Form 424B5  
October 29, 2002  
Table of Contents

**This prospectus supplement relates to an effective registration statement under the Securities Act of 1933, but is not complete and may be changed. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.**

Filed pursuant to Rule 424(b)(5)  
Registration No. 333-84016

**SUBJECT TO COMPLETION, DATED OCTOBER 29, 2002**

**PROSPECTUS SUPPLEMENT  
(To Prospectus Dated March 20, 2002)**

**\$200,000,000**

**% Notes due 2009**

The Notes will bear interest at the rate of •% per year. Interest on the Notes is payable on • and • of each year, beginning on •, 2003. The Notes will mature on •, 2009. We may redeem some or all of the Notes at any time. The redemption prices are discussed under the caption Description of Notes Optional Redemption.

The Notes will be senior obligations of our company and will rank equally with all of our other unsecured senior indebtedness.

CSX will not make application to list the Notes on any securities exchange or to include them in any automated quotation system.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus supplement or the related prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

	<u>Per Note</u>	<u>Total</u>
Public Offering Price	%	\$
Underwriting Discount	%	\$
Proceeds to CSX (before expenses)	%	\$

Interest on the Notes will accrue from •, 2002 to the date of delivery.

The underwriters expect to deliver the Notes to purchasers on or about •, 2002.

This document consists of two parts. The first part is the prospectus supplement, which describes the specific terms of the Notes we are offering and certain other matters relating to CSX Corporation. The second part, the base prospectus, gives more general information about securities we may offer from time to time, some of which does not apply to the Notes we are offering. Generally, when we refer to the prospectus, we are referring to both parts of this document combined. If the description of the Notes in the prospectus supplement differs from the description in the base prospectus, the description in the prospectus supplement supersedes the description in the base prospectus.

**SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS**

This prospectus, including documents incorporated by reference, contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act with respect to, among other items:

projections and estimates of earnings, revenues, cost savings, expenses or other financial items;

statements of management's plans, strategies and objectives for future operations, and management's expectations as to future performance and operations and the time by which objectives will be achieved;

statements concerning proposed new products and services; and

statements regarding future economic, industry or market conditions or performance.

Forward-looking statements are typically identified by words or phrases such as "believe," "expect," "anticipate," "project," and similar expressions. Forward-looking statements speak only as of the date they are made. We undertake no obligation to update or revise any forward-looking statement. If we do update any forward-looking statement, no inference should be drawn that we will make additional updates with respect to that statement or any other forward-looking statements.

Forward-looking statements are subject to a number of risks and uncertainties, and actual performance or results could differ materially from that anticipated by these forward-looking statements. Factors that may cause actual results to differ materially from those contemplated by these forward-looking statements include, among others:

our success in implementing our financial and operational initiatives;

changes in domestic or international economic or business conditions, including those affecting the rail industry (such as the impact of industry competition, conditions, performance and consolidation);

legislative or regulatory changes; and

the outcome of claims and litigation involving or affecting us.

Other important assumptions and factors that could cause actual results to differ materially from those in the forward-looking statements are specified in our SEC reports, accessible on the SEC's website at <http://www.sec.gov> and our website at <http://www.csx.com>. You are cautioned not to place undue reliance on any forward-looking statements made by or on behalf of CSX.

**WHERE YOU CAN FIND MORE INFORMATION**

CSX files annual, quarterly and special reports, proxy statements and other information with the SEC. Our SEC filings are available to the public over the Internet at <http://www.sec.gov>. You may also read and copy any document we file at the SEC's public reference rooms in Washington, D.C., New York, New York and Chicago, Illinois. Please call the SEC at 1-800-SEC-0330 for further information on the public reference rooms. You may also read and copy these documents at the offices of the New York Stock Exchange, 20 Broad Street, New York, New York 10005.

The SEC allows CSX to incorporate by reference the information we file with them, which means that we can disclose important information to you by referring you to those documents. The information incorporated by reference is an important part of this prospectus, and information that we file later with the SEC will automatically update and supersede this information. CSX incorporates by reference the documents listed below and any future filings made with the SEC under Sections 13(a), 13(c), 14, or 15(d) of the Exchange Act until CSX sells all of the Notes.

Annual Report on Form 10-K for the fiscal year ended December 28, 2001 filed with the SEC on March 4, 2002;

Quarterly Report on Form 10-Q for the fiscal quarter ended March 29, 2002 filed with the SEC on May 3, 2002;

**Table of Contents**

Quarterly Report on Form 10-Q for the fiscal quarter ended June 28, 2002 filed with the SEC on July 29, 2002;

Quarterly Report on Form 10-Q for the fiscal quarter ended September 27, 2002 filed with the SEC on October 28, 2002;

Current Report on Form 8-K dated March 5, 2002 filed with the SEC on March 6, 2002;

Current Report on Form 8-K dated July 31, 2002 filed with the SEC on July 31, 2002; and

Current Report on Form 8-K dated September 4, 2002 filed with the SEC on September 4, 2002.

You may request a copy of any filings referred to above, at no cost, by contacting CSX at the following address: Stephen R. Larson, Vice President General Counsel and Corporate Secretary, CSX Corporation, One James Center, 901 East Cary Street, Richmond, Virginia 23219, telephone number 1-804-782-1400.

**CSX CORPORATION**

CSX, incorporated in Virginia in 1978 and headquartered in Richmond, Virginia, operates the largest rail network in the eastern United States and also provides intermodal transportation services across the United States and into key markets in Canada and Mexico. Our marine operations include a domestic container shipping company and an international terminal services company. CSX's goal, advanced at each of our business units, is to provide efficient, competitive transportation and related services for our customers and to deliver superior value to our shareholders. Unless the context indicates otherwise, references in this prospectus to CSX are to CSX Corporation and our consolidated subsidiaries.

**CSX Transportation Inc. ( CSXT )**

CSXT is the largest rail network in the eastern United States, providing rail freight transportation over a network of more than 23,300 route miles in 23 states, the District of Columbia and two Canadian provinces. Headquartered in Jacksonville, Florida, CSXT accounted for 75% of CSX's operating revenue and 78% of operating income in 2001.

**CSX Intermodal Inc. ( CSXI )**

CSXI is the nation's only transcontinental intermodal transportation service provider, operating a network of dedicated intermodal facilities across North America. The CSXI network runs approximately 500 dedicated trains between our 49 terminals every week. CSXI accounted for 14% of CSX's operating revenue and 11% of operating income in 2001. CSXI's headquarters are located in Jacksonville, Florida.

**CSX Lines LLC**

CSX Lines operates a domestic liner business consisting of a fleet of 16 vessels and 27,000 containers serving the trade between ports on the United States mainland and Alaska, Guam, Hawaii and Puerto Rico. CSX Lines accounted for 8% of CSX's operating revenue and 3% of operating income in 2001. CSX Lines is headquartered in Charlotte, North Carolina.

**CSX World Terminals LLC**

CSX World Terminals operates container-freight terminal facilities in Hong Kong, China, Australia, Europe and Latin America. CSX World Terminals accounted for 3% of CSX's operating revenue and 7% of operating income in 2001. CSX World Terminals is headquartered in Charlotte, North Carolina.

**Table of Contents****Non-Transportation**

Our non-transportation holdings include: the AAA Five-Diamond hotel, The Greenbrier, in White Sulphur Springs, West Virginia; CSX Real Property Inc., which is responsible for sales, leasing and development of CSX-owned properties; and a majority interest in Yukon Pacific Corporation, which is promoting construction of the Trans-Alaska Gas System to transport Alaska's North Slope natural gas to Valdez for export to Asian markets.

**USE OF PROCEEDS**

CSX expects to use substantially all of the net proceeds from the sale of the Notes to reduce the amount of our outstanding commercial paper. At October 25, 2002, CSX had approximately \$515 million of commercial paper outstanding, the weighted average maturity of our outstanding commercial paper was approximately 37.88 days and the weighted average interest rate was approximately 1.88%. The balance, if any, of the net proceeds will be used for general corporate purposes, which may include capital expenditures, working capital requirements, implementation of work force reductions, improvements in productivity and other cost reductions at our major transportation units.

**RATIO OF EARNINGS TO FIXED CHARGES**

CSX's consolidated ratio of earnings to fixed charges for each of the fiscal periods indicated is as follows:

	For the Nine Months Ended		For the Fiscal Years Ended				
	Sept. 27, 2002	Sept. 28, 2001	Dec. 28, 2001	Dec. 29, 2000	Dec. 31, 1999	Dec. 25, 1998	Dec. 26, 1997
Ratio of earnings to fixed charges (a)(b)	2.2x	1.7x	1.7x	1.4x	1.1x	1.7x	2.5x

- (a) For purposes of computing the ratio of earnings to fixed charges, earnings represent earnings from operations before income taxes and cumulative effects of accounting changes plus interest expense related to indebtedness, amortization of debt discount and the interest portion of fixed rent expense, less undistributed earnings of affiliates accounted for using the equity method. Fixed charges include interest on indebtedness (whether expensed or capitalized), amortization of debt discount and the interest portion of fixed rent expense.
- (b) Pretax earnings for certain periods include the effects of various non-recurring gains and charges. These items are summarized as follows:
- (1) A pretax loss of \$60 million for the proposed settlement of the Company's New Orleans Tank Car Fire litigation is included in the year ended December 28, 2001.
  - (2) A pretax loss of \$360 million related to an impairment charge related to the sale of assets comprised of the international liner business of Sea-Land and certain container terminal facilities is included in the year ended December 31, 1999.
  - (3) A pretax gain of \$27 million from the sale of CSX's investment in Grand Teton Lodge Company, a wholly-owned subsidiary located in Jackson Hole, Wyoming, is included in the year ended December 31, 1999.
  - (4) A pretax gain of \$154 million primarily from the conveyance of CSX's barge subsidiary to a joint venture is included for the year ended December 25, 1998.
  - (5) A restructuring credit of \$30 million to reverse a charge taken in 1995 related to a restructuring plan is included for the year ended December 25, 1998.

Excluding these items, the ratio of earnings to fixed charges for each of the periods indicated below would have been:

Fiscal year ended December 28, 2001	1.8x
Fiscal year ended December 31, 1999	1.5x
Fiscal year ended December 25, 1998	1.4x

---

**Table of Contents**

**DESCRIPTION OF NOTES**

Set forth below is a description of the specific terms of the Notes. This description supplements, and should be read together with, the description of the general terms and provisions of the debt securities set forth in the accompanying base prospectus under the caption

Description of Debt Securities . The following description does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the description in the base prospectus and the senior indenture. If the description of the Notes in this prospectus supplement differs from the description of the debt securities in the base prospectus, the description in this prospectus supplement supersedes the description in the base prospectus. Capitalized terms used in this Description of Notes that are not defined in this prospectus supplement have the meanings given to them in the base prospectus or the senior indenture.

