Notice of Special Meeting of Stockholders

To all Stockholders of Gryphon Gold Corporation:

You are invited to attend a Special Meeting of Stockholders (the "*Special Meeting*") of Gryphon Gold Corporation (the "*Company*"). The Special Meeting will be held at Le Soliel Hotel, 567 Hornby Street, Vancouver, British Columbia, Canada V6C 2E8, beginning October 8, 2009, at 10:30 a.m. local time. The purposes of the meeting are:

1. To approve the Company's proposed private placement financing of approximately \$28 million which would result in the issuance, or reservation for issuance upon conversion or exercise of other securities, of up to 150,000,000 shares of common stock at the discretion of the Board, to fund the construction of a gold mine on the Company's Borealis gold property in Nevada ("*Borealis Mine Project Financing*");
2. To approve an amendment to the Company's articles of incorporation to increase the authorized capital of the Company from 150,000,000 shares of common stock to 250,000,000 shares of common stock ("*Articles Amendment*");
3. To approve a reduction in the conversion price of the Company's outstanding 5% \$5 million principal amount Convertible Note, due March 30, 2010, dated August 21, 2007, as amended November 10, 2008, pursuant to an Option Agreement, dated August 5, 2008, made and entered into by the Company and Gerald W. Baughman and Fabiola Baughman as holders of the 5% \$5 million principal amount Convertible Note ("*Option to Restructure Debt*");
4. To approve an increase in the number of shares of common stock available for the grant of options under the Company's 2006 Omnibus Incentive Plan ("*Option Share Increase*"); and
5. Any other business that may properly come before the special meeting.

The Board of Directors has fixed September 8, 2009, as the record date for the Special Meeting. Only stockholders of the Company of record at the close of business on that date will be entitled to notice of, and to vote at, the Special Meeting. A list of stockholders as of September 8, 2009, will be available at the Special Meeting for inspection by any stockholder.

Stockholders will need to register at the meeting to attend the meeting. If your shares of common stock are not registered in your name, you will need to bring proof of your ownership of those shares of common stock to the meeting in order to register. You should ask the broker, bank or other institution that holds your shares of common stock to provide you with either a copy of an account statement or a letter that shows your ownership of Gryphon Gold shares of common stock as of September 8, 2009. Please bring that documentation to the meeting to register.

IMPORTANT

Whether or not you expect to attend the Special Meeting, please sign and return the enclosed proxy promptly. If you decide to attend the meeting, you may, if you wish, revoke the proxy and vote your shares of common stock in person.

By Order of the Board of Directors,

Lisanna M. Lewis, Secretary

Vancouver, BC, Canada
September 14, 2009

Proxy Statement

for

Special Meeting of Stockholders

To Be Held October 8, 2009

Unless the context requires otherwise, references in this statement to “*Gryphon Gold*,” the “*Company*,” “*we*,” “*us*,” or “*our*” refer to Gryphon Gold Corporation.

The Special Meeting of Stockholders of Gryphon Gold (the “*Special Meeting*”) will be held on Thursday, October 8, 2009 at Le Soliel Hotel, 567 Hornby Street, Vancouver, British Columbia, Canada V6C 2E8, beginning October 8, 2009, at 10:30 a.m. local time. We are providing the enclosed proxy materials and form of proxy in connection with the solicitation by the Company’s Board of Directors (the “*Board*”) of proxies for this Special Meeting. This Proxy Statement and accompanying form of proxy will first be mailed to holders of the Company’s voting stock on or about September 14, 2009.

You are invited to attend the meeting at the above stated time and location. If you plan to attend and your shares of common stock are held in “street name” – in an account with a bank, broker, or other nominee- you must obtain a proxy issued in your name from such broker, bank or other nominee.

You can vote your shares of common stock by completing and returning the proxy card or, if you hold shares of common stock in “street name,” by completing the voting form provided by the broker, bank or other nominee.

A returned signed proxy card without an indication of how shares of common stock should be voted will be voted FOR all items of business at the Special Meeting.

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

Our corporate bylaws define a quorum as one-third of the voting power of the issued and outstanding voting stock present in person or by proxy. Once a quorum is established, a simple majority of the voting stock present at the Special Meeting, whether in person or by proxy, is required to approve the Borealis Mine Project Financing, Option to Restructure Debt and the Option Share Increase. A majority of the Company's issued and outstanding voting stock is required for the approval of the Articles Amendment. Currently, the Company has only one class of voting stock – shares of common stock. As an interested party, Gerald Baughman, a director to the Company and a holder of the Company's outstanding 5% \$5 million principal amount Convertible Note, and his wife, Fabiola Baughman, will abstain from voting on the Option to Restructure Debt.

QUESTIONS AND ANSWERS ABOUT PROXY MATERIALS AND VOTING

Why am I receiving this Proxy Statement and proxy card?

You are receiving this Proxy Statement and proxy card because you were a stockholder of record at the close of business September 8, 2009, and are entitled to vote at the Special Meeting. This Proxy Statement describes issues on which the Company would like you, as a stockholder, to vote. It provides information on these issues so that you can make an informed decision. You do not need to attend the Special Meeting to vote your shares of common stock.

When you sign the proxy card you appoint John Key, Chief Executive Officer to the Company, and Lisanna Lewis, Corporate Controller & Secretary and Treasurer to the Company, your representatives at the Special Meeting with the power to act jointly or individually. As your representatives, they will vote your shares of common stock at the Special Meeting (or any adjournments or postponements) as you have instructed them on your proxy card. With proxy voting, your shares of common stock will be voted whether or not you attend the Special Meeting. Even if you plan to attend the Special Meeting, it is a good idea to complete, sign and return your proxy card in advance of the meeting, just in case your plans change.

If an issue comes up for vote at the Special Meeting (or any adjournments or postponements) that is not described in this Proxy Statement, your representative will vote your shares of common stock, under your proxy, at their discretion, subject to any limitations imposed by law.

When is the record date?

The Board of Directors has fixed September 8, 2009, as the record date for the Special Meeting. Only holders of Gryphon Gold voting stock as of the close of business on that date will be entitled to vote at the Special Meeting.

How many shares of common stock are outstanding as of the record date?

As of September 8, 2009, the Company had • shares of common stock issued and outstanding.

What am I voting on?

You are being asked to vote on the following:

- 1.

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

To approve the Company's proposed private placement financing of approximately \$28 million which would result in the issuance, or reservation for issuance upon conversion or exercise of other securities, of up to 150,000,000 shares of common stock at the discretion of the Board, to fund the construction of a gold mine on the Company's Borealis gold property in Nevada ("*Borealis Mine Project Financing*");

2. To approve an amendment to the Company's articles of incorporation to increase the authorized capital of the Company from 150,000,000 shares of common stock to 250,000,000 shares of common stock ("*Articles Amendment*");
3. To approve a reduction in the conversion price of the Company's outstanding 5% \$5 million principal amount Convertible Note, due March 30, 2010, dated August 21, 2007, as amended November 10, 2008, pursuant to an Option Agreement, dated August 5, 2008, made and entered into by the Company and Gerald W. Baughman and Fabiola Baughman as holders of the 5% \$5 million principal amount Convertible Note ("*Option to Restructure Debt*");

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

4. To approve an increase in the number of shares of common stock available for the grant of options under the Company's 2006 Omnibus Incentive Plan ("*Option Share Increase*"); and
5. Any other business that may properly come before the special meeting.

How many votes do I get?

Each share of common stock is entitled to one vote. No cumulative rights are authorized, and dissenters' rights are not applicable to any of the matters being voted upon.

The Board recommends a vote **FOR** the Borealis Mine Project Financing, **FOR** the Articles Amendment, **FOR** the Option to Restructure Debt and **FOR** the Option Share Increase.

How do I vote?

You have several voting options. You may vote by:

- Completing your proxy card over the internet at the following website: www.envisionreports.com/GYPH;
- Signing your proxy card and mailing it in the enclosed, addressed envelope; or
- Attending the Special Meeting and voting in person.

If your shares of common stock are held in an account with a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares of common stock held in a "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Special Meeting. As a beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote the shares of common stock in your account. You are also invited to attend the Special Meeting. However, since you are not the stockholder of record, you may not vote your shares of common stock in person at the meeting unless you request and obtain a valid proxy card from your broker, bank, or other nominee.

Can stockholders vote in person at the Special Meeting?

The Company will pass out written ballots to anyone who wants to vote at the meeting. If you hold your shares of common stock through a brokerage account but do not have a physical share certificate, or the shares of common stock are registered in someone else's name, you must request a legal proxy from your stockbroker or the registered owner to vote at the meeting.

What if I change my mind after I return my proxy?

You may revoke your proxy and change your vote at any time before the polls close at the Special Meeting. You may do this by:

- Go to www.envisionreports.com/GYPH and follow the instructions to log in and change your vote, prior to 12:00 p.m. (Pacific Time) on October 7, 2009;
- Signing another proxy with a later date and mailing it to the Company's Inspector of Elections, at the Company's principal executive offices, so long as it is received prior to 12:00 p.m. (Pacific Time), on October 7, 2009;
- Voting in person at the Special Meeting; or

- Giving written notice to the Company's Secretary, Lisanna Lewis, at the address given above, prior to 12:00 p.m. (Pacific Time) on October 7, 2009.

How many votes do you need to hold the meeting?

To conduct the Special Meeting, the Company must have a quorum, which means that one-third of outstanding voting stock of the Company as of the record date must be present at the meeting. Currently, the Company has only one class of voting stock – shares of common stock. Based on • shares of common stock issued and outstanding as of September 8, 2009, • shares of common stock must be present, in person or by proxy, for a quorum to be present at the Special Meeting.

Your shares of common stock will be counted as present at the Special Meeting if you:

- Submit a properly executed proxy card (even if you do not provide voting instructions); or
- Attend the Special Meeting and vote in person.

What if I abstain from voting?

Abstentions with respect to a proposal are counted for the purposes of establishing a quorum. If a quorum is present, abstentions will not be included in vote totals. Since the Company's bylaws provide that approval of a proposal at a meeting of the stockholders is by the affirmative vote of a majority of the voting stock present, in person or by proxy, at a meeting of the stockholders, abstentions will have the same effect as a vote against any proposal.

What effect does a broker non-vote have?

Brokers and other intermediaries, holding shares of common stock in street name for their customers, are generally required to vote the shares of common stock in the manner directed by their customers. If their customers do not give any direction, brokers may vote the shares of common stock on routine matters, such as the election of directors, but not on non-routine matters. The absence of a vote on a non-routine matter is referred to as a broker non-vote. Any shares of common stock represented at the Special Meeting but not voted (whether by abstention, broker non-vote or otherwise) will respect to all items of business set for this Special Meeting will have the same effect as a vote against such proposal.

How many votes are needed to approve the Borealis Mine Project Financing?

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

The Borealis Mine Project Financing will be approved if a majority of the shares of common stock present at the Special Meeting vote *FOR* the proposal. A properly executed proxy card marked “Abstain” with respect to this proposal will have the same effect as a vote cast *AGAINST* this proposal. If certain significant stockholders choose to subscribe for more than \$2.15 million principal amount of convertible notes or the resulting number of shares of common stock issuable to such significant stockholders upon exercise of warrants or conversion of convertible notes exceeds 10% of the number of shares of common stock currently outstanding, the Company will exclude any shares of common stock voted by such significant stockholders in respect of this proposal.

How many votes are needed to approve the Articles Amendment?

The Articles Amendment will be approved if a majority of the Company’s issued and outstanding shares of common stock vote *FOR* the proposal. A properly executed proxy card marked “Abstain” with respect to this proposal will have the same effect as a vote cast *AGAINST* this proposal.

How many votes are needed to approve the Option to Restructure Debt?

The Option to Restructure Debt will be approved if a majority of the shares of common stock present at the Special Meeting vote *FOR* the proposal. A properly executed proxy card marked “Abstain” with

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

respect to this proposal will have the same effect as a vote cast *AGAINST* this proposal. As an interested party, Gerald Baughman, a director to the Company and a holder of the Company's outstanding 5% \$5 million principal amount Convertible Note, and his wife, Fabiola Baughman, will abstain from voting on the Option to Restructure Debt.

How many votes are needed to approve the Option Share Increase?

The Option Share Increase will be approved if a majority of the shares of common stock present at the Special Meeting vote *FOR* the proposal. A properly executed proxy card marked "Abstain" with respect to this proposal will have the same effect as a vote cast *AGAINST* this proposal.

Will my shares of common stock be voted if I do not sign and return my Proxy Card?

If your shares of common stock are held through a brokerage account, your brokerage firm, under certain circumstances, may vote your shares of common stock.

If your shares of common stock are registered in your name, and you do not sign and return your proxy card, your shares of common stock will not be voted at the meeting.

How are votes counted?

Your shares of common stock will be voted as you indicate. If you just sign your proxy card with no further instructions, except for broker non-votes as described above, your shares of common stock will be voted:

- **FOR** the Borealis Mine Project Financing;
- **FOR** the Articles Amendment;
- **FOR** the Option to Restructure Debt; and
- **FOR** the Option Share Increase;

Voting results will be tabulated and certified by the Inspector of Elections.

Where can I find the voting results of the meeting?

