PROXY STATEMENT

INTRODUCTION

This Proxy Statement contains information related to the 2013 Annual Meeting of Stockholders (the “Annual Meeting”) of Equity LifeStyle Properties, Inc., a Maryland corporation (the “Company”), which will be held on Wednesday, May 8, 2013, at 10:00 a.m. Central Time at Two North Riverside Plaza, Twenty-Fourth Floor, Chicago, Illinois, 60606.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

What is the Purpose of the Annual Meeting?

At the Annual Meeting, stockholders will vote on the following proposals (the “Proposals”):

• Proposal 1 – election of all directors to a one-year term;

• Proposal 2 – ratification of the selection of Ernst & Young LLP (“Ernst & Young”), as the Company’s independent registered public accounting firm (“Independent Accountants”) for the fiscal year ending December 31, 2013;

• Proposal 3 – non-binding advisory vote on executive compensation; and

• Proposal 4 - stockholder proposal regarding a report on political contributions.

In addition, stockholders shall consider any other business properly brought before the Annual Meeting.

Why did I receive a notice in the mail regarding Internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to the Securities and Exchange Commission’s (“SEC”) notice and access rules, we have elected to provide access to our proxy materials over the Internet. Accordingly, on or about March 28, 2013, we began mailing to all stockholders of record at the close of business on March 8, 2013, a Notice of Internet Availability of Proxy Materials (the “Notice”). All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request printed copies are included in the Notice. In addition, stockholders, at no charge, may request to receive proxy materials in printed form by mail or electronically by email.

How can I get electronic access to the proxy materials?

The Notice will provide you with instructions regarding how to:

• View our proxy materials for the Annual Meeting on the Internet; and

• Instruct us to send our future proxy materials to you electronically by email.

Choosing to receive your future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our Annual Meetings on the environment. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

Who Is Entitled to Vote?

You will be entitled to vote your shares of Common Stock on the Proposals if you held your shares of Common Stock at the close of business on the Record Date. As of the Record Date, a total of 41,674,320 shares of Common Stock were outstanding and entitled to vote. Each share of Common Stock entitles its holder to cast one vote for each matter to be voted upon.

What Is Required to Hold the Annual Meeting?

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of Common Stock outstanding and entitled to vote on the Record Date will constitute a quorum permitting business to be conducted at the Annual Meeting. If you have returned valid proxy instructions or you attend the Annual Meeting and vote in person, your shares of Common Stock will be counted for purposes of determining whether there is a quorum, even if you abstain from voting on any or all matters introduced at the Annual Meeting.

How Do I Vote?

Your vote is important. Stockholders can vote in person at the Annual Meeting or by proxy. Stockholders have a choice of voting over the Internet by following the instructions provided in the Notice, or if you requested printed copies of the proxy materials, you can also vote by using a toll-free telephone number or completing a proxy card and mailing it in the postage-paid envelope provided. Please refer to your Notice or proxy card or the information forwarded by your bank, broker or other nominee to see which options are available to you. If you vote over the Internet or by telephone, you do NOT need to return your proxy card. If you vote by proxy, the individuals named on the proxy card as representatives will vote your shares of Common Stock in the manner you indicate. You may specify whether your shares of Common Stock should be voted for all, some or none of the nominees for director and whether your shares should be voted for or against the other proposals. Such stockholders who wish to vote in person at the Annual Meeting will need to obtain a proxy form from the broker, bank or other nominee that holds their shares of Common Stock of record.

Can I Change or Revoke My Proxy?

Yes, you may change your proxy at any time before the Annual Meeting by timely delivery of a properly executed, later-dated proxy (including Internet or phone vote) or by voting in person at the Annual Meeting. You may revoke your proxy by filing a written notice with our secretary at our address at any time before the Annual Meeting. The powers of the proxy holders will be suspended if you attend the Annual Meeting in person and request that they be so suspended. However, attendance (without further action) at the Annual Meeting will not by itself revoke a previously granted proxy.

What Are the Board's Recommendations?

If no instructions are indicated on your valid proxy, the representatives holding your proxy will vote in accordance with the recommendations of the Company's Board of Directors (the "Board"). The Board unanimously recommends a vote:

FOR the election of each of the nominees for director;

FOR the ratification of the selection of Ernst & Young as the Company's Independent Accountants for 2013;

FOR approval of the executive compensation disclosed in this Proxy;

AGAINST approval of the stockholder proposal regarding a report on political contributions.

With respect to any other matter that properly comes before the Annual Meeting or any adjournment or postponement thereof, the representatives holding proxies will vote as recommended by the Board, or if no recommendation is given, in their own discretion.

How Can I Manage the Number of Annual Reports I Receive?

Our 2012 Annual Report and Annual Report on Form 10-K for the fiscal year ended December 31, 2012 ("Form 10-K") have been provided to stockholders via our Notice. If you share an address with any of our other stockholders, your household might receive only one copy of the Notice. To request individual copies for each stockholder in your household, please contact Equity LifeStyle Properties, Inc., Attn: Investor Relations, at Two North Riverside Plaza, Suite 800, Chicago, Illinois 60606 (toll-free number: 1-800-247-5279 or email: investor_relations@equitylifestyle.com). To ask that only one Notice be mailed to your household, please contact your bank, broker or other nominee or, if you are a stockholder of record, please call our transfer agent, American

Stock Transfer and Trust Company, LLC toll-free at 1-800-830-9942.

What Vote is Needed to Approve Each Proposal?

Following are the votes needed to approve each Proposal at the Annual Meeting. For all Proposals a quorum must be present at the Annual Meeting.

Proposal 1: The affirmative vote of the holders of record of a plurality of all the votes cast is necessary for the election of the nominees for director.

Proposal 2: The affirmative vote of the holders of record of a majority of all the votes cast is required for the ratification of the selection of Ernst & Young as our Independent Accountants for 2013.

Proposal 3: The affirmative vote of the holders of record of a majority of all the votes cast is required for the non-binding approval of the executive compensation of our named executive officers as disclosed in this Proxy Statement.

Proposal 4: The affirmative vote of the holders of record of a majority of all the votes cast is required for the approval of the stockholder proposal regarding a report on political contributions.

Other Matters: The affirmative vote of the holders of record of a majority of all the votes cast is required for the approval of any other matters properly presented at the Annual Meeting for stockholder approval.

We will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence or absence of a quorum. Abstentions do not constitute a vote “for” or “against” any matter being voted on at the Annual Meeting and will not be counted as “votes cast.” Therefore, abstentions will have no effect on any of the Proposals. Broker “non-votes,” or proxies from brokers or nominees indicating that such broker or nominee has not received instructions from the beneficial owner or other entity entitled to vote such shares on a particular matter with respect to which such broker or nominee does not have discretionary voting power, will be treated in the same manner as abstentions for purposes of the Annual Meeting. If you are a beneficial owner whose shares of Common Stock are held of record by a broker, your broker has discretionary voting authority under New York Stock Exchange (“NYSE”) rules to vote your shares on only Proposal 2 even if the broker does not receive voting instructions from you. However, under NYSE rules, your broker does not have discretionary authority to vote on Proposals 1, 3, and 4 without instructions from you, in which case a broker “non-vote” will occur and your shares of Common Stock will not be voted on these matters. None of the Proposals, if approved, entitle any of the stockholders to appraisal rights under Maryland law.

How is My Vote Counted?

If you properly execute a proxy in the accompanying form, and if we receive it prior to voting at the Annual Meeting, the shares of Common Stock that the proxy represents will be voted in the manner specified in the proxy. If no specification is made, the Common Stock will be voted “for” the election of the nominees for director named in this Proxy Statement, “for” ratification of the selection of Ernst & Young as our Independent Accountants for 2013, “for” approval of the executive compensation disclosed in this Proxy Statement, “against” the stockholder proposal regarding report on political contributions, and as recommended by the Board with regard to all other matters in its discretion. It is not anticipated that any matters other than those set forth in this Proxy Statement will be presented at the Annual Meeting. If other matters are presented, proxies will be voted as recommended by the Board, or if there is no recommendation, in accordance with the discretion of the proxy holders. Other than Proposal 4, no other valid stockholder proposals or nominations were received on a timely basis, so no such matters may be brought to a vote at the Annual Meeting.

Who is Soliciting My Proxy?

This solicitation of proxies is made by and on behalf of the Board. We will pay the cost of solicitation of the proxies. We have retained American Stock Transfer and Trust Company, LLC to assist, at a de minimis cost, in the solicitation of proxies. In addition to the solicitation of proxies by mail, our directors, officers and employees may solicit proxies personally or by telephone at a de minimis cost.

