ITEM 8.01. OTHER EVENTS.

From time to time, including in its Annual Report on Form 10-K for the year ended December 31, 2014 (the Annual Report), Bank of America Corporation (the Corporation) may reclassify its business segment results based on, among other things, changes in its organizational alignment. In the Annual Report, the Corporation reported its results of operations through five business segments: Consumer & Business Banking (CBB), Consumer Real Estate Services (CRES), Global Wealth & Investment Management (GWIM), Global Banking and Global Markets, with the remaining operations recorded in All Other. Effective January 1, 2015, to align the segments with how we manage the businesses in 2015, the Corporation changed its basis of presentation, and following such change, reports its results of operations through the following five business segments: Consumer Banking, Global Wealth & Investment Management (GWIM), Global Banking, Global Markets and Legacy Assets & Servicing (LAS), with the remaining operations recorded in All Other. The Home Loans business, which was included in the former CRES segment, is now included in Consumer Banking, and LAS (also in the former CRES segment) has become a separate segment. A portion of the Business Banking business, based on the size of the client, was moved from the former CBB segment to Global Banking, and the former CBB segment was renamed Consumer Banking. Also, the Corporation's merchant services joint venture moved from the former CBB segment to All Other. In addition, certain management accounting methodologies, including the treatment of intersegment assets and liabilities, and related allocations were refined. Prior periods have been reclassified for comparability.

This Current Report on Form 8-K and the exhibits hereto update the business segment information presented in the Annual Report only to the extent this information is impacted by the revised business segment reporting methodology. Portions of the following items from the Annual Report have been updated to reflect the revised business segment methodology:

- Part II, Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations (filed as Exhibit 99.1 and incorporated herein by reference).

- Part II, Item 8. Financial Statements and Supplementary Data (filed as Exhibit 99.2 and incorporated herein by reference).

All updates to the Annual Report relate solely to the presentation of segment specific disclosures on a basis consistent with how management currently evaluates the results of the segments. The revised reporting structure did not impact the consolidated balance sheet or the consolidated statements of income, changes in shareholders' equity and cash flows. The information in this Current Report on Form 8-K is presented as of December 31, 2014 and other than as indicated above, has not been updated to reflect financial results subsequent to that date or any other changes since the date of the Annual Report.
