Table of Contents**DIRECTOR ATTENDANCE**

During fiscal 2003 (ended August 3, 2003), the Board of Directors met seven times. Directors meet their responsibilities by attending Board and Committee meetings and through communication with the Chairman, the Chief Executive Officer and other members of management on matters affecting the Company. All directors attended at least 75% of scheduled Board meetings and meetings held by Committees of which they were members, except David Li, who is not standing for reelection.

DIRECTOR COMPENSATION

The Company's director compensation program is designed to deliver annual compensation at the median of a group of 13 food companies, including Campbell's key competitors, with the potential for enhanced value from future stock price appreciation, and to link compensation closely to returns to shareowners. Under the program, annual compensation is delivered 50% in stock options (based on the Black-Scholes valuation model and the mean between the high and low stock prices on the last trading day of each calendar year); 30% in Campbell stock (based on the closing stock price on the last trading day of each calendar year); and approximately 20% in cash (depending on meeting attendance fees). Directors may elect to receive additional stock options in lieu of the cash payments and/or annual stock grant. They may also elect to defer all or a portion of compensation. Directors are also reimbursed for actual travel expenses.

For calendar year 2003, the Board determined that median annual director compensation should be approximately \$129,000. The components of compensation were as follows:

Annual Stock Grant*	1,650 shares of stock
Annual Option Grant**	8,135 options
Annual Retainer for Committee Chair	\$4,000
Board Attendance Fee (per in-person meeting)	\$1,250
Board Attendance Fee (per conference call meeting)	\$625
Committee Attendance Fee (per in-person meeting)	\$1,000
Committee Attendance Fee (per conference call meeting)	\$500

* Campbell shares were issued on January 1, 2003 based on a price of \$23.47 (the closing price on December 31, 2002).

** Options were granted on January 1, 2003, at an exercise price of \$23.27 (the mean between the high and low prices of Campbell stock on December 31, 2002). Options are granted at the market price on the grant date and may not be repriced.

George Sherman, who was the non-executive Chairman during all of fiscal 2003, received a retainer of \$450,000 in addition to the regular retainer and fees paid to all non-employee directors. The retainer was paid \$225,000 in cash and \$225,000 in stock options. Mr. Sherman received 29,645 options with an exercise price of \$22.32. The options had a value of \$225,000 based on the Black-Scholes valuation model and the stock price on September 26, 2002, the date of the grant.

The Board believes that sound corporate governance is essential to diligent and effective fulfillment of its oversight responsibilities.

Corporate Governance Standards and Committee Charters

Campbell first published Corporate Governance Standards in its proxy statement in 1992. The Standards are reviewed annually by the Governance Committee and approved by the Board. In 2003 the Governance Committee and the Board undertook a comprehensive review of the Corporate Governance Standards, the charters of the standing committees, and the overall governance structure of the Company, in light of new statutory and regulatory requirements, proposed new rules and recommendations of the New York Stock Exchange, and the ongoing debate regarding the proper governance of public companies. Revised Corporate Governance Standards and committee charters that were developed and approved by the Board in the course of this review are set forth in Appendix A.

With respect to the Company's governance structure, the Board decided that it is no longer necessary to have an Executive Committee of the Board. That committee, which was authorized to exercise substantially all of the powers of the Board when the Board was not in session, was originally intended as a mechanism to enable the Board to act between regular meetings. Advances in technology, such as the convenient availability of telephone conference calls, have made it possible to convene the full Board, with appropriate notice to all directors, when such action is necessary or desirable. The Board believes that this is preferable, from the standpoint of sound governance practice, to broad delegation of authority to a standing committee. Accordingly, the Board decided to abolish the Executive Committee, effective July 24, 2003.

The revised Corporate Governance Standards approved in 2003 codify many pre-existing policies and practices of the Company, and also address issues relevant to the requirements of the Sarbanes-Oxley Act and the proposed rules of the New York Stock Exchange. Appendix A contains a statement of standards the Board has adopted to assist it in determining the independence of Directors. The Board has determined that all the Director nominees except Mr. Conant meet the standards set forth in that statement and are independent. Also set forth in Appendix A are procedures by which interested persons can communicate concerns to the Board of Directors and the Audit Committee.

Evaluations of Board Performance

Since 1995, the Board's Governance Committee has led annual evaluations of Board performance. The evaluation process was designed to facilitate ongoing, systematic examination of the Board's effectiveness and accountability, and to identify opportunities for improving its operations and procedures. In the past, on a rotating basis, the annual evaluations focused on assessments of (a) the Board as a whole, (b) the individual directors, and (c) the Board Committees, with follow-up on the recommendations emerging from each step in the program cycle in the year following its completion.

In 2001, the Board's evaluation process focused on assessment of the performance of its individual members. Each director completed a self-evaluation form, developed by the Governance Committee,

Table of Contents

examining his or her effectiveness in light of 33 criteria designed to measure performance in seven critical areas: independence and integrity; knowledge and expertise; accountability and decisiveness; participation and input; preparation; availability; and teamwork. Following completion of the forms and the preparation of a composite report to the Governance Committee, the Chairman of the Board and the Chairman of the Governance Committee met with each Director to discuss his or her evaluation and areas for improvement. A report was then prepared and presented to the Board providing a plan to enhance Board effectiveness based upon the feedback received in this process.

In 2002, the Board's evaluation process focused on assessment of the procedures and performance of its Committees. Each director completed an evaluation form that elicited numerical ratings of and written comments on the structure of the Board's Committee system, the effectiveness of Committee assignments and Committee chair assignments, the effectiveness of Committee operations and decision-making, and the relationship between the Committees and the Board. Following completion of the forms and the discussion of the composite report by the Governance Committee, the Chairman of the Board and the Chairman of the Governance Committee met with each Chairman of the other standing Committees to discuss the results of the evaluations and the recommendations to improve Committee operations.

In 2003, the Board's evaluation process focused on assessment of the performance of the Board as a whole. A Board evaluation form was approved by the Governance Committee which requested directors' comments and numerical ratings on 25 questions related to Board performance, corporate governance, monitoring of management and the organization, and monitoring of business performance, and included feedback on subjects that were identified as areas for improvement in the last Committee system evaluation and the last individual director evaluation. The Chairman of the Governance Committee then prepared and presented to the Board a report that provided recommendations to enhance Board effectiveness based upon the responses received in this process.

In 2004, as required by the proposed New York Stock Exchange listing standards, the Board will complete an evaluation process focusing on an assessment of Board operations as a whole, and each of the standing committees will conduct a separate evaluation of its own performance and of the adequacy of its charter. The Governance Committee will coordinate the evaluation of Board operations and will review and report to the Board on the annual self-evaluations completed by the standing committees. These evaluations will be completed on an annual basis in the future.

AUDIT COMMITTEE REPORT

The Audit Committee is comprised of the six directors named below. The Board has determined that each member of the Committee meets the requirements as to independence, experience and expertise established by the New York Stock Exchange and applicable rules and regulations. In addition, the Board of Directors has determined that Edmund M. Carpenter is an audit committee financial expert as defined by SEC rules. The Committee revised its charter, which was then approved by the Board of Directors on September 25, 2003. The revised charter is attached to this proxy statement to Appendix A.

One of the Audit Committee's primary responsibilities is to assist the Board in its oversight of the integrity of the Company's financial statements and financial reporting process. To fulfill these oversight responsibilities, the Committee has reviewed and discussed with management and the independent auditors the audited financial statements included in the Company's Annual Report on Form 10-K for the

Table of Contents

fiscal year ended August 3, 2003, and has reviewed and discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended. In addition, the Committee received from the independent auditors written reports disclosing that they are not aware of any relationships between the auditors and the Company that, in their professional judgment, may reasonably be thought to bear on their independence, consistent with Independence Standards Board Standard Number 1, *Independence Discussions with Audit Committees*. The Committee also reviewed and discussed with the independent auditors all relationships the auditors have with the Company to determine and satisfy itself regarding the auditors' objectivity and independence. The Committee has also considered whether the provision of non-audit services by the independent auditors to the Company for the most recent fiscal year and the fees and costs billed and expected to be billed by the independent auditors for those services are compatible with maintaining their independence.

Based on the review and discussions described in this report, the Audit Committee recommended to the Board of Directors that Campbell's audited consolidated financial statements be included in Campbell's Annual Report on Form 10-K for the fiscal year ended August 3, 2003, for filing with the Securities and Exchange Commission. The Audit Committee appointed PricewaterhouseCoopers LLP as independent auditors for the Company for fiscal 2004.

Tax Fees	\$ 1,925,000	\$ 2,302,000
All Other Fees	\$ 55,000	\$ 666,000

The Audit Committee's Charter provides that the Committee will pre-approve all audit services and all permissible non-audit services (including the fees and terms thereof) to be performed for the Company by its independent auditors. (See Appendix A) From time to time, the Committee may delegate its authority to pre-approve non-audit services to one or more Committee members. Any such approvals shall be reported to the full Committee at the next Audit Committee meeting.

The audit fees for the years ended August 3, 2003 and July 28, 2002 include fees for professional services rendered for the audits of the consolidated financial statements of the Company, statutory audits and the issuance of comfort letters and consents.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation and Organization Committee's Report on Executive Compensation

The Compensation and Organization Committee is comprised of the eight directors named below. The Board has determined that all members of the Committee are independent directors as defined by proposed New York Stock Exchange rules. The revised charter for this Committee adopted in 2003 is set forth in Appendix A. The Committee establishes and administers the Company's executive compensation program and reviews major organization changes and the Company's succession planning and leadership development processes. The Committee evaluates and establishes the Company's compensation strategy annually, including the apportionment of pay between fixed compensation elements and incentive compensation, and the design of incentive compensation programs. The Committee establishes and regularly reviews the compensation levels of officers and other key managers, and authorizes their incentive awards. The Committee reviews and approves all compensation actions for the Chief Executive Officer and approximately the top 25 executives in the Company. In fiscal 2003 the Committee engaged a consultant to conduct a comprehensive analysis of the executive compensation policies and programs, including an assessment based on competitive practices.

The objectives of the Company's executive compensation program are to:

- 1 Align the financial interests of the Company's executives with those of its shareowners, both in the short and long term;
- 1 Provide incentives for achieving and exceeding the Company's short-term and long-term goals; and
- 1 Retain and attract highly competent executives by providing total compensation that is competitive with compensation at other well-managed companies in the food and consumer products industries.

The Committee compares total compensation levels with a 26-company Compensation Peer Group, consisting of companies with which Campbell competes for attraction and retention of talent. Campbell's programs are designed to deliver fixed compensation elements, including salary, benefits, and perquisites, at the median of the Compensation Peer Group, and incentive compensation at the seventy-fifth (75th) percentile if performance goals are exceeded. When there is consistent growth in earnings and revenue and stock price appreciation over the long term, total compensation of Campbell's executives will be above the median of the Compensation Peer Group.

There are three major elements of Campbell's compensation program: base salary, annual incentive, and long-term incentives.

Base Salary Salary ranges for senior executives are reviewed annually. Individual salaries for senior executives are reviewed on a 24-month cycle. In determining individual salaries, the Committee considers the scope of job responsibilities, individual contributions, business performance, labor market conditions, the Company's salary budget guidelines and current compensation as compared to market practice.

Annual Incentive Campbell's annual incentive payments are based on individual performance goals and objective measures of financial performance. These measures may include sales, earnings, reduction of working capital, special goals for achievement of new product sales or cost savings, performance as compared to peer companies or other measures of financial or strategic achievement at the individual, business unit or total Company level.

Table of Contents

At the beginning of each year, a target annual incentive amount is set for each participating executive, and an annual Operating Plan is approved by the Board of Directors which sets specific financial performance measures for the Company as a whole and separately for its major business units. At the end of the year, actual results are compared with each performance goal, and incentive awards are calculated. By the terms of the annual incentive plan, extraordinary events such as major restructuring and accounting changes are excluded.

Beginning in fiscal 2002, the Committee included an additional step in the evaluation of financial performance and calculation of incentive awards. In addition to reviewing the results on each performance goal, the Committee separately assesses the quality of the results of each business unit and the total Company, taking into consideration such factors as the ease or difficulty of attaining the measures due to market and competitive conditions, growth or decline in market share, and the presence or absence of expenditures to build the long-term value of the business. Based on this assessment the Committee may adjust the portion of bonus based on financial measures either upward or downward.