The Company will publish the final results in the Company's Quarterly Report on Form 10-QSB for the third quarter of 2010, which will be filed with the Securities and Exchange Commission (SEC). Within four (4) business days of the Special Meeting, the Company will file a current report on Form 8-K if the stockholders approve the articles amendment.

Who will pay for the costs of soliciting proxies?

The Company will bear the cost of soliciting proxies. In an effort to have as large a representation at the meeting as possible, the Company's directors, officers and employees may solicit proxies by telephone or in person in certain circumstances. These individuals will receive no additional compensation for their services other than their regular salaries. Additionally, the Company may hire a proxy solicitor to help reach the quorum requirement. The Company will pay a reasonable fee in relation to these services. Upon request, the Company will reimburse brokers, dealers, banks, voting trustees and their nominees who are holders of record of the Company's shares of common stock on the record date for the reasonable expenses incurred for mailing copies of the proxy materials to the beneficial owners of such shares of common stock.

What if I share an address with another shareholder and we received only one copy of the proxy materials?

If certain requirements are met under relevant U.S. securities law, including in some circumstances, the shareholder's prior written consent, we are permitted to deliver one annual report and one proxy statement to a group of stockholders who share the same address. If you share an address with another shareholder and have received only one copy of the proxy materials, but desire another copy, please send written request to our offices at the address below or call us at (640) 261-2229 to request another copy of the proxy materials. Please note that each shareholder should receive a separate proxy card to vote the shares they own.

Send requests to:

Gryphon Gold Corporation

711-675 West Hastings Street

Vancouver, BC

V6B 1N2

Attention: Lisanna Lewis, Treasurer

When are stockholder proposals due for the 2010 Annual Meeting of Stockholders?

In order to be considered for inclusion in next year's (2010) proxy statement for next year's annual general meeting of stockholders, stockholder proposals must be submitted in writing to the Company's Treasurer, Lisanna Lewis, at Gryphon Gold Corporation, 711-675 West Hastings Street, Vancouver, BC, V6B 1N2, and received no later than March 25, 2010. Similarly, stockholder proposals not submitted for inclusion in the proxy statement and received after June 8, 2010 will be considered untimely pursuant to Rule 14a-5(e)(2) of the Securities and Exchange Act of 1934, as amended.

How can I obtain a copy of the 2009 Annual Report on Form 10-K?

The Company's 2009 Annual Report on Form 10-K, including financial statements is available through the SEC's website <http://www.sec.gov>. **At the written request of any stockholder who owns share of common stock on the record date, the Company will provide to such stockholder, without charge, a paper copy of the Company's 2009 Annual Report on Form 10-K as filed with the SEC, including the financial statements and financial statement schedules but not including exhibits.** If requested, the Company will provide copies of the exhibits for a reasonable fee. Requests for additional paper copies of the 2009 Annual Report on Form 10-K should be mailed to:

Gryphon Gold Corporation

PROPOSAL 1 — BOREALIS MINE PROJECT FINANCING

What am I voting on?

You are voting on a proposal to approve the Company's proposed private placement financing of approximately \$28 million, which would result in the issuance, or reservation for issuance upon conversion or exercise of other securities, of up to 150,000,000 shares of common stock at the discretion of the Board, to fund the construction of a gold mine on the Company's Borealis gold property in Nevada ("*Borealis Mine Project Financing*"). The up to 150,000,000 shares of common stock to be issued or reserved for issuance under the Borealis Mine Project Financing represents approximately •% of the number of issued and outstanding shares of common stock of •, as of September 8, 2009.

Why is shareholder approval sought?

The rules of the Toronto Stock Exchange require the Company to seek approval of its stockholders for a private placement where the number of shares which may be issued or reserved for issuance exceeds 25% of the outstanding number of shares, if the sale price of the shares is less than the market price (determined at the time of notice to the Toronto Stock Exchange). For the purposes of the rules of the Toronto Stock Exchange, the shares to be issued on conversion of convertible securities will be considered as being issued at a price per security less than market price and shares of common stock to be issued upon the exercise of warrants issued in connection with a private placement will be considered as being issued at a price per security less than the market price.

Why does the Board propose to proceed with the Borealis Mine Project Financing?

The Board believes it is advisable to issue, or reserve for issuance upon conversion or exercise of other securities, prior to December 31, 2009, on a private placement basis up to 150,000,000 shares of common stock in order to fund the Company's mine development plans on its Borealis gold property in Nevada.

On July 15, 2009, the Company announced the completion and results of our Pre-Feasibility Study for the development of the Borealis gold property. Based on this Pre-Feasibility Study, the details of which are described in the Company's press release dated July 20, 2009, as furnished in the Company's Current Report on Form 8-K filed on July 21, 2009, the Board believes it is in the best interests of the Company and its stockholders to raise approximately \$28 million through a private placement of convertible notes of the Company, warrants exercisable to acquire shares of common stock, shares of common stock, or some combination thereof, to be determined by the Board in negotiation with the investors and any placement agent involved in such financing.

How will the net proceeds of the Borealis Mine Project Financing be used?

The Company will use the net proceeds of the Borealis Mine Project Financing for the development of a gold mine at its Borealis gold property in Nevada, pursuant to the Pre-Feasibility Study, and for general working capital purposes.

How many shares of common stock are currently issued and outstanding or reserved for issuance?

The Company had • shares of common stock outstanding as at September 8, 2009. As of September 8, 2009, an additional • shares of common stock are reserved for issuance upon the exercise of outstanding warrants of the Company and an additional • shares of common stock are reserved for issuance upon conversion of an outstanding 5% convertible note of the Company.

8

What are the details of the Borealis Mine Project Financing?

The Company anticipates proceeding with a private placement of convertible notes of the Company, convertible into shares of common stock, warrants exercisable to acquire shares of common stock, shares of common stock, or some combination thereof, for up to 150,000,000 shares of common stock issued or reserved for issuance in order to raise approximately \$28 million.

The price of the convertible notes, warrants or common shares will be determined in the context of the market at the time a final decision is made by the Board to proceed with the Borealis Mine Project Financing, but in no event will the price of the common shares be less than the market price at the time of announcement, less the customary private placement discount up to a maximum of 15%.

The Board will determine the terms of the convertible notes within the following range of terms, with the Board having discretion to negotiate the final terms within such range:

Maturity:	One to ten years from date of issue.
Coupon:	3%-10% per annum, with the specific terms and conditions of interest and payment to be determined at the discretion of the Board.
Conversion:	The convertible notes will be convertible into that number of shares of common stock of the Company at a price ranging from \$0.25 to \$0.65 per share. The conversion price may be subject, at the discretion of the Board, to adjustment for stock dividends, stock splits, dilutive common share issuances and other customary adjustment events and entitlements upon conversion.
Payment at Maturity:	At maturity, the Company will pay the face amount of the convertible notes plus any accrued and unpaid interest in respect thereof.

The Board at its discretion will negotiate other customary terms of the convertible notes based on prevailing market conditions at the time of the financing. Such customary terms may include, but are not limited to, a redemption right for the Company, a Company call right allowing the Company to force conversion of the convertible notes, a security interest in certain or all of the assets of the Company, and a limitation on conversion rights related to shareholder owning of the holder of the convertible note.

The Board will determine the exercise price of the warrants will be in a range from \$0.25 to \$0.65 per share of common stock and the term of the warrants will be in a range from one to five years from the date of closing. The final terms of the warrants will be set by the Board within such range based on market conditions at the time of the financing. The warrants may contain other customary terms and conditions to be determined by the Board at the time of financing, including, but not limited to forced exercise provisions, anti-dilution provisions and registration rights.

The Company has granted to an investment dealer a right to participate in this potential financing of the Company. Under the engagement, the Company will pay such investment dealer a cash fee equal to 6% of the aggregate purchase price paid by each purchaser of equity or equity-linked securities of the Company, including warrants and convertible debt, and the Company has agreed to issue compensation warrants exercisable to acquire shares of common stock of the Company equal to 6% of the aggregate number of shares of common stock of the Company

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

or common stock equivalents convertible into shares of common stock with or without additional consideration, including warrants and convertible notes, sold in the offering to investors. The compensation warrants will have the same terms as warrants issued to investors or, if no warrants are issued, the same terms as convertible securities issued to investors or, if no convertible securities are issued, the exercise price of the compensation warrants will be 10% above the price per share of common stock issued to investors and the exercise period will be two years.

9

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

If such dealer agrees to or determines not to act as agent in respect of the Borealis Mine Project Financing, the Company may retain one or more agents in connection with the Borealis Mine Project Financing, in which case such agents would be compensated on the basis of a cash commission determined in the context of the market and, possibly, non-cash commission consisting of compensation warrants to acquire a number of shares of the company at the offering price for a period of time not exceeding two years.

The Company may provide to purchasers the right to require the registration of the securities under the U.S. Securities Act of 1933, as amended.

The investors for the Borealis Mine Project Financing may include certain stockholders of the Company which own or exercise control over more than 10% of the Company's outstanding shares of common stock (the "significant stockholders"). Any significant shareholder will be considered to be an "insider" under the rules of the Toronto Stock Exchange.

In accordance with the requirements of the Toronto Stock Exchange, the votes of such significant stockholders will be excluded from the required majority in respect of the Borealis Mine Project Financing proposal if the principal amount of securities to be purchased by such significant stockholders exceeds \$2.15 million or the resulting number of shares of common stock issuable to such significant stockholders upon exercise of warrants or conversion of the convertible notes exceeds 10% of the number of shares of common stock currently outstanding.

The Company is not aware whether any significant shareholder will be asked to or chooses to subscribe for securities. Moreover, the Company is only aware of one significant shareholder at the date hereof. See the section entitled "Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters" below. If such significant shareholder chooses to subscribe for more than \$2.15 million principal amount of convertible notes or the resulting number of shares of common stock issuable to such significant stockholders upon exercise of warrants or conversion of convertible notes exceeds 10% of the number of shares of common stock currently outstanding, the Company will advise the Toronto Stock Exchange and exclude any shares of common stock voted by such significant shareholder in respect of this proposal.

The Borealis Mine Project Financing will be approved if a majority of the shares of common stock present at the Special Meeting vote *FOR* the proposal. A properly executed proxy card marked "Abstain" with respect to this proposal will have the same effect as a vote cast *AGAINST* this proposal.

If such approval is not obtained, the Company may, in accordance with the rules of the Toronto Stock Exchange, proceed with a private placement transaction, without shareholder approval, where shares may be issued at a price less than the then current market price, provided that the number of shares of common stock issued and reserved for issuance does not exceed 25% of the outstanding shares of the Company at that time. In addition, the Company may, without approval of stockholders, issue shares of common stock representing more than 25% of the outstanding shares if such shares of common stock are issued at a price equal to or exceeding the market price on the Toronto Stock Exchange at the relevant time (provided there is no material affect on the control of the Company).

The Board of Directors recommends a vote FOR the approval of the Borealis Mine Project Financing.

PROPOSAL TWO – ARTICLES AMENDMENT

What am I voting on?

You are voting on a proposal to approve amendments to the Company's Articles of Incorporation. As explained below, the amendments amend provisions to the Company's Articles of Incorporation relating to increasing the number of authorized shares of common stock from 150,000,000 to 250,000,000. No other of the current provisions in the Company's Articles of Incorporation, as last amended August 9, 2005, will be amended, altered, replaced, or otherwise changed by the current amendments before the stockholders.

Why did the Board adopt the Articles Amendment?

As the Company continues to make progress in developing its Borealis gold property and other projects and is moving towards anticipated development of a mine on the Borealis gold property, as more fully discussed above under the section entitled "Proposal One – Borealis Mine Project Financing", the Board anticipates that the Company needs to raise additional capital for development costs through issuance of equity securities or convertible debt securities. As the Company had 67,960,901 shares of common stock issued and outstanding as of August 26, 2009, the Board determined that it was in the best interests of the Company and its stockholders to increase the number of authorized shares of common stock from 150,000,000 to 250,000,000 to ensure that Board has sufficient available shares of common stock to meet the Company's ongoing capital requirements, if necessary.

Does the Company have any current plans, proposals or arrangements to issue any of the newly available authorized shares of common stock for any purpose, including future acquisitions and/or financings?

Yes. Subject to the stockholder approval, the Company has current plans to issue or reserve for issuance up to 150,000,000 shares of common stock to raise approximately \$28 million to finance the development of a gold mine on the Borealis gold property in Nevada. See the section entitled "Proposal One – Borealis Mine Project Financing".

Additionally, in the future, the Board anticipates that the Company may need to raise additional capital for development and anticipated production costs. The Company may issue shares of common stock in connection with such financing transactions and for corporate purposes which the Board believes are in the best interest of the Company and its stockholders.

What are the possible anti-takeover implications in increasing the number of authorized shares of common stock?

The amendment to the Articles of Incorporation to increase the authorized number of shares of common stock from 150,000,000 to 250,000,000 as proposed could adversely affect the ability of third parties to take over or change the control of the Company. The issuance of additional shares of common stock may, under certain circumstances, create voting impediments with respect to changes in control of the Company or dilute the stock ownership of holders of shares of common stock seeking to obtain control of the Company. The ability of our Board to cause the Company to issue substantial amounts of shares common stock without the need for shareholder approval could discourage potential acquirers and therefore deprive stockholders of benefits they might otherwise obtain from an attempt to acquire ownership or control of the Company,

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

such as selling their shares of common stock at a premium over market price. Moreover, the issuance of shares of common stock to persons friendly to the Board could make it more difficult to remove incumbent directors from office even if such change would serve the interests of the Company and its stockholders. For the foregoing reasons, the rights of the existing holders of shares common stock will be subject to, and may be adversely affected by, the future issuance of shares of common stock.