**General**

The Notes will initially be limited to \$200,000,000 in aggregate principal amount. The Notes will be issued in fully registered form only, in denominations of \$1,000 and integral multiples of \$1,000, and will mature on •, 2009. The Notes will be issued as a series of senior debt securities under the senior indenture referred to in the accompanying base prospectus. The senior indenture does not limit the amount of other debt that CSX may incur. CSX may, from time to time, without the consent of the holders of Notes, issue other debt securities under the senior indenture in addition to the \$200,000,000 aggregate principal amount of the Notes. CSX may also, from time to time, without the consent of the holders, issue additional debt securities having the same ranking and the same interest rate, maturity and other terms as the Notes. Any additional debt securities having those similar terms, together with the Notes, will constitute a single series of debt securities under the senior indenture.

The Notes will bear interest from •, 2002, at the annual rate set forth on the cover page of this prospectus supplement, payable semiannually on • and • each year, commencing •, 2003, to the persons in whose names the Notes are registered at the close of business on the immediately preceding • and • respectively, whether or not that day is a business day.

The Notes will be unsecured obligations of CSX and will rank *pari passu* with all other unsecured and unsubordinated indebtedness of CSX.

The Notes do not provide for any sinking fund.

For a description of the rights attaching to each series of debt securities under the senior indenture, see Description of Debt Securities in the accompanying prospectus.

The provisions of the senior indenture described under Description of Debt Securities Discharge, Defeasance and Covenant Defeasance in the accompanying base prospectus apply to the Notes.

**Limitation on Liens on Stock of CSXT**

The senior indenture provides that neither CSX nor any of our subsidiaries may create or permit any lien of any kind upon any stock or indebtedness, whether owned on the date of the senior indenture or acquired later, of any principal subsidiary, to secure any obligation (other than the senior debt securities) of CSX, any subsidiary or any other person, unless all of the outstanding senior debt securities (and other outstanding debt securities issued from time to time pursuant to the senior indenture) will be directly secured equally and ratably with that obligation. This provision does not restrict any other property of CSX or our subsidiaries. The senior indenture defines obligation as indebtedness for money borrowed or indebtedness evidenced by a bond, note, debenture or other evidence of indebtedness; principal subsidiary as CSXT; and subsidiary as a corporation a majority of the outstanding voting stock of which is owned, directly or indirectly, by CSX or one or more subsidiaries, or by CSX and one or more subsidiaries. The senior indenture does not prohibit the sale by CSX or any subsidiary of any stock or indebtedness of any subsidiary, including any principal subsidiary.

---

**Table of Contents**

**Optional Redemption**

The Notes will be redeemable, in whole or in part, at our option at any time. The redemption price for the Notes to be redeemed will equal the greater of the following amounts, plus, in each case, accrued interest thereon to the redemption date:

100% of the principal amount of such Notes; or

as determined by the Independent Investment Banker (as defined below), the sum of the present values of the remaining scheduled payments of principal and interest on the Notes (not including any portion of any payments of interest accrued as of the redemption date) discounted to the redemption date on a semiannual basis at the Adjusted Treasury Rate (as defined below) plus 20 basis points.

The redemption price will be calculated assuming a 360-day year consisting of twelve 30-day months.

Adjusted Treasury Rate means, with respect to any redemption date:

the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated H.15(519) or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption Treasury Constant Maturities, for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after the remaining term of the Notes, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined and the Adjusted Treasury Rate will be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month); or

if that release (or any successor release) is not published during the week preceding the calculation date or does not contain those yields, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of the principal amount) equal to the Comparable Treasury Price for that redemption date.

The Adjusted Treasury Rate will be calculated on the third business day preceding the redemption date.

Comparable Treasury Issue means the United States Treasury security selected by the Independent Investment Banker as having a maturity comparable to the remaining term of the Notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of those Notes.

Comparable Treasury Price means, with respect to any redemption date, (A) the average of five Reference Treasury Dealer Quotations for that redemption date, after excluding the highest and lowest of those Reference Treasury Dealer Quotations, or (B) if the Independent Investment Banker obtains fewer than five such Reference Treasury Dealer Quotations, the average of all of those quotations.

Independent Investment Banker means Salomon Smith Barney Inc. and its successors, or if that firm is unwilling or unable to serve in that capacity, an independent investment and banking institution of national standing appointed by us.

Reference Treasury Dealer means:

Salomon Smith Barney Inc. and its successors; provided that, if Salomon Smith Barney Inc. ceases to be a primary U.S. Government securities dealer in New York City ( Primary Treasury Dealer ), we will substitute another Primary Treasury Dealer; and

up to four other Primary Treasury Dealers selected by us.

---

**Table of Contents**

Reference Treasury Dealer Quotation means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker by such Reference Treasury Dealer at 5:00 p.m. (New York City time) on the third business day preceding that redemption date.

We will mail notice of any redemption at least 30 days but not more than 60 days before the redemption date to each holder of the Notes to be redeemed. If we elect to partially redeem the Notes, the trustee will select in a fair and appropriate manner the Notes to be redeemed.

Unless we default in payment of the redemption price, on and after the redemption date interest will cease to accrue on the Notes or portions of the Notes called for redemption.

**Book-Entry Notes**

The Notes will be represented by one or more permanent global Notes in definitive, fully registered form without interest coupons. Each beneficial interest in a global Note is referred to as a book-entry Note. Each global Note representing book-entry Notes will be deposited with the trustee, as custodian for, and registered in the name of, a nominee of The Depository Trust Company, as depository, located in the Borough of Manhattan, The City of New York.

Ownership of beneficial interests in book-entry Notes will be limited to persons who have accounts with the depository ( participants ) or persons who hold interests through participants. Ownership of beneficial interests in book-entry Notes will be shown on, and the transfer of that ownership will be effected only through, records maintained by the depository or its nominee (with respect to interests of participants) and the records of participants (with respect to persons other than participants). The laws of some jurisdictions require that certain purchasers of securities take physical delivery of those securities in definitive form. Those laws may impair the ability to transfer book-entry Notes.

So long as the depository, or its nominee, is the registered owner or holder of a global Note, the depository or the nominee, as the case may be, will be considered the sole owner or holder of the Notes represented by that global Note for all purposes under the senior indenture and the Notes. No beneficial owner of an interest in a global Note will be able to transfer that interest except in accordance with the depository's applicable procedures, in addition to those provided for under the senior indenture.

CSX has been advised by the depository that upon the issuance of global Notes representing book-entry Notes, and the deposit of those global Notes with the depository, the depository will immediately credit, on its book-entry registration and transfer system, the respective principal amounts of the book-entry Notes represented by those global Notes to the accounts of participants. The accounts to be credited shall be designated by the underwriters.

Payments of principal of and any premium and interest on book-entry Notes will be made to the depository or its nominee, as the case may be, as the registered owner of those Notes. Those payments to the depository or its nominee, as the case may be, will be made in immediately available funds at the offices of JPMorgan Chase Bank, as paying agent, in the Borough of Manhattan, The City of New York, provided that, in the case of payments of principal and any premium, the global Notes are presented to the paying agent in time for the paying agent to make those payments in immediately available funds in accordance with its normal procedures. None of CSX, the underwriters, the trustee or any agent of CSX, the underwriters or the trustee will have any responsibility or liability for any aspect of the depository's records or any participant's records relating to or payments made on account of book-entry Notes or for maintaining, supervising or reviewing any of the depository's records or any participant's records relating to book-entry Notes.

---

**Table of Contents**

Payments of principal of and any premium and interest on book-entry Notes will be made to the depositary or its nominee, as the case may be, as the registered owner of those Notes. Those payments to the depositary or its nominee, as the case may be, will be made in immediately available funds at the offices of JPMorgan Chase Bank, as paying agent, in the Borough of Manhattan, The City of New York, provided that, in the case of payments of principal and any premium, the global Notes are presented to the paying agent in time for the paying agent to make those payments in immediately available funds in accordance with its normal procedures. None of CSX, the underwriters, the trustee or any agent of CSX, the underwriters or the trustee will have any responsibility or liability for any aspect of the depositary's records or any participant's records relating to or payments made on account of book-entry Notes or for maintaining, supervising or reviewing any of the depositary's records or any participant's records relating to book-entry Notes.

CSX expects that the depositary or its nominee upon receipt of any payment of principal of or any premium or interest in respect of a global Note, will immediately credit, on its book-entry registration and transfer system, accounts of participants with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global Notes as shown on the records of the depositary or its nominee. CSX also expects that payments by participants to owners of beneficial interests in book-entry Notes held through those participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in street name, and will be the responsibility of those participants.

Transfers between participants in the depositary will be effected in the ordinary way in accordance with the depositary's rules and will be settled in same-day funds.

CSX expects that the depositary will take any action permitted to be taken by a holder of Notes (including the presentation of Notes for exchange as described below) only at the direction of one or more participants to whose account or accounts the depositary interests in a global Note are credited and only in respect of the portion of the aggregate principal amount of the Notes as to which that participant or participants has or have given that direction. However, if there is an event of default under the Notes, the depositary will exchange the applicable global Note for definitive Notes in registered form, which it will distribute to its participants.

CSX understands that the depositary is a limited purpose trust company organized under the laws of the State of New York, a banking organization within the meaning of New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the Uniform Commercial Code, and a Clearing Agency registered pursuant to the provisions of Section 17A of the Exchange Act. The depositary was created to hold securities of its participants and to facilitate the clearance and settlement of securities transactions among participants through electronic book-entry changes in accounts of its participants and certain other organizations, thereby eliminating the need for physical movement of securities certificates. The depositary's participants include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations, and certain other organizations, some of whom (or their representatives) own interests in the depositary. Indirect access to the depositary's book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly ( indirect participants ).

Although the depositary is expected to follow the foregoing procedures in order to facilitate transfers of interests in a global Note among participants of the depositary, it is under no obligation to perform or continue to perform those procedures and those procedures may be discontinued at any time. Neither CSX, the underwriters nor the trustee will have any responsibility for the performance by the depositary or its respective participants or indirect participants of its respective obligations under the rules and procedures governing their operations.