In fiscal 2003, the objective financial performance measures selected by the Committee were sales, operating earnings, operating working capital, and earnings per share. For senior executives, these measures determined 70% of each executive's annual incentive. Individual performance goals, which determined 30% of each executive's incentive, were based upon the executive's performance in fulfilling job accountabilities, achieving specific individual goals and contributing to the Company's success. Actual incentive payments could vary from zero to 175% of the target incentive amount based on individual, business unit, and total Company performance. For fiscal 2003 only, for executives other than the CEO, annual bonus targets were increased to provide additional incentive to achieve the Company's performance goals. A corresponding reduction was made in the value of long-term incentive targets (see Long-Term Incentives section below).

At the end of the year, results were evaluated for each performance goal set for fiscal 2003. Total Company net sales met the goal, earnings per share were above the goal, and reductions in operating working capital were below the goal. The Committee assessed the quality of the results of the total Company and each major business unit and adjusted downward the portion of bonus based on financial measures for the total Company and one business unit. Four business units were adjusted upward. Incentive bonus payments to executive officers for fiscal 2003 ranged from 90.7% to 124.4% of target incentive amount with an average of 102.1%.

Long-Term Incentives For the past several years, Campbell has used two long-term incentive programs for its executives, a full value restricted stock program and a stock option program. The value intended to be delivered through each program is approximately 50% of total competitive long-term incentive value. For fiscal 2003 only, the value of the restricted stock portion of the long-term incentive program was reduced to offset the aforementioned increase in annual bonus targets (see Annual Incentive section above).

In fiscal 2002, the Committee approved a special long-term incentive award in place of a new three-year restricted share program. This award was designed to ensure that the Company's long-term incentive opportunity remained competitive as the Committee reevaluated the design of the long-term incentive compensation program for future years. The special award was made in September 2001 and 100% vested in September 2003 for participants who remained with the Company. Senior executives could elect to receive the value of the award either 100% in stock options or in a combination of 50% options and 50% cash. Individual awards varied based upon performance and retention needs.

In fiscal 2003 the company implemented a new restricted stock program covering approximately 300 executives. This program replaced the special long-term incentive award made in fiscal 2002. Under this new program, a pool of restricted shares will be authorized by the Company each year, with the number of shares adjusted by the Committee based on an overall assessment of the Company's performance and such other factors as the Committee deems relevant. These factors may include performance against financial goals of the Annual Operating Plan, market share changes, quality of Plan execution, progress against strategic initiatives, the need to retain executives or other factors. After the total restricted share

Table of Contents

pool is authorized by the Committee, awards to individuals are based on leadership skills, sustained performance and business impact. Awards made in September 2002 will vest 100% in July 2005 for participants who remain with the Company.

The total value of the restricted share pool, before adjustments by the Committee, is normally intended to represent 50% of competitive long-term incentive value delivered to senior executives. As described above, for fiscal 2003 only, the value of the pool was reduced to offset the increase in annual bonus targets (see Annual Incentive section above).

In fiscal 2004 the target value of the restricted share pool will be restored to 50% of long-term incentive value (and bonus targets will be commensurately reduced). The Committee has determined that the restricted share pool should be set at 100% of the competitive guideline based upon its judgment of Company performance through the end of fiscal 2003. This will result in an average restricted stock award at approximately 100% of target. These awards are granted in the beginning of fiscal 2004 and will be reported in next year's proxy statement.

For the annual stock option program, the Committee sets option guidelines based on current competitive practice and scope of responsibility of each position. In determining the number of options awarded to each executive, the Committee considered the guideline for the executive's position and his or her performance, sustained contribution to the Company, and future leadership potential. The exercise price of stock options is the average of the high and low trading prices on the grant date, and options may not be repriced. Options have a 10-year term and become exercisable over the first three years following the grant date. All shares used in the executive compensation program are shares which were previously issued and outstanding and were reacquired by the Company.

Additional Awards

The Committee may grant additional short-term or long-term awards to recognize increased responsibilities or special contributions, to attract new hires to the Company, to retain executives, or to recognize other special circumstances.

Other Programs

The Company also provides its officers and key managers with life and medical insurance; pension, savings and compensation deferral programs; and perquisites and other benefits that are competitive with market practices.

Executive Stock Ownership

Approximately the top 85 executives are required to achieve an ownership stake in the Company that is significant in comparison with the executive's salary. Until the ownership level is achieved, executives must retain at least half of the after-tax value of each equity award (vesting of restricted stock or exercise of options). There are additional limitations on the amount of shares that may be sold by executive officers of the Company in a twelve-month period. The ownership requirements expressed in terms of the value of shares to be owned are as follows:

Position	Required Ownership		
Chief Executive Officer	\$ 5,750,000		
Executive Vice Presidents	\$ 1,000,000	to	\$ 1,700,000
Senior Vice Presidents	\$ 1,000,000	to	\$ 1,700,000
Vice Presidents	\$ 350,000	to	\$ 1,500,000
Other Executives	\$ 300,000	to	\$ 850,000

Executives may count toward these requirements the value of shares owned and shares which are deferred and fully vested in the Company's savings and deferred compensation programs. Restricted shares and unexercised stock options are not counted in calculating ownership.

Table of Contents

Policy on Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits the tax deduction to \$1 million for compensation paid to the executive officers listed on page 18 (named executive officers), unless certain requirements are met. The Committee's policy is to comply with the requirements of Section 162(m) except where the Committee determines that compliance is not in the best interests of the Company and its shareholders. The Company's stock option grants currently meet the performance-based requirements under Section 162(m). In fiscal 2003, the Committee decided it was in the best interests of the Company for the Committee to retain the discretion to adjust the portion of annual bonus based on financial results either upward or downward depending upon whether the results were achieved in a manner that supports the long-term growth of the Company and whether there were significant unanticipated changes in the business environment in which the Company or one of its business units competes. The Committee believed that it was important to retain this discretion as the Company continued a major transformation plan. As a result of this discretion, if in fiscal 2003 a named executive officer's compensation exceeded \$1 million, the amount related to any bonus that is not deferred will not be deductible. For fiscal 2004, the Committee has modified the annual bonus program to set a maximum bonus payable to executive officers based upon specific performance goals. The maximum amount may be negatively adjusted by the Committee based on an overall assessment of business results and individual performance. This modification of the annual bonus program is intended to meet the performance-based requirements under Section 162(m). Therefore, if in fiscal 2004 a named executive officer's compensation exceeds \$1 million, the amount related to any bonus will be deductible.

CEO Compensation and Evaluation

On January 8, 2001 Douglas R. Conant was appointed President and CEO. At that time his annual salary was set at \$900,000 and incentive targets were determined based upon independent survey data. On October 1, 2001 his annual salary was increased to \$950,000 and has not been increased since that time. His bonus earned in fiscal 2003 was \$1,679,820. This bonus was based on Company performance compared to the goals for the annual incentive plan set forth on pages 14 and 15, and his performance compared to his individual objectives. His portion of bonus related to individual objectives was determined based upon measures relating to market shares, consumption trends, quality improvements, product innovations, new products, trade spending management, acquisitions, breakthrough projects, cost savings, productivity improvements, information technology improvements, organizational vitality, management development, succession planning and development of sound strategic and operating plans. Unlike other executives, the CEO's annual bonus target was not increased in fiscal 2003 and the value of his long-term incentive targets was not reduced (see page 15).

This option grant will be reported in next year's proxy statement.

(1) Value realized equals pretax market value of the stock on date of exercise, less the exercise price, times the number of shares acquired. Shares may be used to pay withholding taxes.

(2) Value of unexercised options equals fair market value of a share into which the option could have been converted at August 3, 2003 (market price \$23.87), less exercise price, times the number of options outstanding.

Compensation covered for executive officers named in the table on page 18 is the same as the total salary and bonus shown in that table. These estimated amounts assume retirement at age 62 with a straight-life annuity without reduction for a survivor annuity or for optional benefits. They are not subject to deduction for Social Security benefits or other offsets. The estimated pensions reflect a supplemental plan designed to help the Company attract executives in the middle of their careers. Under this supplemental pension plan executives accrue benefits rapidly to allow them to reach a defined target benefit within a relatively short period after date of hire. Executives covered by this plan are eligible for supplemental pension benefits if they retire from the Company after age 55 and have been employed for at least five years. The rapid accrual rate is the reason the pension benefits listed above for 15, 20 and 25 years of service are the same. Such arrangements are a necessary part of the recruitment and retention package for senior executives in order to compensate them for pension benefits that would have accrued had they remained at their previous employers. As of the end of fiscal 2003, the full years of employment for the individuals named in the compensation table on page 19 were as follows: Douglas R. Conant 2 years; Mark A. Sarvary 1 year; Ellen O. Kaden 5 years; M. Carl Johnson, III 2 years and Robert A. Schiffner 2 years.

EMPLOYMENT AGREEMENTS AND TERMINATION ARRANGEMENTS

The Company entered into an employment agreement with Mr. Conant on January 8, 2001 to serve as the Chief Executive Officer and President of the Company for five years. The agreement provides for a base salary of \$900,000 and an initial grant of 1,000,000 stock options. After fiscal 2001, Mr. Conant participates in the regular executive compensation programs of the Company. In the event of termination of his employment without cause, as defined in the agreement, Mr. Conant is entitled to the following: (i) his base salary and continuation of life insurance and medical benefits for a period of two years; (ii) his supplemental pension benefit provided he has at least three years of employment with the Company; and (iii) the vesting of his stock options and restricted stock in accordance with the standard provisions of those programs. In the event of a Change in Control of the Company he is entitled to the standard benefits for senior executives set forth below.

The Company has entered into Special Severance Protection Agreements (Special Severance Agreements) with the executive officers named on page 18 as well as all other executive officers. The Special Severance Agreements provide for severance pay and continuation of certain benefits should a

Table of Contents

Change in Control occur. The independent members of the Board of Directors unanimously approved entry into the Special Severance Agreements. In order to receive benefits under the Special Severance Agreements, the executive's employment must be terminated involuntarily and without cause (whether actual or constructive) within two years following a Change in Control.

Generally, a Change in Control will be deemed to have occurred in any of the following circumstances:

- (i) the acquisition of 25% or more of the outstanding voting stock of the Company by any person or entity, with certain exceptions for Dorrance family members;
- (ii) the persons serving as directors of the Company as of September 28, 2000, and those replacements or additions subsequently approved by a two-thirds vote of the Board, cease to make up more than 50% of the Board;
- (iii) a merger, consolidation or share exchange in which the shareowners of the Company prior to the merger wind up owning 50% or less of the surviving corporation; or
- (iv) a complete liquidation or dissolution of the Company or disposition of all or substantially all of the assets of the Company.

Under the Special Severance Agreements with the named executive officers, severance pay would equal two and one half years' base salary and bonus. Medical, life and disability benefits would be provided at the expense of the Company for the lesser of (i) 30 months or (ii) the number of months remaining until the executive's 65th birthday. The Company would pay in a single payment an amount equal to the value of the benefit the executive would have accrued under the Company's pension plans had the executive remained in the employ of the Company for an additional 30 months or until his or her 65th birthday, if earlier.

Upon a Change in Control and termination of employment, (a) all options outstanding on the date of such termination of employment would become immediately and fully exercisable and (b) all restrictions upon any restricted shares (other than Performance Restricted Shares which are subject to performance related restrictions) would lapse immediately and all such shares would become fully vested. An executive officer would become vested in, and restrictions would lapse on, the greater of (i) fifty percent (50%) of the Performance Restricted Shares or (ii) a pro rata portion of such Performance Restricted Shares based on the portion of the performance period that has elapsed to the date of the Change in Control.

During any fiscal year in which a Change in Control occurs, each participant (a) whose employment is terminated prior to the end of such year or (b) who is in the employ of the Company on the last day of such year would be entitled to receive, within thirty (30) days thereafter, a cash payment equal to the greater of (i) his or her target bonus award for such year or (ii) the average of the awards paid or payable to him or her under the Management Worldwide Incentive Plan for the two most recent fiscal years ended prior thereto. Any amount to be paid to a participant who is not employed for the entire fiscal year would be prorated. Such payment would be made whether or not the Company has paid any cash dividend in the fiscal year.

