#### ALEXANDER'S, INC. AND SUBSIDIARIES

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(UNAUDITED)

#### 1. Organization

Alexander's, Inc. (NYSE: ALX) is a real estate investment trust ("REIT"), incorporated in Delaware, engaged in leasing, managing, developing and redeveloping its properties. All references to "we," "us," "our," "Company" and "Alexander's" refe Alexander's, Inc. and its consolidated subsidiaries. We are managed by, and our properties are leased and developed by, Vornado Realty Trust ("Vornado") (NYSE: VNO).

#### 2. Basis of Presentation

The accompanying consolidated financial statements are unaudited and include the accounts of Alexander's and its consolidated subsidiaries. All intercompany amounts have been eliminated. In our opinion, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations and changes in cash flows have been made. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") have been condensed or omitted. These condensed consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q of the Securities and Exchange Commission (the "SEC") and should be read in conjunction with the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2012, as filed with the SEC.

We have made estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates. The results of operations for the three and nine months ended September 30, 2013 are not necessarily indicative of the operating results for the full year. Certain prior year balances have been reclassified in order to conform to current year presentation.

We currently operate in one business segment.

#### 3. Recently Issued Accounting Literature

In February 2013, the Financial Accounting Standards Board issued Update No. 2013-02, *Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income* ("ASU No. 2013-02"). ASU No. 2013-02 requires additional disclosures regarding significant reclassifications out of each component of accumulated other comprehensive income, including the effect on the respective line items of net income for amounts that are required to be reclassified into net income in their entirety and cross-references to other disclosures providing additional information for amounts that are not required to be reclassified into net income in their entirety. The adoption of this update as of January 1, 2013, did not have any impact on our consolidated financial statements.

#### 4. Relationship with Vornado

At September 30, 2013, Vornado owned 32.4% of our outstanding common stock. We are managed by, and our properties are leased and developed by, Vornado, pursuant to the agreements described below which expire in March of each year and are automatically renewable.

#### Management and Development Agreements

We pay Vornado an annual management fee equal to the sum of (i) \$2,800,000, (ii) 2% of gross revenue from the Rego Park II shopping center, (iii) \$0.50 per square foot of the tenant-occupied office and retail space at 731 Lexington Avenue and (iv) \$272,000, escalating at 3% per annum, for managing the common area of 731 Lexington Avenue.

In addition, Vornado is entitled to a development fee of 6% of development costs, as defined.

#### **Leasing Agreements**

Vornado also provides us with leasing services for a fee of 3% of rent for the first ten years of a lease term, 2% of rent for the eleventh through the twentieth year of a lease term, and 1% of rent for the twenty-first through thirtieth year of a lease term, subject to the payment of rents by tenants. In the event third-party real estate brokers are used, the fees to Vornado increase by 1% and Vornado is responsible for the fees to the third-party real estate brokers. Vornado is also entitled to a commission upon the sale of any of our assets equal to 3% of gross proceeds, as defined, for asset sales less than \$50,000,000 and 1% of gross proceeds, as defined, for asset sales of \$50,000,000 or more. The total of these amounts is payable in annual installments in an amount not to exceed \$4,000,000, with interest on the unpaid balance at one-year LIBOR plus 1.0% (1.84% at September 30, 2013).

#### Other Agreements

We also have agreements with Building Maintenance Services, a wholly owned subsidiary of Vornado, to supervise (i) cleaning, engineering and security services at our Lexington Avenue property and (ii) security services at our Rego Park I and Rego Park II properties, for an annual fee equal to the cost of such services plus 6%.

As of September 30, 2013, we own 535,265 common shares of The Macerich Company (NYSE: MAC) ("Macerich"), which were received in connection with the sale of Kings Plaza to Macerich. These shares have an economic cost of \$56.05 per share, or \$30,000,000 in the aggregate, and as of September 30, 2013, have a fair value of \$30,210,000, based on Macerich's closing share price of \$56.44 per share. The three and nine months ended September 30, 2013 include unrealized losses of \$2,425,000 and \$996,000, respectively, from the mark-to-market of these securities.