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

While the proposed amendment may have anti-takeover ramifications, the Board believes that the benefits it would confer on the Company outweigh any potential disadvantages, including enhanced ability to finance purchases and secure capital. Notwithstanding the foregoing, the Board has no present intention to issue the authorized common stock for any defensive or anti-takeover purpose, subject to the exercise of its fiduciary duties to the Company and its stockholders. Rather, the Board intends to issue common stock only for the purpose of facilitating capital-raising transactions and for other corporate purposes which the Board believes are in the best interests of the Company and its stockholders.

What amendments are being made to the Articles of Incorporation?

The following are the provisions to be amended in the Company's Articles of Incorporation:

Article 4, Section 4.1 which currently reads:

“CAPITAL STOCK. The total number of shares of stock the Corporation is authorized to issue shall be One Hundred Sixty-Five Million (165,000,000) shares, consisting of One Hundred Fifty Million (150,000,000) shares of common stock, par value of \$0.001, and Fifteen Million (15,000,000) shares of preferred stock, par value of \$0.001.”

will be amended to read:

“CAPITAL STOCK. The total number of shares of stock the Corporation is authorized to issue shall be Two Hundred Sixty-Five Million (265,000,000) shares, consisting of Two Hundred Fifty Million (250,000,000) shares of common stock, par value of \$0.001, and Fifteen Million (15,000,000) shares of preferred stock, par value of \$0.001.”

No other amendments, additions, or alterations will be made to Article 4 or to any other article of the Articles of Incorporation.

Where can I find a copy of the current Articles of Incorporation?

The current Articles of Incorporation are attached as exhibit 3.1 to the Company's registration statement on Form SB-2 as filed with the Securities and Exchange Commission (“SEC”) on August 17, 2005. A copy of the Certificate of Amendment, as filed August 9, 2005, is attached as exhibit 3.2 to the Company's registration statement on Form SB-2 as filed with the Securities and Exchange Commission (“SEC”) on August 17, 2005. The Form SB-2 is available at the SEC's website at www.sec.gov.

The Articles Amendment will be approved if a majority of the Company's issued and outstanding shares of common stock vote *FOR* the proposal. A properly executed proxy card marked “Abstain” with respect to this proposal will have the same effect as a vote cast *AGAINST* this proposal.

The Board of Directors recommends a vote FOR the Articles Amendment.

12

PROPOSAL THREE – OPTION TO RESTRUCTURE DEBT

What am I voting on?

To approve a reduction in the conversion price of the Company’s outstanding 5% \$5 million principal amount Convertible Note, due March 30, 2010, dated August 21, 2007, as amended November 10, 2008, pursuant to an Option Agreement, dated August 5, 2008, made and entered into by the Company and Gerald W. Baughman and Fabiola Baughman as holders of the 5% \$5 million principal amount Convertible Note.

The Option Agreement provides the Company with a 12-month option (extended for an additional 6 months at the election of the Company for an additional \$35,000) to restructure the 5% \$5 million principal amount Convertible Note associated with the purchase of its wholly owned subsidiary, Nevada Eagle Resources LLC on August 21, 2007. The Board expects the option to restructure this 5% \$5 million principal amount Convertible Note to improve the Company’s financing capability.

Under the terms of the Option Agreement, which can be exercised any time up to February 5, 2010, half of the existing \$5.0 million principal amount (\$2.5 million) would be repaid by converting \$2 million into four million shares of common stock of the Company (effectively at \$0.50/share of common stock) and making a \$500,000 cash payment. The \$2.5 million balance of principal amount would convert into a secured convertible debenture, convertible at \$0.70/share for the first year (from the exercise date of the option) and escalating by \$0.10/share per year until maturity in March 30, 2012.

Pursuant to the rules of the Toronto Stock Exchange, stockholders are being asked to approve the amended conversion price effective upon exercise of the option. Exercise of the option is left to the discretion of the Board in the best interests of the Company and its stockholders.

What is the current conversion price and what will the conversion price be upon exercise of the option?

The 5% \$5 million principal amount Convertible Note currently provides as follows in relation to the conversion price:

<u>Period</u>	<u>Conversion Price</u>
Through First Anniversary of convertible note issuance	\$1.00/share of common stock
Through Second Anniversary of convertible note issuance	\$1.25/share of common stock
Through Third Anniversary of convertible note issuance	\$1.50/share of common stock
On maturity date, March 30, 2010	\$1.75/share of common stock

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

Upon exercise of the option in the Option Agreement, the conversion price for the remaining \$2.5 principal amount will be:

<u>Period</u>	<u>Conversion Price</u>
Through First Anniversary of Option Exercise	\$0.70/share of common stock
Through Second Anniversary of Option Exercise	\$0.80/share of common stock
Through Third Anniversary of Option Exercise	\$0.90/share of common stock
Through March 30, 2012	\$1.00/share of common stock

When and why was the 5% \$5 million principal amount Convertible Note issued?

On July 4, 2007, the Company entered into a membership interest purchase agreement with Gerald W. Baughman and Fabiola Baughman (“*Baughmans*”), as sellers, and Nevada Eagle LLC, a Nevada limited liability company, under which the Company agreed to purchase all of the outstanding limited liability company interests of Nevada Eagle LLC. Upon closing of the membership interest purchase agreement on August 21, 2007, the Company acquired Nevada Eagle LLC from the Baughmans for the following consideration:

- (a) \$2,500,000 in cash;
- (b) four million five hundred thousand (4,500,000) shares of our common stock; and
- (c) a 5% convertible note in the principal amount of \$5,000,000.

On November 10, 2008, the Company amended the 5% \$5 million principal amount Convertible Note so that ongoing cash interest payments are \$73,288 and \$51,713 each January 1 and June 1, respectively, or one half of their previous amounts. The unpaid interest is added to the principal balance of the note, compound monthly at 5% and becomes due and payable at the maturity date of the 5% \$5 million principal amount Convertible Note, March 30, 2010.

What is the relationship between the Company and Gerald W. Baughman and Fabiola Baughman?

Gerald Baughman is a director to the Company and serves as the Company’s Vice President of Business Development. Fabiola Baughman is Gerald Baughman’s wife.

As an interested party, Gerald Baughman, a director to the Company, the Company’s Vice President of Business Development and a holder of the Company’s outstanding 5% \$5 million principal amount Convertible Note, and his wife, Fabiola Baughman, the other holder of the Company’s outstanding 5% \$5 million principal amount Convertible Note, will abstain from voting on the Option to Restructure Debt.

The Option to Restructure Debt will be approved if a majority of the shares of common stock present at the Special Meeting vote *FOR* the proposal. A properly executed proxy card marked “Abstain” with respect to this proposal will have the same effect as a vote cast *AGAINST* this proposal.

The Board of Directors recommends a vote FOR the Option to Restructure Debt.

PROPOSAL FOUR – OPTION SHARE INCREASE

What am I voting on?

The Company's Board of Directors has approved an increase in the number of shares of common stock authorized for issuance under the Company's 2006 Omnibus Incentive Plan, subject to stockholder approval.

The Board determined that it is in the best interests of the Company and the stockholders for the Company to increase the number of shares of common stock available for issuance under the 2006 Omnibus Incentive Plan for the issuance of options under the plan, to reflect an increase in the number of shares of common stock issued and outstanding. Currently, the Company's two option plans as approved by the stockholders provide for the issuance of shares of common stock as follows: (i) the 2005 Stock Option Plan provided for 3,000,000 shares of common stock for options (of which 1,055,000 remain outstanding and nil are available for issuance) and (ii) the 2006 Omnibus Incentive Plan provides for the issuance of 4,500,000 shares of common stock for options (of which 3,737,000 are outstanding and 763,000 are available for issuance) and 1,000,000 shares of common stock for restricted stock units (of which 708,420 have been granted and 291,580 remain available for grant).

Based on • shares of common stock issued and outstanding as of September 8, 2009, the Board has recommended an increase of 1,500,000 shares of common stock to the shares of common stock available for issuance of options under the 2006 Omnibus Incentive Plan. Following the amendment, the Omnibus Plan will provide for 6,000,000 shares of common stock for stock options and 1,000,000 shares of common stock for restricted stock units. The Board has recommended the increase because it anticipates needing to hire additional key personnel associated with the construction and operation of the mine on the Company's Borealis gold property and that participation in options will be a part of such personnel's compensation.

This proposal is to approve the share increase as approved by the Board.

Who is eligible to participate in the Omnibus Plan?

Any employee, officer, director, consultant, independent contractor, or director of or providing services to the Company or any parent, affiliate, or subsidiary of the Company is eligible to be designated a participant in the Omnibus Plan.

Currently, this includes, but is not limited to, the following directors and executives:

- Donald W. Gentry, Director;

- Gerald Baughman, Director, VP Business Development;

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

- Marvin Kaiser, Director;
- Terence J. Cryan, Director;
- John L. Key, Director, Chief Executive Officer;
- Michael K. Longinotti, Chief Financial Officer;
- Lisanna Lewis, Treasurer and Secretary

In total there are approximately 7 officers, directors, and employees eligible under the Omnibus Plan.

What benefit amounts will be received under the Omnibus Plan?

Benefit amounts will be determined by the Compensation Committee. Currently, the Board has not authorized the issuance of options covered by the Option Share Increase.

Where can I find more information about the Omnibus Plan?

Please see the section entitled "Equity Compensation Plans" below for more information about the Omnibus Plan.

A copy of the Omnibus Incentive Plan is available under the Company's profile at www.sedar.com or www.sec.gov, as an attachment to the Proxy Statement dated August 18, 2006, as filed on August 9, 2006.

The Option Share Increase will be approved if a majority of the shares of common stock present at the Special Meeting vote *FOR* the proposal. A properly executed proxy card marked "Abstain" with respect to this proposal will have the same effect as a vote cast *AGAINST* this proposal.

The Board recommends a vote FOR the ratification of the Option Share Increase.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following tables set forth information as of August 26, 2009, regarding the ownership of our common stock by:

- each person who is known by us to own more than 5% of our shares of common stock; and
- each named executive officer, each director and all of our directors and executive officers as a group.

The number of shares beneficially owned and the percentage of shares beneficially owned are based on 67,960,901 shares of common stock outstanding as of August 26, 2009.

For the purposes of the information provided below, shares subject to options and warrants that are exercisable within 60 days following August 26, 2009 are deemed to be outstanding and beneficially owned by the holder for the purpose of computing the number of shares and percentage ownership of that holder but are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person. Except as indicated in the footnotes to these tables, and as affected by applicable community property laws, all persons listed have sole voting and investment power for all shares shown as beneficially owned by them.

<u>Name and Address of Beneficial Owner(1)</u>	<u>As of August 26, 2009</u> <u>Shares</u>	<u>Percent</u>
Standard Bank plc 25 Dowgate Hill, Cannon Bridge House London, United Kingdom EC4R 2SB	3,426,336	5.04%
Jerry & Fabiola Baughman 197 North Argyle Court Reno, Nevada 89511	7,040,500(2)	9.99%(2)
Top Gold AG M V K Landstrasse 14 9496 Balzers Principality of Liechtenstein	10,050,000(3)	14.79%(3)

(1) Beneficial ownership is determined in accordance with the rules of the United States Securities and Exchange Commission and includes voting and investment power with respect to shares. Unless otherwise indicated, the persons named in this table have sole voting and sole investment control with respect to all shares beneficially owned. Figures shown are on a non-diluted basis.

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

- (2) 7,040,500 common shares beneficially owned by the Baughmans, as joint tenants with rights of survivorship, is comprised of 4,500,000 shares of common stock of Gryphon Gold, 100,000 shares acquirable upon exercise of options and 2,440,500 shares of common stock of Gryphon Gold that are issuable upon conversion of a \$5,000,000, convertible note, subject to a cap on conversion at 9.99% of the issued and outstanding.
- (3) The Investment Advisor with ultimate voting and dispositive power is Luxor Asset Management Trust reg., Balzers, which is represented by Mr. Martin Frick, and Mr. Oliver von Niederhausen.

Gerald Baughman Suite 711, 675 West Hastings Street	7,040,500(4)	9.99%(4)
---------------------------------------------------------------	--------------	----------

Vancouver, BC V6B 1N2

All directors and executive officers as a group (6 persons)

	8,266,000(5)	11.58%(5)
--	--------------	-----------

- (1) Beneficial ownership is determined in accordance with the rules of the SEC and includes voting and investment power with respect to shares. Unless otherwise indicated, the persons named in this table have sole voting and sole investment control with respect to all shares beneficially owned.
- (2) Includes vested options exercisable to acquire 300,000 shares of common stock.
- (3) Includes vested options exercisable to acquire 250,000 shares of common stock.
- (4) Includes vested options exercisable to acquire 100,000 shares of common stock and 2,440,500 shares of common stock of Gryphon Gold that are issuable upon conversion.
- (5) Includes vested options exercisable to acquire 975,000 shares of common stock, and 2,440,500 shares of common stock of Gryphon Gold that are issuable upon conversion.