RATIFICATION OF APPOINTMENT OF AUDITORS

Your Board of Directors recommends a vote for this proposal

The proxy, unless otherwise directed thereon, will be voted for a resolution ratifying action of the Audit Committee, reappointing the firm of PricewaterhouseCoopers LLP (PwC) Certified Public Accountants, as independent auditors to perform an audit of the accounts of the Company for fiscal 2004. The names of the Directors serving on the Audit Committee are indicated on page 9, under the heading Board Committees. The vote required for ratification is a majority of shares voting. If the

Table of Contents

resolution is rejected, or if PwC declines to act or becomes incapable of acting, or if their employment is discontinued, the Audit Committee will appoint other auditors whose continued employment after the 2004 Annual Meeting of the Shareowners will be subject to ratification by the Shareowners.

Representatives of PwC will be at the 2003 Annual Meeting to make a statement if they desire to do so and to answer questions.

For fiscal 2003 PwC also examined the separate financial statements of certain of the Company's foreign subsidiaries and provided other audit services to the Company in connection with SEC filings, review of quarterly financial statements and audits of certain employee benefit plans.

ITEM 3

APPROVAL OF THE 2003 LONG-TERM INCENTIVE PLAN

Your Board of Directors recommends a vote for this proposal

Background

In order to allow the Compensation Committee to continue to make regular equity compensation grants to provide incentives to recruit, reward and retain key employees, the Board recommends that the Campbell Soup Company 2003 Long-Term Incentive Plan (2003 Long-Term Plan) be approved by shareowners. Campbell's equity-compensation plans have been submitted to shareowners for approval since 1959.

The Campbell Soup Company 1994 Long-Term Incentive Plan (1994 Long-Term Plan) was approved by shareowners at the 1994 Annual Meeting and authorized the issuance of 25 million shares to satisfy awards of stock options, stock appreciation rights (SARs), restricted stock (including restricted performance stock), unrestricted stock and performance units granted under the 1994 Long-Term Plan. An amendment to the 1994 Long-Term Plan was approved by shareowners in 1999 to increase the number of shares that may be issued to 50 million. The 1994 Long-Term Plan terminates on November 17, 2004. Approximately 47 million shares have been used to grant stock options or restricted stock under the 1994 Long-Term Plan. As of September 30, 2003, approximately 39 million stock options were outstanding at a weighted average exercise price of \$27.90 and with a weighted average remaining life of 7.5 years. On September 30, 2003, the closing price of Campbell stock on the New York Stock Exchange was \$26.50. Also as of September 30, 2003, there were approximately 3 million shares available for issuance under the 1994 Long-Term Plan. Unless a new long-term plan is approved by shareowners in November 2003, there will be insufficient shares available in September 2004 for new equity compensation grants. The executive compensation program approved by the Compensation Committee in May 2003 contemplates an equity compensation grant in September 2004.

The 2003 Long-Term Plan provides for the same type of awards as the 1994 Long-Term Plan (*i.e.*, stock options, SARs, restricted stock (including restricted performance stock) unrestricted stock and performance units) and requires that the awards continue to be satisfied using only treasury shares. Such a requirement results in the need to maintain a sufficient number of treasury shares to provide for outstanding options and restricted stock grants. The use of treasury shares for options and restricted shares helps to maintain the stability of proportionate ownership interests in the Company and prevents dilution of existing shareowners' interests. The use of the treasury shares exclusively eliminates the ability of the Company to use authorized but unissued shares, a less costly vehicle for issuing shares, to satisfy options and stock appreciation rights and to grant restricted stock. Since 1984, the Company has not used authorized but unissued shares to satisfy options or to grant restricted shares.

The proposed 2003 Long-Term Plan has essentially the same features as the 1994 Long-Term Plan. A summary of the material features of the proposed 2003 Long-Term Plan appears below. The full text of the 2003 Long-Term Plan is set forth in Appendix B and should be referenced for a complete description of its provisions. The vote required for approval is a majority of shares voting.

Table of Contents

Principal Features of the 2003 Long-Term Plan

I Effective Date and Expiration

The 2003 Long-Term Plan would become effective on November 21, 2003, and would terminate on November 21, 2013. No award may be made under the 2003 Long-Term Plan after its expiration date, but awards made prior thereto may extend beyond that date.

I Administration

The 2003 Long-Term Plan will be administered by the Compensation and Organization Committee (Committee) of the Board of Directors. The Committee has full authority to interpret the 2003 Long-Term Plan and to establish rules for its administration. The Committee may, in its discretion, accelerate the date on which an option or SAR may be exercised, the date of termination of restrictions applicable to a restricted stock award, or the end of a performance period under a performance unit award, if the Committee determines that to do so would be in the best interests of the Company and the participants in the 2003 Long-Term Plan.

Subject to certain limitations, the Committee may delegate its authority under the plan to one or more members of the Committee or one or more officers of the Company. The Committee may not delegate its authority to make awards to those key employees who are subject to the reporting rules under Section 16(a) of the Exchange Act, or whose compensation may be subject to the limit on deductible compensation pursuant to Section 162(m) of the Internal Revenue Code.

I Eligibility for Awards

Awards can be made to any key employee who is a management salaried employee. The current eligible group consists of approximately 1,200 persons. Non-employee directors are also eligible to receive awards.

I Determination of Amount and Form of Award

The amount of individual awards to key employees will be determined by the Committee, subject to the limitations of the 2003 Long-Term Plan. In determining the amount and form of an award, consideration will be given to the functions and responsibilities of the key employee, his or her potential contributions to the success of the Company, and other factors deemed relevant by the Committee.

I Shares Subject to the Plan; Other Limitations on Awards

Subject to certain adjustments, the number of shares of Campbell stock that may be issued pursuant to awards under the 2003 Long-Term Plan shall be 28,000,000 shares plus any unused shares that remain available for issuance under the 1994 Long-Term Plan as of the date the 2003 Long-Term Plan is approved by the shareowners of the Company, which is estimated to be approximately another 3,000,000 shares. Any shares of Campbell stock subject to awards outstanding under the 1994 Long-Term Plan which lapse, expire or terminate without the issuance of Campbell stock will also be available for awards under the 2003 Long-Term Plan.

For purposes of calculating available shares of Campbell stock under the 2003 Long-Term Plan, any shares of Campbell stock that are subject to options and SARs will be counted against the limit as one share for every one share subject to the option or SAR. Shares subject to performance unit awards and restricted and unrestricted stock will be counted against the limit as four shares for every one share subject to the award.

Shares subject to awards under the 2003 Long-Term Plan will again be available for future awards upon the occurrence of specified events that result in fewer than the total number of shares subject to the award being delivered to the participants. In particular, the limit shall be increased by shares of Campbell stock that are (i) tendered in payment of the exercise price of the awards; (ii) subject to an award which

Table of Contents

is cancelled (excluding shares subject to an option cancelled upon the exercise of a related SAR) or terminated without having been exercised or paid; (iii) withheld from any award to satisfy a participant's tax withholding obligations or, if applicable, to pay the exercise price of an award. In addition, shares re-acquired by the Company on the open market using the cash proceeds received by the Company from the exercise of options granted under the Plan will be available for awards under the Plan, but the share limit will not be increased with respect of any option by the number of shares of Campbell stock greater than (A) the amount of such cash proceeds, divided by (B) the fair market value on the date of exercise. In addition, if a SAR is settled in whole or in part with shares of Campbell stock, the limit will also be increased by the excess, if any, of the number of shares subject to the SAR over the number of shares actually delivered to the participant upon exercise of the SAR.

A maximum of five million options may be issued in one year to any one participant. A maximum of \$5 million for each year in a performance period or restricted period may be awarded in the form of restricted stock or performance units to any one participant.

I Stock Options and Stock Appreciation Rights (SAR)

The Committee may grant non-qualified options and options qualifying as incentive stock options under Section 422 of the Internal Revenue Code. The Committee generally determines the terms and conditions of all options granted, subject to the terms of the 2003 Long-Term Plan. Options vest in accordance with a vesting schedule determined by the Committee and the Committee may impose additional conditions, restrictions or terms on the vesting of any option, including the full or partial attainment of performance goals. The term of an option cannot exceed ten years from the date of grant. The option price must be not less than the fair market value of a share of Campbell stock on the date of grant.

Stock options may not be repriced. This means that the Committee may not take any of the following actions:

amend a stock option to reduce its exercise price;

cancel a stock option and regrant a new stock option with a lower exercise price than the original exercise price of the cancelled stock option; or

take any other action (whether in the form of an amendment, cancellation or replacement grant) that has the effect of repricing.

The Committee may also grant a SAR in connection with a stock option granted under the Plan or a SAR unrelated to any option. If a participant exercises a SAR, the participant would receive an amount equal to the excess of the fair market value of the shares on the date the SAR is exercised over the option price of the shares, or, with respect to a SAR granted unrelated to an option, over the fair market value of a share of Campbell stock on the date the SAR was awarded. Payment would be in cash, in shares or a combination of the two as the Committee determines.

I Restricted Stock Awards

The Committee may also issue or transfer shares of Campbell stock to a participant under a restricted stock award. Awards are subject to certain conditions and restrictions during a specific period of time, such as the participant remaining in the employment of the Company and/or the attainment by the Company of certain pre-established performance goals, as discussed below. The shares cannot be transferred by the participant prior to the lapse of the restriction period or the attainment of the performance goals. The participant is, however, entitled to vote the shares and in most cases is entitled to receive the dividends currently. The Committee may, in its discretion, establish rules pertaining to the restricted stock in the event of a termination of employment of a participant prior to the end of the restricted period, provided that in the event of a termination for cause any non-vested restricted stock awards will be forfeited immediately.

Table of Contents

I Unrestricted Stock Awards

The Committee may also issue or transfer shares of Campbell stock to a participant under an outright grant of unrestricted Campbell stock that could be transferred immediately.

I Performance Unit Awards

The Committee may grant performance unit awards payable in cash or stock at the end of a specified performance period. Payment will be contingent upon achieving pre-established performance goals (as discussed below) by the end of the performance period. The Committee will determine the length of the performance period, the maximum payment value of an award, and the minimum performance goals required before payment will be made. Subject to Committee discretion, a performance unit award will terminate for all purposes if the participant is not continuously employed by the Company at all times during the applicable performance period.

I Performance Goals

The 2003 Long-Term Incentive Plan contains provisions intended to enable compensation paid to those executive officers whose compensation is subject to the deduction limitations of Section 162(m) of the Internal Revenue Code to qualify as performance-based compensation that will be fully deductible by the Company. Prior to the beginning of a performance period, the Committee may establish performance goals for the Company and its various operating units. The goals will be comprised of specified levels of one or more of the following performance criteria as the Committee may deem appropriate: earnings per share, net earnings, operating earnings, unit volume, net sales, market share, balance sheet measurements, revenue, economic profit, cash flow, cash return on assets, shareowner return, return on equity, return on capital or other value-based performance measures. In addition, for any awards not intended to meet the requirements of Section 162(m) of the Internal Revenue Code, the Committee may establish goals based on other performance criteria as it deems appropriate. The Committee may disregard or offset the effect of any special charges or gains or cumulative effect of a change in accounting in determining the attainment of performance goals. Awards may also be payable when Company performance, as measured by one or more of the above criteria, as compared to peer companies meets or exceeds an objective criterion established by the Committee. Performance units and restricted performance stock will be earned solely on the partial or full attainment of these performance goals.

I Director Compensation

The 2003 Long-Term Plan gives the Board the discretion to set the number of options and shares of Campbell stock that are awarded to non-employee Directors each year. The Board may give non-employee Directors the opportunity to receive an option grant in lieu of future cash compensation or other types of awards. The non-employee Directors may elect to receive all or a portion (in 10% increments) of any cash compensation in shares of Campbell Stock.

I Deferral of Payments

A participant may elect to defer all or a portion of any related earned performance units, restricted or unrestricted stock or gain on any exercised option or SAR pursuant to the terms of the Company's Deferred Compensation Plan.

I Adjustments on Capitalization

In case of any reorganization, recapitalization, reclassification, stock split, stock dividend, distribution, combination of shares, merger, consolidation, rights offering, or any other changes in the corporate structure or shares of the Company, the Committee may make appropriate adjustments in deferred accounts and in the aggregate number and kind of shares subject to the Plan, and the number and kind of shares and the price per share subject to outstanding awards.

