We will disclose information about the debt securities in this prospectus and prospectus supplements. The term prospectus supplement as used in this prospectus includes any pricing supplements relating to particular offerings of debt securities. The relevant prospectus supplements will provide the financial and other specific terms of any particular offering of debt securities, many of which are determined at the time of pricing. CAUTIONARY STATEMENT REGARDING FORWARD LOOKING STATEMENTS

This prospectus and the documents incorporated by reference in this prospectus contain statements that constitute forward looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934.

These statements relate to future events or our future financial performance, which involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to be materially different from those expressed or implied by any forward looking statements. In some cases, you can identify forward looking statements by terminology such as expect, anticipate, estimate, intend, may, will, could, would, should, predict, potential, plan, believe or the negative of these terms or similar terminology.

These statements are only predictions. Actual events or results may differ materially because of factors that affect international businesses and global economic conditions, as well as matters specific to us and the markets we serve, including the uncertain economic environment in different countries and its effect on consumer spending habits, increased competition and evolving competitive practices, currency rate fluctuations, exchange controls, changes in foreign or domestic laws or regulations or their interpretation, political and fiscal developments, the availability and cost of raw and packaging materials, our ability to maintain or increase selling prices as needed, changes in the policies of retail trade customers and our ability to continue lowering costs. Moreover, we do not, nor does any other person, assume responsibility for the accuracy and completeness of those statements. All of the forward-looking statements are qualified in their entirety by reference to the factors discussed under the captions Risk Factors and Management's Discussion and Analysis of Financial Condition and Results of Operations in our annual report on Form 10-K for the fiscal year ended December 31, 2010 (incorporated by reference in this prospectus) and similar sections in our subsequent filings that we incorporate by reference in this prospectus, which describe risks and factors that could cause results to differ materially from those projected in the forward-looking statements.

Those risk factors may not be exhaustive. We operate in a continually changing business environment, and new risk factors emerge from time to time. We cannot predict these new risk factors, nor can we assess the impact, if any, of these new risk factors on our businesses or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those projected in any forward-looking statements. Given these uncertainties, we caution investors not to unduly rely on forward-looking statements in making an investment decision. We are under no obligation to (and expressly disclaim any obligation to) update or alter any forward-looking statement that may be made from time to time, whether as a result of new information, future events or otherwise.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our historical ratios of earnings to fixed charges for the periods indicated:

	Nine Months Ended September 30,		Year Ended December 31,			
	2011	2010	2009	2008	2007	2006
Ratio of earnings to fixed charges	30.6	25.3	21.3	18.0	12.4	10.4

Edgar Filing: COLGATE PALMOLIVE CO - Form S-3ASR

For the purpose of calculating the ratio of earnings to fixed charges, earnings consist of earnings from continuing operations before income taxes and fixed charges, excluding capitalized interest, reduced by the gain on equity investments. Fixed charges consist of interest costs whether expensed or capitalized, amortization of premiums, discounts and capitalized expenses

related to indebtedness and such portion of rental expense that we deem to be representative of interest.

DESCRIPTION OF DEBT SECURITIES

General

We will offer the debt securities described in this prospectus from time to time in one or more distinct series for an aggregate initial public offering price in U.S. dollars or in foreign currencies or units of two or more currencies, based on the applicable exchange rate at the time of offering, as we shall designate at the time of offering.

Unless otherwise specified in the applicable prospectus supplement, the debt securities will be issued under an indenture, dated as of November 15, 1992, as supplemented from time to time, between our company and The Bank of New York Mellon (formerly known as The Bank of New York), as trustee. A copy of the indenture is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. The following summaries of material provisions of the debt securities and of the indenture are not complete and are subject to, and qualified in their entirety by reference to, the provisions of the indenture, including the definitions of terms.

The indenture does not limit the amount of debt, secured or unsecured, which we may issue. The debt securities offered by this prospectus are unsecured and rank equally with our other unsecured and unsubordinated indebtedness.

Terms of the Debt Securities

We may issue the debt securities from time to time, without limitation as to aggregate principal amount and in one or more series. We may issue debt securities upon the satisfaction of conditions, including the delivery to the trustee of a supplemental indenture, or a resolution of our Board of Directors or a committee of our Board of Directors, or a certificate of our officers who have been authorized by our Board of Directors to take that kind of action, which fixes or establishes the terms of the debt securities being issued. Any supplemental indenture, resolution or officer's certificate approving the issuance of any issue of debt securities will include the following terms of that issue of debt securities:

the aggregate
principal
amount;

the stated
maturity date;

the date or
dates on which
we will pay
principal, if
other than at

the interest payment dates and regular record dates for any interest payable;

Borough of

of the debt
securities, the

our company;
and

any other terms
of the debt
securities
which are not
inconsistent
with the
provisions of

the indenture.

