AMERICAN INSURED MORTGAGE INVESTORS

NOTES TO FINANCIAL STATEMENTS

(Unaudited)

1. ORGANIZATION

American Insured Mortgage Investors (the "Partnership") was formed under the Uniform Limited Partnership Act in the state of California on July 12, 1983. The Partnership Agreement ("Partnership Agreement") states that the Partnership will terminate on December 31, 2008, unless terminated earlier under the provisions of the Partnership Agreement.

CRIIMI, Inc. (the "General Partner"), a wholly owned subsidiary of CRIIMI MAE Inc. ("CRIIMI MAE"), holds a partnership interest of 2.9%. AIM Acquisition Partners L.P. (the "Advisor") serves as the advisor to the Partnership pursuant to an Advisory Agreement between the Advisor and the Partnership. The general partner of the Advisor is AIM Acquisition Corporation ("AIM Acquisition") and the limited partners include, but are not limited to, AIM Acquisition, The Goldman Sachs Group, L.P., Sun America Investments, Inc. (successor to Broad, Inc.) and CRI/AIM Investment, L.P., an affiliate of CRIIMI MAE. AIM Acquisition is a Delaware corporation that is primarily owned by Sun America Investments, Inc. and The Goldman Sachs Group, L.P.

Under the Advisory Agreement, the Advisor renders services to the Partnership, including but not limited to, the management and disposition of the Partnership's portfolio of mortgages. Such services are subject to the review and ultimate authority of the General Partner. However, the General Partner is required to receive the consent of the Advisor prior to taking certain significant actions, including but not limited to the disposition of mortgages, any transaction or agreement with the General Partner or its affiliates, or any material change as to policies regarding distributions or reserves of the Partnership. The Advisor is permitted to delegate the performance of services pursuant to a sub-advisory agreement (the "Sub-Advisory Agreement"). The delegation of such services does not relieve the Advisor of its obligation to perform such services. CRIIMI MAE Services Limited Partnership ("CMSLP"), an affiliate of CRIIMI MAE, manages the Partnership's portfolio, pursuant to the Sub-Advisory Agreement. The general partner of CMSLP is CMSLP Management Company, Inc., a wholly owned subsidiary of CRIIMI MAE.

The Partnership's investment in mortgages consists of participation certificates evidencing a 100% undivided beneficial interest in government insured multifamily mortgages issued or sold pursuant to Federal Housing Administration ("FHA") programs ("FHA-Insured Certificates") and FHA-insured mortgage loans ("FHA-Insured Loans", and together with FHA-Insured Certificates referred to herein as "Insured Mortgages"). The mortgages underlying the FHA-Insured Certificates and FHA-Insured Loans are non-recourse first liens on multifamily residential developments.

2. BASIS OF PRESENTATION

In the opinion of the General Partner, the accompanying unaudited financial statements contain all adjustments of a normal recurring nature necessary to present fairly the financial position of the Partnership as of March 31, 2002 and December 31, 2001 and the results of its operations and its cash flows for

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS - Form 10-Q

the three months ended March 31, 2002 and 2001.

These unaudited financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and note disclosures normally included in annual financial statements prepared in accordance with generally accepted accounting principles ("GAAP") have been condensed or omitted. While the General Partner believes that the disclosures presented are adequate to make the information not misleading, these financial statements should be read in conjunction with the financial statements and the notes to the financial statements included in the Partnership's Annual Report on Form 10-K for the year ended December 31, 2001.

3. INVESTMENT IN FHA-INSURED LOANS

Listed below is the Partnership's aggregate investment in FHA-Insured Loans as of March 31, 2002 and December 31, 2001:

	March 31, 2002 -----	December 31, 2001 -----
Number of		
Acquired Insured Mortgages	3	3
Originated Insured Mortgages	1	1
Amortized Cost	\$12,382,895	\$12,427,801
Face Value	14,358,344	14,428,107
Fair Value	14,048,759	13,846,281

As of May 1, 2002, all of the FHA-Insured Loans are current with respect to payment of principal and interest.

