President's Letter

Dear Stockholder,

I am pleased to present the annual report for Neuberger Berman MLP Income Fund Inc., covering the 12-months ended November 30, 2015. The report includes portfolio commentary, a listing of the Fund's investments, and its audited financial statements for the reporting period.

The Fund seeks to provide total return with an emphasis on cash distributions. To pursue this objective, we have assembled a portfolio that consists primarily of Master Limited Partnerships (MLPs) and select companies that have economic characteristics substantially similar to MLPs. The portfolio management team currently emphasizes natural gas-focused midstream MLPs and General Partnerships.

Thank you for your confidence in the Fund. We will continue to do our best to earn your trust in the years to come.

Sincerely,

Robert Conti
President and CEO
Neuberger Berman MLP Income Fund Inc.

Neuberger Berman MLP Income Fund Inc. Portfolio Commentary (Unaudited)

Neuberger Berman MLP Income Fund Inc. generated a -41.24% total return on a net asset value (NAV) basis for the 12 months ended November 30, 2015 and underperformed its benchmark, the Alerian MLP Index, which posted a -34.03% return for the same period. (Fund performance on a market price basis is provided in the table immediately following this letter.)

The energy sector broadly—and MLPs specifically—have significantly underperformed the S&P[®]500 Index due to the precipitous decline in crude oil prices. Our investments remain concentrated in natural gas-focused midstream MLPs and General Partnerships (GPs) that have little direct exposure to commodity prices. The Fund underperformed its benchmark due to the use of leverage and concentration in GPs, a subgroup that is not included in the Alerian MLP Index.

Crude oil prices fell dramatically during the last year and a half. Prices moved briefly higher this past spring, rising above \$60 a barrel. As of the Fund's fiscal year end, prices trended downward again, to about \$40 a barrel. While energy MLP stock prices are sensitive to any extreme volatility in crude oil prices, as they have been over the past year and a half, the long-term correlation to crude oil prices has historically been low.

In our opinion, the cash flow stream for midstream MLPs is stable and should continue to grow over the longer term due to the need for more energy infrastructure. There has been a tremendous disconnect between market sentiment and the intrinsic value of midstream MLPs. A majority of the Fund's portfolio is focused on midstream natural gas-focused MLPs where we believe supply and demand fundamentals remain very bright. The U.S. is sitting on an abundant natural gas resource base that we believe can support growing natural gas demand from power generation, agricultural and petrochemical companies and export markets.

Limited liquidity, intense technical pressure, tax-loss selling, and an enduring dearth of buyers of these securities—as well as hedge funds' efforts to get ahead of these trends—have all contributed to dramatic and, we believe, irrational share-price movements in MLPs. Exacerbating the downward pressure is investors' unwillingness to commit new capital at year end.

Investors need to be attentive to the Fund's use of a leveraged capital structure, which magnifies the directional movement of its common share NAV, as this tends to not only result in greater returns in a rising market; but, also can generate greater losses in a declining market. In addition, in a market environment where the cost of leverage is less than the yields available from the investments purchased through the use of leverage, the amount of income or cash flow generation per common share can be increased. During the 12-month reporting period, the Fund's use of leverage detracted from overall NAV total return as the amplified price declines were not offset by the increased cash flows attributable to the Fund's use of leverage.

We remain committed to the Fund's investment thesis, which centers on the U.S. shale revolution and our expectation that the substantial oil and gas resource base contained in this country will require billions of dollars in infrastructure investment over the next several decades to facilitate its development. We believe that the cash flow generated from these projects, coupled with a reasonable cost-of-capital environment, should support long-term distribution growth for our portfolio companies over the long term.

Sincerely,

Douglas Rachlin
Lead Portfolio Manager

* Date of initial public offering. The Fund commenced operations on March 28, 2013.

Closed-end funds, unlike open-end funds, are not continually offered. Generally, there is an initial public offering and, once issued, shares of common stock of closed-end funds are sold in the secondary market on a stock exchange.

The performance data quoted represent past performance and do not indicate future results. Current performance may be lower or higher than the performance data quoted. For more current performance data, please visit www.nb.com/cef-performance.

The results shown in the table reflect the reinvestment of income dividends and other distributions, if any. The results do not reflect the effect of taxes a stockholder would pay on Fund distributions or on the sale of shares of the Fund's common stock.

The investment return and market price will fluctuate and shares of the Fund's common stock may trade at prices above or below NAV. Shares of the Fund's common stock, when sold, may be worth more or less than their original cost.

Description of Index

Alerian MLP Index: The Alerian MLP Index is a float-adjusted, capitalization-weighted index that is a composite of 50 prominent energy Master Limited Partnerships (MLPs), which captures approximately 75% of available market capitalization. It is the leading gauge of large- and mid-cap energy MLPs.

Please note that the index does not take into account any fees and expenses or any tax consequences of investing in the individual securities that it tracks and that individuals cannot invest directly in any index. Data about the performance of this index are prepared or obtained by Management and include reinvestment of all income dividends and other distributions, if any. The Fund may invest in securities not included in the above described index and generally does not invest in all securities included in the index.

Notes to Schedule of Investments

† In accordance with Accounting Standards Codification (“ASC”) 820 “Fair Value Measurement” (“ASC 820”), all investments held by Neuberger Berman MLP Income Fund Inc. (the “Fund”) are carried at the value that Neuberger Berman Investment Advisers LLC (“Management”) believes the Fund would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market for the investment under current market conditions. Various inputs, including the volume and level of activity for the asset or liability in the market, are considered in valuing the Fund’s investments, some of which are discussed below. Significant Management judgment may be necessary to value investments in accordance with ASC 820.

ASC 820 established a three-tier hierarchy of inputs to create a classification of value measurements for disclosure purposes. The three-tier hierarchy of inputs is summarized in the three broad Levels listed below.

Level 1 – quoted prices in active markets for identical investments

Level 2 – other observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, amortized cost, etc.)

Level 3 – unobservable inputs (including the Fund’s own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing an investment are not necessarily an indication of the risk associated with investing in those securities.

The value of the Fund’s investments in equity securities (including master limited partnerships), for which market quotations are readily available, is generally determined by Management by obtaining valuations from independent pricing services based on the latest sale price quoted on a principal exchange or market for that security (Level 1 inputs). Securities traded primarily on the NASDAQ Stock Market are normally valued at the NASDAQ Official Closing Price (“NOCP”) provided by NASDAQ each business day. The NOCP is the most recently reported price as of 4:00:02 p.m., Eastern time, unless that price is outside the range of the “inside” bid and asked prices (i.e., the bid and asked prices that dealers quote to each other when trading for their own accounts); in that case, NASDAQ will adjust the price to equal the inside bid or asked price, whichever is closer. Because of delays in reporting trades, the NOCP may not be based on the price of the last trade to occur before the market closes. If there is no sale of a security on a particular day, the independent pricing service may value the security based on market quotations.

Management has developed a process to periodically review information provided by independent pricing services for all types of securities.

Investments in non-exchange traded investment companies are valued using the respective fund’s daily calculated net asset value per share (Level 2 inputs).