The global Notes representing book-entry Notes may not be transferred except as a whole by a nominee of the depositary to the depositary or to another nominee of the depositary, or by the depositary or the nominee to a successor of the depositary or a nominee of the successor.

**Table of Contents**

The global Notes representing book-entry Notes are exchangeable for definitive Notes in registered form, of like tenor and of an equal aggregate principal amount, only if (x) the depositary notifies CSX that it is unwilling or unable to continue as depositary for the global Note or if at any time the depositary ceases to be a Clearing Agency registered under the Exchange Act and a successor depositary is not appointed by CSX within 90 days, (y) CSX in its sole discretion determines that the book-entry Notes will be exchangeable for definitive Notes in registered form or (z) any event has happened and is continuing which, after notice or lapse of time, or both, would become an event of default with respect to the Notes. Any global Note representing book-entry Notes that is exchangeable pursuant to the preceding sentence will be exchangeable in whole for definitive Notes in registered form, of like tenor and of an equal aggregate principal amount, in denominations of U.S. \$1,000 and integral multiples of U.S. \$1,000. Upon the exchange of a global Note for definitive Notes, that global Note will be canceled by the trustee and the definitive Notes will be registered in the names and in the authorized denominations as the depositary, pursuant to instructions from its participants, any indirect participants or otherwise, instruct the trustee. The trustee will deliver those Notes to the persons in whose names those Notes are registered and will recognize those persons as the holders of those Notes.

Except as provided above, owners of book-entry Notes will not be entitled to receive physical delivery of Notes in definitive form and will not be considered the holders of those Notes for any purpose under the senior indenture, and no global Note representing book-entry Notes will be exchangeable, except for another global Note of like denomination and tenor to be registered in the name of the depositary or its nominee. Accordingly, each person owning a book-entry Note must rely on the procedures of the depositary and, if that person is not a participant, on the procedures of the participant through which that person owns its interest, to exercise any rights of a holder under that global Note or the senior indenture. The senior indenture provides that the depositary, as a holder, may appoint agents and otherwise authorize participants to give or take any request, demand, authorization, direction, notice, consent, waiver or other action which a holder is entitled to give or take under the senior indenture. CSX understands that under existing industry practices, if CSX requests any action of holders or an owner of a book-entry Note desires to give or take any action a holder is entitled to give or take under the senior indenture, the depositary would authorize the participants owning the relevant book-entry Notes to give or take that action, and those participants would authorize beneficial owners owning through those participants to give or take that action or would otherwise act upon the instructions of beneficial owners owning through them.

**Table of Contents****UNDERWRITING**

Salomon Smith Barney Inc. is acting as representative of the underwriters named below.

Subject to the terms and conditions stated in the underwriting agreement dated the date of this prospectus supplement, each underwriter named below has agreed to purchase, and we have agreed to sell to that underwriter, the principal amount of Notes set forth opposite the underwriter's name.

<u>Underwriter</u>	<u>Principal Amount of Notes</u>
Salomon Smith Barney Inc.	\$
J.P. Morgan Securities Inc.	
Credit Suisse First Boston Corporation	
Mizuho International plc	
Scotia Capital (USA) Inc.	
Banc One Capital Markets, Inc.	
BNY Capital Markets, Inc.	
PNC Capital Markets, Inc.	
Wachovia Securities, Inc.	
<b>Total</b>	<b>\$200,000,000</b>

The underwriting agreement provides that the obligations of the underwriters to purchase the Notes included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all of the Notes if they purchase any of the Notes.

The underwriters propose to offer some of the Notes directly to the public at the public offering price set forth on the cover page of this prospectus supplement and some of the Notes to dealers at the public offering price less a concession not to exceed •% of the principal amount of the Notes. The underwriters may allow, and dealers may reallow, a concession not to exceed •% of the principal amount of the Notes on sales to other dealers. After the initial offering of the Notes to the public, the representative may change the public offering price and concessions.

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering (expressed as a percentage of the principal amount of the Notes).

	<u>Paid by CSX</u>
Per Note	%

In connection with the offering, Salomon Smith Barney Inc., on behalf of the underwriters, may purchase and sell Notes in the open market. These transactions may include over-allotment, syndicate covering transactions and stabilizing transactions. Over-allotment involves syndicate sales of Notes in excess of the principal amount of Notes to be purchased by the underwriters in the offering, which creates a syndicate short

## **Table of Contents**

position. Syndicate covering transactions involve purchases of the Notes in the open market after the distribution has been completed in order to cover syndicate short positions. Stabilizing transactions consist of certain bids or purchases of Notes made for the purpose of preventing or retarding a decline in the market price of the Notes while the offering is in progress.

The underwriters may also impose a penalty bid. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when Salomon Smith Barney Inc., in covering syndicate short positions or making stabilizing purchases, repurchases Notes originally sold by that syndicate member.

Any of these activities may have the effect of preventing or retarding a decline in the market price of the Notes. They may also cause the price of the Notes to be higher than the price that otherwise would exist in the open market in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

J.P. Morgan Securities Inc. ( JPMorgan ) will make the securities available for distribution on the Internet through a proprietary Web site and/or a third-party system operated by Market Axess Inc., an Internet-based communications technology provider. Market Axess Inc. is providing the system as a conduit for communications between JPMorgan and its customers and is not a party to any transactions. Market Axess Inc., a registered broker-dealer, will receive compensation from JPMorgan based on transactions JPMorgan conducts through the system. JPMorgan will make the securities available to its customers through the Internet distributions, whether made through a proprietary or third-party system, on the same terms as distributions made through other channels.

We estimate that our total expenses (excluding underwriting discounts and commissions) for this offering will be approximately \$200,000.

The underwriters have performed investment banking and advisory services for us from time to time for which they have received customary fees and expenses. The underwriters may, from time to time, engage in transactions with and perform services for us in the ordinary course of their business. Certain of the underwriters or their affiliates engage in commercial lending activities with us and are lenders under CSX's bank credit facilities. J.P. Morgan Securities Inc. is an affiliate of the trustee.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

## **LEGAL MATTERS**

Certain legal matters in connection with the offering of the Notes will be passed upon for CSX by McGuireWoods LLP, Richmond, Virginia, and for the underwriters by Shearman & Sterling, New York, New York. Robert L. Burrus, Jr., a partner of McGuireWoods LLP, is a director of CSX.

**ABOUT THIS PROSPECTUS**

This prospectus is part of a shelf registration statement that CSX Corporation filed with the Securities and Exchange Commission. Under the shelf registration statement, CSX may sell any combination of the securities described in this prospectus in one or more offerings up to a total dollar amount of \$1,100,000,000. For further information about our business and the securities, you should refer to the registration statement and its exhibits. The exhibits to the registration statement and the documents we incorporate by reference contain the full text of certain contracts and other important documents summarized in this prospectus. Since these summaries may not contain all the information that you may find important in deciding whether to purchase the securities CSX may offer, you should review the full text of those documents. The registration statement can be obtained from the SEC as indicated under the heading Where You Can Find More Information.

This prospectus provides you with a general description of the securities CSX may offer. Each time CSX sells securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. Any material United States federal income tax considerations will also be discussed in the applicable prospectus supplement. The prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and any prospectus supplement together with additional information described under the heading Where You Can Find More Information.

Table of Contents

**WHERE YOU CAN FIND MORE INFORMATION**

CSX files annual, quarterly and special reports, proxy statements and other information with the SEC. Our SEC filings are available to the public over the Internet at the SEC's web site at <http://www.sec.gov>. You may also read and copy any document we file at the SEC's public reference rooms in Washington, D.C., New York, New York and Chicago, Illinois. Please call the SEC at 1-800-SEC-0330 for further information on the public reference rooms. You may also read and copy these documents at the offices of the New York Stock Exchange, 20 Broad Street, New York, New York 10005.

The SEC allows CSX to incorporate by reference the information we file with them, which means that we can disclose important information to you by referring you to those documents. The information incorporated by reference is an important part of this prospectus, and information that we file later with the SEC will automatically update and supersede this information. CSX incorporates by reference the documents listed below and any future filings made with the SEC under Sections 13(a), 13(c), 14, or 15(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act), until CSX sells all of the securities.

Annual Report on Form 10-K for the fiscal year ended December 28, 2001;

Current Report on Form 8-K filed with the SEC on March 6, 2002; and

The description of CSX common stock contained in our Registration Statement on Form 8-B (File No. 1-8022) filed with the SEC on September 25, 1980; and the description of the Rights (described below) contained in our Registration Statement on Form 8-A (File No. 1-8022) filed with the SEC on May 29, 1998 and Form 8-A/A (File No. 1-8022) filed with the SEC on June 28, 2000.

You may request a copy of any filings referred to above, at no cost, by contacting CSX at the following address: Stephen R. Larson, Vice President General Counsel and Corporate Secretary, CSX Corporation, One James Center, 901 East Cary Street, Richmond, Virginia 23219, telephone number (804) 782-1400.

**You should rely only on the information contained or incorporated by reference in this prospectus and any prospectus supplement. CSX has not authorized anyone to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. CSX will not make an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information appearing in this prospectus, as well as information CSX previously filed with the SEC and incorporated by reference in this prospectus, is accurate only as of the date on the front cover of this prospectus. Our business, financial condition, results of operations and prospects may have changed since that date.**

**Table of Contents**

**CSX CORPORATION**

CSX, incorporated in Virginia in 1978 and headquartered in Richmond, Virginia, operates the largest rail network in the eastern United States and also provides intermodal transportation services across the United States and into key markets in Canada and Mexico. Our marine operations include a domestic container shipping company and an international terminal services company. CSX's goal, advanced at each of our business units, is to provide efficient, competitive transportation and related services for our customers and to deliver superior value to our shareholders. Unless the context indicates otherwise, references in this prospectus to CSX are to CSX Corporation and our consolidated subsidiaries.

**CSX Transportation Inc. ( CSXT )**

CSXT is the largest rail network in the eastern United States, providing rail freight transportation over a network of more than 23,300 route miles in 23 states, the District of Columbia and two Canadian provinces. Headquartered in Jacksonville, Florida, CSXT accounted for 75% of CSX's operating revenue and 78% of operating income in 2001.

