common stock was combined and reclassified into one share of our common stock. No fractional shares of common stock were issued as a result of the Reverse Split.

Throughout this annual report on form 10-K, each instance that refers to a number of shares of our common stock, refers to the number of shares of common stock after giving effect to the Reverse Stock Split, unless otherwise indicated.

On July 12, 2016, the Company filed an Articles of Amendment to its Amended and Restated Certificate of Incorporation (the "Articles of Amendment") with the Secretary of State of Illinois to change the name of the Company to "GEE Group Inc." (the "Name Change Amendment"). The Name Change Amendment was approved by the Company's shareholders at the annual meeting held on July 12, 2016, and became effective on July 18, 2016.

The Company effected this name change to better reflect the fact that it provides and markets its staffing services under a variety of different trade names and operating brands. The Company's new CUSIP number for the Company's Common Stock, no par value, in connection with the Name Change Amendment is 36165A 201.

A form of the Articles of Amendment that was filed with the Secretary of State of Illinois was filed as Exhibit 3.1 to the Form 8-K filed with the SEC on July 14, 2016.

Marketing

The Company markets its services using the trade names General Employment Enterprises, Omni One, Business Management Personnel, Ashley Ellis, Agile Resources, Scribe Solutions Inc., Access Data Consulting Corporation, Paladin Consulting Inc., Triad Personnel Services, Triad Staffing, Generation Technologies, BMCH, and BMCHPA. As of September 30, 2016, we operated twenty branch offices in downtown or suburban areas of major U.S. cities in ten states. We have one office located in each of Arizona, Colorado, Georgia, Indiana, Illinois and Massachusetts, two offices in each of California, Texas, three offices in Florida and seven offices in Ohio.

The Company markets its staffing services to prospective clients primarily through telephone marketing by its recruiting and sales consultants, and through mailing of employment bulletins which list candidates available for placement and contract employees available for assignment.

There was no customer that represented more than 10% of the Company's consolidated revenue in fiscal 2016 or fiscal 2015.

Competition

The staffing industry is highly competitive. There are relatively few barriers to entry by firms offering placement services, while significant amounts of working capital typically are required for firms offering contract services. The Company's competitors include many sole-proprietorship operations, as well as regional and national organizations. Many of them are large corporations with substantially greater resources than the Company.

The Company's professional and industrial staffing services compete by providing highly qualified candidates who are well matched for the position, by responding quickly to client requests, and by establishing offices in convenient locations. As part of its service, the Company provides professional reference checking, scrutiny of candidates' work experience and optional background checks. In general, pricing is secondary to quality of service as a competitive factor. During slow hiring periods, however, competition can put pressure on the Company's pricing.

Recruiting

The success of the Company's services is highly dependent on its ability to obtain qualified candidates. Prospective employment candidates are generally recruited over the telephone, by the Company's employment consultants or through postings on the Internet. For Internet postings, the Company maintains its own web page at www.geegroup.com and uses other Internet job posting bulletin board services. The Company maintains database records of applicants' skills to assist in matching them with job openings and contract assignments. The Company generally screens and interviews all applicants who are presented to its clients.

Employees

As of September 30, 2016, the Company had approximately 147 regular employees and the number of contract service employees varied week to week from a minimum of approximately 900 to a maximum of 7,100.

Item 1A. Risk Factors.

WE HAVE EXPERIENCED LOSSES FROM OPERATIONS AND MAY NOT BE PROFITABLE IN THE FUTURE.

The Company experienced a loss for the year ended September 30, 2015. There can be no assurance that the Company will not incur losses in the future. There are no assurances that the Company will be able to generate sufficient revenue to meet its operating expenditures or operate profitably in the future.

RECENT GLOBAL TRENDS IN THE FINANCIAL MARKETS COULD ADVERSELY AFFECT OUR BUSINESS, LIQUIDITY AND FINANCIAL RESULTS.

Recent global economic conditions, including disruption of financial markets, could adversely affect our business and results of operations, primarily through limiting our access to credit, our ability to refinance debt and disrupting our customers' businesses, which are heavily dependent on retail and e-commerce transactions. Although we currently believe that we will be able to obtain the necessary financing in the future, there is no assurance that these institutions will be able to loan us the necessary capital, which could have a material adverse impact on our business. In addition, continuation or worsening of general market conditions in the United States economy important to our businesses may adversely affect our customers' level of spending, ability to obtain financing for acquisitions and ability to make timely payments to us for our services, which could require us to increase our allowance for doubtful accounts, negatively impact our days sales outstanding and adversely affect our results of operations.

WE DEPEND ON ATTRACTING, INTEGRATING, MANAGING, AND RETAINING QUALIFIED PERSONNEL.

Our success depends upon our ability to attract, integrate, manage and retain personnel who possess the skills and experience necessary to fulfill our clients' needs. Our ability to hire and retain qualified personnel could be impaired by any diminution of our reputation, decrease in compensation levels relative to our competitors or modifications to our total compensation philosophy or competitor hiring programs. If we cannot attract, hire and retain qualified personnel, our business, financial condition and results of operations may suffer. Our future success also depends upon our ability to manage the performance of our personnel. Failure to successfully manage the performance of our personnel could affect our profitability by causing operating inefficiencies that could increase operating expenses and reduce operating income.

WE MAY NOT BE ABLE TO COMPETE EFFECTIVELY.

Competition in the market for placement and staffing services is intense. The Company faces competition from many larger, more established companies. In addition, other companies could seek to introduce competing services and increased competition could result in a decrease in the price charged by the Company's competitors for their services or reduce demand for the Company's products and services, which would have a material adverse effect on the Company's business, operating results and financial condition. There can be no assurance that the Company will be able to compete successfully with its existing or potential competitors, which may have substantially greater financial, technical, and marketing resources, longer operating histories, greater name recognition or more established relationships in the industry than the Company. If any of these competitors provides competitive services to the marketplace in the future, the Company cannot be sure that it will have the resources or expertise to compete successfully.

CHANGES IN GOVERNMENT REGULATION COULD LIMIT OUR GROWTH OR RESULT IN ADDITIONAL COSTS OF DOING BUSINESS.

We are subject to the same federal, state and local laws as other companies conducting placement and staffing services, which is extensive. The adoption or modification of laws related to the placement and staffing industry, such as the Healthcare for America Plan, could harm our business, operating results and financial condition by increasing our costs and administrative burdens.

Table of Contents

INTERRUPTION OF THE COMPANY'S BUSINESS COULD RESULT FROM INCREASED SECURITY MEASURES IN RESPONSE TO TERRORISM.

The continued threat of terrorism within the United States and the ongoing military action and heightened security measures in response to such threat has and may cause significant disruption to commerce. The U.S. economy in general is being adversely affected by terrorist activities and potential activities. Any economic downturn could adversely impact the Company's results of operations, impair the Company's ability to raise capital or otherwise adversely affect the Company's ability to grow the business. It is impossible to predict how this may affect the Company's business or the economy in the U.S. and in the world. In the event of further threats or acts of terrorism, the Company's business and operations may be severely and adversely affected or destroyed.

SUBSTANTIAL ALTERATION OF THE COMPANY'S CURRENT BUSINESS AND REVENUE MODEL COULD HURT SHORT-TERM RESULTS.

The Company's present business and revenue model represents the current view of the optimal business and revenue structure, which is to derive revenues and achieve profitability in the shortest period. There can be no assurance that current models will not be altered significantly or replaced with an alternative model that is driven by motivations other than near-term revenues and/or profitability (for example, building market share before the Company's competitors). Any such alteration or replacement of the business and revenue model may ultimately result in the deferring of certain revenues in favor of potentially establishing larger market share. The Company cannot assure that any adjustment or change in the business and revenue model will prove to be successful.

THE REQUIREMENTS OF BEING A PUBLIC COMPANY MAY STRAIN OUR RESOURCES AND DISTRACT MANAGEMENT.

As a public company, we are subject to the reporting requirements of the Exchange Act and the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act"). These requirements are extensive. The Exchange Act requires that we file annual, quarterly and current reports with respect to our business and financial condition. The Sarbanes-Oxley Act requires that we maintain effective disclosure controls and procedures and internal controls over financial reporting.

We may incur significant costs associated with our public company reporting requirements and costs associated with applicable corporate governance requirements. We expect all of these applicable rules and regulations to significantly increase our legal and financial compliance costs and to make some activities more time consuming and costly. This may divert management's attention from other business concerns, which could have a material adverse effect on our business, financial condition and results of operations. We also expect that these applicable rules and regulations may make it more difficult and more expensive for us to obtain director and officer liability insurance and we may be

required to accept reduced policy limits and coverage or incur substantially higher costs to obtain the same or similar coverage. As a result, it may be more difficult for us to attract and retain qualified individuals to serve on our Board of Directors or as executive officers. We are currently evaluating and monitoring developments with respect to these rules, and we cannot predict or estimate the amount of additional costs we may incur or the timing of such costs.

FAILURE TO ACHIEVE AND MAINTAIN EFFECTIVE INTERNAL CONTROLS IN ACCORDANCE WITH SECTION 404 OF THE SARBANES-OXLEY ACT COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR BUSINESS AND OPERATING RESULTS. IN ADDITION, CURRENT AND POTENTIAL STOCKHOLDERS COULD LOSE CONFIDENCE IN OUR FINANCIAL REPORTING, WHICH COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR STOCK PRICE.

Effective internal controls are necessary for us to provide reliable financial reports and effectively prevent fraud. If we cannot provide reliable financial reports or prevent fraud, our operating results could be harmed. We are required to document and test our internal control procedures in order to satisfy the requirements of Section 404 of the Sarbanes-Oxley Act, which requires annual management assessments of the effectiveness of our internal controls over financial reporting. During the course of our testing, we may identify deficiencies which we may not be able to remediate in time for compliance with the requirements of Section 404. In addition, if we fail to maintain the adequacy of our internal controls, as such standards are modified, supplemented or amended from time to time; we may not be able to ensure that we can conclude on an ongoing basis that we have effective internal controls over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act. Failure to achieve and maintain an effective internal control environment could also cause investors to lose confidence in our reported financial information, which could have a material adverse effect on our stock price.

Table of Contents

We cannot provide assurance as to the result of these efforts. We cannot be certain that any measures we take will ensure that we implement and maintain adequate internal controls in the future. Any failure to implement required new or improved controls, or difficulties encountered in their implementation, could harm our operating results or cause us to fail to meet our reporting obligations.

A MORE ACTIVE, LIQUID TRADING MARKET FOR OUR COMMON STOCK MAY NOT DEVELOP, AND THE PRICE OF OUR COMMON STOCK MAY FLUCTUATE SIGNIFICANTLY.

Although our common stock is listed on the NYSE MKT, we cannot assure you that an active public market will develop for our common stock. There has been relatively limited trading volume in the market for our common stock, and a more active, liquid public trading market may not develop or may not be sustained. Limited liquidity in the trading market for our common stock may adversely affect a stockholder's ability to sell its shares of common stock at the time it wishes to sell them or at a price that it considers acceptable. If a more active, liquid public trading market does not develop, we may be limited in our ability to raise capital by selling shares of common stock and our ability to acquire other companies or assets by using shares of our common stock as consideration. In addition, if there is a thin trading market or "float" for our stock, the market price for our common stock may fluctuate significantly more than the stock market as a whole. Without a large float, our common stock would be less liquid than the stock of companies with broader public ownership and, as a result, the trading prices of our common stock may be more volatile. Furthermore, the stock market is subject to significant price and volume fluctuations, and the price of our common stock could fluctuate widely in response to several factors, including:

- our quarterly or annual operating results;
- changes in our earnings estimates;
- investment recommendations by securities analysts following our business or our industry;
- additions or departures of key personnel;
- changes in the business, earnings estimates or market perceptions of our competitors;
- our failure to achieve operating results consistent with securities analysts' projections;
- changes in industry, general market or economic conditions; and
- announcements of legislative or regulatory changes.

The stock market has experienced extreme price and volume fluctuations in recent years that have significantly affected the quoted prices of the securities of many companies, including companies in our industry. The changes often appear to occur without regard to specific operating performance. The price of our common stock could fluctuate based upon factors that have little or nothing to do with our company and these fluctuations could materially reduce our stock price.

NO DIVIDENDS ANTICIPATED.

We intend to retain all future earnings for use in the development of our business and do not anticipate paying any cash dividends on our common stock in the near future.

WE MAY NOT BE ABLE TO OBTAIN THE NECESSARY ADDITIONAL FINANCING TO ACHIEVE OUR STRATEGIC GOALS.

There is no guarantee that we will be able to obtain any additional financing that may be required to continue to expand our business. Our continued viability depends on our ability to raise capital. Changes in economic, regulatory or competitive conditions may lead to cost increases. Management may also determine that it is in our best interest to expand more rapidly than currently intended, to expand marketing activities, to develop new or enhance existing services or products, to respond to competitive pressures or to acquire complementary services, businesses or technologies. In any such case or other change of circumstance, additional financing will be necessary. If any additional financing is required, there can be no assurances that we will be able to obtain such additional financing on terms acceptable to us and at times required by us, if at all. In such event, we may be required to materially alter our business plan or curtail all or a part of our expansion plans.

Table of Contents

WE MAY NOT BE ABLE TO MANAGE EXPECTED GROWTH AND INTERNAL EXPANSION.

We have not yet undergone the significant managerial and internal expansion that we expect will occur, and our inability to manage growth could hurt our results of operations. Expansion of our operations will be required to address anticipated growth of our customer base and market opportunities. Expansion will place a significant strain on our management, operational and financial resources. Currently, we have a limited number of employees. We will need to improve existing procedures and controls as well as implement new transaction processing, operational and financial systems, procedures and controls to expand, train and manage our employee base. Our failure to manage growth effectively could have a damaging effect on our business, results of operations and financial condition.

WE COULD BE HARMED BY IMPROPER DISCLOSURE OR LOSS OF SENSITIVE OR CONFIDENTIAL COMPANY, EMPLOYEE, ASSOCIATE OR CLIENT DATA, INCLUDING PERSONAL DATA.

In connection with the operation of our business, we store, process and transmit a large amount of data, including personnel and payment information, about our employees, clients, associates and candidates, a portion of which is confidential and/or personally sensitive. In doing so, we rely on our own technology and systems, and those of third party vendors we use for a variety of processes. We and our third party vendors have established policies and procedures to help protect the security and privacy of this information. Unauthorized disclosure or loss of sensitive or confidential data may occur through a variety of methods. These include, but are not limited to, systems failure, employee negligence, fraud or misappropriation, or unauthorized access to or through our information systems, whether by our employees or third parties, including a cyberattack by computer programmers, hackers, members of organized crime and/or state-sponsored organizations, who may develop and deploy viruses, worms or other malicious software programs.

Such disclosure, loss or breach could harm our reputation and subject us to government sanctions and liability under our contracts and laws that protect sensitive or personal data and confidential information, resulting in increased costs or loss of revenues. It is possible that security controls over sensitive or confidential data and other practices we and our third party vendors follow may not prevent the improper access to, disclosure of, or loss of such information. The potential risk of security breaches and cyberattacks may increase as we introduce new services and offerings, such as mobile technology. Further, data privacy is subject to frequently changing rules and regulations, which sometimes conflict among the various jurisdictions in which we provide services. Any failure or perceived failure to successfully manage the collection, use, disclosure, or security of personal information or other privacy related matters, or any failure to comply with changing regulatory requirements in this area, could result in legal liability or impairment to our reputation in the marketplace.