If a valuation is not available from an independent pricing service, or if Management has reason to believe that the valuation received does not represent the amount the Fund might reasonably expect to receive on a current sale in an orderly transaction, Management seeks to obtain quotations from brokers or dealers (generally considered Level 2 or Level 3 inputs depending on the number of quotes available). If such quotations are not readily available, the security is valued using methods the Fund’s Board of Directors (the “Board”) has approved in the good-faith belief that the resulting valuation will reflect the fair value of the security. Numerous factors may be considered when determining the fair value of a security based on Level 2 or Level 3 inputs, including available analyst, media or other reports, trading in financial futures or American Depositary Receipts (“ADRs”) and whether the issuer of the security being fair valued has other securities outstanding.

See Notes to Financial Statements 7

Notes to Schedule of Investments (cont'd)

Fair value prices are necessarily estimates, and there is no assurance that such a price will be at or close to the price at which the security is next quoted or next trades.

The following is a summary, categorized by Level, of inputs used to value the Fund's investments as of November 30, 2015:

Note A—Summary of Significant Accounting Policies:

- 1 General:** The Fund was organized as a Maryland corporation on November 16, 2012 as a non-diversified, closed-end management investment company under the Investment Company Act of 1940, as amended (the “1940 Act”). The Board may classify or re-classify any unissued shares of capital stock into one or more classes of preferred stock without the approval of stockholders.

The Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (FASB) Accounting Standard Codification Topic 946 “Financial Services – Investment Companies.”

The preparation of financial statements in accordance with U.S. generally accepted accounting principles (“GAAP”) requires Management to make estimates and assumptions at the date of the financial statements. Actual results could differ from those estimates.

- 2 Portfolio valuation:** Investment securities are valued as indicated in the notes following the Schedule of Investments.
- 3 Securities transactions and investment income:** Securities transactions are recorded on trade date for financial reporting purposes. Dividend and distribution income is recorded on the ex-dividend date. Distributions received from the Fund’s investments in master limited partnerships or limited liability companies that have economic characteristics substantially similar to master limited partnerships (collectively, “MLPs”) generally are comprised of ordinary income and return of capital from the MLPs. The Fund allocates distributions between income and return of capital based on estimates made at the time such distributions are received. Such estimates are based on information provided by each MLP and other industry sources. These estimates may subsequently be revised based on actual allocations received from MLPs after their tax reporting periods are concluded, as the actual character of these distributions is not known until after the fiscal year end of the Fund. For the year ended November 30, 2015, the Fund estimated the allocation of investment income and return of capital for the distributions received from MLPs within the Statement of Operations. For the year ended November 30, 2015, the Fund has estimated approximately 1.7% as income and approximately 98.3% as return of capital.

Non-cash dividends included in dividend income, if any, are recorded at the fair market value of the securities received. Interest income, including accretion of original issue discount, where applicable, and accretion of discount on short-term investments, if any, is recorded on the accrual basis. Realized gains and losses from securities transactions are recorded on the basis of identified cost and stated separately in the Statement of Operations.

- 4 Income tax information:** The Fund, as a corporation, is obligated to pay federal and state income tax on its taxable income. Currently, the highest regular marginal federal income tax rate for a corporation is 35%. The Fund may be subject to a 20% federal alternative minimum tax (“AMT”) on its federal alternative minimum taxable income to the extent that its AMT exceeds its regular federal income tax.

The Fund invests its assets primarily in MLPs, which generally are treated as partnerships for federal income tax purposes. As a limited partner in the MLPs, the Fund reports its allocable share of the MLP’s taxable income or loss in computing its own taxable income or loss. The Fund’s income tax expense or benefit is included in the Statement of Operations based on the component of income or gains (losses) to which such expense or benefit relates. Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts

of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. A valuation allowance is recognized if, based on the weight of available evidence, it is more likely than not that some portion or all of the deferred income tax asset will not be realized.

13

Components of the Fund's deferred tax assets and liabilities as of November 30, 2015, are as follows:

Deferred tax assets:

Net operating loss carryforwards	\$ 42,105,049
Capital loss carryforwards	5,954,721
Unrealized losses on investment securities	53,247,270
Total deferred tax asset, before valuation allowance	101,307,040
Valuation allowance	(101,307,040)
Net deferred tax asset, after valuation allowance	\$ —

At November 30, 2015, a valuation allowance on deferred tax assets was deemed necessary because Management believes it is more likely than not that the Fund will not be able to recognize its deferred tax assets through future taxable income. The impact of any adjustments to the Fund's estimates of future taxable income will be made in the same period that such determination is made. The Fund recognizes the tax benefits of uncertain tax positions only when the position is "more likely than not" to be sustained upon examination by the tax authorities based on the technical merits of the tax position. The Fund's policy is to record interest and penalties on uncertain tax positions as part of tax expense. As of November 30, 2015, the Fund had no uncertain tax positions.

Total income tax benefit differs from the amount computed by applying the federal statutory income tax rate of 35% to net investment loss and net realized and unrealized losses on investments for the year ended November 30, 2015, as follows:

Application of statutory income tax rate	\$ 203,676,877
State income tax benefit, net of federal tax benefit	12,470,263
Tax benefit on permanent items	2,508,731
Valuation allowance	(101,307,040)
Total income tax benefit	\$ 117,348,831

Total income taxes are computed by applying the federal statutory rate plus a blended state income tax rate.

Net operating loss carryforwards and capital loss carryforwards are available to offset future taxable income. The Fund has the following net operating loss carryforwards and capital loss carryforwards amounts:

Fiscal Period Ended	Net Operating Loss	
	Carryforwards	Expiration
November 30, 2013	\$ 853,926	November 30, 2033
November 30, 2014	105,471,178	November 30, 2034
	\$ 106,325,104	

Fiscal Period Ended	Capital Loss	
	Carryforwards	Expiration
November 30, 2014	\$10,417,472	November 30, 2019
November 30, 2015	5,588,817	November 30, 2020
	\$16,006,289	

5 Distributions to common stockholders: It is the policy of the Fund to declare quarterly and pay monthly distributions to common stockholders. The Fund has adopted a policy to pay common stockholders a stable monthly distribution. The Fund currently intends to pay distributions out of its distributable cash flow, which generally consists of cash and paid-in-kind distributions from MLPs or their affiliates, dividends from common

stocks, interest from debt instruments and income from other investments held by the Fund less current or accrued operating expenses of the Fund, including taxes on Fund taxable income and leverage costs. Distributions to common stockholders relating to in-kind dividends or distributions received by the Fund on its investments will be paid in cash or additional shares of

common stock. There is no assurance that the Fund will always be able to pay distributions of a particular size. The composition of the Fund's distributions for the calendar year 2015 will be reported to Fund stockholders on IRS Form 1099DIV. Distributions to common stockholders are recorded on the ex-date.