Please see the applicable prospectus supplement for the terms of the specific debt securities being offered.

Prospective purchasers of debt securities should be aware that special U.S. Federal income tax, accounting and other considerations may be applicable to instruments such as the debt securities. The prospectus supplement relating to an issue of debt securities will describe these considerations, if they apply.

The provisions of the indenture permit us, without the consent of the holders of any debt securities, to issue additional debt securities with terms different from those of debt securities previously issued and to reopen a previous series of debt securities and issue additional debt securities of that series.

The indenture does not contain any provisions which would provide protection to holders of debt securities against a sudden and dramatic decline in credit quality resulting from a takeover, a recapitalization or other highly leveraged transaction involving Colgate.

We will pay or deliver principal and any premium, additional amounts and interest in the manner, at the places and subject to the restrictions set forth in the indenture, the debt securities and the applicable prospectus supplement. However, at our option, we may pay any interest by check mailed to the holders of registered debt securities at their registered addresses.

Holders may present debt securities for exchange, and registered debt securities for transfer or exchange, in the manner, at the places and subject to the restrictions set forth in the indenture, the debt securities and the prospectus supplement. Holders may transfer debt securities in bearer form for registered debt securities by delivering the bearer debt securities and related coupons, if any, to the office or agency of the registrar for that series of debt securities. If any series of debt securities is issued in global form, the prospectus supplement will describe the circumstances, if any, under which beneficial owners of interests in any global debt security may exchange those interests for definitive debt securities of that same series and of like tenor and principal amount, in any authorized form and denomination. There will be no service charge for any transfer or exchange of debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange other than certain exchanges not involving any transfer.

Merger and Consolidation

We may consolidate or merge with or into any other corporation, and we may sell, lease or convey all or substantially all of our assets to any corporation, *provided* that:

the resulting corporation, if other than Colgate, is a corporation organized and existing under the laws of the United States of America or any U.S. state or the District of Columbia and assumes all of our obligations to:

- (1) pay or deliver the principal of or any premium, interest or additional amounts on the debt securities; and
- (2) perform and observe all of our other obligations under the indenture, and

we or any successor corporation, as the case may be, are not, immediately after any such consolidation,

merger or sale
of assets, in
default under
the indenture.

Modification and Waiver

We and the trustee may, without the consent of holders, modify provisions of the indenture for specified purposes, including, among other things, curing ambiguities and correcting inconsistencies. We and the trustee may modify and amend other provisions of the indenture with the consent of holders of at least a majority in principal amount of each series of debt securities affected. However, the consent of each holder of any debt security affected must be obtained if the amendment or modification:

changes the
stated
maturity of
the principal
of, or any
premium or
installment of
interest or
additional
amounts on,
any debt
security;

reduces the
principal
amount due
and payable
at maturity or
upon
acceleration
of maturity
of, or the rate
of interest or
additional
amounts
payable on,
or any
premium
payable on
redemption
or otherwise
on, any debt
security;

adversely
affects any
right of
repayment at

the option of
the holders;

changes the
place of
delivery of,
or currency
of, the
payment of
principal or
any premium,
interest or
additional
amounts on
any debt
security or
impairs the
right to
institute suit
for the
enforcement
of any such
payment or
delivery;

reduces the
percentage in
principal
amount or
aggregate
issue price of
the
outstanding
debt
securities of
any series,
the consent
of whose
holders is
required to
modify or
amend the
indenture;

modifies the
foregoing
requirements
or reduces
the
percentage to
less than a

majority in
principal
amount of
outstanding
debt
securities
necessary to
waive certain
past defaults
by Colgate
under the
indenture.

The holders of at least a majority in principal amount of the outstanding debt securities of any series may, with respect to that series, waive past defaults under the indenture and waive our compliance with certain provisions of the indenture, except as described under Events of Default.