#### 6. Discontinued Operations

In accordance with the provisions of Accounting Standards Codification ("ASC") Topic 360, *Property, Plant and Equipment*, we have reclassified the revenues and expenses of Kings Plaza, which was sold in November 2012, to "income from discontinued operations" for all periods on our consolidated statements of income. No other tenant accounted for more than 10% of our total revenues. If we were to lose Bloomberg as a tenant, or if Bloomberg were to fail or become unable to fulfill its obligations under its lease, it would adversely affect our results of operations and financial condition. We receive and evaluate certain confidential financial information and metrics from Bloomberg on a semi-annual basis. In addition, we access and evaluate financial information regarding Bloomberg from private sources, as well as publicly available data.

#### 9. Fair Value Measurements

ASC 820, Fair Value Measurement and Disclosures defines fair value and establishes a framework for measuring fair value. ASC 820 establishes a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three levels: Level 1 – quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities; Level 2 – observable prices that are based on inputs not quoted in active markets, but corroborated by market data; and Level 3 – unobservable inputs that are used when little or no market data is available. The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3

inputs. In determining fair value, we utilize valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as consider counterparty credit risk in our assessment of fair value.

Financial Assets and Liabilities Measured at Fair Value

Financial assets measured at fair value on our consolidated balance sheets at September 30, 2013 and December 31, 2012, consist solely of marketable securities, which is presented in the table below, based on its level in the fair value hierarchy. There were no financial liabilities measured at fair value at September 30, 2013 and December 31, 2012.

#### 9. Fair Value Measurements – continued

Financial Assets and Liabilities not Measured at Fair Value

Financial assets and liabilities that are not measured at fair value on our consolidated balance sheets include cash equivalents, mortgages payable and leasing commissions due to Vornado. Cash equivalents are carried at cost, which approximates fair value due to their short-term maturities. The fair value of our mortgages payable is calculated by discounting the future contractual cash flows of these instruments using current risk-adjusted rates available to borrowers with similar credit ratings, which are provided by a third-party specialist. The leasing commissions due to Vornado are carried at cost plus interest at variable rates, which approximate fair value. The fair value of cash equivalents (primarily U.S. Treasury bills) is classified as Level 1 and the fair value of mortgages payable and leasing commissions due to Vornado is classified as Level 2. The table below summarizes the carrying amounts and fair value of these financial instruments as of September 30, 2013 and December 31, 2012.

			As of September 30, 2013			As of December 31, 2012				
(Amounts in thousands) Assets:		Carrying Amount		Fair Value			Carrying Amount		Fair Value	
Liabilities:	Cash equivalents	\$	298,489	\$	298,489	\$	289,054	\$	289,054

		\$	1,097,754	\$	1,126,000	\$	1,111,719	\$	1,143,000	

#### 10. Stock-Based Compensation

We account for stock-based compensation in accordance with ASC 718, *Compensation – Stock Compensation*. Our Omnibus Stock Plan (the "Plan") provides for grants of incentive and non-qualified stock options, restricted stock, stock appreciation rights, deferred stock units ("DSUs") and performance shares, as defined, to the directors, officers and employees of the Company and Vornado.

In May 2013, the Company granted each of the members of its Board of Directors 243 DSUs with a grant date fair value of \$56,250 per grant, or \$394,000 in the aggregate. The DSUs entitle the holder to receive shares of the Company's common stock without the payment of any consideration. The DSUs vested immediately and accordingly, were expensed on the date of grant, but the shares of common stock underlying the DSUs are not deliverable to the grantee until the grantee is no longer serving on the Company's Board of Directors.

#### 11. Commitments and Contingencies

#### *Insurance*

We maintain general liability insurance with limits of \$300,000,000 per occurrence and all-risk property and rental value insurance coverage with limits of \$1.7 billion per occurrence, including coverage for terrorist acts, with sub-limits for certain perils such as floods and earthquakes on each of our properties.