WE COULD BE ADVERSELY AFFECTED BY RISKS ASSOCIATED WITH ACQUISITIONS AND JOINT VENTURES.

We intend to expand our business through investments in joint ventures with, or acquisitions of, complementary businesses, technologies, services or products, subject to our business plans and management's ability to identify, acquire and develop suitable investments or acquisition targets in both new and existing service categories. In certain circumstances, acceptable investments or acquisition targets might not be available. Acquisitions involve a number of risks, including: (1) difficulty in integrating the operations, technologies, products and personnel of an acquired business, including consolidating redundant facilities and infrastructure; (2) potential disruption of our ongoing business and the distraction of management from our day-to-day operations; (3) difficulty entering markets in which we have limited or no prior experience and in which competitors have a stronger market position; (4) difficulty maintaining the quality of services that such acquired companies have historically provided; (5) potential legal and financial responsibility for liabilities of acquired businesses; (6) overpayment for the acquired company or assets or failure to achieve anticipated benefits, such as cost savings and revenue enhancements; (7) increased expenses associated with completing an acquisition and amortizing any acquired intangible assets; (8) challenges in implementing uniform standards, accounting policies, customs, controls, procedures and policies throughout an acquired business; (9) failure to retain, motivate and integrate key management and other employees of the acquired business; and (10) loss of customers and a failure to integrate customer bases.

In addition, if we incur indebtedness to finance an acquisition, it may reduce our capacity to borrow additional amounts and require us to dedicate a greater percentage of our cash flow from operations to payments on our debt, thereby reducing the cash resources available to us to fund capital expenditures, pursue other acquisitions or investments in new business initiatives and meet general corporate and working capital needs. This increased indebtedness may also limit our flexibility in planning for, and reacting to, changes in or challenges relating to our business and industry.

Table of Contents

The use of our common stock or other securities (including those convertible into or exchangeable or exercisable for our common stock) to finance any such acquisition may also result in dilution of our existing shareholders.

The potential risks associated with future acquisitions could disrupt our ongoing business, result in the loss of key customers or personnel, increase expenses and otherwise have a material adverse effect on our business, results of operations and financial condition.

WE FACE SIGNIFICANT EMPLOYMENT-RELATED LEGAL RISK.

We employ people internally and in the workplaces of other businesses. Many of these individuals have access to client information systems and confidential information. An inherent risk of such activity includes possible claims of errors and omissions; intentional misconduct; release, misuse or misappropriation of client intellectual property, confidential information, funds, or other property; cyber security breaches affecting our clients and/or us; discrimination and harassment claims; employment of illegal aliens; criminal activity; torts; or other claims. Such claims may result in negative publicity, injunctive relief, criminal investigations and/or charges, civil litigation, payment by us of monetary damages or fines, or other material adverse effects on our business.

Item 1B. Unresolved Staff Comments.

Not applicable.

Item 2. Properties.

The Company's policy is to lease commercial office space for all of its offices. The Company's headquarters are located in a building near Chicago, Illinois. The Company leases approximately 5,000 square feet of space at that location under a lease that will expire in 2018.

The Company's staffing offices are located in downtown and suburban business centers in the following ten states: Arizona, California, Colorado, Florida, Georgia, Illinois, Indiana, Massachusetts, Ohio, and Texas. Established offices are operated from leased space ranging from 800 to 7,500 square feet, generally for initial lease periods of one to five years, with cancellation clauses after certain periods of occupancy in some cases. Management believes that existing facilities are adequate for the Company's current needs and that its leasing strategies provide the Company with

sufficient flexibility to open or close offices to accommodate business needs.

Item 3. Legal Proceedings.

As of September 30, 2016, the Company was not a party to any material legal proceedings.

Item 4. Mine Safety Disclosures.

Not applicable.

Securities Authorized for Issuance under Equity Compensation Plans

As of September 30, 2016, there were stock options outstanding under the Company's 1995 Stock Option Plan, Second Amended and Restated 1997 Stock Option Plan, 1999 Stock Option Plan and the 2011 Company Incentive Plan. All four plans were approved by the shareholders. The 1995 Stock Option Plan and the 1999 Stock Option Plan have expired, and no further options may be granted under those plans. During fiscal 2009, the Second Amended and Restated 1997 Stock Option Plan was amended to make an additional 59,200 options available for granting and as of September 30, 2013, there were no shares available for issuance under the Amended and Restated 1997 Stock Option Plan. As of September 30, 2016, there were shares available for issuance under the 2011 Company Incentive Plan, however management does not anticipate issuing any shares under this plan. The plans granted specified numbers of options to non-employee directors, and they authorized the Compensation Committee of the Board of Directors to grant either incentive or non-statutory stock options to employees. Vesting periods are established by the Compensation Committee at the time of grant. All stock options outstanding as of September 30, 2016 and September 30, 2015 were non-statutory stock options, had exercise prices equal to the market price on the date of grant, and had expiration dates ten years from the date of grant.

On July 23, 2013, the Board of Directors approved the Company's 2013 Incentive Stock Plan (the "2013 Plan"), and resolved to cease issuing securities under all prior Company equity compensation plans. The 2013 Plan was approved by the Company's shareholders at the Annual Meeting of Stockholders on September 9, 2013. The purpose of the 2013 Plan is to provide additional incentives to select persons who can make, are making, and continue to make substantial contributions to the growth and success of the Company, to attract and retain the employment and services of such persons, and to encourage and reward such contributions, by providing these individuals with an opportunity to acquire or increase stock ownership in the Company through either the grant of options or restricted stock. The 2013 Plan is administered by the Compensation Committee or such other committee as is appointed by the Board of Directors pursuant to the 2013 Plan (the "Committee"). The Committee has full authority to administer and interpret the provisions of the 2013 Plan including, but not limited to, the authority to make all determinations with regard to the terms and conditions of an award made under the 2013 Plan. The maximum number of shares that may be granted under the 2013 Plan is 1,000,000. This number is subject to adjustment to reflect changes in the capital structure or organization of the Company.

Overview

We specialize in the placement of information technology, engineering, and accounting professionals for direct hire and contract staffing for our clients, and provide temporary staffing services for our light industrial clients. As a result of our acquisition of Scribe Solutions in April 2015, we now also offer data entry assistants (medical scribes) who specialize in electronic medical records (EMR) services for emergency departments, specialty physician practices and clinics. There is currently a growing need for medical scribes due to the rise in EMR being utilized for billing and documentation of health care services and the meaningful use requirements that are part of the Affordable Care Act. The acquisitions of Agile Resources, Inc. a Georgia Corporation ("Agile"), Access Data Consulting Corporation, a Colorado corporation ("Access") and Paladin Consulting Inc., a Texas corporation ("Paladin") expanded our geographical footprint within the placement and contract staffing of information technology.

Our staffing services are provided through a network of twenty branch offices located in downtown or suburban areas of major U.S. cities in ten states. We have one office located in each of Arizona, Colorado, Georgia, Indiana, Illinois and Massachusetts, two offices in each of California, and Texas, three offices in Florida and seven offices in Ohio.

Table of Contents

Management has implemented a strategy which included cost reduction efforts as well as identifying strategic acquisitions, financed primarily through the issuance of equity and debt, to improve the overall profitability and cash flows of the Company. We believe our current segments complement one another and position us for future growth.

Results of Operations*Net Revenues*

Consolidated net revenues are comprised of the following:

(In Thousands)	Year Ended September 30,	
	2016	2015
Industrial contract services	\$ 21,916	\$ 26,499
Professional contract services	54,249	10,223
Direct hire placement services	6,909	6,665
Consolidated net revenues	\$ 83,074	\$ 43,387

Consolidated net revenues increased approximately \$39,687,000 or 91% compared with the same period last year. The Company acquired Scribe as of April 1, 2015, Agile as of July 31, 2015, Access as of October 4, 2015, and Paladin as of January 1, 2016, which increased the professional contract services by approximately \$3,915,000, \$10,725,000, \$19,015,000 and \$14,461,000, respectively. The Acquisition of Agile, Access and Paladin increased direct hire placement service revenue by approximately \$841,000, \$196,000, and \$236,000, respectively for the year ended September 30, 2016. With the July 2015 capital raise and addition of executive management, the Company has stabilized its sales force and is investing in revenue growth. Industrial contract services were down due to the loss of a client, subsequent to the period ended March 31, 2015, with annual revenues of approximately two million dollars and due to certain non-profitable business that management eliminated. Management continues to take action to increase the number of experienced sales agents and recruiters to increase sales.

Cost of Contract Services

Consolidated cost of contract services are comprised of the following:

(In Thousands)	Year Ended September 30,	
	2016	2015
Industrial contract services	\$ 19,037	\$ 23,234
Professional contract services	40,408	7,000
Consolidated cost of contract services	\$ 59,445	\$ 30,234

Cost of services includes wages and related payroll taxes and employee benefits of the Company's employees while they work on contract assignments. Cost of contract services for the year ended September 30, 2016, increased by approximately 97% to approximately \$59 million compared with the prior year of approximately \$30 million. Cost of contract services, as a percentage of contract revenue, for the year ended September 30, 2016, increased by approximately 2% to 72% compared to 70% in the prior year. The change in the contract revenue gross margin is related to several factors, including the addition of lower gross margin from the Paladin acquisition as of January 1, 2016, offset by higher professional service contract revenue due to acquisitions and the overall decrease in our workers' compensation rates for the state of Ohio.

Gross Profit percentage by segment:

	Year Ended	Year Ended
	September 30,	September 30,
Gross Profit Margin %	2016	2015

Industrial contract services	13.1%	12.3%
Professional contract services	25.5%	31.5%
Combined Gross Profit Margin % (1)	28.4%	30.3%

(1) Includes gross profit from direct hire placements, which all associated costs are recorded as selling, general and administrative expenses.

Selling, General and Administrative Expenses

Selling, general and administrative expenses include the following categories:

- Compensation and benefits in the operating divisions, which includes salaries, wages and commissions earned by the Company's employment consultants and branch managers on permanent and temporary placements.

The Company's largest selling, general and administrative expense is for compensation in the operating divisions. Most of the Company's sales agents and recruiters are paid on a commission basis and receive advances against future commissions. When commissions are earned, prior advances are applied against them and the sales agent or recruiter is paid the net amount. The Company recognizes the full amount as commission expense, and advance expense is reduced by the amount recovered. Thus, the Company's advance expense represents the net amount of advances paid, less amounts applied against commissions, plus commission accruals for billed but uncollected revenue.

Selling, general and administrative expenses for the year ended September 30, 2016, increased by approximately \$6.1 million to approximately \$19.9 million as compared to the prior year of approximately \$13.8 million. The increase was primarily related to the general selling, general and administrative expenses of Agile, Access and Paladin following their acquisitions by the Company.

Acquisition, Integration and Restructuring Charges

Acquisition, integration and restructuring charges, legal expenses, travel expenses, finder's fees, severance agreements and other expenses that the Company has expensed as incurred and related to various transactions the Company has or expects to execute. The Company expects to have these expenses each quarter while we continue our growth strategy, however these expenses would not necessarily be incurred by the Company on a recurring basis in normal operations, without acquisitions.

Table of Contents

The acquisition, integration and restructuring charges for the year ended September 30, 2016, increased approximately \$329,000 or 88% compared with the prior year as the Company continues to evaluate potential acquisitions and perform due diligence, and complete the acquisitions of Paladin and Access during the year.

Depreciation Expense

Depreciation expense for the year ended September 30, 2016, increased \$155,000, or 88% compared with the prior year, primarily as a result of the acquisitions and the depreciation of their property and equipment.

Amortization Expense

Amortization expense for the year ended September 30, 2016, increased \$1,088,000, or 243% compared with the prior year, primarily as a result of the acquisitions and the related amortization of their identified intangible assets.

Change in Derivative Liability

Change in derivative liability for the year ended September 30, 2016, decreased to \$0, compared with the prior year as a result of the Brio loan being fully converted to stock in the prior year.

Change in Contingent Consideration

At the time the Company makes an acquisition, the Company estimates contingent consideration, such as earn-outs or other guarantees that could affect the purchase price when the contingency is resolved. Contingent consideration is evaluated by management each quarter or when the contingency is resolved. The change in contingent consideration with respect to the Company's acquisitions was approximately \$1,581,000 during the year ended September 30, 2016. The change was related to an \$1,956,000 gain recognized from the reduction in Access contingent consideration as a result of a decrease in expected EBITDA, offset by a \$375,000 loss recognized for the increase in Paladin expected contingent consideration as a result of an increase in their expected EBITDA.

Loss on Extinguishment of Debt

Loss on the extinguishment of debt for the year ended September 30, 2016, decreased to \$0, compared with the prior year as the debt was converted during the prior year.

Interest Expense

Interest expense for the year ended September 30, 2016, increased \$1,058,000, or 194% compared with the prior year primarily as a result of a new lender, the interest expense for acquisition payments and higher average borrowings during fiscal year 2016.

Liquidity and Capital Resources

The following table sets forth certain consolidated statements of cash flows data (in thousands):

	For the year ended September 30, 2016	For the year ended September 30, 2015
Cash flows provided by (used in) operating activities	\$ 723	\$ (650)
Cash flows used in investing activities	\$ (9,515)	\$ (2,762)
Cash flows provided by financing activities	\$ 5,388	\$ 9,176

Table of Contents

As of September 30, 2016, the Company had cash of approximately \$2,528,000, which was a decrease of approximately \$3,404,000 from approximately \$5,932,000 at September 30, 2015. Negative working capital at September 30, 2016 was approximately \$(597,000), as compared to working capital of approximately \$5,636,000 for September 30, 2015. The cash has been used primarily in the acquisitions of several entities. The Company's current ratio was approximately 96%, a decrease of approximately 80% from the prior year. Shareholders' equity as of September 30, 2016, was approximately \$24,533,000 which represented approximately 53% of total assets. At the Company's option, approximately \$500,000 of its current liabilities related to the acquisitions can be paid in stock at market price, instead of cash. The net income for the year ended September 30, 2016, was approximately \$1,173,000.

Net cash provided by (used in) operating activities for the years ended September 30, 2016 and 2015 was approximately \$723,000 and \$(650,000), respectively. The fluctuation is due to the significant increase in accounts payable and offset by the reduction of accrued compensation and other current items. In addition to non-cash related expense for depreciation, amortization and stock compensation.

Net cash used in investing activities for the years ended September 30, 2016 and 2015 was (\$9,515,000) and (\$2,762,000) respectively. The primary use of cash was for the acquisitions of Access and Paladin during the year ended September 30, 2016.

Net cash flow provided by financing activities for the years ended September 30, 2016 and 2015 was approximately \$5,388,000 and \$9,176,000, respectively. Fluctuations in financing activities are attributable to the level of net borrowings and the proceeds of the subordinated debt.

All of the Company's office facilities are leased. As of September 30, 2016, future minimum lease payments under non-cancelable lease commitments having initial terms in excess of one year, including closed offices, totaled approximately \$2,326,000.

