Evaluation of Disclosure Controls and Procedures

A review and evaluation was performed by management under the supervision and with the participation of the Principal Executive Officer and Chief Financial Officer of the effectiveness of the Company's disclosure controls and procedures, as required by Rule 13a-15(b) of the Securities Exchange Act of 1934 as of December 31, 2007. Based upon that most recent evaluation, which was completed as of the end of the period covered by this Form 10-K and considering that the Company failed to include disclosures about internal controls over financial reporting when it filed its original Form 10-K for the fiscal year ended December 31, 2007 (the (2007 Form 10-K()), the Principal Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures were not effective at December 31, 2007 to ensure that information required to be disclosed in reports that the Company files submits under the Securities Exchange Act of 1934 is recorded, processed, summarized and timely reported as provided in the Securities and Exchange Commission ("SEC") rules and forms. There were no changes in the Company's internal control over financial reporting during the three months ended December 31, 2007.

Management Report on Internal Control Over Financial Reporting

Management of the Company is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(b) and 15d-15(f) under the Securities Exchange Act of 1934, as amended, as a process designed by, or under the supervision of the Company's principal executive and principal financial officers and effected by the Company's board, management and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States ("GAAP, US") and includes those policies and procedures that:

- pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of a company;

Edgar Filing: SPINDLETOP OIL & GAS CO - Form 10-K/A

- provide reasonable assurance that the transactions are recorded as necessary to permit preparation of financial statements in accordance with GAAP, US and that receipts and expenditures of a company are being made only in accordance with authorization of management and directors of a company; and
- provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of a company's assets that could have a material effect on the financial statements.

Because of the inherent limitations of internal control over financial reporting, including the possibility of human error and the circumvention or overriding of controls, material misstatements may not be prevented or detected on a timely basis. Projections of any evaluation of effectiveness to future periods are subject to the risks that controls may become inadequate because of changes and conditions or that the degree of compliance with policies or procedures may deteriorate. Accordingly, even internal controls determined to be effective can provide only reasonable assurance that information required to be disclosed in and reports filed under the Securities Exchange Act of 1934 is recorded, processed, summarized and represented within the time periods required.

Management of the Company has assessed the effectiveness of its internal control over financial reporting at December 31, 2007. To make this assessment, the Company used the criteria for effective internal control over financial reporting described in Internal Control Integrated Framework, issued by the Committee of Sponsoring Organizations of the Treadway Commission ((COSO()). Based on this assessment, management of the Company concluded that as of December 31, 2007, the internal control system over financial reporting met those criteria and was effective.

This annual report does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the SEC that permit the Company to provide only management's report in this annual report.

Changes in Internal Control Over Financial Reporting.

There has been no change in the Registrant's internal control over financial reporting during the fourth fiscal quarter ended December 31, 2007, that has materially affected, or is reasonably likely to materially affect, the Registrant's internal control over financial reporting.
