STONEPATH GROUP, INC.
Notes to Consolidated Financial Statements
(Unaudited)
September 30, 2001

(1) Nature of Operations and Basis of Presentation

Edgar Filing: STONEPATH GROUP INC - Form 10-Q

The principal business strategy of Stonepath Group, Inc. and subsidiaries ("Stonepath" or the "Company") is to build a global logistics services organization that integrates established operating companies and innovative technologies. The Company plans to achieve this objective by growing through a combination of synergistic acquisitions and organic expansion of operations. The Company completed its first acquisition on October 5, 2001, by acquiring a Minneapolis based logistics company specializing in providing time definite air and ground freight distribution services to shippers and distributors ("Air Plus") (see Note 10). Prior to the first quarter of 2001, Stonepath's principal business strategy focused on the development of early-stage technology businesses with significant Internet features and applications that Stonepath refers to as "Affiliate Companies."

The accompanying unaudited consolidated financial statements were prepared in accordance with generally accepted accounting principles for interim financial information. Certain information and footnote disclosures normally included in financial statements have been condensed or omitted pursuant to the rules and regulations of the U.S. Securities and Exchange Commission (the "SEC") relating to interim financial statements. These statements reflect all adjustments, consisting only of normal recurring adjustments, necessary to present fairly Stonepath's financial position, operations and cash flows for the periods indicated. These consolidated financial statements should be read in conjunction with the Company's Annual Report on Form 10-K filed with the SEC on April 2, 2001. Interim operating results are not necessarily indicative of the results for a full year.

The accompanying unaudited consolidated financial statements and related footnotes include only the results of operations of Stonepath for the quarterly and nine month period ended September 30, 2001. The financial results of Air Plus will be included within those of Stonepath's commencing on the date of acquisition in accordance with the purchase method of accounting.

(2) Available-For-Sale Securities

Available-for-sale securities are reported at fair value, based on quoted market prices, with the net unrealized gain or loss reported as a component of other comprehensive income or loss in stockholders' equity. At September 30, 2001, available-for-sale securities consist of the following equity security:

	Cost	Unrealized Loss	Fair Value
Student Advantage, Inc.	\$245,077	(187,231)	57,846
	=====	=====	=====

-4-

	1,300,000		

	\$1,433,783		
	=====		

Metacat was previously accounted for under the equity method and beginning in February 2001 was accounted for under the cost method as a result of our reduced ownership percentage from 47% to 19%.

(4) Preferred Stock

Series C Preferred Stock

In March 2000, the Company sold 4,166,667 shares of its Convertible Series C Preferred Stock (Series C Shares) at \$12 per share for net proceeds of \$48,274,760 after payment of issuing costs consisting of \$1,305,240 and 35,000 Series C Shares valued at \$420,000.

Each Series C Share is convertible into one share of the Company's common stock at any time at the election of the shareholder. This conversion ratio is subject to adjustment under certain circumstances to protect the holders of the Series C Shares against future dilutive transactions. The Series C Shares bear a cumulative dividend of 8% per annum payable in kind at a deemed value of \$12 per share on a quarterly basis, have a liquidation preference of \$12 per share, and require the Company to reserve 200% of the aggregate number of common shares issuable upon conversion of the Series C Shares and warrants. The Series C Shares obligate the Company to redeem the issued and outstanding Series C Shares within 60 days of receiving written notice from holders of at least 80% of the then issued and outstanding Series C Shares upon: (i) any voluntary or involuntary bankruptcy or receivership, (ii) any payment default continuing for at least 120 days where the amount in default is greater than \$750,000, (iii) a consolidation or merger of the Company with or into any other person(s) or entity(ies) other than a consolidation or merger in which the Company is the surviving corporation, (iv) upon consummation of a sale of all or substantially all of our assets; and (v) a sale or other disposition of more than 50% of our voting capital stock. Any such redemption shall be at a price equal to the greater of (i) the liquidation value of \$12 per share plus all accrued and unpaid dividends, or (ii) the fair market value per share of

Edgar Filing: STONEPATH GROUP INC - Form 10-Q

the Company's common stock on the redemption date. The Series C Shares were initially presented as temporary equity in the Company's balance sheet because the holders of the Series C Shares had redemption rights in the event that: (i) Stonepath did not register with the SEC the Company's common shares which the Series C Shares are convertible into, or (ii) that Stonepath did not file a listing application for the Company's common shares with a national exchange. The Series C Shares were subsequently accounted for as permanent equity in June 2000 once the Company successfully registered the common shares and filed its listing application as events which could allow Series C shareholder initiated redemption are now under the control of the Company.