On September 27, 2013, the Company ("Borrower") entered into agreements with ACF FINCO I LP (successor-in-interest to Keltic Financial Partners II, LP) ("ACF") ("Lender"), that provides the Company with long term financing through a six million dollar (\$6,000,000) secured revolving note (the "Note"). The Note has a term of three years and has no amortization prior to maturity. The interest rate for the Note is a fluctuating rate that, when annualized, is equal to the greatest of (A) the Prime Rate plus three and one quarter percent (3.25%), (B) the LIBOR Rate plus six and one quarter percent (6.25%), and (C) six and one half percent (6.50%), with the interest paid on a monthly basis. Loan advances pursuant to the Note are based on the accounts receivable balance and other assets. The Company incurred certain cash expense and commitment fees related to obtaining the agreement of approximately \$170,000, which has been paid. The Note is secured by all of the Company's property and assets, whether real or personal, tangible or intangible, and whether now owned or hereafter acquired, or in which it now has or at any time in the future may acquire any right, title or interests. On January 1, 2016, the Company entered into an eighth Amendment and Waiver to the Loan and Security Agreement with ACF to increase the maximum amount of

revolving credit under the Amended Credit Agreement from \$6,000,000 to \$10,000,000. On September 27, 2016, the Company entered into a ninth Amendment and Waiver to the Loan and Security Agreement with ACF. Pursuant to the Amendment, the Lender agreed (i) to decrease the annual Facility Fee (as defined in the Credit Agreement) payable by Borrower on the total Revolving Credit Limit (as defined in the Credit Agreement) to 0.75% , (ii) to allow the Borrower to make certain prepayments of amounts owed under the Amended Credit Agreement and the other loan documents on or prior to September 27, 2018, (iii) to amend the provision regarding liquidated damages payable by Borrower in the event of any early termination of the revolving credit line under the Amended Credit Agreement such that Borrower shall pay liquidated damages to Lender in an amount equal to the Revolving Credit Limit multiplied by (X) two percent (2.00%) if such prepayment, repayment, demand or acceleration occurs prior to September 28, 2017, and (Y) one percent (1.00%) if such prepayment, repayment, demand or acceleration occurs on or after September 28, 2017, (iv) to change the minimum EBITDA (as defined in the Amended Credit Agreement) thresholds required to be maintained by the Company as outlined below (v) to extend the Revolving Credit Termination Date to the earliest to occur of (a) September 27, 2018, (b) the date Lender terminates the Revolving Credit pursuant to the terms of the Amended Credit Agreement, and (c) the date on which repayment of the Revolving Credit, or any portion thereof, becomes immediately due and payable pursuant to the terms of the Amended Credit Agreement, (vi) to amend the definition of EBITDA and (vii) to change the Revolving Credit Rate to a fluctuating rate that, when annualized, is equal to the greatest of (A) the Prime Rate plus one and one half percent (1.50%), (B) the LIBOR Rate plus four and one half percent (4.50%), and (C) four and three quarters percent (4.75%). At September 30, 2016 and 2015 the interest rate was 4.75% and 6.5%, respectively.

Table of Contents

The Company has entered into other Amendments with ACF that did not materially change the terms of the Note. As of the date of this report, the Company was in compliance with all such covenants or had received waivers related thereto. The Company has several administrative covenants and the following financial covenant:

The Company must maintain the following EBITDA:

(a) The twelve (12) consecutive calendar month period ending on September 30, 2016, to be less than Three Million Two Hundred Forty One Thousand and 00/100 Dollars (\$3,241,000);

(b) The twelve (12) consecutive calendar month period ending on December 31, 2016, to be less than Three Million Eight Hundred Thousand and 00/100 Dollars (\$3,800,000);

(c) The twelve (12) consecutive calendar month period ending on March 31, 2017, to be less than Four Million Two Hundred Thousand and 00/100 Dollars (\$4,200,000);

(d) The twelve (12) consecutive calendar month period ending on June 30, 2017, to be less than Four Million Six Hundred Thousand and 00/100 Dollars (\$4,600,000);

(e) The twelve (12) consecutive calendar month period ending on September 30, 2017, to be less than Five Million and 00/100 Dollars (\$5,000,000); and

(f) For any period commencing on or after October 1, 2017, no less than such amounts as are established by Lender for such period based on the annual financial projections including such period delivered by Borrower. Borrower acknowledges and agrees that the above EBITDA covenant levels, and Lender's adjustment in accordance with the preceding sentence, have been established by Lender based on Borrower's operations as conducted on September 1, 2016, and that any material change to such operations, whether by Strategic Acquisition or otherwise, will necessitate an adjustment by Lender of the above EBITDA covenant levels, and that Lender will make such adjustments in Lender's permitted discretion.

As of September 30, 2016, the Company was in compliance with the EBITDA covenant and all other administrative covenants. At September 30, 2016, there was approximately \$1,250,000 available on the line of credit. The interest expense related to the lines of credit for the years ended September 30, 2016 and 2015 approximated \$723,000 and

\$347,000, respectively.

The Company believes that the borrowing availability under the ACF facility will be adequate to fund the working capital needs. In recent years, the Company has incurred significant losses and negative cash flows from operations. Management has implemented a strategy which included cost reduction efforts as well as identifying strategic acquisitions, financed primarily through the issuance of equity and debt, to improve the overall profitability and cash flows of the Company. In addition, as discussed above, the Company entered into the ACF facility to provide working capital financing.

On January 8, 2015, the Company completed a securities offering with 18 individuals who collectively have purchased a total of 200,000 shares of Preferred Stock ("Series A Preferred Stock") from the Company for a total purchase price of \$2,000,000. Each share of Series A Preferred stock was initially convertible, at the election of the holder, into 50 shares of the Company's common stock. The Company netted approximately \$1,960,000, with approximately \$1,000,000 to be used as working capital and the remaining \$960,000 for marketing, acquisitions, expansion and to further the operations of the Company. All shares of Series A Preferred Stock issued to the aforementioned individuals were converted into common stock prior to September 30, 2015.

On July 22, 2015, the Company entered into an underwriting agreement (the "Underwriting Agreement") with Roth Capital Partners, LLC (the "Representative"), as the representative of the several underwriters identified therein (collectively, the "Underwriters"), pursuant to which the Company agreed to offer and sell up to 1,120,000 shares of the Company's common stock, no par value (the "Common Stock"), at a price of \$7.00 per share. Under the terms of the Underwriting Agreement, the Company granted the Representative an option, exercisable for 30 days, to purchase up to an additional 168,000 shares of Common Stock to cover over-allotments, if any.

Table of Contents

The Company received net proceeds from this offering and the overallotment, after deducting underwriting discounts and commissions and offering expenses payable by the Company of approximately \$7.8 million and issued 1,246,000 common shares, this includes the Underwriters exercise of the over-allotment option.

The Company also issued warrants (the "Underwriter's Warrant") to the Underwriters to purchase up to a total of 124,600 shares of Common Stock, at a price of \$8.30 per common share and are exercisable for five years. The Underwriter's Warrant has a seven-year piggyback registration right with respect to shares of common stock underlying the Underwriter's Warrant from the date of the Underwriting Agreement.

On October 2, 2015, the Company issued and sold a subordinated note in the aggregate principal amount of \$4,185,000 (the "Subordinated Note") to JAX Legacy – Investment 1, LLC (the "Investor") pursuant to a Subscription Agreement dated October 2, 2015 between the Company and the Investor (the "Subscription Agreement"). The Subordinated Note is due on October 2, 2018 (the "Maturity Date"). Interest on the Subordinated Note is payable as follows: (i) 10% interest per annum on the outstanding principal balance of the Subordinated Note shall be payable quarterly in arrears, in cash, on each December 30th, March 30th, June 30th, and September 30th, until the Maturity Date and (ii) 4% interest per annum until the Maturity Date on the original principal balance of the Subordinated Note (\$502,200), was paid in advance on the issuance date of the Subordinated Note through the issuance to the Investor of 91,309 shares of the Company's common stock (the "Interest Shares"). The Company may prepay the principal and interest under the Subordinated Note at any time, without penalty, provided, however, the Interest Shares shall be deemed paid in full and earned upon the issuance of the Subordinated Note. The Subordinated Note is subordinated in payment to the obligations of the Company to ACF FINCO I LLP pursuant to the terms and provisions of a Subordination and Inter-creditor Agreement dated October 2, 2015 between, ACF FINCO I LLP and the Investor. In connection with the issuance of the Subordinated Note the Company and the Investor entered into a Registration Rights Agreement dated October 2, 2015 (the "Registration Rights Agreement") whereby the Company granted to the Investor certain piggyback registration rights with respect to the shares of Company common stock issued or issuable as interest payments under the Subordinated Note, and any shares of Company common stock issued as a dividend or other distribution with respect to, or in exchange for or in replacement of, shares of common stock of the Company issued or issuable as interest payments under the Subordinated Note.

On October 4, 2015, the Company issued to the former owners of Access Data Consulting Corporation a Promissory Note in the principal amount of \$3,000,000. Interest on the outstanding principal balance of the Promissory Note is payable at the rate of 5.5% per annum. The principal and interest amount of the Promissory Note is payable as follows: (i) for the first twelve months commencing on November 4, 2015 and ending on October 4, 2016, a monthly payment of \$57,000 in principal and interest, (ii) on October 4, 2016 a balloon payment of principal of \$1,000,000, (iii) for the next twelve months commencing on November 4, 2016 and ending on October 4, 2017, a monthly payment of \$28,000 in principal and interest, (iv) on October 4, 2017 a balloon payment of principal of \$1,202,000 and (v) on October 4, 2017 any and all amounts of previously unpaid principal and accrued interest. The Promissory Note is subordinated in payment to the obligations of the Company to ACF FINCO I LLP pursuant to the terms and provisions of a Subordination and Intercreditor Agreement dated October 5, 2015 between ACF FINCO I LLP and the former owners. The Company is current on all payments of this loan.

In recent years, the Company has incurred significant losses and negative cash flows from operations. Management has implemented a strategy which included cost reduction efforts as well as identifying strategic acquisitions, financed primarily through the issuance of common stock, to improve the overall profitability and cash flows of the Company. Management believes with current cash flow from operations, the equity offerings, issued debt and the availability under the ACF facility, the Company will have sufficient liquidity for the next 12 months.

Off-Balance Sheet Arrangements

As of September 30, 2016 and 2015, and during the two years then ended, there were no transactions, agreements or other contractual arrangements to which an unconsolidated entity was a party, under which the Company (a) had any direct or contingent obligation under a guarantee contract, derivative instrument or variable interest in the unconsolidated entity, or (b) had a retained or contingent interest in assets transferred to the unconsolidated entity.

Critical Accounting Policies

The consolidated financial statements are prepared in conformity with accounting principles generally accepted in the United States of America and the rules of the United States Securities and Exchange Commission.

Table of Contents

The following accounting policies are considered by management to be “critical” because of the judgments and uncertainties involved, and because different amounts would be reported under different conditions or using different assumptions.

Estimates and Assumptions

Management makes estimates and assumptions that can affect the amounts of assets and liabilities reported as of the date of the consolidated financial statements, as well as the amounts of reported revenues and expenses during the periods presented. Those estimates and assumptions typically involve expectations about events to occur subsequent to the balance sheet date, and it is possible that actual results could ultimately differ from the estimates. If differences were to occur in a subsequent period, the Company would recognize those differences when they became known. Significant matters requiring the use of estimates and assumptions include, but may not be limited to, deferred income tax valuation allowances, accounts receivable allowances, accounting for acquisitions, accounting for derivative liabilities and evaluation of impairment. Management believes that its estimates and assumptions are reasonable, based on information that is available at the time they are made.

Revenue Recognition

Direct hire placement service revenues are recognized when applicants accept offers of employment, less a provision for estimated losses due to applicants not remaining employed for the Company’s guarantee period. Contract staffing service revenues are recognized when services are rendered.

Falloffs and refunds during the period are reflected in the consolidated statements of operations as a reduction of placement service revenues and were approximately \$470,000 in fiscal 2016 and \$904,000 in fiscal 2015. Expected future falloffs and refunds are reflected in the consolidated balance sheet as a reduction of accounts receivable and were approximately \$60,000 and \$86,000 as of September 30, 2016 and September 30, 2015, respectively.

Cost of Contract Staffing Services

The cost of contract services includes the wages and the related payroll taxes and employee benefits of the Company’s employees while they work on contract assignments.

Income Taxes

We record a provision for income taxes for the anticipated tax consequences of the reported results of operations using the asset and liability method. Under this method, we recognize deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the financial reporting and tax basis of assets and liabilities, as well as for operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using the tax rates that are expected to apply to taxable income for the years in which those tax assets and liabilities are expected to be realized or settled. We record a valuation allowance to reduce our deferred tax assets to the net amount that we believe is more likely than not to be realized.

Due to the private sale of shares of common stock to LEED HR during fiscal 2012 and the resulting change in control, the Company may be limited by Section 382 of the Internal Revenue Code as to the amount of net operating losses that may be used in future years.

Due to the issuance of convertible preferred shares related to the Scribe acquisition, the Company may be limited by Section 382 of the Internal Revenue Code as to the amount of net operating losses that may be used in future years.

We recognize tax benefits from uncertain tax positions only if we believe that it is more likely than not that the tax position will be sustained on examination by the taxing authorities based on the technical merits of the position. Although we believe that we have adequately reserved for our uncertain tax positions, we can provide no assurance that the final tax outcome of these matters will not be materially different. We make adjustments to these reserves when facts and circumstances change, such as the closing of a tax audit or the refinement of an estimate. To the extent that the final tax outcome of these matters is different than the amounts recorded, such differences will affect the provision for income taxes in the period in which such determination is made and could have a material impact on our financial condition and operating results.

Table of Contents

Accounts Receivable

The Company extends credit to its various customers based on evaluation of the customer's financial condition and ability to pay the Company in accordance with the payment terms. An allowance for placement fall-offs is recorded, as a reduction of revenues, for estimated losses due to applicants not remaining employed for the Company's guarantee period. An allowance for doubtful accounts is recorded, as a charge to bad debt expense, where collection is considered to be doubtful due to credit issues. These allowances together reflect management's estimate of the potential losses inherent in the accounts receivable balances, based on historical loss statistics and known factors impacting its customers. The nature of the contract service business, where companies are dependent on employees for the production cycle allows for a small accounts receivable allowance. Based on management's review of accounts receivable, an allowance for doubtful accounts of approximately \$191,000 and \$524,000 is considered necessary as of September 30, 2016, and September 30, 2015, respectively. The Company charges uncollectible accounts against the allowance once the invoices are deemed unlikely to be collectible.

Goodwill

Goodwill represents the excess of cost over the fair value of the net assets acquired in the various acquisitions. The Company assesses goodwill for impairment at least annually. Testing Goodwill for impairment, which allows the Company to first assess qualitative factors to determine whether the existence of events or circumstances leads to a determination that it is more likely than not that the fair value of a reporting unit is less than its carrying amount. If the entity determines that this threshold is not met, then performing the two-step impairment test is unnecessary. An impairment loss would be recognized to the extent the carrying value of goodwill exceeds its implied fair value.

Fair Value Measurement

The Company follows the provisions of the accounting standard which defines fair value, establishes a framework for measuring fair value and enhances fair value measurement disclosure. Under these provisions, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

The standard establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use on unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company's assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable prices that are based on inputs not quoted on active markets, but corroborated by market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

The fair value of the Company's current assets and current liabilities approximate their carrying values due to their short term nature. The carrying value of the Company's long-term liabilities represents their fair value based on level 3 inputs, as discussed in Note 7. The Company's goodwill and other intangible assets are measured at fair value on a non-recurring basis using level 3 inputs, as discussed in Note 4.

Intangible Assets

Customer lists, non-compete agreements, customer relationships, management agreements and trade names were recorded at their estimated fair value at the date of acquisition and are amortized over their estimated useful lives ranging from two to ten years using both accelerated and straight-line methods.

