STOCKHOLDERS ENTITLED TO VOTE

On May 4, 2005, the Board unanimously approved the proposed actions and recommended that such proposals be submitted for stockholder approval.

In accordance with our Amended and Restated Bylaws, the Board has fixed the close of business on May 5, 2005, as the record date for determining the stockholders entitled to notice of the above noted actions. Adoption of the proposed actions require the approval of our stockholders holding not less than a majority of our issued and outstanding common stock. ITEM 1. PROPOSAL TO AMEND OUR RESTATED CERTIFICATE OF INCORPORATION TO CHANGE OUR CORPORATE NAME TO SP HOLDING CORPORATION

PURPOSE OF THE AMENDMENT

The Board has adopted and a majority of our stockholders intend to approve an amendment to our Restated Certificate of Incorporation to change our corporate name from SPEEDCOM Wireless Corporation to SP Holding Corporation in order to better reflect our planned future operations. We have attached hereto a copy of the amendment as Attachment A.

EFFECT OF THE AMENDMENT

There will be no material change to the stockholders. The currently outstanding stock certificates evidencing shares of our common stock bearing the name "SPEEDCOM Wireless Corporation" will continue to be valid and represent shares of our common stock following the name change. You will not have to exchange your existing stock certificates for stock certificates reflecting our new corporate name. However, any stockholder desiring a new form of stock certificate may submit the existing stock certificate to our transfer agent for cancellation, and obtain a new form of certificate. The transfer agent may impose a reasonable fee for a voluntary exchange of certificates. Stockholders should not destroy any stock certificates.

ITEM 2. PROPOSAL FOR AUTHORIZATION TO EFFECT A REVERSE STOCK SPLIT OF OUR COMMON

Edgar Filing: SPEEDCOM WIRELESS CORP - Form PRE 14C

STOCK TO BE EFFECTED IN THE NEXT TWELVE MONTHS IN AN AMOUNT EQUAL TO 1-FOR-200, 1-FOR-250 OR 1-FOR-300, AS DETERMINED IN THE SOLE DISCRETION OF OUR BOARD OF DIRECTORS

PURPOSE FOR WHICH THE BOARD WOULD EFFECT THE REVERSE SPLIT

The Board has adopted and a majority of stockholders intend to approve a resolution authorizing the Board to effect a reverse stock split of our outstanding common stock to be effected in the next twelve months in an amount equal to 1-for-200, 1-for-250 or 1-for-300, as determined in the sole discretion of the

4

Board ("Reverse Split"). The Board has the discretion to elect, as it determines to be in the best interests of the Company and its stockholders, to effect the Reverse Split in the next twelve months at any one of the three exchange ratios. The Board may elect not to implement the approved Reverse Split in its sole discretion.

The Board believes that stockholder approval of the three exchange ratios (rather than a single exchange ratio) provides the Board with the flexibility to achieve the desired results of the Reverse Split. The Board would effect the Reverse Split only upon the Board's determination that the Reverse Split would be in the best interest of the Company and its stockholders at the time.

The Board believes that it may be in the best interest of the Company to reduce the number of shares we have on the public market for our common stock. Theoretically, decreasing the number of shares of common stock outstanding should not, by itself, affect the marketability of the shares, the type of investor who would be interested in acquiring them, or our reputation in the financial community. In practice, however, many investors and market makers consider low-priced stocks as unduly speculative in nature and, as a matter of policy, avoid investment and trading in such stocks. The presence of these negative perceptions may adversely affect not only the pricing of our common stock but also its trading liquidity. In addition, these perceptions may affect our ability to raise additional capital through the sale of stock or the cost of debt we may incur. The Reverse Split will also make available a substantial number of additional authorized but unissued shares of common stock which we believe will provide increased flexibility in structuring possible future financings, in taking advantage of future business opportunities such as acquisitions, and in meeting corporate needs as they arise.

To effect the Reverse Split, we would file an amendment to our Restated Certificate of Incorporation with the Secretary of State of Delaware. If the Board elects to implement the Reverse Split, the number of issued and outstanding shares of our common stock would be reduced in accordance with one of the three exchange ratios of the Reverse Split. For example, if a 1-for-200 Reverse Split was implemented, stockholders will own one share of common stock for each 200 shares of common stock now held by the stockholder. Under the recapitalization, the 137,163,983 issued and outstanding shares of our common stock will be reverse split resulting in 685,820 shares of common stock being issued and outstanding after the recapitalization, assuming a 1-for-200 ratio is deemed appropriate by the Board. The par value of our common stock would remain unchanged. The Reverse Split would become effective upon filing the amendment to our Restated Certificate of Incorporation with the Delaware Secretary of State. No further action on the part of stockholders would be required to either effect or abandon the Reverse Split. The Board reserves its right to elect not to proceed and abandon the Reverse Split if it determines, in its sole discretion, that this proposal is no longer in the best interests of the Company and its stockholders.

