PROXY STATEMENT

Annual Meeting of Stockholders

Edgar Filing: TELEMONDE INC - Form PRE 14A

May 31, 2001

INTRODUCTION

This Proxy Statement and accompanying proxy are furnished to record holders of shares of common stock, \$.001 par value per share, of Telemonde, Inc., a Delaware corporation ("Telemonde"), in connection with the solicitation of proxies by the Board of Directors to be used at the annual meeting of stockholders to be held on May 31, 2001 at 11:00 a.m. Eastern Daylight Time at our U.S. offices located at 230 Park Avenue, 10th Floor, New York, New York 10169, and at any adjournment or adjournments thereof. This proxy statement, proxy and notice will be mailed to our stockholders on or about May 4, 2001.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At our annual meeting, stockholders will act upon the matters outlined in the notice of meeting on the cover page of this proxy statement, including the election of directors, ratification of Telemonde's independent accountants and approval of an amendment to our certificate of incorporation to increase our authorized share capital. In addition, management will report on the performance of Telemonde during fiscal 2000 and respond to questions from stockholders.

Who is entitled to vote at the meeting?

Only stockholders of record at the close of business on April 23, 2001, the record date for the meeting, are entitled to receive notice of and to participate in the annual meeting. If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the meeting, or any postponements or adjournments of the meeting. Each share of common stock has one vote and each share of Series A Convertible Preferred Stock (the "preferred stock") has 4.6 votes on each matter properly brought before the meeting.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of a majority of the votes represented by the outstanding shares of common stock and preferred stock will constitute a quorum, permitting the meeting to conduct its business. As of the record date, 103,789,652 shares of our common stock, representing the same number of votes, were outstanding, and 5,000,000 shares of preferred stock, representing in the aggregate 23,000,000 votes, were outstanding. Thus, the presence of the holders of common stock and the preferred stock representing at least 63,394,827 votes will be required to establish a quorum.

Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting.

1

How do I vote?

If you complete and properly sign the accompanying proxy card and return it to Telemonde, it will be voted as you direct. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. "Street name" stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Edgar Filing: TELEMONDE INC - Form PRE 14A

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with the Secretary of Telemonde either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth together with the description of each item in this proxy statement. In summary, the Board recommends a vote:

- . for election of the nominated slate of directors (see page 4);
- . for the amendment to our certificate of incorporation to increase our authorized share capital (see page 7); and
- . for ratification of the appointment of Moore Stephens, Chartered Accountants, as our independent accountants for fiscal 2001 (see page 9).

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

What vote is required to approve each item?

Election of Directors. The affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked "WITHHOLD AUTHORITY" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Amendment to Telemonde's Certificate of Incorporation. The affirmative vote of the holders of a majority of the voting power will be required for approval of an amendment to our certificate of incorporation to increase our authorized capital stock. A properly executed proxy marked "ABSTAIN" with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

Ratification of Accountants. The affirmative vote of the holders of a majority of the votes represented in person or by proxy will be required for the ratification of Moore Stephens, Chartered Accountants, as our independent auditors and accountants for 2001. A properly executed proxy marked "ABSTAIN" with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

If you hold your shares in "street name" through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such "broker non-votes" will, however, be counted in determining whether there is a quorum.

Edgar Filing: TELEMONDE INC - Form PRE 14A

2

When are stockholder proposals for next year's annual meeting due?

If you want to present a proposal to be considered for inclusion in next year's proxy statement, it must be delivered in writing to the Secretary of Telemonde at 230 Park Avenue, 10th Floor, New York, New York 10169 no later than January 5, 2002.

If you want to present a proposal for consideration at next year's annual meeting, without including the proposal in the proxy statement, you must provide written notice to the Secretary at the above address no earlier than March 9, 2002 and no later than April 8, 2002.

In either case, you must present the proposal in person at the meeting.

Who pays the cost of solicitation?

This proxy statement is being furnished in connection with the solicitation of proxies by Telemonde's board of directors. Telemonde will pay the cost of preparing, printing and mailing material in connection with this solicitation of proxies. In addition to being solicited through the mails, proxies may be solicited personally or by telephone, facsimile, electronic mail, or telegraph by officers, directors, and employees of Telemonde who will receive no additional compensation for such activities. Arrangements will also be made with brokerage houses and other custodians, nominees, and fiduciaries to forward solicitation materials to the beneficial owners of shares held of record by such persons. Such brokerage houses and other custodians, nominees, and fiduciaries will be reimbursed for their reasonable expenses incurred in such connection.

