STMicroelectronics eligible for admission into the
Italian MIB30 Index

Geneva, November 19, 2001 - STMicroelectronics (NYSE: STM) today confirmed its compliance with the new obligations on information deriving from the modifications brought to the "Instructions pertaining Markets Regulations" by Borsa Italiana and approved by the public authority responsible for regulating the Italian securities market, CONSOB. Such modifications are aimed at allowing companies incorporated outside Italy and meeting the necessary capitalization requirements to be eligible for admission into the MIB30 Index. The Index is comprised of the 30 leading stocks, based upon market capitalization and liquidity, listed on the Milan Stock Exchange.

ST, which is part of the CAC 40 (Euronext Paris), the Euronext 100, and the NYSE Composite as well as other key European and U.S. general and technology-specific indices, is now also eligible for admission into the Italian MIB30 Index.
