CORPORATE GOVERNANCE AND BOARD ADMINISTRATION

Our Board is Committed to the Highest Standards of Corporate Governance and Ethical Business Conduct

Corporate governance guidelines, policies and practices are the foundation for the effective and ethical governance of all public companies. Our Board is committed to the highest standards of corporate governance and ethical business conduct, providing accurate information with transparency and complying fully with the laws and regulations applicable to our business. The Company's corporate governance structure is designed to ensure that the Company's policies and practices are aligned with shareholder interests and corporate governance best practices. Executive management supports the Board's commitment to be transparent through shareholder outreach efforts. We offer our shareholders an opportunity to engage in dialogue with us about aspects of our corporate governance and discuss any areas of concern. Our corporate governance practices are governed by our Articles of Incorporation, Bylaws, Corporate Governance Guidelines, Board committee charters, Shareholder Communication Procedures, Codes of Business Conduct and Ethics and Insider Trading Policy. You can access these documents at www.darden.com under Investor Relations — Corporate Governance to learn more about the framework for our corporate governance practices. Copies are also available in print, free of charge, to any shareholders upon written request addressed to our Corporate Secretary.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines that specifically address the Company's key governance practices and policies. The Nominating and Governance Committee of the Board oversees governance issues and recommends changes to the Company's governance guidelines, policies and practices as appropriate. Our Corporate Governance Guidelines cover many important topics, including:

- Director responsibilities;
- Director qualification standards;
- Director independence;
- Director access to senior management and independent advisors;
- Director compensation;
- Director orientation and continuing education;
- Codes of Business Conduct and Ethics;
- Risk oversight;
- Related party transactions;
- Approval of CEO and senior management succession plans;
- Annual compensation review of CEO and executive officers;
-

An annual evaluation in executive session of the CEO by the independent directors, led by the Chairman of the Compensation Committee; and

An annual performance evaluation of the Board and each of the Board committees, and an even more in-depth performance evaluation of the Board led by an outside consultant no less often than every two years.

The Corporate Governance Guidelines also include policies on certain specific subjects, including those that:

Require meetings at least four times annually of the independent directors in executive session without our CEO or other members of management present;

Require a letter of resignation from directors upon a significant change in their personal circumstances, including a change in or termination of their principal job responsibilities;

Table of Contents

- Limit the number of other boards that directors may serve on;
- Provide that no member of the Audit Committee may serve on the audit committee of more than three public companies, including the Company's; and
- Provide a mandatory retirement age for directors.

Director Independence

Our Corporate Governance Guidelines require that at least two-thirds of the Board be independent directors, as defined under the rules (the NYSE Rules) of the New York Stock Exchange (NYSE). The NYSE Rules and Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act), include the additional requirements that members of the Audit Committee may not accept directly or indirectly any consulting, advisory or other compensatory fee from the Company other than their director compensation and may not be affiliated with the Company or its subsidiaries. The NYSE Rules and Rule 10C-1 under the Exchange Act provide that when determining the independence of members of the Compensation Committee, the Board must consider all factors specifically relevant to determining whether a director has a relationship to the Company which is material to the director's ability to be independent from management in connection with Compensation Committee duties, including, but not limited to, consideration of the sources of compensation of Compensation Committee members, including any consulting, advisory or other compensatory fees paid by the Company, and whether any Compensation Committee member is affiliated with the Company or any of its subsidiaries or affiliates. Compliance by Audit Committee members and Compensation Committee members with these requirements is separately assessed by the Board.

The Board has reviewed, considered and discussed each current director's and director nominee's relationships, both direct and indirect, with the Company in order to determine whether such director or nominee meets the independence requirements of the applicable sections of the NYSE Rules. The Board has affirmatively determined that, other than Mr. Lee, who is employed by the Company, seven of the eight nominees (Mes. Atkins and Jamison and Messrs. Fogarty, Mensah, Simon, Sonstebly and Wilmott) have no direct or indirect material relationship with us (other than their service as directors with respect to the current directors) and qualify as independent under the NYSE Rules. The Board has also affirmatively determined that each member of the Audit Committee and the Compensation Committee meets the applicable requirements of the NYSE Rules and the Exchange Act.

In making independence determinations, the Board considers that in the ordinary course of business, transactions may occur between the Company, including its subsidiaries, and entities with which some of our nominees are or have been affiliated. The Board has concluded that any such transactions were immaterial in fiscal 2018.

Related Party Transactions

The Company's Corporate Governance Guidelines include a policy pertaining to related party transactions in which Interested Transactions with a Related Party, as those terms are defined below, are prohibited without prior approval of the Board. The Board will review the material facts of the proposed transaction and will either approve or disapprove of the transaction. In making its determination, the Board considers whether the Interested Transaction is consistent with the best interests of the Company and its shareholders and whether the Interested Transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances, as well as the extent of the Related Party's interest in the transaction. A director may not participate in any discussion or approval of an Interested Transaction for which he or she is a Related Party, except to provide all material information as requested. If an Interested Transaction will be ongoing, the Board may establish guidelines for

the Company's management to follow in its dealings with the Related Party.

An "Interested Transaction" as defined in the policy is any transaction, arrangement or relationship (or series of similar transactions, arrangements or relationships) in which (i) the amount involved exceeds \$120,000 in any calendar year, (ii) the Company is a participant, and (iii) any Related Party has or will have a direct or indirect interest (other than solely as a result of being a director or a less than 10 percent beneficial owner of another entity), but does not include any salary or compensation paid by the Company to a director or for the employment of an executive officer that is required to be reported in the Company's proxy statement.

A "Related Party" as defined in the policy is any (i) person who is or was since the beginning of the last fiscal year an executive officer, director or nominee for election as a director of the Company, (ii) beneficial owner of more than five percent of the Company's common stock, or (iii) immediate family member of any of the foregoing.

Table of Contents

An “immediate family member” as defined in the policy is any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the person in question and any person (other than a tenant or employee) sharing the household of the person in question.

There are no Interested Transactions or other related party transactions or relationships required to be reported in this Proxy Statement under Item 404 of the SEC’s Regulation S-K.

Director Election Governance Practices

We do not have a “classified board” or other system where directors’ terms are staggered; instead our full Board is elected annually. The Company’s Bylaws provide that in an uncontested election, each director will be elected by a majority of the votes cast; provided that, if the election is contested, the directors will be elected by a plurality of the votes cast. In an uncontested election, if a nominee for director who is a director at the time of election does not receive the vote of at least the majority of the votes cast at any meeting for the election of directors at which a quorum is present, the director will promptly tender his or her resignation to the Board and remain a director until the Board appoints an individual to fill the office held by such director.

The Nominating and Governance Committee will recommend to the Board whether to accept or reject the tendered resignation or whether other action should be taken. The Board is required to act on the tendered resignation, taking into account the Nominating and Governance Committee’s recommendation, and publicly disclose (by a press release, a filing with the SEC or other broadly disseminated means of communication) its decision and the rationale within 90 days from the date of certification of the election results. If a director’s resignation is not accepted by the Board, such director will continue to serve until his or her successor is duly elected, or his or her earlier resignation or removal. If a director’s resignation is accepted by the Board, then the Board, in its sole discretion, may fill the vacancy or decrease the size of the Board. To be eligible to be a nominee for election or reelection as a director of the Company, a person must deliver to our Corporate Secretary a written agreement that he or she will abide by these requirements.

Under our Bylaws, the Board will consist of not less than three nor more than fifteen members as determined from time to time by resolution of the Board. On July 20, 2018, the Board increased the size of the Board to eight members effective September 19, 2018 and approved the nomination of Mr. Wilmott for election at the 2018 Annual Meeting of Shareholders.

Board Leadership Structure

The Company’s Corporate Governance Guidelines provide that the positions of Chairman of the Board and CEO be held by separate persons and that the position of Chairman be held by an independent director. The Board believes that separating the roles of Chairman and CEO allows for better alignment of corporate governance with shareholder interests and aids in the Board’s oversight of management and the Board’s ability to carry out its roles and responsibilities on behalf of the shareholders. The Board also believes that the separation of the roles of Chairman and CEO allows the CEO to focus more of his time and energy on operating and managing the Company and leverages the Chairman’s experience. Charles M. (Chuck) Sonstebly has served as Chairman since April 2016. As Chairman, Mr. Sonstebly, along with the other independent non-employee directors, brings experience, oversight and expertise from outside the Company and industry, while our CEO, Mr. Lee, brings company and industry-specific experience and expertise.

The Chairman will preside at all meetings of the Board, including the Board’s executive sessions of independent directors. The Chairman will approve Board meeting agendas, including approving meeting schedules to assure that

there is sufficient time for discussion of all agenda items, and other information sent to the Board, advise the committee chairs with respect to agendas and information needs relating to committee meetings, and perform other duties as the Board may from time to time delegate to assist the Board in fulfilling its responsibilities. The independent directors may meet without management present at any other times as determined by the Chairman, as applicable.

Succession Planning

The Board is actively engaged and involved in talent management. The Board reviews the Company's people strategy in support of its business strategy at least annually. This includes a detailed discussion of the Company's leadership bench and succession plans with a focus on key positions at the senior leadership level. Annually, the CEO provides the Board with an assessment of senior executives and their potential to succeed him, and an assessment of persons considered successors to senior executives. The Nominating and Governance Committee also recommends policies regarding succession in the event of an emergency impacting the CEO or retirement of the CEO. Strong potential leaders are given exposure and visibility to Board

Table of Contents

members through formal presentations and informal events. More broadly, the Board is regularly updated on key talent indicators for the overall workforce, including diversity, recruiting and development programs.

Director Education

To foster our value of always learning – always teaching, the Corporate Governance Guidelines encourage director education. Upon initial election to the Board of Directors, the Company's management conducts an orientation program of materials and briefing sessions to educate new directors about the Company's business and other topics to assist them in carrying out their duties. Directors may also attend a variety of external continuing education programs of their own selection. In addition, the Board receives regular updates from management and external experts regarding new developments in corporate governance, legal developments or other appropriate topics from time to time.

Board Role in Oversight of Risk Management

The ultimate responsibility for risk oversight rests with the Board. The Board assesses major risks facing the Company and reviews options for their mitigation. Each Committee of the Board reviews the policies and practices developed and implemented by management to assess and manage risks relevant to the Committee's responsibilities, and reports to the Board about its discussions.

The Audit Committee, among other responsibilities, oversees the Company's financial reporting processes and internal controls, including the process for assessing risk of fraudulent financial reporting and significant financial risk exposures, and the steps management has taken to monitor and report those exposures. In addition to its other duties, the Audit Committee oversees the Company's policies and procedures regarding compliance with applicable laws and regulations and the Company's Codes of Business Conduct and Ethics. The Audit Committee also oversees the Company's enterprise risk management (ERM) process and the comprehensive assessment of key financial, operational and regulatory risks identified by management, including cybersecurity and data protection risks. The Audit Committee discusses ERM with the full Board, which is ultimately responsible for oversight of this process.

The Compensation Committee (i) provides oversight of the risks associated with the Committee responsibilities in its charter; (ii) reviews our incentive and other compensation arrangements to confirm that compensation does not encourage unnecessary or excessive risk taking and reviews and discusses, at least annually, the relationship between risk management policies and practices, corporate strategy and executive compensation; and (iii) discusses with the Company's management the results of its review and any disclosures required by Item 402(s) of Regulation S-K relating to the Company's compensation risk management.

The Finance Committee oversees the Company's major financial risk exposures and management's monitoring, mitigation activities and policies in connection with financial risk, including: capital structure; investment portfolio, including employee benefit plan investments; financing arrangements, credit and liquidity; proposed major transactions, such as mergers, acquisitions, reorganizations and divestitures; share repurchase programs; hedging or use of derivatives; commodity risk management; cash investment; liquidity management; short-term borrowing programs; interest rate risk; foreign exchange risk; off balance sheet arrangements, if any; proposed material financially-related amendments to the Company's indentures, bank borrowings and other instruments; and reputational risk to the extent such risk arises from the topics under discussion. The Finance Committee also reviews for adequacy the insurance coverage on the Company's assets.

The Nominating and Governance Committee oversees risks related to the Company's corporate governance; director succession planning; political and charitable contributions; insider trading; and reputational risk to the extent such risk

arises from the topics under discussion.

Compliance and Ethics Office and Codes of Business Conduct and Ethics

Our Compliance and Ethics Office (Compliance Office), with the support of our management and Board, aims to ensure that all of our employees, business partners, franchisees and suppliers adhere to high ethical business standards, and is under the direction of our Senior Vice President, General Counsel, Chief Compliance Officer and Corporate Secretary. At the core of the Compliance Office is our Code of Conduct that applies to all Company employees (Employee Code of Conduct). We also have a Code of Ethics for CEO and Senior Financial Officers (CEO and Senior Financial Officer Code of Ethics) that addresses many topics and highlights specific responsibilities of our CEO and senior financial officers. We also have a Code of Business Conduct and Ethics for the members of our Board of Directors (the Board Code of Conduct, and together with the Employee Code of Conduct and the CEO and Senior Financial Officer Code of Ethics, our Codes of Business Conduct and Ethics). A major objective of the Compliance Office is to educate and raise awareness of our Employee Code of Conduct, applicable regulations, and related

policies. Our Codes of Business Conduct and Ethics are posted on our website at www.darden.com under Investor Relations — Corporate Governance. We require all of our officers, director level employees, and certain other employees to complete an annual training course and certification regarding compliance with the Employee Code of Conduct and other Company policies. Any amendment to, or waiver of, the Codes of Business Conduct and Ethics as they relate to a member of the Board of Directors, the CEO, the Chief Financial Officer, any senior financial officer or any executive officer listed in the “Stock Ownership of Management” table on p. 22 will be disclosed promptly by posting such amendment or waiver on our website at www.darden.com under Investor Relations — Corporate Governance.