-5-

STONEPATH GROUP, INC.
Notes to Consolidated Financial Statements
(Unaudited)
September 30, 2001

(4) Preferred Stock (continued)

Series C Preferred Stock (continued)

Stonepath issued warrants to purchase an aggregate of 416,667 shares of common stock (Series C Warrants) in connection with the issuance of the Series C Shares. The Series C Warrants are exercisable until March 2, 2003 at an exercise price of \$26.58 per share of common stock, subject to adjustment as described below. Stonepath allocated \$7,391,673 of the net proceeds received from this offering to the cost of the Series C Warrants based on a Black-Scholes option-pricing model. Fair value was estimated using an expected life of 3 years, no dividends, volatility of 1.138, and a risk-free interest rate of 6.56%.

In February 2001, the Company received the consent from the holders of more than two thirds of its issued and outstanding shares of Series C Shares to modify the use of proceeds provisions as originally defined within the Series C Preferred Stock Purchase Agreement. As amended, the Company may now use the proceeds from the sale of the Series C Shares to make any investments in the ordinary course of our business, as from time-to-time determined by the Company's Board of Directors, or for any other business purpose approved by the Board of Directors. Previously, Stonepath was limited to use the proceeds for investments in early-stage Internet companies.

In exchange for this consent Stonepath agreed to:

- (i) issue to the holders of the Series C Shares as of July 18, 2002, warrants (the Series C Contingent Warrants) to purchase up to a maximum of 3.0 million shares of the Company's common stock at an exercise price of \$1.00 per share if the then-effective conversion price of the Series C Shares is greater than the lesser of (a) \$6.00 per share; or (b) the market price of the Company's common stock at such time (but not less than \$5.00 per share) (the Target Price). The number of Series C Contingent Warrants to be issued is that number which, assuming conversion of all Series C Shares and the exercise of the Series C Warrants and the Series C Contingent Warrants will reduce the average cost of the holders investment in us to the Target Price, reduced by the number of outstanding warrants described below; and

Edgar Filing: STONEPATH GROUP INC - Form 10-Q

- (ii) reduce to \$1.00 per share the exercise price of the existing Series C Warrants to purchase 416,667 shares of the Company's common stock held by the holders of the Company's Series C Preferred Shares as of July 18, 2002.

As a condition to receiving the new warrants and the reduction in the exercise price of the existing Series C Warrants, the holders of the Series C Shares will be required to convert their Series C Shares into shares of the Company's common stock on July 18, 2002.

-6-

STONEPATH GROUP, INC.
Notes to Consolidated Financial Statements
(Unaudited)
September 30, 2001

(4) Preferred Stock (continued)

Preferred Stock Dividends

The components of preferred stock dividends are as follows:

	Three months ended September 30,		Nine mont Septemb
	2001	2000	2001
Series B Preferred Stock cash dividend	\$ --	\$ --	\$ --
Non-cash charge: Series C Preferred Stock dividend payable in kind	918,660	1,026,905	2,676,132
Non-cash charge: issuance of contingent warrants	--	--	562,370
Non-cash charge: beneficial conversion feature on Series C Shares	--	--	--
	<u>\$918,660</u>	<u>\$1,026,905</u>	<u>\$3,238,502</u>

The Series B Preferred Stock dividend was paid in cash in February 2000 as the holders converted their Series B Shares into shares of Stonepath's common stock. The Series C Preferred Stock dividend is payable in additional Series C Shares on a quarterly basis at a deemed value of \$12

Edgar Filing: STONEPATH GROUP INC - Form 10-Q

per share and does not represent a cash obligation of the Company.

In February 2001 Stonepath agreed to issue the Series C Contingent Warrants to purchase shares of it's common stock to the holders of the Company's Series C Shares. As further described above, these warrants are contingently issuable upon the satisfaction of several criteria relating to the Series C Shares including requirements over holding period, conversion, and price. Under the relevant accounting guidance, the Company recorded a one-time dividend equal to the estimated fair value of the right to receive the Series C Contingent Warrants. This dividend was accompanied by a corresponding increase to additional paid in capital thus leaving the Company's aggregate cash and capital position unchanged. Additionally, this dividend will not require adjustment in the future when the amount of the Series C Contingent Warrants are determined and ultimately issued.