No person is authorized on our behalf to give any information or to make any representations with respect to the Proposals other than the information and representations contained in this Proxy Statement, and, if given or made, such information and/or representations must not be relied upon as having been authorized, and the delivery of this Proxy Statement shall not, under any circumstances, create any implication that there has been no change in our affairs since the date hereof.

CORPORATE GOVERNANCE

Governance Policies, Code of Ethics and Committee Charters

The Board regularly evaluates the Company's corporate governance policies and benchmarks those policies against the rules and regulations of governmental authorities, the best practices of other public companies and suggestions received from various authorities. The Board has adopted the Company's Guidelines on Corporate Governance, as amended. The Company's Guidelines on Corporate Governance require that a majority of the directors be independent within the meaning of NYSE standards. The Company's Common Stock is listed on the NYSE under the ticker symbol "ELS." The Company's 6.75% Series C Cumulative

Redeemable Perpetual Preferred Stock is listed on the NYSE under ticker symbol “ELSPrC.” The Company has also adopted a Business Ethics and Conduct Policy, which applies to all directors, officers and employees of the Company. The Company’s Guidelines on Corporate Governance include a director resignation policy, whereby an incumbent director who fails to receive a majority of the votes cast at the Annual Meeting is expected to submit his or her resignation. If an incumbent director fails to receive such a majority vote and tenders his or her resignation, the Compensation, Nominating and Corporate Governance Committee will make a recommendation to the Board as to whether to accept or reject the tendered resignation, or whether other action is recommended, taking into account any information that it considers appropriate and relevant, including the circumstances that led to the failure to receive the vote, if known. The Board will act on the tendered resignation within ninety (90) days following certification of the stockholder vote and will promptly disclose its decision and rationale as to whether to accept the resignation (or the reasons for rejecting the resignation, if applicable) in a press release, filing with the SEC or by other public announcement.

The Guidelines on Corporate Governance, the Business Ethics and Conduct Policy and the charters of the Board’s Audit Committee and Compensation, Nominating and Corporate Governance Committee are each available on the Company’s website at www.equitylifestyle.com, and a copy of same may be obtained free of charge by sending a written request to Equity LifeStyle Properties, Inc., Attn: Investor Relations, Two North Riverside Plaza, Suite 800, Chicago, Illinois 60606, or by emailing the Company’s Investor Relations Department at investor_relations@equitylifestyle.com.

Stockholder Communications with the Board

The Company’s Lead Director is Sheli Rosenberg who, as an independent director, acts in the lead capacity to coordinate the other independent directors, consults with the Company’s Chief Executive Officer on Board agendas, chairs the executive sessions of the non-management directors and performs such other functions as the Board may direct. Any stockholder or other interested party who has a concern or inquiry regarding the conduct of the Company may communicate directly with the Board or the non-management directors by contacting the Lead Director, who will receive all such communications on behalf of the Board or the non-management directors (as applicable).

Communications may be confidential or anonymous, and may be submitted in writing to the Lead Director, c/o Secretary, Equity LifeStyle Properties, Inc., Two North Riverside Plaza, Suite 800, Chicago, Illinois 60606. All written communications will be received and processed by the Secretary of the Company, and all substantive communications will be referred to the Lead Director. All such communications will be reviewed and, if necessary, investigated and/or addressed by the Lead Director and the status of such communications will be reported to the Board or the non-management directors (as applicable) on a quarterly basis. The Lead Director may direct special treatment, including the retention of outside advisors or counsel, for any such concern or inquiry.

Although each director is strongly encouraged to attend each Annual Meeting of Stockholders, the Board has no formal policy with respect to such attendance. Six of the eight directors in office as of the date of the 2012 Annual Meeting of Stockholders were in attendance at that meeting.

Non-Management Directors’ Executive Sessions

Executive sessions of the Company’s non-management directors are scheduled in connection with regularly scheduled meetings of the Board and may be held without management present at such other times as requested by the non-management directors. The presiding director at these executive sessions is the Lead Director.

Board Leadership Structure and Role in Risk Oversight

The Company has separated the positions of chairman of the board and chief executive officer since 1996. Samuel Zell currently serves as Chairman of the Board and Marguerite Nader currently serves as the President and Chief Executive Officer (“CEO”) of the Company and is a member of the Board. Ms. Rosenberg, an independent director, serves as the Company’s Lead Director as discussed above. The Company has determined that this leadership structure is appropriate as it allows the CEO to focus on our day-to-day business, while allowing the Chairman of the Board to lead the Board in its fundamental role of providing advice to and independent oversight of management.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. The Company faces a number of risks, including economic, environmental and regulatory risks, and others such as the impact of competition and weather conditions. The Company believes one way to manage risk is to maintain balance

sheet flexibility and evaluates major capital items, including dividend policy, debt policy, acquisitions and dispositions, and equity issuances, in light of the potential impact on financial flexibility. Management is responsible for the day-to-day management of risks the company faces, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk

oversight role, the Board has the responsibility to satisfy itself that the risk management processes designed by management are adequate and functioning as designed.

The Board believes that establishing the right “tone at the top” and full and open communications between management and the Board are essential for effective risk management and oversight. The Company’s CEO meets quarterly with Board Committee chairpersons updating them on a variety of matters, including risk management and related controls. The Company’s executive officers attend each quarterly Board meeting and are available to address any questions or concerns raised by the Board on risk management-related and any other matters. At the quarterly Board meetings, the Board receives presentations from the executive officers on strategic matters involving the Company’s operations. While the Board is ultimately responsible for risk oversight at the Company, the Company’s three Board Committees assist the Board in fulfilling its oversight responsibilities in certain areas of risk. The Audit Committee of the Board (the “Audit Committee”) assists the Board in fulfilling its oversight responsibilities with respect to risk management in the areas of financial reporting, internal controls and compliance with legal and regulatory requirements, and, in accordance with NYSE requirements, discusses policies with respect to risk assessment and risk management. Risk assessment reports are regularly provided by management to the Audit Committee. The Compensation, Nominating and Corporate Governance Committee of the Board (the “Compensation Committee”) assists the Board in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs and risks associated with Board organization, membership and structure, succession planning, and corporate governance. The Executive Committee of the Board (the “Executive Committee”) assists the Board in fulfilling its oversight responsibilities with respect to the management of risks associated with the acquisition, disposition and financing of investments for the Company.

Committees of the Board; Meetings

Meetings: During the year ended December 31, 2012, the Board held six meetings and took seven actions by unanimous written consent. Each of the directors attended 75% or more of the total number of the meetings of the Board and the committees on which he or she served.

Executive Committee: The Executive Committee of the Board is comprised of Howard Walker (Chair), Mr. Zell and Ms. Rosenberg. The Executive Committee has the authority, within certain parameters set by the Board, to authorize the acquisition, disposition and financing of investments for the Company (including the issuance of additional limited partnership interests of MHC Operating Limited Partnership) and to authorize contracts and agreements, including those related to the borrowing of money by the Company, and generally exercise all other powers of the Board except as prohibited by law. During the year ended December 31, 2012, the Executive Committee held no meetings and took three actions by unanimous written consent.

Compensation, Nominating and Corporate Governance Committee: The Compensation Committee is comprised of Ms. Rosenberg (Chair), Gary Waterman and David Contis. The Board has determined that each of the Compensation Committee members is an “independent” director within the meaning set forth in the NYSE listing standards. The Compensation Committee is governed by the Charter of the Compensation, Nominating and Corporate Governance Committee, a copy of which is available on the Company’s website. The Compensation Committee determines compensation for the Company’s executive officers and exercises all powers of the Board in connection with compensation matters, including incentive compensation and benefit plans. The Compensation Committee did not engage a compensation consultant, nor did a compensation consultant assist the Company or the Board with executive compensation matters during the last completed fiscal year. The Compensation Committee receives recommendations regarding executive compensation from the Company’s President and CEO and considers these recommendations in determining appropriate compensation plans. The Compensation Committee does not delegate its authority in regards to establishing executive compensation. The Compensation Committee also has the authority to grant stock options, stock appreciation rights and restricted stock awards in accordance with the Company’s 1992 Stock Option and Stock Award Plan, as amended and restated (the “Stock Option and Award Plan”), to the management of the Company and its subsidiaries, other employees and consultants. In addition, the Compensation Committee identifies and recommends qualified individuals to become Board members (described further below), develops and recommends the Guidelines on Corporate Governance applicable to the Company, recommends to the Board director nominees for each committee of the Board and directs the Board in an annual review of its performance. During the year ended

December 31, 2012, the Compensation Committee held nine meetings and took no action by unanimous written consent.

