DESCRIPTION OF NOTES

The following description of the terms of the notes offered in this prospectus supplement and referred to in the accompanying prospectus as the "Debt Securities" supplements the description of the general terms of Debt Securities in the accompanying prospectus, to which description you are referred. Each series of notes will constitute a series of Debt Securities and will be issued under the Indenture, dated as of July 30, 1991, as amended as of January 29, 1992 (the "Indenture") between us and The Chase Manhattan Bank, as trustee. The following summary of the terms of the notes should be read in conjunction with the description of the Debt Securities in the prospectus; this summary of the notes and such description are qualified in their entirety by reference to the Indenture.

The notes issued in this offering will be limited to \$1,000,000,000 in aggregate principal amount, as a result of which, as of the closing date of this offering, \$720,575,000 aggregate principal amount of Debt Securities will remain available to be offered by us under the registration statement of which this prospectus supplement and the accompanying prospectus form a part. These notes and any additional debt securities issued under the Indenture may be designated as a single series, in which case they would vote together as a single class under the Indenture. The notes will constitute part of our unsecured and unsubordinated obligations and will rank equal in right of payment to all of our other existing and future unsecured and unsubordinated obligations. Our rights and the rights of our creditors, including holders of notes, to participate in the distribution of assets of any subsidiary upon such subsidiary's liquidation or recapitalization, or otherwise, will be subject to the prior claims of such subsidiary's creditors, except to the extent that we may ourselves be a creditor with recognized claims against the subsidiary.

The notes will be issued only in fully registered form without coupons, in denominations of \$1,000 and integral multiples of \$1,000. Initially, the notes of each series will be issued in the form of a global note registered in the name of DTC or its nominee, as described below. Each series of notes will bear interest from April 25, 2002, at an annual rate of 5.25% in the case of the fixed rate notes and at 3 month LIBOR plus 25 basis points in the case of the floating rate notes. The notes will not be subject to any sinking fund.

The fixed rate notes will mature on May 15, 2007. Interest on the fixed rate notes will be payable semiannually on May 15 and November 15, commencing November 15, 2002 to the persons in whose names the fixed rate notes are registered at the close of business on the preceding April 30 and October 31, respectively. Interest on the fixed rate notes will be computed on the basis of a 360-day year consisting of twelve 30-day months.

The floating rate notes will mature on April 26, 2004. Interest on the floating rate notes will be payable quarterly on January 26, April 26, July 26 and October 26, commencing July 26, 2002 to the persons in whose names the floating rate notes are registered at the close of business on the immediately preceding January 11, April 11, July 11 and October 11, respectively. Interest on the floating rate notes will be computed on the basis of a 360-day year for the actual number of days.

The interest rate on the floating rate notes will be calculated by JPMorgan Chase Bank, as calculation agent, except that the interest rate in effect for the period from April 25, 2002 to July 26, 2002 (the "initial interest rate")

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

will be established as the rate for deposits in U.S. dollars having a maturity of three months commencing on April 25, 2002 that appears on Telerate Page 3750, plus 25 basis points, as of 11:00 a.m., London time, on April 22, 2002. If no rate appears on Telerate Page 3750, as specified in the preceding sentence, then LIBOR will be determined by us in the manner described in clause (b) below, except that the banks referred to in that clause will be selected by us rather than the calculation agent.

The calculation agent will reset the interest rate with respect to the floating rate notes on each interest payment date, each of which is referred to as an "interest reset date." The second London business day (as defined below) preceding an interest reset date will be the "interest determination date" for that interest reset date. The interest rate in effect on each date that is not an interest reset date will be the interest rate determined as of the interest determination date relating to the immediately preceding interest reset date. The interest rate in effect

S-8

on any day that is an interest reset date will be the interest rate determined as of the interest determination date relating to that interest reset date, except that the interest rate in effect for the period from and including April 25, 2002 to June 26, 2002 will be the initial interest rate.

"LIBOR" will be determined by the calculation agent in accordance with the following provisions:

(a) With respect to any interest determination date, LIBOR will be the rate for deposits in U.S. dollars having a maturity of three months commencing on the first day of the applicable interest period that appears on Telerate Page 3750 as of 11:00 a.m., London time, on that interest determination date. If no rate appears on that interest determination date, LIBOR, in respect to that interest determination date, will be determined in accordance with the provisions described in (b) below.

(b) With respect to an interest determination date on which no rate appears on Telerate Page 3750, as specified in (a) above, the calculation agent will request the principal London offices of each of four major reference banks in the London interbank market, as selected by the calculation agent, to provide the calculation agent with its offered quotation for deposits in U.S. dollars for the period of three months, commencing on the first day of the applicable interest period, to prime banks in the London interbank market at approximately 11:00 a.m., London time, on that interest determination date and in a principal amount that is representative for a single transaction in U.S. dollars in that market at the time. If at least two quotations are provided, then LIBOR on that interest determination date will be the arithmetic mean of those quotations. If fewer than two quotations are provided, then LIBOR on the interest determination date will be the arithmetic mean (rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with five one-millionths of a percentage point rounded upwards) of the rates quoted at approximately 11:00 a.m., New York City time, on the interest determination date by three major banks in New York City selected by the calculation agent for loans in U.S. dollars to leading European banks, having a three-month maturity and in a principal amount that is representative for a single transaction in U.S. dollars in that market at that time; provided, however, that if the banks selected by the calculation agent are not providing quotations in the manner described by this sentence, LIBOR for the interest period commencing on the interest reset date following the interest determination date will be LIBOR in effect on that interest determination date.

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

"London business day" means any day on which dealings in U.S. dollars are transacted in the London interbank market.

"Telerate Page 3750" means the display designated as "Page 3750" on the Dow Jones Market Service or successor page or service, for the purposes of displaying the London interbank offered rates for U.S. dollar deposits.

Notwithstanding any statements to the contrary in the accompanying prospectus, settlement for the notes is expected to occur on the third business day after the date of this prospectus supplement.

The Indenture permits the defeasance of Debt Securities upon the satisfaction of the conditions described under "Certain Covenants in the Indenture -- Satisfaction and Discharge of Indenture" in the accompanying prospectus. The notes are subject to these defeasance provisions.

Optional Redemption

We have the option to redeem all or a portion of the fixed rate notes, on no less than 30 or more than 60 days' notice mailed to holders of the fixed rate notes, at any time at a redemption price equal to the greater of (a) 100% of the principal amount of the notes to be redeemed and (b) the sum of the present values of the Remaining Scheduled Payments (as defined below) discounted to the redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined herein) plus 15 basis points, plus accrued and unpaid interest, if any, on the principal amount being redeemed to the date of redemption.

S-9

"Treasury Rate" means, with respect to any redemption date, the rate per year equal to the semiannual equivalent yield to maturity (computed as of the second business day immediately preceding such redemption date) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

"Comparable Treasury Issue" means the United States Treasury security selected by an Independent Investment Banker that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the notes to be redeemed.

"Independent Investment Banker" means any of the Reference Treasury Dealers appointed by us.