How can I receive a copy of the annual report?

The annual report for the year ended December 31, 2000, including the Form 10-K, is being delivered with this proxy statement.

What does discretionary authority mean for stockholders of record?

If you sign and return your proxy card without making any selection(s), the persons named on the proxy will vote your shares "for" proposals 1 through 3. If other matters come before the meeting, the persons named on the proxy card will have the authority to vote on those matters for you. At this time, we are not aware of any matters that will come before the meeting other than those disclosed in this proxy statement.

Who tabulates the votes?

Representatives of First Union National Bank will tabulate the votes. The Board has appointed First Union National Bank as the independent Inspector of Election.

If I plan to attend the annual meeting, should I still vote by proxy?

Yes. Casting your vote in advance does not affect your right to attend the meeting. Written ballots will be available at the annual meeting for stockholders of record. If you send in your proxy card and also attend the meeting, you do not need to vote again at the meeting unless you want to change your vote.

PROPOSAL 1. ELECTION OF DIRECTORS

Our certificate of incorporation divides the board into three classes, as nearly equal in number as possible. Directors within each class are elected to serve three-year terms and one-third of the directors sit for election at each annual meeting of stockholders. Adam N. Bishop and Miguel D. Tirado are nominated to serve as directors in Class II and, if elected, will serve until the 2004 annual meeting of stockholders. Paul E. Donofrio and Count Gottfried A. von Bismarck are in Class I and have been elected to serve as directors until the 2003 stockholder meeting. Kevin F.H. Maxwell and Mark G. Hollo are in Class III and have been elected to serve as directors until the 2002 stockholder meeting. Under the Bylaws, the affirmative vote of a plurality of all the votes cast at the annual meeting, assuming a quorum is present, is sufficient to elect a director.

Unless otherwise directed in the proxy, the person named in the enclosed proxy, or his substitute, will vote such proxy for the election of the two nominees listed below as directors for a three-year term and until their respective successors are duly elected and qualify. If any nominee at the time of election is unavailable to serve, a contingency not presently anticipated, it is intended that the person named in the proxy, or his substitute, will vote for an alternate nominee who will be designated by the Board. Proxies may be voted only for the nominees named or such alternates.

The following table sets forth the nominees and the other present members of the Board of Directors. With respect to each such person, the table sets forth the age, principal occupation, position presently held with Telemonde, and the year in which the person first became a director of Telemonde.

Each officer will hold office for such term as may be prescribed by the Board and until such person's successor is chosen and qualified or until such person's death, resignation, or removal.

PROPOSAL 2. AMENDMENT TO TELEMONE'S CERTIFICATE OF INCORPORATION

The board of directors has determined that it is in the best interests of Telemonde and its stockholders to amend our certificate of incorporation to increase (a) the number of shares of common stock that we are authorized to issue from 145,000,000 to 475,000,000 and (b) the number of shares of preferred stock that we are authorized to issue from 5,000,000 to 25,000,000. If the amendment is approved, the first paragraph of Article Fourth of our certificate of incorporation will read as follows:

The aggregate number of shares of capital stock that the Corporation shall have authority to issue is 500,000,000 shares, of which 475,000,000 shares shall be designated as common stock, \$.001 par value per share, and 25,000,000 shares shall be designated as preferred stock, \$.01 par value per share ("Preferred Stock").

The remainder of Article Fourth will not be amended and will remain unchanged in its entirety. If the stockholders approve the amended certificate, the board of directors currently intends to file the amended certificate with the Secretary of State of Delaware as soon as practicable following such stockholder approval. If the amended certificate is not approved by the

Edgar Filing: TELEMONDE INC - Form PRE 14A

stockholders, the existing certificate of incorporation will continue in effect.

As you may be aware, we are close to exhausting our current supply of authorized common stock and have exhausted our supply of authorized preferred stock. The Board's recommendation is to increase the number of authorized shares of common stock to 475,000,000 from 145,000,000 and to increase the number of authorized shares of preferred stock to 25,000,000 from 5,000,000.

As a start up company, our cash flows are not yet sufficient to support current working capital needs and are not currently sufficient to support our growth plans. We need to increase our authorized share capital in order to give our management flexibility to finance our operations.