Audit Committee: The Audit Committee is comprised of Philip Calian (Chair), Thomas Dobrowski and Mr. Contis. The Board has determined that each of the Audit Committee members is an “independent” director within the meaning set forth in the NYSE listing standards and Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The Board has also determined that Mr. Calian, Mr. Dobrowski, and Mr. Contis are each an “audit committee financial expert” as that term is defined by the SEC in Item 407(d)(5) of Regulation S-K. The Audit Committee is governed by the Audit Committee Charter, a copy of which is available on the Company’s website. The Audit Committee is responsible for, among other things, engaging

our Independent Accountants, reviewing with the Company's Independent Accountants the plans for and results of the audit engagement, approving professional services provided by the Company's Independent Accountants, reviewing the independence of the Company's Independent Accountants, considering the range of audit and non-audit fees and reviewing the adequacy of the Company's internal accounting controls and accounting and reporting practices assessing the quality and integrity of our audited financial statements. The Audit Committee has also established procedures for the processing of complaints received from employees regarding internal control, accounting and auditing matters. During the year ended December 31, 2012, the Audit Committee held twelve meetings and took one action by unanimous written consent. The "Audit Committee Report" is included herein.

Board Member Nominations

Nominees for directors are selected by the Compensation, Nominating and Corporate Governance Committee. The Compensation Committee will consider nominees recommended by stockholders. If you wish to recommend a person whom you consider qualified to serve on the Board, you must give written notice to the Secretary of the Company in accordance with the requirements described in "Stockholder Proposals." This notice must contain: (i) as to each nominee, all information that would be required to be disclosed in a proxy statement with respect to the election of directors pursuant to the Exchange Act, (ii) the name and address of the stockholder giving the notice, (iii) the number of shares of Common Stock owned beneficially and of record by such stockholder, and (iv) the written consent of each nominee to serve as a director if so elected. The Compensation Committee will consider and evaluate persons recommended by stockholders in the same manner as potential nominees identified by the Board and/or the Compensation Committee.

The Compensation Committee identifies nominees for director from various sources. In assessing potential director nominees, the Compensation Committee considers the character, background and professional experience of candidates. All nominees should possess good judgment and an inquiring and independent mind. Familiarity with the issues affecting the Company is among the relevant criteria. All director nominees must possess a reputation for the highest personal and professional ethics, integrity and values. The Compensation Committee will also carefully consider any potential conflicts of interest. Nominees must also be willing and able to devote sufficient time and effort to carrying out the duties and responsibilities of a director effectively, and should be committed to serving on the Board for an extended period of time. Neither the Company nor the Compensation Committee has a formal policy with regard to the consideration of diversity in identifying and evaluating director nominees, although both may consider diversity when identifying and evaluating potential director nominees. As detailed above, the Compensation Committee strives to nominate directors with a variety of complementary skills so that, if elected, the Board will contain the appropriate mix of diversity in background and experience to oversee the Company's business.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Independence of Directors

Pursuant to the Company's Guidelines on Corporate Governance, which require that a majority of the Company's directors be independent within the meaning of NYSE standards and do not include any additional categorical standards other than those required by the NYSE, the Board undertook a review of the independence of directors nominated for re-election at the upcoming Annual Meeting. During this review, the Board considered transactions and relationships, if any, during the prior year between each director or any member of his or her immediate family and the Company, including those reported under "Certain Relationships and Related Transactions" below. As provided in the Guidelines, the purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent.

As a result of this review, the Board affirmatively determined that all the directors nominated for election at the Annual Meeting are independent of the Company and its management with the exception of the Company's current President and CEO Marguerite Nader, and the Company's former CEO Mr. Heneghan. The Board determined that none of the independent directors has or had a material relationship with the Company other than being a director and/or a stockholder of the Company.

The Board specifically considered Mr. Zell's affiliation to Two North Riverside Plaza Joint Venture Limited Partnership, which provides office space to the Company as further described in "Certain Relationships and Related Transactions" below. The Board determined that this relationship between the Company and Two North Riverside Joint Venture Plaza does not breach NYSE bright line tests and did not hinder Mr. Zell's independence. The Board considered that Mr. Zell's net worth has been estimated in excess of \$3.8 billion and that the payments to Two North Riverside Joint Venture Plaza are substantially less than one percent of the aggregate revenues of the Zell family trusts and Mr. Zell's interests. The Board further considered Mr. Zell's prior role as interim CEO for the eighteen-month period from March 1995 to August 1996, to allow time for transition to a new CEO. During such time, Mr. Zell did not receive compensation for his role as interim CEO and was not subject to an employment agreement, nor did he receive any severance, long-term health or pension benefits. The Board determined that Mr. Zell's prior role as interim CEO did not hinder Mr. Zell's independence.

The Board specifically considered Mr. Walker's role as a former CEO of the Company and determined that this role did not hinder Mr. Walker's independence within the meaning of the NYSE listing standards.

Ms. Sheli Rosenberg, who is a nominee for director, is not related to Mr. Seth Rosenberg, the Company's former Senior Vice President - Sales and Marketing.

PROPOSAL NO. 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board recommends that the stockholders ratify the selection of Ernst & Young as the Company's Independent Accountants for the fiscal year ending December 31, 2013. As a matter of good corporate governance, the selection of Ernst & Young is being submitted to stockholders for ratification. In the event of a negative vote on such ratification, the Audit Committee will reconsider its selection. Even if Ernst & Young is ratified as Independent Accountants by the stockholders, the Audit Committee, at its discretion, may direct the appointment of different Independent Accountants at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Ernst & Young has advised us that neither it nor any member thereof has any financial interest, direct or indirect, in the Company or any of its subsidiaries in any capacity. There have been no disagreements between the Company and its Independent Accountants relating to accounting procedures, financial statement disclosures or related items. Representatives of Ernst & Young are expected to be available at the Annual Meeting. These representatives will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

In this regard, the Audit Committee has established a pre-approval policy in accordance with the applicable rules of the SEC and the NYSE. The Audit Committee must pre-approve all audit services and permissible non-audit services provided by the Company's Independent Accountants, except for any de minimis non-audit services. The Audit Committee may delegate to one or more of its members who is an independent director the authority to grant pre-approvals. AUDIT COMMITTEE REPORT

The Audit Committee of the Board consists of Mr. Calian, Mr. Contis, and Mr. Dobrowski. The Board has determined that Mr. Calian, Mr. Contis, and Mr. Dobrowski each meet the independence and financial literacy requirements of the NYSE and Rule 10A-3 under the Exchange Act. In addition, the Board has determined that Mr. Calian, Mr. Contis and Mr. Dobrowski each qualify as an “audit committee financial expert” as defined by the SEC rules. No member of the Audit Committee is a current or former officer or employee of the Company, and no member serves on more than two other public company audit committees.

The Audit Committee oversees the Company’s financial reporting process on behalf of the Board. The Company’s management has the primary responsibility for the financial statements, for maintaining effective internal control over financial reporting, and for assessing the effectiveness of internal control over financial reporting. The Audit Committee is governed by a written charter approved by the Board. In accordance with this charter, the Audit Committee oversees the accounting, auditing and financial reporting practices of the Company. The Audit Committee is responsible for the appointment, retention, compensation, and oversight of the work of the Independent Accountants. The Audit Committee pre-approves the services of the Independent Accountants in accordance with the applicable rules of the SEC and the NYSE. The Audit Committee has also established procedures for the processing of complaints received from employees regarding internal control, accounting, and auditing matters. The Audit Committee held twelve meetings during 2012.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements in the Company’s Annual Report on Form 10-K for the year ended December 31, 2012 (the “2012 Form 10-K”) with the Company’s management, including a discussion of the quality, not just the acceptability, of the accounting principles; the reasonableness of significant judgments; and the clarity of disclosures in the financial statements. The Audit Committee also reviewed and discussed management’s report on its assessment of the effectiveness of the Company’s internal control over financial reporting and the Independent Accountant’s report on the Company’s internal control over financial reporting with management, the internal auditors and the Independent Accountants.