**CSX Intermodal Inc. ( CSXI )**

CSXI is the nation's only transcontinental intermodal transportation service provider, operating a network of dedicated intermodal facilities across North America. The CSXI network runs approximately 500 dedicated trains between our 49 terminals every week. CSXI accounted for 14% of CSX's operating revenue and 11% of operating income in 2001. CSXI's headquarters are located in Jacksonville, Florida.

**CSX Lines LLC**

CSX Lines operates a domestic liner business consisting of a fleet of 16 vessels and 27,000 containers serving the trade between ports on the United States mainland and Alaska, Guam, Hawaii and Puerto Rico. CSX Lines accounted for 8% of CSX's operating revenue and 3% of operating income in 2001. CSX Lines is headquartered in Charlotte, North Carolina.

**CSX World Terminals LLC**

CSX World Terminals operates container-freight terminal facilities in Hong Kong, China, Australia, Europe and Latin America. CSX World Terminals accounted for 3% of CSX's operating revenue and 7% of operating income in 2001. CSX World Terminals is headquartered in Charlotte, North Carolina.

**Non-Transportation**

Our non-transportation holdings include: the AAA Five-Diamond hotel, The Greenbrier, in White Sulphur Springs, West Virginia; CSX Real Property Inc., which is responsible for sales, leasing and development of CSX-owned properties; and a majority interest in Yukon Pacific Corporation, which is promoting construction of the Trans-Alaska Gas System to transport Alaska's North Slope natural gas to Valdez for export to Asian markets.

**Table of Contents**

**CSX CAPITAL TRUST I**

CSX Capital Trust I (the Trust ) is a statutory business trust formed under Delaware law by us, as sponsor for the Trust, and Chase Manhattan Bank USA, National Association, who will serve as trustee in the State of Delaware for the purpose of complying with the provisions of the Delaware Business Trust Act. The trust agreement for the Trust will be amended and restated substantially in the form filed as an exhibit to the registration statement, effective when securities of the Trust are initially issued. The amended trust agreement will be qualified as an indenture under the Trust Indenture Act of 1939. The Trust exists for the exclusive purposes of:

issuing two classes of trust securities, trust preferred securities and trust common securities, which together represent undivided beneficial interests in the assets of the Trust;

investing the gross proceeds of the trust securities in our subordinated debt securities;

making distributions; and

engaging in only those other activities necessary, advisable or incidental to the purposes listed above.

Subordinated debt securities of CSX will be the sole assets of the Trust, and our payments under those subordinated debt securities and the agreement as to expenses and liabilities will be the sole revenue of the Trust. No separate financial statements of the Trust are included in this prospectus. CSX considers that those financial statements would not be material to holders of the trust preferred securities because the Trust has no independent operations and the purpose of the Trust is as described above. The Trust is not required to file annual, quarterly or special reports with the SEC.

The principal place of business of the Trust will be c/o CSX Corporation, One James Center, 901 East Cary Street, Richmond, Virginia 23219, telephone number (804) 782-1400.

**Table of Contents****FORWARD-LOOKING STATEMENTS**

This prospectus, including documents incorporated by reference, contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the Securities Act), and Section 21E of the Exchange Act. Estimates, forecasts and other forward-looking statements included, or incorporated by reference, in this prospectus are based on many assumptions about complex economic and operating factors with respect to industry performance, general business and economic conditions and other matters that cannot be predicted accurately and that are subject to contingencies over which CSX has no control. Forward-looking statements are subject to uncertainties and other factors that may cause actual results to differ materially from the views, beliefs, and projections expressed in those statements. The words believe, expect, anticipate, project, and similar expressions signify forward-looking statements.

Factors that may cause actual results to differ materially from those contemplated by these forward-looking statements include, among others, the following possibilities:

general economic or business conditions, either nationally or internationally, an increase in fuel prices, a tightening of the labor market or changes in demands of organized labor resulting in higher wages, or increased benefits or other costs or disruption of operations may adversely affect our businesses;

legislative or regulatory changes, including possible enactment of initiatives to re-regulate the rail industry, may adversely affect our businesses;

possible additional consolidation of the rail industry in the near future may adversely affect our operations and business; and

changes may occur in the securities and capital markets.

You are cautioned not to place undue reliance on any forward-looking statements made by or on behalf of CSX. Forward-looking statements speak only as of the date the statement was made. We undertake no obligation to update or revise any forward-looking statement.

**RATIO OF EARNINGS TO FIXED CHARGES**

CSX's consolidated ratio of earnings to fixed charges for each of the fiscal periods indicated is as follows:

	For the Fiscal Years Ended				
	Dec. 28, 2001	Dec. 29, 2000	Dec. 31, 1999	Dec. 25, 1998	Dec. 26, 1997
Ratio of earnings to fixed charges(a)(b)	1.7x	1.4x	1.1x	1.7x	2.5x

- (a) For purposes of computing the ratio of earnings to fixed charges, earnings represent earnings from operations before income taxes plus interest expense related to indebtedness, amortization of debt discount and the interest portion of fixed rent expense, less undistributed earnings of affiliates accounted for using the equity method. Fixed charges include interest on indebtedness (whether expensed or capitalized), amortization of debt discount and the interest portion of fixed rent expense.
- (b) Pretax earnings for the fiscal years ended December 28, 2001, December 31, 1999 and December 25, 1998 include the effects of various non-recurring gains and charges. These items are summarized as follows:
- (1) A pretax loss of \$60 million for the proposed settlement of CSX's New Orleans Tank Car Fire litigation included in the year ended December 28, 2001.

**Table of Contents**

- (2) A pretax loss of \$360 million related to an impairment charge related to the sale of assets comprised of the international liner business of SL Service, Inc. (formerly Sea-Land Service, Inc.), a wholly-owned subsidiary of CSX, and certain container terminal facilities is included in the year ended December 31, 1999.
- (3) A pretax gain of \$27 million from the sale of CSX's investment in Grand Teton Lodge Company, a wholly-owned subsidiary located in Jackson Hole, Wyoming is included in the year ended December 31, 1999.
- (4) A pretax gain of \$154 million primarily from the conveyance of CSX's barge subsidiary to a joint venture is included for the year ended December 25, 1998.
- (5) A restructuring credit of \$30 million to reverse a charge taken in 1995 related to a restructuring plan is included for the year ended December 25, 1998.

Excluding these items, the ratio of earnings to fixed charges for each of the periods indicated below would have been:

Fiscal year ended December 28, 2001	1.8x
Fiscal year ended December 31, 1999	1.5x
Fiscal year ended December 25, 1998	1.4x

**USE OF PROCEEDS**

CSX will use the net proceeds from the sale of the securities for general corporate purposes, which may include reduction or refinancing of outstanding indebtedness, capital expenditures, working capital requirements, implementation of work force reductions, improvements in productivity and other cost reductions at our major transportation units, and redemptions and repurchases of certain outstanding securities. CSX has not specifically allocated the proceeds to those purposes as of the date of this prospectus. The precise amount and timing of the application of proceeds from the sale of securities will depend upon the funding requirements of CSX and the availability and cost of other funds at the time of the sale. Allocation of the proceeds of a particular series of securities, or the principal reasons for the offering if no allocation has been made, will be described in the applicable prospectus supplement.

---

**Table of Contents**

**DESCRIPTION OF DEBT SECURITIES**

CSX may issue debt securities either separately, or together with, or upon the conversion of or in exchange for, other securities. The debt securities will be either senior unsecured obligations or subordinated unsecured obligations of CSX. Senior debt securities will be issued under a senior indenture dated as of August 1, 1990 between CSX and JPMorgan Chase Bank, formerly The Chase Manhattan Bank, as trustee, as currently supplemented and amended and as further supplemented and amended from time to time. Subordinated debt securities will be issued under a subordinated indenture to be entered into between CSX and JPMorgan Chase Bank, as trustee, as further supplemented and amended from time to time. Copies of the senior indenture and a form of the subordinated indenture have been incorporated by reference in, or filed as exhibits to, the registration statement of which this prospectus is a part. The senior indenture and the subordinated indenture are sometimes referred to collectively as the indentures. The trustee under the senior indenture and the trustee under the subordinated indenture are sometimes referred to collectively as the trustees.

The summary of certain provisions of the indentures and the debt securities set forth below and the summary of certain terms of a particular series of debt securities set forth in the applicable prospectus supplement do not purport to be complete and are subject to and are qualified in their entirety by reference to all of the provisions of the indentures, which provisions of the indentures (including defined terms) are incorporated in this description of debt securities by reference.

The debt securities may be issued from time to time in one or more series of senior debt securities and one or more series of subordinated debt securities. Neither indenture limits the aggregate principal amount of debt securities that may be issued under it and provides that debt securities of any series may be issued under that indenture up to an aggregate principal amount that may be authorized from time to time by CSX. The terms of each series of debt securities will be established by or pursuant to a resolution of our Board of Directors and set forth or determined in the manner provided in an officer's certificate or by a supplemental indenture. The following description of debt securities summarizes certain general terms and provisions of the series of debt securities to which any prospectus supplement may relate. The particular terms of each series of debt securities offered by a prospectus supplement or prospectus supplements will be described in the prospectus supplement or prospectus supplements relating to that series.

Unless otherwise indicated, currency amounts in this prospectus and any prospectus supplement are stated in United States dollars.