The Fund invests a significant portion of its assets in MLPs. The distributions the Fund receives from MLPs are generally composed of income and/or return of capital, but the MLPs do not report this information to the Fund until the following calendar year. At November 30, 2015, the Fund estimated these amounts within the financial statements since the information is not available from the MLPs until after the Fund's fiscal year-end. For the year ended November 30, 2015, the character of distributions paid to stockholders disclosed within the Statement of Changes in Net Assets is based on estimates made at that time. All estimates are based upon MLP information sources available to the Fund. Based on past experience with MLPs, it is likely that a portion of the Fund's distributions during the current fiscal year will be considered tax return of capital, but the actual amount of the tax return of capital, if any, is not determinable until after the Fund's fiscal year-end. After calendar year-end, the Fund learns the nature of the distributions paid by MLPs during the previous year. After all applicable MLPs have informed the Fund of the actual breakdown of distributions paid to the Fund during its fiscal year, estimates previously recorded are adjusted on the books of the Fund to reflect actual results. As a result, the composition of the Fund's distributions as reported herein may differ from the final composition determined after fiscal year-end and reported to Fund stockholders on IRS Form 1099DIV.

On September 30, 2015, the Fund declared a monthly distribution to common stockholders in the amount of \$0.105 per share payable on December 31, 2015 to common stockholders of record on December 15, 2015 with an ex-date of December 11, 2015. Subsequent to November 30, 2015, the Fund declared three monthly distributions to common stockholders in the amount of \$0.105 per share per month, payable on January 29, 2016, February 29, 2016, and March 31, 2016, to common stockholders of record on January 15, 2016, February 16, 2016, and March 15, 2016, respectively.

- 6 Expense allocation:** Certain expenses are applicable to multiple funds within the complex of related investment companies. Expenses directly attributable to the Fund are charged to the Fund. Expenses borne by the complex of related investment companies, which includes open-end and closed-end investment companies for which Management serves as investment manager, that are not directly attributable to a particular investment company (e.g., the Fund) are allocated among the Fund and the other investment companies or series thereof in the complex on the basis of relative net assets, except where a more appropriate allocation of expenses to each of the investment companies or series thereof in the complex can otherwise be made fairly.
- 7 Financial leverage:** In July 2013, the Fund entered into a \$500 million secured, committed, margin facility (the "Facility") with Merrill Lynch Professional Clearing Corp that had a 270-day rolling term that reset daily. Under the Facility, interest was charged on LIBOR Loans at an adjusted LIBOR rate and was payable on the last day of each interest period. For the period from December 1, 2014 to April 13, 2015, the average principal balance and interest rate for the Facility was approximately \$401,642,000 and 0.97%, respectively. On April 14, 2015, the Fund terminated the Facility and entered into a \$500 million secured, committed, leverage facility (the "New Facility") with Société Générale. The New Facility consists of \$300 million in committed floating-rate debt financing and \$200 million in committed fixed-rate debt financing. Under the New Facility, interest is charged on floating rate loans based on an adjusted LIBOR rate and is payable on the last day of each interest period. For the period from April 14, 2015 to November 30, 2015, the average principal balance and interest rate was approximately \$380,195,000 and 1.56%, respectively. Interest is charged on three fixed rate loans at 3.28%, 3.64%, and 3.88%, respectively, and interest is payable on the last day of each interest period.

The Fund is required to pay a commitment fee under the New Facility if the level of debt outstanding falls below a certain percentage. During the reporting period the Fund was required to pay this commitment fee. The Fund has paid certain expenses in connection with establishment and documentation of the New Facility, which

are being amortized over the first three years of the New Facility. These expenses, including the commitment fee, are included in the Interest expense line item that is reflected in the Statement of Operations. Under the terms of the New Facility, the Fund is also required to satisfy certain collateral requirements and maintain a certain level of net assets.

On January 15, 2016, the Fund entered into an amendment to the credit agreement with respect to the new Facility (the “Amendment”). The Amendment waived prior compliance with, and amended certain terms relating to, the Fund’s levels of net assets and the covenant relating to distributions; amended certain other terms relating to margin requirements; and reduced the amount of permitted leverage.

At November 30, 2015, the principal balance outstanding under the New Facility was \$325 million. Subsequent to the reporting period, the Fund reduced the principal balance outstanding under the New Facility. As of January 21, 2016, the outstanding principal balance under the New Facility was \$200 million.

8 Concentration of risk: Under normal market conditions, the Fund will concentrate in MLPs, many of which operate in the natural resources industry. The natural resources industry includes companies involved in: exploration and production, refining and marketing, coal and metals mining, oilfield service, drilling, integrated natural gas midstream services, transportation and storage, shipping, electricity generation, distribution, development, gathering, processing and renewable resources. The focus of the Fund’s portfolio on a specific group of largely interrelated sectors may present more risks than if its portfolio were broadly diversified over numerous industries and sectors of the economy. A downturn in the natural resources industry would have a larger impact on the Fund than on an investment company that does not concentrate in such industry. Recently, many MLPs, and particularly those that operate in the natural resources industry, have experienced a meaningful decline in market value. This decline has negatively impacted the Fund’s performance and resulted in a decline in its net asset value. For the period November 30, 2015 through January 21, 2016, the Fund’s net asset value declined by (51)%.

9 Indemnifications: Like many other companies, the Fund’s organizational documents provide that its officers (“Officers”) and directors (“Directors”) are indemnified against certain liabilities arising out of the performance of their duties to the Fund. In addition, both in some of its principal service contracts and in the normal course of its business, the Fund enters into contracts that provide indemnifications to other parties for certain types of losses or liabilities. The Fund’s maximum exposure under these arrangements is unknown as this could involve future claims against the Fund.

Note B—Investment Management Fees, Administration Fees, and Other Transactions with Affiliates:

The Fund retains Management as its investment manager under a Management Agreement. For such investment management services, the Fund pays Management a fee at the annual rate of 0.75% of its average weekly Managed Assets. Managed Assets equal the total assets of the Fund, less liabilities other than the aggregate indebtedness entered into for purposes of leverage.

The Fund retains Management as its administrator under an Administration Agreement. The Fund pays Management an administration fee at the annual rate of 0.25% of its average weekly Managed Assets under this agreement. Additionally, Management retains US Bancorp Fund Services, LLC (“USBFS”) as its sub-administrator under a Sub-Administration Agreement. Management pays USBFS a fee for all services received under the Sub-Administration Agreement.

Prior to January 1, 2016, Neuberger Berman LLC (“Neuberger”) was retained by Management pursuant to a Sub-Advisory Agreement to furnish it with investment recommendations and research information without added cost to the Fund. Several individuals who are Officers and/or Directors of the Fund are also employees of Neuberger and/or Management.

Note C—Securities Transactions:

During the year ended November 30, 2015, there were purchase and sale transactions of long-term securities of \$594,998,337 and \$783,253,728, respectively.

During the year ended November 30, 2015, no brokerage commissions on securities transactions were paid to affiliated brokers.

Note D—Capital:

At November 30, 2015, the shares of the Fund's common stock outstanding and the shares of the Fund's common stock owned by Neuberger were as follows:

Common Stock Outstanding	Common Stock Owned by Neuberger
56,546,679	6,164

Transactions in shares of common stock for the years ended November 30, 2015 and 2014 were as follows:

Note F—Legal Entity Consolidation:

On January 1, 2016, Neuberger Berman Management LLC (“Neuberger Berman”) and Neuberger transferred to Neuberger Berman Fixed Income LLC (“NBFI”) their rights and obligations pertaining to all services they provide to the Fund under the Management Agreement, Sub-Advisory Agreement and Administration Agreement (the “Agreements”). Following such transfer, NBFI was renamed Neuberger Berman Investment Advisers LLC (“NBIA”).