The Audit Committee reviewed with the Company’s Independent Accountants, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company’s accounting principles and such other matters as are required to be discussed with the Audit Committee by standards of the Public Company Accounting Oversight Board, rules of the SEC, and other applicable regulations. In addition, the Audit Committee has discussed with the Independent Accountants the Independent Accountant’s independence from the Company’s management and the Company, including the matters in the letter from the Independent Accountants required by the applicable requirements of the Public Company Accounting Oversight Board regarding the Independent Accountant’s communications with the Audit Committee concerning independence, and considered the compatibility of non-audit services provided to the Company by the Independent Accountants with the Independent Accountant’s independence. The Audit Committee discussed with the Company’s Independent Accountants the overall scope and plans for their audit. The Audit Committee met with the Independent Accountants, with and without management present, to discuss the results of their examinations; their evaluation of the Company’s internal controls, including internal control over financial reporting; and the overall quality of the Company’s financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board, and the Board approved, that the audited financial statements and management’s assessment of the effectiveness of the Company’s internal control over financial reporting be included in the 2012 Form 10-K for filing with the SEC. The Audit Committee and the Board also have recommended, subject to stockholder ratification, the selection of the Company’s Independent Accountants.

Respectfully submitted,

Philip Calian, Chair

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary. The purpose of this Compensation Discussion and Analysis (“CD&A”) is to provide stockholders with a description of the material elements of the Company’s compensation program for the following individuals who were the Company’s named executive officers as of December 31, 2012:

Marguerite Nader.....	Current President and Chief Executive Officer
Paul Seavey.....	Senior Vice President, Chief Financial Officer, and Treasurer
Roger Maynard.....	Executive Vice President – Asset Management
Thomas Heneghan.....	Former Chief Executive Officer
Ellen Kelleher.....	Former Executive Vice President – Property Management

Ms. Nader became President and Chief Executive Officer in February 2013, when Mr. Heneghan resigned. In addition, Mr. Seth Rosenberg was a named executive officer during a portion of 2012 and is included in this analysis. Mr. Rosenberg was no longer an executive officer of the Company for purposes of Item 402 of Regulation S-K subsequent to a realignment of duties in July 2012.

The Compensation Committee took into account the stockholder advisory vote approving executive compensation at the 2012 Annual Meeting and incorporated that as one of many factors it considered in connection with the discharge of its responsibilities. Because a substantial majority of the Company’s stockholders approved the compensation program described in the proxy statement for the 2012 Annual Meeting, the Compensation Committee did not implement changes to the executive compensation program as a result of the stockholder advisory vote.

The core principle of the Company’s executive compensation program continues to be pay for performance, and the framework of the executive compensation programs includes the governance features discussed below:

The Compensation Committee is comprised solely of independent directors.

The Compensation Committee did not retain a third-party advisor or compensation consultant for 2012.

The Compensation Committee’s annual review and approval of the Company’s compensation strategy includes a review of compensation-related risk management. In this regard, the Compensation Committee reviews the Company’s executive compensation program, including base salary, non-equity incentive compensation (“bonus”), retention and equity-based incentive compensation, and personal benefits. The Compensation Committee does not believe that the compensation program creates risks that are reasonably likely to have a material adverse effect on the Company.

The executive officers have no employment agreements or severance agreements. Effective December 31, 2012, Ms. Kelleher retired from the Company. No severance or post-employment compensation payments were made to Ms. Kelleher.

The executive officers are subject to share ownership guidelines as further described below.

The Company’s insider trading policy prohibits executive officers from engaging in speculative transactions in the Company’s securities, such as short sales or an equivalent transaction involving Company stock. The executive officers must also follow the requirements of the Company’s Business Ethics and Conduct Policy.

The Compensation Committee takes into consideration the overall performance of the Company when establishing the compensation program and determining final payments to the executive officers. This review of overall Company performance is in addition to specific goals and targets that are set for each executive officer. The following tables show the Company’s historical stock price, annual dividends, and Funds From Operations (“FFO”). FFO is a non-GAAP financial measure. The Company believes that FFO, as defined by the Board of Governors of the National Association of Real Estate Investment Trusts (“NAREIT”), is generally an appropriate measure of performance of an equity REIT. Appendix A to this proxy statement includes the definition of FFO and a reconciliation of FFO to net income, the most comparable GAAP measure.

In addition, in 2012 the Compensation Committee took into consideration the transition of executive officer roles upon the announcement of Ms. Kelleher's retirement effective December 31, 2012, a realignment of Mr. Rosenberg's duties effective in July 2012, and Mr. Heneghan's resignation as the Company's CEO effective February 1, 2013 as further discussed under "2013 Changes to Executive Compensation" below. In 2012, Ms. Nader assumed the role of President and Mr. Seavey assumed the role of Senior Vice President and Chief Financial Officer as part of this executive officer transition.

General Philosophy. The Compensation Committee determines and approves the compensation of the Company's executive officers and guides the Company's overall philosophy towards the compensation of its employees. The Compensation Committee believes that the compensation of the Company's executive officers should be both competitive and based on individual and Company performance. The Compensation Committee believes that the compensation of the executives should reflect their success as a management team in attaining certain operational goals, which leads to the success of the Company and serves the best interests of its stockholders. The Compensation Committee consults with executive management regarding both executive and non-executive employee compensation plans and programs, including administering its equity incentive plans. The Compensation Committee did not consult with an outside advisor or compensation consultant during 2012.

Objectives of the Compensation Program. The primary objective of the Company's compensation program is to attract and retain highly qualified executives by providing competitive base salaries and meaningful short-term and equity-based incentives. In addition, the compensation program is structured to hold the executive officers accountable for the performance of the Company by tying a portion of their annual non-equity incentive compensation to performance targets. The compensation program is also designed to promote an ownership mentality among executives. The Compensation Committee recognizes that the interests of stockholders are best served by giving key employees the opportunity to participate in the appreciation of the Company's Common Stock. In October 2005, the Board established stock ownership guidelines for each of the executive officer positions and directors. Under these guidelines, all of the executive officers and directors are required to purchase a minimum

amount of the Company's Common Stock within four years from their first appointment as an executive officer or director, valued at the time of purchase, and to maintain this minimum amount throughout their tenure as an executive officer or member of the Board. Such ownership guidelines follow: five times the base salary for the CEO; three times the base salary for each of the other executive officers; and three times the annual retainer for each Board member. In March 2013, the Board approved a revision to the established stock ownership guidelines to exclude any stock pledged by a director or executive officer from the computation. With the exception of Mr. Seavey who became a named executive officer in 2012, each of the named executive officers and Board members currently own shares of Common Stock of the Company that exceed the minimum established guidelines.

The following table shows the value of shares of Common Stock and Preferred Stock of the Company, including shares upon exercise of options, beneficially owned as of the Record Date by each of the individuals who were named executive officers as of December 31, 2012 as a multiple of their 2012 base salary.

What the Compensation Program is Designed to Reward. The compensation program is designed to reward the Company's executive officers for their contributions to the Company and for achieving improvements in the Company's performance during the year. The Compensation Committee deliberately kept base salaries at a relatively small percentage of total compensation. This allows the Compensation Committee to reward each officer's performance through annual bonus awards and incentives such as Restricted Common Stock Awards. The annual non-equity incentive bonus plan for each executive officer is established by the Compensation Committee after a review of goal recommendations from the CEO, who receives input on such goal recommendations from each executive officer. Restricted Common Stock Awards are designed to provide incentive to the executives to ensure the successful implementation of long-term strategic goals of the Company and to provide for the retention of such executives.

Elements of Compensation. During the year ended December 31, 2012, there were three major components of executive compensation: base salary, non-equity incentive compensation ("bonus"), and retention and equity-based incentive compensation. In conjunction with the CEO, the Compensation Committee reviews the Company's executive salary structure on an annual basis with the use of a tally sheet. The tally sheet summarizes total compensation for each executive, including base pay, stock and option award values, non-equity incentive plan compensation, and all

other compensation for the current and prior years. The tally sheet allows the Compensation Committee to quantify each executive officer's total compensation for use in comparison to the salaries of executives at other REITs as obtained from the SNL Financial database (www.snl.com).

The compensation policy takes into account a review of executive compensation and performance data on publicly traded REITs obtained from the SNL Financial database. The Compensation Committee believes the executive compensation information derived from the SNL Financial database for the selected peer group of REITs provides comparable salary data for the Company. The compensation program is based on a review of the median and average total compensation for each executive officer position and allows each executive to attain above or below average compensation compared to the peer group based on the Company's performance. This is achieved through the issuance of Restricted Common Stock Awards. Where salary information is unavailable for a particular position in the SNL Financial database, other positions having similar responsibilities are used. Salary increases are based upon overall Company performance and upon each officer's performance, established goals, and contribution to the Company's performance.