4. INVESTMENT IN FHA-INSURED CERTIFICATES

Listed below is the Partnership's aggregate investment in FHA-Insured Certificates as of March 31, 2002 and December 31, 2001:

	March 31, 2002 -----	December 31, 2001 -----
Number of mortgages	6	6
Amortized Cost	\$ 8,384,866	\$ 8,415,866
Face Value	9,985,425	10,037,064
Fair Value	9,819,646	9,727,346

All of the FHA-Insured Certificates are current with respect to the payment of principal and interest as of May 1, 2002, except for the mortgage on Westbrook Apartments, which is delinquent with respect to the April 2002 payment of principal and interest.

Most of the Insured Mortgages held by the Partnership were issued under the Section 221 program of the National Housing Act of 1937, as amended (the "Section 221 program"). Under the Section 221 program, a mortgagee has the right

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS - Form 10-Q

to assign a mortgage ("put") to FHA at the expiration of 20 years from the date of final endorsement if the mortgage is not in default at such time. Any mortgagee electing to assign an FHA-insured mortgage to FHA receives, in exchange therefor, debentures issued by the United States Department of Housing and Urban Development ("HUD") having a total face value equal to the then outstanding principal balance of the FHA-insured mortgage plus accrued interest to the date of assignment. These HUD debentures generally mature 10 years from the date of assignment and bear interest at a rate announced semi-annually by HUD in the Federal Register ("going Federal rate") at such date. This assignment procedure is applicable to an Insured Mortgage which had a firm or conditional FHA commitment for insurance on or before November 30, 1983. The Partnership anticipates that each eligible Insured Mortgage, for which a prepayment has not occurred and which has not been sold, will be assigned to FHA at the expiration of 20 years from the date of final endorsement. The Partnership, therefore, does not anticipate holding any eligible Insured Mortgage beyond the expiration of 20 years from final endorsement of that Insured Mortgage. The Partnership has directed the servicer of each Insured Mortgage to put these mortgages to FHA as they become due. Once the servicer of a mortgage has filed an application for insurance benefits under the Section 221 program, the Partnership will no longer receive the monthly principal and interest on the applicable mortgage.

9

5. DUE FROM AFFILIATE

The mortgage on Fox Run Apartments was beneficially owned 50% by the Partnership and 50% by an affiliate of the Partnership, American Insured Mortgage Investors - Series 85, L.P. ("AIM 85"). A debenture, with a face value of \$2,385,233, was issued to AIM 85 in December 2000 with interest payable semi-annually on January 1 and July 1. In January 2002, the debenture was liquidated at par value. The Partnership received approximately \$1.2 million for its share of the debenture proceeds, including interest of approximately \$42,000. A distribution of approximately \$0.11 per Unit related to the receipt of these proceeds was declared in March 2002 and paid to Unitholders in May 2002.

6. DISTRIBUTIONS TO UNITHOLDERS

The distributions paid or accrued to Unitholders on a per Unit basis for the three months ended March 31, 2002 and 2001 are as follows:

Quarter Ended	2002	2001
-----	-----	-----
March 31	\$ 0.16(1)	\$ 0.05
	=====	=====

- (1) This amount includes approximately \$0.11 per Unit due to the redemption of a debenture received from the assignment of the Fox Run Apartments mortgage. This amount was received from AIM 85. The debenture was issued to AIM 85 since it was the record owner of the Fox Run Apartments mortgage. The Partnership was a 50% beneficial owner.

The basis for paying distributions to Unitholders is net proceeds from mortgage dispositions, if any, and cash flow from operations, which includes regular interest income and principal from Insured Mortgages. Although Insured Mortgages pay a fixed monthly mortgage payment, the cash distributions paid to the Unitholders will vary during each quarter due to (1) the fluctuating yields in the short-term money market where the monthly mortgage payment receipts are temporarily invested prior to the payment of quarterly distributions, (2) the reduction in the asset base resulting from monthly mortgage payments received or

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS - Form 10-Q

mortgage dispositions, (3) variations in the cash flow attributable to the delinquency or default of Insured Mortgages and (4) changes in the Partnership's operating expenses. As the Partnership continues to liquidate its mortgage investments and Unitholders receive distributions of return of capital and taxable gains, Unitholders should expect a reduction in earnings and distributions due to the decreasing mortgage base.