Table of Contents

Impairment of Long-lived Assets

The Company records an impairment of long-lived assets used in operations, other than goodwill, when events or circumstances indicate that the asset might be impaired and the estimated undiscounted cash flows to be generated by those assets over their remaining lives are less than the carrying amount of those items. The net carrying value of assets not recoverable is reduced to fair value, which is typically calculated using the undiscounted cash flow method. The Company did not record any impairment during the years ended September 30, 2016 and 2015.

Stock-Based Compensation

The Company accounts for stock-based awards to employees in accordance with applicable accounting principles, which requires compensation expense related to share-based transactions, including employee stock options, to be measured and recognized in the financial statements based on a determination of the fair value of the stock options. The grant date fair value is determined using the Black-Scholes-Merton ("Black-Scholes") pricing model. For all employee stock options, we recognize expense over the requisite service period on an accelerated basis over the employee's requisite service period (generally the vesting period of the equity grant). The Company's option pricing model requires the input of highly subjective assumptions, including the expected stock price volatility, expected term, and forfeiture rate. Any changes in these highly subjective assumptions significantly impact stock-based compensation expense.

Options awarded to purchase shares of common stock issued to non-employees in exchange for services are accounted for as variable awards in accordance with applicable accounting principles. Such options are valued using the Black-Scholes option pricing model.

See Note 9 for the assumptions used to calculate the fair value of stock-based employee and non-employee compensation. Upon the exercise of options, it is the Company's policy to issue new shares rather than utilizing treasury shares.

Segment Data

The Company has two operating business segments a) Contract staffing services, and b) Direct hire placement. These operating segments were determined based primarily on how the chief operating decision maker views and evaluates our operations. Operating results are regularly reviewed by the chief operating decision maker to make decisions about resources to be allocated to the segment and to assess its performance. Other factors, including type of business,

type of employee, length of employment and revenue recognition are considered in determining these operating segments.

Recent Accounting Pronouncements

In September 2015, the FASB issued ASU 2015-16 - *Business Combinations*, which requires adjustments to provisional amounts recorded in business combinations to be recognized in the reporting period in which they are identified either separately on the face of the income statement or in the notes to the financial statements. ASU 2015-16 is effective for annual reporting periods beginning after December 15, 2015 and any interim periods within that period, and early adoption is permitted. We are currently evaluating ASU 2015-16 to determine if this guidance will have a material impact on our financial position, results of operations or cash flows.

In May 2014, the FASB issued authoritative guidance that provides companies with a single model for use in accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance, including industry-specific revenue guidance. The new guidance requires a company to recognize revenue to depict the transfer of goods or services to a customer at an amount that reflects the consideration it expects to receive in exchange for those goods or services. It also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments and assets recognized from costs incurred to obtain or fulfill a contract. The guidance permits companies to either apply the requirements retrospectively to all prior periods presented, or apply the requirements in the year of adoption, through a cumulative adjustment. The amended guidance also requires additional quantitative and qualitative disclosures. In March 2016, amended guidance was issued to clarify implementation guidance on principal versus agent consideration. In April 2016 an amendment provided clarifications on determining whether a promised license provides a customer with a right to use or a right to access an entity's intellectual property. In May 2016 an amendment provided narrow scope improvements and practical expedients to reduce the potential diversity, cost and complexity of applying new revenue standard. These amendments, as well as the original guidance, are all effective for annual and interim periods beginning after December 15, 2017. The new standard will be effective for the Company beginning January 1, 2018 and the Company intends to implement the standard with the modified retrospective approach, which recognizes the cumulative effect of application recognized on that date. The Company is in the process of evaluating the impact of adoption of this guidance on its financial statements.

Table of Contents

In November 2015, the FASB issued authoritative guidance which changes how deferred taxes are classified on a company's balance sheet. The new guidance eliminates the current requirement for companies to present deferred tax liabilities and assets as current and noncurrent in a classified balance sheet. Instead, companies will be required to classify all deferred tax assets and liabilities as noncurrent. The new guidance is effective for annual reporting periods beginning after December 15, 2016. Early adoption is permitted for all entities as of the beginning of an interim or annual reporting period. The guidance may be applied either prospectively, for all deferred tax assets and liabilities, or retrospectively (i.e., by reclassifying the comparative balance sheet). If applied prospectively, entities are required to include a statement that prior periods were not retrospectively adjusted. If applied retrospectively, entities are also required to include quantitative information about the effects of the change on prior periods. Except for balance sheet classification requirements related to deferred tax assets and liabilities, the Company does not expect this guidance to have an effect on its financial statements. The Company is in the process of evaluating the impact of adoption of this guidance on its financial statements.

In March 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-09, Improvements to Employee Share-Based Payment Accounting ("ASU 2016-09"). ASU 2016-09 simplifies several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities and classification on the statement of cash flows. This ASU is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. The Company is currently assessing the potential impact of adopting ASU 2016-09 on its financial statements and related disclosures.

In February 2016, the FASB issued authoritative guidance which changes financial reporting as it relates to leasing transactions. Under the new guidance, lessees will be required to recognize a lease liability, measured on a discounted basis; and a right-of-use asset, for the lease term. The new guidance is effective for annual and interim periods beginning after December 15, 2018. Early application is permitted for all entities upon issuance. Lessees and lessors must apply a modified retrospective transition approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements. The Company is in the process of evaluating the impact of adoption of this guidance on its financial statements.

In August 2016, the FASB issued authoritative guidance designed to address diversity in how certain cash receipts and cash payments are presented and classified in the statement of cash flows, including: i) contingent consideration payments made after a business combination; ii) proceeds from the settlement of insurance claims; and iii) proceeds from the settlement of corporate-owned life insurance policies. The new guidance is effective for the Company for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years. Early adoption is permitted in any interim or annual period. The Company believes the adoption of this guidance will not have a material impact on its financial statements.

No other recent accounting pronouncements were issued by FASB and the SEC that are believed by management to have a material impact on the Company's present or future financial statements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders

GEE Group, Inc.

Naperville, Illinois

We have audited the accompanying consolidated balance sheets of GEE Group, Inc. as of September 30, 2016 and 2015, and the related consolidated statements of operations, shareholders' equity, and cash flows for each of the years then ended. The Company's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of GEE Group, Inc. as of September 30, 2016 and 2015, and the results of its operations and its cash flows for each of the years then ended, in conformity with accounting principles generally accepted in the United States of America.

GENERAL EMPLOYMENT ENTERPRISES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Description of Business

GEE Group Inc. (the “Company”, “us”, “our” or “we”) was incorporated in the State of Illinois in 1962 and is the successor to several employment offices doing business since 1893. The Company has several corporations and names it does business under and are all consolidated under GEE Group, Inc. These names include Triad Personnel Services, Inc., General Employment, Ashley Ellis and Omni One.

In April 2015, the Company entered into a stock exchange agreement with Brittany M. Dewan as Trustee of the Derek E. Dewan Irrevocable Living Trust II dated the 27th of July, 2010, Brittany M. Dewan, individually, Allison Dewan, individually, Mary Menze, individually, and Alex Stuckey, individually (collectively, the “Scribe Shareholders”), pursuant to which the Company acquired 100% of the outstanding stock of Scribe Solutions Inc., a provider of data entry assistants (medical scribes) who specialize in electronic medical records (EMR) services for emergency departments, specialty physician practices and clinics (“Scribe”), from the Scribe Shareholders for 640,000 shares of Series A Preferred Stock of the Company. In addition, the Company issued to the Scribe Shareholders warrants to purchase shares of the Company’s common stock in exchange for warrants to purchase shares of Scribe’s common stock.

In July 2015, the Company entered a stock purchase agreement with Tricia Dempsey (the “Agile Seller”), pursuant to which the Company acquired on July 31, 2015, 100% of the outstanding stock of Agile Resources, Inc., a Georgia corporation and a provider of innovative IT staffing solutions and IT consulting services, for up to a total of approximately \$4,000,000 in consideration, subject to certain adjustments. The purchase price consisted of \$2,500,000 in cash (subject to minimum working capital), the issuance to the Agile Seller of 120,192 shares of Company common stock and up to \$500,000 of an “earnout”.

On October 4, 2015, the Company entered a Stock Purchase Agreement with William Daniel Dampier and Carol Lee Dampier (the “Access Sellers”) pursuant to which the Company acquired on October 4, 2015, 100% of the outstanding stock of Access Data Consulting Corporation., a Colorado corporation, for a purchase price equal to approximately \$16,000,000 in consideration. The purchase price consisted of \$8,000,000 in cash (subject to minimum working capital), the issuance to the Access Sellers 327,869 shares of Company common stock, a Promissory note in the aggregate of \$3,000,000 and up to \$2,000,000 of an “earnout”. On April 4, 2016, the Company issued approximately 123,000 of additional shares of common stock to the Sellers of Access Data Consulting Corporation. This was based on market value of the stock on April 4, 2016 being approximately \$544,000 less than \$2,000,000 six month guaranteed and based on the closing stock price of \$4.44 per common share. The Company recognized a loss on change of contingent consideration of approximately \$44,000 for the year ended September 30, 2016. The Company

also recognized a gain of approximately \$2,000,000 on a change in contingent consideration, as the earnout was not achieved. In addition, the Company increased the original purchase price by approximately \$600,000 related to a mutual tax election as described in the purchase agreement.

On January 1, 2016, the Company entered a Stock Purchase Agreement (the "Paladin Agreement") with Enoch S. Timothy and Dorothy Timothy (collectively, the "Paladin Sellers"). Pursuant to the terms of the Paladin Agreement the Company acquired on January 1, 2016, 100% of the outstanding stock of Paladin Consulting Inc., a Texas corporation ("Paladin"), for a purchase price (the "Purchase Price") equal to \$1,750,000, minus the Circle Lending Loan Amount (as defined in the Paladin Agreement) plus up to \$1,000,000 in contingent promissory notes, minus the NWC Reduction Amount (as defined in the Paladin Agreement) (if any) plus up to \$1,250,000 of "earnouts", for a total of approximately \$2,625,000.

2. Significant Accounting Policies and Estimates

Basis of Presentation

The consolidated financial statements are prepared in conformity with accounting principles generally accepted in the United States of America and the rules of the United States Securities and Exchange Commission.

Table of Contents

Principles of Consolidation

The consolidated financial statements include the accounts and transactions of the Company and its wholly-owned subsidiaries. All significant inter-company accounts and transactions are eliminated in consolidation.

Reverse Stock Split

On October 9, 2015, the Company filed a certificate of change to our amended and restated articles of incorporation with the Secretary of the State of Illinois in order to effectuate a reverse stock split of our issued and outstanding common stock on a 1-for-10 basis (the "Reverse Stock Split"); and increased the total number of authorized shares of Common Stock of the Company from 20,000,000, post Reverse Stock Split, to 200,000,000.

The Reverse Stock Split became effective with the FINRA as of the open of business on October 9, 2015. As a result of the Reverse Stock Split, every 10 shares of the Company's pre-Reverse Split common stock was combined and reclassified into one share of the Company's common stock. No fractional shares of common stock were issued as a result of the Reverse Split.

Throughout the consolidated financial statements, each instance that refers to a number of shares of the Company's common stock, refers to the number of shares of common stock after giving effect to the Reverse Stock Split, unless otherwise indicated.

Estimates and Assumptions

Management makes estimates and assumptions that can affect the amounts of assets and liabilities reported as of the date of the condensed consolidated financial statements, as well as the amounts of reported revenues and expenses during the periods presented. Those estimates and assumptions typically involve expectations about events to occur subsequent to the balance sheet date, and it is possible that actual results could ultimately differ from the estimates. If differences were to occur in a subsequent period, the Company would recognize those differences when they became known. Significant matters requiring the use of estimates and assumptions include, but may not be limited to, deferred income tax valuation allowances, accounts receivable allowances, accounting for acquisitions, accounting for derivatives and evaluation of impairment. Management believes that its estimates and assumptions are reasonable, based on information that is available at the time they are made.

Revenue Recognition

Direct hire placement service revenues are recognized when applicants accept offers of employment, less a provision for estimated losses due to applicants not remaining employed for the Company's guarantee period. Contract staffing service revenues are recognized when services are rendered.

Falloffs and refunds during the period are reflected in the consolidated statements of operations as a reduction of placement service revenues and were approximately \$470,000 in fiscal 2016 and \$904,000 in fiscal 2015. Expected future falloffs and refunds are reflected in the consolidated balance sheet as a reduction of accounts receivable and were approximately \$60,000 and \$86,000 as of September 30, 2016 and September 30, 2015, respectively.

Cost of Contract Staffing Services

The cost of contract services includes the wages and the related payroll taxes and employee benefits of the Company's employees while they work on contract assignments.

Cash and Cash Equivalents

Highly liquid investments with a maturity of three months or less when purchased are considered to be cash equivalents. At September 30, 2016 and September 30, 2015, there were no cash equivalents. The Company maintains deposits in financial institutions in excess of amounts guaranteed by the Federal Deposit Insurance Corporation. Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed federally insured limits. We have never experienced any losses related to these balances.

Table of Contents

Accounts Receivable

The Company extends credit to its various customers based on evaluation of the customer's financial condition and ability to pay the Company in accordance with the payment terms. An allowance for placement fall-offs is recorded, as a reduction of revenues, for estimated losses due to applicants not remaining employed for the Company's guarantee period. An allowance for doubtful accounts is recorded, as a charge to bad debt expense, where collection is considered to be doubtful due to credit issues. These allowances together reflect management's estimate of the potential losses inherent in the accounts receivable balances, based on historical loss statistics and known factors impacting its customers. The nature of the contract service business, where companies are dependent on employees for the production cycle allows for a small accounts receivable allowance. Based on management's review of accounts receivable, an allowance for doubtful accounts of approximately \$191,000 and \$524,000 is considered necessary as of September 30, 2016, and September 30, 2015, respectively. The Company charges uncollectible accounts against the allowance once the invoices are deemed unlikely to be collectible.

Property and Equipment

Property and equipment are recorded at cost. Depreciation expense is calculated on a straight-line basis over estimated useful lives of five years for computer equipment and two to ten years for office equipment, furniture and fixtures. The Company capitalizes computer software purchased or developed for internal use and amortizes it over an estimated useful life of five years. The carrying value of property and equipment is reviewed for impairment whenever events or changes in circumstances indicate that it may not be recoverable. If the carrying amount of an asset group is greater than its estimated future undiscounted cash flows, the carrying value is written down to the estimated fair value. There was no impairment of property and equipment for the years ended September 30, 2016 and 2015.

Goodwill

Goodwill represents the excess of cost over the fair value of the net assets acquired in the various acquisitions. The Company assesses goodwill for impairment at least annually. Testing goodwill for impairment allows the Company to first assess qualitative factors to determine whether the existence of events or circumstances leads to a determination that it is more likely than not that the fair value of a reporting unit is less than its carrying amount. If the entity determines that this threshold is not met, then performing the two-step impairment test is unnecessary. An impairment loss would be recognized to the extent the carrying value of goodwill exceeds its implied fair value.

Fair Value Measurement

The Company follows the provisions of the accounting standard which defines fair value, establishes a framework for measuring fair value and enhances fair value measurement disclosure. Under these provisions, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date.

The standard establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use on unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company’s assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable prices that are based on inputs not quoted on active markets, but corroborated by market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

The fair value of the Company’s current assets and current liabilities approximate their carrying values due to their short term nature. The carrying value of the Company’s long-term liabilities represents their fair value based on level 3 inputs, as discussed in Notes 7. The Company’s goodwill and other intangible assets are measured at fair value on a non-recurring basis using level 3 inputs, as discussed in Note 4.

