Long Term Incentive Plan Changes and Form Agreements

Clearwater Paper Corporation (the “Company”) is modifying its long-term incentive program for 2017. The Company’s named executive officers will receive their 2017 long-term incentive plan awards in the following proportions:

Named Executive Officers	Percentage of LTIP Award		
	RSUs	Options	Performance Shares
	25.0%	37.5%	37.5%

For named executive officers, the Company will use relative TSR performance for the performance shares granted for the 2017-2019 period measured against the S&P MidCap 400[®] Index, (excluding those companies classified as members of the GICS[®] Financials sector). In addition, a majority of each 2017-2019 share grant will be based in an objective company-wide financial metric as follows:

- 60% of performance share award based on ROIC performance
- 40% of performance share award based on relative TSR

ROIC, or return on invested capital, will be measured over a three year period to focus on the delivery of financial results from the Company’s strategic initiatives and related capital expenditures.

On February 6, 2017, the Compensation Committee of the Board of Directors of the Company approved updated forms of the Company’s Performance Share Agreement, Restricted Stock Unit Agreement and Stock Option Agreement to be used from time to time by the Company under its stock incentive plan.

Updates to all form agreements include changing accelerated vesting upon the death, disability or retirement of any award recipient to be based pro rata upon the full number of months in the applicable vesting or performance period, rather than on whether the accelerated vesting event occurs the first twelve months of the awards or afterwards.

Changes to the Performance Share award form also include:

- Changing “actual” performance measure to “target” for use in determining a payout upon a change of control in line with market practices and to accommodate performance measures based on internal performance;
- Providing flexibility in regards to the withholding of shares to satisfy the taxes due on any share awards received; and
- Deletion of mandatory deferral requirements for awards in excess of Section 162(m) deductible amounts.

Changes to the RSU award form also include:

- Providing for pro rata vesting and payment (33%; 33%; 34%) over a three year period;
- Providing flexibility in regards to the withholding of shares to satisfy the taxes due on any share awards received; and
- Deletion of mandatory deferral requirements for awards in excess of Section 162(m) deductible amounts.

Changes to the Stock Option award form also include:

- Providing for pro rata vesting and exercisability (33%; 33%; 34%) over a three year period.

The above summaries are qualified in their entirety by reference to the text of the Performance Share Agreement, Restricted Stock Unit Agreement and Stock Option Agreement forms which are attached hereto as Exhibits 10.1, 10.2 and 10.3, respectively, and are incorporated herein by reference.

Annual Incentive Plan Changes

The Company's Annual Incentive Plan (the "Incentive Plan") is designed to link compensation to annual Company performance by awarding cash bonuses for achieving pre-established performance goals. The Company is modifying its annual incentive program for 2017 to eliminate the individual component under the Annual Incentive Plan for its named executive officers and for 2017 will replace it with a Company-wide productivity component. This new component is intended to incentivize the Company's named executive officers to focus on productivity and the continued delivery of financial results from the Company's strategic and operational initiatives. Accordingly, 100% of the named executive officers' annual cash bonus will be based on objective, Company-wide financial performance metrics.

For 2017, the Company performance measures for named executive officers will be:

- 75% of target award based on EBITDA performance against target
- 75% of target award based on EBITDA margin performance against target
- 25% of target award based on Company-wide Productivity performance against target

If the Company does not achieve the EBITDA threshold no cash bonuses will be paid from the Annual Incentive Plan.

Based on a market assessment of comparable compensation programs, the Company increased and capped the total amount participants in the Annual Incentive Plan, including named executive officers, could be awarded under the program to 200% of target based on performance for 2017.