We promote ethical behavior by encouraging our employees to talk to supervisors or other personnel when in doubt about the best course of action in a particular situation. To encourage employees to raise questions and report possible violations of laws or our Codes of Business Conduct and Ethics, we will not allow retaliation for reports made in good faith. We are also committed to promoting compliance and ethical behavior by the third parties with whom we conduct business, and have implemented Codes of Business Conduct that are acknowledged by our international franchisees and certain suppliers.

PROPOSALS TO BE VOTED ON

PROPOSAL 1 — ELECTION OF EIGHT DIRECTORS FROM THE NAMED
DIRECTOR NOMINEES

Our Board of Directors currently has seven members, and each director stands for election every year. On July 20, 2018, the Board increased the size of the Board from seven to eight members effective September 19, 2018 and approved the nomination of Mr. Wilmott for election and the nomination of the seven incumbent directors for re-election at the 2018 Annual Meeting of Shareholders.

The Nominating and Governance Committee believes that an eight member Board of Directors is currently appropriate for Darden. In keeping with good governance practices, the Board will continue to seek a diversity of talent and experience to draw upon and to ensure its ability to appropriately staff committees of the Board. The Board also will continue to self-evaluate and to consider various matters as to its size. As appropriate, the Board may determine to increase or decrease its size, including in order to accommodate the availability of an outstanding candidate.

The following eight director nominees are standing for election this year to hold office until the 2019 Annual Meeting of Shareholders or until their successors are elected and qualified. All were nominated at the recommendation of our Nominating and Governance Committee and all, except for Mr. Wilmott, have previously served on the Board. Each of the director nominees has consented to being named in this Proxy Statement and to serve as a director if elected. If a director nominee is not able to serve, proxies may be voted for a substitute nominated by the Board. However, we do not expect this to occur.

Your Board recommends that you vote FOR each of the nominees to the Board.

Board Nominees

The following information is as of the date of this Proxy Statement. Included is information provided by each nominee, such as his or her age, all positions currently held, principal occupation and business experience for the past five years, and the names of other publicly-held companies of which he or she currently serves as a director or has served as a director during the past five years. In addition to the specific information presented below regarding the experience, qualifications, attributes and skills that led our Board to the conclusion that the nominee should serve as a director, we also believe that each of our director nominees has a reputation for integrity, honesty and adherence to high ethical standards. Darden's mission is to be financially successful through great people consistently delivering outstanding food, drinks and service in an inviting atmosphere making every guest loyal. This mission is supported by our core values of integrity and fairness, respect and caring, diversity, always learning – always teaching, being “of service,” teamwork and excellence. As noted in our Corporate Governance Guidelines, our directors should reflect these core values, possess the highest personal and professional ethics, and be committed to representing the long-term interests of our shareholders. They must also have an inquisitive and objective perspective, practical wisdom and mature judgment.

PROPOSAL 2 — ADVISORY APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION

In accordance with SEC rules, the Board asks shareholders for advisory approval of the Company's executive compensation on an annual basis. Accordingly, we are asking our shareholders to provide an advisory, nonbinding vote to approve the compensation awarded to our NEOs, as we have described it in the "Compensation Discussion and Analysis" and "Executive Compensation" sections of this Proxy Statement, beginning on pp. 24 and 36, respectively.

As described in detail in the "Compensation Discussion and Analysis" section beginning on p. 24, the Compensation Committee oversees the executive compensation program and compensation awarded, adopting changes to the program and awarding compensation as appropriate to reflect Darden's circumstances and to promote the main objectives of the program. These objectives include: to help us attract, motivate, reward and retain superior leaders who are capable of creating sustained value for our shareholders, and to promote a performance-based culture that is intended to align the interests of our executives with those of our shareholders.

We are asking our shareholders to indicate their support for our NEO compensation. We believe that the information we have provided in this Proxy Statement demonstrates that our executive compensation program was designed appropriately and is working to ensure that management's interests are aligned with our shareholders' interests to support long-term value creation.

You may vote for or against the following resolution, or you may abstain. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and procedures described in this Proxy Statement.

Resolved, that the compensation awarded to Darden's NEOs for fiscal 2018, as disclosed in this Proxy Statement pursuant to SEC rules, including the Compensation Discussion and Analysis, compensation tables and related narrative discussion, is hereby APPROVED.

While this vote is advisory and not binding on our Company, the Board and the Compensation Committee expect to consider the outcome of the vote, along with other relevant factors, when considering future executive compensation decisions.

Your Board recommends that you vote FOR approval of the foregoing resolution.

PROPOSAL 3 — RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board is responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm. The Audit Committee has appointed KPMG LLP (KPMG) as our independent registered public accounting firm for the fiscal year ending May 26, 2019. KPMG has served as our independent registered public accounting firm continuously since 1996.

Table of Contents

The Audit Committee annually reviews KPMG's qualifications, performance, independence and fees in making its decision whether to engage KPMG. The focus of the process is to select and retain the most qualified firm to perform the annual audit. During the review and selection process, the Audit Committee considers a number of factors, including:

Recent and historical KPMG audit performance;

The relevant experience, expertise and capabilities of KPMG and our specific audit engagement team in relation to the nature and complexity of our business;

A review of KPMG's independence and internal quality controls;

Any legal or regulatory proceedings that raise concerns about KPMG's qualifications or ability to continue to serve as our independent auditor, including reports, findings and recommendations of the Public Company Accounting Oversight Board (PCAOB);

The appropriateness of KPMG's fees for audit and non-audit services; and

The length of time that KPMG has served as our independent auditor, the benefits of maintaining a long-term relationship and controls and policies for ensuring that KPMG remains independent.

In order to assure continuing auditor independence, in conjunction with the assessment above and the mandated rotation of the audit firm's lead engagement partner, the Audit Committee and its chairperson are involved when the selection of a new lead engagement partner is required. In addition, the Audit Committee is responsible for the audit fee negotiations with KPMG.

Based on its annual review, the Audit Committee and the Board believe that the continued retention of KPMG to serve as the Company's independent registered public accounting firm is in the best interests of the Company and its shareholders.

Shareholder approval of this appointment is not required, but the Board is submitting the selection of KPMG for ratification in order to obtain the views of our shareholders. If the appointment is not ratified, the Audit Committee will reconsider its selection. Even if the appointment is ratified, the Audit Committee, which is solely responsible for appointing and terminating our independent registered public accounting firm, may in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders. Representatives of KPMG are expected to be present at the Annual Meeting and will be given an opportunity to make a statement and to respond to appropriate questions by shareholders.

Your Board recommends that you vote FOR ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending May 26, 2019.

PROPOSAL 4 — SHAREHOLDER PROPOSAL REQUESTING THAT THE COMPANY ISSUE A REPORT ON THE FEASIBILITY OF ADOPTING A POLICY TO ELIMINATE THE USE OF MEDICALLY IMPORTANT ANTIBIOTICS FOR DISEASE PREVENTION IN ITS SUPPLY CHAIN

Green Century Equity Fund, 114 State Street, Suite 200, Boston, MA 01209, beneficial owner of 2,927 of our common shares as of April 9, 2018, has notified us that it intends to present the following proposal for consideration

at the Annual Meeting. In accordance with federal securities regulations, we have included the text of the proposal and supporting statement exactly as submitted by the proponent. We are not responsible for the content of the proposal or the supporting statement or any inaccuracies they may contain.

Shareholder Proposal and Supporting Statement

Whereas: Companies that are exposed to the routine use of medically important antibiotics through their supply chains may face a number of business risks including reputational damage, loss of market share, and regulatory risk due to increasing societal concerns surrounding the human health impacts related to excessive antibiotic use in animal agriculture.

The World Health Organization and the Centers for Disease Control and Prevention have determined that antibiotic resistance is a global public health crisis that threatens to overturn many of the medical advances made over the last century. Antibiotic resistance causes 2 million illnesses and 23,000 deaths annually in the U.S., costing the economy \$35 billion.

Table of Contents

A major contributor to antibiotic resistance in humans is the misuse and overuse of medically important antibiotics in meat and poultry production. Over 70 percent of medically important antibiotics in the U.S. are sold for use in livestock. Rather than being used only to treat sick animals, these drugs are often deployed for routine uses, such as to promote faster growth and prevent disease in crowded, unsanitary farm conditions.

Darden Restaurants has complied with federal law by eliminating the use of medically important antibiotics for growth promotion. However, only 10-15% of antibiotics used in animal agriculture are for growth promotion. Nearly all public health experts have concluded that these efforts are not adequate to address the antibiotic resistance crisis and will have limited impact on total agricultural antibiotic use as they allow for the continued routine use of antibiotics for disease prevention.

Darden is lagging its peers, many of which have implemented antibiotic use policies that far exceed regulatory compliance. Fourteen of the top 25 U.S. restaurant chains, including McDonald's, KFC, and Taco Bell have implemented antibiotic use policies that surpass Darden's practices, leading Darden to score an 'F' in all three iterations of a highly publicized annual scorecard ranking restaurants' antibiotic stewardship. Panera Bread, Chipotle and the Cheesecake Factory prohibit routine antibiotic use in all livestock supply chains. Major poultry producers including Tyson Foods and Perdue Farms have completely eliminated the use of antibiotics for retail chicken.

Investor pressure around antibiotic use in meat supply chains is growing. A similar shareholder proposal filed with Sanderson Farms, the third largest poultry producer in the U.S. and a known supplier to Darden Restaurants, received 43 percent support of votes cast in 2018, up from 30 percent in 2017.

Regulatory action may also create new pressure on laggard companies. In 2017, Maryland joined California in enacting a law to ban the routine use of antibiotics in the production of farm animals. Similar bills addressing routine antibiotic use have been introduced in Oregon, New York, Minnesota, New Jersey, and West Virginia.

Resolved: Shareholders request that Darden Restaurants issue a report to shareholders, at reasonable cost and omitting proprietary information, evaluating the feasibility of adopting a policy to eliminate the use of medically important antibiotics for disease prevention in its supply chain.

Board of Directors' Response

The Board recommends a vote AGAINST this proposal. The Board has carefully considered the proposal and believes that the report requested by the proposal is unnecessary because:

Darden has a publicly available position on antibiotic use that reflects the need to balance animal well-being, food safety, supply chain security and broader health concerns;

In March 2016, we adopted Food Principles that address the Company's commitment to the safety and sustainability of our supply chain, which were developed after extensive collaboration between our Company, its suppliers and other stakeholders; and

We believe that preparing the report requested by the shareholder proponent would not provide tangible benefits to shareholders or our restaurant guests because adopting such a policy could put us at a competitive disadvantage by creating the possibility of supply shortages for our key protein menu items or increased costs for our guests.

Darden Position on Antibiotic Use and Our Food Principles

Our ingredients are carefully sourced from suppliers who share Darden's commitment to maintaining best-in-class food safety, quality, sustainability and ethical business conduct.

Antibiotic use in animals is a complex subject and we acknowledge that our guests want to understand more about where our ingredients come from and how they are produced. Darden continues to study the issue and believes that discussions regarding antibiotic use must reflect a variety of considerations, including an understanding that responsible use of antibiotics is one way farmers keep animals healthy and enhance food safety. The Company consulted extensively with its internal subject matter experts, suppliers and other stakeholders to develop the Darden Food Principles to demonstrate the Company's commitment to providing our guests with great food that is safely and sustainably sourced. The full text of the Food Principles is posted on the Darden corporate website at <https://www.darden.com/citizenship/plate/food-principles>.

Table of Contents

The very first commitment Darden made under the Food Principles was a commitment to, by December 2016, phase out use of antibiotics for growth promotion in farm animals and require that all of our land-based protein suppliers only use shared-class antibiotics (i.e. those used for both humans and animals) to treat, prevent and control animal illness under the supervision of a veterinarian. Beginning January 1, 2017, our suppliers are prohibited by law from using antibiotics important to human medicine for growth promotion of farm animals and we monitor their compliance with laws and our Food Principles.

We also see this issue related to animal well-being, which we take very seriously. We have a responsibility to ensure that animals are treated with respect and care in the process of providing the nutritious food that is served in our restaurants. Our approach to animal well-being and auditing our suppliers is to ultimately ensure the ‘Five Freedoms’ of care throughout the life of farm animals. This guidance on humane animal treatment directs our practices as well as our selection of, and relationship with, sourcing partners.

In addition to the Food Principles, Darden maintains our Supplier Code of Conduct, which outlines our expectations for our suppliers in areas such as ethical business practices; human rights and labor laws; environmental, health and safety practices; and legal compliance.

We continue to engage with our suppliers on our Food Principles and commitments to our guests, and have reviewed these important values with them. As we make progress in these important areas, we will continue to share updates around antibiotic usage, partially-hydrogenated oils, and animal welfare, including cage-free eggs and gestation crate-free housing systems.

Adopting the Requested Policy Would Not Benefit Shareholders and May Put Us at a Competitive Disadvantage

We have carefully crafted these principles for food sourcing to ensure that we can maintain best-in-class food safety, quality, sustainability and animal well-being. The proposal asks the Company to focus on one small segment of one criteria — certain types of antibiotic use — when sourcing our meat products, without taking into consideration the effect that focusing on that criteria would have on the ability of the Company to continue to maintain best-in-class status in the other areas.

After reviewing the facts and considering (a) the discussions held with stakeholders when we developed our Food Principles, (b) food safety guidelines and (c) laws and regulations, we do not believe that preparing a feasibility report would benefit shareholders or our guests. Disrupting the balance of interests inherent in our best-in-class objectives as requested by this proposal would create risk to the safety and stability of our supply chain and increase costs for our protein products, thereby raising prices we must charge our guests and expending Company resources while providing no tangible benefit to shareholders.