"Comparable Treasury Price" means, with respect to any redemption date, (a) the average of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) on the third business day preceding such redemption date, as set forth in the daily statistical release (or any successor release) published by the Federal Reserve Bank of New York and designated "Composite 3:30 p.m. Quotations for U.S. Government Securities" or (b) if such release (or any successor release) is not published or does not contain such prices on such business day, (1) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest of such Reference Dealer Quotations, or (2) if fewer than four such Reference Treasury Dealer Quotations are obtained, the average of all such Quotations.

"Reference Treasury Dealer Quotation" means, with respect to each Reference

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

Treasury Dealer and any redemption date, the average of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing by such Reference Treasury Dealer as of 3:30 p.m., New York City time, on the third business day preceding such redemption date.

"Reference Treasury Dealer" means each of Banc of America Securities LLC and Salomon Smith Barney Inc. and their respective successors and any other nationally recognized investment banking firm that is a primary U.S. Government securities dealer in New York City (a "Primary Treasury Dealer") appointed from time to time by us; provided that if any of the foregoing shall cease to be a Primary Treasury Dealer, we shall substitute for such entity another nationally recognized investment banking firm that is a Primary Treasury Dealer.

"Remaining Scheduled Payments" means, with respect to each note to be redeemed, the remaining scheduled payments of the principal thereof and interest thereon that would be due after the related redemption date but for such redemption; provided, however, that, if such redemption date is not an interest payment date with respect to such note, the amount of the next succeeding scheduled interest payment thereon will be reduced by the amount of interest accrued thereon to such redemption date. On and after the redemption date, interest will cease to accrue on the notes called for redemption. On or before any redemption date, we shall deposit with a paying agent (or the Trustee) money sufficient to pay the redemption price of and accrued interest on the notes to be redeemed on such date.

The floating rate notes may not be redeemed prior to maturity.

Book-Entry Procedures

Each series of notes will initially be issued in the form of global notes, which will be deposited with, or on behalf of, DTC and registered in the name of DTC or its nominee. Except as set forth below, the global notes may not be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or another nominee of DTC or by DTC or any nominee to a successor of DTC or a nominee of such successor.

S-10

We will make principal and interest payments on the notes represented by the global notes to DTC or its nominee, as the case may be, as the registered owner of the global notes. We expect that DTC or its nominee, upon receipt of any payment of principal or interest in respect of the global notes, will credit immediately the accounts of the related participants with payment in amounts proportionate to their respective holdings in principal amount of beneficial interests in such global notes as shown on the records of DTC. Neither we nor the trustee nor any paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests of the global notes, or for maintaining, supervising or reviewing any records relating to such beneficial interests. We also expect that payments by participants to owners of beneficial interests in the global notes held through such participants will be governed by standing customer instructions and customary practices, as is the case with securities registered in "street name." The instructions will be the responsibility of the participants.

If DTC is at any time unwilling, unable or ineligible to continue as depository and we do not appoint a successor depository within 90 days, we will issue notes in certificated form in exchange for beneficial interests in the global notes. In addition, we may at any time determine not to have our notes represented by the global notes, and, in such event, will issue notes in

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

certificated form in exchange for beneficial interests in the global notes. In any such instance, an owner of a beneficial interest in the global notes will be entitled to physical delivery in certificated form of notes equal in principal amount to such beneficial interest and to have such notes registered in its name. Notes issued in certificated form will be issued in denominations of \$1,000 or any amount in excess thereof that is an integral multiple of \$1,000 and will be issued in registered form only, without coupons.

We understand as follows: DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC was created to hold securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers (including one or more of the underwriters), banks, trust companies, clearing corporations and certain other organizations. DTC is owned by a number of its direct participants and by the New York Stock Exchange, the American Stock Exchange, and the National Association of Securities Dealers, Inc. Access to DTC's book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant either directly or indirectly.

A further description of DTC's procedures with respect to the global notes is set forth in the accompanying prospectus under "Description of Debt Securities -- Global Securities." DTC has confirmed to us, the underwriters and the trustee that it intends to follow such procedures.

Same-Day Settlement and Payment

Settlement for the notes will be made by the underwriters in immediately available funds. We will make all payments of principal and interest in immediately available funds so long as the notes are maintained in book-entry form.

Secondary trading in long-term notes and notes of corporate issuers is generally settled in clearinghouse or next-day funds. In contrast, the notes will trade in DTC's Same-Day Funds Settlement System until maturity, and secondary market trading activity in the notes will therefore be required by DTC to settle in immediately available funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity in the notes.

UNDERWRITING

We intend to offer the notes of each series through the underwriters named below. Subject to the terms and conditions of the pricing agreements dated April 22, 2002, each of which incorporate by reference the underwriting agreement dated August 9, 2001 (together, the "underwriting agreement"), we have agreed to sell to the underwriters and the underwriters severally have agreed to purchase from us, the principal amount of notes listed opposite their respective names below.

In the underwriting agreement, the underwriters have agreed, subject to the terms and conditions set forth in the underwriting agreement, to purchase all of the notes of a series offered hereby if any of such notes are purchased. If any underwriter defaults, the underwriting agreement provides that the purchase commitments of the nondefaulting underwriters may be increased or the underwriting agreement may terminate.

The underwriters for the fixed rate notes have advised us that they propose to offer the fixed rate notes to the public at the initial offering price for the fixed rate notes set forth on the cover page of this prospectus supplement, and to dealers at the initial offering price less a concession not in excess of 0.350% of the principal amount of fixed rate notes. The underwriters for the fixed rate notes may allow, and the dealers may reallow, a discount on sales to other dealers not in excess of 0.250% of the principal amount of fixed rate notes. After the initial offering of the fixed rate notes, the public offering price, concession and discount for the fixed rate notes may be changed.

The underwriters for the floating rate notes have advised us that they propose to offer the floating rate notes to the public at the initial offering price for the floating rate notes set forth on the cover page of this prospectus supplement, and to dealers at the initial offering price less a concession not in excess of 0.150% of the principal amount of floating rate notes. The underwriters may allow, and the dealers may reallow, a discount on sales to other dealers not in excess of 0.125% of the principal amount of floating rate notes. After the initial offering of the floating rate notes, the public offering price, concession and discount for the floating rate notes may be changed.

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering (expressed as a percentage of the principal amount of the notes).

	Paid by Coca-Cola Enterprises -----
Per fixed rate note.....	0.600%
Per floating rate note.....	0.250%

The expenses of the offering, not including the underwriting discounts, are

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

estimated to be approximately \$275,000 and are payable by us.

In connection with the offering, the underwriters may purchase and sell notes in the open market. These transactions may include over-allotment, syndicate covering transactions and stabilizing transactions. Over-allotment involves syndicate sales of notes in excess of the principal amount of notes to be purchased by the

S-12

underwriters in the offering, which creates a syndicate short position. Syndicate covering transactions involve purchases of the notes in the open market after the distribution has been completed in order to cover syndicate short positions. Stabilizing transactions consist of certain bids or purchases of notes made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

The underwriters also may impose a penalty bid. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the underwriters, in covering syndicate short positions or making stabilizing purchases, repurchases notes originally sold by that syndicate member.