Edgar Filing: SPEEDCOM WIRELESS CORP - Form PRE 14C

EFFECT OF THE AMENDMENT

The immediate effect of the Reverse Split would be to reduce the number of shares of our outstanding common stock and to increase the trading price of our common stock. However, the effect of any effected Reverse Split upon the market price of our common stock cannot be predicted, and the history of reverse stock splits for companies in similar circumstances sometimes improves stock performance, but in many cases does not. There can be no assurance that the trading price of our common stock after the Reverse Split will rise in proportion to the reduction in the number of shares of our common stock outstanding as a result of the Reverse Split or remain at an increased level for any period. The trading price of our common stock may change due to a variety of other factors, including our operating results, other factors related to our business and general market conditions.

EFFECTS ON OWNERSHIP BY INDIVIDUAL STOCKHOLDERS

If we implement the Reverse Split, the number of shares of our common stock held by each stockholder would be reduced by multiplying the number of shares held immediately before the Reverse Split by the selected exchange ratio, and then rounding up to the nearest whole share. We would not pay cash to each stockholder in respect of any fractional interest in a share resulting from the Reverse Split. The

5

Reverse Split would not affect any stockholder's percentage ownership interests in the Company or proportionate voting power, except to the extent that interests in fractional shares would be rounded up to the nearest whole share.

The Reverse Split would result in some stockholders owning "odd-lots" of less than 100 shares of our common stock. Brokerage commissions and other costs of transactions in odd-lots are generally higher than the costs of transactions in "round-lots" of even multiples of 100 shares. It is possible that stockholders holding less than 100 shares of our common stock may have larger commissions charged to sell such shares and may even result in a larger commission than the value of the shares being sold.

EFFECTS ON OUTSTANDING OPTIONS AND WARRANTS

Under the terms of our outstanding options and warrants, when the Reverse Split becomes effective, the number of shares of common stock covered by each of them will be decreased and the conversion or exercise price per share will be increased in accordance with the exchange ratio deemed appropriate by the Board of the Reverse Split.

EXCHANGE OF STOCK CERTIFICATES

If the Board elects to effectuate the Reverse Split, each stockholder will be entitled to submit his or her old stock certificate (any certificate issued prior to the effective date of the Reverse Split), to our transfer agent, American Stock Transfer & Trust Company, 59 Maiden Lane, Plaza Level, New York, NY 10038, and be issued in exchange therefor, one new certificate representing one share for each 200 shares (assuming a 1-for-200 Reverse Split) reflected in the old certificates, rounded down to the nearest share.

As of the Record Date, there were approximately 1,600 holders of record of our common stock.

On or after the effective date of the Reverse Split, our transfer agent

Edgar Filing: SPEEDCOM WIRELESS CORP - Form PRE 14C

will mail a letter of transmittal to each stockholder. Each stockholder will be able to obtain a certificate evidencing its post-reverse split shares by sending the transfer agent its old stock certificate(s), together with the properly executed and completed letter of transmittal and such evidence of ownership of the shares as we may require. Stockholders will not receive certificates for post-reverse-split shares unless and until their old certificates are surrendered. Stockholders should not forward their certificates to the transfer agent until they receive the letter of transmittal, and they should only send in their certificates with the letter of transmittal. The transfer agent will send each stockholder's new stock certificate promptly after receipt of that stockholder's properly completed letter of transmittal and old stock certificate(s).

Stockholders will not have to pay any service charges in connection with the exchange of their certificates.

CERTAIN TAX CONSEQUENCES

The following discussion summarizes certain United States federal income tax consequences to the Company and our stockholders of the Reverse Split pursuant to this proposal. This summary does not purport to be complete. It does not address all of the United States federal income tax considerations, including considerations that may be relevant to our stockholders in light of their individual circumstances or to our stockholders that are subject to special rules, such as financial institutions, tax-exempt organizations, insurance companies, dealers in securities, traders who mark to market, non-U.S. stockholders, stockholders who hold shares of our common stock as part of a straddle, hedge, or conversion transaction, stockholders who acquired their shares of common stock pursuant to the exercise of employee stock options or otherwise as compensation, stockholders who are subject to the federal alternative minimum tax, and stockholders not holding their shares of common stock as a capital asset. This discussion also does not address any non-income tax consequences or any state, local or non-U.S. tax consequences.

No rulings from the Internal Revenue Service or opinions of counsel have been or will be requested with respect to any of the matters discussed herein and, as a result, there can be no assurance that

6

the Internal Revenue Service will not disagree with or challenge any of the conclusions described below. The discussion below is based upon the provisions of the Internal Revenue Code, the Treasury Regulations promulgated thereunder, judicial decisions and administrative rulings currently in effect, all of which are subject to change, possibly on a retroactive basis. The summary does not address the tax consequences of any transaction other than the Reverse Split.