We intend to provide periodic updates to stakeholders as we move forward with the implementation of the Food Principles and when we achieve the related commitments. We will continue to provide these updates to the public through ongoing reporting that we post to our website at <https://www.darden.com/citizenship/plate/food-principles>. We do not believe that a special report to shareholders is necessary or an efficient use of Company resources.

Accordingly, your Board recommends that you vote AGAINST this proposal.

MEETINGS OF THE BOARD OF DIRECTORS AND ITS COMMITTEES

Board of Directors

Meetings. At the 2017 Annual Meeting, the following eight directors were elected to the Company's Board of Directors: Margaret Shân Atkins, Bradley D. Blum, James P. Fogarty, Cynthia T. Jamison, Eugene I. Lee, Jr., Nana Mensah, William S. Simon and Charles M. Sonstebly. Mr. Blum resigned from the Board on March 9, 2018.

During the fiscal year ended May 27, 2018, the Board met four times. For the period of his or her Board service in fiscal 2018, each incumbent director attended at least 75 percent of the aggregate of the total number of meetings of the Board and the standing committees on which the director served.

Communications with Board. We believe that communication between the Board, shareholders and other interested parties is an important part of our corporate governance process. To this end, the Board has adopted Shareholder Communication Procedures that are available at www.darden.com under Investor Relations — Corporate Governance. In general, shareholders and other interested parties may send communications to the attention of the Board, any individual director or the non-employee directors as a group, through the Chairman of the Board. Communications may be sent in writing or via email to: Charles M. Sonstebly, Chairman of the Board, Darden Restaurants, Inc., c/o Matthew R. Broad, Senior Vice President, General Counsel, Chief Compliance Officer and Corporate Secretary, 1000 Darden Center Drive, Orlando, Florida 32837, email: chairman@arden.com.

The Corporate Secretary will act as agent for the Chairman in facilitating direct communications to the Board. The Corporate Secretary will review, sort and summarize the communications. The Corporate Secretary will not, however, “filter out” any direct communications from being presented to the Chairman without instruction from the Chairman, and in such event, any communication that has been filtered out will be made available to any non-employee director who asks to review it. The Corporate Secretary will not make independent decisions with regard to what communications are forwarded to the Chairman. The Corporate Secretary will send a reply to the sender of each communication acknowledging receipt of the communication.

Identifying and Evaluating Director Nominees. Our Nominating and Governance Committee has adopted a Director Nomination Protocol that, together with our Bylaws, describes in detail the process we use to fill vacancies and add new members to the Board. The Protocol is available at www.darden.com under Investor Relations — Corporate Governance, as Appendix A to the Nominating and Governance Committee charter.

Under the Director Nomination Protocol, in general, while there are no specific minimum qualifications for nominees, any candidate for service on the Board should possess the highest personal and professional ethics and be committed to representing the long-term interests of our shareholders. Director candidates should be committed to our core values (integrity and fairness, respect and caring, diversity, always learning – always teaching, being “of service,” teamwork and excellence) and have an inquisitive and objective perspective, practical wisdom, mature judgment and a wide range of experience in the business world. We also will consider the candidate's independence under applicable NYSE listing standards and our Corporate Governance Guidelines. In identifying and evaluating nominees for the Board, the Board assesses the background of each candidate in a number of different ways including a wide variety of qualifications, attributes and other factors and recognizes that diverse viewpoints and experiences enhance the Board's effectiveness. When reviewing and making initial recommendations on new candidates, the Nominating and Governance Committee considers how each prospective member's unique background, expertise and experience will contribute to the Board's overall perspective and ability to govern. In identifying or selecting nominees for the Board, the Company's Corporate Governance Guidelines and the Director Nomination Protocol provide that the Company seeks Board members who will bring to the Board a deep and wide range of experience in the business world and who have diverse

problem-solving talents. We seek people who have demonstrated high achievement in business or another field, so as to enable them to provide strategic support and guidance for the Company. The Company strives to maintain a Board that reflects the gender, ethnic, racial and other diversity of our work force and restaurant guests, and also fosters diversity of thought. Recruiting, hiring and nurturing the careers of women and minorities and increasing the diversity of our suppliers are top priorities, and the Company also intends to maintain the diversity of its Board.

The Nominating and Governance Committee will identify potential candidates to recommend to the full Board and a search firm may be engaged to identify additional candidates and assist with initial screening. The Nominating and Governance Committee and the Chairman of the Board will perform the initial screening and review the credentials of all candidates to identify candidates that they feel are best qualified to serve. The Chairman of the Nominating and Governance Committee, working with the Chairman of the Board, will obtain background and reference information, as appropriate, for the candidates under consideration. The Nominating and Governance Committee will review all available information concerning the candidates' qualifications and, in conjunction with the Chairman of the Board, will identify the candidate(s) they feel are best qualified to serve on the Company's

Table of Contents

Board. The Chairman of the Nominating and Governance Committee, the CEO, and the Chairman of the Board (or the Chairman of the Board's delegate from the Board) will meet with the leading candidates to further assess their qualifications and fitness, and to determine their interest in joining the Board. Following the meeting, the Board member participants and the Chairman of the Board will make a recommendation concerning the candidate to the Nominating and Governance Committee, which will consider whether to recommend the candidate to the full Board for election.

Director Candidates Recommended by Shareholders. The Nominating and Governance Committee will consider candidates recommended by shareholders. The procedures that shareholders should use to nominate directors are provided in our Bylaws. There are no differences in the manner of evaluation if the nominee is recommended by a shareholder.

Director Attendance at Annual Meeting of Shareholders. Our Corporate Governance Guidelines provide that directors are expected to attend all scheduled Board and committee meetings and the annual meeting of shareholders. Each of the directors standing for reelection this year who were then in office attended the 2017 Annual Meeting.

Board Committees and Their Functions

Each member of every committee is an independent director as defined in our Corporate Governance Guidelines, the NYSE listing standards and the Exchange Act requirements. All Board committees have the authority to retain outside advisors. Unless otherwise required by applicable laws, regulations or listing standards, all major decisions are considered by the Board as a whole.

DIRECTOR COMPENSATION

Compensation of Non-Employee Directors

The terms of the Director Compensation Program apply to all directors who are elected to the Board and are not employees of the Company or any of its subsidiaries. Directors who also are our employees do not receive additional compensation for serving on the Board. Shares for equity awards pursuant to the Director Compensation Program are drawn from our shareholder-approved equity compensation plan in effect at the time and pursuant to which we are authorized to grant shares of our common stock and share-based awards to directors. Currently, grants of common stock and share-based awards to directors are made from the 2015 Plan. All of our non-employee directors have been determined by the Board to be independent under applicable NYSE listings standards and our Corporate Governance Guidelines.

Our Nominating and Governance Committee periodically reviews our Director Compensation Program and recommends any changes to the Board for approval. The Nominating and Governance Committee acts with the assistance of Pearl Meyer and Partners, the Board's independent compensation consultant. Pearl Meyer and Partners provides market data on director compensation programs at comparable companies, including companies in the peer groups described in the "Compensation Discussion and Analysis."

Current Director Compensation Program

Our current Director Compensation Program, which has been in effect since September 2017, is as follows:

• An annual cash retainer of \$85,000 for all directors;

• An annual cash retainer for the Chairman of the Board of \$30,000;

• An annual cash retainer for the Chairs of the Audit, Compensation, Finance and Nominating and Governance Committees of \$30,000, \$20,000, \$15,000 and \$15,000, respectively;

• An annual cash retainer for the members of the Audit, Compensation, Finance and Nominating and Governance Committees of \$15,000, \$10,000, \$7,500 and \$7,500, respectively; and

• An annual equity grant, which will be paid 100 percent in the form of restricted stock units (RSUs) and will have a fair market value of \$130,000 at the date of grant.

The annual cash retainers are due and paid quarterly, in arrears, unless the director elects to defer the payment. Directors may elect to receive, in lieu of their cash compensation, RSUs of equal value to the foregone cash fees. If the director chooses to defer payment by receiving RSUs, he or she will receive dividend equivalents on such RSUs.

For the annual equity grant delivered in RSUs, the number of RSUs received equals the award value divided by the fair market value of our common stock on the date of grant. The RSUs vest on the earlier of (i) the first anniversary of the grant date or (ii) the date of the next annual meeting of shareholders. A director may elect to defer receipt of these RSUs until completion of Board service. Directors receive dividend equivalents on the RSUs to the extent the RSUs vest. The annual cash retainers and equity grants are pro-rated for directors who serve only a portion of the fiscal year.

Each of our directors is required to own the Company's common shares with a value of at least five times the annual Board cash retainer, with a mandatory hold on all shares until the ownership guideline is achieved. However, the

directors may sell enough shares to pay taxes in connection with their awards, even if the ownership guideline has not yet been achieved. As of May 27, 2018, all of the directors were in compliance with the stock ownership guidelines.

The Company reimburses directors for travel to Board meetings and related expenses, and for costs incurred in connection with attending continuing education programs. In addition, the Company provides a dining benefit to our directors because we believe it is important for our directors to experience dining in our restaurants in order to better perform their duties to our Company.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

The Compensation Committee believes that our success depends in large measure on our ability to attract and retain highly qualified officers who are motivated to put forth maximum effort on our behalf and on behalf of our shareholders. We have a strong link between pay and performance: our compensation programs are designed to align the performance objectives of our executives with the interests of shareholders.

The strategy continues to work: the Company's fiscal 2018 performance was strong, demonstrated by the financial results described below. This strong performance was a result of the focused and strategic leadership of the Board and the executive leadership team. Our "Back-to-Basics" operating philosophy remained the foundation for our fiscal 2018 strategic objectives: continuing to leverage our competitive advantages that we see as keys to unlocking sales growth and expanding margins. Because there were no material changes to the Company's business strategy and performance expectations heading into fiscal 2018, the Compensation Committee made only modest changes to the executive compensation programs for fiscal 2018: changing only the mix of types of long-term awards granted.

Summary of Fiscal 2018 Performance and Pay Results

Darden achieved excellent results in fiscal 2018 and continued to implement a clear, long-term strategic vision introduced in fiscal 2015 to strengthen Darden's position as the premier full-service restaurant company. Performance for fiscal 2018 was strong: both sales and profitability improved over fiscal 2017 results. In addition, the Company has substantially completed the integration of Cheddar's Scratch Kitchen into the Company's operational system. The Company returned approximately \$550 million in total cash to shareholders with approximately \$315 million in dividends and \$235 million in share repurchases during fiscal 2018.

At the end of fiscal 2018, the Company achieved the following financial results, each related to performance measures under existing annual or long-term awards:

• Consolidated Total Revenue of \$8.1 billion;

• Consolidated Adjusted Diluted Net EPS from Continuing Operations of \$4.81¹;

• Consolidated same-restaurant sales² growth of 2.3 percent, excluding our recently-acquired brand, Cheddar's Scratch Kitchen, exceeding the industry benchmark by 330 basis points³; and

• Total Shareholder Return (TSR) of 34.6 percent, with three-year and five-year TSR of 120.0 percent and 123.4 percent respectively.

These strong performance results for 2018, after adjustments approved by the Compensation Committee as described in the "Performance and Pay Results for Fiscal 2018" section below, yielded strong executive compensation results for fiscal 2018, as evidenced by the following incentive compensation highlights:

• Annual incentives tied to fiscal 2018 corporate performance metrics were earned at 135 percent of target;

• Performance stock units tied to fiscal 2016-2018 performance related to corporate Return On Invested Capital (ROIC) were earned at 127 percent of target;

Performance stock units tied to fiscal 2016-2018 performance related to relative Total Shareholder Return (TSR) versus other publicly-traded restaurant companies were earned at 150 percent of target; and

¹See p. 29 for a definition of Consolidated Adjusted Diluted Net Earnings Per Share from Continuing Operations.

²For annual incentive plan purposes for fiscal 2018, same-restaurant sales growth includes Cheddar's Scratch Kitchen and was 1.9 percent.

³Industry benchmark means same-restaurant sales growth for the casual dining segment (excluding Darden concepts) for the twelve-month period ending May 2018, as reported by Knapp-Track.

Table of Contents

Stock options granted in July 2017 have accrued in-the-money value commensurate with the increase in Darden’s stock price, but remain unvested (50 percent vest three years from grant date and 50 percent vest four years from grant date).

The Compensation Committee believes that these financial results and pay outcomes are indicative of a sound strategy, excellent execution, and a strong linkage between pay and performance. The Committee also believes that the following demonstrates the Company’s commitment to sound overall governance of executive compensation:

What we do:

- Fully independent Compensation Committee
- Independent executive compensation consultant
- Majority of our target pay opportunity for our NEOs is in the form of “at risk” incentives
- Annual incentives have multiple performance measures and capped payouts to mitigate risk
- Long-term incentives granted in multiple award types to achieve multiple objectives
- Clawback policy to allow us to recover incentive compensation in the event of a financial restatement due to fraud
- Robust executive officer and outside director stock ownership requirements with mandatory holding requirements
- Minimum three-year vesting period on annual equity awards
- Annual shareholder engagement process

What we don’t do:

- No guaranteed bonuses
- No excise tax gross ups
- No option repricing
- No dividends paid on unvested long-term incentives until vesting
- No hedging, pledging or short sales of Company securities by officers or directors
- No excessive severance
- No excessive perks or company aircraft
- No automatic single-trigger change in control payments

Name	Position with Company at Fiscal 2018 Year-End
Eugene I. Lee, Jr.	President and Chief Executive Officer
Ricardo Cardenas	Senior Vice President, Chief Financial Officer
David C. George	Executive Vice President and Chief Operating Officer
Todd A. Burrowes	President, LongHorn Steakhouse
Matthew R. Broad	Senior Vice President, General Counsel, Chief Compliance Officer and Corporate Secretary

Process for Determining Fiscal 2018 Executive Compensation

The Compensation Committee and Board are responsible for the Company’s executive compensation program. With respect to fiscal 2018 executive compensation, the Compensation Committee was primarily responsible for (a) the design of the executive compensation program; (b) approving goals and payouts under the Company’s fiscal 2018 annual incentives; and (c) approving performance results under outstanding performance stock units based upon performance over the three-year period ending with fiscal 2018. Company management also periodically solicits shareholder feedback through engagement meetings that the Compensation Committee considers when developing the compensation programs.