Fifty Ninth Street Insurance Company, LLC ("FNSIC"), our wholly owned consolidated subsidiary, acts as a direct insurer for coverage for acts of terrorism, including nuclear, biological, chemical and radiological ("NBCR") acts, as defined by the Terrorism Risk Insurance Program Reauthorization Act of 2007 ("TRIPRA"). Coverage for acts of terrorism (including NBCR acts) is up to \$1.7 billion per occurrence. Coverage for acts of terrorism (excluding NBCR acts) is fully reinsured by third party insurance companies with no exposure to FNSIC. For NBCR acts, FNSIC is responsible for a \$275,000 deductible and 15% of the balance of a covered loss and the Federal government is responsible for the remaining 85% of a covered loss. We are ultimately responsible for any loss borne by FNSIC.

There can be no assurance that we will be able to maintain similar levels of insurance coverage in the future in amounts and on terms that are commercially reasonable. We are responsible for deductibles and losses in excess of our insurance coverage, which could be material.

Our mortgage loans are non-recourse to us, except for \$75,000,000 of the \$320,000,000 mortgage on our 731 Lexington Avenue property, in the event of a substantial casualty, as defined. Our mortgage loans contain customary covenants requiring us to maintain insurance. If lenders insist on greater coverage than we are able to obtain, it could adversely affect our ability to finance our properties.

#### Flushing Property

In 2002, Flushing Expo, Inc. ("Expo") agreed to purchase the stock of the entity which owns the Flushing property from us ("Purchase of the Property") and gave us a non-refundable deposit of \$1,875,000. Pursuant to a stipulation of settlement, we settled the action Expo brought against us regarding the Purchase of the Property and in June 2011, deposited the settlement amount with the Court, in exchange for which we received a stipulation of discontinuance, with prejudice, as well as general releases. In November 2011, Expo filed another action, this time against our tenant at the Flushing property asserting, among other things, that such tenant interfered with Expo's Purchase of the Property from us and sought \$50,000,000 in damages from our tenant, who sought indemnification from us for such amount. In August 2012, the Court entered judgment denying Expo's claim for damages. Expo filed a motion to re-argue the decision, which the Court denied on December 7, 2012. Expo has appealed the Court's August 2012 decision. We believe, after consultation with counsel, that the amount or range of reasonably possible losses, if any, cannot be estimated.

#### **Paramus**

In 2001, we leased 30.3 acres of land located in Paramus, New Jersey to IKEA Property, Inc. The lease has a 40-year term with a purchase option in 2021 for \$75,000,000. The property is encumbered by a \$68,000,000 interest-only mortgage loan with a fixed rate of 2.90%, which matures in October 2018. The annual triple-net rent is the sum of \$700,000 plus the amount of debt service on the mortgage loan. If the purchase option is exercised, we will receive net cash proceeds of approximately \$7,000,000 and recognize a gain on sale of land of approximately \$60,000,000. If the purchase option is not exercised, the triple-net rent for the last 20 years would include debt service sufficient to fully

amortize \$68,000,000 over the remaining 20-year lease term.

#### Letters of Credit

Approximately \$3,308,000 of standby letters of credit were outstanding as of September 30, 2013.

#### <u>Other</u>

There are various other legal actions against us in the ordinary course of business. In our opinion, the outcome of such matters in the aggregate will not have a material effect on our financial condition, results of operations or cash flows.

12. Rego Park II Apartment Tower

We have commenced the construction of an apartment tower, which will contain approximately 300 units aggregating 250,000 square feet, above our Rego Park II shopping center. The capital expenditures related to the proposed development are expected to be approximately \$125,000,000. There can be no assurance that the project will be completed on schedule, or within budget.

#### 13. Earnings Per Share

The following table sets forth the computation of basic and diluted income per share, including a reconciliation of net income and the number of shares used in computing basic and diluted income per share. Basic income per share is determined using the weighted average shares of common stock (including DSUs) outstanding during the period. Diluted income per share is determined using the weighted average shares of common stock (including DSUs) outstanding during the period, and assumes all potentially dilutive securities were converted into common shares at the earliest date possible. There were no potentially dilutive securities outstanding during the three and nine months ended September 30, 2013 and 2012.

To the Board of Directors and Stockholders of
Alexander's, Inc.

