PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

May 15, 2002

This Proxy Statement contains information about the Annual Meeting of Stockholders of Lifeline Systems, Inc. (the "Company"). The Annual Meeting is scheduled to be held at 10:00 A.M. local time on Wednesday, May 15, 2002 (the "Annual Meeting") at the offices of Hale and Dorr LLP, 60 State Street, Boston, Massachusetts.

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of the Company for use at the Annual Meeting, and at any adjournment or adjournments of the Annual Meeting. All proxies will be voted in accordance with the instructions contained therein, and if no instruction is specified, the proxies will be voted in favor of proposals 1 and 2 set forth in the Notice of Meeting.

Any proxy may be revoked by a stockholder at any time before it is exercised by giving written notice to that effect to the Chief Financial Officer of the Company, by the submission of another signed proxy bearing a later date or by the stockholder's personal attendance at the meeting and voting by ballot. This Proxy Statement is being mailed to all holders of the Company's common stock on or about April 12, 2002.

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

What is the purpose of the Annual Meeting?

At the Annual Meeting, stockholders will consider and vote on the following matters:

1. The election of two Class I Directors, each to hold office until the Annual Meeting of Stockholders in 2005 and until his successor is elected and qualified.
2. The ratification of the selection by the Company's directors of PricewaterhouseCoopers LLP as the Company's independent accountants for the 2002 fiscal year.

The stockholders will also act on any other business that may properly come before the Annual Meeting.

Who can vote?

To be able to vote, you must have been a stockholder of record at the close of business on April 5, 2002. This date is the record date for the Annual Meeting.

On April 5, 2002, there were 6,407,576 shares of common stock, \$0.02 par

Edgar Filing: LIFELINE SYSTEMS INC - Form DEF 14A

value per share, of the Company (the "Common Stock") issued, outstanding and entitled to vote at the Annual Meeting.

How many votes do I have?

Each share of Common Stock that you own on the record date entitles you to one vote on each matter that is proposed.

How can I vote?

You can vote in one of two ways:

You may vote by mail. You may vote by completing and signing the proxy card that accompanies this proxy statement and promptly mailing it in the enclosed envelope. You do not need to put a stamp on the enclosed envelope if you mail it in the United States.

You may vote in person. If you attend the meeting, you may vote by delivering your completed proxy card in person or you may vote by completing a ballot. Ballots will be available at the Annual Meeting.

Can I vote if my shares are held in "street name?"

If the shares you own are held in "street name" by a bank or brokerage firm, your bank or brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. In order to vote your shares you will need to follow the directions your bank or brokerage firm provides to you. If you do not give instructions to your bank or brokerage firm, it will still be able to vote your shares with respect to certain "discretionary" items, but will not be allowed to vote your shares with respect to certain "non-discretionary" items. In the case of non-discretionary items, the shares will be treated as "broker non-votes."

If your shares are held in street name and you wish to attend the Annual Meeting on May 15, 2002, you must bring an account statement or letter from your brokerage firm or bank showing that you are the beneficial owner of the shares. To be able to vote your shares held in street name at the Annual Meeting, you will need to obtain a proxy card from your brokerage firm or bank.

Can I change my vote after I mail my proxy card?

Yes. You can change your vote and revoke your proxy at any time before the polls close at the Annual Meeting by doing any one of the following:

- . signing another proxy with a later date;
- . giving the Chief Financial Officer of the Company a written notice before or at the Annual Meeting that you want to revoke your proxy; or
- . voting in person at the meeting.

Your attendance at the Annual Meeting alone will not revoke your proxy.

What constitutes a quorum?

In order for business to be conducted at the Annual Meeting, a quorum must be present. A quorum consists of the holders of a majority of the shares of Common Stock issued, outstanding and entitled to vote at the Annual Meeting, or at least 3,203,789 shares.

Edgar Filing: LIFELINE SYSTEMS INC - Form DEF 14A

Shares of Common Stock represented in person or by proxy (including "broker non-votes" and shares that abstain or do not vote with respect to one or more of the matters to be voted upon) will be counted for the purpose of determining whether a quorum exists. "Broker non-votes" are shares that are held in "street name" by a bank or brokerage firm that indicates on its proxy that it does not have discretionary authority to vote on a particular matter.