Any of those activities may have the effect of preventing or retarding a decline in the market price of the notes. They may also cause the price of the notes to be higher than the price that otherwise would exist in the open market in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, or contribute to payments the underwriters may be required to make in respect of those liabilities.

In the ordinary course of their respective businesses, the underwriters and their affiliates have engaged and may in the future engage in investment and commercial banking transactions with us and our affiliates, for which they have received, and may receive in the future, customary fees and commissions.

One of the members of our Board of Directors, L. Phillip Humann, serves as the Chairman of the Board, President and Chief Executive Officer of SunTrust Banks, Inc., an affiliate of SunTrust Capital Markets, Inc.

The underwriters are offering the notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the notes, and when conditions contained in the underwriting agreement, such as receipt by the underwriters of officers' certificates and legal opinions, are satisfied. The underwriters reserve the right to withdraw, cancel or modify offers to the public and reject orders in whole or in part.

We do not intend to apply for listing of the notes on a national securities exchange, but have been advised by certain of the underwriters that they presently intend to make a market in the notes offered hereby; however, the underwriters are not obligated to do so, and any market making activity may be discontinued at any time at the sole discretion of the underwriters. Accordingly, no assurance can be given as to the liquidity of, or trading market for, either series of notes.

LEGAL MATTERS

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

The validity of the notes will be passed upon for us by John R. Parker, Jr., our Senior Vice President and General Counsel, who as to matters of New York law will rely on the opinion of Cleary, Gottlieb, Steen & Hamilton, New York, New York. As of April 1, 2002, Mr. Parker beneficially owned 100,259 shares of our common stock and holds vested options to purchase 183,483 shares of our common stock under our stock option plans. Cleary, Gottlieb, Steen & Hamilton will pass on the validity of the notes and various other matters for the underwriters.

PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995 SAFE HARBOR CAUTIONARY
STATEMENT

This prospectus and the documents incorporated by reference herein contain "forward-looking" statements, as defined in the Private Securities Litigation Reform Act of 1995, that are based on current expectations, estimates and projections. Statements that are not historical facts, including statements

about our beliefs and expectations, are forward-looking statements. These statements discuss potential risks and uncertainties and, therefore, actual results may differ materially. We do not undertake any obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise.

COCA-COLA ENTERPRISES INC.

We are the world's largest Coca-Cola bottler.

We were incorporated in 1944 under the laws of Delaware as a wholly owned subsidiary of The Coca-Cola Company and became a public company in 1986. At July 27, 2001, The Coca-Cola Company owned approximately 38% of our common stock.

Our bottling territories in North America and in Europe contained approximately 362 million people as of December 31, 2000. We estimate that we sold approximately 3.8 billion equivalent cases (192 ounces of finished beverage product) within our territories during 2000. About 92% of this volume consisted of beverages produced and sold under licenses from The Coca-Cola Company.

Our bottling rights within the United States for beverages carrying the "Coca-Cola" name are perpetual; elsewhere, and for other products, the bottling rights have stated expiration dates.

Our principal executive offices are located at 2500 Windy Ridge Parkway, Atlanta, Georgia 30339. The telephone number is (770) 989-3000.

Relationship with The Coca-Cola Company

The Coca-Cola Company is our largest shareowner. One of our directors is an executive officer of The Coca-Cola Company, and two are former executive officers.

We and The Coca-Cola Company are parties to a number of significant transactions and agreements incident to our respective businesses and we may enter into material transactions and agreements in the future.

We conduct our business primarily under agreements with The Coca-Cola Company. These agreements give us the exclusive right to market, distribute and produce beverage products of The Coca-Cola Company in authorized containers in specified territories. These agreements provide The Coca-Cola Company with the ability, in its sole discretion, to establish prices, terms of payment, and other terms and conditions for the purchase of concentrates and syrups from The Coca-Cola Company. Other significant transactions and agreements with The Coca-Cola Company include acquisitions of bottling territories, arrangements for cooperative marketing, advertising expenditures, purchases of sweeteners and strategic marketing initiatives.

Since 1979, The Coca-Cola Company has assisted in the transfer of ownership or financial restructuring of a majority of United States Coca-Cola bottler operations and has assisted in similar transfers of bottlers operating outside the United States. The Coca-Cola Company has sometimes acquired bottlers and then sold them to other bottlers, including us, who are believed by management of The Coca-Cola Company to be the best suited to manage and develop these acquired operations. The Coca-Cola Company has advised us that it may continue this reorganization of its bottler system. We and The Coca-Cola Company may enter into additional material transactions and agreements in the future.

As a result of matters such as the foregoing, the relationship between The

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

Coca-Cola Company and us may give rise to potential conflicts of interest.

1

USE OF PROCEEDS

Unless specified otherwise in a prospectus supplement, we intend to use the net proceeds from the sale of the senior debt securities and warrants for general corporate purposes, including the repayment of debt and possible business acquisitions. We may also use a portion of the proceeds from the sale of any currency warrants to hedge currency risks with respect to such currency warrants. Pending such applications, we will invest the net proceeds in marketable securities.

We expect to engage in additional financings as the need arises. The nature and amount of our equity and long-term and short-term debt and the proportionate amount of each will vary from time to time as a result of business requirements, market conditions and other factors.

(A) The 2000 results include the effect of revisions to depreciable lives of certain equipment categories adopted January 1, 2000. These revisions resulted in a reduction in depreciation expense of approximately \$161 million (\$0.23 per common share after tax) for full-year 2000.

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

- (B) The 1999 results include a one-time charge of \$103 million (\$0.16 per common share after tax) for the costs associated with recalled product in certain parts of Europe. These costs were allocated \$91 million to cost of sales and \$12 million to selling, delivery, and administrative expenses.
- (C) The 1997 pro forma Operations Summary, Other Operating Data, and Per Share Data give effect to the following acquisitions as though each had been owned for a full year beginning January 1, 1997: the Great Britain Bottler, Coke New York, and Coke Canada.
- (D) The 1996 pro forma Operations Summary, Other Operating Data, Per Share Data, and Year-End Financial Position give effect to the following acquisitions as though each had been owned for a full year beginning January 1, 1996: the Belgian, Great Britain, and French bottlers, Coca-Cola Bottling Company West, Inc., Grand Forks Coca-Cola Bottling Co., and Ouachita Coca-Cola Bottling Company, Inc. ("Ouachita").
- (E) Income tax expense (benefit) includes an income tax rate change (benefit) of approximately \$(8) million in 2000, \$(29) million in 1998, and \$(58) million in 1997.
- (F) For years beginning before 1998, information was adjusted for a 3-for-1 stock split effective in 1997.
- (G) In 1997, the Company adopted SFAS 128, "Earnings Per Share," and restated average common shares and per share data.
- (H) Effective July 1, 1998, the Company increased its regular quarterly dividend from \$0.025 to \$0.04.