In March 2000, at the time of issuance of the Series C Shares, the then fair market value of Stonepath's common stock was higher than the Series C Shares sales price of \$12 per share. As the Series C shares are convertible into shares of Stonepath's common stock, this differential in price constituted a beneficial conversion feature as defined in Emerging Issues Task Force Issue No. 98-5, "Accounting for Convertible Securities with Beneficial Conversion Features or Contingently Adjustable Conversion Ratios" (EITF 98-5). Accordingly, Stonepath recorded \$42,608,327 as additional paid in capital for the discount deemed related to a preferential dividend for the beneficial conversion feature. In accordance with EITF 98-5, this discount was limited to the proceeds allocated to the Series C Shares and was recognized immediately as a preferred stock dividend as the Series C Shares are immediately convertible. This dividend was accompanied by a corresponding increase to additional paid in capital thus leaving the Company's aggregate cash and capital position unchanged.

-7-

STONEPATH GROUP, INC.
Notes to Consolidated Financial Statements
(Unaudited)
September 30, 2001

(5) Deferred Compensation

The components of deferred compensation are as follows:

	Employees	Consultants and Advisory Board	
Balance at beginning of year	\$10,679,930	\$ 91,794	\$10
Additions to deferred compensation	1,207	19,450	
Cancellations and fair value adjustments	(4,756,332)	(92,727)	(4
Amortization to stock-based compensation	(3,133,347)	(1,621)	(3
	-----	-----	
Balance at September 30, 2001	\$ 2,791,458	\$ 16,896	\$ 2
	=====	=====	=====

The Company also recorded stock based compensation of \$234,438 relating to investment banking, consulting, and legal services that were paid via

Edgar Filing: STONEPATH GROUP INC - Form 10-Q

the issuance of options and warrants to purchase 295,000 shares of it's common stock. Stonepath valued these equity instruments using the Black-Scholes valuation model on the date of issuance when the counterparty performance was complete. Fair value was estimated using the expected life of the equity instruments which ranged from 1.5 to 5 years, no dividends, volatility of 1.4, and comparable risk-free interest rates which ranged from 3.72% to 4.78%.

(6) Other Losses, Net

Other losses, net consists of the following:

	Three months ended September 30,		Nine mont Septem
	2001	2000	2001
Gain on sale of Webmodal holdings	\$ --	\$ --	\$ (3,617,699)
Gain on sale of College411 holdings	--	--	--
Affiliate Company impairment charges	1,032,400	--	8,019,270
Litigation settlement	--	1,235,447	--
Other	(2,550)	--	101,125
	\$1,029,850	\$1,235,447	\$ 4,502,696

In March 2001, Webmodal, previously an Affiliate Company, was sold to a wholly owned subsidiary of Enron Global Markets, LLC for \$6,990,532 in cash consisting of \$5,979,199 for Stonepath's equity interest in Webmodal, \$1,000,000 as repayment by Webmodal of advances made by the Company, and \$11,333 of accrued interest thereon. The cash consideration received for Stonepath's equity interest exceeded it's then carrying value by \$3,617,699 and accordingly the Company recorded a gain for that amount as a result of the sale.

-8-

STONEPATH GROUP, INC.
Notes to Consolidated Financial Statements
(Unaudited)
September 30, 2001

(6) Other Losses, Net (continued)

In May 2000, College411 was merged into a wholly owned subsidiary of Student Advantage, Inc. whereby the College411 stockholders received .0144 shares of Student Advantage common stock for every share of College411 common stock which they owned on the date of the merger. As a result of this merger, Stonepath received 55,621 shares of Student Advantage's common stock. The fair market value of Student Advantage's common stock received, based on publicly quoted market prices, was \$245,077, which exceeded the carrying value of our investment in College411 by \$195,088. Accordingly, we recorded a \$195,088 gain as a result of this transaction.

In August 2000, the Company entered into a settlement agreement for its

Edgar Filing: STONEPATH GROUP INC - Form 10-Q

legal claims with Douglas Spink, the former Chief Technology Officer and director. The litigation centered on the number of shares of common stock which Mr. Spink was entitled to following his termination from the Company. Under the terms of the agreement, Mr. Spink agreed to allow the Company to reacquire for cancellation 1,212,876 shares of the 2,047,876 common shares originally issued to him. The settlement agreement allowed Mr. Spink to retain ownership of 835,000 common shares, consisting of 504,532 previously vested shares and an additional 330,468 shares that vested as part of the settlement. The vesting of these additional 330,468 shares resulted in a charge of \$1,197,947 equal to the fair value of such shares on the date of settlement. Additionally, the Company paid \$37,500 in severance to Mr. Spink as required by the settlement agreement.

