Resolution Notice Of 2008 Annual General Shareholders' Meeting

Time and date of the Meeting: June 19, 2008 at 9:30 A.M. (Local time) Venue of the Meeting: No. 2, Jhongke Rd., Situn District, Taichung City, Taiwan R.O.C. Total shares represented by shareholders present: 6,594,036,069 shares Percentage of shares held by shareholders present: 83.80% of total outstanding shares

- 1 -

### **Resolution Notice**

Dear Shareholders:

We are pleased to inform you that the following items were approved or acted as proposed at our 2008 Annual General Shareholders' Meeting held on June 19, 2008.

(1) To accept 2007 Business Report and Financial Statements (proposed by the Board of Directors)

Explanation:

- The 2007 Financial Statements, including Balance Sheet, Statement of Income, Statement of Changes in Stockholders' Equity, and Statement of Cash Flows, were audited by independent auditors, Mei-Yu Tseng and Chung-Hwa Wei, of KPMG, in accordance with the Rules Governing the Audit of Financial Statements by Certified Public Accountant, and auditing standards generally accepted in the Republic of China. In their opinion, the 2007 Financial Statements present fairly, in all material respects, the financial position and the results of the operations and the cash flows, in conformity with the Guidelines Governing the Preparation of Financial Reports by Securities Issuers, Business Accounting Act, and accounting principles generally accepted in the Republic of China.

- The 2007 Business Report and Financial Statements have been reviewed by the Audit Committee.

- For 2007 Business Report, Audit Committee's Report, and Financial Statements thereto, please refer to Attachment 1, 2 and 3 (page 5-13).

Resolution: Approved without dissent upon inquiry by the chair.

(2) To accept the proposal for the distribution of 2007 profits (proposed by the Board of Directors)

Explanation:

- The proposed distributions are allocated from 2007 earnings available for distribution. For the 2007 earnings distribution statement, please refer to Attachment 4 (page 14)
- The total amount of common shares outstanding may change and the ultimate cash and stock to be distributed to each common share may need to be adjusted accordingly should the Company subsequently issue new common shares as a result of the exercise of employee stock options or the conversion of convertible bonds. It is proposed that the Chairman of Board of Directors of the Company be authorized to adjust the cash and stock to be distributed to each common share based on the total amount resolved to be distributed, and the number of actual common shares outstanding on the record date for the distribution.

Resolution: Approved without dissent upon inquiry by the chair.

(3) To approve the proposal for the capitalization of 2007 stock dividends and employee stock bonus (proposed by the Board of Directors)

#### Explanation:

- For the purpose of production capacity expansion, it is proposed that a total of NTD 6,371,362,900 (representing 637,136,290 common shares) from AUO's retained earnings be

capitalized and of which NTD 3,934,115,420 is allocated for shareholder stock dividend and NTD 2,437,247,480 for employee stock bonus.

- The capitalization plan will take effect upon the approval of related authorities. The stock dividend distribution will be based on the list of shareholders registered as of the record date of stock dividend. Each shareholder will be entitled to receive 50 common shares for every 1,000 common shares. If a portion of the dividend does not amount to one full share, the shareholders concerned may pool together their fractional shares to form one full share and register the same within 5 days from the record date. For the fractional shares which cannot be pooled, the distribution will be made in the form of cash rounded down to the nearest dollar amount calculated at par value. Such fractional shares will be designated for subscription at face value by AUO Employee Welfare Commission. AUO's Chairman is authorized to decide the allocation of employee stock bonus.
- As of April 21, 2008 (the first day of book-close period for the Meeting), the number of exercisable shares of employees' stock options that AUO granted is approximately 3,352,877 shares. In accordance with AUO's Employee Stock Options Plans, AUO has to adjust upwards the number of outstanding employees' stock options in proportion to the proposed capital increase. It is estimated that the number of such additional employees' stock options is approximately 271,501 shares. Since the additional employees' stock options are issued in proportion to the increase of capital, it shall not cause any material impact to shareholders' interest. There are sufficient common shares reserved in the Articles of Incorporation for granting the aforesaid employees' stock options.

- The rights and obligations of the new common shares are the same as existing ones.