We currently have 103,789,652 shares of common stock issued and outstanding, and commitments to issue 27,478,421 shares of common stock, bringing our fully diluted shares of common stock to 131,268,073.

We currently do not have sufficient authorized share capital to meet certain of our obligations. In 1998 and 1999 we entered into agreements to purchase and lease bandwidth capacity from Global Crossing. We defaulted on these obligations in an aggregate amount of \$54.8 million. In December 2000 we settled our outstanding liabilities with Global Crossing by, in part, issuing five million shares of our preferred stock. These five million preferred shares are convertible into 23 million shares of common stock after May 31, 2001. In order to meet our commitment to Global Crossing, we must increase our authorized capital stock. In the event we do not meet our obligations by our failure to increase our authorized common stock, we must immediately pay Global Crossing approximately \$4 million in cash. By restructuring our debt with Global Crossing, we achieved an extraordinary gain of \$17,624,000, and a decrease on our net loss per share of \$.19 per share. It was in the best interest of Telemonde and our stockholders to restructure this debt and it is now imperative to increase our authorized capital stock to ensure that Global Crossing would be able to convert the preferred stock if it so elects.

We entered into certain agreements with Communications Collateral Limited and due to a failure to meet our commitments, we are obligated to issue CCL 8.2 million shares of common stock following an increase in our authorized share capital. In the event of a failure to increase our authorized share capital, we will have an immediate liability to make CCL a cash payment of approximately \$2 million.

We entered into a convertible loan agreement with Home Run Limited in the amount of approximately \$7,500,000 on April 27, 2000. The loan is convertible into our common stock at Home Run's option after June 30, 2001 on the basis of 1 share for each \$0.16 of the loan outstanding. The loan was repayable on April 26, 2001, but Home Run has agreed to extend the loan for a further period of 12 months (until April 26, 2002). In the event of a failure to increase our authorized share capital, the loan will be repayable in full.

Under the sale and purchase agreement by which Telemonde purchased EquiTel, there may be a deferred consideration due to the shareholders of EquiTel to be satisfied by the issuance of Telemonde shares. Under the terms of the agreement with the EquiTel shareholders, based on Telemonde's average share price of \$.13, as calculated over the last 10 trading days of 2000, the maximum number of shares issuable would be 230,769,231 with respect to consideration due for 2000. The expectation, however, is that the shares to be issued to fulfill Telemonde's obligations to the shareholders of EquiTel for the consideration

Edgar Filing: TELEMONDE INC - Form PRE 14A

due for 2000 will not exceed 15,000,000. In the event that Telemonde does not have sufficient authorized shares to fulfill its obligations to the shareholders of Equitel, it will be in breach of its obligations and may be required to pay approximately \$1.95 million in cash to the EquiTel shareholders.

If our share capital is not increased to enable us to issue the shares referred to above, we would be unable to meet our cash obligations, which may, in turn, endanger our existence.

We require additional working capital. Without the ability to raise working capital or make accommodations with creditors through the issuances of shares, we risk being in a position where we cannot cover our working capital needs.

Another issue with respect to the need to authorize additional shares of capital stock is the retention and recruiting of personnel. A primary compensation device for start-up companies competing in our industries is stock and options. This tool will not be available to us without your vote in support of the board's recommendation to increase our authorized share capital.

Possible Effects of the Proposed Amendment to the Certificate of Incorporation

If the stockholders approve the proposed amended certificate, the board of directors may cause the issuance of additional shares of common stock without further vote of the stockholders, except as provided under Delaware corporate law. Current holders of common stock have no preemptive or similar rights, which means that current stockholders do not have a prior right to purchase any new issue of common stock in order to maintain their relative ownership. The issuance of additional shares of common stock would decrease the proportionate equity interest of our current stockholders and, depending upon the price paid for such additional shares, could result in dilution to our current stockholders.

The proposed amended certificate could, under certain circumstances, have an anti-takeover effect, although this is not our intention. For example, the substantial increase in the number of authorized shares of common stock could help our management frustrate efforts of stockholders seeking to remove management and could have the effect of limiting stockholder participation in transactions such as mergers or tender offers, regardless of whether those transactions are favored by incumbent management. In addition, if the amended certificate is approved, the board of directors will have the ability to issue shares privately in transactions that could frustrate proposed mergers, tender offers or other transactions, even if those transactions are at substantial market premiums and are favored by a majority of the stockholders. Such an issuance of shares of common stock would increase the number of outstanding shares, thereby possibly diluting the interest of a party attempting to obtain control of Telemonde.