Table of Contents

I Change in Control

For purposes of the 2003 Long-Term Plan, Change in Control shall mean any of the following events:

- (i) the acquisition of 25% or more of the outstanding voting stock of the Company by any person or entity, with certain exceptions for Dorrance family members and the Company's employee benefit plans;
- (ii) the persons serving as directors of the Company as of November 21, 2003, and those replacements or additions subsequently approved by a two-thirds vote of the Board, cease to make up more than 50% of the Board;
- (iii) a merger, consolidation or share exchange in which the shareowners of the Company prior to the merger wind up owning 50% or less of the surviving corporation; or
- (iv) a complete liquidation or dissolution of the Company or disposition of all or substantially all of the assets of the Company.

Upon a Change in Control, the following vesting provisions will apply:

- 1. If the Company is not the surviving corporation and the surviving or acquiring corporation does not assume the outstanding options, SARs, time-lapse restricted stock, restricted performance stock and performance units (collectively Awards), or fails to substitute equivalent awards, then all outstanding stock options, SARs and time-lapse restricted stock will vest 100% and restricted performance stock and performance units will vest as follows: the greater of (i) 50% or (ii) a pro rata portion based on the time elapsed to the change in control.
- 2. If the Company is the surviving corporation or the surviving or acquiring corporation assumes the outstanding Awards or substitutes equivalent awards, then they will remain outstanding and vest pursuant to the provisions of the 2003 Long-Term Plan.
- 3. If, within 24 months following a Change in Control, the employment of a participant is terminated without Cause (as defined below) or by the participant for Good Reason (as defined below), and the Company is the surviving corporation or the surviving or acquiring corporation assumes the outstanding Awards or substitutes equivalent awards, then all outstanding stock options, SARs and time-lapse restricted stock will vest 100% and restricted performance stock and performance units will vest as follows: the greater of (i) 50% or (ii) a pro rata portion based on the time elapsed to the termination of employment.
- 4. If, within 24 months following a Change in Control, the employment of a participant is terminated for Cause and the Company is the surviving corporation or the surviving or acquiring corporation assumes the outstanding Awards or substitutes equivalent awards, then all stock options and SARs will expire and all unvested restricted stock and performance units will be forfeited, and all rights under such Awards will terminate.

Good Reason is defined as (1) a reduction in the participant's base salary or a failure to pay compensation or benefits when due, (2) requiring the participant to be based more than 50 miles from his workplace prior to a change in control, (3) failure to continue compensation or employee benefit plans that, in the aggregate, are substantially equivalent to those provided prior to the change in control, (4) any purported termination of the participant for Cause which does not comply with the definition of Cause set forth in the 2003 Long-Term Plan and (5) the Company's failure to obtain an agreement from any successor to assume the 2003 Long-Term Plan.

Cause, for purposes of the Change in Control provision only, is defined as termination of a Participant's employment within 24 months following a Change in Control by reason of his or her (1) conviction of a felony or (2) engaging in conduct, which constitutes willful gross misconduct, which is demonstrably and materially injurious to the Company.

Table of Contents

I Amendment

The Board of Directors can amend, suspend or terminate the 2003 Long-Term Plan, but cannot, without the shareowners' approval, do any of the following:

- 1 Increase the number of shares of Campbell stock which may be issued under the 2003 Long-Term Plan (except in the case of recapitalization, stock split, or other changes in the corporate structure in which event the Committee may make appropriate adjustments);
- 1 Expand the type of awards available to participants;
- 1 Materially expand the class of employees eligible to participate in the Plan;
- 1 Materially change the method of determining the exercising price of options;
- 1 Delete or limit the provision prohibiting repricing of options; or
- 1 Extend the term of the Plan.

The Committee may amend or modify any outstanding awards in any manner to the extent that the Committee would have had the authority under the Plan initially to make such awards as so modified or amended.

I Federal Income Tax Consequences of Stock Options and SARs

The grant of an incentive stock option, a nonqualified stock option or a SAR, does not result in income for the grantee or in a deduction for the Company. The exercise of a nonqualified stock option or a SAR does result in ordinary income for the optionee and a deduction for the Company measured by the difference between the option price and the fair market value of the shares received at the time of exercise. Income tax withholding is required.

Neither the grant nor the exercise of an incentive stock option results in taxable income for the grantee. The excess of the market value on the exercise date over the option price of the shares, however, is an item of adjustment for alternative minimum tax purposes. When a grantee disposes of shares acquired by exercise of an incentive stock option, the grantee's gain (the difference between the sales proceeds and the price paid by the grantee for the shares) upon the disposition will be taxed as long-term capital gain provided the grantee (i) does not dispose of the shares within two years after the date of grant nor within one year after the transfer of shares upon exercise, and (ii) exercises the option while an employee of the Company or a subsidiary or within three months after termination of employment for reasons other than death or disability. If the shares are disposed of before the expiration of either period, the grantee generally will realize ordinary income in the year of the disqualifying disposition.

Plan Benefits

Because awards under the 2003 Long-Term Plan are determined by the Committee in its sole discretion, the Company cannot determine the benefits or amounts that will be received or allocated in the future under the 2003 Long-Term Plan.

Table of Contents**Equity Compensation Plan Information**

The following table provides information about the Company's stock that may be issued under the Company's equity compensation plans as of August 3, 2003:

- (1) Column (a) represents stock options granted under the 1994 Long-Term Incentive Plan and the 1984 Long-Term Incentive Plan. No additional awards can be made under the 1984 Long-Term Incentive Plan. Column (c) represents the maximum amount of future equity awards that can be made under the 1994 Long-Term Incentive Plan, which may take the form of stock options, stock appreciation rights, performance unit awards, restricted stock or stock awards.
- (2) The Company's Deferred Compensation Plan (the "Deferred Plan") allows participants the opportunity to invest in various book accounts, including a book account that tracks the performance of Campbell stock (the "Stock Account"). Upon distribution, participants may receive the amounts invested in the Stock Account in the form of shares of Campbell stock. Column (a) represents the maximum number of shares that could be issued upon a complete distribution of all amounts in the Stock Account. This calculation is based upon the amount of funds in the Stock Account as of August 3, 2003 and a \$23.87 share price, which was the closing price of a share of Campbell stock on the New York Stock Exchange on August 1, 2003 (the last business day before August 3, 2003). 898,544 of the total phantom stock units in the Deferred Plan are fully vested and 239,894 units are subject to restrictions.

Deferred Compensation Plan

The Deferred Plan was approved by the Compensation and Organization Committee of the Board of Directors. The Deferred Plan is an unfunded plan maintained for the purpose of providing the Company's directors and certain of its executives the opportunity to defer a portion of their previously earned compensation. Deferred Plan participants may defer a portion of their base salaries and all or a portion of their annual incentive compensation, long-term incentive awards, certain stock option gains and director retainers and fees. The Deferred Plan was not submitted for shareholder approval because it does not provide compensation to executives. It is a vehicle for executives to defer previously earned compensation and phantom stock units are credited to executives' accounts based upon the full current market value of Campbell stock.

Each participant's contributions to the Deferred Plan are credited to an investment account in the participant's name. Gains and losses in the participant's account are based on the performance of the investment choices the participant has selected. Four investment choices are available, including the Stock Account. In addition to the Stock Account, participants also generally have the opportunity to invest in (i) a book account that tracks the performance of Fidelity's Spartan U.S. Equity Index Fund, (ii) a book account that tracks the performance of Fidelity's Puritan Fund, and (iii) a book account that

Table of Contents

credits interest at the Wall Street Journal indexed prime rate (determined on November 1 for the subsequent calendar year).

A participant may reallocate his or her investment account at any time among the four investment choices, except that (i) stock option gains must be invested in the Stock Account, (ii) restricted stock awards must be invested in the Stock Account during the restriction period and (iii) reallocations of the Stock Account must be made in compliance with the Company's policies on trading Company stock. Dividends on amounts invested in the Stock Account may be reallocated among the four investment accounts.

The Company credits a participant's account with an amount equal to the matching contribution that the Company would have made to the participant's 401(k) Plan account if the participant had not deferred compensation under the Deferred Plan. In addition, for those individuals whose base salary and annual incentive compensation exceed the Internal Revenue Service indexed compensation limit for the 401(k) Plan, the Company credits such individual's account with an amount equal to the contribution the company would have made to the 401(k) Plan but for the compensation limit. These Company contributions vest in 20% increments over the next five (5) years. Except as described above, there is no Company match on deferred compensation.

For terminations and retirements, a participant's account is generally paid out in accordance with the last valid distribution election made by the participant. The applicable elections include: (i) a lump sum, (ii) 5 annual installments, (iii) 10 annual installments, (iv) 15 annual installments (not available to participants terminated prior to their 55th birthday), and (v) 20 annual installments (not available to participants terminated prior to their 55th birthday). For distributions upon death, if a participant's beneficiary is his or her spouse, the account is generally paid out in accordance with the last valid death distribution election (or, if there is no death distribution election, the regular distribution election). If a participant's beneficiary is not his or her spouse, then the account is generally paid out in a lump sum. The Deferred Plan administrator has also established procedures for hardship withdrawals and unplanned withdrawals (with a penalty). The current penalty for unplanned withdrawals is 10%. In the event of a change in control of the Company, the Stock Account is automatically converted into cash based upon a formula provided in the Deferred Plan.

SUBMISSION OF SHAREHOLDER PROPOSALS

OTHER MATTERS

The Board of Directors knows of no other matters to be presented for action at the meeting. If other matters come before the meeting, it is the intention of the Directors' proxy to vote on such matters in accordance with his or her best judgment.

PROXIES AND VOTING AT THE MEETING

This statement and the accompanying proxy card are being mailed on or about October 8, 2003, for solicitation of proxies by the Board of Directors for the Annual Meeting of Shareowners of Campbell Soup Company called to be held on November 21, 2003. The mailing address of the Company's World Headquarters is 1 Campbell Place, Camden, New Jersey 08103-1799.

Proxies marked as abstaining (including proxies containing broker non-votes) on any matter to be acted upon by Shareowners will be treated as present at the meeting for purposes of determining a quorum but will not be counted as votes cast on such matters.

This solicitation of proxies is made on behalf of the Board of Directors of the Company with authorization of the Board, and the Company will bear the cost. Copies of proxy solicitation material will be mailed to Shareowners, and employees of the Company may communicate with Shareowners to solicit their proxies. Brokers, banks and others holding stock in their names, or in names of nominees, may request and forward copies of the proxy solicitation material to beneficial owners and seek authority for execution of proxies, and the Company will reimburse them for their expenses in so doing at the rates approved by the New York Stock Exchange.

When a proxy is returned properly dated and signed, the shares represented thereby, including any shares held under the Company's Dividend Reinvestment Plan, will be voted by the person named as the Directors' proxy in accordance with each Shareowner's directions. Proxies will also be considered to be confidential voting instructions to the applicable Trustee with respect to shares held in accounts under the Campbell Soup Company Savings and 401(k) Plan for Salaried Employees, the Campbell Soup Company Savings and 401(k) Plan for Hourly-Paid Employees, and the Campbell Soup Company Ltd Employee Savings and Stock Bonus Plan. If participants in these Plans are also Shareowners of record under the same account information, they will receive a single proxy that represents all shares. If the account information is different, then the participants will receive separate proxies. Shareowners of record and participants in savings plans may cast their vote by:

- (1) using the toll-free phone number listed on the proxy solicitation/voting instruction card;
- (2) using the Internet and voting at the website listed on the proxy card; or
- (3) signing, dating and mailing the proxy card in the enclosed postage paid envelope.

The telephone and Internet voting procedures are designed to authenticate votes cast by use of a personal identification number. The procedure allows shareowners to appoint a proxy and the savings plan participants to instruct a plan fiduciary to vote their shares and to confirm their instructions have been properly recorded. Specific instructions to be followed are set forth on the enclosed proxy solicitation/ voting instruction card.

Shareowners are urged to cast their votes. If a proxy card is dated, signed and returned without specifying choices, the shares will be voted as recommended by the Directors (or, in the case of participants in the Plans referred to above, may be voted at the discretion of the applicable Trustee). This

year shareowners may vote their shares by telephone or via the Internet. Please refer to the specific instructions on the enclosed proxy card.

