ITEM 2. ACQUISITION OR DISPOSITION OF ASSETS

During the period from January 3, 2002, to April 30, 2002, Investors Real Estate Trust (IRET) purchased 7 real estate properties at a total cost of \$80,495,000 plus acquisition costs incurred at the time of closing of \$213,900. Individually, the 7 real estate properties are insignificant as defined by Regulation S-X, but in the aggregate, constitute a significant amount of assets as defined in Regulation S-X. When acquisitions are individually insignificant but significant in the aggregate, Regulation S-X requires the presentation of audited financial statements for assets comprising a substantial majority of the individually insignificant properties. IRET's fiscal year 2002 real estate asset purchases first exceeded the minimum level of significance on January 2, 2002, with the purchase of a commercial office building located in Minneapolis, Minnesota and then again on April 30, 2002, with the purchase of a single-tenant industrial building located in New Brighton, Minnesota. Audited financial statements for assets comprising a substantial majority of the individually insignificant properties acquired during the period from May 1, 2001 to January 2, 2002 were presented in an 8-K filed on January 17, 2002 as amended by Amendment No. 1 filed on March 15, 2002 with the Securities and Exchange Commission.
