Effective January 1, 2008, the Enhanced Capital and Income Fund, Inc. (the Fund) adopted FASB Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS

157). FAS 157 clarifies the definition of fair value, establishes a framework for measuring fair values and requires additional disclosures about the use of fair value measurements. Various inputs are used in determining the fair value of investments, which are as follows:

- Level 3 unobservable inputs based on the best information available in the circumstance, to the extent observable inputs are not available (including the Fund's own assumptions used in determining the fair value of investments)