Events of Default

Except as otherwise provided in the applicable prospectus supplement, each of the following constitutes an event of default with respect to each series of debt securities issued under the indenture:

default in the
payment of
any interest or
additional
amounts when
due and
continuing for
30 days;

default in the
payment of
any principal
or premium
when due and
payable at
maturity;

default in the
payment of
any sinking
fund payment
when due;

default in the
performance,
or breach, of
any other
obligation of
ours under the

indenture, or
under
provisions of a
series of debt
securities that
are applicable
to all series of
debt securities,
and
continuance of
the default for
60 days after
we are given
written notice
of the default
as provided in
the indenture;

specified
events of
bankruptcy,
insolvency or
reorganization
of Colgate;
and

any other
event of
default
with
respect to
debt
securities
of that
series.

If an event of default occurs and is continuing for any series of debt securities, the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal of all the debt securities of that series, or any lesser amount provided for in the debt securities of that series, due and payable immediately. At any time after such a declaration of acceleration with respect to the debt securities of any series has been made, but before the trustee has obtained a judgment or decree for payment of the money due, the holders of a majority in principal amount of the outstanding debt securities of that series by written notice may rescind any declaration of acceleration and its consequences, provided that all payments and/or deliveries due, other than those due as a result of acceleration, have been made and all other events of default have been remedied or waived.

The holders of at least a majority in principal amount of the outstanding debt securities of any series may waive an event of default with respect to that series, except a default:

in the
payment of
any
amounts
due and
payable or
deliverable
under the
debt
securities of
that series;
or

in respect of
an
obligation
of ours
contained
in, or a
provision
of, the
indenture
which
cannot be
modified
under the
terms of the
indenture

without the
consent of
each holder
of
outstanding
debt
securities
affected.

The holders of a majority in principal amount of the outstanding debt securities of a series may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to debt securities of that series, provided that the direction is not in conflict with any rule of law, the indenture or the debt securities of that series. The trustee must, within 90 days after a default occurs notify the holders of the applicable series of debt securities of the default, unless the default is cured or waived. The trustee may withhold notice of default, except default in payment of principal, any premium, interest or sinking fund payment, if it determines that it is in the interest of the holders to do so. Before proceeding to exercise any right or power under the indenture at the direction of the holders, the trustee is entitled to receive from those holders reasonable security or indemnity against the costs, expenses and liabilities which might be incurred by it in complying with any such direction.

Unless otherwise stated in the prospectus supplement, any series of debt securities issued under the indenture will not have the benefit of any cross-default provisions with other indebtedness of our company.

We will be required to furnish to the trustee annually a statement as to our performance of all of our obligations and conditions under the indenture.

Limitations Upon Liens

The debt securities will not be secured by any mortgage, pledge or other lien. Unless a prospectus supplement with respect to a particular series of debt securities states otherwise, the covenants described below will apply to each series of debt securities.

We covenant in the indenture not to create or suffer to exist, or permit any of our Principal Domestic Subsidiaries to create or suffer to exist, any Lien on any Restricted Property, whether owned on the date of the indenture or thereafter acquired, without making effective provision (and we covenant and agree in the indenture that we will make or cause to be made effective provision) whereby the debt securities shall be directly secured by such Lien equally and ratably with (or prior to) all other indebtedness secured by such Lien as long as such other indebtedness shall be so secured; provided, however, that there shall be excluded from the foregoing restrictions:

Net Tangible
Assets.

Code means the Internal Revenue Code of 1986, as amended.

Consolidated Net Tangible Assets means the aggregate amount of assets (less applicable reserves and other properly deductible items) after deducting therefrom (1) all current liabilities and (2) all goodwill, trade names, trademarks, patents, unamortized debt discount and expense and

other like intangibles of ours and our consolidated subsidiaries, all as set forth on the most recent balance sheet of ours and our consolidated subsidiaries prepared in accordance with generally accepted accounting principles as practiced in the United States.

Debt means (1) indebtedness for borrowed money, (2) obligations evidenced by bonds, debentures, notes or other similar instruments, (3) obligations to pay the deferred purchase price of property or services (other than accounts payable in the ordinary course of business), (4) obligations as a lessee under leases which shall have been or should be, in accordance with generally accepted accounting principles, recorded as capital leases, and (5) obligations under direct or indirect guaranties in respect of, and obligations (contingent or otherwise) to purchase or otherwise acquire, or otherwise to assure a creditor against loss in respect of, indebtedness or obligations of others of the kinds referred to in clauses (1) through (4) above.

Domestic Subsidiary means any Subsidiary a majority of the business of which is conducted within the United States of America, or a majority of the properties and assets of which are located within the United States of America, except any Subsidiary whose assets consist substantially of the securities of Subsidiaries which are not Domestic Subsidiaries.