The companies that comprise the peer group are shown in the following table. When selecting this peer group, the Compensation Committee took into consideration market capitalization, three-year and five-year total returns, dividend internal rate of returns, compounded annual funds from operations growth rates, and multiples. As of December 31, 2012, the three-year and five-year

cumulative total shareholder return for the Company was 42% and 61%, respectively, as compared to the average cumulative total shareholder return for the peer group of 61% and 18%, respectively.

Total compensation for the named executive officers as set forth in the Summary Compensation Table was approximately \$8.7 million and \$7.3 million for 2012 and 2011, respectively. Total compensation for 2012 was split between base salary, non-equity incentive compensation, retention and equity-based incentive compensation and other compensation, as shown in the following chart. The total median compensation for the top five executives for the selected peer group for 2012, based on the latest reportable data in the SNL Financial database, was approximately \$9.4 million and the average was approximately \$16.7 million. The total compensation as set forth in the Summary Compensation Table included \$490,980 of compensation that Mr. Rosenberg relinquished because he was an executive officer for only a portion of 2012 due to a realignment of duties in July 2012. The increase in total executive compensation from 2011 to 2012 for the executive officers reflects the 2012 salary for Mr. Seavey as he was a named executive officer only in 2012 and an increase in the Company's stock price from \$57.40 to \$70.14 that was used to determine the fair value of restricted stock grants awarded in 2011 and 2012, respectively.

Base Salary. The Compensation Committee deliberately keeps base salaries at a relatively small percentage of total compensation with modest annual increases in base salary. For 2012, the Compensation Committee concluded that a base salary of \$382,454 for Mr. Heneghan, \$311,428 for each of Mr. Maynard and Ms. Nader, \$268,640 for Mr. Seavey, and \$300,000 for Mr. Rosenberg were appropriate in this regard. These base salaries reflected no increase over 2011 base salaries. Ms. Kelleher's salary of \$1,568,140 reflects an adjustment to her compensation in light of the July 2012 announcement of her retirement effective December 31, 2012. At such time, Ms. Kelleher relinquished her award of restricted stock and bonus potential and received an increase in base salary in recognition of her extraordinary contributions to the Company and continued services to the Company during the transition period.

Non-Equity Incentive Compensation. The Compensation Committee's practice is to award annual non-equity incentive compensation ("bonus") based on certain performance targets established by the Compensation Committee for each year after consultation with the CEO and executive officers. The Compensation Committee selected these performance targets, as they believe management should focus on short-term annual performance metrics that support and ensure the Company's long-term success and profitability. Performance targets were established and communicated to the executive officers in February 2012 when the outcome of the performance targets was substantially uncertain. The final payout of 2012 executive bonuses was in January 2013, after finalization of the Company's year-end earnings results.

The total 2012 bonus potential for the executive officers set by the Compensation Committee in February 2012 was approximately \$2,885,000. The following table shows the maximum 2012 Bonus Potential for each executive officer (each, a "2012 Bonus Potential") and the percentage attributed to each performance target.

This target required achieving \$99.1 million of net operating income from the Company's 2011 acquisition (5) properties, which target was met. The total paid to all executive officers for this target was approximately \$212,000.

This target focused on maximizing value creation through the rental program with a focus on the customer base, (6) capital investment and location for placement of rental homes, which target was met. The total paid to all executive officers for this target was approximately \$212,000.

At the beginning of 2012, the Compensation Committee in consultation with Mr. Heneghan, developed strategic initiatives upon which each executive officer would be evaluated and which would be used in determining their discretionary bonuses. Committees were formed to address key strategic issues for the Company including, but not limited to technology, customer relations, revenue management, infrastructure maintenance, and legal. Throughout 2012, each executive officer met with Mr. Heneghan to discuss achievement of these discretionary goals. The (7) Compensation Committee reviewed these evaluations and considered the results of these evaluations in the overall assessment of each executive's performance. As a result, Mr. Maynard, Ms. Nader and Mr. Seavey each received 100% of the discretionary bonus potential for 2012. In addition, Ms. Nader received an additional bonus to compensate her for assuming the role and responsibilities as President in May 2012. Mr. Seavey received an additional bonus to compensate him for assuming the role and responsibilities of Chief Financial Officer in October 2012.

The Compensation Committee's evaluation of Mr. Heneghan's achievements included a review of the Company's overall performance, as well as the attainment of the strategic initiative goals by each of the other executive officers. Mr. Heneghan received 100% of his discretionary bonus potential for 2012. In addition, Mr. Heneghan received an additional bonus for his achievements in ensuring a successful transition of executive officer roles during 2012. The total paid to all executive officers for discretionary targets and additional bonus amounts was approximately \$1,060,000.

(8) Due to the announcement of her retirement effective December 31, 2012, Ms. Kelleher relinquished her bonus.

(9) Mr. Rosenberg's bonus potential was revised in July 2012 to 50% of his base salary as disclosed in the Company's Form 8-K filed with the SEC on July 5, 2012.

(10) Mr. Seavey was promoted to Senior Vice President and Chief Financial Officer in October 2012, and therefore was not part of the executive officer bonus plan approved by the Compensation Committee in February 2012.

Retention and Equity-Based Incentive Compensation. The Stock Option and Award Plan was adopted in December 1992, and amended and restated from time to time, most recently effective March 23, 2001. The Stock Option and Award Plan and certain amendments thereto were approved by the Company's stockholders. A maximum of 6,000,000 shares of Common Stock were approved for grant under the Stock Option and Award Plan. No more than 1,800,000 of the 4,000,000 shares added to the Stock Option and Award Plan since adoption may be issued as Restricted Common Stock Awards. No more than 250,000 shares of Common Stock may be subject to grants to any one individual in any calendar year. As of December 31, 2012, 654,346 shares of Common Stock remained available for grant; of these, 254,529 shares of Common Stock remained available for Restricted Common Stock Awards. Prior to 2010, Restricted Common Stock Awards were typically granted to executive officers every three years with vesting over a three-year period. In January of 2010, 2011 and 2012, the Compensation Committee approved and granted annual grants of Restricted Common Stock Awards with one-year vesting. The vesting of Restricted Common Stock Awards is subject to acceleration in the case of death, disability and involuntary termination not for cause or change of control of the Company.

To provide long-term incentives for executive officers and to retain qualified officers, the Company has created these performance and tenure-based stock option and Restricted Common Stock award programs pursuant to the authority set forth in the Stock Option and Award Plan. The Company recognizes that the interests of stockholders are best served by giving key employees the opportunity to participate in the appreciation of the Company's Common Stock. In accordance with the Stock Option and Award Plan, stock options are awarded at the NYSE's closing price of the Company's Common Stock on the date of grant. The Company has never granted options with an exercise price that is less than the closing price of the Company's Common Stock on the grant date, nor have options been granted on a date other than the grant date.

On January 18, 2010, the Compensation Committee approved the issuance of 50,332 shares of Restricted Common Stock to the named executive officers (the "2010 Award Program"). The 2010 Award Program was created pursuant to the authority set forth in the Stock Option and Award Plan. On February 1, 2010, the named executive officers were granted shares of Restricted Common Stock with a grant date fair value of \$49.26 in accordance with the 2010 Award Program as follows: Mr. Heneghan was granted 16,333 shares; Ms. Kelleher was granted 11,333 shares; Mr. Maynard was granted 11,333 shares; and Ms. Nader was granted 11,333 shares. In addition, a total of 24,333 shares of Restricted Common Stock were granted in accordance with the 2010 Award Program to persons who were no longer executive officers of the Company as of December 31, 2012. On February 1, 2011, the named executive officers were granted shares of Restricted Common Stock with a grant date fair value of \$57.40 in accordance with the 2011 Award Program as follows: Mr. Heneghan was granted 16,333 shares; Ms. Kelleher was granted 11,333 shares; Mr. Maynard was granted 11,333 shares; Ms. Nader was granted 11,333 shares, and Mr. Rosenberg was granted 7,000 shares. In addition, a total of 11,333 shares of Restricted Common Stock were granted in accordance with the 2011 Award Program to persons who were no longer executive officers of the Company during 2012. Such shares vested on December 31, 2011.