The Company acquired subsidiaries in each year presented and divested subsidiaries in certain periods. Such transactions, except for (i) the 1997 acquisitions of Amalgamated Beverages Great Britain Limited ("Great Britain Bottler"), The Coca-Cola Bottling Company of New York, Inc. ("Coke New York"), and Coca-Cola Beverages Ltd. ("Coke Canada"), (ii) the 1996 acquisition of Coca-Cola Enterprises S.A., Coca-Cola Production S.A., and S.A. Beverage Sales Holding N.V. (collectively "the French and Belgian bottlers"), and (iii) gains from the sale of certain bottling operations, did not significantly affect the Company's operating results in any one fiscal period. All acquisitions and divestitures have been included in or excluded from, as appropriate, the consolidated operating results of the Company from their respective transaction dates.

THE SECURITIES

We will issue:

- . senior debt securities ("Debt Securities");
- . warrants to purchase Debt Securities ("Debt Warrants"); and
- . warrants to receive from us the cash value in U.S. dollars of the right to purchase and sell either foreign currencies or units of two or more currencies ("Currency Warrants").

The Debt Securities, Debt Warrants, and Currency Warrants are collectively referred to in this prospectus as the "Securities."

DESCRIPTION OF DEBT SECURITIES

The Debt Securities will be issued under an indenture, dated as of July 30,

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

1991, as amended as of January 29, 1992 (the "Indenture"), between us and The Chase Manhattan Bank (the "Trustee").

Selected provisions of the Debt Securities and the Indenture are summarized below. The summary is not complete, but the form of the Indenture has been filed as an exhibit to the registration statement, and you should read the Indenture for provisions that may be important to you. The terms of the Indenture control over the description of those terms in this prospectus. See "Where To Find More Information" for information on how to locate the Indenture and any supplemental indentures that may be filed.

4

The Indenture does not limit the aggregate amount of Debt Securities we may issue. Each series of Securities may have different terms. A prospectus supplement relating to each series of Debt Securities being offered will include specific terms relating to the offering. These terms will include the following:

- . the title and type of the Debt Securities and the series of which such Debt Securities will be a part;
- . the aggregate principal amount;
- . the date on which the Debt Securities are payable;
- . the interest rate or rates (which may be fixed or variable) that the Debt Securities will bear;
- . the interest payment dates for the Debt Securities and the record date for the interest payable on any interest payment date;
- . any redemption provisions;
- . whether the Debt Securities are denominated or provide for payment in United States dollars, a foreign currency or composite currency;
- . whether payments of principal or interest may be determined pursuant to any index, formula or other method;
- . any sinking fund or other provisions that would obligate us to repurchase or otherwise redeem the Debt Securities;
- . whether the Debt Securities will be issued in registered or bearer form or both;
- . any special tax implications of the securities, including for any Debt Securities offered with original issue discount; and
- . any other terms of the Debt Securities that do not conflict with the provisions of the Indenture.

The Debt Securities will be unsecured and will rank equally with all of our other unsecured and unsubordinated debt. However, because we conduct a portion of our operations through subsidiaries, the right of holders of our Debt Securities to participate in any distribution of the assets of any subsidiary upon its liquidation or reorganization or otherwise is subject to the prior claims of creditors of the subsidiary.

"Original Issue Discount Securities" means any Debt Securities that provide for an amount that is less than the stated principal amount thereof (by more

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

than a de minimis amount) to be due and payable upon a declaration of acceleration of the Maturity thereof upon the occurrence of an Event of Default and the continuation thereof. It is anticipated that the terms of each series of Original Issue Discount Securities will provide that, upon declaration of acceleration of the Maturity of any such series of Original Issue Discount Securities, the Accreted Amount (as defined in this paragraph) of such Original Issue Discount Securities shall be due and payable. "Accreted Amount" means an amount in respect of each Original Issue Discount Security of the affected series equal to the sum of (a) the issue price of such Original Issue Discount Security as determined in accordance with section 1273 of the Internal Revenue Code (the "Code"), (b) the aggregate of the portions of the original issue discount which shall theretofore have accrued pursuant to section 1272 of the Code (without regard to section 1272(a)(7) of the Code) from the date of issue of such Original Issue Discount Security (i) for each six-month or shorter period ending on the Interest Payment Date prior to the date of declaration of acceleration, and (ii) for the shorter period, if any, from the end of the immediately preceding six-month period, as the case may be, to the date of declaration of acceleration, and (c) accrued interest to the date such Accreted Amount is paid (without duplication of any amount described in (b) above); minus all amounts already paid under the terms of such Original Issue Discount Security, which amounts are considered as part of the "stated redemption price at maturity" of such Original Issue Discount Security within the meaning of Section 1273(a)(2) of the Code or any successor provision (whether such amounts paid were described as principal or interest).

5

Any money paid for principal of (and premium, if any) or any interest on any Debt Security that remains unclaimed at the end of two years will be repaid to us on demand, and afterwards the holder of the security may look only to us for payment.

The Indenture allows us to "reopen" a previous issue of a series of Debt Securities and issue additional Debt Securities of such series in addition to the ability to issue Debt Securities with terms different than those of Debt Securities previously issued.

Denomination and Form

Securities of a series may be issued in registered or bearer form or both. Debt Securities may be issuable in global form. Unless otherwise provided in a prospectus supplement, registered securities ("Registered Securities") denominated in U.S. dollars will be issued in denominations of \$1,000 and bearer securities ("Bearer Securities") denominated in U.S. dollars will be issued in denominations of \$5,000 with or without coupons. Debt Securities denominated in a foreign or composite currency will specify the denominations.

If we issue certificated notes, they will be registered in the name of the noteholder. The notes may be transferred or exchanged without a service charge and upon payment of any taxes and other governmental charges if the administrative procedures contained in the Indenture are followed.

Paying Agent

Unless we otherwise specify in an applicable prospectus supplement, we will pay principal (and premium, if any) and interest, if any, on Registered Securities (other than a Global Security ("Global Security")) at the office of the Paying Agent. However, at our option, we may pay any interest by check mailed to the address of the person entitled to the payment, as such address shall appear in the security register, or by wire transfer to an account maintained by the person entitled thereto as specified in the security

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

register. Unless otherwise indicated in an applicable prospectus supplement, payment of any installment of interest on Registered Securities will be made to the person in whose name such Registered Security is registered at the close of business on the record date for such interest payment.

