The shares represented by your proxy will be voted at the Annual Meeting as therein specified (if the proxy is properly executed and returned, and not revoked). You may also revoke your proxy by attending the Annual Meeting and voting in person.

The shares represented by your proxy will be voted as indicated on your properly executed proxy. If no directions are given on the proxy, the shares represented by your proxy will be voted:

These proxy solicitation materials are first being mailed to the stockholders on or about July 31, 2009.

VOTING SECURITIES

Stockholders of record at the close of business on July 13, 2009 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting. As of the Record Date, (a) 27,820,060 shares of the Company's Class A Common Stock, \$0.001 par value ("Class A Common Stock"), were issued and outstanding and (b) 733,811 shares of the Company's Class B Common Stock, \$0.001 par value ("Class B Common Stock," and together with the Class A Common Stock, the "Common Stock"), were issued and outstanding.

Each holder of Class A Common Stock is entitled to one vote for each share of Class A Common Stock held as of the Record Date. Each holder of Class B Common Stock is entitled to ten (10) votes for each share of Class B Common Stock held as of the Record Date. Each share of Class B Common Stock is convertible at any time at the holder's option into one (1) share of Class A Common Stock. Stockholders do not have cumulative voting rights in the election of directors.

QUORUM; ABSTENTIONS; BROKER NON-VOTES

A majority of the aggregate combined voting power of the outstanding shares of Class A Common Stock and Class B Common Stock as of the Record Date must be present, in person or by proxy, at the Annual Meeting in order to have the required quorum for the transaction of business. If the aggregate voting power of the shares of Common Stock present, in person and by proxy, at the Annual Meeting does not constitute the required quorum, the Annual Meeting may be adjourned to a subsequent date for the purpose of obtaining a quorum.

Shares of Common Stock that are voted "FOR," "AGAINST" or "ABSTAIN" are treated as being present at the Annual Meeting for purposes of establishing a quorum. Shares that are voted "FOR," "AGAINST" or "ABSTAIN" with respect to a matter will also be treated as shares entitled to vote at the Annual Meeting (the "Votes Cast") with respect to such matter. Abstentions will be counted for purposes of quorum and will have the same effect as a vote "AGAINST" a proposal.

Broker non-votes (i.e., votes from shares of Common Stock held as of the Record Date by brokers or other custodians as to which the beneficial owners have given no voting instructions) will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but will not be counted for purposes of determining the number of Votes Cast with respect to a particular proposal on which the broker has expressly not voted. Accordingly, broker non-votes will not affect the outcome of the voting on a proposal.

DEADLINE FOR RECEIPT OF STOCKHOLDER PROPOSALS TO BE PRESENTED AT NEXT ANNUAL MEETING

The Company currently intends to hold its 2010 Annual Meeting of Stockholders on or about September 9, 2010. In order for any stockholder proposal submitted pursuant to Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), to be included in the Company's Proxy Statement to be issued in connection with the 2010 Annual Meeting of Stockholders, such stockholder proposal must be received by the Company no later than March 31, 2010. Any such stockholder proposal submitted, including any accompanying supporting statement, may not exceed 500 words, as per Rule 14a-8(d) of the Exchange Act. Any such stockholder proposals submitted outside the processes of Rule 14a-8 promulgated under the Exchange Act, which a stockholder intends to bring forth at the Company's 2010 Annual Meeting of Stockholders, will be untimely for purposes of Rule 14a-4 of the Exchange Act if received by the Company after June 14, 2010. All stockholder proposals must be made in writing addressed to the Company's Secretary, Mr. Loffredo, at 55 Madison Avenue, Suite 300, Morristown, New Jersey 07960.

REVOCABILITY OF PROXY

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Company's Secretary, Mr. Loffredo, a written notice of revocation, a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person. Attending the Annual Meeting in and of itself will not constitute a revocation of a proxy.

DISSENTERS' RIGHT OF APPRAISAL

Under Delaware General Corporation Law and the Company's Certificate of Incorporation, stockholders are not entitled to any appraisal or similar rights of dissenters with respect to any of the proposals to be acted upon at the Annual Meeting.

SOLICITATION

Proxies may be solicited by certain of the Company's directors, executive officers and regular employees, without additional compensation, in person, or by telephone, e-mail or facsimile. The cost of soliciting proxies will be borne by the Company. The Company expects to reimburse brokerage firms, banks, custodians and other persons representing beneficial owners of shares of Common Stock for their reasonable out-of-pocket expenses in forwarding solicitation material to such beneficial owners.

Some banks, brokers and other record holders have begun the practice of "householding" proxy statements and annual reports. "Householding" is the term used to describe the practice of delivering a single set of proxy statements and annual reports to any household at which two or more stockholders reside if a company reasonably believes the stockholders are members of the same family. This procedure would reduce the volume of duplicate information stockholders receive and would also reduce a company's printing and mailing costs. The Company will promptly deliver an additional copy of either document to any stockholder who writes or calls the Company. Any such written request should be directed to Investor Relations at 55 Madison Avenue, Suite 300, Morristown, New Jersey 07960, (973) 290-0080.

AVAILABILITY OF PROXY MATERIALS

A copy of the Company's Annual Report on Form 10-K accompanies this Proxy Statement. Such Annual Report is not a part of the proxy solicitation materials. Upon receipt of a written request, the Company will furnish to any shareholder, without charge, an additional copy of such Annual Report (without exhibits). Upon request and payment of \$0.10 (ten cents) per page, copies of any exhibit to such Annual Report will also be provided. Any such written request should be directed to the Company's Secretary at 55 Madison Avenue, Suite 300, Morristown, New Jersey 07960 or (973) 290-0080.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL SHAREHOLDER MEETING TO BE HELD ON SEPTEMBER 10, 2009: THE PROXY STATEMENT AND THE ANNUAL REPORT ARE AVAILABLE AT <http://investor.cinedigm.com/annuals.cfm>.

PROPOSAL ONE

The Board currently consists of eight (8) directors. All eight of the current members of the Board have been nominated for re-election. The directors shall be elected by a plurality of the Votes Cast at the Annual Meeting. A "plurality" means that the individuals who receive the largest number of Votes Cast are elected as directors up to the maximum number of directors to be elected at the Annual Meeting. If any nominee is not available for election at the time of the Annual Meeting (which is not anticipated), the proxy holders named in the proxy, unless specifically instructed otherwise in

the proxy, will vote for the election of such other person as the existing Board may recommend, unless the Board decides to reduce the number of directors of the Company.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE ELECTION OF THE NOMINEES NAMED ABOVE.

PROPOSAL TWO

APPROVE A CHANGE TO THE NAME OF THE COMPANY FROM “ACCESS INTEGRATED TECHNOLOGIES, INC.” TO “CINEDIGM DIGITAL CINEMA CORP.”

The Board unanimously adopted a resolution to submit to a vote of shareholders a special resolution to change the

name of the Company from changing the name of the Company from “Access Integrated Technologies, Inc.” to “Cinedigm Digital Cinema Corp.” If shareholders approve this proposal, the change in the Company’s name will become effective promptly after the Annual Meeting upon the filing by the Company of an amendment, in the form of the amendment attached hereto as Appendix A, to its certificate of incorporation with the Secretary of State of the State of Delaware reflecting the new name of the Company.

Purpose and Rationale for the Proposed Change of Name

The Company's new name and identity is designed to better represent the Company's leading position in the new paradigm in cinema entertainment made possible by its technology and services. The change also corresponds to the Company's leading industry role in digital cinema and continued expansion.

Effect of the Proposed Amendment

If approved by shareholders, the change in our name will not affect the validity or transferability of any existing share certificates that bear the name “Access Integrated Technologies, Inc.” If the proposed name change is approved, shareholders with certificated shares should continue to hold their existing share certificates. The rights of shareholders holding certificated shares under existing share certificates and the number of shares represented by those certificates will remain unchanged. Direct registration accounts and any new share certificates that are issued after the name change becomes effective will bear the name “Cinedigm Digital Cinema Corp.”