- The production capacity expansion plan concerned will be completed by end of 2009, which is expected to result in the increase of AUO's total production volume by approximately 2,740 thousand pieces from 2008 to 2012. The Board of Directors is authorized to determine or amend all the matters related to the production capacity expansion plan concerned, including but not limited to the use of proceeds and the schedule and estimated effect, as required by the competent authority or the market conditions.
- The Board of Directors is authorized to determine the record date of stock dividend after the capitalization plan receives approval from the governmental authority in charge.

Resolution: Approved without dissent upon inquiry by the chair.

(4) To approve the proposal for the revisions to the "Rules for the Election of Directors and Supervisors" (proposed by the Board of Directors)

### Explanation:

- It is proposed to revise the "Rules for the Election of Directors and Supervisors" to accommodate the establishment of Audit Committee.
- A comparison table for the "Rules for the Election of Directors and Supervisors" before and after amendments is attached hereto as attachment 5 (page 15-16).

Resolution: Approved without dissent upon inquiry by the chair.

(5) To approve the proposal for releasing the Directors from non-competition restrictions (proposed by the Board of Directors)

#### Explanation:

- According to Article 209 of the Company Law, any Director conducting business for himself/herself or on another's behalf and the scope of the business coincides with the

Company's business scope shall explain at the Shareholders' Meeting the essential contents of such conduct, and obtain approval from shareholders in the Meeting.

- It is proposed to release the directors from non-competition restrictions as below.

| Director  | Competitive conduct to be released  |
|---|---|
| Kuen-Yao (KY) Lee   | Director of BenQ Corporation and AU<br>Optronics (L) Corp.  |
| Hsuan Bin (HB)<br>Chen  | Director of AU Optronics (L) Corp.  |
| Hui Hsiung  | Dirtector of Qisda Corporation, Qisda<br>Electronics Corporation, Qisda Sdn. Bhd.,<br>Qisda Czech s.r.o. and Qisda Japan Co.,<br>Ltd. |
| Ko-Yung (Eric) Yu<br>- representative of<br>Qisda Corporation                 | Director of Daxon Technology<br>Inc., Daxon Technology (Suzhou) Co.<br>Ltd., Qisda Electronics (Suzhou) Co., Ltd.                     |
| Ching-Shih Han<br>- representative of<br>China Development<br>Industrial Bank | Director of Cando Corporation   |
| Tze-Kaing Yang<br>- independent<br>director                                   | Director of Vanguard International<br>Semiconductor Co. and Independent<br>Director of ASROCK Incorporation                           |

Resolution: Approved without dissent upon inquiry by the chair.

Truly yours,

Kuen-Yao (K.Y.) Lee Chairman

### 2007 Business Report

2007 was a dynamic year for AUO in many respects. The company fully captured growing potentials of the TFT-LCD industry. Coupled with last year's merger with Quanta Display, the critical change process fueled the momentum of our internal growth and was a key contributor to our success. We delivered record shipment, revenue, and profit in fiscal 2007, which resulted in revenues of NT\$480.2 billion, reflecting a significant year over year increase of 64%. Net income reached NT\$56.4 billion translated to basic earnings per share of NT\$7.22, a record high since AUO's inception 12 years before. Operation benchmarks for production scale, customer profile, operation efficiency, and shareholder's return all indicate AUO's dominant position as the industry's forerunner. Here, we would like to take this opportunity to express our gratitude to each of our customers, shareholders, and our AUO team members for their dedication and support over the years.

Some critically important changes in the TFT-LCD industry for 2007 were:

- 1. Small-medium sized applications experienced robust growth. Mobile phone and DSC applications demanded for improved larger panel size, wide screen, and high resolution. In addition, digital photo frames and low-cost notebook PC applications experienced vital growth. New emerging applications continued being introduced into the market caused small- and medium- sized panels to face market supply shortage once again.
- 2. IT production line (desktop monitor and notebook PC display) trend towards larger sizes, wide screen, multi-functional, and consumer electronics. With increasing demand to deliver products that are environmental green, energy conservation, and ultra-thin-light designs, notebook PC applications are adapting more and more to utilizing LED backlight platform technology, which will be the trend going forward.
  - 3. LCD TV demand has increased momentum and grown substantially, from a 24% penetration in 2006 to 38% this year and is anticipated to reach above 51% by 2008. AUO will continue to concentrate on the technical research and product development for large sized LCD TV applications.
- 4. Touch panel applications have flourished tremendously. Its anticipated growth has been captured by AUO's breakthrough on in-cell multi-touch panel technologies. With the new fiscal year, the demand for touch panels is expected to experience vigorous growth and in turn enhance its product value.