As of November 30, 2015, Neuberger Berman served as the Fund’s investment manager and administrator and Neuberger served as the Fund’s sub-adviser. Following the consolidation, the investment professionals of Management and Neuberger, who provide services to the Fund under the Agreements, continue to provide the same services, except that they provide those services in their new capacities as investment professionals of NBIA. Further, the consolidation did not result in any change in the investment processes currently employed by the Fund, the nature or level of services provided to the Fund, or the fees the Fund pays under its Agreements.

Report of Independent Registered Public Accounting Firm
To the Board of Directors and Stockholders of
Neuberger Berman MLP Income Fund Inc.

We have audited the accompanying statements of assets and liabilities of Neuberger Berman MLP Income Fund Inc., (the "Fund"), including the schedule of investments, as of November 30, 2015, and the related statements of operations and cash flows for the year then ended, the statement of changes in net assets for each of the two years in the period then ended and the financial highlights for each of the periods indicated therein. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Fund's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of November 30, 2015 by correspondence with the custodian and others or by other appropriate auditing procedures where replies from others were not received. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of Neuberger Berman MLP Income Fund Inc. at November 30, 2015, the results of its operation and cash flows for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the periods indicated therein, in conformity with U.S. generally accepted accounting principles.

Distribution Reinvestment Plan

Computershare, Inc. (the “Plan Agent”) will act as Plan Agent for stockholders who have not elected in writing to receive dividends and other distributions in cash (each a “Participant”), will open an account for each Participant under the Distribution Reinvestment Plan (“Plan”) in the same name as its then-current shares of the Fund’s common stock (“Shares”) are registered, and will put the Plan into effect for each Participant as of the first record date for a dividend or other distribution after the account is opened.

Whenever the Fund declares a dividend or distribution with respect to the Shares, each Participant will receive such dividends and other distributions in additional Shares, including fractional Shares acquired by the Plan Agent and credited to each Participant’s account. If on the payment date for a cash dividend or distribution, the net asset value is equal to or less than the market price per Share plus estimated brokerage commissions, the Plan Agent shall automatically receive such Shares, including fractions, for each Participant’s account. Except in the circumstances described in the next paragraph, the number of additional Shares to be credited to each Participant’s account shall be determined by dividing the dollar amount of the dividend or distribution payable on its Shares by the greater of the net asset value per Share determined as of the date of purchase or 95% of the then-current market price per Share on the payment date.

Should the net asset value per Share exceed the market price per Share plus estimated brokerage commissions on the payment date for a cash dividend or distribution, the Fund may, but is not required to, issue new Shares. If the Fund does not issue new Shares, and the net asset value per Share exceeds the market price per Share plus estimated brokerage commissions on the payment date for a cash dividend or distribution, then the Plan Agent, or a broker-dealer selected by the Plan Agent, shall endeavor, for a purchase period lasting until the last business day before the next date on which the Shares trade on an “ex-distribution” basis, but in no event, except as provided below, more than 30 days after the payment date, to apply the amount of such dividend or distribution on each Participant’s Shares (less their pro rata share of brokerage commissions incurred with respect to the Plan Agent’s open-market purchases in connection with the reinvestment of such dividend or distribution) to purchase Shares on the open market for each Participant’s account. No such purchases may be made more than 30 days after the payment date for such dividend or distribution except where temporary curtailment or suspension of purchase is necessary to comply with applicable provisions of federal securities laws. If, at the close of business on any day during the purchase period the net asset value per Share equals or is less than the market price per Share plus estimated brokerage commissions, the Plan Agent will not make any further open-market purchases in connection with the reinvestment of such dividend or distribution. If the Plan Agent is unable to invest the full dividend or distribution amount through open-market purchases during the purchase period, the Plan Agent shall request that, with respect to the uninvested portion of such dividend or distribution amount, the Fund issue new Shares at the close of business on the earlier of the last day of the purchase period or the first day during the purchase period on which the net asset value per Share equals or is less than the market price per Share, plus estimated brokerage commissions, such Shares to be issued in accordance with the terms specified in the third paragraph hereof. These newly issued Shares will be valued at the then-current market price per Share at the time such Shares are to be issued.

For purposes of making the reinvestment purchase comparison under the Plan, (a) the market price of the Shares on a particular date shall be the last sales price on the New York Stock Exchange (or if the Shares are not listed on the New York Stock Exchange, such other exchange on which the Shares are principally traded) on that date, or, if there is no sale on such Exchange (or if not so listed, in the over-the-counter market) on that date, then the mean between the closing bid and asked quotations for such Shares on such Exchange on such date and (b) the net asset value per Share on a particular date shall be the net asset value per Share most recently calculated by or on behalf of the Fund. All dividends, distributions and other payments (whether made in cash or Shares) shall be made net of any applicable withholding tax.

Open-market purchases provided for above may be made on any securities exchange where the Fund's Shares are traded, in the over-the-counter market or in negotiated transactions and may be on such terms as to price, delivery and otherwise as the Plan Agent shall determine. Each Participant's uninvested funds held by the Plan Agent will not bear interest, and it is understood that, in any event, the Plan Agent shall have no liability in connection with any inability to purchase Shares within 30 days after the initial date of such purchase as herein provided, or with the timing of any purchases effected. The Plan Agent shall have no responsibility as to the value of the Shares acquired for each Participant's account. For the purpose of cash investments, the Plan Agent may commingle each Participant's funds with those of other stockholders of the Fund for whom the Plan Agent similarly acts as agent, and the average price (including brokerage commissions) of all Shares purchased by the Plan Agent as Plan Agent shall be the price per Share allocable to each Participant in connection therewith.

The Plan Agent may hold each Participant's Shares acquired pursuant to the Plan together with the Shares of other stockholders of the Fund acquired pursuant to the Plan in noncertificated form in the Plan Agent's name or that of the Plan Agent's nominee. The Plan Agent will forward to each Participant any proxy solicitation material and will vote any Shares so held for each Participant only in accordance with the instructions set forth on proxies returned by the Participant to the Fund.

The Plan Agent will confirm to each Participant each acquisition made for its account as soon as practicable but not later than 60 days after the date thereof. Although each Participant may from time to time have an undivided fractional interest (computed to three decimal places) in a Share, no certificates for a fractional Share will be issued. However, dividends and distributions on fractional Shares will be credited to each Participant's account. In the event of termination of a Participant's account under the Plan, the Plan Agent will adjust for any such undivided fractional interest in cash at the market value of the Shares at the time of termination, less the pro rata expense of any sale required to make such an adjustment.

Any Share dividends or split Shares distributed by the Fund on Shares held by the Plan Agent for Participants will be credited to their accounts. In the event that the Fund makes available to its stockholders rights to purchase additional Shares or other securities, the Shares held for each Participant under the Plan will be added to other Shares held by the Participant in calculating the number of rights to be issued to each Participant.

The Plan Agent's service fee for handling capital gains and other distributions or income dividends will be paid by the Fund. Participants will be charged their pro rata share of brokerage commissions on all open-market purchases.