The Company recorded impairment charges of \$8,019,270 and \$1,152,189 in 2001 and 2000, respectively, for other than temporary declines in the fair value of six of its Affiliate Companies and one of its available for sale securities. From the date of Stonepath's initial acquisition of ownership interests and subsequent advances and investments, the Company's funding to these companies represented all or a significant portion of the outside capital the companies had available to fund their operations. In September and April 2001, and June 2000, as a result of the Company's periodic evaluation process, it was determined that these companies were unlikely to obtain further rounds of financing necessary to sustain operations and that substantial doubt existed over the companies' ability to repay advances made. Accordingly, Stonepath recorded an impairment charge to reduce the remaining carrying value of the ownership interest in and advances to these companies to zero.

(7) Comprehensive Loss

Excluding net loss, the Company's source of comprehensive income is from the net unrealized gain or loss on its marketable equity securities which are classified as available-for-sale. The Company did not provide for a deferred tax liability at September 30, 2000 relating to the net unrealized gain as the Company expected to have sufficient net operating losses to offset any potential tax liability resulting from the sale of its equity holdings. The following summarizes the components of comprehensive loss:

	Three months ended September 30,		Nine months ended September 30,	
	2001	2000	2001	2000
Net loss	\$(2,522,263)	\$(6,704,312)	(13,529,632)	(27,834,477)
Other comprehensive income:				
Unrealized gain (loss), net	(136,871)	3,447	(178,543)	165,125
Comprehensive loss	\$(2,659,134)	\$(6,700,865)	(13,708,175)	(27,699,352)

Edgar Filing: STONEPATH GROUP INC - Form 10-Q

(Unaudited)
September 30, 2001

(8) Loss per Share

Basic and diluted loss per share are computed using the weighted average number of common shares outstanding during the period. Shares associated with stock options, stock warrants, convertible debt, and convertible preferred stock are not included because the inclusion would be anti-dilutive (i.e., reduce the net loss per share). The total number of such shares excluded from the diluted loss per share calculation are 16,278,700 and 12,052,327 at September 30, 2001 and 2000, respectively. Such securities, had they been dilutive, would have been included in the computations of diluted loss per share using the treasury stock method, or the if-converted method, depending on the type of security.

The components of basic and diluted loss per share are as follows:

	Three months ended September 30,		Nine months ended September 30,	
	2001	2000	2001	2000
Net loss	\$ 2,522,263	\$ 6,704,312	\$13,529,632	\$27,830,000
Preferred stock dividends	918,660	1,026,905	3,238,502	45,000
Net loss attributable to common shareholders	\$ 3,440,923	\$ 7,731,217	\$16,768,134	\$72,830,000
Weighted average common shares outstanding	20,480,285	17,984,444	20,463,909	17,060,000
Basic and diluted loss per share	\$ (0.17)	\$ (0.43)	\$ (0.82)	\$ (4.27)

(9) Commitments and Contingencies

Other than as described within the Company's Annual Report on Form 10-K for the year ended December 31, 2000 and the Company's Quarterly Reports on Form 10-Q for the quarters ended March 31 and June 30, 2001, there have been no material developments in any of the reported legal proceedings except as described below.

On October 12, 2000, Emergent Capital Investment Management, LLC (the Plaintiff) filed suit against the Company and two of its officers contending that it was misled by statements made by the defendants in connection with the offering of the Company's Series C Shares which closed in March 2000. Specifically, the Plaintiff alleges that it is entitled to rescind the transaction because it was allegedly represented that the size of the offering would be \$20 million and the Company actually raised \$50 million. The Plaintiff seeks a return of its \$2 million purchase price of Series C Shares and damages in the amount of \$1.7 million. In June of 2001, the Company moved for summary judgment in this case.

After the summary judgment motion was filed, the Plaintiff filed a second

Edgar Filing: STONEPATH GROUP INC - Form 10-Q

action against the Company and two of its officers alleging different allegations of fraud in connection with the Series C offering. In the new complaint, the Plaintiff alleges that oral statements and written promotional materials distributed by the Company at a meeting in connection with the Series C offering were materially inaccurate with respect to the Company's investment in NetValue, Inc., a wholly owned subsidiary of the Company. The Plaintiff also contends that the defendants failed to disclose certain allegedly material transactions in which an officer was involved prior to his affiliation with the Company. The Company filed a motion to dismiss this new action for failure to state a claim upon which relief can be granted.

