ITEM 12.	RESULTS OF OPERATIONS AND FINANCIAL CONDITION

Edgar Filing: STRYKER CORP - Form 8-K

Stryker Corporation issued a press release on October 16, 2003 announcing its third quarter and first nine months 2003 operating results. A copy of this press release is attached hereto as Exhibit 99.1.

In its press release, the Company has presented adjusted net earnings that exclude the impact of a restructuring charge and an acquisition-related credit reflected in the Company's results for the three month and nine month periods ended September 30, 2002. These adjusted non-GAAP financial measures do not replace the presentation of the Company's GAAP financial results. The Company has provided this supplemental non-GAAP information because it provides meaningful information regarding the Company's results on a consistent and comparable basis for the periods presented. Management uses this non-GAAP financial information for reviewing the operating results of its business segments and for analyzing potential future business trends in connection with its budget process. In addition, the Company believes investors utilize this information to evaluate period-to-period results and to understand potential future operating results. The Company believes that the economic nature of the restructuring charge and the acquisition-related credit are sufficiently unique that similar items have not been recorded in the prior two fiscal years nor are they reasonably likely to recur within two years. In addition, the Company reasonably believes that it is probable that the financial impact of each of these individual items will become insignificant by the end of 2004. The Company encourages investors and other users of these financial statements to review its financial statements and other publicly-filed reports in their entirety and to not rely on any single financial measure. A reconciliation of reported net earnings to adjusted net earnings before restructuring charge and acquisition-related credit is included in the Company's press release attached hereto as Exhibit 99.1.