Paramus, New Jersey

We have reviewed the accompanying consolidated balance sheet of Alexander's, Inc. and subsidiaries (the "Company") as of September 30, 2013, and the related consolidated statements of income and comprehensive income for the three-month and nine-month periods ended September 30, 2013 and 2012, and changes in equity and cash flows for the nine-month periods ended September 30, 2013 and 2012. These interim financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to such consolidated interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of Alexander's, Inc. and subsidiaries as of December 31, 2012, and the related consolidated statements of income, comprehensive income, changes in equity and cash flows for the year then ended (not presented herein); and in our report dated February 26, 2013, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying consolidated balance sheet as of December 31, 2012 is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

#### **Recently Issued Accounting Literature**

In February 2013, the Financial Accounting Standards Board issued Update No. 2013-02, *Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income* ("ASU No. 2013-02"). ASU No. 2013-02 requires additional disclosures regarding significant reclassifications out of each component of accumulated other comprehensive income, including the effect on the respective line items of net income for amounts that are required to be reclassified into net income in their entirety and cross-references to other disclosures providing additional information for amounts that are not required to be reclassified into net income in their entirety. The adoption of this update as of January 1, 2013, did not have any impact on our consolidated financial statements.

#### Results of Operations – Three Months Ended September 30, 2013, compared to September 30, 2012

#### **Property Rentals**

Property rentals were \$33,918,000 in the quarter ended September 30, 2013, compared to \$33,779,000 in the prior year's quarter, an increase of \$139,000.

#### **Expense Reimbursements**

Tenant expense reimbursements were \$15,968,000 in the quarter ended September 30, 2013, compared to \$14,863,000 in the prior year's quarter, an increase of \$1,105,000. This increase was primarily due to higher real estate taxes and reimbursable operating expenses.

## **Operating Expenses**

Operating expenses were \$16,929,000 in the quarter ended September 30, 2013, compared to \$16,445,000 in the prior year's quarter, an increase of \$484,000. This increase was comprised of higher (i) real estate taxes of \$626,000 and (ii) reimbursable operating expenses of \$238,000, partially offset by (iii) lower non-reimbursable operating expenses of \$380,000.

#### **Depreciation and Amortization**

Depreciation and amortization was \$7,272,000 in the quarter ended September 30, 2013, compared to \$7,225,000 in the prior year's quarter, an increase of \$47,000.

### General and Administrative Expenses

General and administrative expenses were \$1,268,000 in the quarter ended September 30, 2013, compared to \$1,177,000 in the prior year's quarter, an increase of \$91,000. This increase was primarily due to the reallocation of a portion of management fees to Vornado into "general and administrative" expenses from "operating" expenses.

#### Interest and Other Income, net

Interest and other income, net was \$374,000 in the quarter ended September 30, 2013, compared to \$41,000 in the prior year's quarter, an increase of \$333,000. This increase was primarily due to dividend income in the current year's

quarter, on the Macerich common shares that we received in connection with the sale of the Kings Plaza Regional Shopping Center ("Kings Plaza") in November 2012.

#### **Interest and Debt Expense**

## **Income from Discontinued Operations**

Income from discontinued operations was \$6,938,000 in the quarter ended September 30, 2012 and represents the net income from Kings Plaza, which was sold in November 2012.

#### Net Income Attributable to the Noncontrolling Interest

Net income attributable to the noncontrolling interest was \$492,000 in the quarter ended September 30, 2012, and represents our venture partner's 75% pro rata share of the net income from the Kings Plaza energy plant joint venture, which was sold together with Kings Plaza in November 2012.

#### Results of Operations – Nine Months Ended September 30, 2013, compared to September 30, 2012

#### **Property Rentals**

Property rentals were \$101,759,000 in the nine months ended September 30, 2013, compared to \$101,034,000 in the prior year's nine months, an increase of \$725,000.

#### **Expense Reimbursements**

Tenant expense reimbursements were \$44,204,000 in the nine months ended September 30, 2013, compared to \$41,787,000 in the prior year's nine months, an increase of \$2,417,000. This increase was primarily due to higher real estate taxes, partially offset by lower reimbursable operating expenses and a true-up of operating expense billings.