If a quorum is not present, the meeting will be adjourned until a quorum is obtained.

What vote is required for each item?

Election of Directors. The affirmative vote of the holders of a plurality of the votes cast by the stockholders entitled to vote at the Annual Meeting is required for the election of directors.

2

Ratification of Accountants. The affirmative vote of the holders of a majority of the shares of Common Stock present or represented and voting on the matter is required for the ratification of the approval of the selection of PricewaterhouseCoopers LLP as the Company's independent accountants for the current fiscal year ending December 31, 2002.

How will votes be counted?

The shares you own will be voted according to the instructions on the proxy card you mail. If you mail the proxy card, but do not give any instructions on a particular matter described in this proxy statement, the shares you own will be voted in favor of proposals 1 and 2 as set forth in the Notice of Meeting.

If you abstain from voting on a particular matter or your shares are "broker non-votes" your shares will not be voted in favor of any particular matter described in this proxy statement and will also not be counted as votes cast or shares voting on such matter. As a result, abstentions and broker non-votes will have no effect on the outcome of voting at the Annual Meeting.

Who will count the votes?

The votes will be counted, tabulated and certified by the Company's transfer agent, Registrar and Transfer Company.

How does the Board of Directors recommend that I vote on the proposals?

Your Board of Directors recommends that you vote:

FOR the election of two Class I Directors each to hold office until the Annual Meeting of Stockholders in 2005 and until his successor is elected and qualified.

FOR the ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent accountants for the fiscal year ending December 31, 2002.

Will any other business be conducted at the Annual Meeting or will other matters be voted upon?

The Board of Directors does not know of any other matters that may come before the meeting. Under the Company's by-laws, the deadline for stockholders to notify the Company of any proposals or nominations for director to be presented for action at the Annual Meeting has passed. If any other matter

Edgar Filing: LIFELINE SYSTEMS INC - Form DEF 14A

properly comes before the stockholders for a vote at the Annual Meeting, the persons named in the proxy that accompanies this proxy statement will exercise their judgment in deciding how to vote, or otherwise act, at the Annual Meeting with respect to that matter or proposal.

Where can I find the voting results?

The Company will report the voting results in its quarterly report on Form 10-Q for the second quarter of fiscal 2002, which the Company expects to file with the Securities and Exchange Commission, commonly referred to as the SEC, on or before August 14, 2002.

How can I obtain an annual report on Form 10-K?

A copy of the Company's annual report on Form 10-K for the fiscal year ended December 31, 2001 is included with this proxy statement.

3

The Company will, upon written request of any stockholder, provide without charge an additional copy of its annual report on Form 10-K, including financial statements and financial statement schedules, as filed with the Securities and Exchange Commission. Actual gains, if any, on stock option exercises will depend on the future performance of the Common Stock and the date on which the options are exercised.

(2) Exercisable in installments beginning 12 months after the date of grant,

with one-third of the shares covered thereby becoming exercisable at that time and an additional one-third of the shares covered thereby becoming exercisable on each of the next two anniversary dates. Under the terms of the Company's 2000 Stock Incentive Plan, the Stock Option Plans Committee retains discretion, subject to limits set forth in the plan, to modify the terms of outstanding options. The options were granted for a term of ten years, subject to earlier termination in certain events related to termination of employment.

Other Arrangements

Feinstein Employment Agreement

Pursuant to the terms of an employment agreement, as amended, effective as of August 27, 1992, Ronald Feinstein became the Executive Vice President and Chief Operating Officer of the Company on October 1, 1992, and the President and Chief Executive Officer on January 1, 1993. Mr. Feinstein receives a base salary of not less than \$200,000 annually.

Pursuant to the terms of Mr. Feinstein's employment agreement, Mr. Feinstein is eligible to receive a bonus equal to 50% of his base salary if the Company achieves the annual profit performance plan goals adopted by the Board of Directors and greater than 50% of his base salary if the Company exceeds such goals. Effective 2002, the Board of Directors increased this bonus to 60% of Mr. Feinstein's base salary for achieving such goals and greater than 60% of his base salary if the Company exceeds them. Pursuant to his employment agreement, Mr. Feinstein will continue to serve as a member of the Board of Directors during the period of his employment.