Our Class A Common Stock currently trades on The NASDAQ Global Market under the symbol “CIDM.” If the proposed name change is approved, our shares will continue to trade under this symbol. However, a new CUSIP number will be assigned to the Class A Common Stock shortly following the name change.

The Company has been doing business under the name “Cinedigm Digital Cinema Corp.” since November 2008, and the formal name change will result in an immaterial cost to the Company.

If the proposal to change our name is not approved, our name and CUSIP number will remain unchanged.

This proposal requires approval by a majority of the Votes Cast at the Annual Meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE APPROVAL OF THE CHANGE IN THE NAME OF THE COMPANY FROM “ACCESS INTEGRATED TECHNOLOGIES, INC.” TO “CINEDIGM DIGITAL CINEMA CORP.”

PROPOSAL THREE

APPROVAL OF THE ISSUANCE OF UP TO 500,000 ADDITIONAL SHARES OF THE COMPANY’S CLASS A COMMON STOCK IN CONNECTION WITH THE PAYMENT OF INTEREST ON THE 2007 SENIOR NOTES

In August 2007, the Company issued in a private placement to certain purchasers 10% senior notes due 2010 (the “2007 Senior Notes”) in the aggregate amount of \$55,000,000. The 2007 Senior Notes require that, on a quarterly basis, (a) interest be paid either in cash or, at the Company’s option and subject to certain conditions, in shares of Class A Common Stock (“Interest Shares”) and (b) the Company issue shares of Class A Common Stock to the purchasers as payment of additional interest owed under the 2007 Senior Notes based on a formula (“Additional Interest Shares”). The number of Additional Interest Shares required at any particular payment date is calculated pursuant to a formula based on the then-current market price of the Class A Common Stock, which price may be lower than the

market price of the Class A Common Stock at the time the private placement of the 2007 Senior Notes was consummated (the “Closing”). A factor of the formula is the volume weighted average price per share of Class A Common Stock during the 30 trading days prior to the payment date, but in no event may the number of Additional Interest Shares required at any particular payment date exceed 220,000. The volume weighted average price per share is the average price of the stock over a period of time, weighted for the amount of shares that are traded over the duration of the period. The number of shares required to satisfy a payment of interest made, if the Company so chooses, in Interest Shares is also calculated based on the volume weighted average price per shares of Class A Common Stock during the 30 trading days prior to the payment date. The actual formulas used to determine the number of shares of Class A Common Stock on any particular payment date can be found on page 17, with respect to Interest Shares, and on page 18, with respect to Additional Interest Shares, of the Form of Note on file

with the Securities and Exchange Commission (“SEC”) as Exhibit 4.1 to the Company’s Current Report on Form 8-K filed on August 29, 2007, available at http://www.sec.gov/Archives/edgar/data/1173204/000093244007000511/ex4-1_1232003.htm. Accordingly, because the number of shares required to satisfy any additional interest or interest payment fluctuates with the price per share of Class A Common Stock on the NASDAQ Global Market (“NASDAQ”) at the time such interest payment becomes due, the exact number of shares that will be needed for Additional Interest Shares and, in order to permit the Company flexibility in interest payment choices in accordance with the terms of the 2007 Senior Notes, Interest Shares, is unknown. When the Company issued the 2007 Senior Notes, it reserved such number of shares of Class A Common Stock for issuance such number of shares of Class A Common Stock as it deemed sufficient for the issuance of Additional Interest Shares and Interest Shares during the term of the 2007 Senior Notes. At the time the 2007 Senior Notes were issued, the price per share of the Class A Common Stock on NASDAQ was \$6.56. As of July 6, 2009, such price was \$1.03. Accordingly, more Additional Interest Shares and Interest Shares will be required to discharge an interest payment than previously estimated.

The Company’s Class A Common Stock is listed for trading on NASDAQ and, therefore, is subject to the rules and regulations of NASDAQ. Pursuant to the NASDAQ Qualitative Listing Requirements, including Rule 5635(d) (formerly called Rule 4350(i)), approval of the Company’s stockholders would be required for the issuance, in connection with a private placement of securities, of Class A Common Stock equal to 20% or more of the Class A Common Stock outstanding prior to such issuance if the issuance is made at less than market value of the stock. Because the number of shares comprising an issuance of Additional Interest Shares and/or Interest Shares is calculated based on then-current stock price, NASDAQ considers such issuance(s) to be at less than market value if the stock price at time of issuance is lower than at the Closing.

Immediately prior to the Closing, there were 24,236,579 shares of Class A Common Stock outstanding. Accordingly, 4,847,316 shares constituted 20% of the outstanding shares of Class A Common Stock. Therefore, we were initially able to issue 4,847,315 shares without triggering Rule 5635(d). At last year’s annual meeting of stockholders, we sought and obtained the approval of our stockholders for the issuance of an additional 1,800,000 shares of Class A Common Stock for this purpose, resulting in a total of 6,647,315 shares available for issuance for this purpose without triggering Rule 5635(d). As of July 6, 2009, the Company has already issued 2,905,362 shares of Class A Common Stock in payment of Additional Interest Shares and Interest Shares and can only issue another 3,741,954 shares prior to obtaining stockholder approval for any additional issuance(s). Depending upon the variations in stock price and based upon the current stock price, the Company estimates that it could need up to a total of approximately 7,147,315 shares (that is, approximately 500,000 additional shares beyond the 3,741,954 shares available to it without stockholder approval) to satisfy the requirement for Additional Interest Shares and the option for Interest Shares. In any event, the Company believes that it has sufficient shares available for the issuance of Additional Interest Shares as required by the 2007 Senior Notes through their original maturity in August 2010. Accordingly, the Company is seeking the approval of stockholders to issue up to an additional 500,000 shares of Common Stock in connection with the 2007 Senior Notes, which number of shares the Company believes will be sufficient through August 2010.

Approval of Proposal Three is being sought solely to allow the Company the flexibility in interest payment choices in accordance with the terms of the 2007 Senior Notes, and the Company has no plans, proposals or arrangements to issue any of the additional 500,000 shares of Class A Common Stock for which approval is being sought other than as Interest Shares or Additional Interest Shares. Further, the Company is not seeking authorization to issue the additional 500,000 shares of Class A Common Stock as an “anti-takeover” or defensive technique to deter unfriendly takeovers. However, if Proposal Three is approved, the Company would have to opportunities to issue shares of Class A Common Stock that might have the effect of deterring or frustrating a third-party transaction in which control of the Company is being sought, by diluting the stock ownership and voting power of a person or group seeking to obtain control of the Company.

In the event that stockholder approval is obtained and the Company issues an additional 500,000 shares of Class A Common Stock as Interest Shares and Additional Interest Shares, existing stockholders will experience dilution of their holdings. Based upon the 27,820,060 shares of Class A Common Stock currently outstanding, if all of the 6,647,315 shares of Class A Common Stock currently authorized for issuance as Interest Shares and Additional Interest Shares were so issued, they would constitute approximately 19.3% of the then-outstanding shares of Class A Common Stock, leaving the remaining 80.7% held by the Company's existing stockholders. If this Proposal Three is approved and the additional 500,000 shares of Class A Common Stock are issued as Interest Shares and Additional Interest Shares, the total 7,147,315 shares of Class A Common Stock issued as Interest Shares and Additional Interest Shares would constitute approximately 20.4% of the then-outstanding shares of Class A Common Stock, leaving the remaining 79.6% held by the Company's existing stockholders. The voting power

(taking into consideration the Class B Common Stock, which entitles a holder to ten (10) votes per share) of the existing stockholders would be similarly diluted. If all of the 6,647,315 shares of Class A Common Stock currently authorized for issuance as Interest Shares and Additional Interest Shares were so issued, they would constitute approximately 15.9% of the outstanding voting power, leaving the remaining 84.1% to be voted by the Company's existing stockholders. If this Proposal Three is approved and the additional 500,000 shares of Class A Common Stock are issued as Interest Shares and Additional Interest Shares, the total 7,147,315 shares of Class A Common Stock issued as Interest Shares and Additional Interest Shares would constitute approximately 16.9% of the outstanding voting power, leaving the remaining 83.1% to be voted by the Company's existing stockholders.