**General**

The prospectus supplement for a particular series of debt securities will describe the specific terms of that series, including (where applicable):

the title of the debt securities;

any limit on the aggregate principal amount of the debt securities;

whether the debt securities are to be issuable as registered debt securities or bearer debt securities or both, whether any of the debt securities are to be issuable initially in temporary global form and whether any of the debt securities are to be issuable in permanent global form;

the price or prices (expressed as a percentage of the aggregate principal amount of the debt securities) at which the debt securities will be issued;

the date or dates on which the debt securities will mature;

---

**Table of Contents**

the rate or rates per annum at which the debt securities will bear interest, if any, or the formula pursuant to which the rate or rates will be determined, and the date or dates from which interest will accrue;

the interest payment dates on which interest on the debt securities will be payable and the regular record date for any interest payable on any registered debt securities on any interest payment date;

the person to whom any interest on any registered debt securities of the series will be payable, if other than the person in whose name that debt security (or one or more predecessor debt securities) is registered at the close of business on the regular record date for that interest, the manner in which, or the person to whom, any interest on any bearer debt security of the series will be payable, if otherwise than upon presentation and surrender of the applicable coupons, and the extent to which, or the manner in which, any interest payable on a temporary global debt security on an interest payment date will be paid if other than in the manner provided in the relevant indenture and the extent to which, or the manner in which, any interest payable on a permanent global debt security on an interest payment date will be paid;

each office or agency where, subject to the terms of the indenture as described below under **Payment and Paying Agents**, the principal of and any premium and interest on the debt securities will be payable and each office or agency where, subject to the terms of the indenture as described below under **Form, Exchange, Registration and Transfer**, the debt securities may be presented for registration of transfer or exchange;

the period or periods within which and the price or prices at which the debt securities may, pursuant to any optional redemption provisions, be redeemed, in whole or in part, at our option and the other detailed terms and conditions of any optional redemption provisions;

the obligation, if any, of CSX to redeem or purchase the debt securities pursuant to any sinking fund or analogous provisions or at the option of the holder of the debt securities and the period or periods within which and the price or prices at which the debt securities will be redeemed or purchased, in whole or in part, pursuant to that obligation, and the other detailed terms and conditions of that obligation;

the denominations in which any registered debt securities will be issuable, if other than denominations of \$1,000 and any integral multiple of \$1,000, and the denomination or denominations in which bearer debt securities will be issuable, if other than denominations of \$5,000;

the currency or currencies, including currency units, in which payment of principal of and any premium and interest on the debt securities will be payable if other than U.S. dollars and the ability, if any, of CSX or the holders of the debt securities to have payments made in any currency other than those in which the debt securities are stated to be payable;

whether the amount of payments of principal of, premium, if any, and interest, if any, on the debt securities may be determined with reference to an index and the manner in which those amounts will be determined;

the portion of the principal amount of the debt securities that will be payable upon acceleration if other than the full principal amount;

any limitation on the application of the terms of the indenture described below under **Discharge, Defeasance and Covenant Defeasance** ;

the terms, if any, upon which the debt securities may be convertible into or exchangeable for other securities;

## **Table of Contents**

whether the debt securities will be senior debt securities or subordinated debt securities; and

any other terms of the debt securities not inconsistent with the provisions of the relevant indenture.

The prospectus supplement will also describe any special provisions for the payment of additional amounts relating to specified taxes, assessments or other governmental charges in respect of the debt securities of that series and whether CSX has the option to redeem the affected debt securities rather than pay those additional amounts.

As used in this prospectus and any prospectus supplement relating to the offering of any debt securities, references to the principal of and premium, if any, and interest, if any, on the debt securities will be deemed to include mention of the payment of additional amounts, if any, required by the terms of the debt securities.

If the purchase price of any debt securities is payable in a currency other than U.S. dollars or if principal of, or premium, if any, or interest, if any, on any of the debt securities is payable in any currency other than U.S. dollars, the specific terms and other information with respect to those debt securities and that currency will be specified in the related prospectus supplement.

Debt securities of a series may also be issued under the indenture upon the exercise of debt warrants issued by CSX. See Description of Debt Warrants.

The indentures do not contain any provisions that may afford the holders of debt securities of any series protection in the event of a highly leveraged transaction or other transaction that may occur in connection with a takeover attempt resulting in a decline in the credit rating of the debt securities. Those provisions, if applicable to the debt securities of any series, will be described in the related prospectus supplement.

### **Form, Exchange, Registration and Transfer**

Unless otherwise indicated in the applicable prospectus supplement, each series of debt securities will be issued in registered form only, without coupons. The indentures, however, provide that CSX may also issue debt securities in bearer form only, or in both registered and bearer form. Bearer debt securities will not be offered, sold, resold or delivered in connection with their original issuance in the United States or to any United States person other than offices located outside the United States of certain United States financial institutions. Purchasers of bearer debt securities will be subject to certification procedures and may be affected by certain limitations under United States tax laws. Those procedures and limitations will be described in the prospectus supplement relating to the offering of the bearer debt securities. Unless otherwise indicated in an applicable prospectus supplement or prospectus supplements, bearer debt securities will have interest coupons attached. The indentures also will provide that debt securities of a series may be issuable in temporary or permanent global form. See Global Debt Securities.

At the option of the holder, subject to the terms of the relevant indenture, registered debt securities of any series will be exchangeable for other registered debt securities of the same series of any authorized denominations and of a like aggregate principal amount and tenor. In addition, if debt securities of any series are issuable as both registered debt securities and bearer debt securities, at the option of the holder, subject to the terms of the relevant indenture, bearer debt securities (with all unmatured coupons, except as provided below, and with all matured coupons in default) of that series will be exchangeable for registered debt securities of the same series of any authorized denominations and of a like aggregate principal amount and tenor. Bearer debt securities surrendered in exchange for registered debt securities between a regular record date or a special record date and the relevant date

---

**Table of Contents**

for payment of interest will be surrendered without the coupon relating to that date for payment of interest and interest will not be payable in respect of the registered debt security issued in exchange for that bearer debt security, but will be payable only to the holder of the coupon when due in accordance with the terms of the indenture. Registered debt securities, including registered debt securities received in exchange for bearer debt securities, may not be exchanged for bearer debt securities. Each bearer debt security and coupon will bear a legend to the following effect:

Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code.

Debt securities may be presented for exchange as provided above, and registered debt securities may be presented for registration of transfer (with the form of transfer duly executed), at the office of the security registrar or at the office of any transfer agent designated by CSX for that purpose with respect to any series of debt securities and referred to in an applicable prospectus supplement, without a service charge and upon payment of any taxes and other governmental charges as described in the relevant indenture. The transfer or exchange will be effected upon the records of the security registrar or the transfer agent, as the case may be, being satisfied with the documents of title and identity of the person making the request. CSX has appointed the trustee as security registrar. If a prospectus supplement refers to any transfer agent (in addition to the security registrar) initially designated by CSX with respect to any series of debt securities, CSX may at any time rescind the designation of that transfer agent or approve a change in the location through which that transfer agent acts, except that, if debt securities of a series are issuable solely as registered debt securities, CSX will be required to maintain a transfer agent in each place of payment for that series and, if debt securities of a series are issuable as bearer debt securities, CSX will be required to maintain (in addition to the security registrar) a transfer agent in a place of payment for that series located outside the United States and its possessions. CSX may at any time designate additional transfer agents with respect to any series of debt securities.

In the event of any partial redemption, CSX will not be required to

issue, register the transfer of or exchange any debt security during a period beginning at the opening of business 15 days before any selection for redemption of debt securities of like tenor and of the series of which that debt security is a part, and ending at the close of business on the earliest date on which the relevant notice of redemption is deemed to have been given to all holders of debt securities of like tenor and of the series to be redeemed;

register the transfer of or exchange any registered debt security so selected for redemption, in whole or in part, except the unredeemed portion of any debt security being redeemed in part; or

exchange any bearer debt security so selected for redemption, except to exchange that bearer debt security for a registered debt security of that series and like tenor which is immediately surrendered for redemption.

**Payment and Paying Agents**

Unless otherwise indicated in an applicable prospectus supplement, principal of and any premium and interest on bearer debt securities will be payable, subject to any applicable laws and regulations, at the offices of paying agents outside the United States and its possessions that CSX may designate from time to time or, at the option of the holder, by check or by transfer to an account maintained by the payee with a financial institution located outside the United States and its possessions. Unless otherwise indicated in an applicable prospectus supplement, payment of interest on a bearer debt security on any interest payment date will be made only against surrender to the paying agent of the

---

**Table of Contents**

coupon relating to that interest payment date. No payment with respect to any bearer debt security will be made at any office or agency of CSX in the United States or its possessions or by check mailed to any address in the United States or its possessions or by transfer to any account maintained with a financial institution located in the United States or its possessions. However, payments of principal of and any premium and interest on bearer debt securities denominated and payable in U.S. dollars will be made at the office of the paying agent in the Borough of Manhattan, The City of New York, if (but only if) payment of the full amount in U.S. dollars at all offices or agencies outside the United States and its possessions is illegal or effectively precluded by exchange controls or other similar restrictions.

Unless otherwise indicated in an applicable prospectus supplement, principal of and any premium and interest on registered debt securities will be payable, subject to any applicable laws and regulations, at the office of the paying agent or paying agents that CSX may designate from time to time, except that at our option payment of any interest may be made by check mailed to the address of the person entitled to that payment as that address appears in the security register. Unless otherwise indicated in an applicable prospectus supplement, payment of interest on a registered debt security on any interest payment date will be made to the person in whose name that registered debt security (or predecessor debt security) is registered at the close of business on the regular record date for that interest.

Unless otherwise indicated in an applicable prospectus supplement, the corporate trust office of the trustee in The City of New York will be designated as a paying agent for CSX for payments with respect to debt securities of each series which are issuable solely as registered debt securities and as a paying agent for payments with respect to debt securities of each series (subject to the limitations described above in the case of bearer debt securities) which are issuable solely as bearer debt securities or as both registered debt securities and bearer debt securities. Any paying agents outside the United States and its possessions and any other paying agents in the United States or its possessions initially designated by CSX for the debt securities of each series will be named in the applicable prospectus supplement. CSX may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts, except that if debt securities of a series are issuable solely as registered debt securities, CSX will be required to maintain a paying agent in each place of payment for that series and, if debt securities of a series are issuable as bearer debt securities, CSX will be required to maintain

a paying agent in the Borough of Manhattan, The City of New York for payments with respect to any registered debt securities of the series (and for payments with respect to bearer debt securities of the series in the circumstances described above, but not otherwise), and

a paying agent in a place of payment located outside the United States and its possessions where debt securities of that series and any related coupons may be presented and surrendered for payment;

provided, however, that if the debt securities of that series are listed on The International Stock Exchange of the United Kingdom and the Republic of Ireland Limited, the Luxembourg Stock Exchange or any other stock exchange located outside the United States and its possessions and that stock exchange requires CSX to do so, CSX will maintain a paying agent in London, Luxembourg or any other required city located outside the United States and its possessions, as the case may be, for the debt securities of that series.

All moneys paid by CSX to a paying agent for the payment of the principal of and any premium or interest on any debt security of any series which remain unclaimed at the end of two years after that principal, premium or interest has become due and payable will be repaid to CSX and the holder of that debt security or any related coupon will after that time look only to CSX for payment of that principal, premium or interest.

## **Table of Contents**

### **Ranking of Debt Securities; Holding Company Structure**

The senior debt securities will be unsecured unsubordinated obligations of CSX and will rank on a parity in right of payment with all other unsecured and unsubordinated indebtedness of CSX. The subordinated debt securities will be unsecured obligations of CSX and will be subordinated in right of payment to all existing and future senior indebtedness (as defined below) of CSX. See Additional Terms of Subordinated Debt Securities Subordination.

