PART III

Item 10. Directors, Executive Officers and Corporate Governance.

Recent Corporate Governance and Management Changes

On March 6, 2017, the Company entered into a definitive merger and sponsorship transaction agreement (the “Sponsorship Transaction”) with Orion Holdings and BRE TERP Holdings Inc. (“Merger Sub”), a wholly-owned subsidiary of Orion Holdings, which are both affiliates of Brookfield. On October 16, 2017, Merger Sub merged with and into TerraForm Power (the “Merger”), with TerraForm Power continuing as the surviving corporation in the Merger.

Certain corporate governance changes were implemented following the completion of the Merger and Sponsorship Transaction. As part of the Merger and Sponsorship Transaction, TerraForm Power’s corporate governance was simplified to better align the interests of all of our stakeholders. We now have a single class of A shares worth one vote each, as opposed to our previous dual class structure. Upon consummation of the Merger and Sponsorship Transaction, the size of our Board was set at seven members, of whom four are designated by Brookfield and three are independent and were initially chosen by our Board prior to the Merger and Sponsorship Transaction. On November 16, 2017, one of our three independent directors resigned as a director, and as a result, a new independent director was appointed to our Board on February 5, 2018.

In addition, we have experienced changes to our executive officers and senior management, including the departure of our interim Chief Executive Officer, Chief Financial Officer and General Counsel upon the closing of the Merger and Sponsorship Transaction. The governance agreements entered into between the Company and Brookfield in connection with the Merger and Sponsorship Transaction provide for Brookfield to indirectly appoint our Chief Executive Officer, Chief Financial Officer and General Counsel. These three executive officers are not employees of the Company and their services are provided under a management services agreement with Brookfield.

Board Leadership Structure

The Board is responsible for, among other things, overseeing the conduct of our business, reviewing and, where appropriate, approving our long-term strategic, financial and organizational goals and plans, and reviewing the performance of our chief executive officer and other members of senior management. Following the end of each year, our Board will conduct an annual self-evaluation, which includes a review of any areas in which the Board or management believes the Board can make a better contribution to our corporate governance, as well as a review of the committee structure and an assessment of the Board's compliance with corporate governance principles. In fulfilling the Board's responsibilities, directors have full access to our management and independent advisors.

CORPORATE GOVERNANCE AND BOARD MATTERS

Independence of the Board of Directors

For purposes of the applicable stock exchange rules, we are a "controlled company." Controlled companies under those rules are companies of which more than 50% of the voting power for the election of directors is held by an individual, a group or another company. Brookfield controls more than 50% of the combined voting power of our common stock and, as a result, has and will continue to have the right to designate a majority of the members of our Board for nomination for election and the voting power to elect such directors.

Specifically, as a controlled company, we are not required to have (i) a majority of independent directors, (ii) a nominating and corporate governance committee composed entirely of independent directors, (iii) a compensation committee composed entirely of independent directors or (iv) an annual performance evaluation of the nominating and corporate governance and compensation committee. We currently rely on the exceptions with respect to establishing a compensation committee and annual performance evaluations of such committee. Accordingly, our stockholders do not have the same protections afforded to stockholders of companies that are subject to all of the applicable stock exchange rules. The controlled company exemption does not modify the independence requirements for the Audit Committee, and we comply with the requirements of the Sarbanes-Oxley Act and the applicable Nasdaq rules, which require that our Audit Committee be composed of at least three members, each of whom is independent. In addition, we maintain a Conflicts Committee which is comprised of three independent directors.

We believe Ms. Burke and Messrs. Fong and McFarland qualify as independent directors according to the rules and regulations of the U.S. Securities and Exchange Commission (the "SEC") and the Nasdaq.

Edgar Filing: TerraForm Power, Inc. - Form 10-K/A

Bruce Williamson	Member	Member	-
Total meetings held in fiscal year 2017	16	37	5

The Board met 35 times during 2017. Each incumbent board member attended at least 75% of the meetings of the board and applicable committees held in fiscal 2017 during the period for which such member was a director and/or committee member.

Directors are invited and encouraged to attend the Company's annual meeting of stockholders. A director who is unable to attend the Company's annual meeting of stockholders (which it is understood will occur on occasion) is expected to notify the Chairman of the Board in advance of the meeting. Seven out of the nine then-current members of the Board attended the August 10, 2017 annual meeting of stockholders.

Below is a description of each committee of the Board:

Audit Committee

The Audit Committee is responsible for, among other matters: (i) appointing, retaining and evaluating our independent registered public accounting firm and approving all services to be performed by it, (ii) overseeing our independent registered public accounting firm's independence, experience, qualifications and performance, (iii) overseeing the financial reporting process and discussing with management and our independent registered public accounting firm the interim and annual financial statements that we file with the SEC, (iv) reviewing and monitoring our critical accounting policies and practices, financial and accounting controls and compliance with legal and regulatory requirements, and (v) reviewing procedures for the confidential anonymous submission of concerns regarding questionable accounting, internal controls or auditing matters.

Our Audit Committee consists of Messrs. Fong, McFarland and Williamson. We believe that Messrs. Fong, McFarland and Williamson qualify as independent directors according to the rules and regulations of the SEC and the Nasdaq with respect to audit committee membership. We also believe that Messrs. Fong and Williamson each qualifies as a "audit committee financial expert," as such term is defined in Item 407(d)(5) of Regulation S-K. Mr. Fong has been designated as the chairperson of the Audit Committee. Our Board has adopted a written charter for the Audit Committee which is available on our corporate website, <http://www.terraformpower.com>.

Conflicts Committee

Our Conflicts Committee is responsible for, among other matters: (i) reviewing and approving material transactions, and matters in which a conflict of interest exists, between the Company and any affiliated parties, on the one hand, and Brookfield and certain affiliates, on the other hand, (ii) reviewing and recommending structures and procedures designed to facilitate the Board's independence from Brookfield and certain affiliates and (iii) supervising any changes in fees paid to Brookfield and certain affiliates as service providers ("Service Providers").

Our Conflicts Committee consists of Messrs. Fong, McFarland and Williamson. We believe Messrs. Fong, McFarland and Williamson qualify as independent directors according to the rules and regulations of the SEC and the Nasdaq. Mr. McFarland has been designated as the chairperson of the Conflicts Committee. Our Board has adopted a written charter for the Conflicts Committee which is available on our corporate website, <http://www.terraformpower.com>.

Nominating and Corporate Governance Committee

As a controlled company, we are not required to establish a compensation or nominating committee under the Nasdaq rules. While the Company remains able to rely upon such exceptions, on October 16, 2017, the Board created a Nominating and Corporate Governance Committee of the Board ("Governance Committee").

The Governance Committee is responsible for, among other matters: (i) considering and submitting recommendations for filling Board vacancies, (ii) reviewing the Company's overall approach to corporate governance, (iii) reviewing and accessing the Company's enterprise risk management program and policies, (iv) reviewing and reporting on the performance of the Board, (v) reviewing proposed material related-party transactions and situations involving potential conflicts of interest that are not required to be reviewed by the Conflicts Committee, (vi) establishing a process for reviewing the performance and overseeing the evaluation of Service Providers, (vii) discharging the responsibility of the Board with respect to the Company's incentive compensation plans and equity-based plans, and (viii) preparing an annual Compensation Committee Report, if required by applicable SEC rules.

In considering and submitting recommendations for filling Board vacancies, the Governance Committee considers an individual's business experience and specific areas of expertise, personal and professional ethics and values and commitment to advancing the best interest of the Company. The Governance Committee also considers the need for the Board to have diversity of perspectives.

The Governance Committee's process for identifying and evaluating director nominees may include consultation with all directors, solicitation of proposed nominees from all directors, the engagement of one or more professional search firms (if deemed appropriate) and interviews with prospective nominees. The Governance Committee also considers nominations by stockholders who

recommend candidates for election to the Board. A stockholder seeking to recommend a prospective candidate for the Governance Committee's consideration may do so by writing the Corporate Secretary, at TerraForm Power, Inc., 7550 Wisconsin Avenue, 9th Floor, Bethesda, Maryland 20814, and by following the requirements to submit nominees discussed under the section titled "Stockholder Proposals and Nominations."