In the event that stockholder approval is not obtained, the Company will lose its ability to issue Interest Shares in lieu of cash for interest payments. However, the Board believes that the flexibility of having the option to pay interest in cash or by issuing Interest Shares would be in the best interests of the Company.

This proposal requires approval by a majority of the Votes Cast at the Annual Meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE ISSUANCE OF UP TO 500,000 ADDITIONAL SHARES OF THE COMPANY'S CLASS A COMMON STOCK IN CONNECTION WITH THE PAYMENT OF INTEREST ON THE 2007 SENIOR NOTES.

PROPOSAL FOUR

AMENDMENT TO SECOND AMENDED AND RESTATED 2000 EQUITY INCENTIVE PLAN TO INCREASE NUMBER OF SHARES ISSUABLE THEREUNDER

Our Board adopted the Company's 2000 Equity Incentive Plan (as subsequently amended, "the Plan"), on June 1, 2000 and, in July 2000, our stockholders approved the Plan by written consent. The Plan was amended and restated in January 2003 as the First Amended and Restated 2000 Stock Option Plan; it was further amended in September 2003, October 2004, September 2005 and September 2006; and it was further amended and restated in September 2007 as the Second Amended and Restated 2000 Equity Incentive Plan. The Plan was amended again in May 2008 and September 2008. Under the Plan, we may grant incentive and nonqualified stock options, stock, restricted stock, restricted stock units ("RSUs"), stock appreciation rights ("SARs"), performance awards and other equity-based awards. The Plan is administered by the Compensation Committee.

The Plan currently authorizes up to 3,700,000 shares of the Company's Class A Common Stock for issuance pursuant to awards made under the Plan. The Company believes that the availability of an additional 1,300,000 shares of the Company's Class A Common Stock under the Plan is in the best interests of the Company and its stockholders because the availability of an adequate equity incentive program is an important factor in attracting and retaining qualified officers and employees essential to the success of the Company (whether through acquisitions or otherwise) and in aligning their long-term interests with those of the stockholders. The increase in the number of shares of Class A Common Stock available for issuance under the Plan will permit the Company to continue the operation of the Plan for the benefit of new participants (either new hires to current operations or employees of acquired companies), as well as to allow additional awards to current participants.

Pursuant to this proposal, in the form of the amendment attached hereto as Appendix B, the Board proposes to amend the Plan to increase the number of shares of Class A Common Stock authorized for issuance under the Plan from 3,700,000 to 5,000,000.

This proposal requires approval by a majority of the Votes Cast at the Annual Meeting. As of July 6, 2009, stock options outstanding covering 2,310,622 shares of the Company's Class A Common Stock, 65,468 shares of restricted Class A Common Stock and restricted stock units covering 1,102,215 shares of Class A Common Stock that may be settled in cash or shares of Class A Common Stock or a combination thereof, at the Company's discretion, had been granted under the Plan.

Under the Plan, no participant may be granted incentive stock options with an aggregate fair market value, as of the date on which such options were granted, of more than \$100,000 becoming exercisable for the first time in any given calendar year. Options granted under the Second Amended and Restated Plan expire ten years following the date of grant (or such shorter period of time as may be provided in a stock option agreement or five years in the case

of incentive stock options granted to stockholders who own greater than 10% of the total combined voting power of the Company) and are subject to restrictions on transfer. Options granted under the Plan generally vest over periods up to three years. The Plan is administered by the Compensation Committee, and may be amended or terminated by the Board, although no amendment or termination may adversely affect the right of any individual with respect to any outstanding option without the consent of such individual.

The Plan provides for the granting of incentive stock options with exercise prices of not less than 100% of the fair market value of the Company's Class A Common Stock on the date of grant. Incentive stock options granted to stockholders of more than 10% of the total combined voting power of the Company must have exercise prices of not less than 110% of the fair market value of the Company's Class A Common Stock on the date of grant. Incentive and non-statutory stock options granted under the Second Amended and Restated Plan are subject to vesting provisions, and exercise is subject to the continuous service of the optionee, except for consultants. The exercise prices and vesting periods (if any) for non-statutory options may be set at the discretion of the Board or the Compensation Committee. Upon a change of control of the Company, all options (incentive and non-statutory) that have not previously vested will vest immediately and become fully exercisable. In connection with the grants of options under the Plan, the Company and the participants have executed stock option agreements setting forth the terms of the grants. Options covering no more than 500,000 shares may be granted to one participant during any calendar year unless pursuant to a multi-year award, in which case no more than options covering 500,000 shares per year of the award may be granted, and during which period no additional options may be granted to such participant.

The Plan also provides for the granting of Class A Common Stock, restricted Class A Common Stock, stock appreciation rights, restricted stock units and performance awards. Grants of restricted stock and restricted stock units are subject to vesting requirements, generally vesting over periods up to three years, determined by the Compensation Committee and set forth in notices to the participants. Grants of stock, restricted stock and restricted stock units shall not exceed 40% of the total number of shares available to be issued under the Plan.

Stock appreciation rights ("SARs") consist of the right to the monetary equivalent of the increase in value of a specified number of shares over a specified period of time. Upon exercise, SARs may be paid in cash or shares of Class A Common Stock or a combination thereof. Grants of SARs are subject to vesting requirements, similar to those of stock options, determined by the Compensation Committee and set forth in agreements between the Company and the participants. Restricted stock units ("RSUs") shall be similar to restricted stock except that no Class A Common Stock is actually awarded to the Participant on the grant date of the RSUs and the Compensation Committee shall have the discretion to pay such RSUs upon vesting in cash or shares of Class A Common Stock or a combination thereof.

Performance awards consist of awards of stock and other equity-based awards that are valued in whole or in part by reference to, or are otherwise based on, the market value of the Class A Common Stock, or other securities of the Company, and may be paid in shares of Class A Common Stock, cash or another form of property as the Compensation Committee may determine. Grants of performance awards shall entitle participants to receive an award if the measures of performance established by the Committee are met. Such measures shall be established by the Compensation Committee but the relevant measurement period for any performance award must be at least 12 months. Grants of performance awards shall not cover the issuance of shares that would exceed 20% of the total number of shares available to be issued under the Plan, and no more than 500,000 shares pursuant to any performance awards shall be granted to one participant in a calendar year unless pursuant to a multi-year award. The terms of grants of performance awards would be set forth in agreements between the Company and the participants.

Our Class A Common Stock is listed for trading on NASDAQ under the symbol "CIDM". The last reported closing price per share of our Class A Common Stock as reported by NASDAQ on July 6, 2009 was \$1.03 per share.

Federal Income Tax Consequences

The federal income tax consequences of the issuance and/or exercise of awards under the Plan are as described below. The following information is not a definitive explanation of the tax consequences of the awards, and recipients should consult with their own tax advisors with respect to the tax consequences inherent in the ownership and/or exercise of the awards, and the ownership and disposition of any underlying securities. Tax consequences will also vary depending upon the jurisdiction where the recipient of the award may reside.

Incentive Stock Options

No taxable income is recognized by the optionee at the time of the option grant, and no taxable income is generally recognized at the time the option is exercised, provided that the optionee may incur alternative minimum tax liability upon exercise. The optionee will, however, recognize taxable income in the year in which the purchased shares of Class A Common Stock are sold or otherwise made the subject of a taxable disposition.