A Shareowner giving a proxy may revoke it by notifying the Corporate Secretary in writing any time before it is voted. If a Shareowner wishes to give a proxy to someone other than the Directors' proxy, all three names appearing on the enclosed proxy may be crossed out and the name of another person inserted. The signed proxy card must be presented at the meeting by the person representing the Shareowner.

Each Shareowner who plans to attend the meeting in person is requested to so indicate in the space provided on the proxy card or as directed when voting by telephone or the Internet. The Company will then be able to mail an admission card to the Shareowner in advance of the meeting. Shareowners who do not have admission cards will need to register at the door.

INFORMATION ABOUT ATTENDING THE MEETING

CAMPBELL SOUP COMPANY
CORPORATE GOVERNANCE STANDARDS

September 25, 2003

Composition of the Board and Qualifications of Directors

1. Pursuant to the Company's By-Laws, the Board currently consists of 16 directors. A substantial majority of the Board shall be composed of directors who meet the requirements for independence established by the New York Stock Exchange. The Board shall make a determination at least annually as to the independence of each director, in accordance with standards that are disclosed to the shareowners.
2. All directors should be persons of the highest integrity, who abide by exemplary standards of business and professional conduct. Directors should possess the skills and judgment, and the commitment to devote the time and attention, necessary to fulfill their duties and responsibilities.
3. Directors are elected by the shareowners at the Annual Meeting of Shareowners for a one-year term, to serve until the next Annual Meeting. In the event of vacancies on the Board, the Board may elect directors to serve until the next Annual Meeting.
4. The Chief Executive Officer is currently the only employee of the Company nominated by the directors to serve on the Board. The Board believes that, as a general rule, former Campbell executives should not serve as directors of the Company.
5. The Board believes that service on the boards of other companies, and of civic and charitable organizations, enhances the experience and perspective of directors, but may also limit their time and availability. To ensure that all members of the Board have sufficient time to devote proper attention to their responsibilities as directors of the Company, the Governance Committee shall annually review the other board commitments of each director on a case-by-case basis.
6. No person may serve as a director if he or she is employed by a major supplier, customer or competitor of Campbell. In addition, no person may serve as a director if he or she, or a member of his or her immediate family, is an officer of another company for which a Campbell officer serves on the board of directors, or a director, officer or trustee of a non-for-profit organization that receives substantial contributions from Campbell or the Campbell Soup Foundation.
7. A director shall notify the Chair of the Governance Committee prior to accepting an invitation to serve on the board of another company or a not-for-profit organization. The Governance Committee shall evaluate and advise the Board whether, by reason of conflicts in regular meeting schedules or business or competitive considerations, simultaneous service on the other board may impede the director's ability to fulfill his or her responsibilities to Campbell.
8. A director who changes his or her principal employment, position, or professional role or affiliation following election or re-election to the Board shall tender his or her resignation for consideration by the Governance Committee and decision by the Board.
9. Directors are required to own at least 2,000 Campbell shares within one year of election, and 6,000 shares within three years of election.
10. The Board believes that the judgment as to the tenure of an individual director should rest on an assessment by the Governance Committee of his or her performance and contributions to the Board. Accordingly, there is no predetermined limit on the number of one-year terms to which a director may be re-elected prior to his or her 70th birthday. No person may stand for election to the Board after age 70.

Directors are expected to prepare for, attend and participate actively and constructively in all meetings of the Board and of the committees on which they serve.

28. Directors' fees (including, in the case of a non-executive Chairman of the Board, the Chairman's annual retainer and any additional compensation approved by the Board) will be the sole compensation that any director who is not an employee of Campbell receives, directly or indirectly, from the Company. The form and amount of director compensation shall be based on principles recommended by the Governance Committee and adopted by the Board, and shall be reviewed annually by the Governance Committee.
29. The Governance Committee shall be furnished annually with a report identifying any charitable contributions or pledges made by the Company during the last year, in the aggregate amount of \$25,000 or more, to any entity for which a director or executive officer, or a member of his or her immediate family, serves as a director, officer or trustee or as a member of such entity's fund-raising organization or committee.

STANDARDS FOR THE DETERMINATION OF DIRECTOR INDEPENDENCE

A director shall be considered independent if the Board determines that the director does not have, directly or indirectly, any material relationship with the Company. In making this determination the Board shall broadly consider all relevant facts and circumstances.

Under the Company's Corporate Governance Standards, directors' fees are the sole compensation that any director who is not an employee of Campbell may receive, directly or indirectly, from the Company. The Board has established the following additional standards to assist it in determining director independence. For the purposes of these standards, the term "immediate family member" shall have the meaning given in the Listing Standards of the New York Stock Exchange.

1. A director will not be considered independent if, within the preceding five years:
 - (a) the director or an immediate family member of the director was employed by the Company;
 - (b) the director or an immediate family member of the director received direct compensation from the Company exceeding \$100,000 per year, other than directors' fees or pension or other forms of deferred compensation that are not contingent on prior service;
 - (c) the director was employed by or affiliated with the Company's present or former independent auditor;
 - (d) an immediate family member of the director was employed in a professional capacity by, or affiliated with, the Company's present or former independent auditor;
 - (e) an officer of Campbell served on the board of directors of another company that employed the director or a member of the director's immediate family as an officer;
 - (f) the director is an employee or executive officer of, or an immediate family member of the director is an executive officer of, another company that does business with Campbell, and the annual sales to or purchases from that company account for the greater of \$1 million or 2% of either company's gross revenues; or

Table of Contents

(g) the director is an executive officer of another company that is indebted to Campbell, or to which Campbell is indebted, and the total amount of either company's indebtedness to the other exceeds 1% of the total consolidated assets of the company where the director serves as an executive officer.

2. A director who serves as an officer, director or trustee of a not-for-profit entity, or as a member of that entity's fund-raising organization or committee, shall not be considered to have a material relationship with the Company if the discretionary contributions made to the entity by Campbell or the Campbell Soup Foundation (excluding matching grants) are less than \$25,000 or 1% (whichever is greater) of the entity's most recent publicly available operating budget.
3. With respect to any relationship that is not covered by the guidelines in paragraphs 1 and 2 above, the members of the Board who satisfy the standards for independence set forth in those guidelines shall make a determination, based on all relevant facts and circumstances, as to whether or not the relationship is material, and therefore whether the director who has the relationship shall be considered independent. The Company will disclose and explain the basis for any determination that such a relationship is not material in its next proxy statement. The Company will also disclose and explain the basis for any determination of independence for a director who does not satisfy the guidelines in paragraphs 1 and 2 above.

Pursuant to the requirements of U.S. law, the Company does not make any personal loans or extensions of credit to any director, or any arrangements for the extension of credit to any director.

The Company's conflicts of interest policy requires the disclosure of any personal interest, influence, relationship or other situation that might constitute or be perceived as a potential conflict of interest. Each director is required annually to submit a signed statement attesting to his or her awareness of and compliance with this policy. In addition, under the Company's Corporate Governance Standards, directors are required promptly to inform the Chairman of the Board regarding any actual or potential conflict of interest.

COMMUNICATING CONCERNS TO THE BOARD OF DIRECTORS

Any person who has a concern about Campbell's governance, corporate conduct, business ethics or financial practices may communicate that concern to the Board of Directors. Concerns may be submitted in writing to the Chairman of the Board or to the non-management directors as a group in care of the Office of the Corporate Secretary at the Company's headquarters, or by email to Directors@campbellsoup.com. Concerns may also be communicated to the Board by calling a toll-free Hotline telephone number that is published on the Company's website. Any concern relating to accounting, internal accounting controls or auditing matters will be referred both to the Chairman and to the Chair of the Audit Committee.

Campbell policy prohibits the Company and any of its employees from retaliating in any manner, or taking any adverse action, against anyone who raises a concern or helps to investigate or resolve it. However, anyone who prefers to raise a concern in a confidential, anonymous manner may do so by calling the Hotline.

Concerns communicated to the Board will be addressed through the Company's regular procedures for addressing such matters. Depending upon the nature of the concern, it may be referred to the Company's Internal Audit Department, the Legal or Finance Department, or other appropriate departments. As they deem necessary or appropriate, the Chairman of the Board or the Chair of the Audit Committee may direct that certain concerns communicated to them be presented to the Audit Committee or the full Board, or that they receive special treatment, including the retention of outside counsel or other outside advisors.

The status of concerns communicated to the Board will be reported periodically to the Chairman and/or the Chair of the Audit Committee, as appropriate.

Action may be taken without a meeting if written consent thereto is given in accordance with applicable law.

§ 3.2 **Powers of Committee.**

(a) The Committee shall have full power and authority to interpret and administer the Plan and to establish and amend rules and regulations for its administration. The Committee's decisions shall be final and conclusive with respect to the interpretation of the Plan and any Award made under it.

(b) Subject to the provisions of the Plan, the Committee shall have authority, in its discretion, to determine those Key Employees who shall receive an Award, the time or times when such Award shall be made, the vesting schedule, if any, for the Award and the type of Award to be granted, the number of shares to be subject to each Option and Restricted Stock Award, and the value of each Performance Unit.

(c) The Committee shall determine and set forth in an Award Statement the terms of each Award, including such terms, restrictions, and provisions as shall be necessary to cause certain Options to qualify as Incentive Stock Options. The Committee may correct any defect or supply any omission or reconcile any inconsistency in the Plan or in any Award Statement, in such manner and to the extent the Committee shall determine in order to carry out the purposes of the Plan. Any delegation hereunder shall be subject to the restrictions and limits that the Committee specifies at the time of such delegation or thereafter. Nothing in the Plan shall be construed as obligating the Committee to delegate authority to an Administrator, and the Committee may at any time rescind the authority delegated to an Administrator appointed hereunder or appoint a new Administrator. At all times the Administrator appointed under this Section 3.3 shall serve in such capacity at the pleasure of the Committee. Any action undertaken by the Administrator in accordance with the Committee's delegation of authority shall have the same force and effect as if undertaken directly by the Committee, and any reference in the Plan to the Committee shall, to the extent consistent with the terms and limitations of such delegation, be deemed to include a reference to the Administrator.

AWARDS

§4.1 **Awards.** Awards under the Plan shall consist of Incentive Stock Options, Nonqualified Stock Options, SARs, Restricted Stock, Restricted Performance Stock, unrestricted Campbell Stock and Performance Units. All Awards shall be subject to the terms and conditions of the Plan and to such other terms and conditions consistent with the Plan as the Committee deems appropriate. Awards under a particular section of the Plan need not be uniform and Awards under two or more sections may be combined in one Award Statement. Any combination of Awards may be granted at one time and on more than one occasion to the same Key Employee. Awards of Performance Units and Restricted Performance Stock shall be earned solely upon attainment of Performance Goals and the Committee shall have no discretion to increase such Awards.

§4.2 **Eligibility for Awards.** An Award may be made to any Key Employee selected by the Committee. In making this selection and in determining the form and amount of the Award, the Committee may give consideration to the functions and responsibilities of the respective Key Employee, his or her present and potential contributions to the success of the Campbell Group, the value of his or her services to the Campbell Group, and such other factors deemed relevant by the Committee. Non-employee Directors are eligible to receive Awards pursuant to Article VII.

§4.3 Shares Available Under the Plan.

(a) The Campbell Stock to be offered under the Plan pursuant to Options, SARs, Performance Unit Awards, and Restricted Stock and unrestricted Campbell Stock Awards must be Campbell Stock previously issued and outstanding and reacquired by the Company. Subject to adjustment under Section 11.2, the number of shares of Campbell Stock that may be issued pursuant to Awards under the Plan (the **Section 4.3 Limit**) shall not exceed, in the aggregate:

(i) 28,000,000 shares; plus

(ii) the number of shares of Campbell Stock that remain available for issuance under the Predecessor Plan as of the date this Plan is approved by Shareowners (increased by any shares of Campbell Stock subject to any award (or portion thereof) outstanding under the Predecessor Plan on such date which lapses, expires or is otherwise terminated without the issuance of such Campbell Stock or is settled by delivery of consideration other than Campbell Stock).

(b) Any shares of Campbell Stock subject to Options and SARs shall be counted against the Section 4.3 Limit as one share for every one share subject thereto. Any shares of Campbell Stock subject to Performance Unit Awards, Restricted Stock and unrestricted Campbell Stock Awards shall be counted against the Section 4.3 Limit as four shares for every one share subject thereto.

