Item 1.01 Entry into a Material Definitive Agreement.

On July 29, 2014, SM Energy Company (the “Company”) entered into a Purchase Agreement (the “Agreement”) with Baytex Energy USA LLC (“Baytex”). Pursuant to the Agreement, the Company has agreed to purchase 100% of the membership interests of a wholly owned subsidiary of Baytex, which will own, at closing, certain oil and gas properties in Divide and Williams Counties, North Dakota (along with related equipment, contracts, records and other assets, the “Assets”). The Assets are located near the Company’s existing Gooseneck area. The effective time for the acquisition of the Assets is July 1, 2014, and the transaction is expected to close on or around September 24, 2014 (the “Scheduled Closing Date”), subject to certain conditions, as further described below.

The total consideration to be paid by the Company is \$330,480,000 in cash, subject to customary adjustments to reflect the operation of the Assets prior to the closing, title defects and environmental defects. The Company deposited a performance deposit of \$24,786,000 into an escrow account pending closing of the transaction.

The Agreement contains customary representations and warranties and covenants by Baytex and the Company. Among other things, during the period between the execution of the Agreement and the consummation of the transaction contemplated by the Agreement, Baytex has agreed to (i) provide the Company with reasonable access to the Assets; (ii) conduct its operations with respect to the Assets in the ordinary course; and (iii) restrict certain activities and capital expenditures relating to the Assets.

The Agreement provides Baytex and the Company with certain termination rights, including, among others: (i) the parties may terminate the Agreement by mutual consent; (ii) Baytex may terminate the Agreement if the Company has not satisfied Baytex’s conditions to closing on or before October 31, 2014, unless the Company’s failure to meet such conditions is the result of Baytex’s failure to fulfill any undertaking or commitment required on the part of Baytex; (iii) the Company may terminate the Agreement if Baytex has not satisfied the Company’s conditions to closing on or before October 31, 2014, unless Baytex’s failure to meet such conditions is the result of the Company’s failure to fulfill any undertaking or commitment required on the part of the Company; (iv) Baytex may terminate the Agreement on or after the Scheduled Closing Date, if the Company has breached certain representations, warranties, covenants or agreements, and such breach cannot by its nature be cured prior to October 31, 2014, unless Baytex is in material breach of the Agreement; or (v) the Company may terminate the Agreement on or after the Scheduled Closing Date, if Baytex has breached certain representations, warranties, covenants or agreements, and such breach cannot by its nature be cured prior to October 31, 2014, unless the Company is in material breach of the Agreement.

Baytex has agreed to indemnify the Company after the closing, subject to certain limitations, for losses incurred by the Company for (i) liabilities retained by Baytex, (ii) environmental defects related to excluded assets, and (iii) any misrepresentation, breach of any representation or warranty or nonfulfillment of any covenant or agreement on the part of Baytex under the Agreement. Baytex’s indemnification obligations are subject to threshold, deductible, survival and overall cap limitations. The Company has agreed to indemnify Baytex after the closing for losses incurred by Baytex for (i) liabilities assumed by the Company; and (ii) any misrepresentation, breach of any representation or warranty or nonfulfillment of any covenant or agreement on the part of the Company under the Agreement. The Company’s indemnification obligations are subject to survival limitations.