For federal tax purposes, dispositions are divided into two categories: (i) qualifying and (ii) disqualifying. A qualifying disposition occurs if the sale or other disposition is made after the optionee has held the shares of Class A Common Stock for more than two (2) years after the option grant date and more than one (1) year after the exercise date. If either of these two holding periods is not satisfied, then a disqualifying disposition will result.

Upon a qualifying disposition, the optionee will recognize long-term capital gain in an amount equal to the excess of (i) the amount realized upon the sale or other disposition of the purchased shares over (ii) the exercise price paid for the shares. If there is a disqualifying disposition of the shares of Class A Common Stock, then the excess of (i) the fair market value of those shares on the exercise date over (ii) the exercise price paid for the shares will be taxable as ordinary income to the optionee.

If the optionee makes a disqualifying disposition of the purchased shares of Class A Common Stock, then the Company will be entitled to an income tax deduction, for the taxable year in which such disposition occurs, equal to the excess of (i) the fair market value of such shares on the option exercise date over (ii) the exercise price paid for the shares. In no other instance will the Company be allowed a deduction with respect to the optionee's disposition of the purchased shares of Class A Common Stock.

Nonqualified Stock Options

No taxable income is recognized by an optionee upon the grant of a non-statutory option. The optionee will in general recognize ordinary income in the year in which the option is exercised, equal to the excess of the fair market value of the purchased shares of Class A Common Stock on the exercise date over the exercise price paid for the shares, and tax withholding requirements will apply to such income.

The Company will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the optionee with respect to the exercised non-statutory option. The deduction will in general be allowed for the taxable year of the Company in which such ordinary income is recognized by the optionee.

Restricted Shares

A recipient will not be taxed at the date of an award of restricted shares, provided that the restricted shares are subject to substantial risk of forfeiture, but will be taxed at ordinary income rates on the fair market value of any restricted shares as of the date that the restrictions lapse. However, the recipient of restricted shares may elect, within 30 days after transfer of such shares to the recipient, under Section 83(b) of the Internal Revenue Code to include in income the fair market value of the restricted shares as of the date of such transfer. At the time the shares are included in income, the Company will be entitled to a corresponding deduction. Any disposition of shares after restrictions lapse will be subject to the regular rules governing long-term and short-term capital gains and losses, with the basis for this purpose equal to the fair market value of the shares at the end of the restricted period (or on the date of the transfer of the restricted shares, if the employee elects to be taxed on the fair market value upon such transfer.

Stock Appreciation Rights

A recipient who is granted a SAR will not recognize any taxable income on the receipt of the SAR. Upon the exercise of an SAR, (a) the recipient will recognize ordinary income equal to the excess of the fair market value of the shares on the exercise date over the exercise price for the SAR and (b) the Company will be entitled to a deduction on the date of exercise in an amount equal to the ordinary income recognized by the recipient.

Restricted Stock Unit

A recipient who is granted a RSU will not recognize any taxable income on the receipt of the RSU. Upon the vesting of an RSU, (a) the recipient will recognize ordinary income equal to the fair market value of the shares issued at the time the RSUs are paid out and (b) the Company will be entitled to a deduction on the date of vesting in an amount equal to the ordinary income recognized by the recipient.

Performance Awards and Stock Awards

A recipient will recognize ordinary income equal to any cash that is paid and the fair market value of the Class A Common Stock (on the date that the shares are first transferable and not subject to a substantial risk of forfeiture) that is received in settlement of an award of performance units or as a stock award.

Effects on the Company

The Company generally will be entitled to claim a federal income tax deduction on account of the exercise of a nonqualified stock option or SAR or upon the taxability to the recipient of restricted stock, restricted stock units, or the settlement of a performance award (subject to tax limitations on the Company's deductions in any year that certain remuneration paid to certain executives exceeds \$1 million). The amount of the deduction is equal to the ordinary income recognized by the recipient. The Company will not be entitled to a federal income tax deduction on account of the grant or the exercise of an incentive stock option unless the recipient has made a "disqualifying disposition" of the shares acquired on exercise of the incentive stock option, in which case the Company will be entitled to a deduction at the same time and in the same amount as the recipient's recognition of ordinary income.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE ADOPTION OF THE AMENDMENT TO THE PLAN TO INCREASE THE NUMBER OF SHARES ISSUABLE UNDER THE PLAN.

PROPOSAL FIVE

RATIFICATION OF THE APPOINTMENT OF OUR INDEPENDENT AUDITORS

The Board has selected the firm of Eisner LLP as our independent auditors for the fiscal year ending March 31, 2010, subject to ratification by our stockholders at the Annual Meeting. Eisner LLP has been our independent auditors since the fiscal year ended March 31, 2005. No representative of Eisner LLP is expected to be present at the Annual Meeting.

More information about our independent auditors is available under the heading "Independent Auditors" on page 29 below.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF EISNER LLP AS OUR INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING MARCH 31, 2010.

OTHER MATTERS

The Board does not know of any other matters that may be brought before the Annual Meeting. However, if any such other matters are properly brought before the Annual Meeting, the proxies may use their own judgment to determine how to vote your shares.

MATTERS RELATING TO OUR GOVERNANCE

Board of Directors

The Board intends to meet at least quarterly and the independent directors serving on the Board intend to meet in executive session (i.e., without the presence of any non-independent directors and management) at least twice a year. During the fiscal year ended March 31, 2009 (the “Last Fiscal Year”), the Board held four meetings and the Board members acted eight times by unanimous written consent in lieu of holding a meeting. Each current member of the Board, who was then serving, attended at least 75% of the total number of meetings of the Board and of the committees of the Board on which they served in the Last Fiscal Year. Messrs. Clevenger, Crotty, Davidoff, Finlay, Mizel and Mulholland are considered “independent” under the rules of the NASDAQ.

One director resigned for personal reasons, and no director declined to stand for reelection to the Board for any reason, during the Last Fiscal Year. After such resignation and in accordance with the Company’s By-laws, a new director was elected to the Board. The Board currently does not provide a process for stockholders to send communications to the Board. In the opinion of the Board, it is appropriate for the Company not to have such a process in place because the Board believes there is currently not a need for a formal policy due to, among other things, the limited number of stockholders of the Company. While the Board will, from time to time, review the need for a formal policy, at the present time, stockholders who wish to contact the Board may do so by submitting any communications to the Company’s Secretary, Mr. Loffredo, at 55 Madison Avenue, Suite 300, Morristown, New Jersey 07960, with an instruction to forward the communication to a particular director or the Board as a whole. Mr. Loffredo will receive the correspondence and forward it to any individual director or directors to whom the communication is directed.

The Company does not currently have a policy in place regarding attendance by Board members at the Company’s annual meetings. However, each of the current directors, who were then serving, attended the 2008 Annual Meeting of Stockholders, and each currently intends to attend this Annual Meeting.

The Board has three standing committees, consisting of an Audit Committee, a Compensation Committee and a Nominating Committee.

Audit Committee

The Audit Committee consists of Messrs. Clevenger, Davidoff and Finlay. Mr. Finlay is the Chairman of the Audit Committee. The Audit Committee held four meetings in the Last Fiscal Year. The Audit Committee has met with the Company’s management and the Company’s independent registered public accounting firm to review and help ensure the adequacy of its internal controls and to review the results and scope of the auditors’ engagement and other financial reporting and control matters. Both Messrs. Clevenger and Davidoff are financially literate, and Mr. Davidoff is financially sophisticated, as those terms are defined under the rules of the NASDAQ. Mr. Davidoff is also a financial expert, as such term is defined under the Sarbanes-Oxley Act of 2002. Messrs. Clevenger, Davidoff and Finlay are considered “independent” under the rules of the NASDAQ.