-10-

STONEPATH GROUP, INC.
Notes to Consolidated Financial Statements
(Unaudited)
September 30, 2001

On October 2, 2001, the Court entered an order granting summary judgment to the defendants in the first case filed by the Plaintiff and dismissing the Plaintiff's second complaint for failure to state a claim upon which relief can be granted. The Court allowed the Plaintiff 20 days to file a second amended complaint as to the second action only. On October 21, 2001, the Plaintiff did file a second amended complaint in the second action. The second amended complaint does not raise any new factual allegations regarding Plaintiff's participation in the offering. The Company intends to file a motion to dismiss the second amended complaint. If the motion is not granted, the Company believes that it has meritorious defenses to the Plaintiff's claims and intends to vigorously defend this action.

On August 22, 2000, Austost Anstalt Schaan, Balmore Funds, S.A. and Amro International, S.A., purchasers of the Company's convertible promissory notes, filed suit against Stonepath in the United States District Court for the District of Delaware. The plaintiffs allege that, contrary to the Company's covenant in the subscription agreement they executed, which required Stonepath to "use reasonable commercial efforts to register" the shares of its common stock underlying the convertible promissory notes "at some future date," the Company verbally agreed to register such shares in the first registration statement it filed with the Securities and Exchange Commission subsequent to the transaction. The plaintiffs assert claims for breach of contract and the duty of good faith and fair dealing, fraud, violation of federal securities laws, estoppel, and reformation and seek damages in excess of \$20 million, plus attorneys' fees and costs. In response to a motion to dismiss filed by Stonepath, the Court dismissed the federal securities law and estoppel claims and denied the motion as to all other claims. Company believes it has meritorious defenses to the remaining claims and intends to defend the matters vigorously.

The Company is also involved in various other claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on its consolidated financial position, results of operations or liquidity.

(10) Subsequent Event

On October 5, 2001, Stonepath acquired 100 percent of the outstanding stock of M.G.R., Inc., d/b/a "Air Plus Limited" and its operating

Edgar Filing: STONEPATH GROUP INC - Form 10-Q

affiliates, a group of Minneapolis-based privately held companies that provide a full range of logistics and transportation services (collectively, "Air Plus"). The total value of the transaction was \$34.5 million, consisting of cash of \$17.5 million paid at closing and a four year earn-out arrangement based upon the future financial performance of Air Plus. The cash component of the transaction was financed through existing funds of the Company. After completion of the acquisition, Stonepath will have offices in 14 major metropolitan areas in the United States and Puerto Rico.

-11-

CAUTIONARY STATEMENT FOR FORWARD LOOKING STATEMENTS

This Quarterly Report on Form 10-Q includes forward-looking statements within the meaning of Section 7A of the Securities Act of 1933 as amended, and Section 21E of the Securities Exchange Act of 1934. We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to known and unknown risks, uncertainties and assumptions about us and our affiliate companies that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as "may," "will," "should," "could," "would," "expect," "plan," "anticipate," "believe," "estimate," "continue," or the negative of such terms or other similar expressions. Factors that might cause or contribute to such a discrepancy include, but are not limited to, those in our other Securities and Exchange Commission filings, including our Registration Statement on Form S-3 filed on August 10, 2001 with the SEC (File No. 333-64452) and our Annual Report on Form 10-K filed on April 2, 2001. Additional factors that might cause or contribute to such a discrepancy as they relate to the Company's recent material acquisition covered by the Company's Current Report on Form 8-K filed October 19, 2001 include: (1) the continued profitable operations of Air Plus in a manner consistent with its historic results of operations; (2) our ability to leverage the operations of Air Plus as a platform for an aggressive growth strategy; (3) the ability to maintain and attract key operating personnel; (4) the reliance of Air Plus on certain large customers; (5) risks related to our acquisition strategy; (6) our ability to secure adequate financing to implement our acquisition strategy; (7) our ability to acquire target companies that satisfy our acquisition criteria; (8) uncertainty as to whether we can achieve integration of target companies in a manner intended to take advantage of overall corporate synergies and result in accretion to consolidated earnings; and (9) the uncertainty over future trading prices of our stock and the impact such trading prices may have upon our ability to utilize our common stock to finance our acquisition strategy.

