BACKGROUND OF THE ACTIONS TO BE TAKEN

On October 19, 2005, we entered into a Securities Exchange Agreement (the Exchange Agreement) with Onny Investment Ltd., a corporation organized under the laws of the British Virgin Islands (Onny), and the stockholders of Onny (the Onny Stockholders),

which provided that TS Electronics would acquire all of the issued and outstanding shares of Onny from Onny Stockholders in exchange for 27,499,940 shares of our common stock. As a result of the acquisition of Onny, the principal business of TS Electronics has become the manufacturing and marketing of pharmaceutical products in China. Also, under the terms of Acquisition Agreement, TS Electronics did not have enough authorized common stock to issue the entire 27,499,940 shares required to be issued to Onny Stockholders, and the largest stockholder of Onny, Heung Mei Tsui, agreed that that 4,723,056 of the shares to be issued to her would be issued as soon as our Certificate of Incorporation could be amended to authorize the necessary additional shares.

NAME CHANGE OF THE COMPANY

The Board of Directors has determined that, in light of the fact that the acquisition of Onny has caused the principal business of our company to consist of manufacturing and marketing pharmaceutical products in the Peoples Republic of China, it would be in the best interests of the company to change our corporate name from TS Electronics, Inc. to China Pharma Holdings, Inc.

INCREASE IN AUTHORIZED SHARES

All 30,000,000 shares of TS Electronics authorized common stock are currently outstanding. As indicated above, the Exchange Agreement requires TS Electronics to issue an additional 4,723,056 shares of common stock to Heung Mei Tsui that we cannot currently issue because they are not authorized. Accordingly, the Board of Directors determined that that it would be in the best interests of the company to increase our authorized shares of common stock from 30,000,000 to 60,000,000 shares in order to have sufficient shares authorized to issue the shares that are required to be issued to Heung Mei Tsui and in order to provide sufficient additional shares to provide for our future financing needs.

The issuance of 4,723,056 shares of common stock to Heung Mei Tsui without consideration (other than that already provided by her under the Exchange Agreement), which will be an immediate result from the increase in our authorized common stock, will dilute the percentage ownership represented by each of our outstanding shares by 15.7%. Nevertheless, TS Electronics has previously received compensation for these additional shares in the form of the shares of Onny that Heung Mei Tsui exchanged with TS Electronics under the Exchange Agreement, and TS Electronics is obligated to issue these shares to her in return.

By increasing our authorized shares of common stock, we will also have additional shares of stock available for future actions, including acquisitions, capital raising transactions and employee stock incentive plans. Increasing our number of authorized shares of common stock will also allow our Board flexibility to act promptly in issuing stock to meet our future business needs, which may include:

- Acquisitions and mergers,
- Financing transactions to improve our financial and business position,
- Stock splits or stock dividends,
- Recruiting employees and executives,
- Employee benefit plans, and
- Other proper business purposes.

If additional shares are readily available, our Board of Directors will be able to act quickly to issue additional shares without spending the time and incurring the expense of soliciting proxies and holding additional stockholders meetings. The Board, however, may issue additional shares of common stock without action on the part of the stockholders only if the action is permissible under Delaware law, and only if the rules of the exchange on which the common stock is then listed permit those issuances. The Common Stock is currently not listed on an exchange, but is traded on an infrequent basis in the over-the-counter market.

The additional authorized shares of common stock could also be used in the future to discourage other persons from attempting to gain control of TS Electronics by diluting the voting power of shares then outstanding or increasing the voting power of persons who would support the Board of Directors in opposing a takeover bid or a solicitation in opposition to management. These shares could also be used by the Board of Directors in a public or a private sale, merger or similar transaction by increasing the number of outstanding shares and thereby diluting the equity interest and voting power of a party attempting to obtain control of TS Electronics. We are not currently aware of any effort to obtain control of TS Electronics and have no plans to use the new shares for purposes of discouraging any such effort. As long as Heung Mei Tsui continues to own a majority of our outstanding common stock, a takeover of TS Electronics will not be possible without her consent. We have no current plans to issue any of the additional shares (other than to satisfy the terms Exchange Agreement to issue an additional 4,723,056 shares to Heung Mei Tsui); however, increasing the number of authorized shares would permit us to meet future business and financial needs potentially involving the issuances of new shares, should we determine that such action is advisable in the future.

Issuing any additional shares of our common stock at a price less than the current market price for our common stock would dilute our current stockholders' interests.

ADDITION OF DIRECTORS TO BOARD

The Board of Directors has determined that that it would be in the best interests of the Company to add two additional directors to the Board of Directors to assist in governing the affairs of the Company and to generally maintain the number of directors on the Board at between two and nine. Accordingly, the Board and the majority shareholder have approved an amendment to the Certificate of Incorporation that will increase the number of directors to not less than three and not more than nine, with the exact number to be determined from time to time by the Board. The vacancies that will occur due to the creation of the additional Board seats

may be filled by the current director, and the newly appointed directors will serve until the next annual meeting of stockholders and until their successors are elected and qualified.

AMENDED CERTIFICATE OF INCORPORATION

The Board of Directors has determined that it would be in the best interests of the Company to amend the Company's Certificate of Incorporation in order to effect the above actions, i.e., to change the name of the corporation, increase the number of authorized shares, and increase the size of the Board of Directors.