The debt securities are obligations exclusively of CSX. CSX is a holding company, substantially all of whose consolidated assets are held by our subsidiaries. Accordingly, the cash flow of CSX and the consequent ability to service our debt, including the debt securities, are largely dependent upon the earnings of those subsidiaries.

Because CSX is a holding company, the debt securities will be effectively subordinated to all existing and future indebtedness, trade payables, guarantees, lease obligations and letter of credit obligations of CSX's subsidiaries. Therefore, CSX's rights and the rights of our creditors, including the holders of the debt securities, to participate in the assets of any subsidiary upon the latter's liquidation or reorganization will be subject to the prior claims of that subsidiary's creditors, except to the extent that CSX may itself be a creditor with recognized claims against the subsidiary, in which case the claims of CSX would still be effectively subordinate to any security interest in, or mortgages or other liens on, the assets of that subsidiary and would be subordinate to any indebtedness of that subsidiary senior to that held by CSX. Although certain debt instruments to which CSX and our subsidiaries are parties impose limitations on the incurrence of additional indebtedness, both CSX and our subsidiaries retain the ability to incur substantial additional indebtedness and lease and letter of credit obligations.

### **Global Debt Securities**

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depository identified in the prospectus supplement relating to that series. Global debt securities may be issued in either registered or bearer form and in either temporary or permanent form. Unless and until it is exchanged in whole or in part for individual certificates evidencing debt securities in definitive form, a global debt security may not be transferred except as a whole by the depository for that global debt security to a nominee of the depository or by a nominee of the depository to the depository or another nominee of the depository or by the depository or any nominee to a successor of the depository or a nominee of the successor.

The specific terms of the depository arrangement with respect to a series of global debt securities and certain limitations and restrictions relating to a series of global bearer debt securities will be described in the prospectus supplement relating to that series.

### **Redemption and Repurchase**

The debt securities of any series may be redeemable at our option, may be subject to mandatory redemption pursuant to a sinking fund or otherwise, or may be subject to repurchase by us at the option of the holders, in each case upon the terms, at the times and at the prices set forth in the applicable prospectus supplement.

### **Conversion and Exchange**

The terms, if any, on which debt securities of any series are convertible into or exchangeable for our common stock, preferred stock, depository shares or other debt securities will be set forth in the applicable prospectus supplement. Those terms may include provisions for conversion or exchange, either mandatory, at the option of the holders or at our option.

---

**Table of Contents**

**Certain Covenants and Agreements of CSX**

The indentures do not limit the amount of indebtedness or lease obligations that may be incurred by CSX and our subsidiaries. The indentures do not contain provisions that would give holders of the debt securities the right to require CSX to repurchase their debt securities in the event of a decline in the credit rating of our debt securities resulting from a takeover, recapitalization or similar restructuring.

***Covenant in the Senior Indenture Limitation on Liens on Stock of Our Principal Subsidiaries.***

The following covenant will be applicable to senior debt securities but not to subordinated debt securities. The senior indenture provides that CSX may not, nor may it permit any subsidiary to, create, assume, incur or suffer to exist any mortgage, pledge, lien, encumbrance, charge or security interest of any kind upon any stock or indebtedness, whether owned on the date of the senior indenture or acquired later, of any principal subsidiary, to secure any obligation (other than the senior debt securities) of CSX, any subsidiary or any other person, unless all of the outstanding senior debt securities (and other outstanding debt securities issued from time to time pursuant to the senior indenture) will be directly secured equally and ratably with that obligation. This provision does not restrict any other property of CSX or our subsidiaries. The senior indenture defines obligation as indebtedness for money borrowed or indebtedness evidenced by a bond, note, debenture or other evidence of indebtedness; principal subsidiary as CSXT; and subsidiary as a corporation a majority of the outstanding voting stock of which is owned, directly or indirectly, by CSX or one or more subsidiaries, or by CSX and one or more subsidiaries. The indentures do not prohibit the sale by CSX or any subsidiary of any stock or indebtedness of any subsidiary, including any principal subsidiary.

***Provision in Both Indentures Consolidation, Merger and Sale of Assets.***

The following provision will be applicable to both senior debt securities and subordinated debt securities. Each indenture provides that CSX may, without the consent of the holders of any of the outstanding debt securities of a series, consolidate with, merge into or transfer our assets substantially as an entirety to any corporation organized under the laws of any domestic or foreign jurisdiction, provided that

the successor corporation assumes, by a supplemental indenture, CSX's obligations on the debt securities of each series and under the indenture,

after giving effect to the transaction, no event of default, and no event which, after notice or lapse of time, or both, would become an event of default will have occurred and be continuing, and

CSX delivers to the relevant trustee an officer's certificate and an opinion of counsel each stating that the transaction and supplemental indenture, if any, comply with the applicable article of the indenture and that all conditions precedent in the indenture relating to the transaction have been complied with.

**Events of Default**

An event of default with respect to the debt securities of any series is defined in the relevant indenture as being a:

failure to pay principal of or any premium on any of the debt securities of that series when due;

failure to pay any interest on any debt security of that series when due, continued for 30 days;

---

**Table of Contents**

failure to deposit any sinking fund payment, when due, in respect of any debt security of that series;

failure to perform any other covenant of CSX in the relevant indenture (other than a covenant included in that indenture solely for the benefit of series of debt securities other than that series) continued for 90 days after written notice as provided in the indenture;

certain events of bankruptcy, insolvency or reorganization of CSX; or

any other event of default provided with respect to debt securities of that series.

No event of default with respect to any particular series of debt securities necessarily constitutes an event of default with respect to any other series of debt securities. Each indenture provides that the trustee may withhold notice to the holders of the debt securities of any series of the occurrence of a default with respect to the debt securities of that series (except a default in payment of principal, premium, if any, interest, if any, or sinking fund payments, if any) if the trustee considers it in the interest of the holders to do so.

Subject to the provisions of the Trust Indenture Act requiring each trustee, during an event of default under the relevant indenture, to act with the requisite standard of care, and to the provisions of the relevant indenture relating to the duties of the trustee in case an event of default occurs and is continuing, a trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of debt securities of any series or any related coupons unless those holders offer to the trustee reasonable indemnity. Subject to the provisions for the indemnification of the relevant trustee, the holders of a majority in aggregate principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the relevant trustee, or exercising any trust or power conferred on the trustee, with respect to debt securities of that series.

If an event of default with respect to debt securities of any series at the time outstanding occurs and is continuing, either the relevant trustee or the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series may declare the principal of all those outstanding debt securities to be due and payable immediately. At any time after a declaration of acceleration with respect to debt securities of any series has been made but before a judgment or decree for payment of money due has been obtained by the relevant trustee, the holders of a majority in aggregate principal amount of outstanding debt securities of that series may rescind any declaration of acceleration and its consequences, if all payments due (other than those due as a result of acceleration) have been made and all events of default have been cured or waived.

No holder of any debt securities of any series or any related coupons will have any right to institute any proceeding with respect to the relevant indenture or for any remedy under the indenture, unless that holder has previously given to the relevant trustee written notice of a continuing event of default with respect to debt securities of that series, the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have made written request, and offered reasonable indemnity, to the relevant trustee to institute the proceeding as trustee, and the trustee has not received from the holders of a majority in aggregate principal amount of the outstanding debt securities of that series a direction inconsistent with that request and has failed to institute the proceeding within 60 days. However, these limitations do not apply to a suit instituted by a holder of an outstanding debt security of that series for enforcement of payment of the principal of, or any premium or interest on, that debt security on or after the respective due dates expressed in that debt security.

CSX is required to furnish to the relevant trustee annually a statement as to performance or fulfillment of covenants, agreements or conditions in the relevant indenture and as to the absence of default.

---

**Table of Contents**

**Meetings, Modification and Waiver**

Each indenture contains provisions permitting CSX and the relevant trustee, with the consent of the holders of not less than a majority in aggregate principal amount of the outstanding debt securities of each series issued under that indenture and affected by a modification or amendment (voting as one class), to modify or amend any of the provisions of that indenture or of those debt securities or the rights of the holders of those debt securities under that indenture, provided that no modification or amendment will, without the consent of each holder of each outstanding debt security affected by that modification or amendment:

change the stated maturity of the principal of, or any installment of principal of or interest on, any debt security, or reduce the principal amount of or the rate of interest on or any premium payable upon the redemption of any debt security, or change any obligation of CSX to pay additional amounts (except as contemplated and permitted by the indenture), or reduce the amount of the principal of an original issue discount security that would be due and payable upon a declaration of acceleration of the maturity of that security or change the coin or currency in which any debt security or any premium or interest on any debt security is payable, or impair the right to institute suit for the enforcement of any payment on or after the stated maturity of any debt security (or, in the case of redemption, on or after the redemption date),

reduce the percentage in principal amount of the debt securities, the consent of the holders of which is required for any modification or amendment or the consent of whose holders is required for any waiver (of compliance with certain provisions of the indenture or certain defaults under the indenture and their consequences) or reduce the requirements for a quorum or voting at a meeting of holders of the debt securities,

change any obligation of CSX to maintain an office or agency in the places and for the purposes required by the indenture,

solely in the case of the subordinated indenture, modify any of the provisions of the subordinated indenture relating to subordination of the subordinated debt securities or the definition of senior indebtedness in a manner adverse to the holders of the subordinated debt securities, or

modify any of the above provisions (except as permitted by the indenture).

Each indenture also contains provisions permitting CSX and the relevant trustee, without the consent of the holders of the debt securities issued under the indenture, to modify or amend the indenture in order, among other things:

to add any additional events of default or add to the covenants of CSX for the benefit of the holders of all or any series of debt securities issued under the indenture;

to establish the form or terms of debt securities of any series;

to cure any ambiguity, to correct or supplement any provision in the indenture which may be inconsistent with any other provision in the indenture, or to make any other provisions with respect to matters or questions arising under the indenture which will not adversely affect the interests of the holders of any debt securities issued under the indenture in any material respect; or

to change or eliminate any of the provisions of the indenture, provided that the change or elimination will become effective only when there is no debt security outstanding of any series issued under the indenture created prior to the execution of the supplemental indenture which is entitled to the benefit of that provision.