Our certificate of incorporation and bylaws currently contain provisions that may have an anti-takeover effect that may delay, deter or prevent a change-in-control of Telemonde or other transaction that might involve a premium price or otherwise be in the best interest of our stockholders. Our board of directors is divided into three classes. Directors of each class are chosen for three year staggered terms. Staggered terms of directors may reduce the possibility of a tender offer or an attempt to change control of Telemonde, even though a tender offer or change in control might be in the best interest of the stockholders. Directors may be removed from office only for cause. Our certificate of incorporation authorizes the board of directors to classify or reclassify, in one or more series, any unissued shares of preferred stock and to set the preferences, rights and other terms of these shares. The board of directors could establish a series of shares of preferred stock whose terms could delay, deter or prevent a change in control of Telemonde or other

Edgar Filing: TELEMONE INC - Form PRE 14A

transaction that might involve a premium price or otherwise be in the best interest of the stockholders, although the board of directors does not now intend to establish a series of preferred shares of this kind. Finally, our certificate of incorporation provides that stockholders may not adopt, amend or repeal any bylaw unless such action is approved by the affirmative vote of the holders of not less than two-thirds of the voting power of all of the outstanding shares of capital stock entitled to the generally in the election of directors.

8

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE AMENDED CERTIFICATE.

PROPOSAL 3. RATIFICATION OF THE APPOINTMENT OF MOORE STEPHENS AS INDEPENDENT ACCOUNTANTS AND AUDITORS FOR FISCAL 2001

The Board of Directors has appointed Moore Stephens, Chartered Accountants, as our independent accountants and auditors for fiscal 2001. Moore Stephens, Chartered Accountants, served as independent accountants and auditors of Telemonde for the years ended December 31, 2000 and 1999. Representatives of the firm will be present at the annual meeting, have an opportunity to make a statement if they so desire, and are expected to be available to respond to appropriate questions.

The affirmative vote of the holders of a majority of the outstanding shares of common stock represented at the annual meeting and entitled to vote is required to ratify the appointment of Moore Stephens, Chartered Accountants, as our independent accountants and auditors for fiscal 2001.

REPORT OF THE COMPENSATION COMMITTEE

Telemonde has employment contracts with Messrs. Maxwell, Bishop, Hedges, Pomeroy, Topham and Trachtenberg, all of which run from 1999 until 2002; accordingly, the Compensation Committee did not determine compensation for these executives in 2000. Mr. Hedges' remuneration was reviewed and increased during 2000 by the Compensation Committee. Mr. Thompson's remuneration was determined prior to his appointment as an executive officer in November 2000 from his employment as corporate controller.

Although the Compensation Committee does not have a specific compensation policy which is used to establish executive compensation, when making compensation decisions, the Compensation Committee considers such factors as:

- . Telemonde's need to recruit, motivate and retain high quality executives; and
- . Market salary comparisons for experienced executives in the telecommunications industry.

EMPLOYMENT CONTRACTS

Telemonde has entered into an employment agreement with Mr. Maxwell, retaining him as Telemonde's Chairman. The term of the agreement runs until June 30, 2002, after which either Mr. Maxwell or Telemonde may terminate the agreement with six months' notice. The agreement provides for a basic salary for Mr. Maxwell of (Pounds)240,000 per year, equal to approximately \$358,440 at the exchange rate on December 31, 2000, and health insurance for Mr. Maxwell and his family. No provision has been made in the agreement for bonus payments, stock option grants, or pension contributions to Mr. Maxwell.

Telemonde Networks Limited has entered into an employment agreement with Mr. Bishop, retaining him as President and Chief Executive Officer of Telemonde, Inc. and Telemonde Networks Limited. The term of the agreement runs until June 30, 2002, after which either Mr. Bishop or Telemonde Networks Limited may terminate the agreement with six months' notice. The agreement provides for a basic salary for Mr. Bishop of (Pounds)240,000 per year, equal to approximately \$358,440 at the exchange rate on December 31, 2000, and health insurance for Mr. Bishop and his family. No provision has been made in the agreement for bonus payments, stock option grants, or pension contributions to Mr. Bishop.