Independent Consultant

Pearl Meyer and Partners (Pearl Meyer) has served as the independent consultant to the Compensation Committee since fiscal 2015. In selecting Pearl Meyer, the Committee considered the independence factors prescribed by the SEC and the NYSE,

25

Table of Contents

and concluded that Pearl Meyer was independent and that its work did not raise any conflict of interest. In its role as independent consultant, Pearl Meyer reports to, and is directed by, the Compensation Committee. The primary services provided by the consultant are expected to include assisting with peer group review, periodic competitive market studies, periodic review and advice regarding variable pay program designs and executive compensation policies, updates on emerging practices and trends, and attendance at Compensation Committee meetings.

Compensation Peer Group

The Compensation Committee periodically reviews the pay levels and practices of peer companies in order to assess the competitive positioning of Darden's pay levels and plan designs.

With respect to the compensation program for fiscal 2018, Pearl Meyer recommended, and the Committee approved, the following executive compensation peer group:

Dunkin' Brands Group	The Gap, Inc.
The Wendy's Company	Nordstrom, Inc.
Panera Bread Company	L Brands, Inc.
Brinker International, Inc.	AutoZone, Inc.
Bloomin' Brands, Inc.	Dick's Sporting Goods, Inc.
Chipotle Mexican Grill, Inc.	Tractor Supply Company
Aramark Corporation	O'Reilly Auto Parts
Cracker Barrel Old Country Store, Inc.	Foot Locker Retail, Inc.
The Cheesecake Factory, Inc.	Williams-Sonoma, Inc.

This peer group of 18 companies consists of companies in the restaurant and retail industries with financial characteristics within a tight range of the Company's own characteristics. Our peer group reflects a median market capitalization of \$7.7 billion and system-wide revenue of \$7.7 billion, both as of November 2016.

The peer group extends beyond restaurant operators because there are a limited number of restaurant operators of comparable size to Darden and because the Company competes for talent with, and has some business model similarities to, companies in the retail industry.

During fiscal 2018, recognizing the continued growth of the Company both through performance and the acquisition of Cheddar's Scratch Kitchen, the Compensation Committee reviewed the peer group for fiscal 2019 compensation programs, and upon the recommendation of Pearl Meyer, made the following changes:

Changes for FY 2019:	FY 2019 Peer Group
Deleted:	The Gap, Inc.
Panera Bread Company	Nordstrom, Inc.
Dunkin' Brands Group	Aramark Corporation
The Wendy's Company	L Brands, Inc.
Williams-Sonoma, Inc.	AutoZone, Inc.
	Yum! Brands, Inc.
	Restaurant Brands International, Inc.
Added:	O'Reilly Automotive, Inc.
Yum! Brands, Inc.	Dick's Sporting Goods, Inc.
Restaurant Brands International, Inc.	Foot Locker Retail, Inc.
	Tractor Supply Company
	Bloomin' Brands, Inc.

Brinker International, Inc.
Chipotle Mexican Grill, Inc.
Cracker Barrel Old Country Store, Inc.
The Cheesecake Factory, Inc.

The changes resulted in a peer group comprised of 50 percent restaurant and 50 percent retail companies. Our new peer group reflects a median market capitalization of \$8.3 billion and system-wide revenue of \$8.6 billion, both as of November 2017.

Executive Compensation Philosophy and Strategy

Darden's executive talent and Total Rewards philosophy continues to be focused on attracting, motivating and rewarding well-qualified executives for achieving business results and demonstrating leadership behaviors that drive our business. We are committed to a pay for performance culture that includes high standards of ethical behavior and corporate governance and we structure compensation programs with the following principles in mind:

Compensation Design Supports Our Business Strategy and Is Aligned with Shareholders' Interests – We have designed our Total Rewards Program, and our incentive plans in particular, to meet our primary goal of aligning with shareholders; specifically, to drive strong and sustainable sales and earnings growth balanced with prudent capital management to maximize total shareholder return.

Incentive Compensation Is Aligned with Performance – Total direct compensation (salary, annual incentives and long-term incentives) for our NEOs is structured so that more than two-thirds of the total value at target is attributable to Company performance.

The target pay opportunities approved by the Compensation Committee reflect this pay for performance with 87 percent of our CEO's and 72 percent of the other Named Executive Officers' target total direct compensation tied to performance:

Executive Compensation Program Elements

Our Total Rewards program for NEOs is comprised of base salary, annual incentives, long-term incentives, modest perquisites and savings plans. Our NEOs also are eligible to participate in the health and benefits available to our U.S. salaried employees.

Base Salary

We provide competitive base salaries to our NEOs in recognition of their job responsibilities. In addition to external competitive market data (what our peer companies pay for similar positions), we consider individual work experience, leadership, knowledge and internal parity among those performing like jobs when setting salary levels. Annual salary increases are primarily driven by individual performance while also considering the relative position of the individual's salary to market data.

Annual Incentives

We provided annual cash incentive opportunities to our NEOs under the 2015 Plan for fiscal year 2018. The terms of the fiscal 2018 annual awards required that the Company have positive consolidated earnings from continuing operations for the fiscal year in order for awards to be made for that year. In addition to that condition, the Compensation Committee has the discretion to establish the elements used to determine individual annual incentive awards, if any, to be made, subject to certain limitations. Under the terms of the 2018 annual awards, the Compensation Committee established that the maximum award payable to an individual NEO under the 2015 Plan for the plan year may not exceed ten million dollars. The bonus amounts actually paid for fiscal 2018 to our NEOs were based solely on Company or Business Unit performance, per the following formula approved by the Compensation Committee:

Base Salary x Target Bonus Opportunity x Company Performance Rating

Company Performance Rating

The Company maintains a rigorous annual business planning and long-term strategic planning process that we consider to be one of our key competitive advantages. The core financial objective of these plans is to achieve long-term total shareholder returns for our shareholders of 10 to 15 percent, as reflected in our long-term value creation framework. The Company's management creates the annual business plan in consultation with the Board of Directors and reports on progress with respect to the plan throughout the year. The annual business plan includes specific measurable goals for all of the key metrics that the Company and the Board believes are necessary to achieve in order to achieve that long-term objective and the Compensation Committee sets performance measures under the annual and long-term incentive plans based upon the goals set out in these business plans.

The annual performance measures that comprise the Company performance ratings for each of our NEOs vary depending upon the NEO's role and responsibilities and are aligned with the sales and earnings growth metrics that we describe to investors in our long-term value creation framework. The Compensation Committee adopted same-restaurant sales growth as one of our annual performance metrics in fiscal 2015, after extensive shareholder engagement on the compensation program design. Same-restaurant sales growth is a year-over-year comparison of each period's sales volumes for restaurants open at least 16 months, including recently acquired restaurants, regardless of when the restaurants were acquired. Same-restaurant sales growth is a key one-year indicator of performance in our industry (and does not take into account the sales from new restaurants opened during the fiscal year). The Company's long-term value creation framework includes an annual target, over time, for same-restaurant sales growth of 1 to 3 percent. Our second and more heavily weighted annual performance measures is Adjusted EPS or business unit Adjusted OI. Earnings per share growth is one of the main components of total shareholder return, the ultimate objective of our long-term value creation framework.

The Company performance rating for each NEO is based solely on Darden results for NEOs other than Mr. Burrowes and Mr. George, whose Company performance ratings are based on business unit results (80 percent) and Darden results (20 percent). Company performance measures and weighting for fiscal 2018 were:

Performance Measure	Weighting
Corporate	
Adjusted EPS	70%
Same-Restaurant Sales Growth	30%
Business Unit	
Business Unit Adjusted Operating Income	70%
Business Unit Same-Restaurant Sales Growth	30%

The Compensation Committee establishes threshold, target and maximum performance goals for each measure each year, with potential payouts ranging from 0 to 200 percent of each participant's target bonus opportunity. The Compensation Committee sets these goals after reviewing the Company's business plan for the fiscal year. For the same-restaurant sales growth measure, the annual target for a given fiscal year varies based on a variety of factors that impact the business plan, including macroeconomic forces, consumer and industry trends, competitive forces, the Company's strategic initiatives and other factors, and may be higher or lower than either the target or the actual result for the prior fiscal year. For the Adjusted EPS and business unit Adjusted OI measures, the Compensation Committee sets targets that reflect the Company's business plan. For fiscal 2018, after considering

Table of Contents

the Company's business plan and relevant factors, the Compensation Committee set the annual same-restaurant sales growth target for the Darden awards at 1.7 percent and the Adjusted EPS target at \$4.46 per share.

Performance and Pay Results for Fiscal 2018

The Committee certified the following Company performance results for fiscal 2018:

Adjusted earnings per share (Adjusted EPS) for purposes of the annual incentive was derived from the publicly reported diluted net EPS for continuing operations, adjusted for annual incentive calculation purposes to exclude the impact of special items. For fiscal 2018, the adjustments included the special equity grant to our CEO described on p. 31, tax savings for fiscal 2018 resulting from the enactment of H.R. 1, originally known as the Tax Cuts and Jobs Act, on December 22, 2017 (Tax Act) and workforce investments not included in the original business plan for fiscal 2018.

Diluted Net EPS from Continuing Operations	\$4.79
Cheddar's Integration Costs	\$0.10
Net Benefit of Deferred Tax Revaluation	-\$0.62
Debt Retirement Costs	\$0.54
Consolidated Adjusted Diluted Net EPS from Continuing Operations	\$4.81
CEO Special Equity Grant	\$0.01
Tax Act Savings	-\$0.30
Workforce Investment	\$0.10
Adjusted EPS for Annual Incentives	\$4.62

Adjusted operating income (Adjusted OI) for a business unit, for purposes of the annual incentive, was derived from that brand's component of reported operating income, adjusted to exclude the impact of special items. The adjustments in fiscal 2018 to Adjusted OI for the business units included workforce investments not included in the original business plan for fiscal 2018 and certain asset impairments.

The final individual annual incentive awards determined by the Compensation Committee are set forth below.

Long-Term Incentives

The purpose of the long-term incentive program is to motivate and reward achievement of our long-term objectives of winning financially and creating long-term value for our shareholders. The long-term awards made in July 2017 for the fiscal 2018 grants were made under the 2015 Plan.

For fiscal 2018, the long-term incentive plan design linked pay and performance with a continued emphasis on performance stock units (PSUs), with one half of the grant in PSUs. The fiscal 2018 long-term incentive program provided 1/4 of the grant value in stock options, 1/4 in restricted stock units, and 1/2 of the grant value in performance stock units tied to relative TSR.

Stock Options (1/4 of the grant value):

Granted with an exercise price equal to the closing stock price on the grant date;

Vest 50 percent on the third anniversary of the grant date and 50 percent on the fourth anniversary of the grant date; and

Maximum term of 10 years.

Restricted Stock Units (1/4 of the grant value):

Share denominated units;

Vest 100 percent on the third anniversary of the grant date; and

Settled in stock.

Performance Stock Units - Relative TSR (1/2 of the grant value):

Share denominated units;

Vest 50 percent on the third anniversary of the grant date, and 50 percent on the fourth anniversary of the grant date; the portion that vests on the third anniversary of the grant date requires a mandatory one year holding period;

0 - 150 percent payout opportunity based upon relative TSR as compared to publicly-traded restaurant companies over the three-year performance period; the companies in our comparison group are listed below; and

Settled in stock.

⁽²⁾ Number of Restricted Stock Units and PSUs based on the average closing stock price on the NYSE for the fiscal month preceding the month in which the grant is made.

Special Grant to CEO

On June 22, 2017, the Board, upon the recommendation of the Compensation Committee, approved a special additional equity grant to Mr. Lee under the Company's 2015 Plan. Effective June 29, 2017, Mr. Lee received a grant of 81,735 PSUs (Special PSUs) with an aggregate value of \$7,500,000, vesting in three installments: 26.7 percent will vest on May 31, 2020, 33.3 percent will vest on May 30, 2021 and the remaining 40 percent will vest on May 29, 2022. The Special PSUs will pay out based upon achieving certain predetermined three-year, four-year and five-year adjusted EBITDA targets.

The Committee recommended this grant as an element of the Board's succession planning process. The Committee believed that this grant was an important factor to retaining Mr. Lee as our CEO, because he is retirement eligible, there is competition for executive talent in our industry and he has been critical in managing and growing the Company's business, including completing the acquisition of Cheddar's Scratch Kitchen in fiscal 2017.

Performance Results and Payouts from Prior Grants

Fiscal 2018 was the final year of the three-year period for PSUs that were granted at the beginning of fiscal 2016 for the performance period covering fiscal 2016-2018 (the 2016 grants). For the 2016 grants, made under our 2002 Plan and, with respect to Mr. Broad, our 2015 Plan, the PSUs are settled in stock, and the number of shares earned are based upon the results of a three-year performance period. The earned PSUs vest in two tranches: 50 percent of the earned PSUs vested on July 27, 2018 and the remaining earned PSUs will vest in July 2019. Each NEO was granted 50 percent of their target PSUs based on three-year average return on invested capital (ROIC) and 50 percent based upon relative total shareholder return (TSR). The terms of the plan required that the Company have positive consolidated earnings from continuing operations for the year in which the grant was made in order for any payouts under these PSUs. The 2002 Plan also limited the award payout for multi-year awards to the aggregate consolidated earnings from continuing operations and sales of the Company during the performance period, excluding years in which the Company had no positive earnings.

