WagerLogic named iGaming Software Provider of the Year at industry's top awards event

January 31, 2006 (Toronto, ON) CryptoLogic's wholly-owned subsidiary, WagerLogic Limited, was recognized as the iGaming Software Provider of the Year at the 2006 UK Gambling Awards – the UK's premier industry awards event. WagerLogic was honoured for its innovative Internet casino and poker software. The awards were held at the historic Banqueting House at Whitehall Palace, London.

This prestigious award – along with a growing number of other industry honours – makes it clear that CryptoLogic is developing games of choice that players love to play, said Lewis Rose, CryptoLogic's President and CEO. As both industry pioneer and an industry leader, CryptoLogic works hard to stay close to the heart of the online player – in both casino and poker – and this type of industry acclaim shows we're on the right track in producing innovative, industry-leading games and software.

With one of the most extensive poker offerings on the Internet today, WagerLogic licensee's central poker room has consistently ranked among the top five poker rooms on the Internet, and now attracts more than 9,000 simultaneous online players.