The principal office of the Trustee in the City of New York will be designated as our Paying Agent for payments with respect to Debt Securities which are issuable solely as Registered Securities unless we otherwise specify in an applicable prospectus supplement. Any Paying Agents outside the United States and any other Paying Agents in the United States we initially designate for the Debt Securities will be named in the related prospectus supplement. We may at any time designate additional Paying Agents or rescind the designation of any Paying Agents or approve a change in the office through which any Paying Agent acts, except that if Debt Securities of a series are issuable only as Registered Securities, we will be required to maintain a Paying Agent in each Place of Payment for such series. We will be required to maintain a Paying Agent with respect to any Bearer Securities of a series in a Place of Payment located outside the United States where Debt Securities of such series and any coupons related to that series may be presented and surrendered for payment; provided that if the Debt Securities of such series are listed on The Stock Exchange of the United Kingdom and the Republic of Ireland or the Luxembourg Stock Exchange or any other stock exchange located outside of the United States and such stock exchange shall so require, we will maintain a Paying Agent in London, Luxembourg or any other required city located outside the United States as long as the Debt Securities of such series are listed on such exchange.

All monies we pay to a Paying Agent for the payment of principal of (and premium, if any) and interest, if any, on any Debt Security that remains unclaimed at the end of two years after such principal, premium or interest shall have become due and payable will be repaid to us, and the Holder of such Debt Security or any coupon will thereafter look only to us for payment thereof.

Global Securities

We may issue Debt Securities of a series in whole or in part in the form of one or more Global Securities that will be deposited with, or on behalf of, a depository identified in an applicable prospectus supplement. We

6

will name the depository in the prospectus supplement for that series. We may issue Global Securities in either registered or bearer form and in either temporary or permanent form. Unless and until it is exchanged for Debt Securities in definitive form, a temporary Global Security may not be transferred except as a whole by the depository for such Global Security to a nominee of such depository, by a nominee of such depository to such depository or another nominee of such depository, or by such depository or any such nominee to a successor of such depository or a nominee of such successor.

Upon the issuance of a Global Security, the depository for such Global Security or its nominee will credit the accounts of persons held with it with the respective principal amounts of the Debt Securities represented by such Global Security. Such accounts shall be designated by the underwriters or agents with respect to such Debt Securities or by us if such Debt Securities are offered and sold directly by us. Ownership of beneficial interests in a Global Security will be limited to persons that have amounts with the depository for such Global Security or its nominee ("participants") or persons that may hold interests through participants. Ownership of beneficial interests in such Global Security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the depository (with

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

respect to participants' interests) for such Global Security or by participants or persons that hold interests through participants (with respect to beneficial owners' interests). The laws of some states require that some purchasers take physical delivery of securities in definitive form. These laws may impair the ability to transfer beneficial interests in a Global Security.

So long as the depository for a Global Security, or its nominee, is the owner of the Global Security, the depository or that nominee will be sole holder of the Debt Securities represented by the Global Security. Except as described below, owners of beneficial interests in a Global Security may not have any of the individual certificated securities represented by the Global Security registered in their names, may not receive physical deliver of the Debt Securities and will not be considered holders of the Debt Securities under the Indenture.

We will pay the principal of, premium, if any, and interest on Debt Securities represented by a Global Security to the depository or its nominee. We expect that the depository, upon its receipt of any payment of principal, premium or interest, will credit immediately participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the Global Security as shown on the records of the depository. We also expect that payments by participants to owners of beneficial interests in any Global Security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers and registered in "street name," and will be the responsibility of such participants.

The depository will take any action permitted to be taken by a holder of Debt Securities only at the direction of one or more participants to whose accounts interests in the Global Securities are credited and only in respect of the portion of the aggregate principal amount of the Debt Securities as to which such participant or participants give such direction.

If the depository is at any time unwilling or unable to continue as depository and we do not appoint a successor depository within 90 days, we will issue individual Debt Securities of such series in exchange for the relevant Global Security or Securities. In addition, we may at any time and in our sole discretion decide not to have any Debt Securities of a series represented by Global Securities and, in that event, will issue individual certificated securities in exchange for the relevant Global Securities. Further, if we so specify with respect to the Debt Securities of a series, an owner of a beneficial interest in a Global Security representing those Debt Securities may, on terms acceptable to us and the depository, receive certificated Debt Securities in exchange for such beneficial interest. In that case, an owner of a beneficial interest in a Global Security will be entitled to physical delivery of individual Debt Securities of the series represented by the Global Security equal in principal amount to such beneficial interest and to have those Debt Securities registered in its name. We will issue certificated Debt Securities of a series in denominations of \$1,000 and integral multiples thereof, unless another amount is specified in the supplement for that series.

If any Securities are issuable in temporary or permanent global form, the applicable prospectus supplement will describe the circumstances, if any, under which beneficial owners of interests in the Global Security may

7

obtain definitive Debt Securities. Payments on a permanent global Debt Security will be made in the manner described in the prospectus supplement.

Registration and Transfer

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

Bearer Securities will be offered only to non-United States persons and to offices located outside the United States of certain United States financial institutions.

In connection with its original issuance, no Bearer Security will be mailed or otherwise delivered to any location in the United States. A Bearer Security may be delivered in connection with its original issuance only if the person entitled to receive such Bearer Security furnishes written certification, in a form specified in the applicable prospectus supplement, to the effect that such Bearer Security is not being acquired by or on behalf of a United States person (as defined in the Code) or, if a beneficial interest in such Bearer Security is being acquired by or on behalf of a United States person, that such United States person is a financial institution which agrees to comply with the requirements of section 165(j)(3)(A), (B) or (C) of the Code.

Registered Securities of any series will be exchangeable for other Registered Securities of the same series and of a like aggregate principal amount and tenor of different authorized denominations. In addition, if Debt Securities of any series are issuable as both Registered Securities and as Bearer Securities and if so provided in an applicable prospectus supplement, at the option of the Holder and subject to the terms of the Indenture, Bearer Securities (with all unmatured coupons, except as provided below, and all matured coupons in default) of such series will be exchangeable for Registered Securities of the same series of any authorized denominations and of a like aggregate principal amount and tenor. Unless otherwise indicated in an applicable prospectus supplement, any Bearer Security surrendered in exchange for a Registered Security between (i) a Regular Record Date or a Special Record Date and (ii) the relevant date for payment of interest, shall be surrendered without the coupon relating to such date for payment of interest. Interest will not be payable in respect of the Registered Security issued in exchange for such Bearer Security but will be payable only to the Holder of such coupon when due in accordance with the terms of the Indenture.

Debt Securities may be presented for exchange as provided above, and Registered Securities (other than a Global Security) may be presented for registration of transfer (with the form of transfer duly executed), at the office of the Security Registrar or at the office of any transfer agent we designate for such purpose for any series of Debt Securities referred to in an applicable prospectus supplement, without service charge and upon payment of any taxes and other governmental charges as described in the Indenture. Such transfer or exchange will be effected upon the security Registrar or such transfer agent, as the case may be, being satisfied with the documents of title and identity of the person making the request. We have initially appointed the Trustee as Security Registrar under the Indenture. If a prospectus supplement refers to any transfer agents (in addition to the Security Registrar) we initially designated with respect to any series of Debt Securities, we may at any time rescind the designation of any such transfer agent or approve a change in the location through which any such transfer agent acts, except that if Debt Securities of a series are issuable only as Registered Securities, we will be required to maintain a transfer agent in each Place of Payment for such series. If Debt Securities of a series are issuable as Bearer Securities, we will be required to maintain (in addition to the Security Registrar) a transfer agent in a Place of Payment for such series located outside the United States. We may at any time designate additional transfer agents with respect to any series of Debt Securities.