The Governance Committee consists of Messrs. Goldgut, Fong and McFarland. We believe that Messrs. Fong and McFarland qualify as independent directors according to the rules and regulations of the SEC and Nasdaq. Mr. Goldgut has been designated as the chairpersons of the Governance Committee. Our Board has adopted a written charter for the Governance Committee which is available on our corporate website, <http://www.terraformpower.com>.

Stockholders and interested parties may communicate with our Board by sending correspondence to the Board, a specific committee of our Board or a director c/o our Secretary, at TerraForm Power, Inc., 7550 Wisconsin Avenue, 9th Floor, Bethesda, Maryland 20814.

Compensation for New Directors and Committee Members Prior to the Closing of the Merger

Mr. Fong was elected to the Board effective February 12, 2017. On February 26, 2017, Mr. Fong was appointed as a member of the Conflicts Committee and a member of the Audit Committee. As such, the members of the Board, upon the recommendation of the then-constituted Compensation Committee, authorized, and the Company subsequently paid Mr. Fong, \$50,000 for his board service until the Company’s next annual meeting, \$7,500 for his service as a member of the Audit Committee until the Company’s next annual meeting and \$5,000 for his service as a member of the Conflicts Committee until the Company’s next annual meeting. Mr. Fong was also awarded 12,800 RSUs at the time of his election to the Board. These RSUs vested in accordance with their terms on May 25, 2017.

On February 3, 2017, the Board established the Compensation Committee and appointed Messrs. Compton, Hall and Stark as the members of the Compensation Committee. Mr. Stark was appointed as the Chairperson of the Compensation Committee. The members of the Board, upon the recommendation of the Compensation Committee, authorized, and the Company subsequently paid Mr. Stark, \$12,500 for his service as the Chairperson of the Compensation Committee until the Company’s next annual meeting and each of Messrs. Compton and Hall \$5,000 for their respective service as members of the Compensation Committee until the Company’s next annual meeting.

Also on February 3, 2017, the Board reconstituted the Conflicts Committee to consist of four members, Ms. Fox and Messrs. Hall, Rosenberg and Pauker. The Conflicts Committee was increased to five members on February 26, 2017, upon the appointment of Mr. Fong as a member of the Conflicts Committee. Mr. Hall was appointed as the Chairperson of the Conflicts Committee. The members of the Board, upon the recommendation of the Compensation

Committee, authorized, and the Company subsequently paid Mr. Hall \$15,000 for his service as the Chairman of the Conflicts Committee until the Company's next annual meeting and each of Ms. Fox and Messrs. Rosenberg, Pauker and Fong \$5,000 for their respective service as members of the Conflicts Committee until the Company's next annual meeting. For purposes of determining the fees described in this section, the Board had tentatively assumed that the Company's next annual meeting would occur on May 25, 2017.

Cash Awards for the Period from May 25, 2017 through August 24, 2017

Due to the delay in filing the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2016, the Company did not hold its annual meeting until August 10, 2017. On June 13, 2017, the members of the Board authorized, and the Company subsequently paid, cash compensation of \$50,000 to each of our then-current directors, Ms. Fox and Messrs. Blackmore, Compton, Dahya, Fong, Hall, Pauker, Rosenberg and Stark, for their board service for the interim period from May 25, 2017 through August 24, 2017. The \$50,000 in quarterly cash compensation represented one fourth of the regular annual compensation of \$200,000 (cash retainer and RSUs) paid to non-employee directors and was payable in full on the first date of such period. In addition, on June 16, 2017 the members of the Board authorized, and the Company subsequently paid, prorated quarterly cash compensation for our directors' service on the relevant committees for the interim period from May 25, 2017 through August 24, 2017. As such, the Company (i) paid Mr. Dahya a fee of \$5,000

Compton, Stark and Fong a fee of \$1,875 for their respective service as members of the Audit Committee for such period, (ii) paid Mr. Hall a fee of \$3,750 for his service as the Chairperson of the Conflicts Committee for such period and each of Ms. Fox and Messrs. Fong, Pauker and Rosenberg a fee of \$1,250 for their respective service as members of the Conflicts Committee for such period and (iii) paid Mr. Stark a fee of \$3,125 for his service as the Chairperson of the Compensation Committee for such period and each of Messrs. Hall and Compton a fee of \$1,250 for their respective service as members of the Compensation Committee for such period. No RSUs were awarded for the directors' service during this interim period.

Cash Awards for the Period from August 24, 2017 through November 24, 2017

On August 10, 2017, following the Company's Annual Meeting of Stockholders for 2017, the members of the Board authorized, and the Company subsequently paid, cash compensation of \$50,000 to each of our then-current directors, Ms. Fox and Messrs. Blackmore, Compton, Dahya, Fong, Hall, Pauker, Rosenberg and Stark, for their board service for the interim period from August 25, 2017 through November 24, 2017. The \$50,000 in quarterly cash compensation represented one fourth of the regular annual compensation of \$200,000 (cash retainer and RSUs) paid to non-employee directors and was payable in full on the first date of such period. In addition, on August 10, 2017 the members of the Board authorized, and the Company subsequently paid, prorated quarterly cash compensation for our directors' service on the relevant committees for the interim period from August 24, 2017 through November 24, 2017. As such, the Company (i) paid Mr. Dahya a fee of \$5,000 for his service as the Chairperson of the Audit Committee for such period and each of Messrs. Compton, Stark and Fong a fee of \$1,875 for their respective service as members of the Audit Committee for such period, (ii) paid Mr. Hall a fee of \$3,750 for his service as the Chairperson of the Conflicts Committee for such period and each of Ms. Fox and Messrs. Fong, Pauker and Rosenberg a fee of \$1,250 for their respective service as members of the Conflicts Committee for such period and (iii) paid Mr. Stark a fee of \$3,125 for his service as the Chairperson of the Compensation Committee for such period and each of Messrs. Hall and Compton a fee of \$1,250 for their respective service as members of the Compensation Committee for such period. No RSUs were awarded for the directors' service during this interim period. On October 6, 2017, the members of the Board authorized, and the Company subsequently paid, cash consideration of \$15,000 to Mr. Fong for his service as the Chairman of the Transition Committee of the Board established to oversee contingency planning and transition matters in connection with the closing of the Merger.

Cash Awards for the Period from November 24, 2017 through December 31, 2017

On December 19, 2017, upon the recommendation of the Governance Committee, the members of the Board authorized, and the Company subsequently paid, cash compensation of \$20,000 to each of Messrs. Fong and McFarland for their extraordinary board service during the interim period from November 24, 2017 through December 31, 2017. No RSUs were awarded for their service during this interim period. The Company also paid each of Messrs. Fong and McFarland a quarterly fee of \$36,250 for their service as members of the Board and its committees during the fourth quarter of 2017.

Item 11. Executive Compensation.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

In this section we provide an explanation and analysis of the material elements of the compensation for our named executive officers for the 2017 fiscal year. The purpose of this discussion is to provide context for the presentation of the specific compensation paid to our named executive officers, as shown in the tables and narrative disclosure that follow. During the fiscal year ended December 31, 2017, there were eight individuals who served as named executive officers of the Company.

Background to our 2017 Named Executive Officer Compensation

Beginning in December 2016 and continuing until the effective time of the Merger on October 16, 2017, we directly employed certain of our named executive officers. Beginning at the effective time of the Merger on October 16, 2017, Brookfield employed our Chief Executive Officer, Chief Financial Officer, Chief Operating Officer and General Counsel. Brookfield directly sets the compensation of these executive officers. As such, the Company did not incur any direct expense for their services. The ultimate responsibility and authority for compensation-related decisions for our named executive officers who were employees of Brookfield resided with Brookfield, and any compensation decisions were not subject to any approvals by our Board or any committees thereof.

In the period between the SunEdison Bankruptcy and the establishment of our Compensation Committee on February 3, 2017, determinations regarding compensation of our senior management were made by our Conflicts Committee and our Interim Chief Executive Officer. In the period between the establishment of our Compensation Committee on February 3, 2017 and the effective time of the Merger on October 16, 2017, determinations regarding compensation of our senior management were made by our Compensation Committee.