The following discussion should be read in conjunction with our Consolidated Financial Statements and related Notes thereto included elsewhere in this report and in the most recent Annual Report on Form 10-K.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

General

Prior to the first quarter of 2001, our principal business strategy focused on the development of early-stage technology businesses with significant

Edgar Filing: STONEPATH GROUP INC - Form 10-Q

Internet features and applications. Largely as a result of the significant correction in the global stock markets commencing during the first quarter of 2001, and the corresponding decrease in the valuation of technology businesses and contraction in the availability of venture financing, we elected to shift our business strategy to focus on the acquisition of operating businesses within a particular industry segment. Our objective was to acquire a controlling interest in established businesses that historically generated revenues and net income and demonstrated a reasonable opportunity to achieve significant growth. We intended to target those businesses whose enterprise value could be enhanced on a long-term basis through the adoption of e-commerce strategies and other technologies, the implementation of innovative business practices, the addition of experienced industry-specific management, or through other traditional means of increasing efficiency and profitability.

After having evaluated a number of different industries, during the second quarter of 2001 we focused our acquisition efforts specifically within the transportation and logistics industry as it:

- continues to demonstrate significant growth characteristics as an increasing number of businesses outsource their supply-chain management in order to achieve cost-effective logistics solutions;
- is positioned for further consolidation as many sectors of the industry remain fragmented; and
- is capable of achieving enhanced efficiencies through the adoption of e-commerce and other technologies.

-12-

This decision occurred in conjunction with our June 21, 2001, appointment of Dennis L. Pelino as our Chairman and Chief Executive Officer. Mr. Pelino brings to us over 25 years of logistics experience, including most recently, as President and Chief Operating Officer of Fritz Companies, Inc., where he was employed from 1987 to 1999.

On October 5, 2001, we completed our first acquisition of a logistics business by acquiring M.G.R., Inc., d/b/a "Air Plus Limited" and its operating affiliates, a group of Minneapolis-based privately held companies that provide a full range of logistics and transportation services (collectively, "Air Plus"). The total value of the transaction was \$34.5 million, consisting of cash of \$17.5 million paid at closing and a four year earn-out arrangement based on the future financial performance of Air Plus.

Through our newly acquired operating subsidiaries, we are a non-asset based third-party logistics provider, offering a full range of time definite transportation and distribution solutions. Through an extensive network of terminals and agents, we manage and arrange the domestic movement of freight from point of origin to point of destination. These services are offered through our domestic air and ground freight forwarding business. We also provide transportation services and a broad range of value added supply chain management services such as warehousing, order fulfillment and inventory management. We service a customer base of manufacturers, distributors and national retail chains through a network of offices in 14 major metropolitan areas in North America and Puerto Rico and an extensive network of over 200 agents.

Our objective is to build a leading global logistics services organization that integrates established operating companies and innovative technologies. We plan to achieve this objective by growing through a combination of synergistic acquisitions and organic expansion of operations. We are currently pursuing an aggressive acquisition strategy to enhance our position in our current markets and to acquire operations in new markets. The focus of this strategy is on acquiring and integrating logistics businesses that are likely to

Edgar Filing: STONEPATH GROUP INC - Form 10-Q

benefit from our long term growth strategy and status as a public company. A target candidate will be selected based upon its ability to demonstrate 1) historic levels of profitability; 2) a proven record of delivering superior time definite distribution and order fulfillment services; 3) opportunities for significant growth within strategic segments of our business; and 4) an established customer base of large and mid-sized companies.

Once acquisitions are completed, we intend to create value for the acquired company by improving operating margins (through synergies offered by the consolidation and by access to our technologies) and by enhancing its potential for organic growth (through increased cross-selling opportunities and expanded service capabilities). We have identified a number of additional companies that may be suitable acquisition candidates and are in preliminary discussions with a select number of them.

The following management's discussion and analysis of financial condition and results of operations focuses primarily on our former business strategy since our first acquisition of a logistics business was completed subsequent to the close of our third quarter. The focus of such future discussions will primarily be on our new business strategy and the results of operations of the acquisition(s).

We expect to generate revenues from the operations of Air Plus and from future acquisitions of logistics businesses. However, through the third quarter of 2001, our primary source of earnings and losses were realized from the operating activities of our affiliate companies accounted for under the equity method of accounting. We also realized income from the sale of our equity interests equal to the excess of the fair value of the proceeds received from the sale over our carrying value of the investment at the time of disposition. Because we acquired interests in early-stage technology companies, many of which were in the development stage, we have experienced and expect to experience, net losses as a result of these equity interests. Such losses totaled \$3.3 million and \$4.5 million in the nine months ended September 30, 2001 and 2000, respectively, and are reflected as "equity in losses of affiliate companies" within our consolidated statements of operations. Also, given the development stage of our existing affiliate companies, it is unlikely that we will record significant earnings from their operating activities in the near term. Rather, the income we derive from our affiliate companies, if any, will more likely be from sales of our interests in our affiliate companies. This occurred when we sold our interest in College411 during fiscal 2000, and when we sold our interest in Webmodal during the first quarter of fiscal 2001.