In the event of any redemption in part, we shall not be required to (i) register the transfer of or exchange Debt Securities of any series during a period beginning at the opening of business 15 days before the day of the selection of Debt Securities of that series for redemption and ending at the close of business of the day of such selection; (ii) register the transfer of

or exchange any Registered Securities so selected for redemption in whole or in part, except the unredeemed portion of any Registered Security being redeemed in part; or (iii) exchange any Bearer Security so selected for redemption, except with respect to Debt Securities of a series, that such Bearer Security may be exchanged for a Registered Security of that series so long as such Registered Security shall be immediately surrendered for redemption with written instructions for payment consistent with the provisions of the Indenture.

8

Unless otherwise indicated in an applicable prospectus supplement, payment of principal (and premium, if any) and interest, if any, on Bearer Securities will be payable, subject to any applicable laws and regulations, at the offices of such Paying Agents outside the United States as we may designate from time to time. However, at our option, payment of any interest may be made by check mailed to any address outside the United States or by transfer to an account maintained by the payee outside the United States. Unless otherwise indicated in an applicable prospectus supplement, payment of interest on Bearer Securities on any Interest Payment Date will be made only against surrender of the coupon relating to such Interest Payment Date. No payment with respect to any Bearer Security will be made at any office or agency of ours in the United States, by check mailed to any address in the United States, or by transfer to an account maintained in the United States. Payments will not be made in respect of Bearer Securities or coupons appertaining thereto pursuant to presentation or any other demand for payment to us or our designated Paying Agents within the United States. However, payment of principal of (and premium, if any) and interest, if any, on Bearer Securities denominated and payable in U.S. dollars will be made at the office of our Paying Agent in the United States if, and only if, payment of the full amount thereof in U.S. dollars at all offices or agencies outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions.

The Indenture contains provisions for convening meetings of the holders of Debt Securities of a series if Debt Securities of that series are issuable as Bearer Securities. A meeting may be called at any time by the Trustee, and also, upon request, by us or the holders of at least 10% in principal amount of the outstanding Debt Securities of such series, in any such case upon notice. Any resolution passed or decision taken at any meeting of holders of Debt Securities of any series duly held in accordance with the Indenture will be binding on all holders of Debt Securities of that series and the related coupons. With certain exceptions, the quorum at any meeting called to adopt a resolution, and at any reconvened meeting, will be persons holding or representing a majority in principal amount of the outstanding Debt Securities of a series.

CERTAIN COVENANTS IN THE INDENTURE

See page 11 for definitions of the capitalized terms used in the covenants described below.

Restrictions on Liens. We will not, nor will we permit any Restricted Subsidiary to, create, incur, issue, assume, guarantee or allow to exist any Secured Debt without effectively providing that the Debt Securities will be secured equally and ratably with such Secured Debt. These restrictions do not apply to debts secured by:

- . Mortgages on property, shares of stock or indebtedness of any corporation existing at the time such corporation becomes a Restricted Subsidiary;

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

- . Mortgages on property or shares of stock existing at the time of acquisition of such property or stock by us or a Restricted Subsidiary or existing as of June 28, 1991;
- . Mortgages to secure the payment of all or any part of the price of acquisition, construction or improvement of such property or stock by us or a Restricted Subsidiary, or to secure any Secured Debt incurred by us or a Restricted Subsidiary, prior to, at the time of, or within 90 days after, the later of the acquisition or completion of construction (including any improvements on an existing property), which Secured Debt is incurred for the purpose of financing all or any part of the purchase price thereof or construction of improvements thereon; provided, however, that, in the case of any such acquisition, construction or improvement, the Mortgage shall not apply to any property theretofore owned by us or a Restricted Subsidiary, other than, in the case of any such construction or improvement, any theretofore substantially unimproved real property on which the property or improvement so constructed is located;
- . Mortgages securing Secured Debt of a Restricted Subsidiary owing to us or to another Restricted Subsidiary;

9

- . Mortgages on property of a corporation existing at the time such corporation is merged into or consolidated with us or a Restricted Subsidiary or at the time of a sale, lease or other disposition of the properties of a corporation or firm as an entirety or substantially as an entirety to us or a Restricted Subsidiary;
- . Mortgages on property of ours or a Restricted Subsidiary in favor of the United States of America or any state thereof, or any department, agency or instrumentality or political subdivision of the United States of America or any state thereof, or in favor of any other country or any political subdivision thereof, or any department, agency or instrumentality of such country or political subdivision, to secure partial progress, advance or other payments pursuant to any contract or statute or to secure any indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of construction of the property subject to such Mortgages; or
- . Any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part of any Mortgage referred to in this summary of "Restrictions on Liens"; provided, however, that the principal amount of Secured Debt secured thereby shall not exceed the principal amount of Secured Debt so secured at the time of such extension, renewal or replacement, and that such extension, renewal or replacement shall be limited to all or a part of the property which secured the Mortgage so extended, renewed or replaced (plus improvements and construction on such property).

We and our Restricted Subsidiaries may, however, without securing the Securities, create, incur, issue, assume or guarantee Secured Debt if, after giving effect of the transaction, the aggregate of the Secured Debt then outstanding (not including Secured Debt permitted under the above exceptions) does not exceed 10% of our shareowners' equity as shown on our consolidated financial statements as of the end of the preceding fiscal year.

Restrictions on Sale and Leaseback Transactions. We will not, nor will we permit any Restricted Subsidiary to, enter into any Sale and Leaseback Transaction unless:

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

- . we or such Restricted Subsidiary would be entitled to create, incur, issue, assume or guarantee indebtedness secured by a Mortgage upon such property at least equal in amount to the Attributable Debt in respect of such arrangement without equally and ratably securing the Debt Securities; provided, however, that from and after the date on which such arrangement becomes effective, the Attributable Debt in respect of such arrangement shall be deemed, for all purposes under the "Restrictions on Liens" covenant above, to be Secured Debt subject to the provisions of such covenant;
- . since June 28, 1991 and within a period commencing twelve months prior to the consummation of such Sale and Leaseback Transaction and ending twelve months after the consummation of such Sale and Leaseback Transaction, we or Restricted Subsidiary, as the case may be, has expended or will expend for the Principal Property an amount equal to (A) the net proceeds of such Sale and Leaseback Transaction, and we elect to designate such amount as a credit against such Sale and Leaseback Transaction, or (B) a part of the net proceeds of such Sale and Leaseback Transaction and we elect to designate such amount as a credit against such Sale and Leaseback Transaction and applies an amount equal to the remainder of the net proceeds as provided in the following paragraph; or
- . such Sale and Leaseback Transaction does not come within the exceptions provided by the first paragraph above under "Restrictions on Sale and Leaseback Transactions" and we do not make the election permitted by the second paragraph under "Restrictions on Sale and Leaseback Transactions" or make such election only as to a part of such net proceeds, in either of which events we shall apply an amount in cash equal to the Attributable Debt in respect of such arrangement (less any amount elected under the second paragraph under "Restrictions on Sale and Leaseback Transactions") to the retirement, within 90 days of the effective date of any such arrangement, of indebtedness for

10

borrowed money of ours or any Restricted Subsidiary (other than indebtedness for borrowed money of ours which is subordinated to the Debt Securities) which by its terms matures at or is extendible or renewable at the sole option of the obligor without requiring the consent of the obligee to a date more than twelve months after the date of the creation of such indebtedness for borrowed money (it being understood that such retirement may be made by prepayment of such indebtedness for borrowed money, if permitted by the terms thereof, as well as by payment at maturity, and that at our option and pursuant to the terms of the Indenture, such indebtedness may include the Debt Securities).