Compensation Philosophy and Objectives for 2017

Prior to the effective time of the Merger, the objective of our executive compensation for 2017 was principally to retain and motivate our senior executives following the SunEdison Bankruptcy. Our payment of equity-based compensation was designed to incentivize our senior executives to preserve and defend stockholder value in light of potential claims against the Company in the SunEdison Bankruptcy and the uncertainty and operational challenges we faced as we transitioned away from reliance on SunEdison for management, corporate and accounting services, employees, critical systems and information technology infrastructure, and the operation, maintenance and asset management of our renewable energy facilities and sought to close the Merger with Brookfield. Our payment of equity-based compensation was also designed to ultimately incentivize our senior executives to maximize stockholder value through our exploration of strategic alternatives and the closing of the Merger. In addition, our senior executives received cash retention awards to ensure our senior management remained engaged through the closing of the Merger. Following the effective time of the Merger, the compensation of our executive officers was directly set by Brookfield and any compensation decisions were not subject to any approvals by our Board or any committees thereof.

Details of the Elements of Our Named Executive Officer's 2017 Compensation

Mr. Blackmore

Mr. Blackmore did not receive compensation for his service as our Interim Chief Executive Officer. All compensation disclosed for Mr. Blackmore in our 2017 Summary Compensation Table represents fees or RSUs awarded to Mr. Blackmore for his service as a member of our Board until his resignation on October 16, 2017. Because Mr.

Blackmore did not receive compensation for his service as our Interim Chief Executive Officer, this Compensation and Discussion Analysis does not include a discussion of the elements of 2017 compensation for Mr. Blackmore.

Mr. Stinebaugh, Mr. Berger, Ms. Hannah and Ms. Rocheleau

On October 16, 2017, Mr. Stinebaugh, Mr. Berger, Ms. Hannah and Ms. Rocheleau were appointed to serve as our Chief Executive Officer, Chief Financial Officer, Chief Operating Officer and General Counsel respectively. These four executive officers were not employees of the Company and were employed by Brookfield. Their services were provided under a management services agreement with Brookfield and Brookfield directly set their compensation. As such, the Company did not determine their compensation and does not incur any direct expense for their services. This Compensation and Discussion Analysis did not include a discussion of the elements of 2017 compensation for Mr. Stinebaugh, Mr. Berger, Ms. Hannah or Ms. Rocheleau.

Mr. Studebaker

Mr. Studebaker was appointed to serve as our Chief Operating Officer pursuant to an engagement letter (the "Engagement Letter") between the Company and AP Services, LLC ("APS"), an affiliate of AlixPartners. Pursuant to the terms of the Engagement Letter,

the Company compensated APS for its services and reimbursed APS for its expenses, with an hourly rate of \$985 as compensation for the performance of Mr. Stuebaker as Chief Operating Officer. APS also received a discretionary success fee of \$2.0 million determined by the Chief Executive Officer of the Company based on the outcome of the engagement and the Chief Executive Officer's view of the Chief Operating Officer performance.

From January 1, 2017 until his resignation on August 9, 2017, Mr. Stuebaker accrued \$990,053 in fees for services billed to the Company and \$326,134 for services billed to TerraForm Global, Inc. Mr. Stuebaker was not directly compensated by the Company. Mr. Stuebaker was not an employee of the Company and did not receive a salary or any equity-based compensation from the Company and was not eligible for any retention payments, benefits or severance offered by the Company to its employees or senior executives.

Ms. Cranna and Mr. Deschler

From January 1, 2017 until October 16, 2017, Ms. Cranna served as our Executive Vice President and Chief Financial Officer and Mr. Deschler served as our Senior Vice President, General Counsel and Secretary.

2016 Letter Agreements Regarding Accelerated Vesting

In July 2016, each of the Company and TerraForm Global entered into a letter agreement with each of Ms. Cranna and Mr. Deschler (collectively, the "July 2016 Letter Agreements"), which provide for accelerated vesting of RSAs and RSUs upon the occurrence of certain events. Pursuant to the July 2016 Letter Agreements, if either Ms. Cranna or Mr. Deschler, as applicable, had been terminated by SunEdison without cause or had resigned for good reason and had not received an offer of employment at either the Company or TerraForm Global in an equivalent position and with equivalent compensation, or, following a transition of her or his employment to either the Company or TerraForm Global, is terminated by the Company or TerraForm Global, as applicable, without cause or resigns for good reason, then 100% of her or his unvested RSAs and RSUs in each of the Company and TerraForm Global, Inc. will immediately vest, contingent upon the execution of a separation and release of claim agreement.

In addition, pursuant to the July 2016 Letter Agreements, if Ms. Cranna or Mr. Deschler, as applicable, becomes an employee of TerraForm Power, and remains an employee of TerraForm Power at the time that TerraForm Power ceases to be an affiliate of TerraForm Global, then all of their unvested RSAs and RSUs in TerraForm Global, Inc. will immediately vest. Mr. Deschler, although not an officer of TerraForm Global, was granted such awards when he was an employee of SunEdison, in recognition of services he performed in support of TerraForm Global's initial public offering and operations prior to and after such initial public offering. If Ms. Cranna and Mr. Deschler, as applicable, becomes an employee of TerraForm Global, and remains an employee of TerraForm Global at the time that TerraForm Global ceases to be an affiliate of TerraForm Power, then all of their unvested RSAs and RSUs in TerraForm Power, Inc. will immediately vest.

In December 2016, the July 2016 Letter Agreements were updated to apply to any RSU grants made by the Company to Mr. Deschler, and by the Company and TerraForm Global to Ms. Cranna, subsequent to the execution of the July 2016 Letter Agreements.

2016 Letter Agreements Regarding Compensation and Severance

On August 25, 2016, the Company entered into a letter agreement with Mr. Deschler with respect to certain severance and compensation terms (the "August 25 Letter Agreement"). TerraForm Global was also a party to the August 25 Letter Agreement with respect to its agreement to have the August 25 Letter Agreement assigned to it if Mr. Deschler later became employed by TerraForm Global. On August 30, 2016, the Company entered into a letter agreement with Ms. Cranna with respect to similar severance and compensation terms (the "August 30 Letter Agreement" and together with the August 25 Letter Agreement, the "August Letter Agreements"). TerraForm Global was also a party to the

August 30 Letter Agreement with respect to its agreement to (a) share the financial obligations of the Company if Ms. Cranna later became employed by the Company but performed duties for both the Company and TerraForm Global and (b) have the August 30 Letter Agreement assigned to TerraForm Global if Ms. Cranna had later become employed solely by TerraForm Global, Inc. The Company and TerraForm Global later decided to split equally the costs of Ms. Cranna's compensation and benefits (other than any equity compensation, the cost of which is being born by the relevant entity that grants such equity compensation).

On December 12, 2016 and December 20, 2016, each of Ms. Cranna and Mr. Deschler entered into further letter agreements with TerraForm Power, that clarified the conditions for bonuses for 2016, and pursuant to which they accepted offers of at-will employment by the Company, effective as of December 18, 2016 (each, an "Employment Letter Agreement," and jointly with the August Letter Agreements, the "Letter Agreements"). The Letter Agreements provide as follows, in each case subject to additional terms and conditions contained in the Letter Agreements and, in the case of Ms. Cranna, the agreement regarding cost splitting between the Company and TerraForm Global described above if Ms. Cranna performs duties for both the Company and TerraForm Global and a commitment by TerraForm Global to have the letter agreement assigned to it if Ms. Cranna is employed solely by TerraForm Global.

The Company agreed to pay a base salary of \$401,145 annualized for Ms. Cranna and \$290,686 annualized for Mr. Deschler. In addition, the Company will reimburse Mr. Deschler for his two daughters' school fees in an amount up to \$20,000 per year for each daughter, and will gross-up any such reimbursement amount for taxes withheld on such reimbursements

If the applicable officer is terminated without cause, resigns for good reason or dies, the officer is eligible to receive a lump-sum cash severance of one year of base salary and a payment equal to 12 months of COBRA health premiums, conditioned upon the executive officer executing a release of claims agreement in favor of the Company and meeting her or his obligations under any restrictive covenant agreements benefitting the Company. “Good reason” under the Letter Agreements includes a material adverse change in the executive officer’s reporting relationship, authority, duties or responsibilities; any material reduction in base salary or any materially adverse change in the percentage of base salary used to determine annual bonus opportunities; or a relocation to an office more than 50 miles from the executive officer’s office immediately prior to such relocation (unless such new location is closer to the executive officer’s residence at the time of such relocation).