On January 18, 2012, the Compensation Committee approved the issuance of 51,332 shares of Restricted Common Stock to the named executive officers (the "2012 Award Program"). The 2012 Award Program was created pursuant to the authority set forth in the Stock Option and Award Plan. On February 1, 2012, the named executive officers were granted shares of Restricted Common Stock with a grant date fair value of \$70.14 in accordance with the 2012 Award Program as follows: Mr. Heneghan was granted 16,333 shares; Mr. Maynard was granted 11,333 shares; Ms. Nader was granted 11,333 shares, and Mr. Seavey was granted 1,000 shares. Such shares vested on December 31, 2012. Ms. Kelleher was granted 11,333 shares, which she relinquished prior to vesting due to the announcement of her retirement effective December 31, 2012. Mr. Rosenberg was granted 7,000 shares, which he relinquished prior to vesting due to a realignment of duties in July 2012.

On each of May 11, 2010, May 11, 2011 and May 8, 2012, Mr. Heneghan received a grant of options to purchase 10,000 shares of Common Stock, which he could elect to receive as 2,000 shares of Restricted Common Stock, for his

service as a director during such years. Mr. Heneghan elected to receive his 2010, 2011 and 2012 awards as 2,000 shares of Restricted Common Stock, respectively. These options and shares of Restricted Common Stock were awarded in accordance with the Company's Stock Option and Award Plan, which provides that each Board member shall receive such annual award on the date of the first Board meeting following the Company's Annual Meeting. On such date, each director then in office will receive at the director's election either an annual grant of options to purchase 10,000 shares of Common Stock at the then-current market price or an annual grant of 2,000 shares of Restricted Common Stock. Each of these awards is subject to a vesting schedule, with one-third vesting on the date six months after the grant date; one-third vesting on the first anniversary of the grant date; and the remainder vesting on the second anniversary of the grant date.

CEO Compensation. Mr. Heneghan's 2012 compensation consisted of a base salary of \$382,454 and an annual non-equity incentive compensation ("bonus") award of \$764,908. During the year ended December 31, 2012, Mr. Heneghan acquired 18,333 shares of Restricted Common Stock upon vesting with a value of approximately \$1,224,000. On an annual basis, Mr. Heneghan receives an option to purchase 10,000 shares of Common Stock, which he can elect to receive as 2,000 shares of Restricted Stock, for his service as a director. The Compensation Committee established Mr. Heneghan's compensation based on the principles previously discussed in this CD&A.

On October 18, 2012, Mr. Heneghan accepted an offer to become chief executive officer of Equity International Management, LLC ("Equity International"), effective February 2013, and he resigned as the Company's CEO effective February 1, 2013. During the period October 18, 2012 through February 1, 2013, Mr. Heneghan continued to serve as the Company's CEO, but he also performed certain services for Equity International. The Company paid Mr. Heneghan his regular compensation through February 1, 2013. However, in consideration for the Company allowing Mr. Heneghan to perform certain services for Equity International during this period, the Company and Equity International agreed that Equity International would reimburse the Company for a portion of Mr. Heneghan's compensation in the amount of \$300,000.

SUMMARY COMPENSATION TABLE

The following table includes information concerning compensation paid to or earned for the year ended December 31, 2012 by the Company's former and current Chief Executive Officers, Chief Financial Officer, those other persons who were, at December 31, 2012, executive officers of the Company, and those persons who would have been one of the Company's three most highly compensated executive officers but for the fact that the persons were no longer executive officers of the Company at December 31, 2012.

The Company has not entered into any employment agreements with any of the named executive officers. When setting total compensation for each of the executive officers, the Compensation Committee reviews all components of compensation, including equity and non-equity based compensation.

The executive officers were not entitled to receive payments, which are characterized as "Bonus" payments for the years ended December 31, 2012, 2011 and 2010. In January 2010, 2011 and 2012, the Compensation Committee approved the final short-term incentive plan payments for each executive officer, with such payments being based on pre-established performance targets. Such annual performance-based payments are characterized as "Non-Equity Incentive Plan Compensation" in the table. Total compensation amounts include the fair value of the stock awards and option awards granted to the executive officers, with such grants being shown in the table in the year of grant.

For the years ended December 31, 2012, 2011 and 2010 "Salary" accounted for approximately 36%, 22% and 22%, respectively, of total compensation; "Stock Awards" and "Option Awards" accounted for approximately 40%, 47% and 43%, respectively, of total compensation; and "Non-Equity Incentive Plan Compensation" accounted for approximately 24%, 30% and 34%, respectively, of total compensation.

(2) Bonus payments were based on certain performance criteria being met and as such are included under the Non-Equity Incentive Plan Compensation column of this table.

These amounts reflect the grant-date fair value of restricted stock awards issued pursuant to the Company's Stock Option and Award Plan, calculated in accordance with FASB ASC 718 based on the Company's closing stock price on the grant date.

On each of May 8, 2012, May 11, 2011, and May 11, 2010, Mr. Heneghan received a grant of options to purchase 10,000 shares of Common Stock for his service as a director during such year, which he elected to receive as 2,000 shares of Restricted Common Stock. Each of these awards is subject to a vesting schedule, with one-third vesting on the date six months after the grant date; one-third vesting on the first anniversary of the grant date; and the remainder vesting on the second anniversary of the grant date.

On January 18, 2010, the Compensation Committee approved the issuance of 50,332 shares of Restricted Common Stock to the named executive officers (the “2010 Award Program”). The 2010 Award Program was created pursuant to the authority set forth in the Stock Option and Award Plan. On February 1, 2010, the named executive officers were granted shares of Restricted Common Stock with a grant date fair value of \$49.26 in accordance with the 2010 Award Program as follows: Mr. Heneghan was granted 16,333 shares; Ms. Kelleher was granted 11,333 shares; Mr. Maynard was granted 11,333 shares; and Ms. Nader was granted 11,333 shares. In addition, a total of 24,333 shares of Restricted Common Stock were granted in accordance with the 2010 Award Program to persons who were not named executive officers of the Company during 2012. Such shares vested on December 31, 2010.

On January 20, 2011, the Compensation Committee approved the issuance of 57,332 shares of Restricted Common Stock to the named executive officers (the “2011 Award Program”). The 2011 Award Program was created pursuant to the authority set forth in the Stock Option and Award Plan. On February 1, 2011, the named executive officers were granted shares of Restricted Common Stock with a grant date fair value of \$57.40 in accordance with the 2011 Award Program as follows: Mr. Heneghan was granted 16,333 shares; Ms. Kelleher was granted 11,333 shares; Mr. Maynard was granted 11,333 shares; Ms. Nader was granted 11,333 shares; and Mr. Rosenberg was granted 7,000 shares. In addition, a total of 11,333 shares of Restricted Common Stock were granted in accordance with the 2011 Award Program to persons who were not named executive officers of the Company during 2012. Such shares vested on December 31, 2011.

On January 18, 2012, the Compensation Committee approved the issuance of 58,332 shares of Restricted Common Stock to the named executive officers (the “2012 Award Program”). The 2012 Award Program was created pursuant to the authority set forth in the Stock Option and Award Plan. On February 1, 2012, the named executive officers were granted shares of Restricted Common Stock with a grant date fair value of \$70.14 in accordance with the 2012 Award Program as follows: Mr. Heneghan was granted 16,333 shares; Mr. Maynard was granted 11,333 shares; Ms. Nader was granted 11,333 shares, and Mr. Seavey was granted 1,000 shares. Such shares vested on December 31, 2012. Ms. Kelleher was granted 11,333 shares, which she relinquished prior to vesting due to the announcement of her retirement effective December 31, 2012. Mr. Rosenberg was granted 7,000 shares, which he relinquished prior to vesting due to a realignment of duties in July 2012.

All holders of Restricted Common Stock receive any dividends paid on such shares.

These amounts reflect the grant-date fair value of stock option awards issued pursuant to the Company’s Stock (4) Option and Award Plan, calculated in accordance with FASB ASC 718. There were no stock option awards issued during 2010, 2011 and 2012.

The executive officers’ annual short-term incentive plan “bonus” payment is based on pre-established performance (5) targets as communicated to the executives at the beginning of the year, and therefore, such amounts are classified as non-equity incentive plan compensation in this table.

In February 2012, March 2011, and March 2010, the Compensation Committee approved the 2012, 2011 and 2010 bonus potential and performance targets, respectively. In January 2013, 2012, and 2011, after assessment of the achievement of such performance targets, the Compensation Committee approved and the executives received their annual non-equity incentive awards for each of the years ended December 31, 2012, 2011, and 2010, respectively. See the CD&A section of this Proxy Statement for further discussion of the 2012 performance targets.