(c) The Section 4.3 Limit shall be increased by shares of Campbell Stock that are (i) tendered in payment of the Option Price of Options or the exercise price of other Awards; (ii) subject to an Award

which for any reason is cancelled (excluding shares subject to an Option cancelled upon the exercise of a related SAR) or terminated without having been exercised or paid; (iii) withheld from any Award to satisfy a Participant's tax withholding obligations or, if applicable, to pay the Option Price of an Option or the exercise price of other Awards or (iv) acquired by the Company on the open market using the cash proceeds received by the Company from the exercise of Options granted under the Plan; *provided, however*, that the Section 4.3 Limit shall not be increased under this Section 4.3(c)(iv) in respect of any Option by the number of shares of Campbell Stock greater than (A) the amount of such cash proceeds, divided by (B) the Fair Market Value on the date of exercise. Anything to the contrary in this Section 4.3(c) notwithstanding, if a SAR is settled in whole or in part in shares of Campbell Stock, the Section 4.3 Limit shall be increased by the excess, if any, of the number of shares of Campbell Stock subject to the SAR over the number of shares of Campbell Stock delivered to the Participant upon exercise of the SAR.

§4.4 Limitation on Awards. The maximum aggregate dollar value of Restricted Stock and Performance Units awarded to any Key Employee with respect to a Performance Period or Restriction Period may not exceed \$5 million for each fiscal year included in such Performance Period or Restriction Period. The maximum number of shares for which Options may be granted to any Participant in any one fiscal year shall not exceed five million.

§4.5 General Performance Goals. Prior to the beginning of a Performance Period the Committee will establish in writing Performance Goals for the Company and its various operating units. The goals will be comprised of specified levels of one or more of the following performance criteria as the Committee may deem appropriate: earnings per share, net earnings, operating earnings, unit volume, net sales, market share, balance sheet measurements, revenue, economic profit, cash flow, cash return on assets, shareowner return, return on equity, return on capital or other value-based performance measures. In addition, for any Awards not intended to meet the requirements of Section 162(m) of the Code, the Committee may establish goals based on other performance criteria as it deems appropriate. The Committee may disregard or offset the effect of any special charges or gains or cumulative effect of a change in accounting in determining the attainment of Performance Goals. Awards may also be payable when Company performance, as measured by one or more of the above criteria, as compared to peer companies meets or exceeds an objective criterion established by the Committee.

§4.6 Awards in Lieu of Salary or Bonus. The Committee may, in its sole discretion, and on such terms and conditions as the Committee may prescribe, give Participants the opportunity to receive Awards in lieu of future salary, bonus or other compensation.

ARTICLE V

STOCK OPTIONS AND STOCK APPRECIATION RIGHTS

§5.1 Award of Stock Options. The Committee may, from time to time, and on such terms and conditions as the Committee may prescribe, award Incentive Stock Options and Nonqualified Stock Options to any Key Employee.

§5.2 Period of Option.

(a) An Option granted under the Plan shall be exercisable only in accordance with the vesting schedule approved by the Committee. The Committee may in its discretion prescribe additional conditions, restrictions or terms on the vesting of an Option, including the full or partial attainment of Performance Goals pursuant to Section 4.5. After the Option vests, the Option may be exercised at any time during the term of the Option, in whole or in installments, as specified in the related Award Statement. Subject to Section 5.6, the duration of each Option shall not be more than ten years from the date of grant.

(b) Except as provided in Section 5.6, a Participant may not exercise an Option unless such Participant is then, and continually (except for sick leave, military service, or other approved leave of absence) after the grant of the Option has been, an employee or Director of the Campbell Group.

Table of Contents

§5.3 **Award Statement or Agreement.** Each Option shall be evidenced by an Award Statement or an option agreement.

§5.4 **Option Price, Exercise and Payment.** The Option Price of Campbell Stock under each Option shall be determined by the Committee but shall be a price not less than 100 percent of the Fair Market Value of Campbell Stock at the date such Option is granted, as determined by the Committee.

Subject to Section 11.2, the Committee may not (i) amend an Option to reduce its Option Price, (ii) cancel an Option and regrant an Option with a lower Option Price than the original Option Price of the cancelled Option, or (iii) take any other action (whether in the form of an amendment, cancellation or replacement grant) that has the effect of repricing an Option.

Vested Options may be exercised from time to time by giving written notice to the Treasurer of the Company, or his or her designee, specifying the number of shares to be purchased. The notice of exercise shall be accompanied by payment in full of the Option Price in cash or the Option Price may be paid in whole or in part through the transfer to the Company of shares of Campbell Stock in accordance with procedures established by the Committee from time to time. In addition, in accordance with the rules and procedures established by the Committee for this purpose, an Option may also be exercised through a cashless exercise procedure involving a broker or dealer, that affords Participants the opportunity to sell immediately some or all of the shares underlying the exercised portion of the Option in order to generate sufficient cash to pay the Option Price and/or to satisfy withholding tax obligations related to the Option.

In the event such Option Price is paid in whole or in part, with shares of Campbell Stock, the portion of the Option Price so paid shall be equal to the value, as of the date of exercise of the Option, of such shares. The value of such shares shall be equal to the number of such shares multiplied by the Fair Market Value of such shares on the trading day coincident with the date of exercise of such Option (or the immediately preceding trading day if the date of exercise is not a trading day). The Company shall not issue or transfer Campbell Stock upon exercise of an Option until the Option Price is fully paid. The Participant may satisfy any minimum amounts required to be withheld by the Company under applicable federal, state and local tax laws in effect from time to time, by electing to have the Company withhold a portion of the shares of Campbell Stock to be delivered for the payment of such taxes.

§5.5 **Limitations on Incentive Stock Options.** Each provision of the Plan and each Award Statement relating to an Incentive Stock Option shall be construed so that each Incentive Stock Option shall be an incentive stock option as defined in Section 422 of the Code, and any provisions of the Award Statement thereof that cannot be so construed shall be disregarded.

§5.6 **Termination of Employment.** Subject to Article XII, the following provisions will govern the ability of a Participant to exercise any outstanding Options or SARs following the Participant's termination of employment with the Campbell Group unless the Committee determines otherwise with respect to any individual Option or SAR.

(a) If the employment of a Participant with the Campbell Group is terminated for reasons other than (i) death, (ii) discharge for Cause, (iii) retirement, or (iv) resignation, such Participant's outstanding SARs or Options may be exercised at any time within three years after such termination, to the extent of the number of shares covered by such Options or SARs which were exercisable at the date of such termination; except that an Option or SAR shall not be exercisable on any date beyond the expiration date of such Option or SAR.

(b) If the employment of a Participant with the Campbell Group is terminated for Cause, any Options or SARs of such Participant (whether or not then exercisable) shall expire and any rights thereunder shall terminate immediately.

(c) If the employment of a Participant is terminated due to resignation, such Participant's outstanding Options or SARs may be exercised at any time within three months of such resignation to the extent that the number of shares covered by such Options or SARs were exercisable at the date of such resignation, except that an Option or SAR shall not be exercisable on any date beyond the expiration date of such Option or SAR.

(d) Should a Participant, who is not eligible to retire under the Company's pension plan or a pension plan of any affiliated company, die either while in the employ of the Campbell Group or after termination of such employment (other than discharge for Cause), the SARs or Options of such deceased Participant may be exercised by his or her Personal Representative at any time within three years after the Participant's death to the extent of the number of shares covered by such Options or SARs which were exercisable at the date of such death, except that an Option or SARs shall not be exercisable on any date beyond the expiration date of such Option or SAR.

(e) Should a Participant who is eligible to retire under the Company's pension plan or a pension plan of any affiliated company die prior to the vesting of his or her outstanding Options or SARs, any installment or installments not then exercisable shall become fully exercisable as of the date of the Participant's death and the SARs or Options may be exercised by the Participant's Personal Representative at any time prior to the expiration date of such Options or SARs.

(f) Should a Participant who has retired die prior to exercising all of his or her outstanding Options or SARs, then such SARs and Options may be exercised by the Participant's Personal Representative at any time prior to the expiration date of such Options or SARs.

(g) If a Participant who was granted an Option or SAR dies within 180 days of the expiration date of such Option or SAR, and if on the date of death the Participant was entitled to exercise such Option or SAR, including Options and SARs vested pursuant to Section 5.6(e), and if the Option or SAR expired without being exercised, the Personal Representative of the Participant shall receive in settlement a cash payment from the Company of a sum equal to the amount, if any, by which the Fair Market Value (determined on the expiration date of the Option or SAR) of Campbell Stock subject to the Option or SAR exceeds the Option Price.

(h) In the event the Participant's employment with the Campbell Group terminates (except for a termination for Cause which is governed by Section 5.6(b)) prior to the vesting of all Options and SARs, and if the Participant is eligible to retire under the Company's pension plan or a pension plan of any affiliated company at the date of such termination, any installment or installments not then exercisable shall become fully exercisable as of the effective date of such termination and may be exercised at any time prior to the expiration date of such Options or SARs. If the Participant receives severance payments from the Company or any affiliated company and becomes eligible to retire during the severance payment period, all of the Participant's Options and SARs shall become fully exercisable as of the date of such Participant's retirement eligibility date and may be exercised at any time prior to the expiration date of such Options or SARs.

§5.7 Shareowner Rights and Privileges. A Participant shall have no rights as a Shareowner with respect to any shares of Campbell Stock covered by an Option until the issuance of such shares to the Participant.

§5.8 Award of SARs.

(a) The Committee may award to the Participant a SAR related to the Option. The Committee may also award SARs that are unrelated to any Option.

(b) The SAR shall represent the right to receive payment of an amount equal to the amount by which the Fair Market Value of one share of Campbell Stock on the trading day immediately preceding the date of exercise of the SAR exceeds the Option Price multiplied by the number of shares covered by the SAR.

(c) SARs awarded under the Plan shall be evidenced by an Award Statement or agreement between the Company and the Participant.

Table of Contents

(d) The Committee may prescribe conditions and limitations on the exercise or transferability of any SAR. SARs may be exercised only when the value of a share of Campbell Stock exceeds the Option Price. Such value shall be determined in the manner specified in Section 5.8(b).

(e) A SAR shall be exercisable only by written notice to the Treasurer of the Company or his or her designee.

(f) To the extent not previously exercised, all SARs shall automatically be exercised on the last trading day prior to their expiration, so long as the value of a share of Campbell Stock exceeds the Option Price, unless prior to such day the holder instructs the Treasurer otherwise in writing. Such value shall be determined in the manner specified in Section 5.8(b).

(g) Payment of the amount to which a Participant is entitled upon the exercise of a SAR shall be made in cash, Campbell Stock, or partly in cash and partly in Campbell Stock at the discretion of the Committee. The shares shall be valued in the manner specified in Section 5.8(b).

(h) Each SAR shall expire on a date determined by the Committee at the time of grant.

ARTICLE VI

RESTRICTED STOCK

§6.1 Award of Restricted Stock. The Committee may make a Restricted Stock Award to any Key Employee, subject to this Article VI and to such other terms and conditions as the Committee may prescribe.

§6.2 Restriction Period. At the time of making a Restricted Stock Award, the Committee shall establish the Restriction Period applicable to such Award. The Committee may establish different Restriction Periods from time to time and each Restricted Stock Award may have a different Restriction Period, in the discretion of the Committee. Restriction Periods, when established for a Restricted Stock Award, shall not be changed except as permitted by Section 6.3.

§6.3 Other Terms and Conditions. Campbell Stock, when awarded pursuant to a Restricted Stock Award, will be represented in a book entry account in the name of the Participant who receives the Restricted Stock Award, unless the Participant has elected to defer pursuant to Section 10.1. The Participant shall be entitled to receive dividends during the Restriction Period and shall have the right to vote such Restricted Stock and shall have all other Shareowner's rights, with the exception that (i) the Participant will not be entitled to delivery of the stock certificate during the Restriction Period, (ii) the Company will retain custody of the Restricted Stock during the Restriction Period, and (iii) a breach of a restriction or a breach of the terms and conditions established by the Committee pursuant to the Restricted Stock Award will cause a forfeiture of the Restricted Stock Award. The Participant may satisfy any amounts required to be withheld by the Company under applicable federal, state and local tax laws in effect from time to time, by electing to have the Company withhold a portion of the Restricted Stock Award to be delivered for the payment of such taxes. The Committee may, in addition, prescribe additional restrictions, terms, or conditions upon or to the Restricted Stock Award including the attainment of Performance Goals in accordance with Section 4.5.

