PROPOSAL I

ELECTION OF DIRECTORS

The Board currently consists of eleven persons divided into three classes. Monaghan has advised the Board of Directors and the Nominating and Compensation Committee that he will retire from the Board of Directors at the time of the 2004 Annual Meeting and will not stand for re-election as a Director.

All nominees named above have consented to serve as Directors if elected. In the event that any of the nominees should fail to stand for election, the persons named as proxy in the enclosed form of proxy intend to vote for substitute nominees. CERTAIN INFORMATION CONCERNING BOARD
AND OUTSIDE DIRECTORS' COMPENSATION

During the fiscal year ended June 30, 2004, four regular and two special meetings of the Board were held. All of the Directors attended at least 75% of the meetings of the Board and the committees on which they served. The Board encourages all its members to attend the Annual Meeting of Stockholders. All members attended the prior year's annual meeting.

The Board has determined that Ms. Bottie and Messrs. Boylen, Davis, Deignan, Holloran and Rangen are independent directors. The independent directors meet periodically in executive session without the Chief Executive Officer present. The Chairman of the Audit and Ethics Committee presides at these meetings.

Each Director who is not an employee of the Company is paid a retainer at the rate of \$12,000 per year. In addition, each is paid a fee of \$3,000 for each Board meeting each attends. The Chairman of the Board is paid a retainer of \$20,800 per year and a fee of \$5,200 for each Board meeting attended. For attending a committee meeting each is paid a fee of \$1,100. The Chairman of each Committee is paid \$1,200 for each meeting attended. The Company pays no additional remuneration to employees of the Company who are Directors.

Each Director who is not an employee of the Company receives on the first business day after each annual meeting a non-discretionary, non-qualified stock option grant for 2,500 shares valued at fair market value on date of grant, exercisable for 10 years. Each person who becomes for the first time a non-employee member of the Board, including by reason of election, appointment or lapse of three (3) years since employment by the Company, will receive an immediate one-time option grant for 2,500 shares.

The Company has a long standing agreement with Thomas E. Holloran pursuant to which the Company will pay to him, or his beneficiaries, \$20,000 after he ceases to be a Director as additional compensation in recognition of Director services rendered.

COMMITTEES OF THE BOARD

The Board of Directors has established two standing committees of the Board. The names of the committees and the principal duties are as follows:

Audit and Ethics Committee:

Confers with the independent registered public accounting firm on various matters, including the scope and results of the audit; authorizes special reviews or audits; reviews internal auditing procedures and the adequacy of internal controls; and reviews policies and practices respecting compliance with laws, conflicts of interest and ethical standards of the Company. The Committee held four regular meetings during the fiscal year ended June 30, 2004. The Committee members are Thomas E. Holloran, Mary C. Bottie, Lynn J. Davis, Robert E. Deignan and Eric S. Rangen. The Board of Directors has adopted a written charter for the Audit and Ethics Committee which is attached hereto as Exhibit A. The Board has determined that at least one member of the Audit and Ethics Committee qualifies as an Audit Committee financial expert within the meaning of SEC rules and

regulations, and has designated Eric S. Rangan as the Audit Committee financial expert.

Nominating and Compensation Committee:

Makes recommendations regarding Board compensation, reviews performance and compensation of all executive officers, determines stock option grants, and advises regarding employee benefit plans. Reviews timely proposed nominees received from any source including nominees by stockholders and makes recommendations to the Board regarding all nominees. The Board has adopted a written charter for the Nominating and Compensation Committee attached hereto as Exhibit B. Nominations by stockholders must be received by the Secretary at least 18 days before the annual meeting and set forth nominee information as required by the Restated Articles which are available upon request to the Secretary of the Company. The Board believes all Nominating and Compensation Committee members are independent as defined by NASD listing standards and applicable SEC rules and regulations. The Committee held two meetings during the fiscal year ended June 30, 2004. The Committee members are Robert E. Deignan, Lynn J. Davis and Thomas E. Holloran.

Subject to applicable law and regulatory requirements, the Board may establish additional or different committees from time to time. The Board has adopted written charters for the above committees.

NOMINATING AND COMPENSATION COMMITTEE REPORT CONCERNING
FLEXSTEEL'S EXECUTIVE COMPENSATION POLICY

The Nominating and Compensation Committee of the Board of Directors is responsible for the establishing of the Company's policy for compensating executive officers. The Committee is comprised of independent directors.