On February 15, 2013, the Compensation Committee approved the 2013 Executive Bonus Plan. Information regarding the 2013 Executive Bonus Plan was filed on Form 8-K with the SEC on February 22, 2013.

(6) There were no long-term non-equity incentive plan compensation awards granted in 2010, 2011 or 2012.

Includes employer-matching contributions pursuant to the Equity LifeStyle Properties, Inc. Retirement Savings (7) Plan of \$10,000 for the years ending December 31, 2012, 2011 and 2010, respectively. In addition, the Company paid a \$600 annual health club membership fee for Mr. Heneghan, Ms. Kelleher, and Mr. Rosenberg.

(8) As Mr. Seavey was not a named executive officer in the compensation tables in the Company's 2010 and 2011 Proxy Statements, his compensation for prior years is not included herein.

(9) Ms. Kelleher's base salary of \$1,568,140 reflects an adjustment to her compensation in light of the July 2012 announcement of her retirement effective December 31, 2012. At such time, Ms. Kelleher relinquished her award of Restricted Common Stock and bonus potential and received an increase in base salary in recognition of her extraordinary contributions to the Company and continued services to the Company during the transition period.

(10) Mr. Rosenberg's stock award of \$490,980 represents the grant-date fair value of the 7,000 shares of Restricted Common Stock initially granted to him in 2012, which he subsequently relinquished prior to vesting.

NARRATIVE DISCLOSURE OF THE COMPANY'S COMPENSATION POLICIES AND PRACTICES AS THEY RELATE TO RISK MANAGEMENT

The Compensation Committee has reviewed the Company's compensation policies and practices and believes it has taken reasonable and appropriate actions to mitigate the risk that the Company's compensation policies and practices would lead to conduct that would have an unintended material adverse effect on the Company. The assessment included a review of the components of the executive officer's compensation. For the base salary component, the Compensation Committee believes the following mitigates the incentive for risky behavior: (i) base salary is a relatively small portion of total compensation for the executive officers, and (ii) the executive officers and employees have signed the Company's Employee Handbook and Business and Ethics Policy agreeing to maintain the highest standards of personal and professional integrity at all times and to comply with the Company's policies and

procedures. For the non-equity incentive (bonus) component, the Compensation Committee believes the following mitigates the incentive for risky behavior: (i) the bonus targets are tied to near-term operational targets which lead to long-term growth of the Company and increased stockholder value and are not generally susceptible to accounting risk; and (ii) a portion of the bonus is payable at the discretion of the Compensation Committee. For the equity-based incentive component, we believe the following mitigates the incentive for risky behavior: (i) the Board has previously established share ownership guidelines for the executive officers to align their interests with those of the stockholders; (ii) the grants and terms of restricted stock are established by the Committee; and (iii) the Committee granted restricted stock rather than options to avoid the risky behavior associated with trying to maximize stock price. In addition, there are no formulaic compensation arrangements that could create unintended compensation and the Compensation Committee has the ability to exercise discretion over all pay; the CEO meets periodically with the Compensation Committee and quarterly with the Compensation Committee, Executive Committee and Audit Committee chairpersons; the Company's Internal Audit department performs property and other corporate audits to ensure compliance with policies and procedures; the Company maintains a whistleblower hotline; and quarterly disclosure meetings

are held with the executive officers and senior management for the purpose of allowing full disclosure of the information that may impact the financial statements and related disclosures.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee members for the year ended December 31, 2012 were Ms. Rosenberg, Mr. Waterman and Mr. Contis. None of the members has ever been an officer or employee of the Company or any of its subsidiaries, and no “compensation committee interlocks” existed during 2012. For a description of certain transactions with Board members or their affiliates, see “Certain Relationships and Related Transactions.”

PROPOSAL NO. 3

NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

Section 14A of the Exchange Act requires the Company to allow stockholders an opportunity to cast a non-binding advisory vote on executive compensation as disclosed in this Proxy Statement. The following proposal, commonly known as a “Say on Pay” proposal, gives stockholders the opportunity to approve, reject or abstain from voting with respect to the Company’s fiscal 2012 executive compensation programs and policies and the compensation paid to the named executive officers.

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to the SEC’s rules and regulations, including the Compensation Discussion and Analysis, the compensation tables and narrative discussion is, hereby approved on an advisory basis.”

As discussed in the “Compensation Discussion and Analysis” section of this Proxy Statement, the primary objectives of our executive compensation program are to attract and retain qualified executive officers who are accountable for the performance of the Company and to promote an ownership mentality among our executive officers. The compensation of our executive officers reflects the success of our management team in attaining certain operational goals which leads to the success of the Company and serves the best interests of our stockholders.

This proposal allows our stockholders to express their opinions regarding the decisions of the Compensation Committee on the prior year’s annual compensation to the named executive officers. Your non-binding advisory vote will serve as an additional tool to guide the Board of Directors and the Compensation Committee in continuing to improve the alignment of the Company’s executive compensation programs with the interests of the Company and its stockholders, and is consistent with our commitment to high standards of corporate governance.

Vote Required

Advisory approval of this Say on Pay Proposal requires the affirmative vote of holders of a majority of the votes cast. Because the vote on this proposal is non-binding and advisory in nature, it will not affect any compensation already paid or awarded to any named executive officer and will not be binding on or overrule any decisions by the Board; it will not create or imply any additional fiduciary duty on the part of the Board, and it will not restrict or limit the ability of stockholders to make proposals for inclusion in proxy materials related to executive compensation. To the extent there is any significant vote against our named executive officer compensation as disclosed in this proxy statement, the Compensation Committee will evaluate whether any actions are necessary to address the concerns of stockholders. The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the SEC.

At the 2011 Annual Meeting, the Company’s stockholders expressed a preference that advisory votes on executive compensation occur every year. Consistent with this preference, the Board determined to implement an advisory vote on executive compensation on an annual basis. The next vote will occur at next year’s Annual Meeting.

Board of Directors Recommendation

The Board unanimously recommends a vote “FOR” approval of the executive compensation of our named executive officers as disclosed in this Proxy Statement.

PROPOSAL NO. 4

STOCKHOLDER PROPOSAL REGARDING A REPORT ON POLITICAL CONTRIBUTIONS

Stockholder Proposal

In accordance with SEC rules, the Company has set forth below a stockholder proposal, along with the supporting statement of the stockholder proponent as they were submitted to the Company, for which the Company and the Board accept no responsibility. The stockholder proposal will be submitted to a vote of the stockholders at the Annual Meeting. As explained below, the Board unanimously recommends that you vote AGAINST the stockholder proposal. Reinvestment Partners, 110 E. Greer St., Durham, NC 27701, beneficial owner of 45.8758 shares of Common Stock, is the proponent of the following stockholder proposal.

RESOLVED, the Board should authorize the preparation of a report, updated annually, disclosing:

- Company policy and procedures governing political contributions made to legislators, regulators, and for ballot
1. initiatives, including any done on our company's behalf by trade associations. The disclosure should include both direct and indirect contributions and grassroots communications.
 2. A listing of payments (both direct and indirect, including payments to trade associations or others) used for direct and grassroots communications, including the amount of the payment and the recipient.
 3. Membership in and payments to any tax-exempt organization that writes and endorses model legislation on either the federal, state or local municipal level.
 4. Description of the decision making process and oversight by the management and Board for
 - a. direct and indirect political contributions or expenditures; and
 - b. payment for grassroots expenditures.

For purposes of this proposal, a "grassroots communication" is a communication directed to the general public that (a) refers to specific legislation, (b) reflects a view on the legislation and (c) encourages the recipient of the communication to take action with respect to the legislation.

Both "political contribution" and "grassroots lobbying communications" include efforts at the local, state and federal levels.

The report shall be presented to the Audit Committee of the Board or other relevant oversight committees of the Board and posted on the company's website.

Proposing Stockholder Supporting Statement

As shareholders, we encourage transparency and accountability in the use of staff time and corporate funds to influence legislation and regulation both directly and indirectly. We believe such disclosure is in shareholders' best interests. Absent a system of accountability, company assets could be used for policy objectives contrary to Equity Lifestyle Properties' long-term interests.

ELS has spent company resources in 2008 on state and municipal level political activities, according to a number of news articles which would affect rent control ordinances, especially in the state of California. These figures may include expenditures to influence legislation or regulation in states that do not require disclosure. As such, ELS does not disclose its contributions to tax-exempt organizations that write and endorse model legislation, such as the company's \$50,000 contribution to the Prop. 98 campaign in California.