The Audit Committee has adopted a formal written charter which was attached as Appendix B to the Company's proxy statement for its annual meeting of stockholders held on September 18, 2007 (the "Audit Charter"). The Audit Charter is available on the Company's Internet website at www.cinedigmc Corp.com. The Audit Committee is responsible for ensuring that the Company has adequate internal controls and is required to meet with the Company's auditors to review these internal controls and to discuss other financial reporting matters. The Audit Committee is also responsible for the appointment, compensation and oversight of the auditors. Additionally, the Audit Committee is responsible for the review and oversight of all related party transactions and other potential conflict of interest situations between the Company and its officers, directors, employees and principal stockholders.

Compensation Committee

The Compensation Committee consists of Messrs. Davidoff, Clevenger, Crotty and Mulholland. Mr. Clevenger is the Chairman of the Compensation Committee. The Compensation Committee met four times during the Last Fiscal

Year. The Compensation Committee, based on recommendation by the Company's CEO, approves the compensation package of the Company's CEO and the levels of compensation and benefits payable to the Company's other executive officers, reviews general policy matters relating to employee compensation and benefits and recommends to the entire Board, for its approval, stock option and other equity-based award grants to its executive officers, employees and consultants and discretionary bonuses to its executive officers and employees. The Compensation Committee approves the compensation package of the Company's directors. The Compensation Committee has the authority to appoint and delegate to a sub-committee the authority to make grants and administer bonus and compensation plans and programs. Messrs. Clevenger, Crotty, Davidoff, and Mulholland are considered "independent" under the rules of the NASDAQ.

The Compensation Committee adopted a formal written charter (the "Compensation Charter") which was attached as Appendix C to the Company's proxy statement for its annual meeting of stockholders held on September 4, 2008. The Compensation Charter sets forth the duties, authorities and responsibilities of the Compensation Committee. The Compensation Charter is available on the Company's Internet website at www.cinedigmcop.com.

During the Last Fiscal Year, the Compensation Committee engaged HR & Survey Solutions, LLC, a compensation consulting firm, for the limited purpose of reviewing the bonus structure for the Company. The consultant advised the Compensation Committee on the bonuses for certain management employees, including the restricted stock awards discussed above, and is helping develop a management incentive program for the future.

Nominating Committee

The Nominating Committee consists of Messrs. Clevenger and Davidoff. Mr. Davidoff is the Chairman of the Nominating Committee. The Nominating Committee held two meetings during the Last Fiscal Year. The Nominating Committee evaluates and approves nominations for annual election to, and to fill any vacancies in, the Board and recommends to the Board the directors to serve on committees of the Board. Messrs. Clevenger and Davidoff are considered "independent" under the rules of the NASDAQ.

The Nominating Committee adopted a formal written charter (the "Nominating Charter") which was attached as Appendix D to the Company's proxy statement for its annual meeting of stockholders held on September 4, 2008. The Nominating Charter sets forth the duties and responsibilities of the Nominating Committee and the general skills and characteristics that the Nominating Committee employs to determine the individuals to nominate for election to the Board. The Nominating Charter is available on the Company's Internet website at www.cinedigmcop.com.

The Nominating Committee will consider any candidates recommended by stockholders. In considering a candidate submitted by stockholders, the Nominating Committee will take into consideration the needs of the Board and the qualification of the candidate. Nevertheless, the Board may choose not to consider an unsolicited recommendation if no vacancy exists on the Board and/or the Board does not perceive a need to increase the size of the Board. Stockholders should submit any recommendations of director candidates for the Company's 2009 Annual Meeting of Stockholders to the Company's Secretary, Mr. Loffredo, at 55 Madison Avenue, Suite 300, Morristown, New Jersey 07960 in accordance with the procedures set forth above under the heading "Deadline for Receipt of Stockholder Proposals to be Presented at Next Annual Meeting."

There are no specific minimum qualifications that the Nominating Committee believes must be met by a Nominating Committee-recommended director nominee. However, the Nominating Committee believes that director candidates should, among other things, possess high degrees of integrity and honesty; have literacy in financial and business matters; have no material affiliations with direct competitors, suppliers or vendors of the Company; and preferably have experience in the Company's business and other relevant business fields (for example, finance, accounting, law and banking).

Members of the Nominating Committee meet in advance of each of the Company's annual meetings of stockholders to identify and evaluate the skills and characteristics of each director candidate for nomination for election as a director of the Company. The Nominating Committee reviews the candidates in accordance with the skills and qualifications set forth in the Nominating Charter and the rules of the NASDAQ. There are no differences in the manner in which the Nominating Committee evaluates director nominees based on whether or not the nominee is recommended by a stockholder.

Code of Business Conduct and Ethics

We have adopted a code of ethics applicable to all members of the Board, executive officers and employees. Such code of ethics is available on our Internet website, www.cinedigmcorp.com. We intend to disclose any amendment to, or waiver of, a provision of our code of ethics by filing a Current Report on Form 8-K with the SEC.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy and Objectives

Cinedigm's executive compensation philosophy is focused on enabling the Company to hire and retain qualified, motivated executives while meeting its business needs and objectives. Consistent with this philosophy, the executive compensation program (the "Compensation Program") has been designed around the following objectives:

- Provide competitive compensation levels to enable the recruitment and retention of highly qualified executives.
- Design incentive programs that strengthen the link between pay and corporate performance to encourage and reward excellence and contributions that further Cinedigm's success.
- Align the interests of executives with those of shareholders through grants of equity-based compensation that also provide opportunities for ongoing executive ownership.

An overriding principle in delivering on these objectives is to ensure that compensation decisions are made in the Company's best financial interests, such that incentive awards are both affordable and reasonable, taking into account Company performance and considering the interests of all stakeholders.

Cinedigm became a public company in 2003 under the name Access Integrated Technologies, Inc. The Company adopted the name Cinedigm Digital Cinema Corp. in 2008 to better represent its position in the new paradigm in cinema entertainment. Following several years of significant growth, revenue growth slowed in the past fiscal year, yet both revenue and EBITDA did increase. Going forward, the Company faces the challenges of continuing to grow in a new and evolving market against the backdrop of a severe economic downturn.

As the Company has evolved, so too has the Compensation Program. Initially focused on revenue growth, the Compensation Program was restructured last year to reward the Chief Executive Officer ("CEO") for achieving strategic goals and increasing shareholder value. Going forward, the Company is focused on improving both shareholder returns and its cash position. Decisions about the compensation for the other Named Executive Officers ("NEOs") historically have been more discretionary in nature. In the fiscal year just ended, a stronger emphasis was placed on linking pay to performance, and each NEO was assessed on achievement of specific factors (see Factors for Determining Incentive Award for an explanation of the factors used to assess each NEO). The Company intends to continue to strengthen the pay-for-performance linkage going forward.

The Compensation Program consists of base salary, annual incentives, and long-term equity compensation. In addition, all NEOs receive some modest personal benefits and perquisites. The Company does not, however, provide supplemental retirement benefits for NEOs; retirement benefits are accumulated through the Company's 401(k) Plan which is open to all employees. Among the NEOs, only the CEO has an employment agreement.

The Compensation Committee annually reviews the executive compensation elements and assesses the integrity of the Compensation Program as a whole to ensure that it continues to be aligned with the Company's compensation objectives, and thus, supports the attainment of Company goals. Periodically, the Company reviews competitive compensation levels, mix and practices to ensure all Compensation Program features continue to be in line with the market, while still reflecting the unique needs of our business model. Additionally, in response to business and talent needs, executive management brings compensation proposals to the Compensation Committee which then reviews the proposal and either approves or denies the proposed changes.