The Compensation Committee certified the performance results related to the PSUs (ROIC) component of the 2016 grants, as summarized in the table below. Based on the those results, the Compensation Committee approved an earned percentage of 127 percent times the initial granted number of shares for the PSUs (ROIC) for Messrs. Lee, Cardenas and Broad, whose earned percentage is based on Darden ROIC. Mr. George's earned percentage was based on Olive Garden ROIC, resulting in an earned percentage of 150 percent. Mr. Burrowes' earned percentage was based on LongHorn ROIC, resulting in an earned percentage of 118 percent.

ROIC	FY 2016-2018	FY 2016	FY 2017	FY 2018	3 Year Average Result ⁽¹⁾	3 Year Average Target	Earned Percentage
Darden	15.1%	15.6%	16.8%	15.8%	15.0%		127%
Olive Garden	17.9%	18.8%	19.6%	18.8%	16.8%		150%
LongHorn	11.3%	11.9%	12.4%	11.8%	11.3%		118%

For purposes of these PSUs, "ROIC" for Darden means, with respect to the applicable fiscal year, after-tax EBITDA divided by the sum of average gross fixed assets, average net working capital (excluding cash) and average intangibles, as reported in the Company's audited financial statements. For a business unit, "ROIC" means with respect to the applicable fiscal year, after-tax EBITDA for the business unit divided by the sum of average gross fixed assets and average intangibles attributable to the business unit. ROIC for Darden and the business units may be adjusted for certain events not considered when initially setting the performance targets.

The Compensation Committee certified that the Company's three-year TSR performance ranked at the 82.5th percentile relative to a set of publicly-traded restaurant companies. As a result, the Compensation Committee approved an earned percentage equal to 150 percent times the initial number of shares granted for the PSUs (TSR), all as described in the tables below.

Results	Target	Percentile Result	Earned Percentage
Total Shareholder Return FY 2016-18	50	82.5	150%

Although the final earned numbers of PSUs (ROIC) and PSUs (TSR) for the 2016 grants were determined in 2018, the 2016 grants vest in two tranches. 50 percent of the final earned PSUs vested on July 29, 2018 and the remaining earned PSUs will vest on July 29, 2019. See footnote 3 in the "Outstanding Equity Awards at Fiscal Year-End" table on p. 40 for the number of earned PSUs for each NEO.

Other Programs, Policies, and Practices

Perquisites

We provide limited perquisites to our NEOs that we believe are appropriate to enable business continuity and minimize work distractions. During fiscal 2018, these benefits included an allowance toward a company car, limited

reimbursement for financial planning assistance and an annual executive physical.

Other Benefits

Our NEOs receive the same employee benefits provided to other salaried U.S. employees, but are not eligible to actively participate in Darden's qualified savings plan (the Darden Savings Plan). Instead, our NEOs participate in the non-qualified FlexComp Plan. The FlexComp Plan allows participants (approximately 900) to defer receipt of up to 25 percent of their base

32

Table of Contents

salaries and up to 100 percent of their annual incentive compensation. We make contributions into the FlexComp Plan for our NEOs in place of benefits under our qualified savings plan.

Stock Ownership Guidelines

In keeping with our objective of aligning our executives' interests with our shareholders' interests, we require our executives to hold equity in the Company equal in value to a designated multiple of their salaries. Under the Company's stock ownership policy, the Chief Executive Officer must hold 100 percent and any other officer must hold 50 percent of any net after tax shares issued to them until they achieve the required stock ownership level. The required ownership values vary based on the executive's level of responsibility as follows:

Named Executive Officer Required Ownership as a Multiple of Base Salary

Eugene I. Lee, Jr	6x
Ricardo Cardenas	4x
David C. George	4x
Todd A. Burrowes	4x
Matthew R. Broad	2x

The Compensation Committee monitors compliance with the ownership guidelines. All of the NEOs were in compliance with the ownership guidelines as of May 27, 2018.

Policy on Granting Equity Awards

Our equity awards policy provides that incentive equity grants to employees, including stock option grants, are made once per year and are effective on the last Wednesday in fiscal July. The Company may also grant equity awards for special purposes such as retention, recognition or promotion and such special awards are made effective on any date determined by the Compensation Committee, the Board or authorized individual approving the award. The grant date for equity awards is never a date prior to approval. The exercise price of stock options may not be less than the fair market value of our common stock on the date of the grant as measured by the closing sales price of our common stock on the NYSE.

Recoupment and Forfeiture of Compensation

We have adopted a clawback policy which provides that an executive officer is required to repay performance-based rewards to the Company if he or she knowingly participates in a fraud that requires the Company to restate its financial statements. Performance-based rewards include annual incentive awards and PSU awards under our 2015 Plan.

Change in Control Agreements

All of our executive officers are parties to Change in Control Agreements that reflect current market practices and governance best practices. The Change in Control Agreements provide for severance benefits (between 1.5 and 2.0 times base salary and target bonus) in the event of a termination of employment within 24 months of a change in control of the Company.

Compliance with Section 162(m) of the Internal Revenue Code

In designing our compensation programs, we take into account the various tax, accounting and disclosure rules. The Compensation Committee also reviews and considers the deductibility of executive compensation under section

162(m) of the Internal Revenue Code. The Tax Act repealed the performance-based exemption from Section 162(m)'s deduction limit for taxable years beginning after December 31, 2017, subject to certain transition rules that "grandfathered" certain awards and arrangements that were in effect prior to November 2, 2017, and expanded the population of executives to which the deduction limit applies. The Committee generally seeks to preserve tax deductions for executive compensation where available. Nonetheless, the Committee has awarded compensation that is not fully tax deductible when it believes such grants are in the best interests of our shareholders and reserves the right to do so in the future. There is no guarantee that compensation payable pursuant to any of the Company's compensation programs will ultimately be deductible by the Company.

Shareholder Engagement and Results of Say on Pay Advisory Vote

At the 2017 Annual Meeting of Shareholders, approximately 97.2 percent of the votes cast were in favor of the advisory vote to approve executive compensation. We believe that these vote results, together with the Company's ongoing shareholder engagement, reflect that shareholders are pleased with the structure of the Company's compensation programs put into place by the Compensation Committee for fiscal 2018. The Compensation Committee is not recommending any material changes to the Company's compensation programs for fiscal 2019 as a result of these vote results, however, the Compensation Committee continuously evaluates plan design and considers adjustments to the Company's compensation programs based on market and other considerations. The Compensation Committee and Board are committed to serving Darden's shareholders, and plan to continue regular dialogue with shareholders as we move forward.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors reviewed and discussed the Compensation Discussion and Analysis with Darden's management. Based on this review and discussion, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into the Company's Annual Report on Form 10-K for the fiscal year ended May 27, 2018.

Respectfully submitted,

The Compensation Committee
James P. Fogarty, Committee Chair
Cynthia T. Jamison
Nana Mensah

Table of Contents

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee consists of Mr. Fogarty as the Chair and Ms. Jamison and Mr. Mensah as members. During fiscal 2018, all members of the Compensation Committee were independent directors, and no member was an employee or former employee of the Company. In addition, none of the Company's executive officers served on the board of directors or compensation committee (or other committee serving an equivalent function) of another entity whose executive officer served on the Company's Board of Directors or Compensation Committee.

ASSESSMENT OF RISK OF COMPENSATION PROGRAMS

We believe that our compensation programs for executives and other employees are designed with the appropriate balance of risk and reward in relation to the Company's overall business strategy and do not incent executives or other employees to take unnecessary or excessive risks. Specifically, we believe that the following features of our compensation programs (discussed in more detail in the Compensation Discussion and Analysis section above) help manage or mitigate risk:

The Company has allocated compensation among base salary and short-term and long-term compensation target opportunities for executives in such a way as to not encourage excessive risk taking. Incentive compensation is not overly weighted toward short-term incentives. In addition, both short-term and long-term incentives are subject to maximum payment amounts;

The mix of equity award instruments used under our long-term incentive program (a) includes full value awards; and (b) rewards different performance measures (currently, total shareholder return for stock options and, return on invested capital growth as well as total shareholder return relative to publicly traded restaurant companies for PSUs);

Our annual and long-term compensation plans are reviewed by the Compensation Committee and any risks embedded in those plans are discussed and evaluated for appropriateness. Our incentive opportunities are designed to drive strong, sustainable growth and shareholder return;

The multi-year vesting of our equity awards aligns incentive compensation with shareholders' interests by rewarding long-term stock appreciation rather than short-term performance;

Our performance criteria and objectives balance performance and sustainability of performance by setting a variety of goals, including same-restaurant sales growth, earnings per share growth, return on invested capital;

Our Stock Ownership Guidelines encourage a focus on long-term growth in shareholder value; and

Our policies regarding recoupment and forfeiture of compensation discourage excessive or inappropriate risk taking.

- (1) Amounts reflect the actual base salary earned by the NEO in fiscal 2018, fiscal 2017 and fiscal 2016, including any deferred amounts reported in the Non-Qualified Deferred Compensation Table.

- (2) The Company made variable incentive payments for fiscal 2018, fiscal 2017, and fiscal 2016 based on achieving performance metrics that were established under the Company's MIP for fiscal year 2016 and the Company's 2015 Plan for fiscal years 2018 and 2017. These incentive payments are reported in the "Non-Equity Incentive Plan Compensation" column of this table.

- Amounts in these columns represent the grant date fair value of awards computed in accordance with ASC Topic 718 for each of fiscal 2018, fiscal 2017 and fiscal 2016. The assumptions used in calculating these amounts in accordance with ASC Topic 718 are included in Note 1 (under the heading Stock-Based Compensation) to the Company's audited financial statements included in the Company's 2018 Annual Report on Form 10-K. For Mr. Lee, the PSUs granted during fiscal 2018 represent two separate awards. The first award vests in three installments: 26.7 percent will vest on May 31, 2020, 33.3 percent will vest on May 30, 2021 and the remaining 40 percent will vest on May 29, 2022. These PSUs will pay out based upon achieving certain three-year, four-year and five-year adjusted EBITDA targets. The grant value is shown at target payout; the award will not vest if the performance target is not achieved and will vest at target if the performance target is achieved. Mr. Lee's second PSU award granted in fiscal 2018 and the PSU awards granted to all other NEOs in fiscal 2018 vest based on Relative TSR. After a three year performance period, the PSUs (TSR) granted in fiscal 2018 will vest 50 percent on the third anniversary of the grant date, and 50 percent on the fourth anniversary of the grant date. Actual awards may range from 0 percent to 150 percent of the targeted incentive. The grant value of PSUs is shown at target payout. For fiscal 2018, the following amounts represent the grant date fair value of PSU awards assuming achievement of maximum (150 percent) payout: Mr. Lee — \$3,759,602.28; Mr. Cardenas — \$939,868.80; Mr. George — \$939,868.80; Mr. Burrowes — \$676,777.11; Mr. Broad — \$451,092.06. For fiscal 2017, the following amounts represent the grant date fair value of PSU awards assuming achievement of maximum (150 percent) payout: Mr. Lee — \$3,587,991; Mr. Cardenas — \$1,345,472; Mr. George — \$1,345,472; Mr. Burrowes — \$717,603; Mr. Broad — \$538,158. Mr. Lee — \$3,347,165; Mr. Cardenas — \$539,875; Mr. George — \$1,079,750; Mr. Burrowes — \$863,881. These PSUs are described more fully under the heading “Compensation Discussion and Analysis — Fiscal 2018 Executive Compensation Program Elements — Long-Term Incentives.”

Amounts deferred into the FlexComp Plan do not receive above market or preferential earnings, but rather receive (4) notional rates of return that match the returns on the investment options available under the Darden Savings Plan as described under the subheading “Non-Qualified Deferred Compensation.”

(5) All Other Compensation for fiscal 2018 consists of the following amounts:

	Perks and Other Personal Benefits (\$) ^(a)	Company Contributions to Defined Contribution Plans (\$) ^(b)	Insurance Premiums (\$) ^(c)	Dividends or Earnings on Stock or Option Awards (\$) ^(d)	Other (\$)	Totals (\$)

Includes the aggregate incremental costs to the Company for personal use of a Company car or a limited car allowance, a discount on the price to purchase a company car, an annual executive physical, a reimbursement for (a) financial counseling services, a discount on the purchase of Company gift cards and non-work related activities, gifts received and airfare for spousal attendance at Company events. None of these perquisites had a value exceeding the greater of \$25,000 or 10 percent of total perquisites for an NEO.

Amounts in this column represent Company contributions made in August 2018 for fiscal 2018 Company performance under the FlexComp Plan, our non-qualified deferred compensation plan. Company contributions are (b) made under the provisions of the FlexComp Plan and are deferred in accordance with participants’ elections pursuant to the terms of the FlexComp Plan. Salary or bonus deferred by an NEO into the FlexComp Plan is reported in the “Salary” column or the “Non-Equity Incentive Plan Compensation” column.

(c) Represents the cost to the Company for providing life insurance and long-term disability insurance.

Our NEOs do not receive dividends or dividend equivalents on unvested restricted stock, unvested restricted stock (d) units or unvested PSUs, but rather accrue them for payment when the restricted stock, restricted stock units or PSUs are earned and vested and only on the number of shares of stock or units which actually vest.

(1) The column sets forth the date on which the Committee took action to grant the reported awards. The grants made to Mr. Lee were recommended by the Committee and approved by the independent members of the Board and the

grants made to the other NEOs were approved by the Committee.