-13-

Our operating expenses primarily consist of stock-based compensation, professional fees, depreciation, and salaries and benefits, which totaled approximately \$7.1 million for the first nine months of fiscal 2001. However, stock-based compensation and depreciation are non-cash charges, and in the first three quarters of fiscal 2001 we used cash of \$3.0 million to fund our operating expenses. We expect our operating expenses to increase as a result of our first acquisition of a logistics business.

We have experienced, and may continue to experience, significant volatility in our quarterly results in certain periods due to non-recurring transactions and events incidental to our ownership interests in and advances to affiliate companies. These transactions include dispositions of, and changes to, our affiliate company ownership interests, and impairment charges. On a periodic basis, but no less frequently than at the end of each quarter, we evaluate the carrying value of our ownership interest in and advances to each of our affiliate companies for possible impairment based on achievement of business plan objectives and milestones; as well as the financial condition and prospects

Edgar Filing: STONEPATH GROUP INC - Form 10-Q

of the affiliate company. The business plan objectives and milestones we consider include those related to financial performance such as achievement of planned financial results or completion of capital raising activities, and those that are not primarily financial in nature such as the bringing to market of a major product or key service. If impairment is determined, the carrying value is adjusted to fair value. The fair value of our ownership interests in and advances to privately held affiliate companies is generally determined based on the value at which independent third parties have invested, or have committed to invest, in our affiliate companies.

Discontinued Operations

Our consolidated financial statements reflect the operations of Net Value, Inc., a wholly-owned subsidiary, as a discontinued operation. This was necessitated when, in November 1999, we made the strategic decision to exit the development and distribution of online promotional campaign operations of Net Value, Inc. and sold substantially all of Net Value, Inc.'s assets to Brightstreet.com. Accordingly, the assets and liabilities of the discontinued online promotional campaigns have been segregated from continuing operations and reported as a separate line item in our consolidated financial statements.

-14-

Results of Operations

Three and Nine Months Ended September 30, 2001 compared to the Three and Nine Months Ended September 30, 2000

We reported a net loss of \$2.5 and \$13.5 million for the three months and nine months ended September 30, 2001, (\$0.17 and \$0.82 loss per basic and diluted common share) compared to a loss of \$6.7 and \$27.8 million (\$0.43 and \$4.27 loss per basic and diluted common share) in the corresponding periods of the prior year. The significant reduction in the net loss is primarily attributable to our change in business strategy and resulting decrease in development activities associated with our affiliate companies. Our operating expenses of \$1.8 million and \$7.1 million for the three and nine month periods ended September 30, 2001 were significantly lower than our operating expenses of \$4.1 million and \$21.9 million for the corresponding periods of the prior year largely due to the reduction of our workforce and office closures completed during 2001. Our year to date fiscal 2001 results were also positively impacted by the sale of Webmodal and the resulting \$3.6 million gain. Offsetting the reduction in operating expenses and Webmodal gain were impairment charges of

Edgar Filing: STONEPATH GROUP INC - Form 10-Q

\$8.0 million and equity in losses of affiliate companies of \$3.3 million which collectively totaled \$5.7 million in the corresponding period of the prior year.

The following sections provide in greater detail the individual components of our results of operations on a line item basis and should be read in conjunction with our consolidated financial statements and related notes.

Stock-Based Compensation. Stock-based compensation is a non-cash expense resulting from the amortization of deferred compensation and the issuance of stock for services and totaled \$720,516 and \$3,369,406 for the three and nine months ended September 30, 2001, compared to \$1,852,424 and \$15,219,173 for the corresponding periods in 2000. The decrease in stock-based compensation is due to the reduction of our workforce and our advisory board, and the associated cancellation of their unvested options resulting in a decrease to deferred compensation and related reduction in amortization to stock-based compensation.