Restrictions on Consolidation, Merger or Sale. We may not consolidate with or merge with or into, or transfer all or substantially all of our assets to, any person unless:

- . either we will be the resulting or surviving entity or the resulting or surviving entity is a corporation organized and existing under the laws of the United States, a state thereof or the District of Columbia;
- . the resulting or surviving entity expressly assumes, by supplemental indenture satisfactory to the Trustee, all our obligations under the Debt Securities and the Indenture; and

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

- . immediately before and immediately after giving effect to such transaction and treating any indebtedness which becomes our obligation as a result of such transaction as having been incurred by us at the time of such transaction, no Default or Event of Default shall have occurred or be continuing.

Definitions. "Attributable Debt," when applied to a Sale and Leaseback Transaction, means the present value (discounted at the weighted average interest rate borne by all Debt Securities outstanding at the time of such Sale and Leaseback Transaction discounted semi-annually) of the obligation of a lessee for net rental payments during the remaining term of any lease (including any period for which such lease has been extended).

"Mortgage" or "Mortgages" means any mortgage, pledge, lien, security interest or other encumbrances upon any Principal Property or on any shares of stock or indebtedness of any Restricted Subsidiary (whether such Principal Property, shares of stock or indebtedness are now owned or hereafter acquired).

"Principal Property" means each bottling plant or facility of ours or a Restricted Subsidiary located within the United States of America (other than its territories and possessions) or Puerto Rico, except any such bottling plant or facility that our Board of Directors by resolution reasonably determines not to be of material importance to the total business conducted by us and our Restricted Subsidiaries.

"Restricted Subsidiary" means any Subsidiary (i) substantially all of the property of which is located, or substantially all of the business of which is carried on, within the fifty states of the United States of America, the District of Columbia or Puerto Rico and (ii) which owns or leases any Principal Property.

"Sale and Leaseback Transaction" means any arrangement with any person providing for the leasing by us or any Restricted Subsidiary of any Principal Property whether such Principal Property is now owned or hereafter acquired (except for temporary leases for a term, including renewals at the option of the lessee, of not more than three years and except for leases between us and a Restricted Subsidiary or between Restricted Subsidiaries), which property has been or is to be sold or transferred by us or such Restricted Subsidiary to such person with the intention of taking back a lease of such property.

"Secured Debt" means notes, bonds, notes or other similar evidences of indebtedness for money borrowed secured by any Mortgage.

"Subsidiary" means any corporation of which stock having by its terms ordinary voting power to elect at least a majority of the board of directors of such corporation (irrespective of whether or not at the time stock of any other class or classes of such corporation shall have or might have voting power by reason of the happening of any contingency) is at the time directly or indirectly owned by us or by us and one or more Subsidiaries or by one or more Subsidiaries.

11

Events of Default

Any of the following will be Events of Default with respect to Debt Securities of a particular series:

- . failure to pay interest or any other amount payable on a Debt Security for 30 days;

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

- . failure to pay any principal or premium on any Debt Security of that series when due;
- . failure to make any sinking fund payment, when due, in respect of any Debt Security of that series;
- . failure to perform any other covenant in the Indenture for the benefit of such series or in the Debt Securities of such series that continue for 60 days after written notice as provided in the Indenture;
- . acceleration of any of our other indebtedness in excess of \$15,000,000 due to default;
- . certain events of bankruptcy, insolvency or reorganization; and
- . any other Event of Default specifically provided with respect to Debt Securities of that series.

If an Event of Default for any series of Debt Securities occurs and continues, either the Trustee or the holders of at least 25% in aggregate principal amount of that series of Debt Securities may declare the entire principal of all Debt Securities of that series to be due and payable immediately. If this happens, subject to certain conditions, the holders of a majority of the aggregate principal amount of that series of Debt Securities may be able to rescind the declaration if the default has been remedied. If an Event of Default resulting from certain events of bankruptcy, insolvency or reorganization occurs, the entire principal of all Debt Securities of all series will become due and payable immediately without any declaration or any act on the part of the Trustee or the holders of Debt Securities.

An Event of Default for a particular series of Debt Securities does not necessarily constitute an Event of Default for any other series of Debt Securities issued under the Indenture. It is possible for an Event of Default to occur with respect to one or more series of Debt Securities while other series are not affected.

Within 90 days after a default for any series of Debt Securities occurs, the Trustee must notify the holders of Debt Securities of that series of the default if it is known to the Trustee and we have not remedied it (a default means the events specified above without the grace periods or notice). The Trustee may withhold notice to the holders of such Debt Securities of any default (except in the payment of principal or interest) if it in good faith considers such withholding to be in the best interests of the holders. We are required to file an annual certificate with the Trustee, signed by an officer, about any default by us under any provisions of the Indenture.

Other than its duties in case of a default, a Trustee is not obligated to exercise any of its rights or powers under the Indenture at the request, order or direction of any holders, unless the holders offer the Trustee indemnity satisfactory to the Trustee. If they provide this indemnification satisfactory to the Trustee, the holders of a majority in principal amount of any series of Debt Securities may direct the time, method and place of conducting any proceeding or any remedy available to the Trustee, or exercising any power conferred upon the Trustee, for any series of Debt Securities, provided that such direction must not be in conflict with any law or the Indenture. Before exercising any right or power under the Indenture at the direction of such holders, the Trustee will be entitled to receive from such holders reasonable security or indemnity against the costs, expenses and liabilities which might be incurred by it in complying with any such direction.

Modification and Waiver

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

We and the Trustee may modify or amend the Indenture with the consent of 66 2/3% in principal amount of the outstanding Debt Securities of each series affected, except that no such modification or amendment may make any of the following changes without the consent of each holder affected:

- . change the maturity of any installment of principal of, or interest on, any Debt Security or any premium payable on the redemption price;

12

- . reduce the principal amount of, or the interest payable on, any Security;
- . change the coin or currency of any payment of principal, any premium, interest on any Debt Security;
- . impair the right to institute suit for the enforcement of any payment on or with respect to any Debt Security;
- . reduce the percentage of holders required to consent to a modification; or
- . modify the provisions above dealing with modification, except to increase any such percentage, and except to provide that other provisions of the Indenture cannot be modified or amended without the consent of the holder of each outstanding Debt Security affected thereby.