---

**Table of Contents**

The holders of at least a majority in aggregate principal amount of the outstanding debt securities of a series may, on behalf of the holders of all the debt securities of that series, waive, insofar as that series is concerned, compliance by CSX with certain restrictive provisions of the indenture, including the covenant described above under Certain Covenants and Agreements of CSX Covenant in the Senior Indenture Limitation on Liens on Stock of Our Principal Subsidiaries. The holders of not less than a majority in aggregate principal amount of the outstanding debt securities of a series may, on behalf of all holders of debt securities of that series and any related coupons, waive any past default under the indenture with respect to debt securities of that series, except a default (a) in the payment of principal of or any premium or interest on any debt security of that series or (b) in respect of a covenant or provision of the indenture which cannot be modified or amended without the consent of the holder of each outstanding debt security of the series affected.

Each indenture provides that in determining whether the holders of the requisite principal amount of the outstanding debt securities have given any request, demand, authorization, direction, notice, consent or waiver under that indenture or are present at a meeting of holders of debt securities for quorum purposes,

- (1) the principal amount of an original issue discount debt security that will be deemed to be outstanding will be the amount of the principal that would be due and payable as of the date of the determination upon acceleration of the maturity thereof,
- (2) the principal amount of a debt security denominated in a foreign currency or currency unit will be the U.S. dollar equivalent, determined as of the date of original issuance of that debt security, of the principal amount of that debt security or, in the case of an original issue discount debt security, the U.S. dollar equivalent, determined as of the date of original issuance of that debt security, of the amount determined as provided in (1) above and
- (3) any debt security owned by CSX or any other obligor on that debt security or any affiliate of CSX or other obligor will be deemed not to be outstanding.

Each indenture contains provisions for convening meetings of the holders of debt securities of any or all series. A meeting may be called at any time by the relevant trustee, and also, upon request, by CSX or the holders of at least 10% in aggregate principal amount of the outstanding debt securities of that series, in each case upon notice given in accordance with Notices below and the provisions of the relevant indenture. Except for any consent which must be given by the holder of each outstanding debt security that would be affected as described above, any resolution presented at a meeting, or adjourned meeting duly reconvened, at which a quorum (as described below) is present may be adopted by the affirmative vote of the holders of a majority in principal amount of the outstanding debt securities of that series; provided, however, that, except for any consent which must be given by the holder of each outstanding debt security that would be affected, as described above, any resolution with respect to any consent, waiver, request, demand, notice, authorization, direction or other action which may be given by the holders of not less than a specified percentage in principal amount of the outstanding debt securities of a series may be adopted at a meeting, or an adjourned meeting duly reconvened, at which a quorum is present only by the affirmative vote of the holders of not less than the specified percentage in principal amount of the outstanding debt securities of that series.

Any resolution passed or decision taken at any meeting of holders of debt securities of any series duly held in accordance with the relevant indenture will be binding on all holders of debt securities of that series and the related coupons. The quorum required for any meeting called to adopt a resolution, and at any reconvened meeting, will be persons holding or representing a majority in principal amount of the outstanding debt securities of a series; provided, however, that if any action is to be taken at that meeting with respect to a consent, waiver, request, demand, notice, authorization, direction or other

## **Table of Contents**

action which may be given by the holders of not less than a specified percentage in principal amount of the outstanding debt securities of a series, the persons holding or representing that specified percentage in principal amount of the outstanding debt securities of the series will constitute a quorum.

## **Notices**

Except as otherwise provided in the indenture, notices to holders of bearer debt securities will be given by publication at least twice in a daily newspaper of general circulation in The City of New York and in any other city or cities as may be specified in those debt securities. Notices to holders of registered debt securities will be given by mail to the addresses of those holders as they appear in the security register.

## **Title**

Title to any bearer debt securities (including bearer debt securities in temporary global form and in permanent global form) and any related coupons will pass by delivery. CSX, the trustee and any agent of CSX or the trustee may treat the bearer of any bearer debt security and the bearer of any coupon and the registered owner of any registered debt security as the absolute owner (whether or not that debt security or coupon is overdue and notwithstanding any notice to the contrary) for the purpose of making payment and for all other purposes.

## **Replacement of Debt Securities**

Any mutilated debt security or a debt security with a mutilated coupon will be replaced by CSX at the expense of the holder upon surrender of that debt security to the relevant trustee. Debt securities or coupons that become destroyed, lost or stolen will be replaced by CSX at the expense of the holder upon delivery to the relevant trustee of evidence of the destruction, loss or theft satisfactory to CSX and the relevant trustee; in the case of any coupon which becomes destroyed, lost or stolen, that coupon will be replaced by issuance of a new debt security in exchange for the debt security to which the coupon appertains. In the case of a destroyed, lost or stolen debt security or coupon, an indemnity satisfactory to the trustee and CSX may be required at the expense of the holder of that debt security or coupon before a replacement debt security will be issued.

## **Discharge, Defeasance and Covenant Defeasance**

Upon the direction of CSX, either indenture will generally cease to be of further effect with respect to any series of debt securities issued under that indenture specified by CSX (subject to the survival of certain provisions of that indenture) when

CSX has delivered to the relevant trustee for cancellation all debt securities issued under that indenture or

all debt securities issued under that indenture not previously delivered to the relevant trustee for cancellation have become due and payable, or are by their terms to become due and payable within one year or are to be called for redemption within one year, and CSX has deposited with the relevant trustee as trust funds the entire amount sufficient to pay and discharge at stated maturity or upon redemption the entire indebtedness on all debt securities issued under that indenture

(and if, in either case, CSX has paid or caused to be paid all other sums payable under the relevant indenture with respect to the debt securities of that series by CSX and CSX has delivered an officer's certificate and an opinion of counsel each stating that the requisite conditions have been complied with).

**Table of Contents**

In addition, unless otherwise provided in an applicable prospectus supplement, CSX may elect with respect to any series of debt securities either

- (1) to defease and be discharged from any and all obligations with respect to those debt securities (except as otherwise provided in the relevant indenture) ( defeasance ) or
- (2) to be released from our obligations with respect to those debt securities described above under Certain Covenants and Agreements of CSX Covenant in the Senior Indenture Limitation on Liens on Stock of Our Principal Subsidiaries (which covenant appears only in the senior indenture) and certain other restrictive covenants in the relevant indenture and, if indicated in the applicable prospectus supplement, our obligations with respect to any other covenant applicable to the debt securities of that series ( covenant defeasance ).

If we exercise our defeasance option with respect to any series of debt securities, payment of those debt securities may not be accelerated because of an event of default. If we exercise our covenant defeasance option with respect to any series of debt securities, payment of those debt securities may not be accelerated because of an event of default related to the covenants noted under clause (2) of the immediately preceding paragraph. We may exercise our defeasance option with respect to those debt securities even though we may have previously exercised our covenant defeasance option.

If CSX effects covenant defeasance with respect to any debt securities and those debt securities are declared due and payable because of the occurrence of any event of default other than an event of default with respect to the covenant described above under Certain Covenants and Agreements of CSX Covenant in the Senior Indenture Limitation on Liens on Stock of Our Principal Subsidiaries (which covenant appears only in the senior indenture and which would no longer be applicable to those debt securities after the covenant defeasance) or with respect to any other covenant as to which there has been covenant defeasance, the amount of monies and/or government obligations deposited with the applicable trustee to effect the covenant defeasance may not be sufficient to pay amounts due on those debt securities at the time of any acceleration resulting from the event of default. However, we would remain liable to make payment of those amounts due at the time of acceleration.

We may exercise our defeasance option or our covenant defeasance option with respect to any series of debt securities, only if

- (1) CSX irrevocably deposits in trust with the trustee cash and/or U.S. government obligations for the payment of principal, premium, if any, and interest with respect to those debt securities to maturity or redemption, as the case may be, and we deliver to the relevant trustee a certificate from a nationally recognized firm of independent public accountants expressing their opinion that the payments of principal and interest when due and without reinvestment on the deposited U.S. government obligations plus any deposited money without investment will provide cash at the times and in the amounts as will be sufficient to pay the principal, premium, if any, and interest when due with respect to all those debt securities to maturity or redemption, as the case may be,
- (2) no event of default with respect to the debt securities of that series has occurred and is continuing
  - on the date of the deposit or
  - with respect to certain bankruptcy defaults, at any time during the period ending on the 123rd day after the date of the deposit,
- (3) the defeasance or covenant defeasance does not result in the trust arising from that deposit to constitute, unless it is qualified as, a regulated investment company under the Investment Company Act of 1940, as amended,

---

**Table of Contents**

- (4) the defeasance or covenant defeasance does not result in a breach or violation of, or constitute a default under, the relevant indenture or any other agreement or instrument to which we are a party or by which we are bound,
- (5) CSX delivers to the trustee an opinion of counsel to the effect that the holders of the debt securities will not recognize income, gain or loss for United States federal income tax purposes as a result of the defeasance or covenant defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the defeasance or covenant defeasance had not occurred, and
- (6) CSX delivers to the trustee an officer's certificate and an opinion of counsel, each stating that all conditions precedent to the defeasance and discharge of the debt securities as contemplated by the indenture have been complied with.

The opinion of counsel, with respect to defeasance, referred to in clause (5) above, must refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable United States federal income tax law occurring after the date of the relevant indenture.

The trustee must hold in trust cash or U.S. government obligations deposited with it as described above and must apply the deposited cash and the proceeds from deposited U.S. government obligations to the payment of principal, premium, if any, and interest with respect to the debt securities.

The applicable prospectus supplement may further describe the provisions, if any, permitting or restricting defeasance or covenant defeasance with respect to the debt securities of a particular series.

**Governing Law**

The indentures and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

**Concerning the Trustees**

The Trust Indenture Act of 1939 contains limitations on the rights of a trustee, should it become a creditor of CSX, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of those claims, as security or otherwise. Each trustee is permitted to engage in other transactions with CSX and our subsidiaries from time to time, provided that if the trustee acquires any conflicting interest it must eliminate the conflict upon the occurrence of an event of default under the relevant indenture, or else resign.

CSX and certain of our subsidiaries may from time to time maintain lines of credit, and have other customary banking and commercial relationships, with JPMorgan Chase Bank, the senior trustee and the subordinated trustee, and its affiliates. JPMorgan Chase Bank acts as trustee under the senior indenture and another indenture pursuant to which we issued our Series A Medium-Term Notes, Series B Medium-Term Notes, Series C Medium Term Notes, 7.00% Notes due 2002, 7.05% Debentures due 2002, 7.25% Debentures due 2004, 9.00% Debentures due 2006, 7.45% Debentures due 2007, 6.25% Notes due 2008, 6.75% Notes due 2011, 6.30% Notes due 2012, 7.90% Debentures due 2017, Zero Coupon Convertible Debentures due October 30, 2021, 8.625% Debentures due 2022, 8.10% Debentures due 2022, 7.95% Debentures due 2027, 6.95% Debentures due 2027, 7.25% Debentures due 2027 and 8.30% Debentures due 2032.