We have no knowledge of any arrangements, including any pledge by any person of our securities, the operation of which may at a subsequent date result in a change in our control.

We are not, to the best of our knowledge, directly or indirectly owned or controlled by another corporation or foreign government.

As of August 26, 2009, we had approximately 2,000 stockholders of record of our common stock.

EXECUTIVE COMPENSATION

The following table sets forth compensation paid to each of the individuals who served as our Chief Executive Officer and our other most highly compensated executive officers (the “named executive officers”) for the fiscal year ended March 31, 2009.

Summary Compensation Table

Name and Principal Position	Year	Salary \$	Bonus \$	Stock Awards \$	Options Awards \$	Non-Equity Incentive Plan Compensation \$	Non-Qualified Deferred Compensation Earnings \$	All Other Compensation	Total
John Key, CEO	2009	83,562			35,158				118,720 ⁽¹⁾

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

Michael Longinotti, CFO	2009	98,617	109,109	154,396	362,122 ⁽²⁾
Tony Ker, retired CEO and retired Director	2009	70,364 ⁽³⁾	122,474 ⁽⁴⁾	70,452 ⁽⁵⁾	263,290
Jerry Baughman, VP Business Development	2009	95,000	10,506		105,506 ⁽⁶⁾
Steve Craig, former VP Exploration	2009	100,430	30,541	14,225	145,196 ⁽⁷⁾

- (1) \$83,562 of grand total was received as cash, remaining \$35,158 was recorded as non-cash stock compensation expense.
- (2) \$98,617 of grand total was received as cash, \$109,109 was recorded as non-cash stock compensation expense, \$149,555 was accrued for severance pay, payable November 2009, and \$4,841 was paid in consulting fees.
- (3) April – Aug 2008 salary received as employee
- (4) Recorded as non-cash stock compensation expense.
- (5) Consists of Cdn\$37,500 for three months of pay related to transition agreement, Cdn\$50,000 one time consulting fee, and Cdn\$1,362 holiday pay.

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

- (6) \$95,000 of grand total was granted in cash, remaining \$10,506 was recorded as non-cash stock compensation expense.
- (7) \$78,750 of grand total was salary received as employee, \$15,577 was received as severance pay, and \$6,103 was received as holiday pay, \$30,541 was recorded as non-cash compensation expense and \$14,225 received as consultant fees.

Executive Compensation Agreements and Summary of Executive Compensation

Report on Executive Compensation

During the year ended March 31, 2009, the Company's Compensation Committee was responsible for establishing compensation policy and administering the compensation programs of our executive officers.

The amount of compensation paid by the Company to each of our officers and the terms of those persons' employment is determined solely by the Compensation Committee. The Compensation Committee evaluates past performance and considers future incentive and retention in considering the appropriate compensation for the Company's officers. The Company believes that the compensation paid to the Company's directors and officers is fair to the Company.

Our Compensation Committee believes that the use of direct stock awards is at times appropriate for employees, and in the future intends to use direct stock awards to reward outstanding service or to attract and retain individuals with exceptional talent and credentials. The use of stock options and other awards is intended to strengthen the alignment of interests of executive officers and other key employees with those of our stockholders.

Executive Compensation Agreements

Gryphon Gold is a party to employment contracts for John Key and Gerald Baughman. Pursuant to those agreements they are entitled to compensation for termination of their employment in certain circumstances, including termination without cause and change of control. The employment agreements provide for the payment of compensation that will be triggered by a termination of the executive officer's employment by either Gryphon Gold or the executive officer following a change of control of Gryphon Gold, or by Gryphon Gold at any time, other than for "cause." In such event, Messer's Key, and Baughman will be entitled to receive an amount equal to one year's annual salary plus bonus (equal to the amount of bonus in the prior year) earned in the year of change of control, and existing benefits for a period of 12 months. The agreements with Gerald Baughman and John Key include limited non-competition and non-solicitation covenants for a period of 12 months following termination.

Gryphon Gold is party to a consultant contract with Michael Longinotti. The agreement pays an hourly wage of Cdn\$90/hour for any work performed.

Except as described above, and the payment of directors' fees, there are no service contracts of any officer of Gryphon Gold and there is no arrangement or agreement made or proposed to be made between Gryphon Gold and any of its named executive officers pursuant to which a payment or other benefit is to be made or given by way of compensation in the event of that officer's resignation, retirement or other termination of employment, or in the event of a change of control of Gryphon Gold or a change in the named executive officer's responsibilities following

such change in control.

(1) 75,000 options vest Feb 10, 2010; 262,500 options vest 87,500 each Aug 1, 2009, Feb 1, 2010, and Aug 1, 2010.

(2) 21,250 options vest on September 21, 2009; 75,000 options vest June 23, 2009.

(3) 150,000 options vest 50,000 each Aug 1, 2009, Feb 1, 2010 and Aug 1, 2010.

Retirement, Resignation or Termination Plans

We sponsor no plan, whether written or verbal, that would provide compensation or benefits of any type to an executive upon retirement, or any plan that would provide payment for retirement, resignation, or termination as a result of a change in control of our Company or as a result of a change in the responsibilities of an executive following a change in control of our Company.

Director Compensation

Name	Fees Earned or Paid in Cash (\$)(\\$)	Stock Awards (\$)	Option Awards (\$)	Non-Equity Incentive Plan Compensation (\$)	Non-Qualified Compensation Earnings (\$)	All Other Compensation (\$)	Total (\$)
Donald Gentry	18,000	20,365	-	-	-	-	38,365 ⁽¹⁾
Rohan Hazelton (resigned)	4,500	-	-	-	-	-	4,500 ⁽²⁾
Richard Hughes (retired)	4,500	6,340	-	-	-	-	10,840 ⁽³⁾
Marvin Kaiser	6,000	3,930	-	-	-	-	9,930 ⁽⁴⁾

⁽¹⁾ \$4,500 of fees has been paid in cash, the remaining \$13,500 has been accrued. 250,000 stock options, 225,000 have vested; 25,000 vest on June 16, 2009.

⁽²⁾ Director's fees paid.

⁽³⁾ \$4,500 paid; 100,000 stock options vested March 3, 2008.

⁽⁴⁾ \$6,000 accrued; 150,000 stock options, 75,000 have vested, remaining vest 37,500 each May 18, 2009, Aug 18,

Beginning April 1, 2008, each independent board member shall receive \$1,500 per month. The fees cover attendance for all meetings, irrespective of the number of audit, compensation and board meetings. The independent directors were paid for the first quarter and fees owed for the subsequent quarters have been accrued.

Beginning January 2007, independent board members who are not employed by us in any capacity other than as a director were compensated for their services as follows:

- A grant of 25,000 Restricted Stock Units that vest at a rate of 6,250 units each calendar quarter during 2007 and 50,000 units that will vest July 10, 2008.
- No cash compensation for attendance of any meeting.
- Any expenses, travel, administrative, telephone or other costs associated with a Board member's fulfilling his or her duties as a Board member will be reimbursed by Gryphon Gold.

Beginning January 2007, non-independent board members were compensated for their services as follows:

- A grant of 50,000 Restricted Stock Units that will vest July 10, 2008.
- No cash compensation for attendance of any meeting.
- Any expenses, travel, administrative, telephone or other costs associated with a Board member's fulfilling his or her duties as a Board member will be reimbursed by Gryphon Gold.

Beginning in July 2005 and until January 2007, independent board members who were not employed by us in any capacity other than as a director were compensated for their services as follows:

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

- For any Board or Committee meeting not requiring travel, such as a telephone conference call — a meeting fee of \$250.
- For any fully constituted meeting of the Board or a Committee requiring travel of over four hours in aggregate — a meeting fee of \$1,000.
- Any expenses, travel, administrative, telephone or other costs associated with a Board member's fulfilling his or her duties as a Board member will be reimbursed by Gryphon Gold.

Director Compensation Agreements

Gryphon Gold is a party to an employment contract for John Key and Jerry Baughman. Pursuant to the agreement, he is entitled to compensation for termination of their employment in certain circumstances, including termination without cause and change of control. The employment agreements provide for the payment of compensation that will be triggered by a termination of the executive officer's employment by either Gryphon Gold or the executive officer following a change of control of Gryphon Gold, or by Gryphon Gold at any time, other than for "cause." In such event, each officer will be entitled to receive an amount equal to one year's annual salary plus bonus (equal to the amount of bonus in the prior year) earned in the year of change of control, and existing benefits for a period of 12 months. The agreements with John Key and Jerry Baughman include limited non-competition and non-solicitation covenants for a period of 12 months following termination.

Except as described above, and the payment of directors' fees, there are no service contracts of any director of Gryphon Gold and there is no arrangement or agreement made or proposed to be made between Gryphon Gold and any of its directors pursuant to which a payment or other benefit is to be made or given by way of compensation in the event of that officer's resignation, retirement or other termination of employment, or in the event of a change of control of Gryphon Gold or a change in the director's responsibilities following such change in control.

EQUITY COMPENSATION PLAN INFORMATION

We have two equity compensation plans: the 2005 Stock Option Plan and the 2006 Omnibus Incentive Plan. Each plan has been approved by our stockholders.

Securities Authorized for Issuance

On March 29, 2005, the Board adopted a stock option plan which was approved by our stockholders on May 13, 2005. As of March 31, 2007 we had granted 3,000,000 stock options, of which 565,000 were forfeited and 107,500 were exercised, pursuant to the terms of our 2005 stock option plan with expiry dates to 2011. We may only issue up to 3,000,000 shares of common stock under the terms of the 2005 stock option plan.

On April 4, 2006 (amended July 24, 2006), the Board of Directors approved the 2006 Omnibus Incentive Plan, which increased the number of reserved shares of common stock for issuance to employees, officers, directors, consultants and advisors, from 3,000,000 to 7,000,000 shares. The 2006 Omnibus Incentive Plan was ratified by the stockholders at the company's annual general meeting on September 12, 2006, along with all options previously granted there under, pending such ratification.

On September 6, 2007, at the annual general meeting of the stockholders, the stockholders approved an increase in the number of shares of common stock issuable pursuant to the grant of stock options under the Omnibus Incentive Plan. After the shareholder approved increase, the 2006 Omnibus Incentive Plan authorizes the Company to grant 4,500,000 options and 1,000,000 restricted stock units.

As of August 26, 2009, we had granted 7,932,000 stock options, of which 4,195,000 were forfeited, pursuant to the terms of our omnibus incentive plan as described below with expiry dates to 2014; 851,170 restricted stock units had been granted as of August 26, 2009, of which 142,750 have been forfeited and the equivalent of 42,500 were issued in cash pursuant to the terms of our omnibus incentive plan.

We have no equity compensation plans in place that have not been approved by our stockholders. The table below shows securities issued under our equity compensation plans as of August 26, 2009.

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

We have no equity compensation plans in place that have not been approved by our stockholders. The table below shows securities issued under our equity compensation plans as of August 26, 2009.

	Number of securities to be issued upon exercise of outstanding options, warrants, and rights (a)	Weighted-average exercise price of outstanding options, warrants, and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders⁽¹⁾	4,792,000 ⁽¹⁾	\$0.53*	1,054,580 ⁽²⁾
Equity compensation plans not approved by security holders	--	--	--
TOTAL	4,792,000	--	1,054,580

(1) Consists of 1,055,000 outstanding options granted from the Stock Option Plan, and 3,737,000 outstanding options granted from the Omnibus Incentive Plan.

(2) Consists of 763,000 options and 291,580 restricted stock units remaining under the Omnibus Incentive Plan.

2005 Stock Option Plan

Our 2005 Stock Option Plan provides that the total number of shares of common stock which may be issued pursuant to the 2005 Stock Option Plan shall not exceed 3,000,000 shares of common stock.

The 2005 Stock Option Plan is administered by the Compensation Committee, and has full and final authority with respect to the granting of options there under. Options may be granted under the 2005 Stock Option Plan to such directors, officers, employees or consultants of Gryphon Gold and its subsidiaries as the Compensation Committee may from time to time designate (referred to as a “participant”). Each option will generally entitle a participant to purchase one share of common stock during the term of the option upon payment of the exercise price. The exercise price of any options granted under the 2005 Stock Option Plan shall be determined by the Compensation Committee and may not be less than the market price of our common stock on the date of grant of the options (calculated in accordance with the rules of the Toronto Stock Exchange as the volume weighted average trading price for the five trading days preceding the date of grant). Gryphon Gold may provide financial assistance to eligible persons to purchase shares of common stock under the 2005 Stock Option Plan, subject to applicable law and the rules and policies of any securities regulatory authority or stock exchange with jurisdiction over the Corporation or a trade in its securities. Any financial assistance so provided will be repayable with full recourse and the term of any such financing shall not exceed the term of the option to which the financing applies.

The term of any options granted shall be determined by the Compensation Committee at the time of the grant but the term of any options granted under the 2005 Stock Option Plan shall not exceed ten years. If desired by the Compensation Committee, options granted under the 2005 Stock Option Plan may be subject to vesting provisions. Options granted under the 2005 Stock Option Plan are not transferable or assignable other than by will or otherwise by operation of law. In the event of death or disability of an option holder, options granted under the 2005 Stock Option Plan expire one year from the death or disability of the option holder.