Edgar Filing: LIFELINE SYSTEMS INC - Form DEF 14A

Pursuant to his employment agreement, on August 27, 1992, Mr. Feinstein also received a nonstatutory stock option to purchase up to 150,000 shares of Common Stock at an exercise price of \$3.00 per share (which represented the fair market value on the date of grant), vesting one-fifth on the date of grant and one-fifth on each of the next four anniversary dates. The original expiration date of this stock option was the fifth anniversary of the date of grant. On December 6, 1995, the Stock Option Plans Committee extended the exercise period of the option for an additional five years, so that the option would have expired on August 27, 2002. Mr. Feinstein exercised his remaining options under this grant on October 31, 2001.

Pursuant to his employment agreement, Mr. Feinstein was also granted a stock option to purchase up to 100,000 shares of Common Stock at \$3.00 per share (which represented the fair market value on the date of grant), subject to a vesting schedule that originally provided for vesting in three equal annual installments commencing April 15 in the year following the achievement of certain financial goals. On September 27, 1995, the Stock Option Plans Committee amended this option to provide for vesting on the earlier of the six-year anniversary of the date of grant or in three equal annual installments commencing April 15 in the year following the achievement of certain financial goals. On June 14, 1996, Mr. Feinstein's employment agreement was

12

amended to provide for full vesting of this option in any event on August 27, 1998. The original expiration date of this option was six years from the date of grant, but on June 14, 1996 the Compensation Committee extended the exercise period of the option to seven years from the date of grant, so that the option would expire on August 27, 1999. Mr. Feinstein exercised this option on August 23, 1999. See "Loans to Related Parties."

Upon termination by the Company of his employment as Chief Executive Officer and his membership on the Board of Directors, other than for cause, Mr. Feinstein will continue to receive his salary for 12 months. In the event of a change in control of the Company following which Mr. Feinstein no longer serves as the Chief Executive Officer of the Company within the Boston, Massachusetts metropolitan area or as a director of the Company, Mr. Feinstein may terminate the employment agreement and be paid three times his salary and bonus for the preceding fiscal year (subject to downward adjustment for any excess parachute payment as defined in Section 280G of the Internal Revenue Code of 1986, as amended).

Wechsler Employment Agreement

Pursuant to the terms of an employment agreement, effective as of January 1, 2000, between Leonard E. Wechsler and Lifeline Systems Canada, Inc., a subsidiary of the Company ("Lifeline Canada"), Mr. Wechsler became the President of Lifeline Canada. Pursuant to the terms of Mr. Wechsler's employment agreement, Mr. Wechsler is eligible to receive an annual performance bonus in accordance with the terms set forth in his employment agreement. In addition, Mr. Wechsler is eligible to receive a strategic bonus each year based on his achievement of objectives set by the Chief Executive Officer of the Company and Mr. Wechsler at the beginning of the year. Mr. Wechsler is also eligible to receive a long-term performance bonus based on three-year revenue and income goals covering the term of the agreement. Mr. Wechsler's employment agreement expires on December 31, 2002. Mr. Wechsler's agreement contains change of control provisions that provides for a certain lump sum payment to him if within two years of a change of control of Lifeline Canada Mr. Wechsler's employment is terminated without cause by Lifeline Canada or its successor or Mr. Wechsler terminates his employment for certain reasons. These

Edgar Filing: LIFELINE SYSTEMS INC - Form DEF 14A

change of control provisions survive the expiration of the agreement so long as Mr. Wechsler is employed by Lifeline Canada.

Change of Control Agreements

Each of the Company's executive officers, other than Mr. Feinstein and Mr. Wechsler, has entered into an agreement with the Company which provides that, if within 12 months of a change of control of the Company, such officer's employment is terminated without cause or the officer terminates his or her employment with the Company due to a significant change in responsibilities or condition of employment, then such officer would be entitled to receive a payment equal to one year's base salary then being paid to him or her.