The officer is eligible to participate in an annual variable incentive plan (the “Bonus Plan”) of the Company. The target under the Bonus Plan for Mr. Deschler is 50% of his base salary, with a maximum of 100%. The target under the Bonus Plan for Ms. Cranna is 60% of her base salary, with a maximum of 120%.

The Company entered into the letter agreements described above to encourage Ms. Cranna and Mr. Deschler to remain employed by SunEdison or, if applicable, the Company or TerraForm Global despite the uncertainty caused by the SunEdison Bankruptcy.

Base Salary

The Employment Letter Agreements for Ms. Cranna and Mr. Deschler provided for their respective 2017 base salaries. Ms. Cranna earned a prorated salary of \$333,259 based on an annualized base salary of \$401,145 for 2017 and Mr. Deschler earned a prorated salary of \$241,493 based on an annualized base salary of \$290,686 for 2017. The payment of a base salary to Ms. Cranna and Mr. Deschler enabled us to retain them as executives by establishing minimum compensation levels. Given the uncertainty surrounding the Company following the SunEdison Bankruptcy, our Conflicts Committee and Interim Chief Executive Officer determined that a portion of the 2017 compensation for Ms. Cranna and Mr. Deschler should be paid in cash to ensure retention of our senior management. In addition, our Interim Chief Executive Officer determined that the 2017 base salary of Ms. Cranna and Mr. Deschler and certain perquisites of Mr. Deschler should remain generally unchanged from the same amounts paid for 2016. In reaching this decision, our Interim Chief Executive Officer considered, among other things, the scope of the responsibilities performed by Ms. Cranna and Mr. Deschler, their seniority, years of service with the Company and their total compensation.

In addition, Ms. Cranna received a lump-sum cash payment of \$47,174 and Mr. Deschler received a lump-sum cash payment of \$24,261, in each case for accrued but unused paid time off as of the effective time of the Merger. The amounts presented under Salary in the 2017 Summary Compensation Table include such payments for accrued but unused paid time off.

2016 Retention Payments

Because of its financial difficulties and the resulting Bankruptcy, SunEdison, as the Company’s controlling stockholder, did not pay bonuses to our named executive officers or any other employees for their services performed for the Company during 2015. In light of this failure and the importance of retaining and motivating key personnel, the Company, in April 2016 approved the grant of retention cash awards to Ms. Cranna and Mr. Deschler, among others. Ms. Cranna received a retention award of \$299,361 and Mr. Deschler received a retention award of \$216,930. The 2016 retention payments were payable in cash and vested in equal installments on May 31, 2016, September 30, 2016 and March 31, 2017. The 2017 amounts presented under Retention Bonus in the 2017 Summary Compensation Table include the vesting and payment of the third installments of the retention payment on March 31, 2017.

2017 Retention Payments

In light of the importance of retaining and motivating key personnel after the vesting and payment of the third installments of the 2016 retention payments in March 2017, the Company approved the grant of 2017 retention cash awards to Ms. Cranna and Mr. Deschler, among others. Ms. Cranna received a retention award of \$401,145 and Mr. Deschler received a retention award of \$290,686. The 2017 retention payments were payable in cash and vested 75% upon the consummation of the Merger, which occurred on October 16, 2017, and the remaining 25% vested ninety days following the consummation of the Merger on January 14, 2018. Pursuant to the terms of their retention awards, if the Merger had not closed by March 31, 2018, 100% of the 2017 retention payments would have vested on that date. The 2017 amounts presented under Retention Bonus in the 2017 Summary Compensation Table include the full amount of the 2017 Retention Payments, including the 25% paid in January 2018.

Our then-constituted Compensation Committee determined that a portion of the 2017 compensation for Ms. Cranna and Mr. Deschler should be structured as retention payments that would vest upon the consummation of the Merger to ensure our senior management was motivated to close the Merger and to ensure the retention of senior management during the interim period between the signing and closing of the Merger. The 2017 retention cash awards to the Company's executive team, including Ms. Cranna and Mr. Deshler, represented twelve months of base salary. This amount was determined by our Compensation Committee in consideration of the scope of the responsibilities performed by the Company's executive team and the importance of retaining and motivating senior management. In reaching this determination our Compensation Committee considered market practice for retention payments in connection with pending merger transactions, the importance of retaining key personnel in light of the pending Merger with Brookfield and market

data that was made available from Aon Hewitt. While the Compensation Committee considered market data in reaching this determination, it did not benchmark the amount of the 2017 retention payments to such data.

Equity-Based Compensation

The payment of equity-based compensation aligned the incentives of our senior management and our stockholders. During 2017, the payment of equity-based compensation provided incentives to our senior executives to maximize stockholder value through our exploration of strategic alternatives. In April 2017, our then-constituted Compensation Committee determined that certain key employees, including Ms. Cranna and Mr. Deschler, should be granted equity-based compensation. On April 4, 2017, Mr. Deschler was awarded 11,768 RSUs, worth \$145,334 based on the closing price of the Company's Class A common stock on that day, and Ms. Cranna was awarded 16,240 RSUs, worth \$200,564 based on the closing price of TerraForm Power's Class A common stock on that day, all under the Company's 2014 Second Amended and Restated Long-Term Incentive Plan. The equity-based compensation was granted in the form of RSUs which vest upon a time-based schedule. Pursuant to this schedule, the RSUs will vest 25% on the first and second anniversary of the grant date and 50% on the third anniversary of the grant date. As has been the general practice of the Company when granting RSUs, under the terms of the relevant RSU Award Agreements, these RSUs were subject to full vesting upon a change in control. The Compensation Committee determined this vesting schedule created appropriate long-term incentives for senior management while balancing the need to retain key personnel in light of the pending Merger with Brookfield. At the effective time of the Merger, Ms. Cranna held 39,742 RSUs and Mr. Deschler held 22,448 RSUs, all of which vested in full.

In determining the amount of equity-based compensation paid to Ms. Cranna and Mr. Deschler, the Compensation Committee considered market practice for equity awards in connection with pending merger transactions, the importance of retaining key personnel in light of the pending Merger with Brookfield and reviewed data made available from Aon Hewitt based on researched best practices and how similar sized companies handle annual equity grants. While the Compensation Committee considered market data in reaching this determination, it did not benchmark the amount of the 2017 equity awards to such data.

Severance

In accordance with the Letter Agreements, Ms. Cranna and Mr. Deschler received lump-sum cash severance payments as a result of the Merger. Ms. Cranna received \$441,307 which included \$401,145, equal to one year of base salary, and \$40,162, equal to 12 months COBRA health premiums. Mr. Deschler received \$333,363 which included \$290,686, equal to one year of base salary, and \$42,677, equal to 12 months of COBRA health premiums. The amounts presented under All Other Compensation in the 2017 Summary Compensation Table include such severance payments and COBRA health premiums.

Non-Equity Incentive Plan Compensation

Ms. Cranna and Mr. Deschler were each eligible to receive non-equity discretionary bonuses for 2017. As an inducement to retain the Company's employees through the closing of the Merger, our Compensation Committee determined that all employees who were eligible for a bonus in 2017 should be guaranteed a minimum bonus for 2017 equal to 75% of their target bonus under the Company's Bonus Plan. The Compensation Committee determined that this was a fair floor for the Company's employees even if an employee was terminated in connection with the closing of the Merger. In reaching these determinations, the Compensation Committee considered the need for our employees to have some assurance that they would receive a bonus given that the Merger was anticipated to close late in the calendar year, the value to the Company of continuity of employees in the period leading up to the closing of the Merger and concerns regarding whether managers who assess the performance of the employees they supervise in connection with bonus determinations would still be with the Company following the closing of the Merger. The Compensation Committee also determined that bonus targets for Ms. Cranna and Mr. Deschler for 2017 would be

equal to their respective bonus targets for 2016, as set forth in the Letter Agreements. Pursuant to these determinations by the Compensation Committee, Ms. Cranna received a cash bonus for 2017 of \$157,972 and Mr. Deschler received a cash bonus of \$95,394 for 2017, equal in each case to 75% of their respective target bonuses, prorated for the portion of the calendar year for which they were employed by the Company.

