Item 4 Ownership

4(a) Amount beneficially owned:

Massachusetts Mutual Life Insurance Company ("MassMutual") is the holder of a \$30,000,000 Babson Capital Corporate Investors ("MMCI") Senior Fixed Rate Convertible Note (the "Note") due November 15, 2017. The dollar amount of principal of the Note is convertible into an equivalent dollar amount of MMCI's common shares based upon the average price of MMCI's common shares for ten business days prior to MassMutual's notice of conversion. for the ten-day period ended December 31, 2014 was \$15.74 and as such the Note would have converted into approximately 1,905,004 common shares if the Note had been converted as of December 31, 2014. Since the conversion rate is based on the market price of MMCI's common shares, MassMutual's beneficial ownership may be slightly greater than or less than 10% at the end of any given month.

Total shares of common shares owned directly and indirectly: 1,905,004 (subject to change with market). Additionally, Babson Capital Management LLC, a wholly-owned subidiary of MassMutual is the beneficial owner of 165,646 common shares of MMCI and Cornerstone

Real Estate Advisers LLC, a subsidiary of Babson Capital Management LLC is beneficial owner of 54,018 common shares of MMCI.

The filing of this statement shall not be construed as an admission that MassMutual is for the purpose of Sections 13(d) and 13(g) of the Securities Exchange Act of 1934, the beneficial owner of any of the common shares stock of MMCI, including the common shares held by Cornerstone Real Estate Advisers LLC or Babson Capital Management LLC.

4(b) Percent of Class:

The 1,905,004 common shares mentioned above represent 8.9% of MMCI's common shares calculated as follows:

1,905,004 (the amount of common shares from conversion based on a conversion price of \$15.74) / 1,905,004 (number of new common shares that would be issued by MMCI upon conversion) + 19,499,581 (common shares outstanding as reported in the Issuer's most recent quarterly report filed November 25, 2014) = 8.9%

Since the conversion rate is based on the market price of MMCI's common shares, MassMutual's beneficial ownership may be slightly greater than or less than 10% at the end of any given month.