## **Operating Expenses**

Operating expenses were \$46,959,000 in the nine months ended September 30, 2013, compared to \$45,184,000 in the prior year's nine months, an increase of \$1,775,000. This increase was comprised of higher real estate taxes of \$3,506,000, partially offset by lower reimbursable operating expenses of \$389,000 and lower non-reimbursable operating expenses of \$1,342,000 (primarily bad debt expense).

#### **Depreciation and Amortization**

Depreciation and amortization was \$21,730,000 in the nine months ended September 30, 2013, compared to \$21,577,000 in the prior year's nine months, an increase of \$153,000.

### General and Administrative Expenses

General and administrative expenses were \$4,034,000 in the nine months ended September 30, 2013, compared to \$3,895,000 in the prior year's nine months, an increase of \$139,000.

#### Interest and Other Income, net

Interest and other income, net was \$1,147,000 in the nine months ended September 30, 2013, compared to \$111,000 in the prior year's nine months, an increase of \$1,036,000. This increase was primarily due to dividend income in the current year on the Macerich common shares that we received in connection with the sale of Kings Plaza in November

2012.

## **Interest and Debt Expense**

Interest and debt expense was \$33,428,000 in the nine months ended September 30, 2013, compared to \$34,206,000 in the prior year's nine months, a decrease of \$778,000.

## Income Tax Benefit (Expense)

In the nine months ended September 30, 2013, we had an income tax benefit of \$166,000, compared to an expense of \$62,000 in the prior year's nine months, a decrease in expense of \$228,000. This decrease resulted primarily from the reduction of our income tax liability due to the expiration of the applicable statute of limitations.

#### **Income from Discontinued Operations**

Income from discontinued operations was \$20,002,000 in the nine months ended September 30, 2012, and represents the net income from Kings Plaza, which was sold in November 2012.

### Net Income Attributable to the Noncontrolling Interest

Net income attributable to the noncontrolling interest was \$780,000 in the nine months ended September 30, 2012, and represents our venture partner's 75% pro-rata share of the net income from the Kings Plaza energy plant joint venture, which was sold together with Kings Plaza in November 2012.

## **Liquidity and Capital Resources**

Cash Flows

Property rental income is our primary source of cash flow and is dependent on a number of factors including the occupancy level and rental rates of our properties, as well as our tenants' ability to pay their rents. Our properties provide us with a relatively consistent stream of cash flow that enables us to pay our operating expenses, interest expense, recurring capital expenditures and cash dividends to stockholders. Other sources of liquidity to fund cash requirements include our existing cash, proceeds from financings, including mortgage or construction loans secured by our properties and proceeds from asset sales. We anticipate that cash flows from continuing operations over the next twelve months, together with existing cash balances, will be adequate to fund our business operations, cash dividends to stockholders, debt amortization and maturities, and recurring capital expenditures.

We have no debt maturing in 2013. In 2014, \$317,597,000 of our outstanding debt is scheduled to mature. We may refinance our outstanding debt as it comes due or choose to repay it at maturity.

## **Development Project**

We have commenced the construction of an apartment tower, which will contain approximately 300 units aggregating 250,000 square feet, above our Rego Park II shopping center. The capital expenditures related to the proposed development are expected to be approximately \$125,000,000. There can be no assurance that the project will be completed on schedule, or within budget.

#### Nine Months Ended September 30, 2013

Cash and cash equivalents were \$347,553,000 at September 30, 2013, compared to \$353,396,000 at December 31, 2012, a decrease of \$5,843,000. This decrease resulted from \$54,100,000 of net cash used in financing activities and \$6,006,000 of net cash used in investing activities, partially offset by \$54,263,000 of net cash provided by operating activities.

Net cash provided by operating activities of \$54,263,000 was comprised of net income of \$41,125,000 and adjustments for non-cash items of \$20,701,000, partially offset by the net change in operating assets and liabilities of \$7,563,000. The adjustments for non-cash items were comprised of (i) depreciation and amortization of \$23,535,000 and (ii) stock-based compensation expense of \$394,000, partially offset by (iii) straight-lining of rental income of \$3,022,000 and (iv) a \$206,000 reduction of the liability for income taxes.