Table of Contents

Earnings and Loss per Share

Basic loss per share is computed by dividing net loss attributable to common stockholders by the weighted average common shares outstanding for the period. Diluted loss per share is computed giving effect to all potentially dilutive common shares. Potentially dilutive common shares may consist of incremental shares issuable upon the exercise of stock options and warrants and the conversion of notes payable to common stock. In periods in which a net loss has been incurred, all potentially dilutive common shares are considered anti-dilutive and thus are excluded from the calculation. Common share equivalents of approximately 577,000 was included in the computation of diluted earnings per share for the year ended September 30, 2016. There were approximately 413,000 and 534,000 of common stock equivalents excluded for the year ended September 30, 2016 and September 30, 2015, respectively because their effect is anti-dilutive.

Advertising Expenses

Most of the Company's advertising expense budget is used to support the Company's business. Most of the advertisements are in print or internet media, with expenses recorded as they are incurred. For the years ended September 30, 2016 and 2015, included in selling, general and administrative expenses was advertising expense totaling approximately \$834,000 and \$751,000, respectively.

Intangible Assets

Customer lists, non-compete agreements, customer relationships and trade names were recorded at their estimated fair value at the date of acquisition and are amortized over their estimated useful lives ranging from two to ten years using both accelerated and straight-line methods.

Impairment of Long-lived Assets

The Company records an impairment of long-lived assets used in operations, other than goodwill, when events or circumstances indicate that the asset might be impaired and the estimated undiscounted cash flows to be generated by those assets over their remaining lives are less than the carrying amount of those items. The net carrying value of assets not recoverable is reduced to fair value, which is typically calculated using the discounted cash flow method. The Company did not record any impairment during the years ended September 30, 2016 and 2015.

Stock-Based Compensation

The Company accounts for stock-based awards to employees in accordance with applicable accounting principles, which requires compensation expense related to share-based transactions, including employee stock options, to be measured and recognized in the financial statements based on a determination of the fair value of the stock options. The grant date fair value is determined using the Black-Scholes-Merton ("Black-Scholes") pricing model. For all employee stock options, we recognize expense over the requisite service period on an accelerated basis over the employee's requisite service period (generally the vesting period of the equity grant). The Company's option pricing model requires the input of highly subjective assumptions, including the expected stock price volatility, expected term, and forfeiture rate. Any changes in these highly subjective assumptions significantly impact stock-based compensation expense.

Options awarded to purchase shares of common stock issued to non-employees in exchange for services are accounted for as variable awards in accordance with applicable accounting principles. Such options are valued using the Black-Scholes option pricing model.

See Note 9 for the assumptions used to calculate the fair value of stock-based employee and non-employee compensation. Upon the exercise of options, it is the Company's policy to issue new shares rather than utilizing treasury shares.

Table of Contents

Income Taxes

We record a provision for income taxes for the anticipated tax consequences of the reported results of operations using the asset and liability method. Under this method, we recognize deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the financial reporting and tax basis of assets and liabilities, as well as for operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using the tax rates that are expected to apply to taxable income for the years in which those tax assets and liabilities are expected to be realized or settled. We record a valuation allowance to reduce our deferred tax assets to the net amount that we believe is more likely than not to be realized.

Due to the private sale of shares of common stock to LEED HR during fiscal 2012 and the resulting change in control, the Company may be limited by Section 382 of the Internal Revenue Code as to the amount of net operating losses that may be used in future years.

Due to the issuance of convertible preferred shares related to the Scribe acquisition, the Company may be limited by Section 382 of the Internal Revenue Code as to the amount of net operating losses that may be used in future years.

We recognize tax benefits from uncertain tax positions only if we believe that it is more likely than not that the tax position will be sustained on examination by the taxing authorities based on the technical merits of the position. Although we believe that we have adequately reserved for our uncertain tax positions, we can provide no assurance that the final tax outcome of these matters will not be materially different. We make adjustments to these reserves when facts and circumstances change, such as the closing of a tax audit or the refinement of an estimate. To the extent that the final tax outcome of these matters is different than the amounts recorded, such differences will affect the provision for income taxes in the period in which such determination is made and could have a material impact on our financial condition and operating results.

Reclassification

Certain reclassifications have been made to the financial statements as of and for the years ended September 30, 2015 to conform to the current year presentation. There is no effect on assets, liabilities, equity or net income.

Segment Data

The Company has two operating business segments a) Contract staffing services and b) Direct hire placement. These operating segments were determined based primarily on how the chief operating decision maker views and evaluates our operations. Operating results are regularly reviewed by the chief operating decision maker to make decisions about resources to be allocated to the segment and to assess its performance. Other factors, including type of business, type of employee, length of employment and revenue recognition are considered in determining these operating segments.

Recent Accounting Pronouncements

In September 2015, the FASB issued ASU 2015-16 - *Business Combinations*, which requires adjustments to provisional amounts recorded in business combinations to be recognized in the reporting period in which they are identified either separately on the face of the income statement or in the notes to the financial statements. ASU 2015-16 is effective for annual reporting periods beginning after December 15, 2015 and any interim periods within that period, and early adoption is permitted. We are currently evaluating ASU 2015-16 to determine if this guidance will have a material impact on our financial position, results of operations or cash flows.

In May 2014, the FASB issued authoritative guidance that provides companies with a single model for use in accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance, including industry-specific revenue guidance. The new guidance requires a company to recognize revenue to depict the transfer of goods or services to a customer at an amount that reflects the consideration it expects to receive in exchange for those goods or services. It also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments and assets recognized from costs incurred to obtain or fulfill a contract. The guidance permits companies to either apply the requirements retrospectively to all prior periods presented, or apply the requirements in the year of adoption, through a cumulative adjustment. The amended guidance also requires additional quantitative and qualitative disclosures. In March 2016, amended guidance was issued to clarify implementation guidance on principal versus agent consideration. In April 2016 an amendment provided clarifications on determining whether a promised license provides a customer with a right to use or a right to access an entity's intellectual property. In May 2016 an amendment provided narrow scope improvements and practical expedients to reduce the potential diversity, cost and complexity of applying new revenue standard. These amendments, as well as the original guidance, are all effective for annual and interim periods beginning after December 15, 2017. The new standard will be effective for the Company beginning January 1, 2018 and the Company intends to implement the standard with the modified retrospective approach, which recognizes the cumulative effect of application recognized on that date. The Company is in the process of evaluating the impact of adoption of this guidance on its financial statements.

In November 2015, the FASB issued authoritative guidance which changes how deferred taxes are classified on a company's balance sheet. The new guidance eliminates the current requirement for companies to present deferred tax liabilities and assets as current and noncurrent in a classified balance sheet. Instead, companies will be required to classify all deferred tax assets and liabilities as noncurrent. The new guidance is effective for annual reporting periods beginning after December 15, 2016. Early adoption is permitted for all entities as of the beginning of an interim or annual reporting period. The guidance may be applied either prospectively, for all deferred tax assets and liabilities, or retrospectively (i.e., by reclassifying the comparative balance sheet). If applied prospectively, entities are required to include a statement that prior periods were not retrospectively adjusted. If applied retrospectively, entities are also required to include quantitative information about the effects of the change on prior periods. Except for balance sheet classification requirements related to deferred tax assets and liabilities, the Company does not expect this guidance to have an effect on its financial statements. The Company is in the process of evaluating the impact of adoption of this guidance on its financial statements.

In March 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-09, Improvements to Employee Share-Based Payment Accounting ("ASU 2016-09"). ASU 2016-09 simplifies several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities and classification on the statement of cash flows. This ASU is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. The Company is currently assessing the potential impact of adopting ASU 2016-09 on its financial statements and related disclosures.

In February 2016, the FASB issued authoritative guidance which changes financial reporting as it relates to leasing transactions. Under the new guidance, lessees will be required to recognize a lease liability, measured on a discounted basis; and a right-of-use asset, for the lease term. The new guidance is effective for annual and interim periods beginning after December 15, 2018. Early application is permitted for all entities upon issuance. Lessees and lessors must apply a modified retrospective transition approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements. The Company is in the process of evaluating the impact of adoption of this guidance on its financial statements.

In August 2016, the FASB issued authoritative guidance designed to address diversity in how certain cash receipts and cash payments are presented and classified in the statement of cash flows, including: i) contingent consideration payments made after a business combination; ii) proceeds from the settlement of insurance claims; and iii) proceeds from the settlement of corporate-owned life insurance policies. The new guidance is effective for the Company for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years. Early adoption is permitted in any interim or annual period. The Company believes the adoption of this guidance will not have a material impact on its financial statements.

No other recent accounting pronouncements were issued by FASB and the SEC that are believed by management to have a material impact on the Company's present or future financial statements.

The Note is secured by all of the Company's property and assets, whether real or

personal, tangible or intangible, and whether now owned or hereafter acquired, or in which it now has or at any time in the future may acquire any right, title or interests. Pursuant to the Amendment, the Lender agreed (i) to decrease the annual Facility Fee (as defined in the Credit Agreement) payable by Borrower on the total Revolving Credit Limit (as defined in the Credit Agreement) to 0.75% , (ii) to allow the Borrower to make certain prepayments of amounts owed under the Amended Credit Agreement and the other loan documents on or prior to September 27, 2018, (iii) to amend the provision regarding liquidated damages payable by Borrower in the event of any early termination of the revolving credit line under the Amended Credit Agreement such that Borrower shall pay liquidated damages to Lender in an amount equal to the Revolving Credit Limit multiplied by (X) two percent (2.00%) if such prepayment, repayment, demand or acceleration occurs prior to September 28, 2017, and (Y) one percent (1.00%) if such prepayment, repayment, demand or acceleration occurs on or after September 28, 2017, (iv) to change the minimum EBITA (as defined in the Amended Credit Agreement) thresholds required to be maintained by the Company as outlined below (v) to extend the Revolving Credit Termination Date to the earliest to occur of (a) September 27, 2018, (b) the date Lender terminates the Revolving Credit pursuant to the terms of the Amended Credit Agreement, and (c) the date on which repayment of the Revolving Credit, or any portion thereof, becomes immediately due and payable pursuant to the terms of the Amended Credit Agreement, (vi) to amend the definition of EBITDA and (vii) to change the Revolving Credit Rate to a fluctuating rate that, when annualized, is equal to the greatest of (A) the Prime Rate plus one and one half percent (1.50%), (B) the LIBOR Rate plus four and one half percent (4.50%), and (C) four and three quarters percent (4.75%). As of September 30, 2016, there were approximately \$9,167,000 of losses available to reduce federal taxable income in future years through 2034, and there were approximately \$7,167,000 of losses available to reduce state taxable income in future years, expiring from 2015 through 2034. Due to common stock transactions in the prior years, it is likely that the Company will be limited by Section 382 of the Internal Revenue Code as to the amount of net operating losses that may be used in future years. The Company is currently evaluating the effects of any such limitation.

Future realization of the tax benefits of existing temporary differences and net operating loss carryforwards ultimately depends on the existence of sufficient taxable income within the carryforward period. As of September 30, 2016 and 2015, the Company performed an evaluation to determine whether a valuation allowance was needed. The Company considered all available evidence, both positive and negative, which included the results of operations for the current and preceding years. The Company also considered whether there was any currently available information about future years. Because long-term contracts are not a significant part of the Company's business, future results cannot be reliably predicted by considering past trends or by extrapolating past results. Moreover, the Company's earnings are strongly influenced by national economic conditions and have been volatile in the past. Considering these factors, the Company determined that it was not possible to reasonably quantify future taxable income. The Company determined that it is more likely than not that all of the deferred tax assets will not be realized. Accordingly, the Company maintained a full valuation allowance as of September 30, 2016 and 2015.

As a result of continuing losses, we have determined that it is more likely than not that we will not realize the benefits of the deferred tax assets and therefore we have recorded a valuation allowance to reduce the carrying value of the deferred tax assets to zero. The valuation allowance decreased by \$1,644,000 and \$173,000 in 2016 and 2015,

respectively.

We file federal and state income tax returns in jurisdictions with varying statutes of limitations. Due to our net operating loss carryforwards, our income tax returns generally remain subject to examination by federal and most state tax authorities. We are not currently under examination in any federal or state jurisdiction.

On December 11, 2014, the Company entered into a Stock Exchange Agreement (the “SCRIBE Agreement”) with Brittany M. Dewan as Trustee of the Derek E. Dewan Irrevocable Living Trust II dated the 27th of July, 2010, Brittany M. Dewan, individually, Allison Dewan, individually, Mary Menze, individually, and Alex Stuckey, individually (collectively, the “Scribe Shareholders”). Scribe Solutions, Inc. (“Scribe”) provides data entry assistants (medical scribes) who specialize in electronic medical records (EMR) services for emergency departments, specialty physician practices and clinics. The transaction was unanimously approved by written consent of the board of directors of the Company (the “Board”) and the holders of a majority of the Company’s outstanding stock. The Scribe transaction closed on April 1, 2015. Pursuant to the terms of the SCRIBE Agreement the Company acquired 100% of the outstanding stock of Scribe Solutions Inc., (“Scribe”) from the Scribe Shareholders for 640,000 shares of Series A Preferred Stock (the “Preferred Stock”) of the Company. In addition, the Company exchanged warrants to purchase up to 635,000 shares of the Company’s common stock, for \$2.00 per share, with a term of 10 years (the “Warrants”), for Scribe warrants held by three individuals. The issuances of Preferred Stock and Warrants by the Company was effected in reliance on the exemptions from registration afforded by Section 4(a)(2) of the Securities Act of 1933, (the “Securities Act”), and Rule 506 of Regulation D promulgated thereunder.

Under the purchase method of accounting, the transaction was valued for accounting purposes at an estimated \$7.7 million, which was the estimated fair value of the Company at the date of acquisition. The estimate was based on the consideration paid of 640,000 preferred shares and the 635,000 warrants granted. The 640,000 preferred shares are valued at approximately \$6,400,000, and the 635,000 warrants are valued at approximately \$1,330,000. The Black-Scholes option pricing model was used to value the warrants based upon an expected stock price volatility of 253.7%, a 10 year expected life of the warrant and a risk free interest rate of approximately 1.6%.

The assets and liabilities of Scribe were recorded at their respective fair values as of the closing date of the Scribe Agreement, and the following table summarizes these values based on the balance sheet at April 1, 2015, the closing date.

The intangibles were recorded, based on the Company’s estimate of fair value, which consist primarily of customer lists and trade name with an estimated life of ten years and goodwill. Upon completion of an independent purchase price allocation and valuation, the allocation intangible assets were adjusted accordingly.

Access

On October 4, 2015, the Company entered into a Stock Purchase Agreement (the "Access Data Agreement") with William Daniel Dampier and Carol Lee Dampier (collectively, the "Sellers"). Pursuant to the terms of the Access Data Agreement the Company acquired on October 4, 2015, 100% of the outstanding stock of Access Data Consulting Corporation., a Colorado corporation ("Access Data"), for a purchase price (the "Purchase Price") equal to \$13,000,000 plus or minus the NWC Adjustment Amount (as defined below) plus up to \$2,000,000 of an "earnout".