Qualified Retirement Benefits

During 2017, Ms. Cranna and Mr. Deschler participated in the Company's 401(k) plan, which is a broad-based tax-qualified retirement plan. Consistent with other participants in the Company's 401(k) plan, Ms. Cranna and Mr. Deschler are eligible to make pre-tax, and "Roth" after-tax, 401(k) contributions to the Company's 401(k) plan and receive a percentage of individual contributions plus a defined contribution from the Company, subject to certain limitations. For fiscal 2017, Ms. Cranna received a contribution of \$16,036. For fiscal 2017, Mr. Deschler received a contribution of \$12,530.

Perquisites

As discussed under Letter Agreements Regarding Compensation and Severance above, the Company agreed to reimburse Mr. Deschler for his two daughters' school fees in an amount up to \$20,000 per year for each daughter. The Company agreed to gross-up any such reimbursement amount for taxes withheld on such reimbursements. A similar reimbursement arrangement was originally provided by SunEdison and the Company determined that it was an appropriate perquisite to continue to include in Mr. Deschler's overall 2017

compensation in light of Mr. Deschler's total compensation and the allocation of Mr. Deschler's total compensation between equity and non-equity based payments. In fiscal 2017, Mr. Deschler received \$143,270 in total grossed-up reimbursement for his daughters' school fees, representing fees paid for both the 2016/2017 and 2017/2018 school years.

Ms. Cranna and Mr. Deschler each received a \$1,000 gift card pursuant to a spot bonus program available to full-time employees.

Ms. Cranna and Mr. Deschler also participated in our medical and dental program and received life insurance and long-term disability insurance coverage. In general, these programs were consistent with programs made available to all of our employees.

Our named executive officers also received certain other perquisites which had little or no incremental cost to us.

Other Factors Affecting Compensation

Under Section 162(m) of the Internal Revenue Code ("Section 162(m)"), a public company generally may not deduct compensation in excess of \$1 million paid to its CEO and other covered officers. Recently enacted legislation commonly known as the Tax Cuts and Jobs Act (the "Tax Act") makes certain changes to Section 162(m), most notably repealing the exemption for qualified performance-based compensation for taxable years beginning after December 31, 2017 and expanding the scope of persons covered by its limitations on deductibility. Accordingly, compensation paid after 2017 to our covered executive officers in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017. We have historically sought to structure our variable equity-based and cash-based incentive awards to be deductible under Section 162(m), to the extent possible. However, to maintain flexibility in compensating our executives, we do not have a policy requiring compensation to be fully deductible under Section 162(m). Following the closing of the Merger, Brookfield directly sets the compensation of our Chief Executive Officer, Chief Financial Officer and General Counsel and the Company does not incur any direct expense for their services. As such, we do not expect to incur material compensation related expenses for our executive officers as long as such compensation arrangements remain in place.

Stockholder Advisory Vote on Executive Compensation

On August 10, 2017, the Company held its annual meeting of stockholders for 2017 (the "2017 Annual Meeting"). At the 2017 Annual Meeting, the Company's stockholders approved, on a non-binding advisory basis, the compensation of the Company's named executive officers and recommended, by non-binding advisory vote, that future advisory votes on the compensation of the Company's named executive officers be held every one year. The Company expects that a nonbinding, advisory say on pay vote will be held at the Company's next annual meeting of stockholders.

REPORT OF THE NOMINATING AND CORPORATE GOVERNANCE COMMITTEE OF THE BOARD OF DIRECTORS

Our Board has determined that our Governance Committee may be treated as the Company's 'compensation committee' for disclosure purposes with respect to the year ended December 31, 2017. Our Governance Committee was created on October 16, 2017 and was not responsible for, and did not participate in, the determination of compensation for our named executive officers in 2017.

Potential Payment Upon Termination or Change in Control

Because the Company's current executive officers are not employees of the Company, they are not eligible for any payments by the Company upon termination or change in control.

Pay Ratio Disclosure

As a result of the recently adopted rules under the Dodd-Frank Act, the SEC requires disclosure of the CEO to median employee pay ratio. To determine our median employee, we prepared a list of all employees as of December 31, 2017 and calculated total cash compensation of our median employee for 2017 based on payroll data. We selected total cash compensation as a consistently applied compensation measure for all employees in part because all outstanding equity awards granted under the Company's Long-Term Incentive Plan vested in full at the effective time of the Merger and were converted into the right to receive the Merger consideration regardless of the grant date of the equity awards or their grant-date fair value. As of December 31, 2017, we had 119 employees. For purposes of this list, total cash compensation included salary, bonus, the value of RSUs that vested in 2017 (including RSUs that were converted into cash consideration at the effective time of the Merger) and the special dividend paid to RSU holders at the effective time of the Merger. Wages and salaries were annualized for permanent employees that were not employed for the full

year of 2017. Our median employee had 2017 total cash compensation of \$151,592. Our CEO as of December 31, 2017, Mr. Stinebaugh, is employed by our controlling stockholder, Brookfield, and provides services to the Company under a management services agreement. Mr. Stinebaugh does not receive any direct compensation from the Company for his services as our CEO as reflected in the Summary Compensation Table included in this Annual Report. As such, a ratio of CEO total compensation to our median employee's total compensation would not be meaningful and is not presented.

Item 13. Certain Relationships and Related Transactions, and Director Independence.

POLICIES AND PROCEDURES FOR RELATED PARTY TRANSACTIONS

As provided by our Conflicts Committee charter adopted in October 2017 in connection with the Merger and Sponsorship Transaction, our Conflicts Committee is responsible for reviewing and approving any material related party transactions between the Company and any affiliated parties, on the one hand, and Brookfield and certain affiliates, on the other hand. The members of our Conflicts Committee determine whether to approve a related party transaction in the exercise of their fiduciary duties as directors.

RELATED PARTIES

Prior to the consummation of the Merger, TerraForm Power was a controlled affiliate of SunEdison, Inc. As a result of the consummation of the Merger on October 16, 2017, a change of control of TerraForm Power occurred, and Orion Holdings, which is an affiliate of Brookfield, now holds 51% of the voting securities of TerraForm Power. Pursuant to the merger and sponsorship transaction agreement, Orion Holdings acquired approximately 65.1 million additional shares of Class A common stock in addition to approximately 10.5 million shares previously held. Orion Holdings acquired such additional shares for \$9.52 per share for a total purchase price of approximately \$620.2 million funded by Brookfield and its affiliates. As a result of the Merger closing, TerraForm Power is no longer a controlled affiliate of SunEdison, Inc. and is now a controlled affiliate of Brookfield.

SunEdison Bankruptcy and Settlement with SunEdison

TerraForm Power entered into the Settlement Agreement with SunEdison on March 6, 2017, which was approved by the Bankruptcy Court. The settlements, mutual intercompany releases and certain other terms and conditions became effective upon the consummation of the Merger with affiliates of Brookfield on October 16, 2017. The effectiveness of these Settlement Agreement provisions has resolved claims between TerraForm Power and SunEdison, including, among other things, claims of SunEdison against the Company for alleged fraudulent and preferential transfers and claims of the Company against SunEdison, including those outlined in the initial proof of claim filed by the Company in the SunEdison Bankruptcy on September 25, 2016 and on October 7, 2016. Under the Settlement Agreement, all such claims have been mutually released. Moreover, with certain limited exceptions, any agreements between SunEdison Debtors and SunEdison parties to the Settlement Agreement on the one hand and the Company on the other hand have been deemed rejected without further liability, claims or damages on the part of the Company. These exceptions included directors' and officers' liability insurance allocation agreements and certain corporate and project-level transition services agreements.