Looking forward to the new prospects and challenges, AUO team is in preparation for any anticipated risks. Three major focus areas deserves interest:

- 1. Continuously optimizing the finer details of our operation thereby strengthening AUO's competitive edge in the TFT-LCD industry.
  - 2. Continued progress in Global Warming awareness and social responsibility contributions.
- 3. We anticipate potentially volatile world economic changes, brought on by the likes of; sub-prime crisis, European Union's new trade policies, exchange rate risks, Beijing Olympics, industry alliance in Japan and Korea, and changes in market sentiment, which all can potentially impact the TFT-LCD industry dramatically. AUO is poised for taking advantage and control risk management for sudden market transitions.

AUO's strategies in the face of the challenges ahead are as follows:

### 1. Well Placed Growth Capital Expenditures

Large-sized panel for LCD TV application remains to be strong, so we expect to continuously

expand on our 7.5G and 8.5G panel fabrication capacity to quench our customer's increasing demands. 2. Technology R&D and Manufacturing Expansions

Demand for consumer electronics application panels have progressively increased so that panel technological development platform and building a closer working relationship with our customer's manufacturing bases are critical aspects to focus on.

# 3. Intensify Vertical Integration

Vertical integration is strategically critical for competing in the TFT-LCD industry. Based on our well-established foundation, we will continue our initiatives in broadening the scope as well as gaining depth in our upstream supply chain.

### 4. All Rounded Innovations

Focus our resources on personnel training, organizational innovation, flexible business model, global delivery capability, global services. All the above will be fully integrated in our business model.

AUO blueprint is top priority in our operation team for our mid to long-term development and strategy. This February AUO initiated AUO Green Solution pushing for advanced research and development, purchasing, production, operations, customer services, recycle, and personnel's on-hand participation in our green plan strategy. This reflects AUO's concern for the better of our environment, integrated directly into our operation model. This newly introduced strategy, AUO Green Solutions, reflects our deep-rooted social consciousness as a company and as a responsible member of our community. In the end, it is not only an advantage to our customers, but also directly to our end product users.

We would like to again thank all of our shareholders, the AUO team members and their family members for their long-term dedication and support. Our continuous commitment to our shareholders and fellow AUO team members will withstand time.

Audit Committee's Report

The Board of Directors has prepared the Company's Business Report, Financial Statements, and Earnings Distribution Statement for the year of 2007. Mei-Yu Tseng and Chung-Hwa Wei, Certified Public Accountant of KPMG, have audited the Financial Statements and issued an opinion. The 2007 Business Report, Financial Statements, and Earnings Distribution Statement have been reviewed and determined to be correct and accurate by the Audit Committee of AU Optronics Corp. I, as the Chairman of the Audit Committee, hereby submit this report according to Article 14-4 of the Securities and Exchange Act and Article 219 of the Company Law.

AU Optronics Corp.

### English Translation of Audit Report Originally Issued in Chinese

Independent Auditors' Report

The Board of Directors AU Optronics Corp.:

We have audited the balance sheets of AU Optronics Corp. (the Company) as of December 31, 2007 and 2006, and the related statements of operations, changes in stockholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the Republic of China and the "Rules Governing Auditing and Certification of Financial Statements by Certified Public Accountants." Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of AU Optronics Corp. as of December 31, 2007 and 2006, and the results of its operations and its cash flows for the years then ended, in conformity with the Guideline Governing the Preparation of Financial Reports, Business Accounting Law, Regulation on Business Accounting Handling, and Accounting Principles Generally Accepted in the Republic of China by Securities Issuers.

We have also audited the consolidated financial statements of AU Optronics Corp. as of and for the years ended December 31, 2007 and 2006, and have expressed an unqualified opinion on such financial statements.