Except with respect to defaults in payment or deposit of any sinking fund payment, the holders of at least a majority in principal amount of outstanding Debt Securities of any series may, with respect to such series, waive past defaults under the Indenture and waive compliance by us with certain provisions of the Indenture.

Satisfaction and Discharge of Indenture

The Indenture allows us to terminate our obligations under the Indenture with respect to a particular series of Debt Securities if all the Debt Securities of such series previously authenticated and delivered (other than lost, destroyed or stolen Debt Securities of such series that have been replaced or paid) have been delivered to the Trustee for cancellation and we have paid all sums payable by us thereunder or if (i) the Debt Securities of a particular series have matured or will mature within one year or all of them are to be called for redemption within one year under arrangements satisfactory to the Trustee for giving the notice of redemption and (ii) we irrevocably deposit with the Trustee money sufficient to pay principal of and interest on such Debt Securities that are due or will become due upon redemption or maturity, as the case may be, and to pay all other sums payable by it thereunder. In such case, holders of such Debt Securities must look to the deposited money for payment.

Concerning the Trustee

The Chase Manhattan Bank, New York, New York, is the Trustee under the Indenture. We maintain banking relationships in the ordinary course of business with The Chase Manhattan Bank.

DESCRIPTION OF DEBT WARRANTS

The Debt Warrants are to be issued under Debt Warrant Agreements between us

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

and a bank or trust company, as Debt Warrant Agent, as set forth in a prospectus supplement. Selected provisions of the Debt Warrant Agreement and warrant certificates are summarized below. The summary is not complete, but a copy of the form of Debt Warrant Agreement, including certain alternative provisions, has been filed as an exhibit to the registration statement. See "Where To Find More Information" for information on how to locate the Debt Warrant Agreement.

General

The terms of Debt Warrants offered will be described in the applicable prospectus supplement; the description will include:

- . the aggregate principal amount and terms of the Debt Securities purchasable upon exercise of such Debt Warrants and the procedures and conditions relating to the exercise of such Debt Warrants;
- . the designation and terms of any related Debt Securities with which such Debt Warrants are issued and the number of such Debt Warrants issued with each such Debt Security;

13

- . the date, if any, when such Debt Warrants and the related Debt Securities will be separately transferable;
- . the principal amount of Debt Securities purchasable upon exercise of each Debt Warrant and the exercise price;
- . the date when the right to exercise such Debt Warrants begins and ends;
- . a discussion of material federal income tax considerations, if any; and
- . whether the Debt Warrants will be issued in registered or bearer form, and, if registered, where they may be transferred and registered.

Debt Warrant Certificates will be exchangeable for new Debt Warrant Certificates of different denominations and Debt Warrants may be exercised at the corporate trust office of the Debt Warrant Agent or any other office indicated in the prospectus supplement. Prior to the exercise of their Debt Warrants, Holders of Debt Warrants will not have any of the rights of holders of the Debt Securities purchasable upon such exercises and will not be entitled to payments of principal of (and premium, if any) or interest, if any, on the Debt Securities purchasable upon such exercise.

Exercise of Debt Warrants

Each Debt Warrant will entitle the Holder to purchase for cash such principal amount of Debt Securities at such exercise price as shall in each case be set forth in, or be determinable as set forth in, the prospectus supplement relating to the Debt Warrants offered thereby. Debt Warrants may be exercised at any time up to the close of business on the expiration date set forth in the prospectus supplement relating to the Debt Warrants offered by that document. After the close of business on the expiration date, unexercised Debt Warrants will become void.

Debt Warrants may be exercised as described in the prospectus supplement relating to the Debt Warrants offered by that prospectus supplement. Upon receipt of payment and the Debt Warrant Certificate properly completed and duly executed at the corporate trust office of the Debt Warrant Agent or any other

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

office indicated in the prospectus supplement, we will, as soon as practicable, forward the Debt Securities purchasable upon such exercise. If fewer than all of the Debt Warrants represented by such Debt Warrant Certificate are exercised, a new Debt Warrant Certificate will be issued for the remaining amount of Debt Warrants.

DESCRIPTION OF CURRENCY WARRANTS

Currency Warrants may be in the form of either: (i) Currency Put Warrants giving the holders the right to receive from us the cash settlement value in U.S. dollars of the right to sell a specified amount of a specified foreign currency or currency units for a specified amount of U.S. dollars or (ii) Currency Call Warrants giving the holders the right to receive from us the cash settlement value in U.S. dollars of the right to purchase a specified amount of a specified foreign currency or units of two or more currencies for a specified amount of U.S. dollars. The spot exchange rate of the applicable base currency, as compared to the U.S. dollar, will determine whether the Currency Warrants have a cash settlement value on any given day prior to their expiration.

The Currency Warrants are to be issued under a Currency Warrant Agreement between us and a bank or trust company, as Currency Warrant Agent (the "Currency Warrant Agent"), all as shall be set forth in the applicable prospectus supplement. Selected provisions of the Currency Warrant Agreement and warrant certificates are summarized below. The summary is not complete, but a copy of the form of Currency Warrant Agreement, is filed as an exhibit to the registration statement. See "Where To Find More Information" for information on how to locate the Currency Warrant Agreement.

14

General

The applicable prospectus supplement will describe the terms of Currency Warrants being offered by that prospectus supplement, including the following:

- . whether Currency Put Warrants or Currency Call Warrants will be offered;
- . the formula for determining the cash settlement value, if any, of each Currency Warrant;
- . the procedures and conditions relating to the exercise of such Currency Warrants;
- . when the Currency Warrants will be deemed to be automatically exercised;
- . any minimum number of Currency Warrants which must be exercised at any one time;
- . the dates the right to exercise such Currency Warrants will begin and end; and
- . a discussion of material federal income tax considerations, if any.

Book-Entry Procedures and Settlement

Except as may otherwise be provided in an applicable prospectus supplement, the Currency Warrants will be issued in book-entry form represented by a global Currency Warrant Certificate registered in the name of a depository or its nominee. Holders will not be entitled to receive definitive certificates representing Currency Warrants. A Holder's ownership of a Currency Warrant will

Edgar Filing: COCA COLA ENTERPRISES INC - Form 424B2

be recorded on or through the records of the brokerage firm or other entity that maintains such Holder's account. In turn, the total number of Currency Warrants held by an individual brokerage firm for its clients will be maintained on the records of the depository in the name of such brokerage firm or its agent. Transfer of ownership of any Currency Warrant will be effected only through the selling holder's brokerage firm.

The Cash Settlement Value will be paid by the Currency Warrant Agent to the depository. The depository will be responsible for crediting the amount of such payments to the accounts of participants or indirect participants in accordance with its standard procedures. Each participant or indirect participant will be responsible for disbursing such payments to the Holders that it represents and to each brokerage firm for which it acts as agent.