Competitive Positioning and Mix of Pay

Benchmarking

The primary source of peer data for executives is a customized peer group developed to reflect competitors for business and talent. The peer group was established as part of a comprehensive benchmarking assessment undertaken by the Compensation Committee (working with an outside consulting firm, HR+Survey Solutions, LLC) at the end of 2007. While company size is a significant driver of compensation levels (as it is a fairly consistent indicator of an executive's scope of responsibility), only a limited number of public companies are comparable to Cinedigm in terms of size and business. In addition, the Company is in a growth mode, and it needs to make comparisons to companies with revenues that represent where Cinedigm aspires to be as well as to companies with revenues that are closer in range to Cinedigm's current size. Therefore, peer companies were selected based on the following considerations:

- Company size: Peer company revenues range from \$101 million to \$790 million; median revenue for the peer group is \$290 million.
- Industry: Selected companies occupy a similar space in the market and are working toward achieving "breakthroughs" in the technological process.
- Company maturity: Selected companies are in a growth mode.

The peer group includes the following six companies: Akamai Technologies, DG FastChannel, Inc., IMAX Corporation, Macrovision Corp., National CineMedia, Inc., and TIVO Inc.

In the most recent competitive assessment analysis (conducted at the end of 2007), the CEO's base salary and total cash compensation, relative to the peer group, was found to be positioned at 107% of the 75th percentile while total direct compensation was 84% of median. While the Compensation Committee has not defined a targeted pay positioning for the NEOs, such prominent positioning was appropriate in the Compensation Committee's view because the CEO is the primary driver of the business. Since that review, the Compensation Committee has taken steps to shift a larger portion of pay into variable vehicles (see CEO Compensation Arrangements below).

The other NEOs are positioned at the median of the peer group for base salary and below median for total compensation. It is the belief of the Compensation Committee that the available talent pool to fill these positions is broader than the pool for the CEO. Thus, while these positions are paid below the median of the peer group, the Compensation Committee believes that their pay levels, and potential opportunity for wealth creation through stock grants, are robust enough to retain and motivate them.

The Compensation Committee elected not to conduct a competitive analysis of executive compensation elements this year because the market data would represent company information reported prior to the economic downturn, which could make the information less useful for decision-making. The Compensation Committee believed that the resources required to conduct the analysis could be better spent elsewhere in the Company. The Compensation Committee expects to resume the competitive analysis in the near future when there is added value from the information. In the mean time, the Compensation Committee will reference the prior study for benchmarking and published and private surveys to assess executive compensation trends and practices as needed.

Going forward, the Compensation Committee plans to continue its work to establish a comprehensive framework for assuring pay is competitive and performance-based. Identifying the peer group was the first step; the Compensation Committee will continue to develop elements of such a framework in keeping with the Company's executive compensation philosophy in the future. For the 2009/2010 fiscal year, the Compensation Committee expects to implement a formal annual incentive plan for thirteen Cinedigm executives including the NEOs. The plan will have pre-established threshold, maximum and target levels of incentive awards defined as a percentage of a participant's

salary. Payouts will be based on two sets of measures and goals, with the first set triggering plan funding and the second set used to determine the size of the awards. This second set of goals will represent a combination of corporate, segment, division, and individual metrics.

Pay Mix

The Company is evolving from a pay philosophy that emphasized fixed pay to one that believes a substantial portion of each executive's compensation should be at risk and dependent upon performance. Currently, the mix of pay for NEOs, except the CEO, favors base salary. In contrast, the CEO's current pay mix is weighted toward variable pay.

Going forward, the Company plans to deliver a greater proportion of total compensation through variable elements. While the Compensation Committee has not adopted a targeted mix of either long-term to short-term, fixed to variable, or equity and non-equity compensation, they have taken steps to increase the portion of variable compensation. Steps in this direction include grants of performance-based restricted stock units ("RSUs") to the NEOs, the elimination in 2008 of the CEO's guaranteed bonus, and holding the CEO's salary at its 2005 level and providing a three-year loading grant of stock options (in 2008).

Elements of Compensation

Base Salary

Base salaries are fixed compensation with the primary function of aiding in attraction and retention. These salaries are reviewed annually as well as at the time of a promotion or other change in responsibilities. Increases are based on an evaluation of the previous year's performance of the Company and the executive, the relative strategic importance of the position, market conditions, and competitive pay levels.

All NEOs except the CEO last received a salary increase on May 1, 2008. The salary increases for these executives were informed by the competitive peer group analysis and took into consideration each executive's performance contribution. The CEO recommended the amounts to the Compensation Committee for their approval. Mr. Goldwater received an increase of 7%. Messrs. Loffredo's and Pflug's salaries increased by approximately 14% and Mr. Butkovsky's increased by 10%. Mr. Mayo did not receive a salary increase, reflecting the plan to transition the focus of his compensation to variable pay, and maintain his salary at a level appropriate to the CEO of a public company of the Company's size and scope.

NEO salaries will remain at current levels throughout the new fiscal year, with no salary increases planned. The decision to maintain salaries at current levels and forgo salary increases reflects the Compensation Committee's plan to deliver a greater proportion of compensation through variable components over time.

Annual Incentive Awards

The CEO is eligible to receive an annual incentive award, paid partially in cash and partially in restricted stock. The Compensation Committee assesses the CEO's performance against achievement of the measures/goals cited above to determine an appropriate incentive payment. (See CEO Compensation Arrangements, below, for further explanation of award).

The other NEOs are also eligible to receive a discretionary annual incentive cash award, with respect to which the CEO makes recommendations to the Compensation Committee for its review and approval. To recognize performance for the fiscal year ended March 31, 2009, the CEO and Compensation Committee assessed the factors cited below taking into consideration the difficult economic climate. The Compensation Committee approved the following cash awards: \$37,500 to Mr. Goldwater, \$25,000 to Mr. Loffredo, \$20,000 each to Messrs. Butkovsky and Pflug.

Factors for Determining Incentive Awards

All NEOs were assessed against a set of factors (listed in the chart below) that align with the Company's strategic objectives; no one factor was given any particular weighting. The Compensation Committee considered the level of performance achieved in making decisions about incentives for the fiscal year ended March 31, 2009.

Long-Term Incentive Awards

The Compensation Committee annually considers long-term incentive awards, for which it has the authority to grant a variety of equity-based awards. The primary objective of such awards is to align the interests of executives with those of shareholders by increasing executive ownership and fostering a long-term focus. In recent years, such awards have been made after fiscal year end in order to permit consideration of year-end performance.

Long-term incentive awards for the NEOs have historically consisted of stock options. To incorporate an additional equity vehicle into the Compensation Plan, starting in 2008 NEOs became eligible for grants of RSUs. These grants were designed to aid in retention, provide a discretionary reward for performance, increase executive ownership, and focus NEOs on improving share price.

As part of the approach to shift the CEO's compensation toward more variable pay and strengthen the tie to long-term performance, the CEO received a grant of RSUs in April 2009. He also received a stock option grant in 2008, which

was structured to deliver a portion of the shares (429,997) in March 2008 and the remainder (320,003 shares) in September 2008, as the issuance of the 320,003 stock options was subject to shareholder approval, which was obtained at the Company's 2008 Annual Meeting of Stockholders held on September 4, 2008 (discussed in more detail below).

The other NEOs also received a grant of RSUs in April 2009. These grants were recommended by the CEO and authorized by the Compensation Committee after the end of fiscal year ended March 31, 2009. These RSU grants were designed to aid in retention, provide a modest discretionary reward for performance, increase executive ownership, and focus NEOs on improving share price. The size of the grants, based on the value of such grants at the then-current stock price, were calibrated against competitive levels to ensure an appropriately sized reward. Grant levels were as follows: 50,000 RSUs to Mr. Goldwater; 35,000 RSUs to Mr. Loffredo; 25,000 RSUs each to Messrs. Butkovsky and Pflug. The grant featured accelerated vesting based on stock price appreciation. The RSUs will fully vest at the end of year one if the stock price achieves \$12.00 per share for 10 consecutive trading days (a “10-day period”) during such year. If stock price reaches \$9.50 per share for a 10-day period during year one, two-thirds of the shares vest; a stock price of \$7.00 per share for a 10-day period during year one triggers one-third of the shares to vest. No vesting occurs if the stock price does not achieve at least \$7.00 per share for a 10-day period during that year. The same schedule applies in year two of the grant. At the end of year three, all remaining unvested shares vest regardless of price. The RSUs may be settled in stock or cash or a combination thereof, at the Company’s discretion.

