are likely to be subject to taxation in the United States and who remain current employees of SST through the date the proposed tender offer expires, (b) were granted on certain dates during the period from March 2001 to September 2005, (c) were granted with an exercise price per share that is or may be less than the fair market value per share of the SST common stock underlying the option on the option's grant date, as determined for tax purposes, (d) vested or are scheduled to vest after December 31, 2004, and (e) are still outstanding on the date the proposed tender offer expires.

At the time the tender offer commences, SST will provide option holders who are eligible to participate in the tender offer with written materials explaining the precise terms and timing of the tender offer. SST will also file these written materials with the U.S. Securities and Exchange Commission as part of a tender offer statement upon the commencement of the tender offer.