Each Participant may terminate its account under the Plan by notifying the Plan Agent in writing. Such termination will be effective immediately if the Participant's notice is received by the Plan Agent not less than ten days prior to any dividend or distribution record date, otherwise such termination will be effective the first trading day after the payment date for such dividend or distribution with respect to any subsequent dividend or distribution. The Plan may be terminated by the Plan Agent or the Fund upon notice in writing mailed to each Participant at least 30 days prior to any record date for the payment of any dividend or distribution by the Fund.

These terms and conditions may be amended or supplemented by the Plan Agent or the Fund at any time or times but, except when necessary or appropriate to comply with applicable law or the rules or policies of the Securities and Exchange Commission or any other regulatory authority, only by mailing to each Participant appropriate written notice at least 30 days prior to the effective date thereof. The amendment or supplement shall be deemed to be accepted by each Participant unless, prior to the effective date thereof, the Plan Agent receives written notice of the termination of its account under the Plan. Any such amendment may include an appointment by the Plan Agent in its place and stead of a successor Plan Agent under these terms and conditions, with full power and authority to perform all or any of the acts to be performed by the Plan Agent under these terms and conditions. Upon any such appointment of any Plan Agent for the purpose of receiving dividends and other distributions, the Fund will be authorized to pay to such successor Plan Agent, for each Participant's account, all dividends and other distributions payable on Shares held in its name or under the Plan for retention or application by such successor Plan Agent as provided in these terms and

conditions.

23

The Plan Agent shall at all times act in good faith and agrees to use its best efforts within reasonable limits to ensure the accuracy of all services performed under this Agreement and to comply with applicable law, but assumes no responsibility and shall not be liable for loss or damage due to errors unless such error is caused by the Plan Agent's negligence, bad faith, or willful misconduct or that of its employees. These terms and conditions are governed by the laws of the State of Maryland.

Reinvested dividends and distributions are taxed in the same manner as cash dividends and distributions — i.e., reinvestment in additional Shares does not relieve stockholders of, or defer the need to pay, any income tax that may be payable (or that is required to be withheld) on Fund dividends and distributions. Participants should contact their tax professionals for information on how the Plan impacts their personal tax situation. For additional information about the Plan, please contact the Plan Agent at 1-866-227-2136 or P.O. Box 30170, College Station, TX 77842-3170.

Board Consideration of the Management and Sub-Advisory Agreements (MLP Income Fund)

On an annual basis, the Board of Directors (“Board”) of Neuberger Berman MLP Income Fund Inc. (the “Fund”), including the Directors who are not “interested persons” of Neuberger Berman Management LLC (“Management”) (including its affiliates) or the Fund (“Independent Fund Directors”), considers whether to continue the management agreement with Management (the “Management Agreement”) and the sub-advisory agreement between Management and Neuberger Berman LLC (“Neuberger”) (the “Sub-Advisory Agreement” and collectively with the Management Agreement, the “Agreements”) with respect to the Fund. Throughout the process, the Independent Fund Directors are advised by counsel that is experienced in Investment Company Act of 1940 matters and that is independent of Management (“Independent Counsel”). At a meeting held on September 8, 2015, the Board, including the Independent Fund Directors, approved the continuation of the Agreements.

In evaluating the Agreements, the Board, including the Independent Fund Directors, reviewed extensive materials provided by Management in response to questions submitted by the Independent Fund Directors and Independent Counsel, and met with senior representatives of Management regarding its personnel, operations and financial condition as they relate to the Fund. The annual contract review extends over at least two regular meetings of the Board to ensure that Management and Neuberger have time to respond to any questions the Independent Fund Directors may have on their initial review of the materials and that the Independent Fund Directors have time to consider those responses.

In connection with its deliberations, the Board also considered the broad range of information relevant to the annual contract review that is provided to the Board (including its various standing committees) at meetings throughout the year, including investment performance reports and related portfolio information for the Fund, as well as periodic reports on, among other matters, pricing and valuation; brokerage and execution; compliance and other services provided by Management, Neuberger and their affiliates. To assist the Board in its deliberations regarding the annual contract review, the Board has established a Contract Review Committee comprised of Independent Fund Directors, as well as other committees that focus throughout the year on specific areas relevant to the annual contract review, such as Fund performance or compliance matters.

The Independent Fund Directors received from Independent Counsel a memorandum discussing the legal standards for their consideration of the proposed continuation of the Agreements. During the course of the year and during their deliberations regarding the annual contract review, the Contract Review Committee and the Independent Fund Directors met with Independent Counsel separately from representatives of Management and Neuberger.

In connection with its approval of the continuation of the Agreements, the Board evaluated the terms of the Agreements, the overall fairness of the Agreements to the Fund and whether the Agreements were in the best interests of the Fund and its stockholders. The Board considered all factors it deemed relevant with respect to the Fund, including the following factors: (1) the nature, extent, and quality of the services provided by Management and Neuberger; (2) the investment performance of the Fund compared to an appropriate market index and a peer group of investment companies; (3) the costs of the services provided and the profit realized by Management and its affiliates from their relationship with the Fund; (4) whether and to what extent economies of scale might be realized as the Fund grows; and (5) whether fee levels reflect any such potential economies of scale for the benefit of the Fund’s stockholders. The Board’s determination to approve the continuation of the Agreements was based on a comprehensive consideration of all information provided to the Board throughout the year and specifically in connection with the annual contract review. The Board members did not identify any particular information or factor that was all-important or controlling, and each Director may have attributed different weights to the various factors. The Board focused on the overall costs and benefits of the Agreements to the Fund and, through the Fund, its stockholders.

With respect to the nature, extent and quality of the services provided, the Board considered the investment philosophy and decision-making processes of Management and Neuberger, and the qualifications, experience,

capabilities of, and resources available to, the portfolio management personnel of Management and Neuberger who perform services for the Fund. The Board noted that Management also provides certain administrative services, including fund accounting

37

and compliance oversight. The Board also considered Management's and Neuberger's policies and practices regarding brokerage and allocation of portfolio transactions and reviewed the quality of the execution services that Management had provided. The Board also reviewed whether Management or Neuberger used brokers to execute Fund transactions that provide research and other services to Management or Neuberger and the types of benefits potentially derived from such services by Management, Neuberger, the Fund and other clients of Management and Neuberger. The Board also considered that Management's responsibilities include daily management of investment, operational, enterprise, legal, regulatory and compliance risks as they relate to the Fund, and considered information regarding Management's processes for managing risk. In addition, the Board noted the positive compliance history of Management and Neuberger, as no significant compliance problems were reported to the Board with respect to either firm. The Board also considered the general structure of the portfolio manager compensation program and whether this structure provides appropriate incentives to act in the best interests of the Fund.

As in past years, the Board also considered the manner in which Management addressed various non-routine matters that arose during the year, some of them a result of developments in the broader fund industry or the regulations governing it. In addition, the Board considered actions taken by Management and Neuberger in response to recent market conditions, including actions taken in response to regulatory concerns about changes in fixed-income market liquidity and potential volatility, and considered the overall performance of Management and Neuberger in this context.