10

7. TRANSACTIONS WITH RELATED PARTIES

The General Partner and certain affiliated entities have earned or received compensation or payments for services from the Partnership during the three months ended March 31, 2002 and 2001 as follows:

COMPENSATION PAID OR ACCRUED TO RELATED PARTIES

Name of Recipient -----	Capacity in Which Served/Item -----	For the three months ended March 31, 2002 2001 -----	
CRIIMI, Inc. (1)	General Partner/Distribution	\$ 47,786	\$ 14,93
AIM Acquisition Partners, L.P. (2)	Advisor/Asset Management Fee	54,084	56,70
CRIIMI MAE Management, Inc.	Affiliate of General Partner/ Expense Reimbursement	10,879	10,57

- (1) The General Partner, pursuant to the Partnership Agreement, is entitled to receive 2.9% of the Partnership's income, loss, capital and distributions, including, without limitation, the Partnership's adjusted cash from operations and proceeds of mortgage prepayments, sales or insurance (as defined in the Partnership Agreement).
- (2) The Advisor, pursuant to the Partnership Agreement, is entitled to an Asset Management Fee equal to 0.95% of Total Invested Assets (as defined in the Partnership Agreement). CMSLP is entitled to a fee equal to 0.28% of Total Invested Assets from the Advisor's Asset Management Fee. Of the amounts paid to the Advisor, CMSLP earned a fee equal to \$15,939 and \$16,713 for the three months ended March 31, 2002 and 2001, respectively. The general partner and limited partner of CMSLP are wholly owned subsidiaries of CRIIMI MAE.

Factors which may cause actual results to differ materially from those contained in the forward-looking statements identified above include, but are not limited to (i) regulatory and litigation matters, (ii) interest rates, (iii) trends in the economy, (iv) prepayment of mortgages and (v) defaulted mortgages. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only of the date hereof. The Partnership undertakes no obligation to publicly revise these forward-looking statements to reflect events or circumstances occurring after the date hereof or to reflect the occurrence of unanticipated events.

General

As of March 31, 2002, the Partnership had invested in 10 Insured Mortgages, with an aggregate amortized cost of approximately \$20.8 million, face value of approximately \$24.3 million and fair value of approximately \$23.9 million.

As of May 1, 2002, all of the FHA-Insured Loans and FHA-Insured Certificates are current with respect to payment of principal and interest, except for the mortgage on Westbrook Apartments, which is delinquent with respect to the April 2002 payment of principal and interest.

Most of the Insured Mortgages held by the Partnership were issued under the Section 221 program. Under the Section 221 program, a mortgagee has the right to assign a mortgage ("put") to FHA at the expiration of 20 years from the date of final endorsement if the mortgage is not in default at such time. Any mortgagee electing to assign an FHA-insured mortgage to FHA receives, in exchange therefor, debentures issued by the United States Department of Housing and Urban Development ("HUD") having a total face value equal to the then outstanding principal balance of the FHA-insured mortgage plus accrued interest to the date of assignment. These HUD debentures generally mature 10 years from the date of assignment and bear interest at a rate announced semi-annually by HUD in the Federal Register ("going Federal rate") at such date. This assignment procedure is applicable to an Insured Mortgage which had a firm or conditional FHA commitment for insurance on or before November 30, 1983. The Partnership anticipates that each eligible Insured Mortgage, for which a prepayment has not occurred and which has not been sold, will be assigned to FHA at the expiration of 20 years from the date of final endorsement. The Partnership, therefore, does not anticipate holding any eligible Insured Mortgage beyond the expiration of 20 years from final endorsement of that Insured Mortgage. The Partnership has directed the servicer of each Insured Mortgage to put these mortgages to FHA as they become due. Once the servicer of a mortgage has filed an application for insurance benefits under the Section 221 program, the Partnership will no longer receive the monthly principal and interest on the applicable mortgage.

12

Results of Operations

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS - Form 10-Q

Net earnings decreased by approximately \$55,000 for the three months ended March 31, 2002, as compared to the corresponding period in 2001, primarily due to a reduction in mortgage investment income and interest and other income, as discussed below.