Certain restrictions contained in the 2005 Stock Option Plan include:

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

- the number of shares of common stock which may be issued pursuant to the 2005 Stock Option Plan (or any other employee-related plan or options for service) to any one person may not exceed 5% of all the common shares issued and outstanding on a non-diluted basis from time to time; and
- the number of shares of common stock which may be issued pursuant to the 2005 Stock Option Plan (or any other employee-related plan or options for services) to insiders (as defined in the rules of the Toronto Stock Exchange to include generally directors, senior officers of Gryphon Gold or its subsidiaries or stockholders who own more than 10% of our common stock) during any twelve month period may not exceed 10% of the common stock issued and outstanding on a non-diluted basis from time to time (unless approval of disinterested stockholders has been obtained in accordance with the rules of the Toronto Stock Exchange).
- the number of shares of common stock which may be reserved for issuance in respect of options granted to insiders pursuant to the 2005 Stock Option Plan (or any other employee-related plan or options for service) may not exceed 10% of the common stock issued and outstanding on a non-diluted basis from time to time unless approval of disinterested stockholders has been obtained in accordance with the rules of the Toronto Stock Exchange).

Gryphon Gold's board of directors may at any time terminate or amend the 2005 Stock Option Plan in any respect, provided however, that the board may not, without the approval of the stockholders, amend the 2005 Stock Option Plan or any option granted thereunder in any manner that requires shareholder approval under applicable law or the rules and policies of any stock exchange or quotation system upon which the common shares are listed or quoted.

2006 Omnibus Incentive Plan

The Omnibus Plan authorizes 4,500,000 shares of common stock and 1,000,000 shares of restricted stock for issuance to officers, directors, employees and consultants. For a description of the Omnibus Plan see below.

Summary of Outstanding Options and Awards

The following table sets out the total number of shares of common stock reserved for issuance under the 2005 Stock Option Plan and the Omnibus Incentive Plan in respect of outstanding options and awards and in respect of options and awards available for issuance as of August 26, 2009.

	Number of Shares	% of Outstanding Shares⁽¹⁾
Options outstanding under the		
2005 Stock Option Plan ⁽²⁾	1,055,000	1.6%
Options outstanding under the Omnibus Incentive Plan	3,737,000	5.5%
Awards outstanding under the Omnibus Incentive Plan	-	-
Options available for issuance under the Omnibus Incentive Plan	763,000	1.12%
Awards available for issuance under the Omnibus Incentive Plan	291,580	**

** - denotes percentage less than 1%

(1) Calculated based on 67,960,601 shares outstanding as of August 26, 2009.

(2) No further options will be granted under the 2005 Stock Option Plan.

Omnibus Incentive Plan

The following is a summary of all material Omnibus Plan provisions. It is not a comprehensive discussion of all of the terms and conditions of the Omnibus Plan. The information provided below may be modified or altered by some provisions in the Omnibus Plan. A copy of the Omnibus Incentive Plan is available under the Company's profile at www.sedar.com or www.sec.gov, as an attachment to the Proxy Statement dated August 18, 2006.

Purpose

The purpose of the Omnibus Plan is to promote the interests of the Company and its stockholders by aiding the Company in attracting and retaining employees, officers, consultants, independent contractors and directors capable of assuring the future success of the Company, to offer such persons incentives to put forth maximum efforts for the success of the Company's business and to afford such persons an opportunity to acquire a proprietary interest in the Company.

Persons Eligible

Any employee, officer, director, consultant, independent contractor, or director of or providing services to the Company or any parent, affiliate, or subsidiary of the Company is eligible to designate a participant in the Omnibus Plan. However, stock option grants may only be granted to full- or part-time employees, officers, or directors of the Company or one of its subsidiaries.

Administration

The Omnibus Plan is administered by the Company's Compensation Committee, or such other committee as the Board may assign administrative responsibility in the best interests of the Company. The administering committee (the "Committee") has the power to: (i) designate Omnibus Plan participants; (ii) determine the type or types of awards to be granted to participants under the Omnibus Plan; (iii) determine the number of shares to be covered by each award; (iv) determine the terms and conditions of any award or award agreement; (v) amend the terms and conditions of any award or award agreement and accelerate the exercisability of any option or waive any restrictions relating to any award; (vi) determine whether and to what extent, and under what circumstances, awards may be exercised in cash, shares of the Company, promissory notes (which don't conflict with the provisions of the Sarbanes-Oxley Act), other securities, or other property, or may be canceled, forfeited, or suspended; (vii) interpret and administer the Omnibus Plan and any awards or award agreements thereunder; (viii) establish, amend, suspend, or waive such rules and regulations and appoint such agents as it deems appropriate to administer the Omnibus Plan; (ix) made any determination with respect to the termination of options and awards upon termination or cessation of employment of a Participant, upon a director ceasing to serve on the board of directors of the Company or upon any person ceasing to provide services to the Company; (x) make any other determination or take any other action that the Committee deems necessary or desirable to the administration of the Omnibus Plan.

Shares Available under the Omnibus Plan

The aggregate number of shares available to be issued under the Omnibus Plan will be 7,000,000 shares of common stock (subject to approval of Option Share Increase) , which represents •% of the issued and outstanding shares of common stock on September 8, 2009. Of the aggregate total, the number of shares available for granting incentive stock options will be 6,000,000 and the number of shares available for restricted stock grants and restricted stock units is 1,000,000—both subject to adjustment under the Omnibus Plan's anti-dilution provisions. The number of shares available for issuance in respect of awards (other than incentive stock options, restricted stock and restricted stock units), may not exceed the difference between 7,000,000 and the aggregate number of shares reserved for issuance in respect of incentive stock options, restricted stock and restricted stock units, less the number of shares issued upon exercise of such incentive stock options, restricted stock and restricted stock units.

Limitations on Awards to Insiders

Awards in any form to Company insiders (generally, directors, officers, and 10% stockholders) are limited under the Omnibus Plan. No award shall be granted under the Omnibus Plan which may result in

25

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

the aggregate number of common shares of the Company issued to insiders as a group pursuant to the terms of awards previously granted within any one-year period, and issuable to insiders, at any time under the Omnibus Plan and any other security based compensation arrangement of the Company exceeding 10% of the common shares of the Company issued and outstanding at the relevant time. In addition, no award may be granted under the Omnibus Plan which may result in the aggregate number of common shares issuable to any insider at any time under the Omnibus Plan or any other security based compensation plan arrangement of the Company exceeding 5% of the common shares of the Company issued and outstanding at the relevant time.

Options

The exercise price of options granted under the Omnibus Plan is determined by the Committee provided that the exercise price may not be less than 100% of the fair market value of a share on the date of the grant.

The term of each option shall be fixed by the Committee at the time of the grant, but may not exceed 10 years. The Committee also determines the vesting schedule of options and the method in which payment of the exercise price may be made.

The aggregate fair market value of incentive stock options granted under the Omnibus Plan which become exercisable by any participant during any calendar year may not exceed \$100,000 in aggregate fair market value. Incentive stock options granted under the Omnibus Plan terminate no later than 10 years after the date of grant, except incentive stock options granted to 10% stockholders terminate 5 years after the date of grant. Incentive stock options must have an exercise price of at least 100% of the fair market value, but incentive stock options granted to 10% stockholders will have an exercise price of at least 110% of the fair market value.

“Fair market value” is defined under the Omnibus Plan to mean fair market value of such property determined by such methods or procedures as shall be established from time to time by the Committee. Notwithstanding the foregoing and unless otherwise determined by the Committee, the Fair market value of a share as of a given date shall be, if the shares are then listed on the Toronto Stock Exchange, the volume weighted average trading price of one share as reported on the Toronto Stock Exchange for the five trading days immediately preceding such date.

Stock Appreciation Rights

The Committee is authorized to grant Stock Appreciation Rights to eligible persons subject to the terms of the Omnibus Plan. Each Stock Appreciation Right granted under the Omnibus Plan shall confer on the holder upon exercise the right to receive, as determined by the Committee, cash or a number of Shares equal to the excess of (a) the fair market value of one share on the date of exercise (or, if the Committee shall so determine, at any time during a specified period before or after the date of exercise) over (b) the grant price of the Stock Appreciation Right as determined by the Committee, which grant price shall not be less than 100% of the fair market value of one share on the date of grant of the Stock Appreciation Right.

Options may not be converted into Stock Appreciation Rights, except at the discretion of the Committee which has the power to substitute any award granted under the Omnibus for any other award available under the Omnibus Plan, subject to and pursuant to the terms of the Omnibus Plan.

Restricted Stock

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

The Committee is authorized to grant Restricted Stock to eligible persons under the Omnibus Plan. Shares of Restricted Stock shall be subject to such restrictions as the Committee may impose (including, without limitation, a restriction on or prohibition against the right to receive any dividend or other right or property with respect thereto), which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise as the Committee may deem appropriate.

Restricted Stock Units

The Committee is authorized to grant Restricted Stock Units to eligible persons under the Omnibus Plan. A Restricted Stock Unit award will be subject to a Restricted Stock Unit Award Agreement containing such terms and conditions, not inconsistent with the provisions of the Omnibus Plan, as the Committee determines.

Performance Awards

The Committee is authorized to grant Performance Awards to eligible persons subject to the terms of the Omnibus Plan. A Performance Award granted under the Omnibus Plan (i) may be denominated or payable in cash, shares (including, without limitation, Restricted Stock and Restricted Stock Units), other securities, other Awards or other property and (ii) shall confer on the holder thereof the right to receive payments, in whole or in part, upon the achievement of such performance goals during such performance periods as the Committee shall establish. Subject to the terms of the Omnibus Plan, the performance goals to be achieved during any performance period, the length of any performance period, the amount of any Performance Award granted, the amount of any payment or transfer to be made pursuant to any Performance Award and any other terms and conditions of any Performance Award shall be determined by the Committee.

Other Stock Grants

The Committee is authorized, subject to the terms of the Omnibus Plan, to grant to eligible persons shares without restrictions thereon as are deemed by the Committee to be consistent with the purpose of the Omnibus Plan.

Forms of Payment under Awards

Subject to the terms of the Omnibus Plan, payments or transfers to be made by the Company or an Affiliate upon the grant, exercise or payment of an Award may be made in such form or forms as the Committee shall determine (including, without limitation, cash, Shares, promissory notes provided, however, that the acceptance of such promissory notes does not conflict with Section 402 of the Sarbanes-Oxley Act of 2002, other securities, other Awards or other property or any combination thereof), and may be made in a single payment or transfer, in installments or on a deferred basis, in each case in accordance with rules and procedures established by the Committee. Such rules and procedures may include, without limitation, provisions for the payment or crediting of reasonable interest on installment or deferred payments or the grant or crediting of Dividend Equivalents with respect to installment or deferred payments. Gryphon Gold may provide financial assistance to eligible persons to purchase shares of common stock under the Incentive Plan, subject to applicable law and the rules and policies of any securities regulatory authority or stock exchange with jurisdiction over the Corporation or a trade in its securities. Any financial assistance so provided will be repayable with full recourse and the term of any such financing shall not exceed the term of the option to which the financing applies.

Limits on Transfer of Awards

No Award (other than Other Stock Grants) and no right under any such Award shall be transferable by a Participant otherwise than by will or by the laws of descent and distribution and the Company is not be required to recognize any attempted assignment of such rights by any Participant; provided, however, that, if so determined by the Committee, a Participant may, in the manner established by the Committee, designate a beneficiary or beneficiaries to exercise the rights of the Participant and receive any property distributable with respect to any Award upon the death of the Participant; provided, further, that, if so determined by the Committee, a Participant may transfer a Non-Qualified Stock Option to any Family Member (as such term is defined in the General Instructions to Form S-8 or successor to such Instructions or such Form) at any time that such Participant holds such Option, provided that the Participant may not receive any consideration for such transfer, the Family Member may not make any subsequent transfers other than by will or by the laws of descent and distribution and the Company receives written notice of such transfer, provided, further, that, if so determined by the Committee, and except in the case of an Incentive Stock Option, Awards may be transferable as determined by the Committee. Except as otherwise determined by the Committee (for awards other than an Incentive Stock Option), each Award or right under any such Award is exercisable during the Participant's lifetime only by the Participant or, if

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

permissible under applicable law, by the Participant's guardian or legal representative. Except as otherwise determined by the Committee (for Awards other than an Incentive Stock Option), no Award or right under any such Award may be pledged, alienated, attached or otherwise encumbered, and any purported pledge, alienation, attachment or other encumbrance thereof is void and unenforceable against the Company or any Affiliate.