With respect to investment performance, the Board considered information regarding the Fund's short-, intermediate- and long-term performance on both a market return and net asset value basis relative to its benchmark and the average performance of a composite peer group (as constructed by an independent organization) of closed-end investment companies pursuing broadly similar strategies. Considering short-, intermediate- and long-term performance enables the Board to evaluate performance in a variety of market conditions. The Board also reviewed performance in relation to certain measures of the degree of investment risk undertaken by the portfolio managers. The Board factored into its evaluation of the Fund's performance the limitations inherent in the methodology for constructing peer groups and determining which investment companies should be included in which peer groups. The Board noted that performance, especially short-term performance, is only one of the factors that it deems relevant to its consideration of the Fund's Agreements and that, after considering all relevant factors, it may be appropriate to approve the continuation of the Agreements notwithstanding the Fund's underperformance. The Board considered that, as compared to its peer group, the Fund's performance was lower than the median for the 1-year period. The Board also considered that, as compared to its benchmark, the Fund's performance was lower for the 1-year period.

With respect to the overall fairness of the Agreements, the Board considered the fee structure for the Fund under the Agreements as compared to a peer group of comparable funds and any fall-out benefits likely to accrue to Management or Neuberger or their affiliates from their relationship with the Fund. The Board also considered the profitability of Management and its affiliates from their association with the Fund and year-over-year changes in each of Management's reported expense categories. The Board reviewed a comparison of the Fund's management fee and overall expense ratio to a peer group of broadly comparable funds. With regard to the sub-advisory fee paid to Neuberger, the Boards noted that this fee is "at cost." The Board noted that the comparative management fee analysis includes, in the Fund's management fee, the separate administrative fee paid to Management, but it was not clear whether this was the case for all funds in the peer group. The Board considered the mean and median of the management fees and expense ratios of the peer group. The Board noted that the Fund's contractual management fee rate was lower than the median and actual management fee rate, which reflected the fee paid by common stockholders with respect to the Fund's total assets, including leverage proceeds, was equal to the median.

The Board also considered whether there were other funds or separate accounts that were advised or sub-advised by Management or Neuberger or their affiliates with investment objectives, policies and strategies that were similar to those of the Fund. The Board compared the fees charged to the Fund to the fees charged to separate accounts managed in similar styles to the Fund. The Board considered the appropriateness and reasonableness of any differences between

the fees charged to the Fund and separate accounts and determined that differences in fees and fee structures were consistent with the management and other services provided.

The Board also evaluated any apparent or anticipated economies of scale in relation to the services Management provides to the Fund. The Board considered that the Fund is a closed-end fund that is not continuously offering shares and that, without daily inflows and outflows of capital, there are limited opportunities for significant economies of scale to be realized by Management in managing the Fund's assets.

In concluding that the benefits accruing to Management and its affiliates by virtue of their relationship with the Fund were reasonable in light of the costs of providing the investment advisory and other services and the benefits accruing to the Fund, the Board reviewed specific data as to Management's profit or loss on the Fund for a recent period. The Board also considered Management's cost allocation methodology. The Board recognized that Management should be entitled to earn a reasonable level of profits for services it provides to the Fund and, based on its review, concluded that Management's reported level of profitability on the Fund was reasonable.

Conclusions

In approving the continuation of the Agreements, the Board concluded that the terms of each Agreement are fair and reasonable to the Fund and that approval of the continuation of the Agreements is in the best interests of the Fund and its stockholders. In reaching this determination, the Board considered that Management and Neuberger could be expected to provide a high level of service to the Fund; that, despite the Fund's underperformance, it retained confidence in Management's and Neuberger's capabilities to manage the Fund; that the Fund's fee structure appeared to the Board to be reasonable given the nature, extent and quality of services provided; and that the benefits accruing to Management and its affiliates by virtue of their relationship with the Fund were reasonable in light of the costs of providing the investment advisory and other services and the benefits accruing to the Fund. The Board's conclusions may be based in part on its consideration of materials prepared in connection with the approval or continuance of the Agreements in prior years and on the Board's ongoing regular review of Fund performance and operations throughout the year, in addition to material prepared specifically for the most recent annual review of the Agreements.

Item 2. Code of Ethics.

The Board of Directors (“Board”) of Neuberger Berman MLP Income Fund Inc. (“Registrant”) has adopted a code of ethics that applies to the Registrant’s principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions (“Code of Ethics”). During the period covered by this Form N-CSR, there were no substantive amendments to the Code of Ethics and there were no waivers from the Code of Ethics granted to the Registrant’s principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions.

A copy of the Code of Ethics is incorporated by reference to Neuberger Berman Income Funds’ Form N-CSR, Investment Company Act file number 811-03802 (filed January 5, 2016). The Code of Ethics is also available, without charge, by calling 1-800-877-9700 (toll-free).

Item 3. Audit Committee Financial Expert.

The Board has determined that the Registrant has two audit committee financial experts serving on its audit committee. The Registrant’s audit committee financial experts are George W. Morriss and Candace L. Straight. Mr. Morriss and Ms. Straight are independent directors as defined by Form N-CSR.

Item 4. Principal Accountant Fees and Services.

Ernst & Young LLP (“E&Y”) serves as the independent registered public accounting firm to the Registrant.

(a) Audit Fees

The aggregate fees billed for professional services rendered by E&Y for the audit of the annual financial statements or services that are normally provided by E&Y in connection with statutory and regulatory filings or engagements were \$48,000 and \$48,000 for the fiscal years ended 2014 and 2015, respectively.

(b) Audit-Related Fees

The aggregate fees billed to the Registrant for assurance and related services by E&Y that are reasonably related to the performance of the audit of the Registrant’s financial statements and that are not reported above in Audit Fees were \$0 and \$0 for the fiscal years ended 2014 and 2015, respectively. The Audit Committee approved 0% and 0% of these services provided by

E&Y for the fiscal years ended 2014 and 2015, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

The fees billed to other entities in the investment company complex for assurance and related services by E&Y that are reasonably related to the performance of the audit that the Audit Committee was required to approve because the engagement related directly to the operations and financial reporting of the Registrant were \$0 and \$0 for the fiscal years ended 2014 and 2015, respectively. The Audit Committee approved 0% and 0% of these services provided by E&Y for the fiscal years ended 2014 and 2015, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

(c) Tax Fees

The aggregate fees billed to the Registrant for professional services rendered by E&Y for tax compliance, tax advice, and tax planning were \$29,500 and \$29,500 for the fiscal years ended 2014 and 2015, respectively. The nature of the services provided includes preparation of the Federal and State tax extensions and tax returns, review of annual excise tax calculations, and preparation of form 8613, in addition to assistance with determination of various foreign withholding taxes, and assistance with Internal Revenue Code and tax regulation requirements for fund investments. The Audit Committee approved 0% and 0% of these services provided by E&Y for the fiscal years ended 2014 and 2015, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

The fees billed to other entities in the investment company complex for professional services rendered by E&Y for tax compliance, tax advice, and tax planning that the Audit Committee was required to approve because the engagement related directly to the operations and financial reporting of the Registrant were \$0 and \$0 for the fiscal years ended 2014 and 2015, respectively. The Audit Committee approved 0% and 0% of these services provided by E&Y for the fiscal years ended 2014 and 2015, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

(d) All Other Fees

The aggregate fees billed to the Registrant for products and services provided by E&Y, other than services reported in Audit Fees, Audit-Related Fees, and Tax Fees were \$0 and \$0 for the fiscal years ended 2014 and 2015, respectively. The Audit Committee approved 0% and 0% of these services provided by E&Y for the fiscal years ended 2014 and 2015, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

The fees billed to other entities in the investment company complex for products and services provided by E&Y, other than services reported in Audit Fees, Audit-Related Fees, and Tax Fees, that the Audit Committee was required to approve because the engagement related directly to the operations and financial reporting of the Registrant were \$0 and \$0 for the fiscal years ended 2014 and 2015, respectively. The Audit Committee approved 0% and 0% of these services

provided by E&Y for the fiscal years ended 2014 and 2015, respectively, pursuant to the waiver provisions of Rule 2-01(c)(7)(i)(C) of Regulation S-X.

