February 14, 2002

Dear Fellow Shareholder:

Over the past eighteen months, your Board of Directors and investment manager have executed a number of initiatives intended to maximize the investment performance of the Fund and return value to shareholders. We believe that these efforts have begun to pay off, including those since October 2000 when the Fund's diversification and concentration policies were changed. Consider the following results, expressed in U.S. dollars and assuming reinvestment of distributions:

- o Since May 2000, the discount between the Fund's market price and its net asset value (NAV) has narrowed significantly from 33% to around 12%.
- o In 2001, the market price of each share increased 32.45%.
- o In 2001, the price of the Fund's stock outperformed the Fund's benchmark by 17.91%.

At this year's annual meeting on March 7, you have the opportunity to make a significant impact on your investment. The Fund is proposing additional initiatives intended to maximize shareholder value and further align the interests of the investment manager with those of the shareholders. The Fund is asking for your approval to:

- o Modify the Fund's investment advisory and management agreement to incorporate a performance fee component that will better align the interest of the Fund's investment adviser (Impulsora del Fondo Mexico, S.A. de C.V.) with those of the fund's shareholders (Proposal 2)
- o Adopt a share repurchase policy that would require the Fund to periodically offer to repurchase at least 5% of its shares on an annual

basis in-kind at no less than 98% of net asset value (NAV) (Proposal 3)

Your Board of Directors unanimously recommends you vote the WHITE Proxy Card FOR Proposals 1, 2 & 3 and AGAINST Proposal 4.

Despite the performance of your Fund and the continued efforts of your Board and investment adviser to increase shareholder value, your Fund faces a serious threat from a relatively new shareholder, Laxey Partners Ltd.

Laxey Partners Ltd. is based in the Isle of Man. Through tax haven entities in the Cayman Islands, the British Virgin Islands and with other unidentified third parties, Laxey claims to be a shareholder of 5.6% of the Fund's shares. We believe the Laxey entities concentrate on arbitrage led investments, with an emphasis on exploiting closed end funds, like your Fund. We believe Laxey Partners is a short-term investor who has no regard for all shareholders of The Mexico Fund.

Your Board of Directors recommends you discard any gold proxy card sent to you from Laxey.

PROTECT YOUR INVESTMENT! DON'T BE MISLED!

Laxey Partners Ltd. is seeking to replace two of your Board's directors with two of its own nominees who are paid consultants to Laxey. They are also seeking approval of a proposal to terminate the investment management agreement between the Fund and its investment adviser.

We believe Laxey's proposals will be harmful to the Fund and, if implemented, will disrupt important initiatives presently being pursued by your Board.

Laxey is seeking shareholder approval to terminate the agreement between the Fund and its investment adviser within 60 days of a shareholder vote. We believe that this is an ill-advised tactic that could put the Fund in a precarious position of having no adviser, incurring additional expenses for shareholders and potentially disrupting the course of initiatives which have already had positive effects on the Fund's performance and discount.

We believe it is naive for Laxey to think that the Fund could easily engage a new investment manager willing and able to manage your Fund within 60 days. Also, any new adviser would likely require a higher management fee, putting a greater burden on the Fund's low expense structure and on the shareholders.

Terminating the investment management agreement could hinder, rather than accelerate, the implementation of the repurchase policy, once SEC approval of the interval structure is received, as it would require the new manager to become intimate with the complexities of operating the in-kind repurchase policy.

Furthermore, should the investment manager be replaced, there could be a time during the transition when performance could suffer while the new manager became familiar with the Mexican securities markets. Additionally, it is your Board and not the adviser who makes the fundamental decisions regarding your Fund's structure. The adviser fully concurs and supports your Board regarding the proposed interval structure.

Laxey has no plan!

Laxey offers no specific steps to achieve what your Board believes is an ill-advised scheme. Instead of a plan, Laxey wants shareholders to replace your Board's experienced directors and terminate the agreement between the Fund and its investment adviser. All this so that the new directors and adviser can then start the process to "...explore methods to offer Stockholders at least 98% of NAV..."

While Laxey would have the Fund start exploring alternatives, your Board and investment adviser have already taken action.

Unlike Laxey, your Board has evaluated every option, and concluded that the in-kind share repurchase is the best vehicle to allow shareholders to redeem their shares in an orderly fashion (proposal 3 on the enclosed WHITE proxy card). The in-kind policy was designed, in part, to provide shareholders with additional liquidity for their Fund shares and possibly to reduce the discount to NAV at which shares of the Fund have historically traded.

Your Board of Directors unanimously recommends you  
vote the WHITE Proxy Card  
FOR Proposals 1, 2 & 3 and AGAINST Proposal 4.

As mentioned earlier, Laxey Partners Ltd. is seeking to replace two of your Board's directors (including Juan Gallardo, the Chairman of your Board) with two of its own nominees who are paid consultants to Laxey. We urge you to look closely at the Laxey nominees and ask yourself whose interests they will represent - all shareholders or the ones paying them a fee?

Laxey's proposed directors have NO EXPERIENCE with closed-end funds and do not appear to have any experience or knowledge relating to the U.S. and Mexican securities markets. Furthermore, they entered into consulting agreements signed with Laxey's Value Catalyst Fund on December 20, 2001, one day before Laxey notified the Fund that it intended to submit its shareholder proposal.

How can they be expected to act independently and in the best interests of ALL shareholders when they have no common economic interest with fund shareholders and are paid consultants of Laxey's?

Your Board of Directors recommends you  
discard any gold proxy card sent to you from Laxey.

PROTECT YOUR INVESTMENT! DON'T BE MISLED!

This is a critical time in your Fund's history. We have taken significant steps to reduce the discount, more completely align the interests of our investment adviser with those of our fellow shareholders, and enhance performance through a new non-diversified structure.

We urge you to support your Board and not allow the Laxey Group, with its ill-conceived, self-serving platform, to disrupt the new initiatives introduced by your Fund's Board and your investment adviser. We urge you to sign and return the enclosed WHITE proxy card today.

Sincerely,

Your Board of Directors