EACH STOCKHOLDER SHOULD CONSULT HIS, HER OR ITS TAX ADVISOR WITH RESPECT TO THE FEDERAL, STATE AND LOCAL TAX CONSEQUENCES OF THE REVERSE SPLIT.

- o General. Under Section 354 of the Code, a stockholder who exchanges stock or securities of a corporation solely for stock or securities of the same corporation, in a transaction that constitutes a "recapitalization" within the meaning of Section 368(a)(1)(E) of the Code, generally will not recognize gain or loss on the exchange. We believe that the Reverse Split pursuant to this proposal will constitute a "recapitalization" within the meaning of Section 368(a)(1)(E) of the Code. The remainder of this discussion assumes that the conversion will be treated as a "recapitalization" within the meaning of Section 368(a)(1)(E) of the Code.
- o Tax basis of our common stock. The aggregate tax basis of our common stock

Edgar Filing: SPEEDCOM WIRELESS CORP - Form PRE 14C

received by our stockholders in exchange for their common stock will be the same as the aggregate tax basis of the shares of common stock surrendered in connection with the Reverse Split pursuant to this proposal.

- o Holding period of our common stock. The holding period of our common stock received by our stockholders in exchange for their shares of common stock in connection with the Reverse Split pursuant to this proposal will include the holding period of the shares of common stock surrendered in exchange therefor.
- o Information Reporting. Stockholders who receive shares of our common stock in connection with the Reverse Split pursuant to this proposal will be required to attach a statement to their tax returns for the year in which the conversion occurs that contains the information listed in Treasury Regulations Section 1.368-3(b). Such statement must include the holder's tax basis in that holder's shares of common stock surrendered in connection with the Reverse Split.
- o Tax Consequences to the Company. We will recognize neither gain nor loss by reason of the Reverse Split pursuant to this proposal.

ITEM 3. PROPOSAL TO AMEND OUR RESTATED CERTIFICATE OF INCORPORATION TO ALLOW FOR ACTION OF STOCKHOLDERS BY WRITTEN CONSENT

PURPOSE OF THE AMENDMENT

The Board has adopted and a majority of our stockholders intend to approve an amendment to our Restated Certificate of Incorporation to allow actions to be taken by the stockholders by written consent in lieu of calling a meeting of the stockholders.

EFFECT OF THE AMENDMENT

Section 228 of the Delaware General Corporation Law permits stockholders to act by written consent. The Board believes this amendment is in the best interest of the Company because it will reduce the time and expense associated with proxy solicitations. The Company will continue to be subject to the reporting obligations of the Securities Exchange Act of 1934, including distribution of an information statement in instances where a full proxy solicitation is not required.

7

ITEM 4. PROPOSAL TO AMEND OUR RESTATED CERTIFICATE OF INCORPORATION TO DECLASSIFY THE BOARD

PURPOSE OF THE AMENDMENT

The Board has adopted and a majority of our stockholders intend to approve an amendment to our Restated Certificate of Incorporation to declassify the Board so that all directors are elected annually. Currently, our Restated Certificate of Incorporation provides for a classified or staggered board of directors. The directors are divided into three classes, with only one class of directors elected by stockholders at each annual meeting to serve for a three-year term. A stockholder vote will be required to amend our Restated Certificate of Incorporation to declassify the Board.

We believe that the classified board structure is not in the best interests of stockholders because it reduces the accountability of the Board

Edgar Filing: SPEEDCOM WIRELESS CORP - Form PRE 14C

and, in our view, is an unnecessary takeover defense. Our stockholders deserve the opportunity to vote on the election of each director annually, not just once every three years.

Proponents of classified boards argue that they increase continuity and stability in a board's composition and in the policies formulated by the board. They also believe a classified board discourages hostile takeover tactics by making it difficult for potential acquirers to obtain control of a company's board quickly through a proxy contest. We believe that a classified board falsely creates the image of continuity and stability by limiting the stockholders' right to change the full board when they deem it necessary. With a declassified board, we believe that only the Board's sound business judgment and a strong and successful track record can truly promote continuity and stability. While declassifying the Board might enable a party to potentially acquire control of the Board through a single election of directors, we believe that any concerns arising therefrom are outweighed by the benefits gained from electing all directors to the Board annually. Since the Board has the responsibility, among other things, of overseeing management of the Company, it is important that the stockholders have the ability effectively to participate in the selection of directors by registering annually their approval or disapproval of the job that the directors are doing.

EFFECT OF THE AMENDMENT

As a result of the amendment to our Restated Certificate of Incorporation, all directors will be elected annually at the annual meeting of stockholders to hold office until the next annual meeting.