(e) Audit Committee's Pre-Approval Policies and Procedures

(1) The Audit Committee's pre-approval policies and procedures for the Registrant to engage an accountant to render audit and non-audit services delegate to each member of the Committee the power to pre-approve services between meetings of the Committee.

(2) None of the services described in paragraphs (b) through (d) above were approved by the Audit Committee pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X.

(f) Hours Attributed to Other Persons

Not applicable.

(g) Non-Audit Fees

Non-audit fees billed by E&Y for services rendered to the Registrant were \$29,500 and \$29,500 for the fiscal years ended 2014 and 2015, respectively.

Non-audit fees billed by E&Y for services rendered to the Registrant's investment adviser and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the Registrant were \$2,039,960 and \$4,255,284 for the fiscal years ended 2014 and 2015, respectively.

(h) The Audit Committee of the Board considered whether the provision of non-audit services rendered to the Registrant's investment adviser and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the Registrant that were not pre-approved by the Audit Committee because the engagement did not relate directly to the operations and financial reporting of the Registrant is compatible with maintaining E&Y's independence.

Item 5. Audit Committee of Listed Registrants.

The Board has established a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended ("Exchange Act"). As of November 30, 2015, its members are Michael J. Cosgrove, Howard A. Mileaf, George W. Morriss (Chair), Candace L. Straight (Vice Chair), and Peter P. Trapp.

Item 6. Schedule of Investments.

The complete schedule of investments for the Registrant is disclosed in the Registrant's Annual Report, which is included as Item 1 of this Form N-CSR.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies.

As of November 30, 2015, the Board has delegated to Neuberger Berman Management LLC ("NB Management") the responsibility to vote proxies related to the securities held in the Registrant's portfolio. Under this authority, NB Management is required by the Board to vote proxies related to portfolio securities in the best interests of the Registrant and its stockholders. The Board permits NB Management to contract with a third party to obtain proxy voting and related services, including research of current issues.

NB Management has implemented written Proxy Voting Policies and Procedures ("Proxy Voting Policy") that are designed to reasonably ensure that NB Management votes proxies prudently and in the best interest of its advisory clients for whom NB Management has voting authority, including the Registrant. The Proxy Voting Policy also describes how NB Management addresses any conflicts that may arise between its interests and those of its clients with respect to proxy voting.

NB Management's Proxy Committee is responsible for developing, authorizing, implementing and updating the Proxy Voting Policy, overseeing the proxy voting process and engaging and overseeing any independent third-party vendor as a voting delegate to review, monitor and/or vote proxies. In order to apply the Proxy Voting Policy noted above in a timely and consistent manner, NB Management utilizes Glass, Lewis & Co. ("Glass Lewis") to vote proxies in accordance with NB Management's voting guidelines.

NB Management's guidelines adopt the voting recommendations of Glass Lewis. NB Management retains final authority and fiduciary responsibility for proxy voting. NB Management believes that this process is reasonably designed to address material conflicts of interest that may arise between NB Management and a client as to how proxies are voted.

In the event that an investment professional at NB Management believes that it is in the best interests of a client or clients to vote proxies in a manner inconsistent with NB Management's proxy voting guidelines or in a manner inconsistent with Glass Lewis recommendations, the Proxy Committee will review information submitted by the investment professional to determine that there is no material conflict of interest between NB Management and the client with respect to the voting of the proxy in that manner.

If the Proxy Committee determines that the voting of a proxy as recommended by the investment professional presents a material conflict of interest between NB Management and the client or

clients with respect to the voting of the proxy, the Proxy Committee shall: (i) take no further action, in which case Glass Lewis shall vote such proxy in accordance with the proxy voting guidelines or as Glass Lewis recommends; (ii) disclose such conflict to the client or clients and obtain written direction from the client as to how to vote the proxy; (iii) suggest that the client or clients engage another party to determine how to vote the proxy; or (iv) engage another independent third party to determine how to vote the proxy.

Item 8. Portfolio Managers of Closed-End Management Investment Companies.

(a)(1) The following Portfolio Managers have day-to-day management responsibility of the Registrant's portfolio as of the date of the filing of this Form N-CSR.

Douglas A. Rachlin and Yves C. Siegel have served as portfolio managers for the Registrant since inception. Douglas A. Rachlin serves as the lead portfolio manager to the Registrant. He is a Managing Director of Neuberger Berman Investment Advisers LLC (including its predecessor entities, "NBIA") and has been a portfolio manager with NBIA since 2005.

Yves C. Siegel is a Managing Director of NBIA and has been a portfolio manager with NBIA since 2012. Prior to 2012, he was a senior equity analyst covering the MLP and energy sectors.

(a)(2) The table below describes the other accounts for which the Registrant's Portfolio Managers have day-to-day management responsibility as of November 30, 2015.

Registered Investment Companies*	0	N/A	0	N/A
Other Pooled Investment Vehicles***	2	591	0	N/A
Other Accounts**,*****	3,012	3,477	0	N/A

*Registered Investment Companies include: Mutual Funds and Closed-End Funds

**Other Accounts include: Institutional Separate Accounts, Sub-Advised Accounts and Managed Accounts (WRAP Accounts), which are counted as one account per strategy per managed account platform.

***A portion of certain accounts may be managed by other portfolio managers; however, the total assets of such accounts are included above even though the portfolio manager listed above is not involved in the day-to-day management of the entire account.

Conflicts of Interest (as of November 30, 2015)

Actual or apparent conflicts of interest may arise when a Portfolio Manager has day-to-day management responsibilities with respect to more than one fund or other account. The management of multiple funds and accounts (including proprietary accounts) may give rise to actual or potential conflicts of interest if the funds and accounts have different or similar objectives, benchmarks, time horizons, and fees, as the Portfolio Manager must allocate his time and investment ideas across multiple funds and accounts. A Portfolio Manager may execute transactions for another fund or account that may adversely impact the value of securities held by the Registrant, and which may include transactions that are directly contrary to the positions taken by the Registrant. For example, a Portfolio Manager may engage in short sales of securities for another account that are the same type of securities in which the Registrant also invests. In such a case, a Portfolio Manager could be seen as harming the performance of the Registrant for the benefit of the account engaging in short sales if the short sales cause the market value of the securities to fall. Additionally, if a Portfolio Manager identifies a limited investment opportunity that may be suitable for more than one fund or other account, the Registrant may not be able to take full advantage of that opportunity. If one account were to buy or sell portfolio securities shortly before another account bought or sold the same securities, it could affect the price paid or received by the second account. Securities selected for funds or accounts other than the Registrant may outperform the securities selected for the Registrant. Finally, a conflict of interest may arise if NB Management and a Portfolio Manager have a financial incentive to favor one account over another, such as a performance-based management fee that applies to one account but not the Registrant or other accounts for which the Registrant's Portfolio Manager is responsible.