At the time of Telemonde's acquisition of EquiTel, EquiTel entered into employment agreements with Messrs. Pomeroy, Topham and Trachtenberg retaining them as President, Chief Executive Officer and Managing Director, respectively, of EquiTel. The term of each agreement runs until June 30, 2002. The agreement between EquiTel and Mr. Pomeroy provides for a basic salary of (Pounds)240,000 per year, equal to approximately \$358,440 at the exchange rate on December 31, 2000. The agreement with Mr. Topham provides for a basic salary of (Pounds)220,000 per year, equal to approximately \$328,570 at the exchange rate on December 31, 2000. The agreement with Mr. Trachtenberg provides for a basic salary of (Pounds)185,000 per year, equal to approximately \$276,298 at the exchange rate on December 31, 2000. No provision has been made in any of these agreements for bonus payments, stock option grants, or pension contributions.

BOARD COMPENSATION AND OTHER MATTERS

Currently, non-employee directors, including Mr. Hollo, Dr. Tirado and Mr. Donofrio, are entitled to receive \$100,000 per year for their services. In addition, they have the right to receive common stock equal to \$250,000 for each year they serve on the board of directors. Thus, because Telemonde has a classified board and each director serves a three-year term, total compensation for each non-employee director for his three-year term is \$300,000 in cash and \$750,000 of shares of common stock (with the exception of Mr. Donofrio, whose amount has been prorated from the time of his resignation as Telemonde's Chief Financial Officer and Executive Vice President). Only portions of board fees have been paid for 2000 and no shares have been issued because of Telemonde's current financial condition. We are currently discussing with our non-executive

Edgar Filing: TELEMONDE INC - Form PRE 14A

directors settlement of their director fees due and owing. We intend to reduce non-employee directors compensation to \$50,000 per year, together with the right to receive common stock in the amount of 200,000 shares of common stock, or the number of common stock equal to \$100,000, if lower. Other than reimbursements for reasonable expenses incurred, directors do not receive any additional compensation for serving on board committees. Employee directors do not receive any additional compensation for acting as directors.

Telemonde has a consulting agreement with Count Gottfried von Bismarck under which he is responsible for developing Telemonde's business relationships in German-speaking areas. The term of the agreement is one year and provides for a fee of \$120,000 per year, payable in monthly installments. The agreement automatically is renewed for additional three-month terms, unless notice of termination is given by Telemonde or Count von Bismarck 60 days before the expiration of the then-current term. This agreement remains in force on a rolling three-month notice basis.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee of the Board was initially established in November of 1999 and consists of Mr. Hollo and Dr. Tirado. Neither Mr. Hollo nor Dr. Tirado are or ever have been officers or employees of Telemonde. No executive officer of Telemonde serves as a member of the board of directors or Compensation Committee of another entity that has one or more executive officers that serve as a member of the Telemonde board or the Telemonde Compensation Committee.

Mr. Hollo is a director and stockholder of Telemonde and a Managing Director of Sands Brothers & Co., Ltd. Prior to Mr. Hollo's appointment to Telemonde's Board, in October 1999 Telemonde engaged Sands Brothers to provide financial and consulting services for a three year period. Pursuant to that agreement, Sands Brothers will receive a placement fee equal to 10% of the total consideration raised in any financing facilitated by Sands Brothers. Sands Brothers or its designee(s) will also have the right to subscribe, at par value, for 1,750,000 shares of Telemonde common stock upon the completion of the first tranche of financing. Sands Brothers will also have the right to subscribe, at par value, for an additional 200,000 shares of common stock for each \$1,000,000 of financing facilitated by Sands Brothers and accepted by Telemonde. Telemonde has also agreed to pay Sands Brothers a transaction fee equal to five percent of the consideration paid in any completed acquisition or business transaction that was facilitated by Sands Brothers. No fees were paid to Sand Brothers & Co., Ltd. in 2000. In addition to Mr. Hollo, trusts established for the benefit of the families of certain affiliates of Sands Brothers received, in the aggregate, 875,000 shares of Telemonde common stock.

CERTAIN RELATIONSHIPS, RELATED TRANSACTIONS AND LEGAL PROCEEDINGS

EquiTel

Telemonde and EquiTel have had a close relationship since their respective inceptions, on March 10, 1998 and September 17, 1998. Even before Telemonde's acquisition of EquiTel on November 8, 1999, their principals and management overlapped, they shared premises and services and, in circumstances where it was mutually beneficial, they made joint presentations to potential customers. However, prior to the acquisition, the two businesses were legally separate.

