QUORUM AND VOTE REQUIRED

The presence at the Annual Meeting, whether in person or by proxy, of the holders of at least a majority of the outstanding shares of Voting Stock entitled to vote thereat constitutes a quorum for the transaction of business. For purposes of the quorum and the discussion below regarding the votes necessary to take stockholder action, Stockholders of record who are present at the meeting in person or by proxy and who abstain, including brokers holding customers' shares of record who cause abstentions to be recorded at the meeting, are considered Stockholders who are present and entitled to vote and they count toward the quorum.

Brokers holding shares of record for customers generally are not entitled to vote on certain matters unless they receive voting instructions from their customers. As used herein, "uninstructed shares" means shares held by a broker who has not received instructions from its customers on such matters and the broker has so notified the Company on a proxy form in accordance with industry practice or has otherwise advised the Company that it lacks voting authority. As used herein, "broker non-votes," means the votes that could have been cast on the matter in question by brokers with respect to uninstructed shares if the brokers had received their customers' instructions.

Election of Directors. Directors are elected by a plurality vote and the five nominees who receive the most votes will be elected. In the election of Directors, votes may be cast in favor of or withheld with respect to each

Edgar Filing: LEADVILLE MINING & MILLING CORP - Form DEF 14A

nominee. Abstentions and broker non-votes will not be taken into account in determining the outcome of the election.

Approval of Auditors. To be approved, this matter must receive the affirmative vote of the majority of the shares present or by proxy at the Annual Meeting and entitled to vote. Uninstructed shares are entitled to vote on this matter. Therefore, abstentions and broker non-votes have the effect of negative votes.

CAPITAL STOCK

The outstanding Capital Stock on February 21, 2001, the record date, was 30,650,705 shares of Common Stock. Stockholders of record, as of February 21, 2001 will be entitled to one (1) vote for each share of such stock registered in their respective names at the close of business on the aforesaid record date. Cumulative voting in the election as Directors is not permitted. The present officers intend to vote for the slate of Directors and the selection of the independent auditors. Their votes may be decisive on these issues.