§6.4 Restricted Stock Award Statement or Agreement. Each Restricted Stock Award shall be evidenced by an Award Statement or an agreement.

§6.5 Termination of Employment. Subject to Article XII, the Committee may, in its sole discretion, establish rules pertaining to the Restricted Stock Award in the event of termination of employment (by retirement, disability, death, or otherwise) of a Participant prior to the expiration of the Restriction Period. If the employment of a Participant with the Campbell Group is terminated for Cause, any non-vested Restricted Stock Awards of such Participant shall immediately be forfeited and any rights thereunder shall terminate.

Table of Contents

§6.6 **Payment for Restricted Stock.** Restricted Stock Awards may be made by the Committee under which the Participant shall not be required to make any payment for the Campbell Stock or, in the alternative, under which the Participant, as a condition to the Restricted Stock Award, shall pay all (or any lesser amount than all) of the Fair Market Value of the Campbell Stock, determined as of the date the Restricted Stock Award is made. If the latter, such purchase price shall be paid in cash as provided in the Award Statement.

ARTICLE VII

AWARDS FOR NON-EMPLOYEE DIRECTORS

§7.1 **Award to Non-Employee Directors.** The Board will approve the compensation of non-employee Directors and such compensation may consist of Awards under the Plan. The Board retains the discretionary authority to make Awards to non-employee Directors. All such Awards shall be subject to the terms and conditions of the Plan and to such other terms and conditions consistent with the Plan as the Board deems appropriate. The Board may, in its sole discretion, subject to such terms and conditions as the Board may prescribe, give non-employee Directors the opportunity to receive an Option Award in lieu of future cash compensation or other types of Awards.

§7.2 **Election by Non-employee Directors to Receive Campbell Stock.** Each non-employee Director may elect to receive all or a portion (in 10% increments) of any cash compensation in shares of Campbell Stock, which will be issued quarterly. Only whole numbers of shares will be issued. For purposes of computing the number of shares earned and their taxable value each quarter, the value of each share shall be equal to the Fair Market Value of a share of Campbell Stock on the last business day of the quarter. If a Participant dies prior to payment of all shares earned, the balance due shall be payable in full to the Participant's designated beneficiary under the Deferred Compensation Plan, or, if none, to the Participant's estate, in cash.

§7.3 **No Right to Continuance as a Director.** None of the actions of the Company in establishing the Plan, the actions taken by the Company, the Board, the Committee or the Administrator under the Plan, or the granting of any Award under the Plan shall be deemed (i) to create any obligation on the part of the Board to nominate any Director for reelection by the Company's Shareowners or (ii) to be evidence of any agreement or understanding, express or implied, that the Director has a right to continue as a Director for any period of time or at any particular rate of compensation.

ARTICLE VIII

UNRESTRICTED CAMPBELL STOCK AWARDS FOR KEY EMPLOYEES

§8.1 The Committee may make awards of unrestricted Campbell Stock to Key Employees in recognition of outstanding achievements or as an additional award for Key Employees who receive Restricted Stock Awards when Performance Goals are exceeded.

ARTICLE IX

AWARD OF PERFORMANCE UNITS

§9.1 **Award of Performance Units.** The Committee may award Performance Units to any Key Employee. Each Performance Unit shall represent the right of a Participant to receive an amount equal to the value of the Performance Unit, determined in the manner established by the Committee at the time of Award.

§9.2 **Performance Period.** At the time of each Performance Unit Award, the Committee shall establish, with respect to each such Award, a Performance Period during which performance shall be measured. There may be more than one Performance Unit Award in existence at any one time, and Performance Periods may differ.

Table of Contents

§9.3 **Performance Measures.** Performance Units shall be awarded to a Participant and earned contingent upon the attainment of Performance Goals in accordance with Section 4.5.

§9.4 **Performance Unit Value.** Each Performance Unit shall have a maximum dollar value established by the Committee at the time of the Award. Performance Units earned will be determined by the Committee in respect of a Performance Period in relation to the degree of attainment of Performance Goals. The measure of a Performance Unit may, in the discretion of the Committee, be equal to the Fair Market Value of one share of Campbell Stock.

§9.5 **Award Criteria.** In determining the number of Performance Units to be granted to any Participant, the Committee shall take into account the Participant's responsibility level, performance, potential, cash compensation level, other incentive awards, and such other considerations as it deems appropriate.

§9.6 **Payment.** (a) Following the end of Performance Period, a Participant holding Performance Units will be entitled to receive payment of an amount, not exceeding the maximum value of the Performance Units, based on the achievement of the Performance Goals for such Performance Period, as determined by the Committee.

(b) Payment of Performance Units shall be made in cash, whether payment is made at the end of the Performance Period or is deferred pursuant to Section 10.1, except that Performance Units which are measured using Campbell Stock shall be paid in Campbell Stock. Payment shall be made in a lump sum or in installments and shall be subject to such other terms and conditions as shall be determined by the Committee.

§9.7 **Termination of Employment.** (a) Subject to Article XII, a Performance Unit Award shall terminate for all purposes if the Participant does not remain continuously in the employ of the Campbell Group at all times during the applicable Performance Period, except as may otherwise be determined by the Committee.

(b) In the event that a Participant holding a Performance Unit ceases to be an employee of the Campbell Group following the end of the applicable Performance Period but prior to full payment according to the terms of the Performance Unit Award, payment shall be made in accordance with terms established by the Committee for the payment of such Performance Unit.

§9.8 **Performance Unit Award Statements or Agreements.** Each Performance Unit Award shall be evidenced by an Award Statement or agreement.

ARTICLE X

DEFERRAL OF PAYMENTS

§10.1 **Election to Defer.** A Participant may elect to defer all or a portion of any related earned Performance Units, Restricted Stock, unrestricted Campbell Stock or gain on any exercised Option or SAR pursuant to the terms of the Deferred Compensation Plan. The value of the Performance Units, Restricted Stock, unrestricted Campbell Stock or Option or SAR gain so deferred shall be allocated to a Deferred Account established for the Participant under the Deferred Compensation Plan.

ARTICLE XI

MISCELLANEOUS PROVISIONS

§11.1 Limits as to Transferability.

(a) The Committee, may, in its discretion, permit a Nonqualified Stock Option to be transferred by the Participant, subject to such terms and conditions as the Committee shall specify. Any Nonqualified Stock Option so transferred may not be subsequently transferred by the Transferee except by will or the laws of descent and distribution. Such transferred Nonqualified Stock Option shall continue to be

Table of Contents

governed by and subject to the terms and conditions of the Plan and the corresponding Award Statement.

(b) Incentive Stock Options shall not be transferable by the Participant other than by will or the laws of descent and distribution, and shall be exercisable during the Participant's lifetime only by the Participant. Notwithstanding the previous sentence, the Committee may in its discretion permit the transfer of an Incentive Stock Option by the Participant to a trust if, under Section 671 of the Code and applicable state law, the Participant is the sole beneficial owner of such Incentive Stock Option while it is held in trust.

(c) Unless otherwise provided by the Committee, no SAR (except for any SAR issued in tandem with an Option), share of Restricted Stock, or Performance Unit under the Plan shall be transferable by the Participant other than by will or the laws of descent and distribution.

(b) Any transfer contrary to this Section 11.1 will nullify the Option, SAR, Performance Unit, or share of Restricted Stock.

§11.2 Adjustments Upon Changes in Stock. In case of any reorganization, recapitalization, reclassification, stock split, stock dividend, distribution, combination of shares, merger, consolidation, rights offering, or any other changes in the corporate structure or shares of the Company, appropriate adjustments may be made by the Committee (or if the Company is not the surviving corporation in any such transaction, the board of directors of the surviving corporation) in Deferred Accounts and in the aggregate number and kind of shares subject to the Plan, and the number and kind of shares and the price per share subject to outstanding Options or which may be issued under outstanding Restricted Stock Awards or pursuant to unrestricted Campbell Stock Awards. Appropriate adjustments may also be made by the Committee in the terms of any Awards under the Plan, subject to Article XII, to reflect such changes and to modify any other terms of outstanding Awards on an equitable basis, including modifications of Performance Goals and changes in the length of Performance Periods. Any such adjustments made by the Committee pursuant to this Section 11.2 shall be conclusive and binding for all purposes under the Plan.

§11.3 Amendment, Suspension, and Termination of Plan.

(a) The Board may suspend or terminate the Plan or any portion thereof at any time, and may amend the Plan from time to time in such respects as the Board may deem advisable in order that any Awards thereunder shall conform to any change in applicable laws or regulations or in any other respect the Board may deem to be in the best interests of the Company; provided, however, that no such amendment shall, without Shareowner approval, (i) except as provided in Section 11.2, increase the number of shares of Campbell Stock which may be issued under the Plan, (ii) expand the types of awards available to Participants under the Plan, (iii) materially expand the class of employees eligible to participate in the Plan, (iv) materially change the method of determining the exercise price of Options; (v) delete or limit the provision in Section 5.4 prohibiting the repricing of Options; or (vi) extend the termination date of the Plan. No such amendment, suspension, or termination shall materially adversely alter or impair any outstanding Options, SARs, shares of Restricted Stock, or Performance Units without the consent of the Participant affected thereby.

(b) The Committee may amend or modify any outstanding Options, SARs, Restricted Stock Awards, or Performance Unit Awards in any manner to the extent that the Committee would have had the authority under the Plan initially to award such Options, SARs, Restricted Stock Awards, or Performance Unit Awards as so modified or amended, including without limitation, to change the date or dates as of which such Options or SARs may be exercised, to remove the restrictions on shares of Restricted Stock, or to modify the manner in which Performance Units are determined and paid.

§11.4 Nonuniform Determinations. The Committee's determinations under the Plan, including without limitation, (i) the determination of the Key Employees to receive Awards, (ii) the form, amount, and timing of such Awards, (iii) the terms and provisions of such Awards and (iv) the Award Statements evidencing the same, need not be uniform and may be made by it selectively among Key Employees who

Table of Contents

receive, or who are eligible to receive, Awards under the Plan, whether or not such Key Employees are similarly situated.

§11.5 **General Restriction.** Each Award under the Plan shall be subject to the condition that, if at any time the Committee shall determine that (i) the listing, registration, or qualification of the shares of Campbell Stock subject or related thereto upon any securities exchange or under any state or federal law (ii) the consent or approval of any government or regulatory body, or (iii) an agreement by the Participant with respect thereto, is necessary or desirable, then such Award shall not become exercisable in whole or in part unless such listing, registration, qualification, consent, approval, or agreement shall have been effected or obtained free of any conditions not acceptable to the Committee.

§11.6 **No Right To Employment.** None of the actions of the Company in establishing the Plan, the action taken by the Company, the Board, the Committee or the Administrator under the Plan, or the granting of any Award under the Plan shall be deemed (i) to create any obligation on the part of the Company to retain any person in the employ of the Campbell Group, or (ii) to be evidence of any agreement or understanding, express or implied, that the person has a right to continue as an employee for any period of time or at any particular rate of compensation.

§11.7 **Governing Law.** The provisions of the Plan shall take precedence over any conflicting provision contained in an Award Statement. All matters relating to the Plan or to Awards granted hereunder shall be governed by and construed in accordance with the laws of the State of New Jersey without regard to the principles of conflict of laws.

§11.8 **Trust Arrangement.** All benefits under the Plan represent an unsecured promise to pay by the Company. The Plan shall be unfunded and the benefits hereunder shall be paid only from the general assets of the Company resulting in the Participants having no greater rights than the Company's general creditors; provided, however, nothing herein shall prevent or prohibit the Company from establishing a trust or other arrangement for the purpose of providing for the payment of the benefits payable under the Plan.

ARTICLE XII

CHANGE IN CONTROL OF THE COMPANY

§12.1 **Contrary Provisions.** Notwithstanding anything contained in the Plan to the contrary, the provisions of this Article XII shall govern and supersede any inconsistent terms or provisions of the Plan.