Acquisition of EquiTel. Telemonde acquired EquiTel on November 8, 1999. EquiTel's total assets at September 30, 1999 were \$1,830,000. The maximum aggregate value of the consideration payable by Telemonde to the stockholders of EquiTel is \$69 million. Telemonde's valuation of EquiTel was based on the historic price/earnings ratios of similar telecommunication companies, applied to the anticipated future after-tax earnings of EquiTel. The maximum aggregate value of the consideration payable reflect the fact that the consideration was payable wholly in Telemonde shares and that the majority of the consideration was deferred and dependent on additional consideration payable to stockholders of EquiTel upon EquiTel's achievement of anticipated future earnings.

At the time of the acquisition, Mr. Maxwell and Mr. Bishop were executive officers and directors of Telemonde and were beneficial owners of EquiTel shares. In view of Mr. Maxwell's and Mr. Bishop's potential conflicts of interest regarding the acquisition of EquiTel, Telemonde's negotiations with EquiTel were conducted, and the terms of the acquisition were approved by, Count von Bismarck. Count von Bismarck and the board of directors of Telemonde appointed Gouldens, Solicitors, London, United Kingdom to advise Telemonde on the legal and contractual aspects of the acquisition, and appointed Brown, Shipley & Co., Investment Bankers, London, United Kingdom to advise Telemonde on the valuation of and consideration in respect of EquiTel.

The purchase price for the acquisition of EquiTel was to be paid as follows:

- . On November 8, 1999, the initial consideration of \$19 million was satisfied by the issuance to the EquiTel stockholders of 4,947,917 restricted shares of common stock of Telemonde.
- . On approximately June 30, 2001, a sum not exceeding \$30 million in the aggregate payable to the former EquiTel stockholders, in proportion to their respective interests in EquiTel, by the issue of restricted shares

Edgar Filing: TELEMONDE INC - Form PRE 14A

of Telemonde common stock.

- . On approximately June 30, 2002, a sum not exceeding \$50 million, less the amount paid on June 30, 2001, payable to the former EquiTel stockholders in the aggregate, in proportion to their respective interests in EquiTel, by the issue of restricted shares of Telemonde common stock.

Under the terms of the acquisition agreement, the deferred consideration to be paid in 2001 and 2002 to the EquiTel stockholders is to be decreased if EquiTel does not achieve certain specified performance goals. The number of Telemonde shares to be issued will be determined by a previously determined formula, based upon the market price of Telemonde common stock over a fixed number of trading days prior to issuance. Using this formula, the value of the shares issued as initial consideration was set at \$3.84 per share. Given the performance of EquiTel during 2000, the current share price of Telemonde, the effective integration of EquiTel into Telemonde and the perceived difficulty of allocating costs and expenses to EquiTel going forward, Dr. Tirado has been appointed on behalf of the Board to reach a settlement with the shareholders of EquiTel to cap the amount of shares due in June 2001 and "buy-out" any entitlement in 2002. It is expected that these discussions will be concluded by June 30, 2001. It is expected that the total number of shares to be issued to the former EquiTel shareholders will not exceed 25 million.

17

Interests of Certain Persons in EquiTel. As a result of EquiTel acquisition, Mr. Maxwell and Mr. Bishop, who were beneficial owners of EquiTel, have received shares of Telemonde common stock, and are entitled to receive additional shares of Telemonde common stock when additional consideration is paid to the former EquiTel stockholders. Mr. Pomeroy, Mr. Topham and Mr. Trachtenberg, who were executive officers, directors and beneficial owners of EquiTel shares prior to its acquisition, also have received shares of Telemonde common stock and are entitled to receive additional shares of Telemonde common stock when additional consideration is paid to the former EquiTel stockholders.

Rhone Financial

EquiTel has a loan of \$1,000,000 from Rhone, the founding shareholder of Telemonde Investments Limited. This loan became an obligation of Telemonde upon the acquisition of EquiTel, which resulted in EquiTel becoming a wholly-owned subsidiary of Telemonde. This loan bears no interest, is unsecured, and is due and payable in full when EquiTel's resources permit. Telemonde believes that the terms of this loan are at least as favorable to Telemonde as could be obtained by arms-length bargaining with an unrelated party.