Term of Awards

Subject to the terms of Omnibus Plan, the term of each Award shall be for such period as may be determined by the Committee. Whether Options, Restricted Stock Units ("RSUs") or other Awards terminate on termination of employment is determined by the Committee in the context of each grant. The Committee may adopt policies from time to time in respect of termination provisions on termination of employment. Generally, Options and RSUs terminate upon termination of employment as follows:

- (A) Upon retirement, the Options and RSU's which have vested at the date of retirement will continue to be exercisable until the original expiry date.
- (B) Upon termination of employment or service for any reason that does not involve cause or a breach of a contractual commitment owing to the Company, the Options and RSU's which vested on the date of such termination will continue to be exercisable for a period of 30 days from the termination date, unless extended by the Committee, and lapse immediately thereafter.
- (C) Upon termination of employment or service by the Company for cause or a breach of a contractual commitment owing to the Company, the Options and RSU's lapse immediately upon termination.
- (D) Upon death or disability, the Options and RSU's may, depending on the individual grant, either become fully exercisable (also referred to as fully vested) at the time of death or disability and continue to be exercisable for a period of 12 months (or longer, but in no event beyond the original expiry date) following death or disability, or only the Options and RSU's which were exercisable (also referred to as vested) within a period of up to 90 days following death or disability continue to be exercisable for a period of 12 months following death or disability (or longer, but in no event beyond the required expiry date).

Additional Conditions in Connection with Awards Granted to Participants Employed in Canada

Notwithstanding any other provision of the Omnibus Plan, the following additional terms, conditions and restrictions apply to Awards granted to Participants employed in Canada:

Options

- (A) Payment by the Participant of the exercise price with respect to an Option may not be made in Shares.
- (B) Upon the exercise of an Option the sole form in which payment to the Participant may be made by the Company shall be in Shares, unless the Company offers the Participant the right to elect to receive cash or other consideration in lieu of Shares and the Participant, in its sole discretion, so elects.
- (C) The Committee may not cancel an Option and pay to the Participant cash in the amount of the excess of the fair market value of the Shares over the exercise price unless the Participant, in its sole discretion, agrees to receive cash in lieu of Shares.
- (D) Tax withholding obligations may not be satisfied by the Participant electing to have the Company withhold Shares otherwise to be delivered upon exercise of an Option or by the Participant delivering Shares to the Company.

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

- (E) No undertakings shall be given by the Company, any person or partnership non-arm's length with the Company or any partnership or trust of which the Company or a non-arm's length person is a member or beneficiary, and no agreement shall be entered into by any such person with the Participant, with respect to any Shares held by the

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

Participant, including any agreement or undertaking relating to the redemption, acquisition or cancellation of the Shares or the reduction of the Company's paid-up capital.

Restricted Stock Unit Awards

Restricted Stock Unit Awards shall be settled in Shares, unless the Company offers the Participant the right to receive cash in lieu of Shares and the Participant, in its sole discretion, so elects.

Restricted Stock

Participants employed in Canada are not eligible to receive a grant of Restricted Stock pursuant to Section 6(c) of the Omnibus Plan.

Other Awards

With respect to any other Award granted to a Participant employed in Canada, the Committee shall have the right, but not the obligation, to take account of Canadian income tax considerations in determining the terms and conditions of the Award or any other amendment thereto.

Amendment of the Omnibus Plan

Subject to some matters which require shareholder approval (as discussed below), the Board may amend, without shareholder approval, the Omnibus Plan at any time, including amending any of the provisions of the Omnibus Plan relating to:

- (A) The persons who are eligible for the grant of awards;
- (B) The authority of the Committee and the Board in respect of the grant of Awards;
- (C) The extension of the term of any award, provided the term of any Option shall not be more than ten years from the date of grant;
- (D) The procedure for the tendering of a notice of exercise of awards and the exercise of awards;
- (E) The adjustment in shares in the event that the authorized capital of the Company as presently constituted is consolidated into a lesser number of Shares or subdivided into a greater number of Shares;
- (F) The interpretation by the Board of any questions of interpretation of the Omnibus Plan;
- (G) The determination of the exercise price of the options;
The text of any part of the Plan to correct any defect, supply any omission, or reconcile any inconsistency in the Plan or any Award in the manner and to the extent the Committee shall deem desirable to carry its Plan into effect; and
- (H)

- (I) Any other matter which does not expressly require the approval of stockholders of the Company as provided below.

Subject to regulatory approval and the limitations below, the Board may amend, without shareholder approval, the terms of any outstanding Award provided that the terms of such amendment are made in accordance with the Omnibus Plan;

Subject to regulatory approval, the Board may amend any of the provisions of the Omnibus Plan relating to the following, provided the Board obtains the approval of the stockholders of the Company in respect thereof:

- (A) The limitations on grants of Options to Insiders, and the number of Shares that may be reserved for issuance to Insiders;
- (B) The maximum number of shares reserved for issuance upon exercise of awards granted under the Omnibus Plan; or
- (C) The reduction in the exercise price or an extension of its term beyond the original expiry date, of any Award held by an insider.

None of the amendments listed above may, without the consent of any holder of awards under the Omnibus Plan, be made if such amendment will have the effect of impairing, derogating from or otherwise adversely affecting such holder's rights under the Omnibus Plan, unless additional similar rights comparable thereto, or other compensation of equal or greater value, is given to such holder.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Forward-Looking Statements

The information in this proxy statement contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, Section 21E of the Securities Exchange Act of 1934, as amended, and the Private Securities Litigation Reform Act of 1995. These forward-looking statements involve risks and uncertainties, including statements regarding our capital needs, business plans and expectations. Such forward-looking statements involve risks and uncertainties regarding the market price of metals, commodities and precious metals, availability of funds, government regulations, common share prices, operating costs, capital costs, outcomes of ore reserve exploration and other factors. Forward-looking statements are made, without limitation, in relation to operating plans, property exploration, availability of funds, environmental reclamation, operating costs and permit acquisition. Any statements contained herein that are not statements of historical facts may be deemed to be forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as "may", "will", "should", "expect", "plan", "intend", "anticipate", "believe", "estimate", "predict", "potential" or "continue", the negative of such terms and other comparable terminology. Actual events or results may differ materially. In evaluating these statements, you should consider various factors, including the risks outlined below, and, from time to time, in other reports we file with the Securities and Exchange Commission ("SEC"), including, but not limited to our annual report on Form 10-K as filed on June 26, 2009. These factors may cause our actual results to differ materially from any forward-looking statement. We disclaim any obligation to publicly update these statements, or disclose any difference between our actual results and those reflected in these statements. Given these uncertainties, readers are cautioned not to place undue reliance on such forward-looking statements.

Cautionary Note Regarding Management's Discussion and Analysis

This discussion and analysis should be read in conjunction with the accompanying Consolidated Financial Statements and related notes. The discussion and analysis of the financial condition and results of operations are based upon the consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the company to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of any contingent liabilities at the financial statement date and reported amounts of revenue and expenses during the reporting period. On an on-going basis, the company reviews its estimates and assumptions. The estimates were based on historical experience and other assumptions that the company believes to be reasonable under the circumstances. Actual results are likely to differ from those estimates under different assumptions or conditions, but the company does not believe such differences will materially affect our financial position or results of operations. Critical accounting policies, the policies the company believes are most important to the presentation of its financial statements and require the most difficult, subjective and complex judgments, are outlined below in "Critical Accounting Policies," and have not changed significantly.

Overview

In May 2005 we initiated a drilling program. As of March 31, 2009, approximately 203 holes and 142,220 feet of RC drilling have been completed. A majority of the holes were in the area of existing mineralization in order to allow us to start a feasibility study with the aim of identifying gold reserves and, if economically feasible, building a mine.

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

In April of 2008, we completed a CIM compliant, NI 43-101 report that included all drilling results to date, which was furnished to the SEC as Exhibit 99.1 to the Company's Form 8-K filed on May 12, 2008. The Technical Report details mineralization on the Borealis Property. The Technical Report states that the recommended course of action for Gryphon Gold is to increase gold mineralization by completing additional drilling primarily in the previously mined areas, to complete a technical report to determine the feasibility of near term production, and through continued drilling and exploration, delineate possible new mineralization on the Borealis Property. The Report uses the terms "mineral resource," "measured mineral resource," "indicated mineral resource" and "inferred mineral resource". We advise investors that these terms are defined in and required to be disclosed by NI 43-101; however, these terms are not defined terms under Guide 7 and are normally not permitted to be used in reports and registration statements filed with the SEC. Investors are cautioned not to assume that any part or all of mineral deposits in these categories will ever be converted into reserves. "Inferred mineral resources" have a great amount of uncertainty as to their existence, and great uncertainty as to their economic and legal feasibility. It cannot be assumed that all or any part of an inferred mineral resource will ever be upgraded to a higher category. Under Canadian rules, estimates of inferred mineral resources may not form the basis of feasibility or pre-feasibility studies, except in rare cases. Investors are cautioned not to assume that all or any part of an inferred mineral resource exists or is economically or legally mineable. Disclosure of "contained pounds" in a resource is permitted disclosure under Canadian regulations; however, the SEC normally only permits issuers to report mineralization that does not constitute "reserves" by SEC standards as in place tonnage and grade without reference to unit measures.

During September 2008, we released the independent PA on the development of an oxide heap leach mine. The PA was furnished to the SEC as Exhibit 99.1 to our Form 8-K as filed on October 7, 2008. The report outlines the possibility of developing a mineable oxidized gold deposit on the Borealis property. Gryphon Gold is undertaking a detailed economic evaluation of the potential for developing an open-pit heap leach gold mining operation on the property. The Preliminary Assessment is not a bankable feasibility study and cannot form the basis for proven or probable reserves on the Borealis Property.

No exploration drilling was completed during the year ended March 31, 2009. A water well necessary for the construction of an oxide heap leach mine was installed during the quarter ended June 30, 2008. As of March 31, 2009, approximately 203 holes and 142,220 feet of RC drilling had been completed. A majority of the holes were in the area of existing mineralization in order to allow us to complete the PA with the aim of identifying gold reserves and, if economically feasible, building a mine. During fiscal 2008, the majority of the holes drilled were to attempt to expand the Graben mineralization or complete exploration in the Pediment areas of the Borealis property.

Two water monitoring wells were installed during the quarter ended September 30, 2008. Under our permits, a water-monitoring program must be active for at least six months prior to the placement of material on a leach pad, and these wells were therefore necessary prior to the start of any leaching operation.

On July 15, 2009, we announced the completion and results of our Pre-Feasibility Study for the development of the Borealis property.

Transactions during year ended March 31, 2009

Effective August 5, 2008, we entered into an option agreement with the Baughmans to amend the \$5 million face value note payable to them at a cost of \$35,000. The option period is twelve months and extendable for another six months for an additional \$35,000. At the time the option is exercised, the note payable will be reduced by \$2.5 million by a payment of \$500,000 in cash and 4,000,000 common shares. Upon exercise of the option, the conversion rate of the remaining \$2.5 million note payable would be amended to \$0.70 per common share until March 30, 2009, \$0.80 per common share until March 30, 2010, and the maturity date would be extended from March 30, 2010 to March 30, 2012 and secured by certain exploration properties. We may exercise the option if the royalty on the Borealis property has been fixed at 5% or lower, and there is an arrangement to merge the Company or the financing of a mine on the Borealis property has been completed.

On August 22, 2008, the Company entered into a 12 month option agreement, at a cost of \$250,000, to amend the Borealis Property mining lease. If exercised, the net smelter return royalty rate will be fixed at 5%, versus the current uncapped variable rate. Payment upon exercise is \$1,750,000 in cash, 7,726,250 common shares of the Company and a three year, \$1,909,500 5% note payable. The option period can be extended for an additional six months for a payment of \$125,000.

In July 2008, we announced the appointment of John L. Key as President and CEO, replacing Mr. Tony Ker. Mr. Key is a mining engineer with over 40 years experience and has run, in succession, the Magmont, Polaris and Red Dog mines in the Teck Cominco organization. Mr. Key had been acting as our Chief Operating Officer for the previous six months, and his primary focus has been overseeing the completion the Preliminary Assessment on the Borealis heap leach mine and advancing the project towards production.

Mr. Key's employment contract provides for the granting of 350,000 stock options, which were granted August 1, 2008.

Mr. Ker entered into a Transition Agreement (TA) with us in August 2008, under which, Mr. Ker ceased to be an employee effective August 31, 2008 and ceased to be a director of the Company upon the election of directors at our Annual General Meeting September 5, 2008. Mr. Ker will receive monthly payments of \$12,500 and certain incidental expenses for 12 months beginning September 2008. The Company recorded a charge to expense during the quarter ended September 30, 2008 to accrue the cost of the agreement. Mr. Ker entered into a consulting agreement with the Company that became effective in September 2008. Under the agreement, he was eligible to receive 200,000 stock options and a success fee of 0.67% of any financing initiated during the term of the agreement. The consulting agreement was terminated effective September 28, 2008. The TA was amended on December 12, 2008 terminating the monthly payments of \$12,500. A consulting agreement was entered into on December 12, 2008 and Mr. Ker received Cdn\$50,000 on January 1, 2009 for full settlement on consulting agreement.

During fiscal 2009 we completed nine joint venture and lease agreements for un-leased properties held by Nevada Eagle Resources of which one has been dropped. We also marketed certain properties for sale of which two were sold for cash payment of \$50,000 and one for securities (3,000,000 shares of public company which become free trading on July 14, 2009).

Fiscal 2010 Plan of Operations

Our long-term plan is to focus on moving the Borealis property into production through the development of an oxide heap leach mine, produce a Scoping Study on the Graben sulphide deposit, and continue exploration in the pediment areas of the Borealis property.