§12.2 Definitions.

(a) **Change in Control.** For purposes of the Plan, Change in Control shall mean any of the following events:

(i) The acquisition in one or more transactions by any Person (as the term person is used for purposes of Section 13(d) or 14(d) of the Exchange Act) of Beneficial Ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of twenty-five percent (25%) or more of the combined voting power of the Company's then outstanding voting securities (the Voting Securities), provided, however, that for purposes of this Section 12.2(a), the Voting Securities acquired directly from the Company by any Person shall be excluded from the determination of such Person's Beneficial Ownership of Voting Securities (but such Voting Securities shall be included in the calculation of the total number of Voting Securities then outstanding); or

(ii) The individuals who, as of November 21, 2003, are members of the Board (the Incumbent Board), cease for any reason to constitute more than fifty percent of the Board; provided, however, that if the election, or nomination for election by the Company's Shareowners, of any new director was approved by a vote of at least two-thirds of the Incumbent Board, such new director shall, for purposes of the Plan, be considered as a member of the Incumbent Board, but excluding for this

B-14

Table of Contents

purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a person other than the Board; or

(iii) The consummation of a merger or consolidation involving the Company if the Shareowners of the Company, immediately before such merger or consolidation, do not own, directly or indirectly immediately following such merger or consolidation, more than fifty percent (50%) of the combined voting power of the outstanding Voting Securities of the corporation resulting from such merger or consolidation in substantially the same proportion as their ownership of the Voting Securities immediately before such merger or consolidation; or

(iv) Approval by Shareowners of the Company of a complete liquidation or dissolution of the Company or an agreement for the sale or other disposition of all or substantially all of the assets of the Company; or

(v) Acceptance of Shareowners of the Company of shares in a share exchange if the Shareowners of the Company, immediately before such share exchange, do not own, directly or indirectly immediately following such share exchange, more than fifty percent (50%) of the combined voting power of the outstanding Voting Securities of the corporation resulting from such share exchange in substantially the same proportion as their ownership of the Voting Securities outstanding immediately before such share exchange.

Notwithstanding the foregoing, a Change in Control shall not be deemed to occur solely because twenty-five percent (25%) or more of the then outstanding Voting Securities is acquired by (i) a trustee or other fiduciary holding securities under one or more employee benefit plans maintained by the Company or any of its Subsidiaries, (ii) any corporation which, immediately prior to such acquisition, is owned directly or indirectly by the Shareowners of the Company in the same proportion as their ownership of stock in the Company immediately prior to such acquisition, (iii) any Grandfathered Dorrance Family Shareowner (as hereinafter defined) or (iv) any Person who has acquired such Voting Securities directly from any Grandfathered Dorrance Family Shareowner but only if such Person has executed an agreement which is approved by two-thirds of the Board and pursuant to which such Person has agreed that he (or they) will not increase his (or their) Beneficial Ownership (directly or indirectly) to 30% or more of the outstanding Voting Securities (the Standstill Agreement) and only for the period during which the Standstill Agreement is effective and fully honored by such Person. For purposes of this Section, Grandfathered Dorrance Family Shareowner shall mean at any time a Dorrance Family Shareowner (as hereinafter defined) who or which is at the time in question the Beneficial Owner solely of (v) Voting Securities Beneficially Owned by such individual on January 25, 1990, (w) Voting Securities acquired directly from the Company, (x) Voting Securities acquired directly from another Grandfathered Dorrance Family Shareowner, (y) Voting Securities which are also Beneficially Owned by other Grandfathered Dorrance Family Shareowners at the time in question, and (z) Voting Securities acquired after January 25, 1990 other than directly from the Company or from another Grandfathered Dorrance Family Shareowner by any Dorrance Grandchild (as hereinafter defined) provided that the aggregate amount of Voting Securities so acquired by each such Dorrance Grandchild shall not exceed five percent (5%) of the Voting Securities outstanding at the time of such acquisition. A Dorrance Family Shareowner who or which is at the time in question the Beneficial Owner of Voting Securities which are not specified in clauses (v), (w), (x), (y) and (z) of the immediately preceding sentence shall not be a Grandfathered Dorrance Family Shareowner at the time in question. For purposes of this Section, Dorrance Family Shareowners shall mean individuals who are descendants of the late Dr. John T. Dorrance, Sr. and/or the spouses, fiduciaries and foundations of such descendants. A Dorrance Grandchild means as to each particular grandchild of the late Dr. John T. Dorrance, Sr., all of the following taken collectively: such grandchild, such grandchild's descendants and/or the spouses, fiduciaries and foundations of such grandchild and such grandchild's descendants.

Moreover, notwithstanding the foregoing, a Change in Control shall not be deemed to occur solely because any Person (the Subject Person) acquired Beneficial Ownership of more than the permitted

Table of Contents

amount of the outstanding Voting Securities as a result of the acquisition of Voting Securities by the Company which, by reducing the number of Voting Securities outstanding, increases the proportional number of shares Beneficially Owned by the Subject Person, provided that if a Change in Control would occur (but for the operation of this sentence) as a result of the acquisition of Voting Securities by the Company, and after such share acquisition by the Company, the Subject Person becomes the Beneficial Owner of any additional Voting Securities which increases the percentage of the then outstanding Voting Securities Beneficially Owned by the Subject Person, then a Change in Control shall occur.

Notwithstanding anything contained in this Plan to the contrary, if a Participant's employment is terminated by the Company without Cause within one year prior to a Change in Control and such termination (i) was at the request of a third party who effectuates a Change in Control or (ii) otherwise occurred in connection with or in anticipation of, a Change in Control, then for purposes of this Article XII only, the date of a Change in Control shall mean the date immediately prior to the date of such Participant's termination of employment.

(b) **Cause.** For purposes of this Article XII only, with respect to any Participant, (i) Cause shall be defined as set forth in any individual agreement applicable to a Participant, or (ii) in the case of a Participant who does not have an individual agreement that defines Cause, then Cause shall mean the termination of a Participant's employment by reason of his or her (A) conviction of a felony or (B) engaging in conduct which constitutes willful gross misconduct which is demonstrably and materially injurious to the Campbell Group, monetarily or otherwise. No act, nor failure to act, on the Participant's part, shall be considered willful unless he or she has acted, or failed to act, with an absence of good faith and without a reasonable belief that his or her action or failure to act was in the best interest of the Campbell Group.

(c) **Good Reason.** For purposes of this Article XII, with respect to any Participant, (i) Good Reason shall be defined as set forth in any individual agreement applicable to a Participant, or (ii) in the case of a Participant who does not have an individual agreement that defines Good Reason, then Good Reason shall mean any of the following events or conditions:

(A) a reduction in the Participant's base salary or any failure to pay the Participant any compensation or benefits to which he or she is entitled within thirty (30) days of the date due;

(B) the Campbell Group's requiring the Participant to be based at any place outside a 50-mile radius from his or her site of employment prior to the Change in Control, except for reasonably required travel on the Campbell Group's business which is not greater than such travel requirements prior to the Change in Control;

(C) the failure by the Campbell Group to provide the Participant with compensation and benefits, in the aggregate, substantially equivalent (in terms of benefit levels and/or reward opportunities) to those provided for under compensation or employee benefit plans, programs and practices as in effect immediately prior to the Change in Control (or as in effect following the Change in Control, if greater);

(D) any purported termination of the Participant's employment for Cause which does not comply with the requirements of the definition of Cause as set forth in Section 12.2(b); or

(E) the failure of the Company to obtain an agreement from any successor or assign of the Company to assume and agree to perform the Plan.

§12.3 Effect of Change in Control on Certain Awards.

(a) If the Company is not the surviving corporation following a Change in Control, and the surviving corporation following such Change in Control or the acquiring corporation (such surviving corporation or acquiring corporation is hereinafter referred to as the Acquiror) does not assume the outstanding Options, SARs or Restricted Stock (other than Restricted Performance Stock) or does not substitute equivalent equity awards relating to the securities of such Acquiror or its affiliates for such Awards, then all such Awards shall become immediately and fully exercisable (or in the case of Restricted Stock, fully

Table of Contents

vested and all restrictions will immediately lapse). In addition, the Board or its designee may, in its sole discretion, provide for a cash payment to be made to each Participant for the outstanding Options, SARs or Restricted Stock (other than Restricted Performance Stock) upon the consummation of the Change in Control, determined on the basis of the fair market value that would be received in such Change in Control by the holders of the Company's securities relating to such Awards. Notwithstanding the foregoing, any Option intended to be an Incentive Stock Option under Section 422 of the Code shall be adjusted in a manner to preserve such status.

(b) If the Company is the surviving corporation following a Change in Control, or the Acquiror assumes the outstanding Options, SARs or Restricted Stock (other than Restricted Performance Stock) or substitutes equivalent equity awards relating to the securities of such Acquiror or its affiliates for such Awards, then all such Awards or such substitutes therefore shall remain outstanding and be governed by their respective terms and the provisions of the Plan.

(c) If (i) the employment of a Participant with the Campbell Group is terminated (A) without Cause (as defined in Section 12.2(b)) or (B) by the Participant for Good Reason, in either case within twenty-four (24) months following a Change in Control, and (ii) the Company is the surviving corporation following such Change in Control, or the Acquiror assumes the outstanding Options, SARs or Restricted Stock (other than Restricted Performance Stock) or substitutes equivalent equity awards relating to the securities of such Acquiror or its affiliates for such Awards, then all outstanding Options, SARs or Restricted Stock (other than Restricted Performance Stock) shall become immediately and fully exercisable (or in the case of Restricted Stock, fully vested and all restrictions will immediately lapse).

(d) If (i) the employment of a Participant with the Campbell Group is terminated for Cause within twenty-four (24) months following a Change in Control and (ii) the Company is the surviving corporation following such Change in Control, or the Acquiror assumes the outstanding Options, SARs or Restricted Stock (other than Restricted Performance Stock) or substitutes equivalent equity awards relating to the securities of such Acquiror or its affiliates for such Awards, then any Options or SARs of such Participant shall expire, and any non-vested Restricted Stock shall be forfeited, and any rights under such Awards shall terminate immediately.

(e) Outstanding Options or SARs which vest in accordance with Section 12.3, may be exercised by the Participant in accordance with Section 5.6; provided, however, that a Participant whose Options or SARs become exercisable in accordance with Section 12.3(c) may exercise a SAR or an Option at any time within three years after such termination, except that an Option or SAR shall not be exercisable on any date beyond the expiration date of such Option or SAR, provided, further that any Participant who is eligible to retire at the date of such termination (or during any period during which such Participant receives severance payments) may exercise his or her Options or SARs in accordance with Section 5.6(h)), and provided, further, that in the event of a Participant's death after such termination the exercise of Options and SARs shall be governed by Sections 5.6(d)(f) or (g), as the case may be.

§12.4 Effect of Change in Control on Restricted Performance Stock and Performance Units. (a) If the Company is not the surviving corporation following a Change in Control, and the Acquiror does not assume the Restricted Performance Stock or the Performance Units or does not substitute equivalent awards (including, in the case of equity or equity-related Awards, equivalent equity awards) for such Awards, then the Participant shall (i) become vested in, and restrictions shall lapse on, the greater of (A) fifty percent (50%) of the Restricted Performance Stock or Performance Units or (B) a pro rata portion of such Restricted Performance Stock or Performance Units based on the portion of the Performance Period that has elapsed to the date of the Change in Control and the aggregate vesting percentage determined pursuant to this clause (B) shall be applied to vesting first such Awards granted the farthest in time preceding the Change in Control and (ii) be entitled to receive (A) in respect of all Performance Units which become vested and with respect to which the restrictions lapse as a result of such Change in Control, a cash payment within thirty (30) days after such Change in Control equal to the product of the then current value of a Performance Unit multiplied by the number of Performance Units which become vested and with respect to which restrictions lapse in accordance with this

Table of Contents

subparagraph (a) and (B) in respect of all shares of Performance Restricted Stock which become vested and with respect to which restrictions lapse as a result of such Change in Control, the prompt delivery of such shares; provided, however, that the Board or its designee may, in its sole discretion, provide for a cash payment to be made to each Participant for the vested Restricted Performance Stock upon the consummation of the Change in Control, determined on the basis of the fair market value that would be received in such Change in Control by the holders of the Company's securities relating to such Award.