CEO Compensation Arrangements

As explained above, Mr. Mayo, the President and CEO, is also the founder of the Company. Historically, his compensation has been determined pursuant to the terms of his employment agreement and has reflected his leadership and influence as the driving force behind the Company’s success. As the Company has evolved, the Compensation Committee, while recognizing the continued importance of his leadership and influence, has taken actions to shift the CEO’s pay such that base salary becomes less prominent, and performance-based variable compensation opportunity comprises a larger portion of overall pay. These steps align Mr. Mayo’s compensation with those of CEOs in peer companies by holding his base salary at its 2005 level and revising his variable compensation arrangements to include performance-based annual and long-term incentives.

In keeping with the Compensation Committee’s objective to emphasize the movement towards more variable compensation and greater linkage of pay for performance, a larger portion of the CEO’s total compensation is based on stock price performance. Specifically, the Compensation Committee has:

- Maintained Mr. Mayo’s base salary at the 2005 level with no increases.
- Authorized that half of the CEO’s bonus above the threshold amount be paid in restricted stock.
- Eliminated a provision in the CEO’s contract that guaranteed a portion of the annual bonus.
- Approved a one-time three-year grant of stock options (granted in 2008).
 - Approved grants of RSUs.

As a result of these actions, Mr. Mayo’s total cash compensation has moderated overall, and a greater proportion of equity-based compensation is awarded dependent on achievement of performance in strategic areas. The following is a summary of the recent compensation awards:

Base Salary: In the Last Fiscal Year, Mr. Mayo received a base salary of \$600,000 (maintained at 2005 levels).

Annual Incentive: Mr. Mayo received a threshold level performance cash award of \$240,000. The award was based on performance in the Last Fiscal Year in for the performance goals/measures identified in the chart above (see Factors for Determining Incentive Awards) that align with the Company’s strategic objectives. The Compensation Committee assessed actual performance in these areas and developed an overall consensus regarding the CEO’s performance and a corresponding incentive payout. In formulating the assessment, the Compensation Committee also took into consideration the impact of the economic downturn. The Compensation Committee determined that a threshold-level annual incentive award would be appropriate for the fiscal year ending March 31, 2009.

The performance cash award is designed such that Mr. Mayo may receive a target award equal to 75% of salary. Incentive awards begin to pay out at a threshold level of performance. Achieving threshold performance can result in an award equal to 50% of the target award. Payments are capped at 175% of the target award. Performance between the specified levels results in pro-rated payments.

Total Cash Compensation: Mr. Mayo's total cash compensation has decreased over the last two years, as the Compensation Committee has shifted his opportunity towards long-term incentives and stock awards.

Long-Term and Stock Awards: Mr. Mayo received a grant of 94,340 RSUs, as payment of a portion of Mr. Mayo's bonus for the fiscal year ending March 31, 2009. In addition, as noted above, Mr. Mayo received a one-time grant of

750,000 stock options representing a multi-year award of 250,000 shares per year for the three fiscal years 2009, 2010 and 2011 of Mr. Mayo's employment agreement. A portion of that grant, 320,003 shares was subject to shareholder approval, which was obtained at the Company's 2008 Annual Meeting of Stockholders held on September 4, 2008. As with the RSUs (see discussion of Restricted Stock Units above), the stock option grant vests at the end of three years, but has an accelerated vesting based on stock price appreciation. This performance acceleration feature heightens the emphasis on the linkage between executive compensation and shareholder returns.

The equity components reflect the Compensation Committee's decision (made at the end of the fiscal year ending March 31, 2008) to shift Mr. Mayo's compensation towards variable components with a greater long-term focus, and to strengthen the alignment between his compensation and shareholder interests.

Personal Benefits and Perquisites

In addition to the benefits provided to all employees and grandfathered benefits (provided to all employees hired before January 1, 2005), NEOs are eligible for an annual physical; an allowance of \$4,000 to cover any unreimbursed healthcare costs; and supplemental life insurance coverage of \$200,000. The CEO only is eligible for a long-term care policy and a \$5 million key-man life insurance policy, the proceeds of which shall be used to repurchase, after reimbursement of all premiums paid by the company, the CEO's stock from his estate in the event of his death.

It is the Company's policy to provide minimal and modest perquisites to the NEOs, including an annual automobile allowance.

Employment Agreement for CEO

The Company provides an employment agreement to the CEO as a means of retention during periods of uncertainty and operational challenge. Additionally, the employment agreement includes non-compete and non-solicitation provisions. The provisions for severance benefits are at typical competitive levels. See page 23 for a description of the material terms of Mr. Mayo's employment agreement.

Stock Ownership Guidelines

The Company does not maintain formal stock ownership guidelines.

Policy on Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits the deductibility of compensation in excess of \$1 million paid to certain executive officers named in this proxy statement, unless certain requirements are met. No element of the Company's compensation, including the annual incentive awards and restricted stock, meets these requirements. Given the Company's net operating losses, Section 162(m) is not currently a material factor in designing compensation.

Recapture Policy

The Company intends to recapture compensation as required under the Sarbanes-Oxley Act. However, there have been no instances where it needed to recapture any compensation.

Employment agreements and arrangements between the Company and Named Executives

A. Dale Mayo. In March 2008, the Company entered into an amended and restated employment agreement (the "Agreement") with A. Dale Mayo. The Agreement with Mr. Mayo supersedes the terms and conditions of his existing amended and restated employment agreement (the "Previous Agreement") and extends the term of his employment to March 31, 2011; upon such expiration, either the Board or Mr. Mayo may exercise the option to have Mr. Mayo serve only as Chairman and Chief Executive Officer of the Company for a term of three years, with both his time commitment and Base Salary (as defined therein) reduced by 50% from their levels immediately before such change in roles. Under the Previous Agreement, Mr. Mayo received an annual base salary of \$600,000 and a guaranteed bonus of \$240,000 per year. Under the Employment Agreement, Mr. Mayo will receive a base salary of \$600,000, subject to increase for subsequent years in the sole discretion of the Compensation Committee of the Board (the "Committee"), and an annual bonus based on the satisfaction of certain performance targets to be set annually by the Committee, which bonus shall not exceed 131.25% of Mr. Mayo's then-Base Salary and is payable in cash, as to the portion of any bonus earned for an initial target, and then 50% in cash and 50% in restricted stock for any additional bonus amount earned for higher targets. Under the Agreement, Mr. Mayo has agreed to not disclose or use any

confidential information of the Company and, for a period of one year after the termination or expiration of his agreement, not to compete with the Company. The Company may terminate Mr. Mayo's employment if Mr. Mayo is convicted of theft or embezzlement, fraud, unauthorized appropriation of any assets or property or any felony involving dishonesty or moral turpitude. In the event of such termination, the Company will pay only any earned but unpaid salary up to the date of termination. If the Company terminates Mr. Mayo for any other reason, Mr. Mayo will be entitled to receive his salary, including bonuses, until the scheduled expiration of the Agreement, during which time Mr. Mayo will be obligated to seek other employment. In addition, on June 15, 2006, Mr. Mayo entered into an employment agreement with AccessIT DC, an indirectly wholly-owned subsidiary

of the Company, pursuant to which he serves as CEO of AccessIT DC but for which he receives no compensation in addition to that which he receives from the Company.