During September 2008, we released an independent Preliminary Assessment ("PA") on the development of an oxide heap leach mine. We may perform more drilling to expand the oxide base and take other steps

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

as necessary to advance the potential oxide heap leach mine. We will also consider extension drilling, focused on the expansion of the Graben deposit and exploration drilling for new gold deposits within the two newly identified potentially gold-bearing hydrothermal systems in the pediments.

We recognize that additional resources are required to enable us continue operations. Our objective is to raise additional funds through debt and/or equity financing, selling certain exploration properties, and continue leasing exploration properties held by Nevada Eagle Resources or through other means that we deem necessary. However, no assurance can be given that we will be successful in raising additional capital. Further, even if we raise additional capital, there can be no assurance that we will achieve profitability or positive cash flow. If we are unable to raise additional capital and expected significant revenues do not result in positive cash flow, we will not be able to meet its obligations and may have to suspend or cease operations.

Effective November 2008, the CEO, VP Business Development became part time, and we terminated the CFO, VP Exploration, administrative assistant and Field Supervisor for the Borealis property. The CFO and VP Exploration have entered into consulting agreements with us.

On November 10, 2008, we amended our 5% convertible note and ongoing cash interest payments will be \$73,288 and \$51,713 each January 1 and June 1, respectively, or one half of their previous amounts. The unpaid interest will be added to the principal balance of the note, compound monthly at 5% and become due and payable at the due date of the note, March 30, 2010.

We intend to continue to take all steps necessary to preserve our rights to the Borealis property under the existing terms of the property lease. We also expect to work with the United States Forest Service with the objectives of maintaining our permits under the Plan of Operations and obtaining necessary permits for the construction of the leach pad.

It is our intention to continue to lease and joint venture out the exploration properties held by Nevada Eagle Resources. We will continue to actively manage the portfolio of leases with the objective of obtaining cash flow from them.

On April 2, 2009 we sold an exploration property held by Nevada Eagle Resources for \$50,000. We anticipate that we will sell certain other properties. The ability to sell as well as the payment terms and amount of proceeds we may receive is likely to be impacted by the general condition of the gold exploration industry.

The following activities are currently planned for the duration of fiscal 2010:

- Obtain financing necessary to begin the Borealis Oxide Heap Leach mine project.
- Begin construction and bring the Borealis resource into production with-in six months of receiving financing and board approval to proceed..
- Execute a drill program to expand the oxide resource within the permitted footprint of the Borealis project.
- Execute a drill program on the three anomalies defined in the pediments of the Borealis property for the purpose of potentially discovering additional oxide and sulphide resources.
- Raise additional capital as required to fund our exploration, development and working capital requirements.
- Continue to stake and lease or joint venture out Nevada Eagle properties

Critical Accounting Policies and Estimates

The preparation of our consolidated financial statements is in accordance with accounting principles generally accepted in the United States. The following are critical accounting policies and estimates which we believe are important to understanding our financial results.

Use of estimates

The preparation of financial statements requires us to make estimates and assumptions which affect the reported amounts of assets and liabilities at the date of the financial statements and the revenues and expenses for the period reported. By their nature, these estimates are subject to measurement uncertainty and the effect on the financial statements of changes in such estimates in future periods could be significant. Actual results will likely differ from these estimates.

Revenue recognition

Mineral lease rentals or option payments are treated as reductions of the cost of the property as the payer is accumulating an interest in the mineral property; payments in excess of capitalized costs are recognized in income. Some agreements provide for payments in the form of stock and other equity instruments as well as cash payments. Stock and other equity instruments are recognized based on their fair market value at the time of receipt. Fluctuations incurred during the holding period are accounted for as gains or losses from held for trading securities. Privately held stock, or stock that is not currently trading is valued at zero. The leases provide for the receipt of royalty payments upon production of the property. Royalty payments will be recognized in the period in which production occurs. There are no properties in the production stage at this time.

Mineral property interests

We expense exploration costs as they are incurred. When we determine that a mining deposit can be economically and legally extracted or produced based on established proven and probable reserves, development costs incurred after such determination will be capitalized. The establishment of proven and probable reserves is based on results of final feasibility studies which indicate whether a property is economically feasible. Upon commencement of commercial production, we will transfer capitalized costs to the appropriate asset category and amortize them over their estimated useful lives and/or ounces produced, as appropriate. We capitalize the cost of acquiring mineral property interests (including claims establishment and maintenance) until we have determined the viability of the property. We expense capitalized acquisition costs if we determine that the property has no future economic value. We will also write down capitalized amounts if estimated future cash flows, including potential sales proceeds, related to the mineral property are estimated to be less than the carrying value of the property.

Stock-based compensation

In December 2004, the Financial Accounting Standards Board issued Statement of Financial Accounting Standard 123R, Share-Based Payment, ("SFAS 123 (R)") a revision to SFAS 123. SFAS 123(R) requires all share-based payments to be recognized in the financial statements based on their values using either a modified-prospective or modified-retrospective transition method.

Prior to March 31, 2006, the Company's stock-based employee compensation plans were accounted for under the recognition and measurement provisions of Accounting Principles Board Opinion ("APB") No. 25, "Accounting for Stock Issued to Employees" ("APB 25") and related interpretations, as permitted by FASB Statement No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123"). The Company did not recognize employee stock-based compensation costs in its statement of operations for the periods prior to March 31, 2006, as all options granted had an exercise price equal to the market value of the underlying common stock on the date of the grant.

Effective April 1, 2006, the Company adopted the fair value recognition provisions of SFAS No. 123(R), using the modified-prospective-transition method. The Company's total employees are relatively few in number and turnover is considered remote, therefore the Company currently estimates forfeitures to be 7%. Estimation of forfeitures will be reviewed on a quarterly basis.

Asset retirement obligations

The Company records the fair value of an asset retirement obligation as a liability in the period in which it incurs a legal obligation associated with the retirement of tangible long-lived assets that results from the acquisition, construction, development or normal use of the assets with a corresponding increase in the carrying amount of the related long-lived asset. This amount is then depreciated over the estimated useful life of the asset. Over time, the liability is increased to reflect an interest element considered in its initial measurement at fair value. The amount of the liability will be subject to re-measurement at each reporting period. Currently, the Company has a reclamation liability of \$5,600 which is disclosed further in Note 7 of the consolidated financial statements.

Tax valuation allowance

We have recorded a valuation allowance that fully reserves for our deferred tax assets because at this time we cannot establish that we will be able to utilize the tax loss carryforwards in the future. If in the future we determine that we will be able to use all or a portion of our deferred tax assets in the future, based on our projections of future taxable income, we will reduce the valuation allowance, thereby increasing income in that period.

Foreign currency translation

The United States dollar is our functional currency. Transactions involving foreign currencies for items included in operations are translated into U.S. dollars using average exchange rates; monetary assets and liabilities are translated at the exchange rate prevailing at the balance sheet date and all other balance sheet items are translated at the historical rates applicable to the transactions that comprise those amounts. Translation gains and losses are included in our determination of net income.

Recent Accounting Pronouncements

The Financial Accounting Standards Board ratified the consensus of the Emerging Issues Task Force that stripping costs incurred during the production phase of a mine are variable production costs that should be included in the costs of the inventory produced during the period that the stripping costs are incurred. This consensus is effective for the first reporting period in fiscal years beginning after December 15, 2005, with early adoption permitted. To date the Company has not incurred any stripping costs.

In June 2006, the FASB issued FASB interpretation No. 48 – Accounting for Uncertainty in Income Taxes (“FIN 48”). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an enterprise’s financial statements in accordance with FASB Statement No. 109, Accounting for Income Taxes. FIN 48 prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in tax return. This Interpretation also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. This interpretation is effective for fiscal years beginning after December 15, 2006. The adoption of FIN 48 did not have a material impact on the Company’s consolidated financial statements.

In September 2006, the FASB issued SFAS 157, Fair Value Measurements (“SFAS 157”). SFAS 157 defines fair value, establishes a framework for measuring fair value in GAAP, and expands disclosures about fair value measurements. This Statement applies under other accounting pronouncements that require or permit fair value measurements, the Board having previously concluded in those pronouncements that fair value is a relevant measurement attribute. Accordingly, this Statement does not require any new fair value measurements. However, the application of this Statement will change current practice, effective December 1, 2007. The adoption of SFAS 157 did not have a material impact on the Company’s consolidated financial statements.

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

In December 2007, the FASB issued SFAS No. 160, *Noncontrolling Interests in Consolidated Financial Statements - an amendment of ARB No. 51*. SFAS 160 amends ARB 51 to establish accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. It clarifies that a noncontrolling interest in a subsidiary, which is sometimes referred to as minority interest, is an ownership interest in the consolidated entity that should be reported as equity in the consolidated financial statements. Among other requirements, this statement requires consolidated net income to be reported at amounts that include the amounts attributable to both the parent and the noncontrolling interest. It also requires disclosure, on the face of the consolidated income statement, of the amounts of consolidated net income attributable to the parent and to the non-controlling interest. SFAS 160 is effective for our fiscal year commencing April 1, 2009, including interim periods within that fiscal year. Earlier adoption is prohibited. The Company believes that SFAS 160 should not have a material impact on its financial position or results of operations.

In December 2007, the FASB issued FASB Statement No. 141(R), *Business Combinations*, which amends SFAS No. 141, and provides revised guidance for recognizing and measuring identifiable assets and goodwill acquired, liabilities assumed, and any non-controlling interest in the acquiree. It also provides disclosure requirements to enable users of the financial statements to evaluate the nature and financial effects of the business combination. SFAS No. 141(R) is effective for the Company's fiscal year beginning April 1, 2009 and is to be applied prospectively. The Company is currently evaluating the potential impact of adopting this statement on the Company's consolidated financial position, results of operations or cash flows.

In February 2007, the FASB issued FASB Statement No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities* ("FAS 159"). FAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value, with the objective of improving financial reporting by mitigating volatility in reported earnings caused by measuring related assets and liabilities differently without having to apply complex hedge accounting provisions. The provisions of FAS 159 are effective for the Company's fiscal year beginning April 1, 2008. The adoption of FAS 159 did not have a material impact on the Company's consolidated financial results.

In March 2008, the FASB issued FAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities" ("FAS 161"). FAS 161 changes the disclosure requirements for derivative instruments and hedging activities by requiring enhanced disclosures about how and why an entity uses derivative instruments, how derivative instruments and related hedged items are accounted for under FAS 133, and how derivative instruments and related hedged items affect an entity's operating results, financial position, and cash flows. FAS 161 is effective for fiscal years beginning after November 15, 2008. Early adoption is permitted. We are currently reviewing the provisions of FAS 161 and have not yet adopted the statement. However, as the provisions of FAS 161 are only related to disclosure of derivative and hedging activities, at this time we do not believe the adoption of FAS 161 will have a material impact on our consolidated operating results, financial position, or cash flows.

In June 2008, the EITF reached consensus on Issue No. 07-5, *Determining Whether an Instrument (or Embedded Feature) Is Indexed to an Entity's Own Stock* ("EITF 07-5"). EITF 07-5 clarifies the determination of whether an instrument (or an embedded feature) is indexed to an entity's own stock, which would qualify as a scope exception under FASB Statement No. 133, *Accounting for Derivative Instruments and Hedging Activities*. If the terms of an instrument, or embedded feature, are such that it is not considered to be indexed to the entity's own stock, equity classification would be precluded and the instrument would not be within the scope of EITF 00-19, *Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled In, a Company's Own Stock*. EITF 07-5 is effective for our fiscal years beginning January 1, 2009. Early adoption for an existing instrument is not permitted if an alternative accounting pronouncement was previously adopted. At this time, the Company does not expect the adoption of this standard to have any impact on its financial statements.

Results of Operations

We are in an exploration stage and currently have no producing mineral properties and thus we had no sales revenue during all reporting periods. Property payments we received under lease or joint venture arrangements were recorded as a reduction in the carrying value of the property unless the carrying value of the property was at or near zero, in which case the payments were recognized as lease revenue in the Statement of Operations

Year ended March 31, 2009 compared to year ended March 31, 2008

For the year ended March 31, 2009 we had a net loss of \$9,943,231 or \$0.16 per share compared to a net loss of \$7,850,766 or \$0.13 for the prior year.

The current year expenses include a charge to earnings of \$5,100,000 for the impairment of the carrying value of the Nevada Eagle exploration properties. The loss before the impairment charge is \$4,843,321 and is less than the prior period's comparable loss. The reduction in the comparable loss is due to decreased spending on exploration activities, management salaries and consulting fees, and general and administrative costs as a result of our efforts to conserve cash.

Exploration expenses during the year ended March 31, 2009 were \$1,473,628 or 32% of our net expenses (before the effect of the non-cash impairment charge) compared to \$3,845,525 or 49% of our total net expenses in the prior year. No exploration drilling was completed during the year ended March 31, 2009. During the prior year we drilled a total of 31 holes at the Borealis property, representing 36,485 feet. During the year ended March 31, 2009, we completed a CIM compliant NI 43-101 report and in September 2008, we released the results of our Preliminary Assessment of the development of an oxide heap leach gold mine on the Borealis property. Much of the current year's exploration expense covered the completion of these two reports plus permitting efforts for exploration drilling in the pediment areas of the Borealis property.