Table of Contents

The consideration shall be paid as follows:

- Cash Payment to Sellers. At the closing, the Company paid to Sellers \$7,000,000 in cash (the "Closing Cash Payment").
- Working Capital Reserve Fund. In addition to the Closing Cash Payment to Sellers, the Company shall pay to Sellers an additional \$1,000,000 (the "Working Capital Holdback"), plus or minus the NWC Adjustment Amount, in cash within twenty (20) days after the completion of an audit of Access Data's financial information from its most recent fiscal year end to the closing date, but in any event not later than ninety (90) days after the closing date. The estimated working capital was approximately \$1,879,000. As of May 14, 2016, the Company had fully paid the liability related to the Working Capital Reserve Fund.
- Purchase Price Adjustment – Working Capital. The Purchase Price will be adjusted (positively or negatively) based upon the difference in the book value of the "Closing Working Capital" as compared to the "Benchmark Working Capital" of \$2 million (such difference to be called the "NWC Adjustment Amount"). If the NWC Adjustment Amount is positive the Purchase Price will be increased by the NWC Adjustment Amount. If the NWC Adjustment Amount is negative, the Purchase Price will be decreased by the NWC Adjustment Amount. If the Purchase Price increases, then the Company will pay to the Sellers the sum of the increase plus the Working Capital Holdback within twenty (20) days of a final determination. If the Purchase Price decreases then Sellers will pay the amount of the decrease to the Company within twenty (20) days of a final determination, which first shall be funded from the Working Capital Holdback held by the Company (which shall be credited to the Sellers). If the amount of the Purchase Price decrease exceeds the Working Capital Holdback, then the Sellers will pay the difference to the Company within twenty (20) days of a final determination. If the Working Capital Holdback exceeds the payment due from the Sellers, then the remaining balance of those funds after the payment to the Company shall be paid to the Sellers.
- Sellers' Promissory Notes at the closing, the Company delivered to the Sellers a Subordinated Nonnegotiable Promissory Note (the "Sellers' Promissory Note") executed by the Company in the aggregate principal amount of \$3,000,000. The Sellers' Promissory Note is secured by the certain collateral of the Company pursuant to a Security Agreement dated as of October 4, 2015 by and among the Company and the Sellers (the "Security Agreement").
- Earnout Payment. Up to an additional \$2,000,000 (the "Earnout") may be paid by the Company to the Sellers with respect to the fiscal year ended September 30, 2016, subject to the satisfaction of certain earnout provisions contained in the Access Data Agreement. Any earnout payment to be paid by the Company shall be paid 50% in the form of cash and 50% in the form of shares of Company common stock. A contingent liability of \$2,000,000 was initially recorded in contingent consideration related to this potential earn-out based on Managements' estimated first year performance at the time of the acquisition. As of September 30, 2016 management had determined Access would not meet the minimum threshold to earn any earn-out and the liability was reduced to \$0.
- Payment of Shares of Company Common Stock. Two Million Dollars (\$2,000,000) of the Purchase Price will be paid in issued shares of common stock of the Company. The number of shares of common stock payable to the Sellers will be approximately 328,000 shares at \$6.10 per share (the "Issue Price"); provided however, that if, during such twenty (20) day trading period, the Company pays a dividend in, splits,

combines into a smaller number of shares, or issues by reclassification any additional shares of its common stock (a "Stock Event"), then the closing prices used in the above calculation shall be appropriately adjusted to provide the Sellers the same economic effect as contemplated by this Agreement prior to such action. This stock was valued at approximately \$2,197,000 based on the closing price of \$6.70 on October 5, 2015. If the closing price of the shares of the Company's common stock on the trading day immediately preceding the day on which the Issued Shares are first freely salable under Rule 144 (the "Rule 144 Date") is less than 90% of the Issue Price, then the Company shall make a one-time adjustment and shall promptly pay to the Sellers, in stock in the form of additional shares of common stock of the Company at the market value on the Rule 144 Date, the difference between the aggregate value of the Issued Shares at the Issue Price and the aggregate value of the Issued Shares at the closing price on the Rule 144 Date, the "guarantee". A contingent liability of \$500,000 was recorded in contingent consideration related to this potential adjustment in shares issued. On April 4, 2016 the Company issued approximately 123,000 shares of common stock to the Sellers of Access Data Consulting Corporation. This was based on market value of the stock on April 4, 2016 being approximately \$544,000 less than \$2,000,000 six month guaranteed and based on the closing stock price of \$4.44 per common share. The Company recognized a loss on change of contingent consideration of approximately \$44,000 for the year ended September 30, 2016.

Table of Contents

The Company recognized a net gain on change of contingent consideration of approximately \$1,956,000 related to the issuance of additional stock and reduction of estimated earnout payments. The Company increased the original purchase price by approximately \$600,000 related to a mutual tax election as described in the purchase agreement.

On October 4, 2015, the Company issued to the Sellers the Sellers' Promissory Note. Interest on the outstanding principal balance of the Sellers' Promissory Note is payable at the rate of 5.5% per annum. The principal and interest amount of the Sellers' Promissory Note is payable as follows: (i) for the first twelve months commencing on November 4, 2015 and ending on October 4, 2016, a monthly payment of approximately \$57,000 in principal and interest, (ii) on October 4, 2016 a balloon payment of principal of \$1,000,000, (iii) for the next twelve months commencing on November 4, 2016 and ending on October 4, 2017, a monthly payment of approximately \$28,000 in principal and interest, (iv) on October 4, 2017 a balloon payment of principal of approximately \$1,202,000 and (v) on October 4, 2017 any and all amounts of previously unpaid principal and accrued interest. The Sellers' Promissory Note is subordinated in payment to the obligations of the Company to ACF FINCO I LLP pursuant to the terms and provisions of a Subordination and Intercreditor Agreement dated October 5, 2015 between ACF FINCO I LLP and the Sellers.

The intangibles were recorded, based on the estimated of fair value, which consist primarily of customer lists with an estimated life of five to ten years and goodwill.

Paladin

GEE Group Inc. (the "Company") entered into a Stock Purchase Agreement dated as of January 1, 2016 (the "Paladin Agreement") with Enoch S. Timothy and Dorothy Timothy (collectively, the "Sellers"). Pursuant to the terms of the Paladin Agreement the Company acquired on January 1, 2016, 100% of the outstanding stock of Paladin Consulting Inc., a Texas corporation ("Paladin"), for a purchase price (the "Purchase Price") equal to \$1,750,000, minus the Circle Lending Loan Amount (as defined below) plus up to \$1,000,000 in contingent promissory notes, minus the NWC Reduction Amount (as defined below) (if any) plus up to \$1,250,000 of "earnouts".

Table of Contents

The consideration shall be paid as follows:

- *Cash Payment to Sellers.* At the closing, the Company paid to the Sellers \$1,750,000 in cash.
- *Contingent Promissory Notes.* Up to an additional \$1,000,000 of the Purchase Price shall subsequently be paid by the Company to the Sellers in the form of contingent Promissory Notes (the "Promissory Notes") if (i) the final determination of the Revenue (as defined in the Paladin Agreement) for the period beginning on January 1, 2016 and ending on December 31, 2016 (the "Earnout Period") exceeds \$15,000,000 and (ii) Adjusted EBITDA (as defined in the Paladin Agreement) for the Earnout Period, exceeds \$500,000. The principal amount of the Promissory Notes is subject to reduction by the NWC Reduction Amount (as defined below). There was no liability recorded for this as the estimated negative working capital exceeds \$1,000,000 at December 31, 2015.
- *NWC Reduction Amount.* The Sellers have agreed to pay to the Company the amount by which the Net Working Capital of Paladin (defined as Paladin's Current Assets, determined in accordance with GAAP minus Paladin's Current Liabilities, determined in accordance with GAAP) is a negative number. The Purchase Price shall be reduced dollar for dollar for each dollar by which the Net Working Capital is a negative amount (i.e., less than \$0). The amount by which the Net Working Capital is less than \$0 is the "NWC Reduction Amount." The reduction shall first be applied to reduce the \$1,000,000 portion of the Purchase Price that is the Promissory Notes. If the reduction exceeds \$1,000,000, then that excess shall be immediately paid by the Sellers via a wire transfer of the applicable dollar amount to the Company. There was no liability recorded for this as the estimated negative working capital exceeds \$1,000,000 at December 31, 2015.
- *Earnout Payment.* Up to an additional \$750,000 of the Purchase Price (the "Earnout") will subsequently be paid by the Company to Sellers with respect to the Earnout Period, in accordance with and subject to the terms and conditions in the Paladin Agreement. Any Earnout payment made by the Company, shall, at the option of the Company, be paid (i) in shares of common stock of the Company or (ii) in immediately available funds. Certain "Retention Bonuses" (as defined in the Paladin Agreement) paid to employees of Paladin on or before February 1, 2017, but not exceeding \$275,000 in the aggregate will reduce the Earnout payment. For the year ended September 30, 2016 the Company recognized a \$375,000 loss on change of contingent consideration.
- *Additional Stock Earnout Payment.* Up to an additional \$500,000 of the Purchase Price (the "Additional Earnout") will subsequently be paid by the Company to Sellers in accordance with and subject to the terms and conditions in the Paladin Agreement. Any such Additional Earnout payment shall be paid in shares of common stock of the Company.
- *Subordinated Deferred Payment Rights.* Notwithstanding the above, the Sellers have agreed that the Earnout Payment and Additional Stock Earnout Payment shall be subordinate and junior in right of payment to any "Senior Indebtedness" (as defined in the Paladin Agreement) now or hereafter existing to "Senior Lenders" (current or future) (as defined in the Paladin Agreement).

Under the purchase method of accounting, the transaction was valued for accounting purposes at an estimated \$2,625,000, which was the estimated fair value of the consideration paid by the Company, after it was determined

post-closing that the net negative working capital was approximately \$1,387,000. The estimate was based on the consideration paid of \$1,750,000 paid in cash, approximately \$500,000 of contingent stock consideration related to Paladin exceeding the threshold EBITDA of \$650,000 and the estimated contingent consideration related to Paladin exceeding the threshold EBITDA of \$650,000 by approximately \$75,000. A contingent liability of \$375,000 was initially recorded related to this earn-out, which is five times the estimated EBITDA above the \$650,000 threshold. Management does not expect to recover the negative working capital directly from the Seller, only a reduction in possible future earn-out payments. As of September 30, 2016, management revalued the contingent liability to the full \$750,000 with a \$375,000 loss recognized in the income statement.

The assets and liabilities of Paladin were recorded at their respective fair values as of the closing date of the Paladin Agreement, and the following table summarizes these values based on the estimated balance sheet at January 1, 2016.

The intangibles were recorded, based on the estimated fair value, which are expected to consist primarily of customer lists, trade name and a non-compete agreement with estimated lives of five to ten years and goodwill. Upon completion of an independent purchase price allocation and valuation, the allocation intangible assets will be adjusted accordingly.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure.

None.

Item 9A. Controls and Procedures.

We carried out an evaluation required by Rule 13a-15 of the Exchange Act under the supervision and with the participation of our management, including our Chief Executive Officer and Principal Financial Officer, of the effectiveness of the design and operation of the Company's "disclosure controls and procedures" and "internal control over financial reporting" as of the end of the period covered by this Annual Report.

The evaluation of the Company's disclosure controls and procedures and internal control over financial reporting included a review of our objectives and processes, implementation by us and the effect on the information generated for use in this Annual Report. In the course of this evaluation and in accordance with Section 302 of the Sarbanes Oxley Act, we sought to identify material weaknesses in our controls, to determine whether we had identified any acts of fraud involving personnel who have a significant role in our internal control over financial reporting that would have a material effect on our consolidated financial statements, and to confirm that any necessary corrective action, including process improvements, were being undertaken. Our evaluation of our disclosure controls and procedures is done quarterly and management reports the effectiveness of our controls and procedures in our periodic reports filed with the Securities and Exchange Commission. Our internal control over financial reporting is also evaluated on an ongoing basis by our executive management and by other individuals in our organization. The overall goals of these evaluation activities are to monitor our disclosure controls and procedures and internal control over financial reporting and to make modifications as necessary. We periodically evaluate our processes and procedures and make improvements as required.

Because of inherent limitations, disclosure controls and procedures and internal control over financial reporting may not prevent or detect misstatements. In addition, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate. Management applies its judgment in assessing the benefits of controls relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. The design of any system of controls is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how remote.

Disclosure Controls and Procedures

Disclosure controls and procedures are designed with the objective of ensuring that (i) information required to be disclosed in our reports filed under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission and (ii) information is accumulated and communicated to management, including our Chief Executive Officer and Principal Financial Officer, as appropriate to allow timely decisions regarding required disclosures. Based on their evaluation, our Chief Executive Officer and Principal Financial Officer have concluded that our disclosure controls and procedures were effective as of September 30, 2016.

Management's Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Exchange Act Rule 13a-15(f). Under the supervision and with the participation of our management, including our Principal Executive Officer and Chief Financial Officer, we conducted an evaluation of the effectiveness of our internal control over financial reporting based on the 2013 framework in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles and includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit the preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorizations of our management and directors; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements. Based on the foregoing evaluation, our management concluded that our internal control over financial reporting was effective as of September 30, 2016.

There were no changes in our internal controls over financial reporting during the fourth quarter of the year ended September 30, 2016, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Board of Directors Leadership Structure and Role in Risk Oversight

Our Board has no policy regarding the separation of the offices of Chairman of the Board and Chief Executive Officer. We currently combine the role of Chairman of the Board and Chief Executive Officer. The Board believes that Mr. Dewan's service as both Chairman of the Board and Chief Executive Officer is in the best interests of the Company and its shareholders. Mr. Dewan possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing the Company and its business and is thus best positioned to develop agendas that ensure that the Board's time and attention are focused on the most critical matters. His combined role enables decisive leadership, ensures clear accountability and enhances the Company's ability to communicate its strategy clearly and consistently to the Company's shareholders, employees and customers.

Independent directors and management have different perspectives and roles in strategy development. The Company's independent directors bring experience, oversight and expertise from outside the company and industry, while the management brings company-specific experience and expertise. The Board of Directors believes that a board of directors combined with independent board members and management is in the best interest of shareholders because it promotes strategy development and execution, and facilitates information flow between management and the Board of Directors, which are essential to effective governance.

The Board of Directors does not have a lead independent director. The Board of Directors provides overall risk oversight for the Company as part of its normal, ongoing responsibilities. It receives reports from Mr. Dewan, Mr. Norstrud and other members of senior management on a periodic basis on areas of risk facing the Company. Item 13. Certain Relationships and Related Transactions, and Director Independence.

Director Independence

Our Board of Directors is responsible to make independence determinations annually with the assistance of the Nominating Committee. Such independence determinations are made by reference to the independence standard under the definition of “independent director” under the NYSE MKT Listed Company Manual. Our Board of Directors has affirmatively determined that George A. Bajalia, William Isaac, Dr. Arthur B. Laffer, Peter Tanous, and Thomas C. Williams satisfy the independence standards under the NYSE MKT Listed Company Manual.

In addition to the independence standards provided in the NYSE MKT Listed Company Manual, our Board of Directors has determined that each director who serves on our Audit Committee satisfies standards established by the SEC providing that, in order to qualify as “independent” for the purposes of membership on that committee, members of audit committees may not (1) accept directly or indirectly any consulting, advisory or other compensatory fee from the Company other than their director compensation or (2) be an affiliated person of the Company or any of its subsidiaries. The Board of Directors has also determined that each member of the Compensation Committee satisfies the newly-adopted NYSE MKT standards for independence of Compensation Committee members, which became effective on July 1, 2013.

Related Party Transactions

Other than as disclosed below, except for the Norstrud Employment Agreement and the Dewan Employment Agreement described in "Executive Compensation" above, there have been no transactions since October 1, 2014, or any currently proposed transaction or series of similar transactions to which the Company was or is to be a party, in which the amount involved exceeds \$120,000 and in which any current or former director or officer of the Company, any 5% or greater shareholder of the Company or any member of the immediate family of any such persons had or will have a direct or indirect material interest.