Westbourne Communications Limited

Westbourne, the company through which Mr. Kevin Maxwell provided consultancy services to Telemonde prior to joining Telemonde as Chairman, continues to provide Telemonde with consulting services. The current terms are governed by an agreement signed on June 20, 2000. The agreement provides for Telemonde to pay Westbourne (Pounds)12,000 per month, equal to approximately \$215,000 per year. The term of the agreement is for one year but may be renewed by mutual agreement of the parties. Telemonde has not determined whether it will seek to renew the agreement. Mr. Kevin Maxwell does not benefit from this agreement, nor does he provide any services under it. Westbourne's consultants include Mr. Ian R.C. Maxwell, the brother of Mr. Kevin Maxwell.

Argonaut Limited and Harley Consultants Limited

During 2000 Telemonde made payments to Argonaut Limited and Harley

Edgar Filing: TELEMONDE INC - Form PRE 14A

Consultants Limited amounting to \$45,000 for directors and consultancy services. Mr Michael Collins, a director of Telemonde Investments Limited, is a director of both Argonaut Limited and Harley Consultants Limited and has a controlling interest in Argonaut Limited.

Hoolcross Limited

During 2000 Hoolcross Limited advanced \$70,000 to Telemonde. Kevin Maxwell is the sole director and beneficial shareholder of Hoolcross Limited. This sum was provided on "arms-length" commercial terms. Mr. Maxwell does not currently receive any remuneration from Hoolcross Limited.

Sands Brothers & Co., Ltd.

Mr. Hollo is a director and shareholder of Telemonde and a Managing Director of Sands Brothers & Co., Ltd. Prior to Mr. Hollo's appointment to Telemonde's Board, Telemonde engaged Sands Brothers to provide financial and consulting services for a three year period beginning in October 1999. Pursuant to that agreement, Sands Brothers will receive a placement fee equal to 10% of the total consideration raised in any financing facilitated by Sands Brothers. Sands Brothers or its designee(s) will also have the right to subscribe, at par value, for 1,750,000 shares of Telemonde common stock upon the completion of the first tranche of financing. Communications Collateral Limited

Communications Collateral Limited is an investment company, owned by fourteen third-party investors, with which Telemonde has no relationship, other than pursuant to the agreements set forth below. In April 1999, Telemonde, through its now wholly owned subsidiary, Telemonde Investments Limited, entered into a series of agreements with CCL, including, among others, agreements for:

- . the sale of an IRU for bandwidth for \$6.5 million;
- . the grant of an option which, among other things, required Telemonde to repurchase the bandwidth for \$6.5 million upon CCL's request;
- . a \$1 million loan by CCL to Telemonde due in August 1999;
- . the issuance to CCL of a warrant for an additional 7% of the shares of Telemonde, Inc., as calculated immediately prior to a Telemonde equity offering that raises at least \$10 million;
- . the registration with the SEC of such shares issued and issuable to CCL.

Telemonde defaulted on certain of these obligations. On January 13, 2000 Telemonde signed a forbearance agreement with CCL. Under this agreement, CCL agreed not to exercise its rights of default under the foregoing agreements until February 15, 2000, in consideration of various obligations of Telemonde. As of February 15, 2000, Telemonde had not fulfilled its obligations under the forbearance agreement, and as a result, CCL could foreclose on Telemonde's

Edgar Filing: TELEMONDE INC - Form PRE 14A

assets in order to recover amounts due under the original agreements. Under the terms of a settlement letter, dated March 21, 2001, 8.2 million shares are due to CCL as a result of Telemonde's continued failure to register CCL's shares for public resale. This settlement is contingent upon our stockholders approving our proposed increase in share capital.

Under a warrant agreement, CCL has the right to acquire up to 7% of Telemonde's common stock, which equals approximately 10,197,631 shares if the warrant were exercised in full on April 23, 2001 at an exercise price equal to the lesser of \$2.70 per share and the average price 20 trading days immediately prior to the exercise of the warrant.

WorldCom

In December 1998 and March 1999, Telemonde entered into agreements to purchase certain capacity with a value of \$19,800,000 and \$6,500,000, respectively, from the WorldCom group. Telemonde defaulted on the total liability under these agreement in an amount equal to \$26,300,000. In December 1999 Telemonde received a standstill letter, which has been amended and extended on a number of occasions, from WorldCom to defer demanding immediate payment of amounts due under the capacity purchase agreements. In July 2000 an agreement was reached with WorldCom whereby \$9,000,000 of the outstanding debt due to WorldCom was exchanged for 15,766,792 shares of Telemonde common stock. As of April 23, 2001 Telemonde remains in default of its obligations under the capacity purchase agreements. Should Telemonde be unable to meet its obligations under the capacity purchase agreements and subsequent standstill arrangements, WorldCom could foreclose on assets included in property, plant and equipment with a net book value of \$11,835,000 as of December 31, 2000. Telemonde has granted certain registration rights to WorldCom with respect to its shares of Telemonde common stock.