Historical Management Services Agreement with SunEdison

Historically, general and administrative expenses - affiliate primarily represented costs incurred by SunEdison for services provided to the Company pursuant to the management services agreement (the "SunEdison MSA"). Pursuant to the SunEdison MSA, SunEdison agreed to provide or arrange for other service providers to provide management and administrative services to the Company. As consideration for the services provided, the Company agreed to pay SunEdison a base management fee equal to 2.5% of the Company's cash available for distribution in 2015, 2016 and 2017 but not to exceed \$4.0 million in 2015, \$7.0 million in 2016 or \$9.0 million in 2017. Subsequent to the SunEdison Bankruptcy, SunEdison continued to provide some of these services, including services related to information technology, human resources, tax, treasury, finance and controllership, but stopped providing or reimbursing the Company for other services.

The Company entered into a corporate-level transition services agreement with SunEdison on September 7, 2017 that covered the services that SunEdison continued to provide under the SunEdison MSA and retroactively applied to transition services provided since February 1, 2017. The Company paid SunEdison certain monthly fees in exchange

for these services at rates consistent with past practice. Amounts incurred by the Company under this transition services agreement with SunEdison and by SunEdison under the SunEdison MSA totaled \$4.5 million, \$12.0 million and \$54.3 million for the years ended December 31, 2017, 2016 and 2015, respectively, and are reported within general and administrative expenses - affiliate in the consolidated statements of operations. As discussed above, the SunEdison MSA was rejected without further liability, claims or damages on the part of the Company pursuant to the Settlement Agreement upon the closing of the Merger. The corporate-level transition services agreement was extended through the end of the fourth quarter of 2017 with respect to certain information technology services. Amounts incurred for these services subsequent to the Merger closing date on October 16, 2017 are included within general and administrative expenses in the consolidated statement of operations since SunEdison was no longer an affiliate of the Company.

Historical O&M and Asset Management Services with SunEdison

O&M services, as well as asset management services, were historically provided to the Company substantially by SunEdison pursuant to contractual agreements. The Company has completed its transition away from SunEdison for these services, with the exception of services provided to its 101.6 MW renewable energy facility in Chile. In the first half of 2017, the Company entered into certain transition services agreements with SunEdison to facilitate this transition. These transition services agreements allowed the Company,

among other things, to hire employees of SunEdison that were performing these project-level services for the Company and to terminate project-level asset management and O&M services on 10 days advance notice. Total costs incurred for O&M and asset management services from SunEdison were \$17.6 million, \$26.7 million and \$19.9 million during the years ended December 31, 2017, 2016 and 2015, respectively, and are reported as cost of operations - affiliate in the consolidated statements of operations. Amounts incurred for O&M and asset management services from SunEdison subsequent to the Merger closing date on October 16, 2017 are included within cost of operations in the consolidated statement of operations since SunEdison was no longer an affiliate of the Company.

In addition, in conjunction with the First Wind Acquisition in 2015, SunEdison committed to reimburse the Company for capital expenditures and O&M labor fees in excess of budgeted amounts (not to exceed \$53.9 million through 2019) for certain of its wind power plants. During the year ended December 31, 2015, the Company received contributions pursuant to this agreement of \$4.3 million. The total amount related to capital expenditures of \$50.0 million was initially recognized in renewable energy facilities as a prepaid warranty as the amount was part of the consideration paid on the acquisition date. As a result of the SunEdison Bankruptcy, the Company recorded a loss of \$45.4 million during the year ended December 31, 2015 related to the write-off of the remaining balance of the prepaid warranty, which was net of depreciation expense of \$1.9 million and capital expenditure reimbursements received of \$2.7 million, and is reported as loss on prepaid warranty - affiliate in the consolidated statement of operations. As a result of the SunEdison Bankruptcy, no contributions were received during 2016 or 2017.

Historical Engineering, Procurement and Construction Contracts and Module Warranties

SunEdison served as the prime construction contractor for most of the Company's renewable energy facilities acquired from SunEdison pursuant to engineering, procurement and construction contracts with the Company's project-level subsidiaries. The Company also generally obtained solar module warranties from SunEdison, including workmanship warranties and output guarantees, for those solar facilities that the Company acquired from SunEdison that utilized SunEdison modules. Third party insurance was procured by SunEdison to back-stop payment of warranty claims for SunEdison modules purchased from January of 2011 through January of 2017.

During the first quarter of 2017, the Company received \$7.0 million from SunEdison in satisfaction of outstanding claims made under engineering, procurement and construction contracts, of which \$4.8 million related to the Company's renewable energy facility located in Chile and compensated the relevant project company as the facility's performance during the warranty period was below that guaranteed by an affiliate of SunEdison under the applicable EPC contract. These receipts were treated as equity contributions from SunEdison within Net SunEdison investment on the consolidated statement of stockholders' equity for the year ended December 31, 2017. As discussed above, pursuant to the Settlement Agreement entered into with SunEdison, and upon the consummation of the Merger with affiliates of Brookfield on October 16, 2017, these construction and related contracts were rejected without further liability, claims or damages on the part of the Company.

Historical Interest Payment Agreement with SunEdison

Since the Company's initial public offering ("IPO") on July 23, 2014, the Company was a party to an interest payment agreement with SunEdison, pursuant to which SunEdison would pay a portion of the scheduled interest payments on certain corporate-level indebtedness. The Company received equity contributions totaling \$8.0 million and \$10.6 million from SunEdison pursuant to this agreement during the years ended December 31, 2016 and 2015, respectively. The 2016 contribution was received in the first quarter of 2016 and accrued for during fiscal 2015. As of the first quarter of 2016, the Company had received a cumulative amount of \$24.0 million under this agreement from SunEdison with \$24.0 million of scheduled payments due in future periods. The Company did not receive any payments from SunEdison pursuant to this agreement subsequent to the first quarter of 2016. As discussed above, pursuant to the Settlement Agreement entered into with SunEdison, and upon the consummation of the Merger with affiliates of Brookfield on October 16, 2017, this agreement was rejected without further liability, claims or damages

on the part of the Company.

Historical Support Agreement and Intercompany Agreement with SunEdison

The Company entered into a project support agreement with SunEdison (the “Support Agreement”) on July 23, 2014, which provided the Company the option to purchase additional renewable energy facilities from SunEdison and also provided the Company a right of first offer with respect to certain other renewable energy facilities. During the years ended December 31, 2016 and 2015, the Company acquired renewable energy facilities with a combined nameplate capacity of 19.2 MW and 350.9 MW, respectively, from SunEdison under the Support Agreement. The Company did not acquire any renewable energy facilities from SunEdison under the Support Agreement during the year ended December 31, 2017.

In connection with the First Wind Acquisition, the Company and SunEdison entered into an agreement (the “Intercompany Agreement”) pursuant to which the Company was granted the option to purchase additional renewable energy facilities in the First Wind pipeline from SunEdison. During the year ended December 31, 2015, the Company acquired renewable energy facilities with a combined nameplate capacity of 222.6 MW from SunEdison under the Intercompany Agreement. The Company did not acquire any renewable energy facilities from SunEdison under the Intercompany Agreement during the years ended December 31, 2017 or 2016.

As discussed above, pursuant to the Settlement Agreement entered into with SunEdison, and upon the consummation of the Merger with affiliates of Brookfield on October 16, 2017, the Support Agreement and Intercompany Agreement were rejected without further liability, claims or damages on the part of the Company.

The Company continues to maintain a call right over 0.5 GW (net) of operating wind power plants that are owned by a warehouse vehicle that was owned and arranged by SunEdison (the "AP Warehouse"). SunEdison sold its equity interest in the AP Warehouse to an unaffiliated third party in 2017.

Insurance Allocation Agreements

The Company, TerraForm Global, Inc., SunEdison and certain of their respective directors and officers shared \$150.0 million of directors' and officers' liability insurance policies that covered the period from July 15, 2015 to July 14, 2016 (the "D&O Insurance"). SunEdison and the independent directors of SunEdison (the "SUNE D&O Parties") entered into an agreement, dated March 27, 2017 and amended on June 7, 2017, with the Company, TerraForm Global, Inc., their respective current directors (as of that date) and certain of their respective current officers (as of that date) (the "YieldCo D&O Parties") related to the D&O Insurance, which included, among other things, an agreement by SunEdison to consent to proposed settlements of up to \$32.0 million to be funded from the D&O Insurance for certain lawsuits against the YieldCo D&O Parties. The agreement was approved by the Bankruptcy Court on June 28, 2017.