Management salaries and consulting fees for the year ended March 31, 2009 were \$1,375,518 compared to \$2,061,885 incurred in the prior year as the number of employees and consultants decreased during the year and non-cash compensation decreased. Total non-cash compensation expense recognized in the year totaled \$528,429 compared to non-cash compensation expense of \$829,080 recognized in the prior year. General and administrative expenses totaled \$657,708, compared to \$1,007,053 in the prior year. The decrease is due to reduced spending on investor relations and our efforts to conserve cash. Legal and audit fees for the period decreased from \$492,308 to \$229,034 for the year ended March 31, 2009. The decrease resulted from a larger number of registration statements being completed for shares issued under private placements, an increase in audit fees due to the acquisition of Nevada Eagle Resources during the prior year, and legal fees related to potential acquisition activity in the prior year. Travel and accommodation expense for the year ended March 31, 2009 was \$133,971, compared to \$202,118 for the prior year. The decrease is due to decreased investor relations related travel and fewer property site visits.

Loss on disposal of mineral properties for the year ended March 31, 2009 was \$302,276, compared to \$0 in the prior year. The loss is due a \$340,014 loss on two properties we had released our interest in offset by a gain of \$37,738 on two sold properties.

Interest income earned on cash deposits was \$33,116 for the year ended March 31, 2009, compared to \$203,970 in the prior year due to lower cash balances held on average through the current year versus the prior year and a declining interest rate environment in the current fiscal year. Interest expense totaled \$529,776, of which \$276,863 was non-cash compared to \$316,963 of which \$159,775 was non-cash, in the prior period. The increase is due to interest being charged for 7 months in the prior period compared to 12 months during the current year ended. The interest expense was related to the note payable for the purchase of Nevada Eagle Resources during fiscal 2008.

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

Year ended March 31, 2008 compared to year ended March 31, 2007

For the year ended March 31, 2008 we had a net loss of \$7,850,766 or \$0.13 per share compared to a net loss of \$8,737,141 or \$0.21 per share for the prior year, as spending on our exploration program decreased and management salaries decreased.

Exploration expenses during the year ended March 31, 2008 were \$3,845,525 or 49% of our total net expenses compared to \$4,819,692 or 55% of total net expenses in the prior year. The decrease in spending occurred because activity on the property during the current year was focused on exploration drilling in the pediment and Graben areas while in the prior year we focused on continuation of permitting activities, exploration drilling program and completing the feasibility study on our Borealis property, which commenced May 2005 and was terminated in November 2006. During the year we drilled a total of 31 reverse circulation holes (totaling 36,485 feet) on the Borealis property, compared to 56 reverse circulation holes (totaling 54,530 feet) drilled during the prior year. Drilling was terminated earlier in fiscal 2008 than the preceding year due to more severe winter conditions and the desire to complete geophysical and permitting activities to better understand the geology and therefore select better drill site targets in the pediment exploration areas.

Management salaries and consulting fees for the year ended March 31, 2008 were \$2,061,885 compared to \$2,632,794 incurred in the prior year as the number of employees decreased during the year and non-cash compensation decreased. Total non-cash compensation expense recognized in the year totaled \$829,080 compared to non-cash compensation expense of \$1,466,207 recognized in the prior year. General and administrative expenses totaled \$1,007,053, compared to \$890,596 in the prior year. The increase is due to higher spending on investor relations that included the attendance with a booth for the first time at a number of gold trade shows, video recorded media presentations and greater level of general advertising. We incurred \$96,964 in closing costs of our Lakewood, Colorado office, and this amount was included in general and administrative expenses in fiscal 2007. Legal and audit fees for the period increased to \$492,308 from \$330,005 for the year ended March 31, 2007. The increase resulted from a larger number of registration statements being completed for shares issued under private placements, an increase in audit fees due to the acquisition of Nevada Eagle Resources, and legal fees related to potential acquisition activity. Travel and accommodation expense for the year ended March 31, 2008 was \$202,118, compared to \$325,024 for the prior year. The decrease is due to fewer property site visits.

Interest income earned on cash deposits was \$203,970 for the year ended March 31, 2008, compared to \$322,725 in the prior year due to lower cash balances held on average through the current year versus the prior year and a declining interest rate environment in the latter half of the current fiscal year. Interest expense totaled \$316,963, of which \$159,775 was non-cash. The interest expense was related to the note payable for the purchase of Nevada Eagle Resources during fiscal 2008.

Three months ended June 30, 2009 compared to three months ended June 30, 2008

For the three months ended June 30, 2009, we had a net loss of \$395,716 or \$0.01 per share compared to a net loss of \$1,438,906 or \$0.02 per share in the same period in the prior year. Cash spending on all areas of our operations decreased as a result of our efforts to conserve cash.

Exploration expenses during the quarter ended June 30, 2009 were \$277,453 or 63% of our total expenses compared to \$686,668 or 47% of total expenses in the prior year. Most of the exploration costs recognized in the current quarter were for completing all ongoing property lease payments and costs for the pre-feasibility study being performed by Telesto Nevada Inc. No exploration drilling was completed during the quarter ended June 30, 2009 nor in the prior year's comparable quarter.

Management salaries and consulting fees in the quarter ended June 30, 2009 were \$95,764, compared to \$328,026 incurred in the quarter ended June 30, 2008. Total non-cash compensation expense due to the recognition of costs related to stock options, was \$49,364 in the quarter ended June 30, 2009 compared to

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

the prior year's fiscal first quarter of \$103,051. Management salaries and consulting fees during the quarter decreased due to the reduction in the number of staff to one full-time and two part-time employees, and the majority of all consulting contracts being cancelled. General and administrative costs decreased to \$56,342 compared to \$149,072 the prior year's quarter as a result of our efforts to reduce spending. These efforts included subleasing or releasing excess office space in Reno and Vancouver. Legal and audit fees for the period were \$23,107, a decrease from the prior year's quarter of \$89,090. These costs decreased due to reduced activity. Travel and accommodation costs during the quarter ended June 30, 2009 were \$4,914, compared to \$27,935 expended on travel in the prior year's comparable quarter. The decrease in travel and entertainment cost is due to a significant reduction of travel during the quarter.

Interest income earned on cash deposits was \$114 for the quarter ended June 30, 2009, compared to \$16,042 in the prior year quarter and the decrease was due to reduced cash balances held on average through the current quarter versus the prior year's comparable quarter and the lower interest rates received on deposits during the current year's first fiscal quarter. Interest expense on the 5% note payable incurred to purchase Nevada Eagle Resources totaled \$135,843 of which \$75,512 was non-cash accreted interest.

We hold certain securities for trading. We receive these securities as partial payment of lease obligations for Nevada Eagle exploration properties. When we receive these shares, they have trading restrictions and we cannot sell them for approximately four to six months from the date of receipt. During the quarter ended June 30, 2009, we sold a number of these securities and received \$9,951 in proceeds and recorded a realized loss of \$13,484. This realized loss was partially offset by unrealized losses recorded in prior reporting periods as we reduced the carrying value of the securities to their quoted market value.

Liquidity and Capital Resources

Our principal source of liquidity is cash that is raised by way of sale of common stock from treasury and other equity securities. Our secondary source of liquidity is cash received through lease payments and sales of exploration properties, and the sale of shares received as lease payments on exploration properties.

Conservation Activities

Effective November 2008, our CEO, VP Business Development went to a part time basis, and we terminated the CFO, VP Exploration, administrative assistant and Field Supervisor for the Borealis property. The CFO and VP Exploration have entered into consulting agreements with us.

Convertible Debt

On July 4, 2007, we entered into a membership interest purchase agreement with the Baughmans, as sellers, and Nevada Eagle, under which we agreed to purchase all of the outstanding limited liability company interests of Nevada Eagle. Upon closing of the membership interest purchase agreement on August 21, 2007, we acquired Nevada Eagle from the sellers for the following consideration:

- (a) 2,500,000 in cash;
- (b) four million five hundred thousand (4,500,000) shares of our common stock; and
- (c) a 5% convertible note in the principal amount of \$5,000,000.

The convertible note, due March 30, 2010, bears interest at the annual rate of 5% and is convertible at the option of the holder into common shares at an initial conversion price of \$1.00 per share during first the twelve month period following the closing date, \$1.25 per share during the second twelve month period

Edgar Filing: GRYPHON GOLD CORP - Form PRE 14A

following the closing date, \$1.50 per share thereafter and \$1.75 per share if converted on March 30, 2010. The interest payments are due on a semi-annual basis beginning on January 1, 2008 and due each January 1 and June 1. In addition to the purchase consideration, the sellers were entitled to all revenues of Nevada Eagle (payable in cash, stock, or other consideration) calculated to be received and received on the assets and properties of Nevada Eagle during calendar year 2007.

Effective August 5, 2008, we entered into an option agreement with the Baughmans to amend the \$5 million face value note payable to them at a cost of \$35,000. The option period is twelve months and extendable for another six months for an additional \$35,000. At the time the option is exercised, the note payable will be reduced by \$2.5 million by a payment of \$500,000 in cash and 4,000,000 common shares. Upon exercise of the option, the conversion rate of the remaining \$2.5 million note payable would be amended to \$0.70 per common share until March 30, 2009, \$0.80 per common share until March 30, 2010, and the maturity date would be extended from March 30, 2010 to March 30, 2012 and secured by certain exploration properties. We may exercise the option if the royalty on the Borealis property has been fixed at 5% or lower, and there is an arrangement to merge the Company or the financing of a mine on the Borealis property has been completed.

On November 10, 2008, we amended our 5% convertible note and ongoing cash interest payments will be \$73,288 and \$51,713 each January 1 and June 1, respectively, or one half of their previous amounts. The unpaid interest will be added to the principal balance of the note, compound monthly at 5% and become due and payable at the due date of the note, March 30, 2010.

We will need to complete additional financing prior to the maturity of this note to fully pay off the principal owing. Currently the note is a general obligation of Gryphon Gold and is unsecured. In the event a financing is not completed prior to the due date of the convertible note we will take steps to renegotiate the terms of the note

Borealis Lease

We anticipate continuing to take all steps necessary to preserve our rights to the Borealis property under the existing terms of the property lease. We also intend to work with the USFS to maintain our permits under the Plan of Operations. These steps are intended to preserve the existing value of the Borealis property for our shareholders. We are undertaking development activity through the completion of a pre-feasibility study by Telesto of Nevada. The study is being completed by Telesto on an at risk, deferred fee basis, which will be payable upon a completion of a possible future financing.

Nevada Eagle Leases

We intend to continue to lease and joint venture out the exploration properties held by Nevada Eagle Resources. The leased properties provide a cash and liquidity for us, and therefore we intend to continue to actively manage the portfolio of leases. Certain of these properties may be sold outright and during the year ended March 31, 2009 we sold three unleased mineral properties held by Nevada Eagle Resources. Two of these properties were sold for a cash payment of \$50,000 each and the third property for 3,000,000 shares, which at the time of sale were valued at \$72,098.

Borealis Mine

In the event we make the decision to construct and operate a gold heap leach mine on the Borealis property, we will need to raise capital and will consider debt, equity or forms of joint venture to raise the required capital. We cannot make any assurance that financing will be available to us on acceptable terms or at all.

Capital Resources

At March 31, 2009, we had working capital of negative \$4,281,691, and excluding our note payable, positive working capital of \$500,594 with an average cash expenditure rate of \$72,000 per month in a typical month based on the 1 full time and 2 part time employees we have. This level of activity is subject to change based upon future events. Current assets consisted of \$799,517 in cash, \$80,015 in securities held for trading, \$23,943 in accounts receivable and \$48,278 in prepaid expenses. We had \$451,159 in accounts payable and accrued liabilities at March 31, 2009 and a note payable of \$4,782,285.

At June 30, 2009, we had working capital of negative \$4,646,571, and excluding our note payable, positive working capital of \$261,141 with an average cash expenditure rate of \$72,000 per month in a typical month based on our current level of business activity. This level of activity is subject to change based upon future events. Current assets consisted of \$627,815 in cash, \$129,427 in securities held for trading, \$3,886 in accounts receivable, and \$10,250 in the note receivable and \$26,675 in prepaid expenses. We had \$535,932 in accounts payable and accrued liabilities at June 30, 2009, a note payable of \$4,907,712, and \$980 in a reclass of warrants to liability under EITF 07-5.

During 2008 and early 2009 there was severe deterioration in global credit and equity markets. This has resulted in the need for government intervention in major banks, financial institutions and insurers and has also resulted in greater volatility in the equity markets, increased credit losses and tighter credit conditions. These disruptions in the current credit and financial markets have had a significant material adverse impact on a number of financial institutions and have limited access to capital and credit for many companies. These disruptions could, among other things, make it more difficult for us to obtain, or increase our cost of obtaining, capital and financing for our operations. Our access to additional capital may not be available on terms acceptable to us or at all.

As we expect our reliance on equity financings to continue into the future, these current market conditions could make it difficult or impossible for us to raise necessary funds to meet our capital requirements. If we are unable to obtain financing through equity investments, we will seek multiple solutions including, but not limited to, credit facilities or debenture issuances.

Our market value and the market values for companies similar to us have declined considerably over the past twelve months due the market conditions as discussed above. To preserve as much cash as possible and to ensure liquidity f