---

**Table of Contents**

**ADDITIONAL TERMS OF SUBORDINATED DEBT SECURITIES**

**Additional Covenants Applicable to Subordinated Debt Securities**

Under the subordinated indenture, or under one or more supplemental indentures to the subordinated indenture, we will:

maintain 100% ownership of the common securities of any trust to which subordinated debt securities have been issued while those subordinated debt securities remain outstanding; and

pay to any trust to which subordinated debt securities have been issued any taxes, duties, assessments or governmental charges of whatever nature (other than withholding taxes) imposed by the United States or any other taxing authority on that trust, so that the net amounts received and retained by that trust (after paying any taxes, duties, assessments or other governmental charges) will be not less than that trust would have received had no such taxes, duties, assessments or other governmental charges been imposed.

**Option to Extend Interest Payment Period**

If so indicated in the prospectus supplement, we can defer interest payments by extending the interest payment period for the number of consecutive extension periods specified in the applicable prospectus supplement. Other details regarding the extension period will also be specified in the applicable prospectus supplement. No extension period may extend beyond the maturity of the applicable subordinated debt securities. At the end of the extension period(s), we will pay all interest then accrued and unpaid, together with interest compounded quarterly at the rate for the applicable subordinated debt securities, to the extent permitted by applicable law.

During any extension period, we will not make distributions related to our capital stock, including dividends, redemptions, repurchases, liquidation payments, or guarantee payments. Also, we will not make any payments, redeem or repurchase any debt securities of equal or junior rank to the subordinated debt securities or make any guarantee payments on any such debt securities. We may, however, make the following types of distributions:

dividends paid in common stock;

dividends in connection with the implementation of a shareholder rights plan;

payments to a trust holding securities of the same series under a guarantee; or

repurchases, redemptions or other acquisitions of shares of our capital stock in connection with any employment contract, benefit plan or other similar arrangement with or for the benefit of employees, officers, directors or consultants.

**Subordination**

The payment of the principal of, premium, if any, and interest, if any, on the subordinated debt securities will be subordinated, to the extent and in the manner set forth in the subordinated indenture, in right of payment to the prior payment in full of all senior indebtedness which may at any time and from time to time be outstanding. Unless otherwise provided in the applicable prospectus supplement with respect to an issue of subordinated debt securities, in the event of any distribution of our assets upon any dissolution, winding up, liquidation, reorganization or other similar proceedings of CSX,

all senior indebtedness will first be paid in full, or that payment will be provided for, before any payment on account of the principal of, or premium, if any, or interest, if any, on the subordinated debt securities is made, and

---

**Table of Contents**

if any payment or distribution of our assets is received by the subordinated trustee or the holders of any of the subordinated debt securities before all senior indebtedness is paid in full, that payment or distribution will be paid over to the holders of senior indebtedness or on their behalf for application to the payment of all senior indebtedness remaining unpaid until all senior indebtedness has been paid in full or that payment provided for, after giving effect to any concurrent payment or distribution to the holders of senior indebtedness.

Subject to the payment in full of all senior indebtedness upon any distribution of our assets, the holders of the subordinated debt securities will be subrogated to the rights of the holders of the senior indebtedness to the extent of payments made to the holders of senior indebtedness out of the distributive share of the subordinated debt securities.

By reason of subordination of the subordinated debt securities, if there is any distribution of our assets upon dissolution, winding up, liquidation, reorganization or other similar proceedings of CSX,

holders of senior indebtedness will be entitled to be paid in full before payments may be made on the subordinated debt securities and the holders of subordinated debt securities will be required to pay over their share of that distribution to the holders of senior indebtedness until all senior indebtedness is paid in full, and

creditors of CSX who are neither holders of subordinated debt securities nor holders of senior indebtedness may recover less, ratably, than holders of senior indebtedness and may recover more, ratably, than the holders of the subordinated debt securities.

Furthermore, subordination may result in a reduction or elimination of payments to the holders of subordinated debt securities. The subordinated indenture provides that the subordination provisions in the subordinated indenture will not apply to any money and securities held in trust pursuant to the discharge, defeasance and covenant defeasance provisions of the subordinated indenture (see Discharge, Defeasance and Covenant Defeasance above).

The subordinated indenture also provides that no payment on account of the principal of, or premium, if any, sinking funds, if any, or interest, if any, on the subordinated debt securities will be made unless full payment of amounts then due for the principal of, premium, if any, sinking funds, if any, and interest, if any, on senior indebtedness has been made or duly provided for.

Senior indebtedness means, with respect to any series of subordinated debt securities, the principal, premium, interest and any other payment in respect of any of the following:

- (1) any liability of CSX
  - for borrowed money or under any reimbursement obligation relating to a letter of credit, or
  - evidenced by a bond, note, debenture or similar instrument, or
  - for obligations to pay the deferred purchase price of property or services, except trade accounts payable arising in the ordinary course of business, or
  - for the payment of money relating to a capitalized lease obligation, or
  - for the payment of money under any swap agreement;
- (2) any liability of others described in the preceding clause (1) that CSX has guaranteed or that is otherwise our legal liability; and
- (3) any deferral, renewal, extension or refunding of any liability of the types referred to in clauses (1) and (2) above,

---

**Table of Contents**

unless, in the instrument creating or evidencing any liability referred to in clause (1) or (2) above or any deferral, renewal, extension or refunding referred to in clause (3) above or pursuant to which the same is outstanding, it is expressly provided that the liability, deferral, renewal, extension or refunding is subordinate in right of payment to all other indebtedness of CSX or is not senior or prior in right of payment to the subordinated debt securities or ranks *pari passu* with or subordinate to the subordinated debt securities in right of payment; and *provided that* the subordinated debt securities will not constitute senior indebtedness. Swap agreements are defined as any financial agreement designed to manage our exposure to fluctuations in interest rates, currency exchange rates or commodity prices, including without limitation swap agreements, option agreements, cap agreements, floor agreements, collar agreements and forward purchase agreements.

Senior indebtedness will be entitled to the benefits of the subordination provisions in the subordinated indenture irrespective of the amendment, modification or waiver of any term of the senior indebtedness. We may not amend the subordinated indenture to change the subordination of any outstanding subordinated debt securities without the consent of each holder of senior indebtedness that the amendment would adversely affect.

If this prospectus is being delivered in connection with the offering of a series of subordinated debt securities, the accompanying prospectus supplement or the information incorporated by reference in this prospectus will set forth the approximate amount of senior indebtedness outstanding as of a recent date. The subordinated indenture does not limit the amount of senior indebtedness that we may issue.

**DESCRIPTION OF THE TRUST PREFERRED SECURITIES**

The following is a summary of the principal terms of the trust preferred securities. The form of amended trust agreement is filed as an exhibit to the registration statement of which this prospectus forms a part, or is incorporated by reference. The terms of the trust preferred securities will include those stated in the amended trust agreement and those made part of the amended trust agreement by the Trust Indenture Act.

**General**

The Trust will exist until terminated as provided in its amended trust agreement. Except under certain circumstances, CSX will be entitled to appoint, remove, or replace trustees, who will conduct the business and affairs of the Trust. The trustees of the Trust will consist of:

two employees, officers or affiliates of CSX as administrative trustees;

a financial institution unaffiliated with CSX that will act as property trustee and as indenture trustee for purposes of the Trust Indenture Act, under the terms set forth in a prospectus supplement; and

one trustee with its principal place of business or who resides in the State of Delaware and who will act under the terms set forth in a prospectus supplement.

The amended trust agreement will authorize the administrative trustees to issue, on behalf of the Trust, two classes of trust securities, trust preferred securities and trust common securities, each of which will have the terms described in this prospectus and in the applicable prospectus supplement. CSX will own all of the trust common securities. The trust common securities will rank equally in right of payment, and payments will be made on the trust common securities, proportionately with the trust preferred securities. However, if an event of default occurs and is continuing under the amended trust agreement, the rights of the holders of the trust common securities to payment of distributions and

## **Table of Contents**

payments upon liquidation, redemption and otherwise, will be subordinated to the rights of the holders of the trust preferred securities. CSX will acquire, directly or indirectly, trust common securities in a total liquidation amount of approximately 3% of the total capital of the Trust.

The proceeds from the sale of the trust preferred securities will be used by the Trust to purchase our subordinated debt securities. These subordinated debt securities will be held in trust by the property trustee for the benefit of the holders of the trust securities. CSX will guarantee the payments of distributions and payments on redemption or liquidation with respect to the trust preferred securities, but only to the extent the Trust has funds available to make those payments and has not made the payments. See Description of the Guarantee.

The assets of the Trust available for distribution to the holders of trust preferred securities will be limited to payments from us under the subordinated debt securities held by the Trust. If we fail to make a payment on the subordinated debt securities, the Trust will not have sufficient funds to make related payments, including distributions, on its trust preferred securities.

The guarantee, when taken together with our obligations under the subordinated debt securities, the subordinated indenture and the amended trust agreement, will provide a full and unconditional guarantee of amounts due on the trust preferred securities issued by the Trust.

The trust preferred securities will have the terms, including distributions, redemption, voting, liquidation rights and other preferred, deferred or other special rights or restrictions that will be described in the amended trust agreement or made part of the amended trust agreement by the Trust Indenture Act or the Delaware Business Trust Act. The terms of the trust preferred securities will mirror the terms of the subordinated debt securities held by the Trust. In other words, the distribution rate and the distribution payment dates and other payment dates for the trust preferred securities will correspond to the interest rate and interest payment dates and other payment dates on the subordinated debt securities. Holders of trust preferred securities have no preemptive or similar rights.

## **Provisions of a Particular Series**

The Trust may issue only one series of trust preferred securities. The applicable prospectus supplement will set forth the principal terms of the trust preferred securities that will be offered, including:

the name of the trust preferred securities;

the liquidation amount and number of trust preferred securities issued;

the annual distribution rate(s) or method of determining such rate(s), the payment date(s) and the record dates used to determine the holders who are to receive distributions;

the date from which distributions will be cumulative;