Compensation Philosophy The fundamental objective of Flexsteel's executive compensation program is to support the achievement of the Company's business objectives and, thereby, the creation of stockholder value. As such, the Company's philosophy is that executive compensation policy and practice should be designed to achieve the following objectives:

Align the interests of executives with those of the Company and its stockholders by providing a significant portion of compensation in Company stock.

Provide an incentive to executives by tying a meaningful portion of compensation to the achievement of Company financial objectives.

11

Enable the Company to attract and retain key executives whose skills and capabilities are needed for the continued growth and success of Flexsteel by offering competitive total compensation opportunities and providing attractive career opportunities.

In compensating executive officers for their performance, total compensation is influenced by return on equity and stock price. At the executive level, overall Company performance is emphasized in an effort to encourage teamwork and cooperation.

While a significant portion of compensation fluctuates with annual results, the total program is structured to emphasize longer-term performance and sustained growth in stockholder value.

Competitive Positioning The Committee regularly reviews executive compensation levels to ensure that the Company will be able to attract and retain the caliber of executives needed to run the Company and that pay for executives is reasonable and appropriate relative to market practice. In making these evaluations, the Committee annually reviews the result of surveys of executive salary and annual bonus levels among durable goods manufacturers of comparable size. The Committee periodically completes an in-depth analysis of salary, annual bonus, and long-term incentive opportunities among specific competitors assisted by an independent compensation consulting firm. The surveyed companies are included in the Household Furniture Index used as the peer group for purposes of the performance graph. While the pay of an individual executive may vary, the Company's Policy is to target aggregate compensation for executive officers at average competitive levels, provided commensurate performance.

Components of Executive Compensation The principal components of Flexsteel's executive compensation program include base salaries, annual cash bonuses, and longer-term incentives using Company stock.

Base Salary An individual executive's base salary is based upon the executive's level of responsibility and performance within the Company, as well as competitive rates of pay. The Committee reviews each executive officer's salary annually and makes adjustments, as appropriate, in light of any change in the executive's responsibility, changes

in competitive salary levels, and the Company's performance.

Annual Incentive The purpose of the Company's annual incentive program is to provide a direct monetary incentive to executives in the form of annual cash bonus tied to the achievement of performance objectives. For executive officers, the Committee annually sets a targeted return on equity for the coming year, from which minimum and maximum levels are determined. Corresponding incentive award levels, expressed as a percentage of salary, also are set based primarily on an individual's responsibility level. If minimum performance levels

12

are not met, no bonus award is made. After the completion of the year, the Committee ratifies cash bonuses as awarded based principally on the extent to which targeted return on equity has been achieved.

Long-Term Incentives Longer-term incentive compensation involves the use of stock under two types of awards: Long-term incentive awards and stock options. Both types of awards are intended to focus executives attention on the achievement of the Company's longer term performance objectives, to align the executive officers interests with those of stockholders and to facilitate executives' accumulations of sustained holding of Company stock. The level of award opportunities, as combined under both plans, are intended to be consistent with typical levels of comparable companies and reflect an individual's level of responsibility and performance.

Long-term incentive awards are paid under the stockholder approved Management Incentive Plan. Awards give executives the opportunity to earn shares of Company stock to the extent that the three-year average return on equity objectives are achieved. As with annual incentives, various levels of performance goals and corresponding compensation amounts are established, with no awards earned if a minimum level is not achieved. Two-thirds of any earned shares are subject to forfeiture provisions tied to the executive's continued service with the Company. This provision is intended to enhance the Company's ability to retain key executives and provide a longer-term performance focus.

Stock options, as awarded under stockholder approved plans, give executives the opportunity to purchase Flexsteel common stock for a term not to exceed ten years and at a price of no less than the fair market value of Company stock on the date of grant. Executives benefit from stock options only to the extent stock price appreciates after the grant of the option.

Compensation of the Chief Executive Officer The total compensation for Flexsteel's CEO in fiscal year 2004 was established in accordance with the policies discussed above. Mr. Lauritsen's base salary increase reflects market movements in executive salaries. His annual cash incentive award and his long-term incentive award were based on the Company's achievement of minimum established target levels for return on equity. Mr. Lauritsen's stock option award was consistent with prior awards and those to other senior executives.

The Company's current levels of compensation are less than the \$1,000,000 level of non-deductibility with respect to Section 162(m) of the Internal Revenue Code.