The amounts in these columns represent the potential annual cash incentive that may be earned under the 2015 Plan by each NEO. The annual ranges are calculated with the actual salary earned during the fiscal year. Where the NEO's target bonus opportunity increases during the fiscal year (for example, in the event of a promotion), the target bonus opportunity is based on a proration using the target bonus opportunity in effect for each portion of the fiscal year, and such proration is used in the actual bonus award calculation. Actual payouts to the NEOs based on fiscal 2018 performance are reported under the "Non-Equity Incentive Plan Compensation" column in the Summary Compensation Table.

The NEOs received grants of PSUs under the 2015 Plan. For Mr. Lee, the PSUs granted represent two separate awards. The first award vests in three installments: 26.7 percent will vest on May 31, 2020, 33.3 percent will vest on May 30, 2021 and the remaining 40 percent will vest on May 29, 2022. The PSUs will pay out based upon achieving certain three-year, four-year and five-year adjusted EBITDA targets. The grant value is shown at target payout, the award will not vest if the performance target is not achieved and will vest at target if the performance target is achieved. Mr. Lee's second PSU award and the PSU awards granted to all other NEOs are earned based on Relative TSR. After a three-year performance period, the PSUs (TSR) granted in fiscal 2018 will vest 50 percent on the third anniversary of the grant date, and 50 percent on the fourth anniversary of the grant date. Actual awards

may range from 0 percent to 150 percent of the targeted incentive. These PSUs are described more fully under the heading “Compensation Discussion and Analysis — Fiscal 2018 Executive Compensation Program Elements — Long-Term Incentives.”

- (4) The NEOs received grants of restricted stock units under the 2015 Plan. The grant vests on the third anniversary of the grant date.
- (5) The NEOs received grants of non-qualified stock options under the 2015 Plan. These non-qualified stock options vest 50 percent on each of the third and fourth anniversaries of the grant date.

All stock options are granted with an exercise price equal to the fair market value of our common stock on the date of grant. Fair market value under the 2015 Plan has been determined by the Committee to be the closing price of

- (6) the common stock on the NYSE as reported in the consolidated transaction reporting system on the grant date or, if such exchange is not open for trading on such date, on the most recent preceding date when such exchange is open for trading.

- (7) Assumptions used in the calculation of these amounts are included in Note 1 to the Company’s audited financial statements included in the Company’s 2018 Annual Report on Form 10-K.

(1) All option awards are non-qualified stock options that expire ten years from the date of grant. Except where noted, the vesting schedule for the non-qualified stock options granted to NEOs is 50 percent on the third and fourth anniversaries of the grant date. For Mr. Cardenas, the non-qualified stock option grants made prior to November 17, 2014 vested in thirds on the second, third and fourth anniversaries of the grant date.

(2) The units reflected in this column represent awards of RSUs granted to all NEOs which vest fully on the third anniversary of the grant date with the exception of additional awards for Messrs. Burrowes and George. For Mr. Burrowes, 12,443 RSUs will vest on July 28, 2019. For Mr. George, 14,937 RSUs will vest on July 27, 2019. Non-Qualified Deferred Compensation

We maintain the FlexComp Plan, a non-qualified deferred compensation plan, for our executive officers and certain employees who are not eligible to participate in the Darden Savings Plan.

The FlexComp Plan permits participating executive officers to defer receipt of up to 25 percent of their base salaries and up to 100 percent of their annual incentive compensation. Amounts deferred under the FlexComp Plan are payable in cash on the date or dates selected by the participant in accordance with the terms of the FlexComp Plan or on such other dates specified in the FlexComp Plan. Deferred amounts are credited with notional rates of return based on the performance of several investment alternatives (which mirror the returns on the investment alternatives available under the Darden Savings Plan, the Company's qualified 401(k) savings plan), as selected by the participant.

We also make certain contributions to executive officers' accounts under the FlexComp Plan which are designed to provide benefits in lieu of qualified retirement plans. Company contributions are made annually. For all NEOs, the annual contribution is 4 percent of the executive's eligible annual earnings. In addition, a second Company contribution ranges from 1.5 percent to 7.2 percent of the executive's eligible annual earnings based on Company performance. The contributions are automatically deferred in accordance with the participants' elections and the terms of the FlexComp Plan.

Contributions under the FlexComp Plan are credited with notional rates of return based on several investment alternatives, which mirror the returns on the investment alternatives under the Darden Savings Plan. Except for the Darden Company Stock Fund, investment selections may be changed daily. The FlexComp Plan does not have a guaranteed rate of return or guaranteed retirement benefit. The table below shows the funds available under the Darden Savings Plan and their notional rates of return for the twelve months ended May 27, 2018, the reportable fund performance period that most closely matched our fiscal year, as reported by the recordkeeper of the Darden Savings Plan.

Deferred amounts under the FlexComp Plan are generally paid following separation from employment unless the participant elected an earlier in-service distribution date at the time of the deferral. Participants may elect to be paid in the form of a single sum cash payment, or 5-year or 10-year annual installment payments. The form of payment depends upon the participant's deferral election and the participant's retirement eligibility at separation from employment.

It is closed to new employee deferrals and Company contributions and is administered in conjunction with the FlexComp Plan.

Potential Payments Upon Termination or Change in Control

The Company has entered into Change in Control Agreements (CIC Agreements) with Messrs. Lee, Cardenas, George, Burrowes, and Broad. The Company's typical practice is not to enter into employment agreements with the NEOs. The following summarizes the potential payments to be made to NEOs upon termination of their employment or a change in control of the Company.

Payments Made Upon Any Termination of Employment. Regardless of the manner in which an NEO's employment terminates, the NEO is entitled to receive amounts earned during the NEO's term of employment. Such amounts include:

- Accrued but unpaid base salary through the date of termination;

- Unreimbursed employment-related expenses and other benefits owed to the NEO under the Company's employee benefit plans or policies;

- Accrued but unpaid vacation;

- The NEO's FlexComp account balance;

- The NEO's Darden Savings Plan account, if applicable; and

- The NEO's benefit under the qualified retirement plan (the RIP), if applicable.

These payments made upon termination do not differ from payments made upon termination to all employees. In addition, the NEO will continue to be able to exercise any vested stock options for a period of three months following

termination of employment, or for a longer period if the NEO is eligible for early or normal retirement or in certain other situations described below.

Payments Made Upon Early Retirement. In the event of the early retirement of an NEO who has reached age 55 with ten or more years of service, in addition to the items identified under the heading “Payments Made Upon Any Termination of Employment”:

• The NEO will be entitled to receive prorated vesting of each option grant, and be allowed to exercise such option for the lesser of five years or the remainder of the original term;

Table of Contents

• The NEO will continue to vest in a prorated share of grants of PSUs based on Company performance for the remainder of the applicable PSU performance period; and

• The NEO, if eligible, will receive a Company contribution in a health reimbursement account to be used to reimburse eligible medical expenses, if applicable.

Payments Made Upon Normal Retirement. In the event of the retirement of an NEO who has reached age 65 with five or more years of service, in addition to the items identified under the heading “Payments Made Upon Any Termination of Employment”:

• The NEO will vest in all outstanding stock options with continued exercisability for the remainder of the original term;

• The NEO will continue to vest in grants of PSUs based on Company performance for the remainder of the original PSU performance period;

• The NEO, if eligible, will receive a Company contribution in a health reimbursement account to be used to reimburse eligible medical expenses, if applicable; and

• The NEO will be entitled to receive a distribution of any balance held under the Darden Savings Plan, if applicable.

Payments Made Upon Disability. The Company pays for long-term disability coverage for the NEOs and the amount paid for the insurance is included in the “All Other Compensation” column in the Summary Compensation Table. In the event of disability, the NEO will receive the items identified under the heading “Payments Made Upon Any Termination of Employment” above. In addition, the NEO is entitled to the following benefits, which are also available to employees with disability coverage:

• The NEO will vest in all outstanding stock options and be allowed to exercise such stock options for the remainder of the original term;

• The NEO will vest in all outstanding PSUs on a pro rata basis based on Company performance for the remainder of the original PSU performance period;

• Up to 90 days of salary continuation;

• Up to two-thirds of eligible pay with a maximum annual benefit of \$180,000 payable to age 65 starting on the 91st day of disability; and

• Continued eligibility for group medical, life, and dependent life coverage for 52 weeks.

Payments Made Upon Death. The Company pays for life insurance coverage for the NEOs and the amount paid for the insurance is included in the “All Other Compensation” column in the Summary Compensation Table. The life insurance benefit for the NEOs is equal to four times salary and bonus, with a maximum amount of coverage of \$1,500,000. For accidental death, the benefit is twice the amount of the regular coverage with a maximum amount of coverage of \$3,000,000. An additional \$500,000 may be paid if death occurs while traveling on business. These benefits would be paid from term life insurance policies maintained by the Company. In the event of death, the beneficiary or estate of the NEO (as applicable) will receive the items identified under the heading above entitled “Payments Made Upon Any Termination of Employment,” except that the NEO would be fully vested in any employer

contributions under the Darden Savings Plan upon death and death benefits may not be payable under the RIP.

Stock options, restricted stock, restricted stock units and PSUs will vest in full and stock options will be exercisable for the remainder of the original term.

Payments Made Upon Involuntary Termination Without Cause. In general, the Company may, but is not obligated to, provide separation pay and benefits to its employees in the event the employee is involuntarily terminated without cause or resignation. If provided, the separation pay and benefits available are generally contingent upon the Company receiving a general release of claims from the employee. In addition to the items identified under the heading above entitled "Payments Made Upon Any Termination of Employment," such benefits to an executive officer may include severance payments of up to 12 months' base salary and up to 12 times the monthly value of the Company's contribution to health insurance benefits, among other benefits as the Company may determine to be appropriate under the specific circumstances.

Table of Contents

If the executive's age plus his or her years of service equals or exceeds 70 and the executive is involuntarily terminated without cause, accelerated vesting will be applied to a pro rata portion of the outstanding stock options and PSUs. Stock options will be exercisable for the lesser of five years or the remainder of the original term.

Payments Made Upon a Change in Control. The Company has entered into CIC Agreements with Messrs. Lee, Cardenas, George, Burrowes, and Broad. The CIC Agreements provide for, contingent upon the NEO executing a release of claims against the Company and complying with the non-competition, non-solicitation, confidentially and other restrictive covenants, severance payments equal to one and one half times the sum of the NEO's base salary and target annual bonus, and an amount equal to 18 times the monthly COBRA charge in effect on the date of termination for the Company-provided group health plan coverage in effect for the NEO on the date of termination, less the monthly active employee charge for such coverage on the date of termination, if the NEO is terminated without cause or voluntarily terminates employment with good reason within two years of a change in control. If the severance payments the NEO would otherwise be entitled to receive would require the payment of excise taxes, then the amount of severance payments is reduced to the point that it eliminates by a margin of \$1,000 any liability for such excise taxes, unless the severance payments provided under the agreement (with the NEO bearing all responsibility for taxes) provides a net payment to the NEO that is at least 10 percent higher than the net reduced amount. The CIC Agreement provides for an initial term ending on December 31 of the year the agreement is first in effect, and extended on December 31 of each year for a period of one year, unless prior notice is given by the Company that the agreement will not be extended.

Under the CIC Agreement, "Change in Control" means:

Any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934, as amended (the Exchange Act)) (a Person) becomes the beneficial owner (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 30% or more of either (x) the then-outstanding shares of common stock of the Company (the Outstanding Company Common Stock) or (y) the combined voting power of the then-outstanding voting securities of the Company entitled to vote generally in the election of directors (the Outstanding Company Voting Securities);

Consummation of a reorganization, merger, statutory share exchange or consolidation or similar transaction involving the Company or any of its subsidiaries, a sale or other disposition of all or substantially all of the assets of the Company, or the acquisition of assets or securities of another entity by the Company or any of its subsidiaries (each, a Business Combination), in each case unless, following such Business Combination, (x) all or substantially all of the individuals and entities that were the beneficial owners of the Outstanding Company Common Stock and the Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the then-outstanding shares of common stock (or, for a non-corporate entity, equivalent securities) and the combined voting power of the then-outstanding voting securities entitled to vote generally in the election of directors (or, for a non-corporate entity, equivalent governing body), as the case may be, of the entity resulting from such Business Combination (including, without limitation, an entity that, as a result of such transaction, owns the Company or all or substantially all of the Company's assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership immediately prior to such Business Combination of the Outstanding Company Common Stock and the Outstanding Company Voting Securities, as the case may be, (y) no Person (excluding any entity resulting from such Business Combination or any employee benefit plan (or related trust) of the Company or such entity resulting from such Business Combination) beneficially owns, directly or indirectly, 30% or more of, respectively, the then-outstanding shares of common stock (or, for a non-corporate entity, equivalent securities) of the entity resulting from such Business Combination or the combined voting power of the then-outstanding voting securities of such entity, except to the extent that such ownership existed prior to the Business Combination, and (z) at least a majority of the members of the board of directors (or, for a

non-corporate entity, equivalent governing body) of the entity resulting from such Business Combination were members of the Board at the time of the execution of the initial agreement or of the action of the Board providing for such Business Combination; or

- Approval by the shareholders of the Company of a complete liquidation or dissolution of the Company.

Under the CIC Agreement, "Cause" means:

An act or acts of fraud or misappropriation on the NEO's part which result in or are intended to result in the NEO's personal enrichment at the expense of the Company and which constitute a criminal offense under State or Federal laws;

Table of Contents

The NEO's continued failure to substantially perform the NEO's duties with the Company (other than any such failure resulting from the NEO's incapacity due to physical or mental illness), after a written demand for substantial performance is delivered to the NEO;

• The NEO's willful engagement in conduct that is demonstrably and materially injurious to the Company, monetarily or otherwise; or

The NEO's conviction of, or entering into a plea of either guilty or nolo contendere to, any felony, including, but not limited to, a felony involving moral turpitude, embezzlement, theft or similar act that occurred during or in the course of the NEO's employment with the Company.