Mortgage investment income decreased by approximately \$32,000 for the three months ended March 31, 2002, as compared to the corresponding period in 2001, primarily due a reduction in the mortgage base. The mortgage base decreased due to one mortgage disposition, in September 2001, with a principal balance of approximately \$1.2 million, representing an approximate 5% decrease in the aggregate principal balance of the total mortgage portfolio since September 2001, as compared to March 2002.

Interest and other income decreased by approximately \$23,000 for the three months ended March 31, 2002, as compared to the corresponding period in 2001. This decrease is primarily due to a decrease in interest earned on the debenture due from an affiliate, as discussed below.

Asset management fee to related parties decreased by approximately \$2,600, or 5%, for the three months ended March 31, 2002, as compared to the corresponding period in 2001, primarily due to the 5% reduction in the mortgage base, as previously discussed.

General and administrative expenses increased by approximately \$3,000 for the three months ended March 31, 2002, as compared to the corresponding period in 2001. This increase is primarily due to an increase in the costs associated with partner level tax reporting as a result of the new Internal Revenue Service electronic filing requirements for large partnerships.

Liquidity and Capital Resources

The Partnership's operating cash receipts, derived from payments of principal and interest on Insured Mortgages, plus cash receipts from interest on short-term investments, were sufficient for the three months ended March 31, 2002 to meet operating requirements. The basis for paying distributions to Unitholders is net proceeds from Insured Mortgage dispositions, if any, and cash flow from operations, which includes regular interest income and principal received from Insured Mortgages. Although Insured Mortgages pay a fixed monthly mortgage payment, the cash distributions paid to the Unitholders will vary during each period due to (1) the fluctuating yields in the short-term money market where the monthly mortgage payment receipts are temporarily invested prior to the payment of quarterly distributions, (2) the reduction in the asset base resulting from monthly mortgage payments received or mortgage dispositions, (3) variations in the cash flow attributable to the delinquency or default of Insured Mortgages and (4) changes in the Partnership's operating expenses. As the Partnership continues to liquidate its mortgage investments and Unitholders receive distributions of return of capital and taxable gains, Unitholders should expect a reduction in earnings and distributions due to the decreasing mortgage base.

Net cash provided by operating activities did not change significantly for the three months ended March 31, 2002, as compared to the corresponding period in 2001.

Net cash provided by investing activities increased by approximately \$1.2 million for the three months ended March 31, 2002, as compared to the corresponding period in 2001, primarily due to the debenture proceeds received from AIM 85 in January 2002. The mortgage on Fox Run Apartments was beneficially owned 50% by the Partnership and 50% by an affiliate of the Partnership, American Insured Mortgage Investors - Series 85, L.P. ("AIM 85"). A debenture, with a face value of approximately \$2.4 million was issued to AIM 85 in December

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS - Form 10-Q

2000 with interest payable semi-annually on January 1 and July 1. In January 2002, the debenture was

13

liquidated at par value. The Partnership received approximately \$1.2 million for its share of the debenture proceeds, including interest of approximately \$42,000. A distribution of approximately \$0.11 per Unit related to the receipt of these proceeds was declared in March 2002 and paid to Unitholders in May 2002.

Net cash used in financing activities did not change for the three months ended March 31, 2002, as compared to the corresponding period in 2001.

ITEM 3. QUALITATIVE AND QUANTITATIVE DISCLOSURES ABOUT MARKET RISK

The Partnership's principal market risk is exposure to changes in interest rates in the U.S. Treasury market. The Partnership will experience fluctuations in the market value of its assets related to changes in the interest rates of U.S. Treasury bonds as well as increases in the spread between U.S. Treasury bonds and the Partnership's Insured Mortgages. As of March 31, 2002, the average U.S. Treasury rate used to price the Partnership's Insured Mortgages had increased by approximately 35 to 54 basis points compared to December 31, 2001.

Management has determined that there has not been a material change as of March 31, 2002, in market risk from December 31, 2001 as reported in the Partnership's Annual Report on Form 10-K as of December 31, 2001.