Net cash used in investing activities of \$6,006,000 was primarily comprised of capital expenditures of \$5,931,000.

Net cash used in financing activities of \$54,100,000 was primarily comprised of dividends paid on common stock of \$42,145,000 and debt repayments of \$11,870,000.

### Nine Months Ended September 30, 2012

Cash and cash equivalents were \$508,363,000 at September 30, 2012, compared to \$506,619,000 at December 31, 2011, an increase of \$1,744,000. This increase resulted from \$72,676,000 of net cash provided by operating activities, partially offset by \$69,014,000 of net cash used in financing activities and \$1,918,000 of net cash used in investing activities.

Net cash provided by operating activities was \$72,676,000, of which \$21,397,000 was related to discontinued operations. Net cash provided by operating activities was comprised of net income of \$58,010,000 and adjustments for non-cash items of \$24,964,000, partially offset by the net change in operating assets and liabilities of \$10,298,000. The adjustments for non-cash items were comprised of (i) depreciation and amortization of \$28,488,000 and (ii) stock-based compensation expense of \$300,000, partially offset by (iii) straight-lining of rental income of \$3,824,000.

Net cash used in investing activities of \$1,918,000 was comprised of (i) capital expenditures of \$6,502,000 (primarily Rego Park II) and (ii) an increase in restricted cash of \$416,000, partially offset by (iii) proceeds from maturing short-term investments of \$5,000,000.

Net cash used in financing activities of \$69,014,000 was primarily comprised of dividends paid on common stock of \$57,458,000 and debt repayments of \$11,156,000.

Commitments and Contingencies

#### *Insurance*

We maintain general liability insurance with limits of \$300,000,000 per occurrence and all-risk property and rental value insurance coverage with limits of \$1.7 billion per occurrence, including coverage for terrorist acts, with sub-limits for certain perils such as floods and earthquakes on each of our properties.

Fifty Ninth Street Insurance Company, LLC ("FNSIC"), our wholly owned consolidated subsidiary, acts as a direct insurer for coverage for acts of terrorism, including nuclear, biological, chemical and radiological ("NBCR") acts, as defined by the Terrorism Risk Insurance Program Reauthorization Act of 2007 ("TRIPRA"). Coverage for acts of terrorism (including NBCR acts) is up to \$1.7 billion per occurrence. Coverage for acts of terrorism (excluding NBCR acts) is fully reinsured by third party insurance companies with no exposure to FNSIC. For NBCR acts, FNSIC is responsible for a \$275,000 deductible and 15% of the balance of a covered loss and the Federal government is responsible for the remaining 85% of a covered loss. We are ultimately responsible for any loss borne by FNSIC.

There can be no assurance that we will be able to maintain similar levels of insurance coverage in the future in amounts and on terms that are commercially reasonable. We are responsible for deductibles and losses in excess of our insurance coverage, which could be material.

Our mortgage loans are non-recourse to us, except for \$75,000,000 of the \$320,000,000 mortgage on our 731 Lexington Avenue property, in the event of a substantial casualty, as defined. Our mortgage loans contain customary covenants requiring us to maintain insurance. If lenders insist on greater coverage than we are able to obtain, it could adversely affect our ability to finance our properties.

### Flushing Property

In 2002, Flushing Expo, Inc. ("Expo") agreed to purchase the stock of the entity which owns the Flushing property from us ("Purchase of the Property") and gave us a non-refundable deposit of \$1,875,000. Pursuant to a stipulation of settlement, we settled the action Expo brought against us regarding the Purchase of the Property and in June 2011, deposited the settlement amount with the Court, in exchange for which we received a stipulation of discontinuance, with prejudice, as well as general releases. In November 2011, Expo filed another action, this time against our tenant at the Flushing property asserting, among other things, that such tenant interfered with Expo's Purchase of the Property

from us and sought \$50,000,000 in damages from our tenant, who sought indemnification from us for such amount. In August 2012, the Court entered judgment denying Expo's claim for damages. Expo filed a motion to re-argue the decision, which the Court denied on December 7, 2012. Expo has appealed the Court's August 2012 decision. We believe, after consultation with counsel, that the amount or range of reasonably possible losses, if any, cannot be estimated.