Under the CIC Agreement, "Good Reason" means, without the express written consent of the NEO:

The assignment to the NEO of any duties inconsistent in any substantial respect with the NEO's position, authority or responsibilities as in effect during the 90-day period immediately preceding the change in control or any other substantial adverse change in such position (including titles), authority or responsibilities;

• A material reduction in the NEO's base salary, target annual bonus opportunity, long-term incentive opportunity or aggregate employee benefits as in effect immediately prior to the change in control; or

• Any failure by the Company to obtain the assumption and agreement to perform by a successor.

The table below reflects the amount of compensation payable to each of the NEOs (i) under the CIC Agreement, as applicable to each individual NEO, in the event of such NEO's involuntary not-for-cause termination of employment or resignation with good reason following a change in control and (ii) pursuant to the Company's general practices, in the event of termination of such NEO's employment upon voluntary termination, involuntary not-for-cause termination, involuntary for-cause termination and termination by death of the NEO. The amounts shown assume that such termination or change in control was effective as of May 27, 2018 and are estimates of the amounts that would be paid out to the NEO upon their termination. The actual amounts to be paid out can only be determined at the time of such NEO's separation from the Company. Except for the fiscal 2018 Annual Incentive and FlexComp Plan awards, the tables do not reflect earned amounts identified under the heading "Payments Made Upon Any Termination of Employment." Items such as the Darden Savings Plan or FlexComp Plan account balances are identified under the Non-Qualified Deferred Compensation Table.

(1) Amounts shown are subject to reduction if payments of benefits would result in excise tax liabilities under IRC Section 4999, and would result in the NEO being better off on an after-tax basis.

(2) Involuntary not for cause termination includes termination of the NEO's employment by the Company for any reason other than his or her violation of Company policy.

(3) Reflects the annual cash incentive, which is also included in the Summary Compensation Table.

(4) Reflects the annual FlexComp Plan award for fiscal 2018 paid in August 2018, which is also included in the Summary Compensation Table.

(5) For Mr. Lee, the Change in Control scenario reflects two times the sum of his base salary plus target bonus. For Messrs. Cardenas, George, Burrowes and Broad, the Change in Control scenario reflects one and one half times the sum of the NEOs base salary plus target bonus. For all NEOs, the Involuntary Not For Cause Termination scenario reflects 52 weeks of base salary, the value they would receive under our severance practice.

(6) Severance benefits under the disability termination scenario reflect the estimated value of expected benefits payable by the Company through our short-term disability policy and by our third-party long-term insurance providers. Assumes continued payment by the Company of an NEO's base salary for 90 days. After that initial period until

Table of Contents

reaching age 65, an NEO would be entitled to receive \$180,000 of annual disability benefits through the Company's insured long-term disability program.

(7) This amount represents the value of awards that would receive continued and accelerated prorated vesting when a NEO qualifies for early retirement (age 55 plus ten years of service) as of May 27, 2018.

This value is calculated based on the closing market price of \$87.88 of our common stock on the NYSE on May 25, 2018, the last trading day before the end of the fiscal year on May 27, 2018. For stock options, this value equals the difference between the closing market price of \$87.88 of our common stock on the NYSE on May 25, 2018, (8) and the exercise price, multiplied by the number of option shares subject to accelerated vesting upon termination. Performance Stock Unit payouts are estimated assuming 100 percent performance results. The amounts include accumulated cash and stock dividends on the outstanding Restricted Stock Units and Performance Stock Units, respectively.

Miscellaneous benefits include the value of health and life insurance benefits, post-retiree medical benefits (if (9) applicable), FlexComp Plan benefits, and miscellaneous perquisites such as discount on the purchase of their company car.

The maximum life insurance benefit for normal death is \$1,500,000; for accidental death, the maximum is (10) \$3,000,000; and an additional \$500,000 may be paid if death is attributable to death while traveling on business. These benefits would be paid from term life insurance policies.

The Company is party to trust agreements to provide for payments under our non-qualified deferred compensation plans, including our Compensation Plan for Non-Employee Directors, the 2015 Plan and the FlexComp Plan. Full funding is required upon a change in control of Darden. In addition, stock options, restricted stock, restricted stock units and PSUs issued under our stock plans are subject to accelerated vesting in the event of a termination not for cause or for good reason following a change in control, as defined in those plans or related award agreements.

Equity Compensation Plan Information

The following table gives information about shares of our common stock issuable as of May 27, 2018 under the 2015 Plan, 2002 Plan, the RARE Hospitality International, Inc. Amended and Restated 2002 Long-Term Incentive Plan (the RARE Plan) and our Employee Stock Purchase Plan.

Plan Category	(a) Number of securities to be issued upon exercise of outstanding options, warrants and rights ⁽¹⁾	(b) Weighted-average exercise price of outstanding options ⁽²⁾	(c) Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))
Equity compensation plans approved by security holders ⁽³⁾	4,289,862	\$51.10	7,008,268 ⁽⁴⁾
Equity compensation plans not approved by security holders ⁽⁵⁾	36,107	\$33.76	0
Total	4,325,969	\$50.92	7,008,268

⁽¹⁾ Includes stock options exercisable for common shares and deferred compensation obligations and unvested restricted stock units that may be paid out in common shares.

⁽²⁾ Relates solely to stock options exercisable for common shares.

Consists of the 2015 Plan, 2002 Plan and our Employee Stock Purchase Plan. The 2002 Plan has a “fungible share pool” approach to account for authorized shares. With respect to stock options and SARs, the number of shares available for awards is reduced by one share for each share covered by such award or to which the award relates.

⁽³⁾ With respect to awards granted after September 15, 2006, other than stock options and SARs, the number of shares available for awards is reduced by two shares for each share covered by such award or to which such award relates. Awards that do not entitle the holder to receive or purchase shares and awards that are settled in cash are not counted against the aggregate number of shares available for awards under the 2002 Plan.

⁽⁴⁾ Includes up to 5,961,889 shares of common stock that may be issued under awards under the 2015 Plan, and up to 1,046,379 shares of common stock that may be issued under our Employee Stock Purchase Plan. No new awards may be made under the 2002 Plan.

⁽⁵⁾ Consists of the RARE Plan, which is further described below.

RARE Plan. We acquired RARE on October 1, 2007. The RARE Plan has not been approved by our shareholders, but was approved by the shareholders of RARE on May 8, 2007. No new awards may be granted under the RARE Plan after May 10, 2014, but the plan shall remain in effect as long as any awards under the plan are outstanding. The RARE Plan is administered by the Compensation Committee. The RARE Plan provided for the issuance of common stock in connection with awards of non-qualified stock options, incentive stock options, restricted stock and restricted stock units. Persons eligible to receive awards under the RARE Plan were any employee, officer, director, consultant or advisor of the Company who, as of September 30, 2007, was an employee, officer, director, consultant or advisor to

RARE or its subsidiaries or affiliates. The RARE Plan is designed to meet the requirements of Section 162(m) of the Internal Revenue Code regarding the deductibility of executive compensation. The RARE Plan provides that the exercise price of stock options shall be determined by the Compensation Committee, but shall not be less than the fair market value of a share of common stock as of the grant date. The Compensation Committee further amended the RARE Plan on June 19, 2008, to provide a “fungible share pool” approach to manage authorized shares under the RARE Plan. The RARE Plan did not provide for “net share counting,” so that shares that are used to pay the exercise price of a stock option or are withheld upon exercise of a stock option to satisfy tax withholding requirements were not added to the number of shares available for granting awards under the RARE Plan.

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our median compensated employee and the annual total compensation of Mr. Lee, our President and Chief Executive Officer.

For the fiscal year ending May 27, 2018, our last completed fiscal year:

The annual total compensation of the median compensated of all employees of the Company (other than our CEO) was \$18,097.

The annual total compensation of our CEO, as reported in the Summary Compensation Table included on p. 36 of this Proxy Statement, was \$15,770,151.

As a result, for fiscal 2018, the ratio of the annual total compensation of Mr. Lee, our CEO, to the annual total compensation of the median compensated of all employees was 871 to 1. Neither the Compensation Committee nor management of the Company uses the pay ratio measure in making compensation decisions.

Mr. Lee's fiscal 2018 total annual compensation as reported in the Summary Compensation Table included a special equity award with an aggregate value of \$7,500,000, as described in Special Grant to CEO on p. 31. The Board believes that excluding the amount of this one-time grant from Mr. Lee's total compensation for 2018 provides a more accurate picture of Mr. Lee's target annual compensation under the Company's various executive compensation programs. Excluding the amount of the grant, Mr. Lee's total compensation as reported in the Summary Compensation Table would have been \$8,270,147 and the ratio of the total compensation of Mr. Lee to the median of the annual total compensation of all employees would have been 457 to 1.

To identify the median compensated employee and to determine the annual total compensation of the median employee, we used the following methodology:

We prepared a listing of all of the Company's approximately 180,000 employees as of February 26, 2018, three months prior to our fiscal year end, with certain permitted exclusions. As permitted by the de minimis exception under applicable SEC rules, we excluded all of our non-United States based employees, as they represented less than 5 percent of our total workforce. We excluded approximately 774 employees located in Canada and one employee located in Malaysia. The remaining employees were all based in the United States. We also excluded new hires who had not yet received their first paycheck.

We organized the resulting list by a consistently applied compensation measure (the Compensation Measure). The Compensation Measure that we used was comprised of all items of compensation, both cash and non-cash paid to our employees during the fiscal year, as represented in our corporate payroll system, excluding items such as Flex Comp awards, performance stock unit awards, restricted stock awards and certain other similar or related items that are not widely distributed to all employees. We annualized the compensation of employees who were hired during fiscal 2018. We then determined the median amount from this list and the related employee is our "median employee." The median employee determined for fiscal 2018 is a part time team member at one of our restaurants.

After identifying the median employee, we calculated annual total compensation for this employee using the same methodology we use for calculating the total compensation of our named executive officers as set forth in the Summary Compensation Table.

Pursuant to our policy on Pre-Approval of Audit and Non-Audit Services, we discourage the retention of our independent registered public accounting firm for non-audit services. We will not retain our independent registered public accounting firm for non-audit work unless:

- In the opinion of senior management, the independent registered public accounting firm possesses unique knowledge or technical expertise that is superior to that of other potential providers;

• The approvals of the Chair of the Audit Committee and the CFO are obtained prior to the retention; and

• The retention will not affect the status of the independent registered public accounting firm as “independent accountants” under the applicable rules of the SEC, Independence Standards Board and NYSE.

In addition, all non-audit services of more than \$250,000 in a fiscal quarter must be pre-approved by the full Audit Committee.

QUESTIONS AND ANSWERS ABOUT THE MEETING AND VOTING

Why did I receive a one-page Notice in the mail regarding the Availability of Proxy Materials instead of printed proxy materials?

In accordance with rules adopted by the SEC, instead of mailing a printed copy of our proxy materials to our shareholders, we have elected to furnish such materials to our shareholders by providing access to these documents over the Internet. Accordingly, on August 6, 2018, we sent a Notice of Availability of Proxy Materials to our shareholders of record and beneficial owners. You have the ability to access the proxy materials on a website referred to in such Notice or request to receive a printed set of the proxy materials free of charge.

Who is entitled to vote?

Record holders of our common shares at the close of business on July 25, 2018 are entitled to one vote for each common share they own. On July 25, 2018, 124,072,449 shares of common stock were outstanding and eligible to vote. The shares held in our treasury are not considered outstanding and will not be voted or considered present at the meeting. There is no cumulative voting.

How do I vote?

Before the meeting, if you are a shareholder of record, you may vote your shares in one of the following three ways:

By Internet, by going to the website shown on your proxy card or Notice of Availability of Proxy Materials and following the instructions for Internet voting set forth on such proxy card or Notice;

If you reside in the United States or Canada, by telephone at the number shown on your proxy card and following the instructions on such proxy card; or

If you received or requested printed copies of the proxy materials by mail, by completing, signing, dating and returning the proxy card.

Shareholders are invited to attend the Annual Meeting and vote in person at the Annual Meeting. If you are a beneficial owner of shares, you must obtain a legal proxy from the broker, bank or other holder of record of your shares to be entitled to vote those shares in person at the meeting.

Telephone and Internet voting facilities for shareholders of record will close at 11:59 p.m. E.T. on September 18, 2018.

Please use only one of the three ways to vote. Please follow the directions on your proxy card or Notice of Availability of Proxy Materials carefully. The Florida Business Corporation Act provides that a shareholder may appoint a proxy by electronic transmission, so we believe that the Internet or telephone voting procedures available to shareholders are valid and consistent with the requirements of applicable law.

If you return your signed proxy card or use Internet or telephone voting before the Annual Meeting, we will vote your shares as you direct. You have two choices for each director nominee — FOR or WITHHOLD — and three choices for each other matter to be voted upon — FOR, AGAINST or ABSTAIN.

If you are a shareholder of record and do not specify on your returned proxy card or through the Internet or telephone prompts how you want to vote your shares, we will vote them FOR the election of each of the eight director nominees set forth in this Proxy Statement, FOR advisory approval of our executive compensation, FOR the ratification of KPMG LLP as our independent registered public accounting firm for fiscal 2019, and AGAINST the shareholder proposal requesting that the Company issue a report on the feasibility of adopting a policy to eliminate the use of medically important antibiotics for disease prevention in the supply chain.

Table of Contents

What is a “broker non-vote,” and will my shares held in street name be voted if I do not provide my proxy?