We encourage our Board to require comprehensive disclosure related to direct, indirect and grassroots political communications.

Statement of the Board Recommending a Vote AGAINST the Stockholder Proposal

The Board has carefully considered the proposal, and it believes that the adoption of the proposal is unnecessary and would not be in the best interests of the Company or its stockholders. The Board believes that the above proposal represents the interests of a small minority of stockholders, who seek to reduce the rate of rent charged by the Company at certain of its properties by implementing or maintaining rent control regulations in certain jurisdictions. The Board believes, as evidenced by the Proponent's supporting statement, that the proposal is an attempt to implement or maintain rent control regulations by drawing attention to or dissuading the Company from making political contributions in opposition to such regulations.

As part of the Company's effort to realize the value of its properties that are subject to rent control, it made certain political contributions in 2008 in support of Proposition 98 in California, which if approved would have phased out rent control in California. The Company's goal is to achieve a level of regulatory fairness in California's rent control jurisdictions, and in particular those jurisdictions that prohibit increasing rents to market upon turnover. Such regulations allow tenants to sell their homes for a price

that includes a premium above the intrinsic value of the homes. The premium represents the value of the future discounted rent-controlled rents, which is fully capitalized into the prices of the homes sold. In the Company's view, such regulations result in a transfer to the tenants of the value of the Company's land, which would otherwise be reflected in market rents. The Company has also discovered that certain municipalities considered condemning the Company's properties at values well below the value of the underlying land based on artificially reduced rents. In the Company's view, a failure to articulate market rents for sites governed by restrictive rent control would put the Company at risk for condemnation or eminent domain proceedings based on such artificially reduced rents. Such a physical taking, should it occur, could represent substantial lost value to stockholders. The Company is cognizant of the need for affordable housing in these jurisdictions, but asserts that restrictive rent regulation does not promote this purpose because tenants pay to their sellers as part of the purchase price of the home all the future rent savings that are expected to result from the rent control regulations, eliminating any supposed improvement in the affordability of housing. In a more well-balanced regulatory environment, the Company would receive market rents that would eliminate the price premium for homes, which would trade at or near their intrinsic value.

The Company has a policy that requires all political contributions to be approved in writing by the office of the Company's General Counsel. This policy does not prevent the Company from advocating a position, expressing a view, or taking other appropriate action with respect to any legislative or political matters affecting the Company or its interests.

Like most companies in the United States, the Company participates in a number of trade organizations and industry groups, and makes payments to these organizations and groups, including membership fees and dues. These associations endeavor to achieve goals that include enhancement of the public image of the Company's industry, education about the industry and education about issues that affect the industry, industry best practices, and legislative activity related to matters that affect the industry as a whole and not just the Company. These trade organizations are supported by, and represent, many other companies and groups. As such, there may be instances where an association's political stances on certain issues may diverge from the Company's views.

The Company is committed to complying with laws and regulations governing federal and state political contributions, including all applicable disclosure requirements, and adheres to the highest standards of ethics and transparency in engaging in any political activities.

The Company believes this proposal is duplicative and unnecessary, as a comprehensive regulatory system of reporting and accountability for political contributions already exists. Because recipients of the Company's political contributions generally must disclose the identity of donors and the amount of their contributions, this proposal, if adopted, would impose additional costs and administrative burdens on the Company without conferring a commensurate benefit to stockholders. Additionally, given the Company's limited use of corporate funds for these purposes, the preparation of the report requested in this proposal would result in an unnecessary and unproductive use of Company resources.

Vote Required

The affirmative vote of holders of a majority of the votes cast is necessary to approve the stockholder proposal regarding a report on political contributions.

Board Recommendation

The Board unanimously recommends a vote "AGAINST" the stockholder proposal regarding a report on political contributions.

STOCKHOLDER PROPOSALS FOR THE 2014 ANNUAL MEETING

Stockholder proposals intended to be presented at the 2014 Annual Meeting must be received by the Secretary of the Company no later than November 28, 2013, in order to be considered for inclusion in the Company's proxy statement and on the proxy card that will be solicited by the Board in connection with the 2014 Annual Meeting.

In addition, if a stockholder desires to bring business before an Annual Meeting of Stockholders, which is not the subject of a proposal for inclusion in the Company's proxy materials, the stockholder must follow the advance notice procedures outlined in the Company's Bylaws. The Company's Bylaws provide that in order for a stockholder to nominate a candidate for election as a director at an Annual Meeting or propose business for consideration at such Annual Meeting, notice must generally be given to the Secretary of the Company no more than 90 days nor less than 60 days prior to the first anniversary of the preceding year's Annual Meeting. The 2013 Annual Meeting is scheduled for May 8, 2013. Therefore, if a stockholder desires to present a proposal for the 2014 Annual Meeting without seeking to include the proposal in the Company's proxy materials, the Company must receive notice of the proposal no earlier than February 7, 2014 and no later than March 9, 2014. HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (such as banks and brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are our stockholders will be "householding" our proxy materials. A single Notice will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the impacted stockholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a Notice, please notify us, by directing your request to: Equity LifeStyle Properties, Inc., Two North Riverside Plaza, Suite 800, Chicago, Illinois 60606; Attn: Kenneth Kroot, Secretary, Telephone: 312-279-1400. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request "householding" of their communications should contact their broker as specified above.

OTHER MATTERS

The Board knows of no other matters to be presented for stockholder action at the Annual Meeting. If any other matters are properly presented at the Annual Meeting for action, it is intended that the persons named in the accompanying proxy and acting thereunder will vote in accordance with their best judgment on such matters.

Supplemental Information for the Compensation Discussion and Analysis in the Proxy Statement for the 2013 Annual Meeting of Stockholders

INFORMATION REGARDING NON-GAAP FINANCIAL MEASURES AND RECONCILIATION OF NON-GAAP FINANCIAL MEASURES TO MOST DIRECTLY COMPARABLE GAAP MEASURES

The Compensation Discussion and Analysis (“CD&A”) of this Proxy Statement contains Funds from Operations (“FFO”), a non-GAAP financial measure. The Company believes FFO, as defined by the Board of Governors of the National Association of Real Estate Investment Trusts (“NAREIT”), is generally an appropriate measure of performance for an equity REIT. While FFO is a relevant and widely used measure of operating performance for equity REITs, it does not represent cash flow from operations or net income as defined by GAAP, and it should not be considered as an alternative to these indicators in evaluating liquidity or operating performance.

The Company defines FFO as net income, computed in accordance with GAAP, excluding gains or actual or estimated losses from sales of properties, plus real estate related depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. Adjustments for unconsolidated partnerships and joint ventures are calculated to reflect FFO on the same basis. The Company receives up-front non-refundable payments from the entry of right-to-use contracts. In accordance with GAAP, the upfront non-refundable payments and related commissions are deferred and amortized over the estimated customer life. Although the NAREIT definition of FFO does not address the treatment of nonrefundable right-to-use payments, the Company believes that it is appropriate to adjust for the impact of the deferral activity in its calculation of FFO. The Company believes that FFO is helpful to investors as one of several measures of the performance of an equity REIT. The Company further believes that by excluding the effect of depreciation, amortization and gains or actual or estimated losses from sales of real estate, all of which are based on historical costs and which may be of limited relevance in evaluating current performance, FFO can facilitate comparisons of operating performance between periods and among other equity REITs. The Company believes that the adjustment to FFO for the net revenue deferral of upfront non-refundable payments and expense deferral of right-to-use contract commissions also facilitates the comparison to other equity REITs. Investors should review FFO, along with GAAP net income and cash flow from operating activities, investing activities and financing activities, when evaluating an equity REIT’s operating performance. The Company computes FFO in accordance with its interpretation of standards established by NAREIT, which may not be comparable to FFO reported by other REITs that do not define the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently than the Company does. FFO does not represent cash generated from operating activities in accordance with GAAP, nor does it represent cash available to pay distributions and should not be considered as an alternative to net income, determined in accordance with GAAP, as an indication of the Company’s financial performance, or to cash flow from operating activities, determined in accordance with GAAP, as a measure of its liquidity, nor is it indicative of funds available to fund our cash needs, including its ability to make cash distributions. The following table presents a calculation of FFO for the years ended December 31, 2012, 2011, 2010, 2009, and 2008 (amounts in thousands):
