**Item 1.01 Entry into a Material Definitive Agreement.**

On December 22, 2008, our Avis Budget Rental Car Funding (AESOP) LLC subsidiary received commitments to renew our \$1.45 billion principal asset-backed conduit facility (known as the Series 2002-2 Notes) and our \$1 billion seasonal conduit facility (known as the Series 2008-1 Notes).

The commitments provide for a reallocation of \$100 million from the principal conduit facility to the seasonal conduit facility and are subject to customary conditions, principally satisfactory documentation, resulting in a \$1.35 billion principal facility and a \$1.1 billion seasonal facility. The commitments provide that the principal conduit facility will be extended for one year from the date of closing, and the seasonal conduit facility will have a final maturity in November 2009 following 25% reductions in borrowing capacity in each of September and October 2009. We will be required to apply 75% of the proceeds from the issuance of rental car asset-backed term notes of up to \$1 billion in aggregate principal amount toward the reduction of the facilities. We expect that the renewal of the conduit facilities will become effective on or before December 26, 2008.

The initial borrowing spreads for these facilities are unchanged from the levels established in connection with the extension of the principal conduit facility in October 2008, however, the commitments contemplate an increase to such spreads of (1) 1% for the period of May 31, 2009 through maturity, (2) an additional 1% for the period of August 31, 2009 through maturity and (3) an additional 1% for the period of September 30, 2009 through maturity, in each case if we fail to reduce commitments and borrowings under the facilities by an aggregate amount of approximately \$187.5 million on a pro rata basis during each such period.

Certain of the conduit purchasers of the Series 2002-2 Notes and the Series 2008-1 Notes, the trustee, and their respective affiliates, have performed and may in the future perform, various commercial banking, investment banking and other financial advisory services for us and our subsidiaries for which they have received, and will receive, customary fees and expenses.

**Item 7.01 Regulation FD.**

On December 23, 2008, we disclosed that we launched an amendment to our senior credit facilities to replace the leverage and interest coverage ratios with a minimum EBITDA covenant. The amendment also provides for a reduction to the revolving credit facility from \$1.5 billion to \$1.15 billion and an increase in the cost of borrowings and letters of credit of 2.5%. Based on feedback from several of the lenders under such facilities, we expect the amendment to become effective before December 31, 2008.

A copy of the press release announcing that we launched an amendment to the senior credit facilities and a copy of the form of amendment are attached hereto as Exhibit 99.1 and 99.2, respectively, and are incorporated by reference herein.