NB Management, Neuberger Berman LLC and the Registrant have adopted certain compliance procedures which are designed to address these types of conflicts. However, there is no guarantee that such procedures will detect each and every situation in which a conflict arises.

(a)(3) Compensation (as of November 30, 2015)

Our compensation philosophy is one that focuses on rewarding performance and incentivizing our employees. We are also focused on creating a compensation process that we believe is fair, transparent, and competitive with the market.

Compensation for Portfolio Managers consists of fixed and variable compensation but is more heavily weighted on the variable portion of total compensation and reflects individual performance, overall contribution to the team, collaboration with colleagues across Neuberger Berman Group LLC ("NBG," and together with its consolidated subsidiaries "NB Group") and, most importantly, overall investment performance. In particular, the bonus for a Portfolio Manager is determined by using a formula and may or may not contain a discretionary component. If applicable, the discretionary component is determined on the basis of a variety of criteria, including investment performance (including the pre-tax three-year track record in order to emphasize long-term performance and in certain instances the one-year and five-year track records), utilization of central resources (including research, sales and operations/support), business building to further the longer term sustainable success of the investment team, effective

team/people management, and overall contribution to the success of NB Group. In addition, compensation of portfolio managers at other comparable firms is considered, with an eye toward remaining competitive with the market. Certain Portfolio Managers may manage products other than mutual funds, such as high net worth separate accounts. For the management of these accounts, a Portfolio Manager may generally receive a percentage of pre-tax revenue determined on a monthly basis less certain deductions. The percentage of revenue a Portfolio Manager receives will vary based on certain revenue thresholds.

The terms of our long-term retention incentives are as follows:

Employee-Owned Equity. An integral part of our management buyout in 2009 was the implementation of an equity ownership structure which embodies the importance of incentivizing and retaining key investment professionals. Investment professionals have received a majority of the equity units owned by all employees. These units were subject to vesting (generally 25% vested each year at the 2nd, 3rd, 4th and 5th anniversaries of the grant).

In addition, in prior years certain employees may have elected to have a portion of their compensation delivered in the form of equity, which, in certain instances, is vested upon issuance and in other instances vesting aligns with the vesting of our Contingent Compensation Program (vesting over 3 years). For 2017 (and in some cases 2016), our Contingent Compensation Program will allow eligible employees to elect to receive 50% of deferred compensation in the form of vested equity. Eligible employees who have represented that they have sufficient direct investments in Neuberger Berman strategies in their private accounts (typically, 50% of their average three-year compensation) can elect to receive up to 100% of deferred compensation in the form of vested equity.

Further, employees may have purchased vested equity through our Capital Units Election Program offering – we anticipate a similar offering in the first quarter of 2016 through which eligible employees will be able to purchase equity, subject to allocation capacity and program terms and conditions.

In implementing these programs, Neuberger Berman has established additional ways to expand employee-owned equity while also insuring that we continue to align the interests of our employees with the interests of our clients.

For confidentiality and privacy reasons, we cannot disclose individual equity holdings or program participation.

Contingent Compensation. Neuberger Berman established the Neuberger Berman Group Contingent Compensation Plan (the “CCP”) to serve as a means to further align the interests of our employees with the success of the firm and the interests of our clients, and to reward continued employment. Under the CCP, a percentage of a participant’s total compensation is contingent and tied to the performance of a portfolio of Neuberger Berman investment strategies

as specified by the firm on an employee-by-employee basis. By having a participant's contingent compensation tied to Neuberger Berman investment strategies, each employee is given further incentive to operate as a prudent risk manager and to collaborate with colleagues to maximize performance across all business areas. In the case of Portfolio Managers, the CCP is currently structured so that such employees have exposure to the investment strategies of their respective teams as well as the broader Neuberger Berman portfolio. In addition, certain CCP participants may make an election to receive a portion of their contingent compensation in the form of equity, subject to vesting provisions and other provisions generally consistent with those of the traditional CCP. Subject to satisfaction of certain conditions of the CCP (including conditions relating to continued employment), contingent compensation amounts vest over three years. Neuberger Berman determines annually which employees participate in the program based on total compensation for the applicable year.

Restrictive Covenants. Most investment professionals, including Portfolio Managers, are subject to notice periods and restrictive covenants which include employee and client non-solicit restrictions as well as restrictions on the use of confidential information. In addition, depending on participation levels, certain senior professionals who have received equity grants have also agreed to additional notice and transition periods and, in some cases, non-compete restrictions.

(a)(4) Ownership of Securities

Set forth below is the dollar range of equity securities beneficially owned by the Registrant's Portfolio Managers in the Registrant as of November 30, 2015.

Portfolio Manager	Dollar Range of Equity Securities Owned in the Registrant
Douglas A. Rachlin	E
Yves S. Siegel	C
A = None	E = \$100,001 - \$500,000
B = \$1-\$10,000	F = \$500,001 - \$1,000,000
C = \$10,001 - \$50,000	G = Over \$1,000,000
D = \$50,001 - \$100,000	

(b) Not applicable.

Item 9. Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers.

No reportable purchases for the period covered by this report.

Item 10. Submission of Matters to a Vote of Security Holders.

There were no changes to the procedures by which stockholders may recommend nominees to the Board.

Item 11. Controls and Procedures.

(a) Based on an evaluation of the disclosure controls and procedures (as defined in Rule 30a-3(c) under the Act) as of a date within 90 days of the filing date of this report, the Chief Executive Officer and President and the Treasurer and Principal Financial and Accounting Officer of the Registrant have concluded that such disclosure controls and procedures are effectively designed to ensure that information required to be disclosed by the Registrant on Form N-CSR is accumulated and communicated to the Registrant's management to allow timely decisions regarding required disclosure.

(b) There were no significant changes in the Registrant's internal controls over financial reporting (as defined in Rule 30a-3(d) under the Act) that occurred during the Registrant's second fiscal quarter of the period covered by this report that have materially affected, or are reasonably likely to materially affect, the Registrant's internal control over financial reporting.

Item 12. Exhibits.

(a)(1) A copy of the Code of Ethics is incorporated by reference to Neuberger Berman Income Funds' Form N-CSR, Investment Company Act file number 811-03802 (filed January 5, 2016).

(a)(2) The certifications required by Rule 30a-2(a) under the Act and Section 302 of the Sarbanes-Oxley Act of 2002 ("Sarbanes-Oxley Act") are filed herewith.

(a)(3) Not applicable to the Registrant.

(b) The certification required by Rule 30a-2(b) under the Act and Section 906 of the Sarbanes-Oxley Act is furnished herewith.

The certification furnished pursuant to Rule 30a-2(b) under the Act and Section 906 of the Sarbanes-Oxley Act will not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended ("Exchange Act"), or otherwise subject to the liability of that section. Such certification will not be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that the Registrant specifically incorporates it by reference.