Loans to Related Parties

In August 1999, the Company loaned \$300,000 to Mr. Feinstein pursuant to a secured promissory note (the "Feinstein Note") for the exercise of a stock option which was to expire. The Feinstein Note, which bears interest at a rate of 6.77% per annum, payable annually in arrears, is due August 23, 2004 and is secured by a pledge of 16,552 shares of Common Stock of the Company. Mr. Feinstein had been granted the right to put 70,459 shares (representing the net number of shares issued to Mr. Feinstein with the proceeds of the loan, after withholding for taxes) back to the Company at a price equal to \$16.3125 per share at any time during the 18-month period following April 30, 2001. In order to eliminate any potential compensation expense exposure to the Company as a result of this put right, Mr. Feinstein sold all shares covered by this agreement in the open market as of March 2002, thereby eliminating any right of Mr. Feinstein to put shares back to the Company. As of January 31, 2002, \$300,000 was outstanding on the Feinstein Note.

13

In April 2000, the Company loaned \$250,000 to Mr. Feinstein pursuant to a secured promissory note (the "2000 Note"). The 2000 Note, which bears interest at a rate of 6.94% payable annually in arrears, is due April 5, 2005 and is secured by a pledge of 25,641 shares of Common Stock of the Company. As of January 31, 2002, \$250,000 was outstanding on the 2000 Note.

Pursuant to the terms of a special bonus arrangement between Mr. Feinstein and the Company, until the Feinstein Note and the 2000 Note are paid in full, the Company has agreed to pay Mr. Feinstein a bonus equal to the lesser of (x) the annual interest due on the Feinstein Note and the Note and (y) 1.0% of the Company's pre-tax profit ("Base Income") (a) in the first year that the Company achieves a specified level of Base Income and (b) in subsequent years, provided that the Company achieves certain percent increases in Base Income from the previous year.

REPORT OF THE COMPENSATION COMMITTEE

Overview and Philosophy

The Compensation Committee of the Board of Directors (the "Committee") is composed of the three undersigned non-employee directors and is responsible for the development and administration of the Company's executive compensation policies and programs, subject to the review and approval of the entire Board. The Committee reviews and recommends to the Board for its approval the salaries and incentive compensation of the executive officers of the Company. The Company also has a Stock Option Plans Committee, which grants stock options to executives and other key employees of the Company and otherwise administers the Company's stock option plans.

The objectives of the Company's executive compensation program are as follows:

- . support the achievement of strategic goals and objectives of the Company,
- . attract and retain key executives critical to the long-term success of the Company, and
- . align the executive officers' interests with the success of the Company.

Compensation Program

The Company's executive compensation program consists of three principal elements: base salary, annual incentive compensation in the form of cash or stock options and long-term incentive compensation in the form of stock options. Generally, the Company's objective is to pay base compensation which is comparable to the fiftieth percentile total compensation package offered to officers in similar positions at comparable companies, and to pay total compensation, including annual bonuses and long-term incentives such as stock options, comparable to the seventy-fifth percentile total compensation package offered to officers in similar positions at comparable companies.

The Company's annual bonus plan is designed to create incentives for meeting pre-tax profit goals. The Committee establishes a target bonus amount, which would be paid out in full in the event that the Company achieves an established pre-tax profit level, and which would be paid out to a lesser or greater extent in the event that the goals are not met or are surpassed. No annual bonus is paid if the Company's pre-tax profit falls below a minimum level established by the Committee. Officers are able to elect to receive stock options in lieu of a

Edgar Filing: LIFELINE SYSTEMS INC - Form DEF 14A

cash bonus. The number of such options is determined by a formula based on the cash bonus each officer would have received, a Black-Scholes option valuation model as of the grant date, and consideration of the risk associated with trading stock options for cash.

Long-term incentives for executive officers and key managers are provided through stock options. The objectives of this program are to align executive and stockholder long-term interest by creating a strong and direct link between executive compensation and stockholder return.

Stock options are granted at an option price equal to the fair market value of the Company's Common Stock on the date of grant and will only have value if the Company's stock price increases. In selecting executives eligible to receive option grants and determining the amount of such grants (other than options granted in lieu of cash under the annual bonus plan), the Committee evaluates a variety of factors, including (i) the job level of the executive, (ii) option grants awarded by competitors to executives at a comparable job level, and (iii) past, current and prospective service to the Company rendered, or to be rendered, by the executive. During 2001, the Committee granted non-qualified options which vest in three equal installments commencing on the first anniversary date of the grant.