In April 2015, the Company entered into a stock exchange agreement with Brittany M. Dewan as Trustee of the Derek E. Dewan Irrevocable Living Trust II dated the 27th of July, 2010, Brittany M. Dewan, individually, Allison Dewan, individually, Mary Menze, individually, and Alex Stuckey, individually (collectively, the “Scribe Shareholders”), pursuant to which the Company acquired 100% of the outstanding stock of Scribe Solutions Inc., a provider of data entry assistants (medical scribes) who specialize in electronic medical records (EMR) services for emergency departments, specialty physician practices and clinics (“Scribe”), from the Scribe Shareholders for 640,000 shares of Series A Preferred Stock of the Company. In addition, the Company exchanged warrants to purchase up to 635,000 shares of the Company’s common stock, for \$2.00 per share, with a term of 5 years (the “Warrants”), for Scribe warrants

held by two individuals. The issuances of the Series A Preferred Stock and Warrants by the Company was effected in reliance on the exemptions from registration afforded by Section 4(a)(2) of the Securities Act of 1933, and Rule 506 of Regulation D promulgated thereunder.

Under its charter, the Audit Committee of our Board of Directors is responsible to review and approve or ratify any transaction between the Company and a related person that is required to be disclosed under the rules and regulations of the SEC. Our management is responsible for bringing any such transaction to the attention of the Audit Committee. In approving or rejecting any such transaction, the Audit Committee considers the relevant facts and circumstances, including the material terms of the transaction, risks, benefits, costs, availability of other comparable services or products and, if applicable, the impact on a director's independence.

On a quarterly basis, the Audit Committee reviews the fees billed for all services provided for the year to date, and it pre-approves additional services if necessary. CAUTIONARY STATEMENT REGARDING FORWARD LOOKING STATEMENTS

As a matter of policy, the Company does not provide forecasts of future financial performance. The statements made in this quarterly report on Form 10-Q which are not historical facts are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such forward-looking statements often contain or are prefaced by words such as "believe", "will" and "expect." These statements are based on current expectations, estimates and projections about our business based, in part, on assumptions made by management. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions that are difficult to predict. As a result of a number of factors, our actual results could differ materially from those set forth in the forward-looking statements. Certain factors that might cause the Company's actual results to differ materially from those in the forward-looking statements include, without limitation, general business conditions, the demand for the Company's services, competitive market pressures, the ability of the Company to attract and retain qualified personnel for regular full-time placement and contract assignments, the possibility of incurring liability for the Company's business activities, including the activities of its contract employees and events affecting its contract employees on client premises, and the ability to attract and retain qualified corporate and branch management, as well as those risks discussed in the Company's annual report on Form 10-K for the year ended September 30, 2016, and in other documents which we file with the Securities and Exchange Commission. Any forward-looking statements speak only as of the date on which they are made, and the Company is under no obligation to (and expressly disclaims any such obligation to) and does not intend to update or alter its forward-looking statements whether as a result of new information, future events or otherwise.

Through our acquisition of Scribe Solutions in April 2015, we also offer data entry assistants (medical scribes) who specialize in electronic medical records (EMR) services for emergency departments, specialty physician practices and clinics.

2. Significant Accounting Policies and Estimates

The accompanying unaudited condensed consolidated financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Article 8 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete consolidated financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. Operating results for the three and six-month period ended March 31, 2017 are not necessarily indicative of the results that may be expected for the year ending September 30, 2017. The unaudited condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and footnotes thereto included in the Company's Annual Report on Form 10-K for the year ended September 30, 2016 as filed on December 22, 2016.

Principles of Consolidation

The condensed unaudited consolidated financial statements include the accounts and transactions of the Company and its wholly-owned subsidiaries. All inter-company accounts and transactions are eliminated in consolidation.

Estimates and Assumptions

Management makes estimates and assumptions that can affect the amounts of assets and liabilities reported as of the date of the consolidated financial statements, as well as the amounts of reported revenues and expenses during the periods presented. Those estimates and assumptions typically involve expectations about events to occur subsequent to the balance sheet date, and it is possible that actual results could ultimately differ from the estimates. If differences were to occur in a subsequent period, the Company would recognize those differences when they became known. Significant matters requiring the use of estimates and assumptions include, but may not be limited to, deferred income tax valuation allowances, accounts receivable allowances, accounting for acquisitions, and evaluation of impairment. Management believes that its estimates and assumptions are reasonable, based on information that is available at the time they are made.

Revenue Recognition

Direct hire placement service revenues are recognized when applicants accept offers of employment, less a provision for estimated losses due to applicants not remaining employed for the Company's guarantee period. Contract staffing service revenues are recognized when services are rendered.

Falloffs and refunds during the period are reflected in the unaudited condensed consolidated statements of operations as a reduction of placement service revenues and were approximately \$125,000 and \$218,000 for the six-month period ended March 31, 2017 and 2016 respectively. Expected future falloffs and refunds are reflected in the consolidated balance sheet as a reduction of accounts receivable and were approximately \$60,000 as of March 31, 2017 and September 30, 2016, respectively.

Table of Contents

Cost of Contract Staffing Services

The cost of contract services includes the wages and the related payroll taxes and employee benefits of the Company's employees while they work on contract assignments.

Cash and Cash Equivalents

Highly liquid investments with a maturity of three months or less when purchased are considered to be cash equivalents. At March 31, 2017 and September 30, 2016, there were no cash equivalents. The Company maintains deposits in financial institutions in excess of amounts guaranteed by the Federal Deposit Insurance Corporation. Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed federally insured limits. We have never experienced any losses related to these balances.

Accounts Receivable

The Company extends credit to its various customers based on evaluation of the customer's financial condition and ability to pay the Company in accordance with the payment terms. An allowance for placement fall-offs is recorded, as a reduction of revenues, for estimated losses due to applicants not remaining employed for the Company's guarantee period. An allowance for doubtful accounts is recorded, as a charge to bad debt expense, where collection is considered to be doubtful due to credit issues. These allowances together reflect management's estimate of the potential losses inherent in the accounts receivable balances, based on historical loss statistics and known factors impacting its customers. The nature of the contract service business, where companies are dependent on employees for the production cycle allows for a small accounts receivable allowance. Based on management's review of accounts receivable, an allowance for doubtful accounts of approximately \$191,000 is considered necessary as of March 31, 2017 and September 30, 2016, respectively. The Company charges uncollectible accounts against the allowance once the invoices are deemed unlikely to be collectible. The reserve includes the \$60,000 reserve for permanent placement falloffs considered necessary as of March 31, 2017 and September 30, 2016, respectively.

Property and Equipment

Property and equipment are recorded at cost. Depreciation expense is calculated on a straight-line basis over estimated useful lives of five years for computer equipment and two to ten years for office equipment, furniture and fixtures. The Company capitalizes computer software purchased or developed for internal use and amortizes it over an

estimated useful life of five years. The carrying value of property and equipment is reviewed for impairment whenever events or changes in circumstances indicate that it may not be recoverable. If the carrying amount of an asset group is greater than its estimated future undiscounted cash flows, the carrying value is written down to the estimated fair value. There was no impairment of property and equipment for the six-months ended March 31, 2017 and 2016.

Goodwill

Goodwill represents the excess of cost over the fair value of the net assets acquired in the various acquisitions. The Company assesses goodwill for impairment at least annually. Testing goodwill for impairment allows the Company to first assess qualitative factors to determine whether the existence of events or circumstances leads to a determination that it is more likely than not that the fair value of a reporting unit is less than its carrying amount. If the entity determines that this threshold is not met, then performing the two-step impairment test is unnecessary. An impairment loss would be recognized to the extent the carrying value of goodwill exceeds its implied fair value.

Fair Value Measurement

The Company follows the provisions of the accounting standard which defines fair value, establishes a framework for measuring fair value and enhances fair value measurement disclosure. Under these provisions, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

Table of Contents

The standard establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use on unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company's assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable prices that are based on inputs not quoted on active markets, but corroborated by market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

The fair value of the Company's current assets and current liabilities approximate their carrying values due to their short term nature. The carrying value of the Company's long-term liabilities represents their fair value based on level 3 inputs, as further discussed in note 8. The Company's goodwill and other intangible assets are measured at fair value on a non-recurring basis using level 3 inputs.

Earnings and Loss per Share

Basic loss per share is computed by dividing net loss attributable to common stockholders by the weighted average common shares outstanding for the period. Diluted loss per share is computed giving effect to all potentially dilutive common shares. Potentially dilutive common shares may consist of incremental shares issuable upon the exercise of stock options and warrants and the conversion of notes payable to common stock. In periods in which a net loss has been incurred, all potentially dilutive common shares are considered anti-dilutive and thus are excluded from the calculation. There were approximately 1,038,602 and 619,700 of common stock equivalents excluded for the six months ended March 31, 2017 and 2016, respectively, because their effect is anti-dilutive. Common share equivalents of approximately 523,000 were included in the computation of diluted earnings per share for the three months ended March 31, 2016. There were approximately 1,053,421 of common stock equivalents excluded for the three months ended March 31, 2017, because their effect is anti-dilutive.

Advertising Expenses

Most of the Company's advertising expense budget is used to support the Company's business. Most of the advertisements are in print or internet media, with expenses recorded as they are incurred. For the three and six months ended March 31, 2017 and 2016, included in selling, general and administrative expenses was advertising expense totaling approximately \$216,000 and \$504,000, and approximately \$251,000 and \$549,000, respectively.

Intangible Assets

Customer lists, non-compete agreements, customer relationships, management agreements and trade names were recorded at their estimated fair value at the date of acquisition and are amortized over their estimated useful lives ranging from two to ten years using both accelerated and straight-line methods.

Impairment of Long-lived Assets

The Company records an impairment of long-lived assets used in operations, other than goodwill, when events or circumstances indicate that the asset might be impaired and the estimated undiscounted cash flows to be generated by those assets over their remaining lives are less than the carrying amount of those items. The net carrying value of assets not recoverable is reduced to fair value, which is typically calculated using the discounted cash flow method. The Company did not record any impairment during the six months ended March 31, 2017 and 2016.

Table of Contents

Stock-Based Compensation

The Company accounts for stock-based awards to employees in accordance with applicable accounting principles, which requires compensation expense related to share-based transactions, including employee stock options, to be measured and recognized in the financial statements based on a determination of the fair value of the stock options. The grant date fair value is determined using the Black-Scholes-Merton ("Black-Scholes") pricing model. For all employee stock options, we recognize expense over the requisite service period on an accelerated basis over the employee's requisite service period (generally the vesting period of the equity grant). The Company's option pricing model requires the input of highly subjective assumptions, including the expected stock price volatility, expected term, and forfeiture rate. Any changes in these highly subjective assumptions significantly impact stock-based compensation expense.

Options awarded to purchase shares of common stock issued to non-employees in exchange for services are accounted for as variable awards in accordance with applicable accounting principles. Such options are valued using the Black-Scholes option pricing model.

Upon the exercise of options, it is the Company's policy to issue new shares rather than utilizing treasury shares.

Income Taxes

We record a provision for income taxes for the anticipated tax consequences of the reported results of operations using the asset and liability method. Under this method, we recognize deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the financial reporting and tax basis of assets and liabilities, as well as for operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using the tax rates that are expected to apply to taxable income for the years in which those tax assets and liabilities are expected to be realized or settled. We record a valuation allowance to reduce our deferred tax assets to the net amount that we believe is more likely than not to be realized.

Due to the private sale of shares of common stock to LEED HR during fiscal 2012 and the resulting change in control, the Company may be limited by Section 382 of the Internal Revenue Code as to the amount of net operating losses that may be used in future years.

Due to the issuance of convertible preferred shares related to the Scribe acquisition, the Company may be limited by Section 382 of the Internal Revenue Code as to the amount of net operating losses that may be used in future years.

We recognize tax benefits from uncertain tax positions only if we believe that it is more likely than not that the tax position will be sustained on examination by the taxing authorities based on the technical merits of the position. Although we believe that we have adequately reserved for our uncertain tax positions, we can provide no assurance that the final tax outcome of these matters will not be materially different. We make adjustments to these reserves when facts and circumstances change, such as the closing of a tax audit or the refinement of an estimate. To the extent that the final tax outcome of these matters is different than the amounts recorded, such differences will affect the provision for income taxes in the period in which such determination is made and could have a material impact on our financial condition and operating results.

Reclassification

Certain reclassifications have been made to the financial statements as of and for the three and six months ended March 31, 2016 to conform to the current year presentation. There is no effect on assets, liabilities, equity or net income.

Table of Contents

Segment Data

The Company provides the following distinctive services: (a) direct hire placement services, (b) temporary professional services staffing in the fields of information technology, engineering, medical, and accounting, and (c) temporary light industrial staffing. These distinct services can be divided into two reportable segments, Industrial Staffing Services and Professional Staffing Services. Selling, general and administrative expenses are not completely separately allocated among light industrial services and professional staffing services. Operating results are regularly reviewed by the chief operating decision maker to make decisions about resources to be allocated to the segment and to assess its performance. Other factors, including type of business, type of employee, length of employment and revenue recognition are considered in determining these operating segments.

3. Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (“FASB”) issued authoritative guidance that provides companies with a single model for use in accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance, including industry-specific revenue guidance. The new guidance requires a company to recognize revenue to depict the transfer of goods or services to a customer at an amount that reflects the consideration it expects to receive in exchange for those goods or services. It also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments and assets recognized from costs incurred to obtain or fulfill a contract. The guidance permits companies to either apply the requirements retrospectively to all prior periods presented, or apply the requirements in the year of adoption, through a cumulative adjustment. The amended guidance also requires additional quantitative and qualitative disclosures. In March 2016, amended guidance was issued to clarify implementation guidance on principal versus agent consideration. In April 2016, an amendment provided clarifications on determining whether a promised license provides a customer with a right to use or a right to access an entity’s intellectual property. In May 2016, an amendment provided narrow scope improvements and practical expedients to reduce the potential diversity, cost and complexity of applying new revenue standard. These amendments, as well as the original guidance, are all effective for annual and interim periods beginning after December 15, 2017. The new standard will be effective for the Company beginning January 1, 2018 and the Company intends to implement the standard with the modified retrospective approach, which recognizes the cumulative effect of application recognized on that date. The Company is in the process of evaluating the impact of adoption of this guidance on its financial statements.

In November 2015, the FASB issued authoritative guidance which changes how deferred taxes are classified on a company’s balance sheet. The new guidance eliminates the current requirement for companies to present deferred tax liabilities and assets as current and noncurrent in a classified balance sheet. Instead, companies will be required to classify all deferred tax assets and liabilities as noncurrent. The new guidance is effective for annual reporting periods beginning after December 15, 2016. Early adoption is permitted for all entities as of the beginning of an interim or annual reporting period. The guidance may be applied either prospectively, for all deferred tax assets and liabilities, or retrospectively (i.e., by reclassifying the comparative balance sheet). If applied prospectively, entities are required to

include a statement that prior periods were not retrospectively adjusted. If applied retrospectively, entities are also required to include quantitative information about the effects of the change on prior periods. Except for balance sheet classification requirements related to deferred tax assets and liabilities, the Company does not expect this guidance to have an effect on its financial statements. The Company is in the process of evaluating the impact of adoption of this guidance on its financial statements.