On August 31, 2017, the Company, TerraForm Global, Inc., SunEdison and certain of their respective current and former directors and officers entered into a second agreement related to the D&O insurance, which provided, among other things, that no party to the second D&O insurance allocation agreement would object to the settlement of the Chamblee Class Action (as discussed in Note 19 to the consolidated financial statements in the Company's annual report on Form 10-K) with the use of \$13.63 million of the D&O insurance. On September 11, 2017, the Bankruptcy Court granted approval of the second D&O insurance allocation. In connection with the second D&O insurance allocation agreement, the Company and TerraForm Global, Inc. entered into an agreement pursuant to which TerraForm Global, Inc. agreed to indemnify and reimburse the Company for certain legal costs and expenses related to the defense or settlement of the Chamblee Class Action that are not covered by the D&O insurance.

In addition to the insurance allocation agreements, from time to time, the Company agreed to orders or stipulations with SunEdison and TerraForm Global, Inc. in connection with the SunEdison Bankruptcy related to, among other things, insurance proceeds, interim operating protocols, bankruptcy filing protocols and other matters.

Due to affiliates, net and due from affiliate

As of December 31, 2016, the Company had a net payable to SunEdison of \$16.7 million, which is reported as due to affiliates, net in the consolidated balance sheet. As discussed above, under the Settlement Agreement, the settlements and mutual intercompany releases became effective upon the consummation of the Merger with affiliates of Brookfield on October 16, 2017, and as a result, the Company wrote-off \$15.7 million of payables to SunEdison as of such date. The write-off was recognized in additional paid-in capital as the entire settlement with SunEdison was accounted for as an equity transaction.

The \$4.0 million due to affiliates, net amount reported in the consolidated balance sheet as of December 31, 2017 represents a \$3.4 million payable to an affiliate of Brookfield for the quarterly base management fee that was payable pursuant to the Brookfield MSA (as defined and discussed below under Brookfield Master Services Agreement) and \$0.6 million of accrued standby fee interest that was payable to a Brookfield affiliate under the Sponsor Line Agreement. As of December 31, 2017, the Company also had a \$4.4 million receivable from TerraForm Global, Inc. as a result of payments made by the Company on its behalf regarding rent for its shared corporate headquarters, compensation for certain employees that provided services to both companies during 2017 and certain other information technology services. On December 28, 2017, TerraForm Global, Inc. merged with and into an affiliate of

Brookfield, with TerraForm Global, Inc. continuing as the surviving corporation in the merger, and it became a wholly-owned subsidiary of Orion Holdings. As a result, TerraForm Global, Inc. was no longer a controlled affiliate of SunEdison and instead was a controlled affiliate of Brookfield as of December 31, 2017 (and was again an affiliate of the Company). There is no right of set-off with respect to the receivable from TerraForm Global, Inc. and the payables to the Brookfield affiliates, and thus this receivable is separately reported in due from affiliate in the consolidated balance sheet.

As a result of the SunEdison Bankruptcy, the Company recognized an \$11.3 million loss on investment within loss on investments and receivables - affiliate in the consolidated statement of operations for the year ended December 31, 2015 as a result of residential project cancellations. Further, the Company recognized an additional \$1.8 million, \$3.3 million and \$4.8 million loss within loss on investments and receivables - affiliate for the years ended December 31, 2017, 2016 and 2015, respectively, related to the write-off of outstanding receivables from the SunEdison Debtors.

Net SunEdison Investment

1. During the years ended December 31, 2017, 2016 and 2015, SunEdison made net contributions to Terra LLC pursuant to the related party agreements discussed above and in connection with drop down acquisitions. The following table illustrates

the detail of Net SunEdison investment for the years ended December 31, 2017, 2016 and 2015 as reported on the consolidated statements of stockholders' equity:

2.

- (1) Represents costs incurred by SunEdison for services provided to the Company pursuant to the SunEdison MSA in excess of cash paid or payable to SunEdison, as well as stock-based compensation expense related to equity awards in the stock of SunEdison, Inc. and TerraForm Global, Inc. that was allocated to the Company (as discussed in Note 16 to the consolidated financial statements in the Company's annual report on Form 10-K). The Company did not pay SunEdison the \$7.0 million base management fee that it was contractually obligated to in 2016 as the amount the Company had to pay third party service providers to cover the services that SunEdison stopped providing exceeded this contractual amount. Since this fee was not paid to SunEdison as of December 31, 2016, it was recorded within Due to affiliates, net and as a reduction to the net equity contribution from SunEdison. Pursuant to the Settlement Agreement and upon the consummation of the Merger on October 16, 2017, this liability was written off to additional paid-in capital as discussed under Due to affiliates, net above.
- (2) Represents acquisition costs related to failed deals that were paid by SunEdison. Such costs were reimbursable by SunEdison under the SunEdison MSA.
- (3) Represents contributions received pursuant to an interest payment agreement with SunEdison. \$8.0 million of the amount for the year ended December 31, 2015 was not received in cash from SunEdison until February 3, 2016 and a receivable from SunEdison was recorded as of December 31, 2015.
- (4) Represents contributions received for capital expenditures and O&M labor fees in excess of budgeted amounts for certain of the Company's wind power plants, which SunEdison committed to reimburse the Company for in conjunction with the First Wind Acquisition.
- (5) Represents stock-based compensation cost related to equity awards in the Company's stock which was allocated to SunEdison and TerraForm Global, Inc.
- (6) Represents the difference between the cash purchase price and historical cost of the net assets acquired from SunEdison for projects that achieved final funding during the respective year.
- (7) SunEdison repaid the remaining outstanding principal balance and interest due on the SunE Perpetual Lindsay construction term loan on the Company's behalf as required pursuant to the terms of a project investment agreement entered into prior to the IPO of the Company.
- (8) Amount for the year ended December 31, 2017 represents cash received from SunEdison in satisfaction of outstanding claims made under engineering, procurement and construction contracts as discussed above.

3.

Historical Distributions to SunEdison

During the year ended December 31, 2015, Terra LLC paid distributions of \$58.3 million to SunEdison, its Class B unit holder at that time. No distributions were paid to SunEdison during the years ended December 31, 2017 or 2016.

Historical Incentive Distribution Rights of SunEdison

Immediately prior to the completion of the IPO on July 23, 2014, Terra LLC entered into the Amended and Restated Operating Agreement of Terra LLC which granted SunEdison 100% of the IDRs of Terra LLC. IDRs represented the right to receive increasing percentages (15.0%, 25.0% and 50.0%) of Terra LLC's quarterly distributions after the Class A Units, Class B units and Class B1 units of Terra LLC (as applicable) received quarterly distributions in an amount equal to \$0.2257 per unit and the target distribution levels were achieved. SunEdison held 100% of the IDRs from the completion of the IPO up until the consummation of the Merger. There were no payments for IDRs made by the Company during the years ended December 31, 2017, 2016 and 2015.

As discussed in Note 1 to the consolidated financial statements in the Company's annual report on Form 10-K, SunEdison transferred all of the outstanding IDRs of Terra LLC held by SunEdison or certain of its affiliates to Brookfield IDR Holder at the effective time of the Merger, and the Company and Brookfield IDR Holder entered into an amended and restated limited liability company agreement of Terra LLC as discussed below under Brookfield Sponsorship Transaction, which adjusted the distribution thresholds and percentages applicable to the Terra LLC IDRs.

Brookfield Sponsorship Transaction

Pursuant to the merger and sponsorship transaction agreement, at or prior to the effective time of the Merger that occurred on October 16, 2017, the Company and Orion Holdings (or one of its affiliates), among other parties, entered into a suite of agreements providing for sponsorship arrangements, as are more fully described below.