Global Crossing

In June 1998 Telemonde entered in an agreement to purchase certain capacity from Global Crossing at a cost of \$64,800,000. In December 1998 and December 1999, Telemonde entered into capacity operating lease agreements with Global Crossing to draw down capacity and make payments amounting to \$12,856,000. Telemonde defaulted on its obligations under the capacity purchase agreements and the capacity lease obligations resulting in Telemonde owing \$9,000,000 (plus related charges of \$2,900,000) for drawdown services and having an outstanding obligation to draw down further capacity of \$42,900,000. In December

19

2000, Telemonde and Global Crossing entered into a standstill agreement to settle the terms of Telemonde's liabilities under the capacity purchase and lease agreements. The standstill agreement provided for the extinguishment of liabilities under the capacity purchase and lease agreements in exchange for inventory, a new obligation to pay and lease agreements in exchange for inventory, a new obligation to pay \$11,911,000 and 5,000,000 shares of preferred stock. The 5,000,000 shares of preferred stock are convertible into 23,000,000 shares of Telemonde common stock after May 31, 2001. Should Telemonde be unable to meet its obligations under the standstill agreement, the remaining amount due under the standstill agreement including interest thereon, and the cash equivalent of the preferred stock issued of approximately \$4,025,000 will become immediately due and payable. Additionally, Global Crossing may take action to pursue debts arising under the original obligations which amounted to approximately \$55,025,000. As of December 31, 2000, Telemonde owed \$10,541,000 under terms of the standstill agreement.

Edgar Filing: TELEMONDE INC - Form PRE 14A

In connection with the above transaction, Telemonde entered into an Amended and Restated Registration Rights Agreement with Global Crossing on December 14, 2000. Pursuant to this agreement, Telemonde has granted Global Crossing certain registration rights with respect to the shares of common stock to be issued to Global Crossing upon conversion of the preferred stock.

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934

Section 16(a) of the Securities Exchange Act of 1934 (the "Act") requires Telemonde's executive officers and directors and persons who own more than 10% of the Common Stock to file initial reports of ownership and changes in ownership with the Securities and Exchange Commission ("SEC"), as well as to furnish Telemonde with a copy of such report. Additionally, SEC regulations require Telemonde to identify in its Proxy Statement those individuals for whom one of the referenced reports was not filed on a timely basis during the most recent fiscal year. It is the policy of Telemonde to file these reports on behalf of our directors and executive officers. Several of our directors and executive officers did not file their reports in a timely manner due to an administrative error but all reports were subsequently filed.

Except for Mr. Maxwell, each member meets the independence and qualification standards required by the New York Stock Exchange. The Committee operates in accordance with its written charter, which was adopted by the Board of Directors in 2000. A copy of the Audit Committee charter appears as Appendix A to this proxy statement. During the fiscal year ended December 31, 2000, the Committee met two times.

The Audit Committee monitors and reviews the performance of the independent auditors and the quality and integrity of Telemonde's internal accounting, auditing and financial reporting practices. The Committee's chief duties are to:

- . discuss with the independent accountants the results of their audits and reviews;
- . periodically communicate the Committee's findings to the Board of Directors; and

The Committee has obtained from the independent auditors, Moore Stephens, Chartered Accountants, a formal written statement describing all relationships between the auditors and Telemonde that might bear on the auditors' independence. This statement conforms to Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees." The Committee has also discussed with the auditors any relationships that may impact their objectivity and independence, and satisfied itself that the auditors are independent of Telemonde.

Edgar Filing: TELEMONDE INC - Form PRE 14A

The Committee has also discussed with the independent auditors their evaluation of Telemonde's internal controls, and the overall quality of Telemonde's financial reporting.

Based upon the results of the inquiries and actions discussed above, the Audit Committee recommended to the Board of Directors that Telemonde's audited financial statements be included in its annual report on Form 10-K for the year ended December 31, 2000, for filing with the Securities and Exchange Commission.