#### **Paramus**

In 2001, we leased 30.3 acres of land located in Paramus, New Jersey to IKEA Property, Inc. The lease has a 40-year term with a purchase option in 2021 for \$75,000,000. The property is encumbered by a \$68,000,000 interest-only mortgage loan with a fixed rate of 2.90%, which matures in October 2018. The annual triple-net rent is the sum of \$700,000 plus the amount of debt service on the mortgage loan. If the purchase option is exercised, we will receive net cash proceeds of approximately \$7,000,000 and recognize a gain on sale of land of approximately \$60,000,000. If the purchase option is not exercised, the triple-net rent for the last 20 years would include debt service sufficient to fully amortize \$68,000,000 over the remaining 20-year lease term.

#### Letters of Credit

Approximately \$3,308,000 of standby letters of credit were outstanding as of September 30, 2013.

#### Other

There are various other legal actions against us in the ordinary course of business. In our opinion, the outcome of such matters in the aggregate will not have a material effect on our financial condition, results of operations or cash flows.

## **Funds from Operations ("FFO")**

FFO is computed in accordance with the definition adopted by the Board of Governors of the National Association of Real Estate Investment Trusts ("NAREIT"). NAREIT defines FFO as GAAP net income or loss adjusted to exclude net gains from sales of depreciated real estate assets, real estate impairment losses, depreciation and amortization expense from real estate assets, extraordinary items and other specified non-cash items, including the pro rata share of such adjustments of unconsolidated subsidiaries. FFO and FFO per diluted share are used by management, investors and analysts to facilitate meaningful comparisons of operating performance between periods and among our peers because it excludes the effect of real estate depreciation and amortization and net gains on sales, which are based on historical costs and implicitly assume that the value of real estate diminishes predictably over time, rather than fluctuating based on existing market conditions. FFO does not represent cash generated from operating activities and is not necessarily indicative of cash available to fund cash requirements and should not be considered as an alternative to net income as a performance measure or cash flow as a liquidity measure. FFO may not be comparable to similarly titled measures employed by other companies. A reconciliation of our net income to FFO is provided below.

## FFO Attributable to Common Stockholders for the Three and Nine Months Ended September 30, 2013 and 2012

FFO attributable to common stockholders for the quarter ended September 30, 2013 was \$21,048,000, or \$4.12 per diluted share, compared to \$27,461,000, or \$5.38 per diluted share for prior year's quarter. The prior year's quarter includes FFO from discontinued operations of \$7,846,000, or \$1.54 per diluted share, including \$1,400,000 of real property depreciation.

FFO attributable to common stockholders for the nine months ended September 30, 2013 was \$62,702,000, or \$12.27 per diluted share, compared to \$82,893,000, or \$16.23 per diluted share for the prior year's nine months. The prior year's nine months includes FFO from discontinued operations of \$23,440,000, or \$4.59 per diluted share, including \$4,218,000 of real property depreciation.

The following table reconciles our net income to FFO:

## Item 3. Quantitative and Qualitative Disclosures About Market Risk

We have exposure to fluctuations in interest rates, which are sensitive to many factors that are beyond our control. Our exposure to a change in interest rates is summarized in the table below.

			Weighted	Effect of 1%				Weighted
		September 30,	Average	Change in		December 31,		Average

The fair value of our consolidated debt is calculated by discounting the future contractual cash flows of these instruments using current risk-adjusted rates available to borrowers with similar credit ratings, which are provided by a third-party specialist. As of September 30, 2013 and December 31, 2012, the estimated fair value of our consolidated debt was \$1,126,000,000 and \$1,143,000,000, respectively. Our fair value estimates, which are made at the end of the reporting period, may be different from the amounts that may ultimately be realized upon the disposition of our financial instruments.