Brookfield Master Services Agreement

In connection with the consummation of the Merger, the Company entered into a master services agreement with Brookfield and certain affiliates of Brookfield (the "Brookfield MSA") pursuant to which the Service Providers provide certain management and administrative services to the Company, including the provision of strategic and investment management services. As consideration for the services provided or arranged for by Brookfield and certain of its affiliates pursuant to the master services agreement, the Company will pay a base management fee on a quarterly basis that will be paid in arrears and calculated as follows:

for each of the first four quarters following the closing date of the Merger, a fixed component of \$2.5 million per quarter (subject to proration for the quarter including the closing date of the Merger) plus 0.3125% of the market capitalization value increase for such quarter
for each of the next four quarters, a fixed component of \$3.0 million per quarter plus 0.3125% of the market capitalization value increase for such quarter and
thereafter, a fixed component of \$3.75 million per quarter plus 0.3125% of the market capitalization value increase for such quarter.

For purposes of calculating the quarterly payment of the base management fee, the term market capitalization value increase means, for any quarter, the increase in value of the Company's market capitalization for such quarter, calculated by multiplying the number of outstanding shares of Class A common stock as of the last trading day of such quarter by the difference between (x) the volume-weighted average trading price of a share of Class A common stock for the trading days in such quarter and (y) \$9.52. If the difference between (x) and (y) in the market capitalization value increase calculation for a quarter is a negative number, then the market capitalization value increase is deemed to be zero.

Pursuant to the Brookfield MSA, the Company recorded a \$3.4 million charge within general and administrative expenses - affiliate in the consolidated statement of operations for the year ended December 31, 2017 with an offsetting payable within due to affiliates, net in the consolidated balance sheet as of December 31, 2017.

Relationship Agreement

In connection with the consummation of the Merger, the Company entered into a relationship agreement (the “Relationship Agreement”) with Brookfield, which governs certain aspects of the relationship between Brookfield and the Company. Pursuant to the Relationship Agreement, Brookfield agrees that the Company will serve as the primary vehicle through which Brookfield and certain of its affiliates will own operating wind and solar assets in North America and Western Europe and that Brookfield will provide, subject to certain terms and conditions, the Company with a right of first offer on certain operating wind and solar assets that are located in such countries and developed by persons sponsored by or under the control of Brookfield.

Governance Agreement

In connection with the consummation of the Merger, the Company entered into a governance agreement (the “Governance Agreement”) with Orion Holdings and any controlled affiliate of Brookfield (other than the Company and its controlled affiliates) that by the terms of the Governance Agreement from time to time becomes a party thereto. The Governance Agreement establishes certain rights and obligations of the Company and controlled affiliates of Brookfield that own voting securities of the Company relating to the governance of the Company and the relationship between such affiliates of Brookfield and the Company and its controlled affiliates.

Brookfield Registration Rights Agreement

The Company also entered into a registration rights agreement (the “Brookfield Registration Rights Agreement”) on October 16, 2017 with Orion Holdings. The Brookfield Registration Rights Agreement governs Orion Holdings’ and the Company’s rights and obligations with respect to the registration for resale of all or a part of the Class A shares that Orion Holdings now holds following the Merger.

New Terra LLC Agreement

As discussed above, SunEdison transferred all of the outstanding IDRs of Terra LLC held by SunEdison or certain of its affiliates to Brookfield IDR Holder at the effective time of the Merger, and the Company and Brookfield IDR Holder entered into an amended and restated limited liability company agreement of Terra LLC (the “New Terra LLC Agreement”). The New Terra LLC Agreement, among other things, resets the IDR thresholds of Terra LLC to establish a first distribution threshold of \$0.93 per share of Class A common stock and a second distribution threshold of \$1.05 per share of Class A common stock. As a result of this amendment and restatement, amounts distributed from Terra LLC will be distributed on a quarterly basis as follows:

- first, to the Company in an amount equal to the Company’s outlays and expenses for such quarter
- second, to holders of Class A units, until an amount has been distributed to such holders of Class A units that would result, after taking account of all taxes payable by the Company in respect of the taxable income attributable to such distribution, in a distribution to holders of shares of Class A common stock of \$0.93 per share (subject to adjustment for distributions, combinations or subdivisions of shares of Class A common stock) if such amount were distributed to all holders of shares of Class A common stock
- third, 15% to the holders of the IDRs and 85% to the holders of Class A units until a further amount has been distributed to holders of Class A units in such quarter that would result, after taking account of all taxes payable by the Company in respect of the taxable income attributable to such distribution, in a distribution to holders of shares of Class A common stock of an additional \$0.12 per share (subject to adjustment for distributions, combinations or subdivisions of shares of Class A common stock) if such amount were distributed to all holders of shares of Class A common stock and
- thereafter, 75% to holders of Class A units and 25% to holders of the IDRs.

Backstop Agreement with Brookfield

On February 6, 2018, we entered into a support agreement with Brookfield. Pursuant to this agreement, Brookfield agreed that, if requested by us, Brookfield and/or its affiliates would provide a backstop to us for up to 100% of the Equity Offering if the offering price per Class A share of our common stock in the Equity Offering equals the five-day volume weighted average price of the Class A shares ending the trading day prior to our announcement of the Tender Offer, which was \$10.66 per share. Brookfield’s obligations in relation to the provision of the Backstop under the support agreement are subject to successful commencement of the Tender Offer and to prior effectiveness of a registration statement, if required, that we would file in connection with the Equity Offering and such obligation would not apply to any Equity Offering commenced prior to May 1, 2018 or after September 30, 2018.

ENGAGEMENT OF ERNST & YOUNG LLP AS PRINCIPAL ACCOUNTANTS OF THE COMPANY.

On March 13, 2018, Ernst & Young LLP was engaged and KPMG LLP was dismissed as principal accountants of the Company. The Audit Committee approved the dismissal of KPMG LLP as the Company's independent registered public accounting firm. KPMG LLP has been the independent registered public accounting firm for the Company since its initial public offering in July of 2014.

During the two fiscal years ended December 31, 2017, and the subsequent interim period through March 13, 2018, there were no (1) disagreements with KPMG on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures, which disagreements if not resolved to their satisfaction would have caused them to make reference in connection with their opinion to the subject matter of the disagreement, or (2) reportable events, except that the reports of KPMG on the effectiveness of internal control over financial reporting of the Company as of December 31, 2017 and 2016 identified material weaknesses in internal control over financial reporting. See Exhibits 16.1 and 16.2 to the Company's Form 8-K filed March 19, 2018 for a copy of KPMG's reports on the effectiveness of internal control over financial reporting of the Company as of December 31, 2016 and 2017, respectively.

The audit reports of KPMG on the consolidated financial statements of TerraForm Power, Inc. and subsidiaries as of and for the years ended December 31, 2017 and 2016, did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles, except that KPMG's report on the consolidated financial statements of TerraForm Power, Inc. and subsidiaries as of and for the year ended December 31, 2016, contained a separate paragraph stating that "The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the consolidated financial statements, SunEdison, Inc. (the Company's sponsor) and certain of its affiliates filed for bankruptcy on April 21, 2016. The risk of substantive consolidation of the Company with SunEdison, Inc. and inclusion in the SunEdison, Inc. bankruptcy, as well as existing covenant defaults and risks of future covenant defaults under a number of the Company's financing arrangements also discussed in Note 1, raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 1. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty." The audit reports of KPMG on the effectiveness of internal control over financial reporting as of December 31, 2017 and 2016 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles, except that KPMG's reports indicate that the Company did not maintain effective internal control over financial reporting as of December 31, 2017 and 2016

because of the effect of material weaknesses on the achievement of the objectives of the control criteria and contain an explanatory paragraph indicating the material weaknesses identified (as described above).

The Audit Committee has selected Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services rendered by Ernst & Young LLP, our independent registered public accounting firm. The Audit Committee pre-approves specified services in defined categories of audit services, audit-related services and tax services up to specified amounts, as part of the Audit Committee's approval of the scope of the engagement of Ernst & Young LLP or on an individual case-by-case basis before Ernst & Young LLP is engaged to provide a service. The Audit Committee has determined that the rendering of the services other than audit services by Ernst & Young LLP is compatible with maintaining the principal accountant's independence.