If your shares are held in a brokerage account in your bank or broker’s name (street name), the proxy materials or Notice of Availability of Proxy Materials were forwarded to you by your bank or broker, who is considered the shareholder of record for purposes of voting at the Annual Meeting. If you received a proxy card, those shares held in street name were not included in the total number of shares listed as owned by you on the proxy card. As a beneficial owner, you have the right to direct your bank or broker on how to vote the shares held in your account. You should follow the voting instructions provided by your bank or broker. You may complete and mail a voting instruction card to your bank or broker or, if your bank or broker allows, submit voting instructions by telephone or the Internet.

A “broker non-vote” generally occurs when you fail to provide your broker with voting instructions and the broker does not have the discretionary authority to vote your shares on a particular proposal because the proposal is not a routine matter under the NYSE rules applicable to its member brokers. Broker non-votes are not counted as votes cast on a proposal, but the shares represented at the meeting by an executed proxy to which such non-votes relate are counted as present for the limited purpose of determining a quorum at the Annual Meeting. The proposal to ratify the appointment of KPMG LLP as our independent registered public accounting firm for fiscal 2019 is considered a routine matter under current applicable rules, assuming that no shareholder contest arises as to this matter. As such, your brokerage firm will have the discretionary authority to vote shares on this matter for which you do not provide voting instructions. The election of directors and all other proposals to be voted on at the Annual Meeting, including the shareholder proposal, are not considered to be routine matters.

Ballots will be distributed during the meeting to anyone who wants to vote in person. If you hold your shares in street name, you must request a legal proxy from your bank or broker to vote in person at the meeting.

How do you recommend that I vote on these items?

The Board recommends that you vote FOR the election of each of the eight director nominees set forth in this Proxy Statement, FOR advisory approval of our executive compensation, FOR the ratification of KPMG LLP as our independent registered public accounting firm for fiscal 2019, and AGAINST the shareholder proposal requesting that the Company issue a report on the feasibility of adopting a policy to eliminate the use of medically important antibiotics for disease prevention in the supply chain.

What if I change my mind after I vote?

You may change your vote or revoke your proxy at any time before the polls close at the meeting by:

✎ Signing another proxy card with a later date and returning it to us prior to the meeting;

✎ Voting again by Internet or telephone prior to the meeting as described on the proxy card; or

✎ Voting again in person at the meeting.

You also may revoke your proxy prior to the meeting without submitting a new vote by sending a written notice to our Corporate Secretary that you are withdrawing your vote.

What shares are included on my proxy card?

If you received a proxy card by mail, your proxy card includes shares held in your own name and shares held in any Darden plan, including the Employee Stock Purchase Plan. You may vote these shares by Internet, telephone or mail, all as described on the proxy card and Notice of Availability of Proxy Materials.

How do I vote if I participate in the Darden Savings Plan?

If you hold shares in the Darden Savings Plan, which includes shares held in the Darden Stock Fund in the 401(k) plan, the Employee Stock Ownership Plan and after-tax accounts, these shares have been added to your other holdings on your proxy card if you received a proxy card by mail. You may direct the trustee how to vote your Darden Savings Plan shares by submitting your proxy vote for those shares, along with the rest of your shares, by Internet, telephone or mail, as described on the proxy card or Notice of Availability of Proxy Materials. If you do not submit timely voting instructions to the trustee on how to vote your shares, your Darden Savings Plan shares will be voted by the trustee in the same proportion that it votes shares in other Darden Savings Plan accounts for which it did receive timely voting instructions.

What does it mean if I received more than one proxy card or Notice of Availability of Proxy Materials?

If you received more than one proxy card or Notice of Availability of Proxy Materials, it means you have multiple accounts with your brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker or our transfer agent to consolidate as many accounts as possible under the same name and address. You may contact our transfer agent, EQ Shareowner Services, toll free at (877) 602-7596.

Who may attend the Annual Meeting?

The Annual Meeting is open to all holders of our common shares. To attend the meeting, you will need to register upon arrival. We will verify your name on our shareholders list and ask you to produce valid photo identification. If your shares are held in street name by your broker or bank, you must bring your most recent brokerage account statement or other evidence of your share ownership. If we cannot verify that you own Darden shares, it is possible that you may not be admitted to the meeting.

May shareholders ask questions at the Annual Meeting?

We currently anticipate taking questions from shareholders, although we may impose certain procedural requirements such as limiting repetitive or follow-up questions or requiring questions to be submitted in writing.

How many shares must be present to hold the Annual Meeting?

A majority of our outstanding common shares as of the record date must be present in person or by proxy at the meeting. This is called a quorum. Your shares are counted as present at the meeting if you are present and vote in person at the meeting or if you have properly returned a proxy by Internet, telephone or mail. Abstentions and “broker non-votes” also will be counted for purposes of establishing a quorum, as explained above under the question “How do I vote?”.

How many votes are required to approve each proposal?

Proposal 1: In an uncontested election, the eight director nominees shall be elected by a majority of the votes cast. This means that the number of votes cast “FOR” a director’s election exceeds the number of votes cast “WITHHOLD” relating to that director’s election as described under the caption “PROPOSAL 1 — ELECTION OF EIGHT DIRECTORS FROM THE NAMED DIRECTOR NOMINEES.” Failing to vote for all or some of the director nominees will have no effect on the election of directors. Broker non-votes will also have no effect on this proposal. However, under our Bylaws, if a director nominee in an uncontested election does not receive at least a majority of the votes cast for the election of directors at any meeting at which a quorum is present, the director must promptly tender his or her resignation to the Board and remain a director until the Board appoints an individual to fill the office held by such director, as more particularly described under the heading “Corporate Governance and Board Administration — Director Election Governance Practices.”

Proposal 2: This advisory vote as described under the caption “PROPOSAL 2 — ADVISORY APPROVAL OF THE COMPANY’S EXECUTIVE COMPENSATION” is non-binding but the Board and the Compensation Committee will give careful consideration to the results of voting on this proposal. The approval of the advisory resolution on executive compensation requires, under Florida law, the majority of the votes cast to be voted “FOR” the proposal. Abstentions and broker non-votes will not be counted as votes “FOR” or “AGAINST” the proposal.

Proposal 3: The ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending May 26, 2019 described under the caption "PROPOSAL 3 — RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM" requires, under Florida law, the majority of the votes cast to be voted "FOR" the proposal. Abstentions and broker non-votes will not be counted as votes "FOR" or "AGAINST" the proposal.

Proposal 4: The ratification of the shareholder proposal described under the caption "PROPOSAL 4 — SHAREHOLDER PROPOSAL REQUESTING THAT THE COMPANY ISSUE A REPORT ON THE FEASIBILITY OF ADOPTING A POLICY TO ELIMINATE THE USE OF MEDICALLY IMPORTANT ANTIBIOTICS FOR DISEASE PREVENTION IN ITS SUPPLY CHAIN" requires, under Florida law, the majority of the votes cast to be voted "FOR" the proposal. Abstentions and broker non-votes will not be counted as votes "FOR" or "AGAINST" the proposal.

How will voting on “any other business” be conducted?

We have not received proper notice of, and are not aware of, any business to be transacted at the Annual Meeting other than the proposals described in this Proxy Statement. If any other business is properly presented at the Annual Meeting, the proxies received will be voted on such matter in accordance with the discretion of the proxy holders.

Where do I find the voting results of the meeting?

We will include the voting results in a Current Report on Form 8-K, which we will file within four business days after the date our 2018 Annual Meeting of Shareholders ends.

How do I submit a shareholder proposal, nominate directors or recommend director nominees, or submit other business for next year’s annual meeting?

If you wish to submit a proposal for inclusion in our Proxy Statement for our 2019 Annual Meeting, the proposal must comply with applicable requirements or conditions established by the SEC, including Rule 14a-8 under the Exchange Act, and must be received by our Corporate Secretary at our principal office no later than the close of business on Monday, April 8, 2019. Please address your proposal to: Matthew R. Broad, Senior Vice President, General Counsel, Chief Compliance Officer and Corporate Secretary, Darden Restaurants, Inc., 1000 Darden Center Drive, Orlando, Florida 32837.

Under our Bylaws (which are subject to amendment at any time), if you wish to nominate a director at our 2019 Annual Meeting and such nomination will not be included in the proxy statement for that meeting, or you wish to bring other business before the shareholders at our 2019 Annual Meeting, you must:

• Notify our Corporate Secretary in writing on or before May 22, 2019; and

• Include in your notice the specific information required by our Bylaws and otherwise comply with the requirements of our Bylaws and applicable law.

Our Bylaws also provide a proxy access right to permit a shareholder, or a group of not more than 10 shareholders, owning continuously for at least 3 years shares of our Company representing an aggregate of at least 3 percent of the voting power entitled to vote in the election of directors, to nominate and include in our proxy materials director nominees constituting up to 25 percent of the number of the directors in office, provided that the shareholder(s) and the nominee(s) satisfy the requirements in our Bylaws. If you wish to exercise your proxy access right to nominate a director(s), you must:

• Notify our Corporate Secretary in writing on or before April 22, 2019; and

• Include in your notice the specific information required by our Bylaws and otherwise comply with the requirements of our Bylaws and applicable law.

If you would like a copy of our Bylaws, we will send you one without charge on request. A copy of our Bylaws also is available at www.darden.com.

If you wish to recommend a nominee for director, you should comply with the procedures provided in our Director Nomination Protocol available at www.darden.com as Appendix A to our Nominating and Governance Committee charter and discussed under the heading “Meetings of the Board of Directors and Its Committees — Board of Directors —

Director Candidates Recommended by Shareholders” above.

OTHER BUSINESS

As of the date of this Proxy Statement, your Board knows of no other matters to be brought before the 2018 Annual Meeting other than those discussed in this Proxy Statement. If any other matters requiring a vote of the shareholders are properly brought before the Annual Meeting, the persons appointed as proxyholders under the proxies solicited by the Board will vote such proxies in accordance with their best judgment, to the extent permitted under applicable law.

SOLICITATION OF PROXIES

We pay the costs of proxy solicitation, including the costs for mailing the Notice of Availability of Proxy Materials and preparing this Proxy Statement. We have engaged Okapi Partners (Okapi) to assist us in soliciting proxies from our shareholders

for a fee of approximately \$12,600, plus reimbursement of out-of-pocket expenses. In addition to Okapi, our directors, officers and regular employees may, without additional compensation, solicit proxies personally or by telephone or other electronic communications. We will reimburse banks, brokers and other custodians, nominees and fiduciaries for their costs of sending the proxy materials to our beneficial owners.

HOUSEHOLDING OF MATERIALS FOR ANNUAL MEETING OF SHAREHOLDERS

SEC rules allow us to deliver a single copy of proxy statements, annual reports, prospectuses and information statements or Notice of Availability of Proxy Materials to any address shared by two or more of our shareholders. This method of delivery is called “householding” and can significantly reduce our printing and mailing costs and reduce the volume of mail you receive. Accordingly, we are delivering only one Notice of Availability of Proxy Materials or (if paper copies are requested) one Proxy Statement and 2018 Annual Report on Form 10-K to multiple shareholders sharing an address, unless we received instructions to the contrary from one of more of the shareholders. If you would like to receive more than one copy of the Notice of Availability of Proxy Materials or Proxy Statement and our 2018 Annual Report on Form 10-K, we will promptly send you additional copies upon written or oral request directed to Broadridge Financial Services at toll free (800) 579-1639, or at www.proxyvote.com. The same phone number and website address may be used to notify us that you prefer to receive your own copy of proxy and other materials in the future or to request future delivery of a single copy of proxy or other materials. If your shares are held in street name, you may request information about householding from your bank or broker.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers and persons who own more than 10 percent of our common shares to file with the SEC and NYSE reports of ownership and changes in ownership of our common shares. Directors, executive officers and greater than 10 percent shareholders are required by SEC regulation to furnish us with copies of all Section 16(a) reports they file. To our knowledge, based solely on a review of the copies of these reports furnished to us since the beginning of fiscal 2018 and written representations that no other reports were required, all Section 16(a) filing requirements applicable to our directors and executive officers were timely satisfied during fiscal 2018 except for one late filing.

On July 27, 2016, Mr. George was issued a special equity award, consisting of 14,937 RSUs. Due to administrative error, this award was not timely reported on the Form 4 which reported the annual equity awards that were issued to Mr. George on that date. The award was reported on a Form 4 filed on January 7, 2018, promptly after the error was discovered.

AVAILABILITY OF ANNUAL REPORT TO SHAREHOLDERS

SEC rules require us to provide an Annual Report to shareholders who receive this Proxy Statement. We will also provide copies of the Annual Report to brokers, dealers, banks, voting trustees and their nominees for the benefit of their beneficial owners of record. For fiscal 2018, the Company is fulfilling this requirement by delivering the Company’s Annual Report on Form 10-K. You may obtain without charge the Company’s 2018 Annual Report on Form 10-K or any other corporate governance documents referred to in this Proxy Statement by writing to the Corporate Secretary of the Company at 1000 Darden Center Drive, Orlando, Florida 32837. These also are available on the SEC’s website at www.sec.gov or on the Company’s website at www.darden.com.

The Annual Report on Form 10-K is not to be regarded as soliciting material, and our management does not intend to ask, suggest or solicit any action from the shareholders with respect to the Annual Report on Form 10-K.

The information provided on the Company's website is referenced in this Proxy Statement for information purposes only. The information on the Company's website shall not be deemed to be a part of or incorporated by reference into this Proxy Statement or any other filings we make with the SEC.

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to be held on September 19, 2018: The Proxy Statement and our 2018 Annual Report on Form 10-K are available without charge to shareholders upon written or oral request directed to Okapi Partners by calling (212) 297-0720, toll-free by calling (877) 869-0171 or by email at info@okapipartners.com.
