Item 1.01. Entry into a Material Definitive Agreement.

On October 14, 2010, Olin Corporation (the “Company”) completed a financing of tax-exempt bonds (the “Bonds”) in the aggregate principal amount of \$70,000,000 due 2024. The Bonds include \$50 million issued pursuant to the Gulf Opportunity Zone Act of 2005 and \$20 million issued pursuant to the American Recovery and Reinvestment Act of 2009. The Bonds were issued by The Industrial Development Authority of Washington County (the “Authority”) pursuant to a trust indenture (the “Indenture”) between the Authority and U. S. Bank, National Association, as trustee (the “Trustee”). The Bonds were sold to a syndicate of participating banks in a private placement under a Credit and Funding Agreement dated October 14, 2010 (the “Credit Agreement”) between the Company, PNC Bank, National Association, as administrative agent for itself and the other syndicate lenders, the member banks of the syndicate, and PNC Capital Markets, LLC, as lead arranger.

The proceeds of the Bonds will be loaned by the Authority to the Company under a loan agreement (the “Loan Agreement”) and related promissory note (the “Note”) whereby the Company is obligated to make loan payments to the Authority sufficient to pay all debt service and expenses related to the Bonds. The Authority will assign its rights under the Note to the Trustee as security for payment of the Bonds. The Company’s obligations under the Loan Agreement and Note mirror the terms of the Bonds, which will bear interest at a fluctuating rate based on LIBOR. The financial covenants in the Credit Agreement mirror those in the Company’s current senior revolving credit agreement. The Bonds have a 13.5-year term but may be tendered to the Company (without premium) periodically beginning on November 1, 2015, at the expiration of the bank syndicate’s five-year agreement to hold the Bonds. At that time, the Company may, at its option, negotiate new terms with the existing syndicate, market the bonds to a new bank syndicate or convert and remarket the bonds in either a variable weekly rate mode or a fixed rate to maturity, subject in each case to successful private placement or other remarketing of the Bonds in the new mode. The Company drew \$15 million under the Note in October 2010 and has the option to borrow up to the remaining \$55 million in one or more draws through December 31, 2011. The proceeds from the Bonds are required to be used to fund capital project spending at the Company’s McIntosh, Alabama facility.

The foregoing summary is qualified in its entirety by reference to the actual Indenture, Loan Agreement, Bond Purchase Agreement and Credit Agreement, which are attached as Exhibits 4.1, 4.2, 4.3 and 4.4, respectively, and are incorporated herein by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.