In March 2016, the FASB issued Accounting Standards Update ("ASU") 2016-09, Improvements to Employee Share-Based Payment Accounting ("ASU 2016-09"). ASU 2016-09 simplifies several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities and classification on the statement of cash flows. This ASU is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. The Company is currently assessing the potential impact of adopting ASU 2016-09 on its financial statements and related disclosures.

In February 2016, the FASB issued authoritative guidance which changes financial reporting as it relates to leasing transactions. Under the new guidance, lessees will be required to recognize a lease liability, measured on a discounted basis; and a right-of-use asset, for the lease term. The new guidance is effective for annual and interim periods beginning after December 15, 2018. Early application is permitted for all entities upon issuance. Lessees and lessors must apply a modified retrospective transition approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements. The Company is in the process of evaluating the impact of adoption of this guidance on its financial statements.

Table of Contents

In August 2016, the FASB issued authoritative guidance designed to address diversity in how certain cash receipts and cash payments are presented and classified in the statement of cash flows, including: i) contingent consideration payments made after a business combination; ii) proceeds from the settlement of insurance claims; and iii) proceeds from the settlement of corporate-owned life insurance policies. The new guidance is effective for the Company for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years. Early adoption is permitted in any interim or annual period. The Company believes the adoption of this guidance will not have a material impact on its financial statements.

In January 2017, the FASB issued ASU 2017-01, Business Combinations (Topic 805): Clarifying the Definition of a Business, which clarifies the definition of a business to assist entities with evaluating whether transactions should be accounted for as acquisitions (or disposals) of assets or businesses. The standard will be effective for the Company in the first quarter of 2019. Early adoption is permitted. The Company is currently evaluating the impact of adopting this ASU on its consolidated financial statements.

In January 2017, the FASB issued ASU 2017-04, “Intangibles - Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment”. The update simplifies how an entity is required to test goodwill for impairment by eliminating Step 2 from the goodwill impairment test. Step 2 measures a goodwill impairment loss by comparing the implied fair value of a reporting unit’s goodwill with the carrying amount. The new rules will be effective for the Company in the first quarter of 2021. Early adoption is permitted. The Company is currently evaluating the impact of adopting this ASU on its consolidated financial statements. No other recent accounting pronouncements were issued by FASB and the SEC that are believed by management to have a material impact on the Company's present or future financial statements.

The amortization expense attributable to the amortization of identifiable intangible assets was approximately \$369,000 and \$738,000 and \$407,000 and \$744,000 for the three and six months ended March 31, 2017 and 2016, respectively. In addition to amortization expense for intangible assets, the Company incurred amortization of deferred financing fees of \$28,000 for the three and six months ended March 31, 2016.

The trade names are amortized on a straight – line basis over the estimated useful life of ten years. Customer relationships are amortized based on the future undiscounted cash flows or straight – line basis over estimated remaining useful lives of five to ten years. Non-compete agreements are amortized based on a straight-line basis over the term of the non-compete agreement, typically five years. Over the next five years and thereafter, annual amortization expense for these finite life intangible assets will total approximately \$10,356,000, as follows: fiscal 2017 - \$738,000, fiscal 2018 - \$1,481,000, fiscal 2019 - \$1,485,000, fiscal 2020 - \$1,482,000, fiscal 2021 - \$1,077,000 and thereafter - \$4,093,000.

Long-lived assets, such as purchased intangibles subject to amortization, are reviewed for impairment when events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The Company regularly evaluates whether events and circumstances have occurred that indicate possible impairment and relies on a number of factors, including operating results, business plans, economic projections, and anticipated future cash flows. The Company uses an estimate of the future undiscounted net cash flows of the related asset or asset group over the remaining life in measuring whether the assets are recoverable.

Table of Contents**6. Short-term Debt**

On September 27, 2013, the Company ("Borrower") entered into agreements with ACF FINCO I LP (successor-in-interest to Keltic Financial Partners II, LP) ("ACF") ("Lender"), that provides the Company with long term financing through a six million dollar (\$6,000,000) secured revolving note (the "Note"). The Note has a term of three years and has no amortization prior to maturity. The interest rate for the Note is a fluctuating rate that, when annualized, is equal to the greatest of (A) the Prime Rate plus three and one quarter percent (3.25%), (B) the LIBOR Rate plus six and one quarter percent (6.25%), and (C) six and one half percent (6.50%), with the interest paid on a monthly basis. Loan advances pursuant to the Note are based on the accounts receivable balance and other assets. The Company incurred certain cash expense and commitment fees related to obtaining the agreement of approximately \$170,000, which has been paid. The Note is secured by all of the Company's property and assets, whether real or personal, tangible or intangible, and whether now owned or hereafter acquired, or in which it now has or at any time in the future may acquire any right, title or interests. On January 1, 2016, the Company entered into an eighth Amendment and Waiver to the Loan and Security Agreement with ACF to increase the maximum amount of revolving credit under the Amended Loan Agreement from \$6,000,000 to \$10,000,000. On September 27, 2016, the Company entered into a ninth Amendment and Waiver to the Loan and Security Agreement with ACF. Pursuant to the Amendment, the Lender agreed (i) to decrease the annual Facility Fee (as defined in the Credit Agreement) payable by Borrower on the total Revolving Credit Limit (as defined in the Loan Agreement) to 0.75% , (ii) to allow the Borrower to make certain prepayments of amounts owed under the Amended Loan Agreement and the other loan documents on or prior to September 27, 2018, (iii) to amend the provision regarding liquidated damages payable by Borrower in the event of any early termination of the revolving credit line under the Amended Credit Agreement such that Borrower shall pay liquidated damages to Lender in an amount equal to the Revolving Credit Limit multiplied by (X) two percent (2.00%) if such prepayment, repayment, demand or acceleration occurs prior to September 28, 2017, and (Y) one percent (1.00%) if such prepayment, repayment, demand or acceleration occurs on or after September 28, 2017, (iv) to change the minimum EBITDA (as defined in the Amended Credit Agreement) thresholds required to be maintained by the Company as outlined below (v) to extend the Revolving Credit Termination Date to the earliest to occur of (a) September 27, 2018, (b) the date Lender terminates the Revolving Credit pursuant to the terms of the Amended Credit Agreement, and (c) the date on which repayment of the Revolving Credit, or any portion thereof, becomes immediately due and payable pursuant to the terms of the Amended Loan Agreement, (vi) to amend the definition of EBITDA and (vii) to change the Revolving Credit Rate to a fluctuating rate that, when annualized, is equal to the greatest of (A) the Prime Rate plus one and one half percent (1.50%), (B) the LIBOR Rate plus four and one half percent (4.50%), and (C) four and three quarters percent (4.75%). On January 20, 2017, the Company entered into a Tenth Amendment, Consent and Waiver to the Loan and Security Agreement. Pursuant to the Amendment, the Lender agreed (i) to consent to the Company's execution and delivery of the Addendum and the consummation of the transactions contemplated by the Addendum, (ii) to allow the Company to pay the Earnout (as defined in the Paladin Agreement) Cash Payment to the Sellers, (iii) to allow the Company to issue the Subordinated Note to the Sellers and (iv) to amend the terms of the Loan Agreement to reflect the amended and restructured terms of the Earnouts. In connection with the execution and delivery of the Amendment, the Sellers and the Lender executed and delivered Amendment No. 1 dated January 20, 2017 to the Subordination Agreement between the Sellers and the Lender dated as of January 1, 2016.

Also in connection with the execution of the Amendment, the Borrowers, the Validity Party, the Guarantor, the Subordinated Creditors and the Lender executed and delivered a Reaffirmation Agreement effective as of January 20,

2017 (the “Reaffirmation Agreement”) pursuant to which, among other things, (i) the Borrowers reaffirmed their obligations to Lender under each of the Loan Documents (as defined in the Reaffirmation Agreement), (ii) the Validity Party (as defined in the Reaffirmation Agreement) reaffirmed his obligations under the Validity Agreement (as defined in the Reaffirmation Agreement) and each of the Loan Documents, (iii) the Guarantor (as defined in the Reaffirmation Agreement) reaffirmed his obligations under the Amended and Restated Guaranty Agreement dated on or about September 27, 2013 and each of the Loan Documents and (iv) each of the Subordinated Creditors (as defined in the Reaffirmation Agreement) reaffirmed its obligations under its respective Subordination Agreement (as defined in the Reaffirmation Agreement).

At March 31, 2017 and September 30, 2016, the interest rate was 4.75%, respectively.

At March 31, 2017, there was no availability on the line of credit as the Company was in the process of refinancing this loan. The interest expense related to the lines of credit for the three and six months ended March 31, 2017 and 2016 approximated \$172,000 and \$337,000, and \$182,000 and \$291,000, respectively.

The Company and its subsidiaries, as borrowers, entered into a Revolving Credit, Term Loan and Security Agreement (the “Credit Agreement”) with PNC Bank, National Association (“PNC”), and certain investment funds managed by MGG Investment Group LP (“MGG”), with an effective date of April 3, 2017.

Under the terms of the Credit Agreement, the Company may borrow up to \$73,750,000 consisting of a four-year term loan in the principal amount of \$48,750,000 and revolving loans in a maximum amount up to the lesser of (i) \$25,000,000 or (ii) an amount determined pursuant to a borrowing base that is calculated based on the outstanding amount of the Company’s eligible accounts receivable, as described in the Credit Agreement. The loans under the Credit Agreement mature on March 31, 2021. The Company used approximately \$7,631,000 of the proceeds to payoff the ACF FINCO I LP note. See subsequent event footnote for additional information.

The Company may prepay the principal and interest under the Subordinated Note at any time, without penalty, provided, however, the Interest Shares shall be deemed paid in full and earned upon the issuance of the Subordinated Note. The Subordinated Note is subordinated in payment to the obligations of the Company to ACF FINCO I LLP pursuant to the terms and provisions of a Subordination and Intercreditor Agreement dated October 2, 2015 between, ACF FINCO I LLP and the Investor. In connection with the issuance of the Subordinated Note the Company and the Investor entered into a Registration Rights Agreement dated October 2, 2015 (the "Registration Rights Agreement") whereby the Company granted to the Investor certain piggyback registration rights with respect to the shares of Company common stock issued or issuable as interest payments under the Subordinated Note, and any shares of Company common stock issued as a dividend or other distribution with respect to, or in exchange for or in replacement of, shares of common stock of the Company issued or issuable as interest payments under the Subordinated Note. Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Overview

We specialize in the placement of information technology, engineering, and accounting professionals for direct hire and contract staffing for our clients, and provide temporary staffing services for our light industrial clients. As a result of our acquisition of Scribe Solutions, Inc. ("Scribe") in April 2015, we now also offer data entry assistants (medical scribes) who specialize in electronic medical records (EMR) services for emergency departments, specialty physician practices and clinics. There is currently a growing need for medical scribes due to the rise in EMR being utilized for billing and documentation of health care services and the meaningful use requirements that are part of the Affordable Care Act. The acquisitions of Agile Resources, Inc. a Georgia Corporation ("Agile"), Access Data Consulting Corporation, a Colorado corporation ("Access") and Paladin Consulting Inc., a Texas corporation ("Paladin") expanded our geographical footprint within the placement and contract staffing of information technology.

Our staffing services are provided through a network of twenty branch offices located in downtown or suburban areas of major U.S. cities in ten states. We have one office located in each of Arizona, Colorado, Georgia, Indiana, Illinois and Massachusetts, two offices in each of California and Texas, three offices in Florida and seven offices in Ohio.

Management has implemented a strategy which included cost reduction efforts as well as identifying strategic acquisitions, financed primarily through the issuance of equity and debt to improve the overall profitability and cash flows of the Company. We believe our current segments complement one another and position us for future growth.

Table of Contents

Direct hire placement services and professional contract services is down as the total number of recruiters and sales professionals are down in the Company, however management does expect to increase hiring in the following quarter. Industrial contract services increased due to a management effort to replace certain customers lost in the prior year. Executive management has started to hire additional national sales force that can be serviced by the expanded geographical service area.

Cost of Contract Services

Cost of services includes wages and related payroll taxes and employee benefits of the Company's employees while they work on contract assignments. Cost of contract services for the three-month period ended March 31, 2017 increased by approximately 2% to approximately \$15,894,000 compared with the prior period of approximately \$15,630,000 for the three-month period ended March 31, 2016. Cost of contract services, as a percentage of contract revenue, for the three-month period ended March 31, 2017 increased approximately 2% to 74% compared with the prior period of approximately 72%. The change in the contract revenue gross margin is related to several factors, including the addition of lower gross margin from Paladin and Industrial contract services.

Selling, General and Administrative Expenses

Selling, general and administrative expenses include the following categories:

- .. Compensation and benefits in the operating divisions, which includes salaries, wages and commissions earned by the Company's employment consultants and branch managers on permanent and temporary placements.
- .. Administrative compensation, which includes salaries, wages, payroll taxes and employee benefits associated with general management and the operation of the finance, legal, human resources and information technology functions.
- .. Occupancy costs, which includes office rent, and other office operating expenses.
- .. Recruitment advertising, which includes the cost of identifying job applicants.
- .. Other selling, general and administrative expenses, which includes travel, bad debt expense, fees for outside professional services and other corporate-level expenses such as business insurance and taxes.

The Company's largest selling, general and administrative expense is for compensation in the operating divisions. Most of the Company's sales agents and recruiters are paid on a commission basis and receive advances against future commissions. When commissions are earned, prior advances are applied against them and the sales agent or recruiter is paid the net amount. The Company recognizes the full amount as commission expense, and advance expense is reduced by the amount recovered. Thus, the Company's advance expense represents the net amount of advances paid, less amounts applied against commissions, plus commission accruals for billed but uncollected revenue.

Selling, general and administrative expenses for the three months ended March 31, 2017 decreased by approximately \$332,000 or approximately 6% compared to the same period last year. The decrease in selling, general and administrative expenses was a result of management's effort to consolidate and create efficiencies within the consolidated companies.

Acquisition, Integration and Restructuring Charges

Acquisition, integration and restructuring charges, are legal expenses, travel expenses, finder's fees, severance agreements and other expenses that the Company has expensed as incurred and related to various transactions the Company has or expects to execute. The Company expects to have these expenses each quarter while we continue our

growth strategy, however these expenses would not necessarily be incurred by the Company on a recurring basis in normal operations, without acquisitions.

The acquisition, integration and restructuring charges for the three months ended March 31, 2017, decreased by approximately \$45,000 compared with the same period last year as the Company continues to evaluate potential acquisitions and perform due diligence, however no acquisitions were closed during the period.

The Company acquired Paladin as of January 1, 2016, which increased the professional contract services by approximately \$4,429,000, however these gains were offset by overall lower professional contract revenue. Direct hire placement services have not been a focus of the acquired entities, however management does not believe that the decrease in permanent placement services will continue. Executive management has stabilized its sales force, consolidated and expanded its sales strategy and is investing in revenue growth.

Cost of Contract Services

Cost of services includes wages and related payroll taxes and employee benefits of the Company's employees while they work on contract assignments. Cost of contract services for the six-month period ended March 31, 2017 increased by approximately 12% to approximately \$31,457,000 compared with the prior period of approximately \$27,967,000 for the six-month period ended March 31, 2016. Cost of contract services, as a percentage of contract revenue, for the six-month period ended March 31, 2017 increased approximately 3% to approximately 74% compared with the prior period of approximately 71%. The change in the contract revenue gross margin is related to several factors, including the addition of lower gross margin from the Paladin acquisition as of January 1, 2016 and increase in Industrial contract services.