15

Chief Executive Officer's 2001 Compensation

As of March 1, 2001, the Company's President and Chief Executive Officer, Mr. Ronald Feinstein, received a base salary of \$300,000. For the year ended December 31, 2001, Mr. Feinstein also received options to purchase 40,000 shares which become exercisable in installments beginning 12 months after the date of grant, with one-third becoming exercisable at that time and an additional one-third becoming exercisable on each successive anniversary date. Mr. Feinstein's salary is reviewed each year by the Compensation Committee, and was adjusted by the Compensation Committee to \$315,000 effective March 1, 2002, based on the Company's performance in 2001, a review of salary data for chief executive officers of comparable companies, at both the fiftieth and seventy-fifth percentile, and Mr. Feinstein's performance and the scope of his responsibilities. In addition, effective in 2002, the Compensation Committee increased the bonus Mr. Feinstein is eligible to receive to 60% of Mr. Feinstein's base salary if the Company achieves the annual profit performance plan goals adopted by the Board of Directors and greater than 60% of his base salary if the Company exceeds such goals. Mr. Feinstein is generally compensated on the same basis as the other executive officers of the Company, including a combination of base salary, bonus plan payments and stock options.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to the corporation's Chief Executive Officer and four other most highly compensated executive officers. The Company does not believe that Section 162(m) will generally have an effect on the Company, because of the current and expected compensation levels of its officers. However, the Committee intends to periodically review the potential consequences of Section 162(m) and may structure the performance-based portion of its executive officer compensation (including its stock plans) to comply with certain exemptions provided in Section 162(m). To meet the requirements of Section 162(m), the Board has established the Stock Option Plans Committee to administer all of the Company's stock option plans.

No member of the Compensation Committee was at any time during the fiscal year ended December 31, 2001, an officer or employee of the Company nor has any member of the Compensation Committee had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K under the Securities Exchange Act of 1934.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Company's Board of Directors is composed of the three undersigned members and acts under a written charter first adopted and approved in June 2000. The members of the Audit Committee are independent directors, as defined by its charter and the rules of the Nasdaq Stock Market.

The Audit Committee reviewed the Company's audited financial statements for the fiscal year ended December 31, 2001 and discussed these financial statements with management. Management is responsible for the Company's internal controls and the financial reporting process. The Company's independent accountants are responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted accounting principles and issuing a report on those financial statements. The Audit Committee is responsible for monitoring and overseeing these processes. As appropriate, the Audit Committee reviews and evaluates, and discusses with management, internal accounting, financial and auditing personnel and the independent accountants, the following:

- . the plan for, and the independent accountants' report on, each audit of the Company's financial statements,
- . the Company's financial disclosure documents, including all financial statements and reports filed with the Securities and Exchange Commission or sent to the Company's stockholders,
- . changes in the Company's accounting practices, principles, controls or methodologies,
- . significant developments or changes in accounting rules applicable to the Company, and
- . the adequacy of the Company's internal controls and accounting, financial and auditing personnel.

The Audit Committee also reviewed and discussed the audited financial

Edgar Filing: LIFELINE SYSTEMS INC - Form DEF 14A

statements and the matters required by Statement on Auditing Standards 61 (Communication with Audit Committees) with PricewaterhouseCoopers LLP, the Company's independent accountants. SAS 61 requires the Company's independent accountants to discuss with the Audit Committee, among other things, the following:

- . methods to account for significant unusual transactions,
- . the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus,
- . the process used by management in formulating particularly sensitive accounting estimates and the basis for the accountants' conclusions regarding the reasonableness of those estimates, and
- . disagreements with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

17

The Company's independent accountants also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). Independence Standards Board Standard No. 1 requires accountants annually to disclose in writing all relationships that in the accountants' professional opinion may reasonably be thought to bear on independence, confirm their perceived independence and engage in a discussion of independence. In addition, the Audit Committee discussed with the independent accountants their independence from the Company.

Based on its discussions with management and the independent accountants, and its review of the representations and information provided by management and the independent accountants, the Audit Committee recommended to the Company's Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2001.
