PART III -- NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

As previously disclosed the registrant has limited cash resources and liquidity, and has been exploring various alternatives on how to fund future operational losses or working capital needs and instituted cost reduction efforts. The registrant's current cash resources, coupled with lack of financing, delays in shipments of certain products, the corresponding delay in receipt of expected revenue from such products, and the imposition of stricter payment terms from certain of its suppliers, continue to constrain the registrant's liquidity and operations. In January 2015, the registrant's Chief Financial Officer resigned, and the registrant's Chief Executive Officer currently acts as the registrant's principal financial officer. In addition, the registrant is in the process of deconsolidating N2 Biomedical LLC ("N2") from its financial statements and preparing the biomedical business as discontinued operations as a result of its October 2014 disposition of its interest in N2.

As a result, because the registrant's management continues to devote considerable attention to addressing the registrant's financial and liquidity issues and the recent departure of the registrant's Chief Financial Officer, the registrant is unable to complete its financial statements for its Annual Report on Form 10-K for the annual period ended December 31, 2014 within the prescribed time period without unreasonable effort or expense.

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

S Yes £ No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

Although the registrant has not completed its financial statements for the year ended December 31, 2014, the registrant anticipates significant changes in results of operations from the corresponding period of 2013 will be reflected by the earnings statements to be included in its Form 10-K for the year ended December 31, 2014. The registrant currently expects, for the year ended December 31, 2014, that its revenue will be in a range of \$9,800,000 and \$10,400,000, its operating loss from continuing operations will be in a range of \$(7,700,000) and \$(7,800,000) and its net loss in a range of \$(5,800,000) and \$(5,900,000). Since the financial statements for the year ended December 31, 2014 are not yet completed, actual results may differ materially from its current expectations.