Instruments of any corporation means and includes (1) all capital stock of all classes of and all other equity interests in such corporation and all rights, options or warrants to acquire the same, and (2) all promissory notes, debentures, bonds and other evidences of Debt of such corporation.

Lien means any mortgage, lien, pledge, security interest, encumbrance or charge of any kind, any conditional sale or other title retention agreement or any lease in the nature thereof, provided that the term **Lien** shall not include any lease involved in a sale and lease-back transaction.

Major Domestic Manufacturing Property means any Principal Domestic Manufacturing Property the net depreciated book value of which on the date as of which the determination is made exceeds 3% of the Consolidated Net Tangible Assets.

Principal Domestic Manufacturing Property means any building, structure or facility (including the land on which it is located and the improvements and fixtures constituting a part thereof) used primarily for manufacturing or processing which is owned or leased by us or any of our Subsidiaries, is located in the United States of America and the net depreciated book value of which on the date as of which the determination is made exceeds 1% of Consolidated Net Tangible Assets, except any such building, structure or facility which our Board of Directors by resolution declares is not of material importance to the total business conducted by us and our Subsidiaries as an entirety.

Principal Domestic Subsidiary means (1) each Subsidiary which owns or leases a Principal Domestic Manufacturing Property, (2) each Domestic Subsidiary the consolidated net worth of which exceeds 3% of Consolidated Net Tangible Assets (as set forth in the most recent financial statements delivered pursuant to the indenture) and (3) each Domestic Subsidiary of each Subsidiary referred to in the foregoing clause (1) or (2) except any such Subsidiary the accounts receivable and inventories of which have an aggregate net book value of less than \$5,000,000.

Restricted Property means and includes (1) all Principal Domestic Manufacturing Properties, (2) all Instruments of all Principal Domestic Subsidiaries and (3) all inventories and accounts receivable of ours and our Principal Domestic Subsidiaries.

Subsidiary means any Corporation of which at the time of determination we or one or more of our Subsidiaries owns or controls directly or indirectly more than 50% of the shares of Voting Stock.

Voting Stock means stock of a Corporation of the class or classes having general voting power under ordinary circumstances to elect at least a majority of the board of directors, managers or trustees of such Corporation, provided

that, for this purpose, stock which carries only the right to vote conditionally on the happening of an event shall not be considered voting stock whether or not such event shall have happened.

Other capitalized terms used but not defined in this prospectus shall have the meaning given those terms in the indenture.

Legal Defeasance and Covenant Defeasance

We at any time may terminate as to a series of debt securities all of our obligations (except for certain obligations regarding the defeasance trust and obligations to register the transfer or exchange of a debt security, to replace destroyed, lost or stolen debt securities and any related coupons and to maintain agencies with respect to the debt securities) arising under the indenture and the debt securities and coupons of that series. This option of ours is called a legal defeasance. We at any time may terminate as to a series of debt securities, among other obligations, our obligations arising under the covenant described under Limitations Upon Liens above. This option of ours is called a covenant defeasance.

We may exercise our legal defeasance option with respect to a series of debt securities even if we have previously exercised our covenant defeasance option in regard to that series of debt securities. If we exercise our legal defeasance option with respect to a series of debt securities, that series may not be accelerated because of an Event of Default. If we exercise our covenant defeasance option with respect to a series of debt securities, that series may not be accelerated on the basis of breaches of the defeased covenant.

To exercise either option as to a series of debt securities, we must deposit in trust with the trustee cash or United States government obligations sufficient to pay the principal of, premium, if any, and interest on the debt securities of that series at their maturity or redemption and must comply with other specified conditions. In particular, we must obtain an opinion of tax counsel that the defeasance will not result in recognition for United States Federal income tax purposes of any gain or loss to holders of the series of debt securities. The opinion of tax counsel, in the case of legal defeasance, must refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable United States Federal income tax law occurring after the date of the indenture.

Concerning the Trustee

The Bank of New York Mellon serves as trustee under the Indenture and is the security registrar and paying agent with respect to the debt securities. The indenture provides that, except during the continuance of an Event of Default, the trustee will perform only such duties as are specifically set forth in the indenture. During the existence of an Event of Default, the trustee will exercise such rights and powers vested in it under the indenture and use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The indenture contains certain limitations on the right of the trustee, should it become a creditor of ours, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee is permitted to engage in other transactions with us; provided, however, that if the trustee acquires any conflicting interest it must eliminate such conflict or resign.