AccessIT equity incentive plan

Our Board adopted the Plan on June 1, 2000 and, in July 2000, our shareholders approved the Plan by written consent. Under the Plan, we may grant both incentive and non-statutory stock options to our employees, non-employee directors and consultants. The primary purpose of the Plan is to enable us to attract, retain and motivate our employees, non-employee directors and consultants. On June 9, 2005, the Board approved the expansion of the Plan from 850,000 to 1,100,000 options, which was approved by the shareholders at the Company's 2005 Annual Meeting held on September 15, 2005. On July 6, 2006, the Board approved the expansion of the Plan from 1,100,000 to 2,200,000 options, which was approved by the shareholders at the Company's 2006 Annual Meeting held on September 14, 2006. On September 18, 2007, upon the approval of shareholders at the Company's 2007 Annual Meeting, the Plan was amended to allow stock, restricted stock, stock appreciation rights, performance awards and other equity-based awards to be granted, in addition to stock options. On May 9, 2008, the Board approved an amendment (the "Amendment") to the Plan allowing for the grant of restricted stock units ("RSUs") in addition to stock options, Class A Common Stock, restricted Class A Common Stock, stock appreciation rights, performance awards and other equity-based awards. The Amendment did not require shareholder approval. The expansion of the Plan from 2,200,000 to 3,700,000 options was approved by the shareholders at the Company's 2008 Annual Meeting held on September 4, 2008. As of March 31, 2009, there were 2,313,622 options outstanding to purchase shares of Class A Common Stock, and there were 559,648 shares of Class A Common Stock available for issuance under the Plan. Subsequent to March 31, 2009, 504,090 RSUs were granted. Such RSUs may be settled in cash or shares of Class A Common Stock or a combination thereof, at the Company's discretion.

More information about the Plan is provided in connection with Proposal Four above.

AccessDM stock option plan

AccessDM's Board adopted its stock option plan ("the AccessDM Plan") on May 13, 2003 and its shareholders approved the AccessDM Plan on May 13, 2003. Under the AccessDM Plan, AccessDM grants stock options to its employees, non-employee directors and consultants. The AccessDM Plan authorizes up to 2,000,000 shares of AccessDM common stock for issuance upon the exercise of options granted under the AccessDM Plan. As of March 31, 2009, AccessDM has issued options to purchase 1,055,000 of its shares to employees, and there were options to purchase 945,000 shares of AccessDM common stock available for grant under the AccessDM Plan.

Under the AccessDM Plan, stock options covering no more than 500,000 shares may be granted to any participant in any single calendar year and no participant may be granted ISOs with an aggregate fair market value, as of the date on which such options were granted, of more than \$100,000 becoming exercisable for the first time in any given calendar year. Stock options granted under the AccessDM Plan expire ten years following the date of grant (or such shorter period of time as may be provided in a stock option agreement or five years in the case of ISOs granted to shareholders who own greater than 10% of the total combined voting power of AccessDM and are subject to

restrictions on transfer. Stock options granted under the AccessDM Plan vest generally over periods up to three years. The AccessDM Plan is administered by AccessDM's Board.

The AccessDM Plan provides for the granting of ISOs with exercise prices of not less than 100% of the fair market value of AccessDM's common stock on the date of grant. ISOs granted to holders of more than 10% of the total combined voting power of AccessDM must have exercise prices of not less than 110% of the fair market value of AccessDM common stock on the date of grant. ISOs and non-statutory stock options granted under the AccessDM Plan are subject to vesting provisions, and exercise is subject to the continuous service of the participants. The exercise prices and vesting periods (if any) for non-statutory options are set at the discretion of AccessDM's Board. Upon a change of control of AccessDM, all stock options (incentive and non-statutory) that have not previously

vested will vest immediately and become fully exercisable. In connection with the grants of stock options under the AccessDM Plan, AccessDM and the participants have executed stock option agreements setting forth the terms of the grants.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors, executive officers and persons who beneficially own more than 10% of its Common Stock to file reports of ownership and changes in ownership with the Commission and to furnish the Company with copies of all such reports they file. Based on the Company's review of the copies of such forms received by it, or written representations from certain reporting persons, the Company believes that none of its directors, executive officers or persons who beneficially own more than 10% of the Company's Common Stock failed to comply with Section 16(a) reporting requirements in the Company's Last Fiscal Year, except for Mr. Goldwater, who failed to timely file a Form 4 regarding one transaction.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Board's Audit Committee ("Audit Committee") oversees the Company's financial reporting process on behalf of the Board. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements in the Form 10-K, including a discussion of the acceptability of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee reviewed and discussed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with the standards of the Public Company Accounting Oversight Board, the matters required to be discussed by Statements on Auditing Standards (SAS 61), as may be modified or supplemented, and their judgments as to the acceptability of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under the standards of the Public Company Accounting Oversight Board.

In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and the Company, including receiving the written disclosures and letter from the independent auditors as required by the Independence Standards Board Standard No. 1, as may be modified or supplemented, and has considered the compatibility of any non-audit services with the auditors' independence.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board, and the Board approved, that the audited financial statements be included in the Form 10-K for the year ended March 31, 2009 for filing with the SEC.

Respectfully submitted,

The Audit Committee of the Board of Directors

Matthew W. Finlay, Chairman
Wayne L. Clevenger
Robert Davidoff

THE FOREGOING AUDIT COMMITTEE REPORT SHALL NOT BE “SOLICITING MATERIAL” OR BE DEEMED “FILED” WITH THE SEC, NOR SHALL SUCH INFORMATION BE INCORPORATED BY REFERENCE INTO ANY FILING UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR THE EXCHANGE ACT, EXCEPT TO THE EXTENT THE COMPANY SPECIFICALLY INCORPORATES IT BY REFERENCE INTO SUCH FILING.

INDEPENDENT AUDITORS

Eisner served as the independent registered public accounting firm to audit the Company’s consolidated financial statements since the fiscal year ended March 31, 2005 and the Board has appointed Eisner to do so again for the fiscal year ending March 31, 2010.

The Company's Audit Committee has adopted policies and procedures for pre-approving all non-audit work performed by Eisner for the fiscal years ended March 31, 2008 and 2009. In determining whether to approve a particular audit or permitted non-audit service, the Audit Committee will consider, among other things, whether the service is consistent with maintaining the independence of the independent registered public accounting firm. The Audit Committee will also consider whether the independent registered public accounting firm is best positioned to provide the most effective and efficient service to our Company and whether the service might be expected to enhance our ability to manage or control risk or improve audit quality. Specifically, the Audit Committee has pre-approved the use of Eisner for detailed, specific types of services within the following categories of non-audit services: acquisition due diligence and audit services; tax services; and reviews and procedures that the Company requests Eisner to undertake on matters not required by laws or regulations. In each case, the Audit Committee has required management to obtain specific pre-approval from the Audit Committee for any engagements.

The aggregate fees billed for professional services by Eisner for these various services were:

Type of Fees	For the fiscal years ended March 31,	
	2008	2009
(1) Audit Fees	\$ 541,200	\$ 510,500
(2) Audit-Related Fees	5,000	15,000
(3) Tax Fees	287,799	-
(4) All Other Fees	-	-
	\$ 833,999	\$ 525,500

In the above table, in accordance with the SEC's definitions and rules, "audit fees" are fees the Company paid Eisner for professional services for the audit of the Company's consolidated financial statements for the fiscal years ended March 31, 2008 and 2009 included in Form S-3 and Form 10-K and review of consolidated financial statements incorporated by reference into Form S-3 and Form S-8 and included in Form 10-Qs and for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements; "audit-related fees" are fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements; "tax fees" are fees for tax compliance, tax advice and tax planning; and "all other fees" are fees for any services not included in the first three categories. All of the services set forth in sections (1) through (4) above were approved by the Audit Committee in accordance with the Audit Committee Charter.

For the fiscal year ended March 31, 2009, the Company retained a firm other than Eisner for tax compliance, tax advice and tax planning.