The trustee's principal office is located at One Wall Street, New York, New York 10286. We have banking relationships with The Bank of New York Mellon and certain of its affiliates. Richard J. Kogan, one of our directors, is also a director of The Bank of New York Mellon Corporation, the parent of the trustee.

Governing Law

The indenture and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

PLAN OF DISTRIBUTION

We may sell debt securities:

to the public
through
underwriters
acting
individually
or through a
group of
underwriters
which may
be managed
or
co-managed
by one or
more
underwriters
designated
by us,

through
agents or
dealers,

directly to
one or more
other
purchasers,
or

by any
combination
of these
methods of
sale.

The prospectus supplement with respect to the particular series of debt securities being offered will describe the terms of the offering of that series, including the name or names of any agents or underwriters, the public offering or purchase price, the proceeds to us from the offering, any discounts and commissions to be allowed or paid to the agents or underwriters, all other items constituting underwriting compensation, any discounts and commissions to be allowed or paid to dealers, any initial public offering price and any exchanges on which the debt securities may be listed. Underwriters, dealers and agents that participate in the distribution of the debt securities may be deemed to be underwriters, and any discounts or commissions received by them from us and any profit on the resale of the debt securities by them may be deemed to be underwriting discounts and commissions, under the Securities Act of 1933, as amended.

Under certain circumstances, we may repurchase debt securities and reoffer them to the public as set forth above. We may also arrange for repurchases and resales of the debt securities by dealers.

No particular offering of debt securities will have an established trading market when issued. Unless specified in the applicable prospectus supplement, we will not list the notes on any securities exchange. The underwriters may from time to time purchase and sell notes in the secondary market, but they are not obligated to do so, and there can be no assurance that there will be a secondary market for the notes or liquidity in the secondary market if one develops. In addition, the underwriters may discontinue any market-making activity at any time.

To facilitate a debt securities offering, any underwriter may engage in over-allotment, stabilizing transactions, short covering transactions and penalty bids in accordance with Regulation M under the Securities Exchange Act of 1934, as amended.

Over-allotment
involves sales
in excess of the
offering size,
which creates a
short position.

Stabilizing
transactions
permit bids to
purchase the
underlying
security so long
as the
stabilizing bids

do not exceed a
specified
maximum.

Short covering
transactions
involve
purchases of
the securities in
the open market
after the
distribution is
completed to
cover short
positions.

Penalty bids
permit the
underwriters to
reclaim a
selling
concession
from a dealer
when the
securities
originally sold
by the dealer
are purchased
in a covering
transaction to
cover short
positions.

Those activities may cause the price of the securities to be higher than it would otherwise be. If commenced, the underwriters may discontinue those activities at any time.

If so indicated in the prospectus supplement, we will authorize underwriters to solicit offers by certain institutions to purchase debt securities from us pursuant to delayed delivery contracts providing for payment and delivery on the date stated in the prospectus supplement. Each contract will be for an amount not less than, and, unless we otherwise agree, the aggregate principal amount of debt securities sold pursuant to the contracts shall not be more than, the respective amounts stated in the prospectus supplement. Institutions with whom the contracts, when authorized, may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions, and other institutions, but shall in all cases be subject to our approval. Delayed delivery contracts will not be subject to any conditions except that the purchase by an institution of the debt securities covered under any such contract shall not at the time of delivery be prohibited under the laws of any jurisdiction in the United States to which that institution is subject.

We have agreed to indemnify the agents and the underwriters against certain civil liabilities, including liabilities under the Securities Act of 1933, or to contribute to payments the agents or the underwriters may be required to make in connection with those liabilities. Agents, underwriters and

dealers may be customers of ours, engage in transactions with us, or perform services for us in the ordinary course of business.

Article Tenth of the Restated Certificate of Incorporation of the Company, as amended, eliminates the personal liability for monetary damages of directors under certain circumstances and provides indemnification to directors, officers and other employees of the Company to the fullest extent permitted by the GCL. The Company has also executed indemnification agreements with the directors, officers and certain other employees of the Company. Such indemnification agreements contain provisions which purport to provide indemnification,

where not limited by applicable law, for amounts paid by such individuals in settlement of shareholder derivative actions. Additionally, the Company maintains customary directors and officers liability insurance.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions referred to in Item 15 of this registration statement, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