The following table shows the components of deferred compensation and related amortization to stock-based compensation for the three months ended September 30, 2001:

	Employees	Consultants and Advisory Board	Tot
Balance at beginning of period	\$3,412,603	\$ 34,867	\$3,447,470
Cancellations and fair value adjustments	--	(17,971)	(17,971)
Amortization to stock-based compensation	(621,145)	--	(621,145)
	-----	-----	-----
Balance at September 30, 2001	\$2,791,458	\$ 16,896	\$2,808,354
	=====	=====	=====

-15-

The following table shows the components of deferred compensation and related amortization to stock-based compensation for the nine months ended September 30, 2001:

	Employees	Consultants and Advisory Board	Tot
Balance at beginning of year	\$10,679,930	\$ 91,794	\$10,771,724
Additions to deferred compensation	1,207	19,450	20,657
Cancellations and fair value adjustments	(4,756,332)	(92,727)	(4,849,059)
Amortization to stock-based compensation	(3,133,347)	(1,621)	(3,134,968)
	-----	-----	-----
Balance at September 30, 2001	\$ 2,791,458	\$ 16,896	\$ 2,808,354
	=====	=====	=====

We also recorded stock based compensation of \$99,371 and \$234,438 during the three and nine months ended September 30, 2001 relating to investment banking, consulting, and legal services that were paid via the issuance of options and warrants to purchase shares of our common stock. We valued these equity instruments using the Black-Scholes valuation model on the vesting date when the

Edgar Filing: STONEPATH GROUP INC - Form 10-Q

counterparty performance was complete.

Of the total unamortized deferred compensation relating to employees of \$2,791,458, we expect to amortize into stock-based compensation \$621,145, \$1,411,831, \$642,831, and \$115,651 during the remainder of 2001, and during the years ended December 31, 2002, 2003 and 2004, respectively. These amounts correspond to the vesting schedule of the underlying stock-based award. The amount of deferred compensation recorded and related amortization to stock-based compensation will increase with any future compensatory grants and decrease with any cancellations. All employee option grants during fiscal 2001 had exercise prices equal to the fair value of the stock on the date of grant resulting in no additional deferred compensation.

General and Administrative Expenses. Our general and administrative expenses have decreased to \$1,114,774 and \$3,719,941 for the three and nine months ended September 30, 2001, compared to \$2,232,038 and \$6,649,241 for the corresponding periods in 2000. This decrease is attributable to several factors including: a decline in the level of our investment and corporate activities thereby reducing our professional fees, and the fiscal 2000 write-off of our goodwill arising from the Strategicus acquisition thereby reducing depreciation and amortization. Also contributing to the decline was the closure of our San Francisco and Boston offices and related workforce reduction occurring in the first quarter of fiscal 2001. We expect our operating expenses to increase as a result of the Air Plus acquisition completed on October 5, 2001. The following is a schedule of the significant components that comprise general and administrative expense:

	Three months ended September 30,		Nine months ended September 30,	
	2001	2000	2001	2000
Professional fees	\$ 329,052	\$ 285,063	\$1,381,657	\$2,069,21
Salaries and benefits	376,452	542,273	1,265,445	1,544,25
Depreciation and amortization	33,595	299,490	107,165	962,30
Other general and administrative	375,675	1,105,531	965,674	2,073,46
	-----	-----	-----	-----
Total	\$1,114,774	\$2,232,038	\$3,719,941	\$6,649,24
	=====	=====	=====	=====

-16-

Interest Income and Expense. Our interest income totaled \$326,145 and \$1,175,536 for the three and nine months ended September 30, 2001, compared to \$653,148 and \$1,569,094 for the corresponding periods in 2000. Interest income consists of the interest earned on our cash and cash equivalents, with the period over period decrease due to lower average cash balances and lower interest rates in fiscal 2001 than in fiscal 2000. We incurred no interest expense in fiscal 2001 versus \$84,627 for the first three quarters of fiscal 2000, with the decrease attributable to the repayment of substantially all outstanding debt in the first quarter of fiscal 2000.

Other Losses, Net. Other losses, net consist of:

Edgar Filing: STONEPATH GROUP INC - Form 10-Q

	Three months ended September 30,		Nine months September
	2001	2000	2001
Gain on sale of Webmodal holdings	\$ --	\$ --	\$ (3,617,699)
Gain on sale of College411 holdings	--	--	--
Affiliate Company impairment charges	1,032,400	--	8,019,270
Litigation settlement	--	1,235,447	--
Other	(2,550)	--	101,125
	<u>\$1,029,850</u>	<u>\$1,235,447</u>	<u>\$ 4,502,696</u>

In March 2001, Webmodal, previously an affiliate company, was sold to a wholly owned subsidiary of Enron Global Markets, LLC for \$6,990,532 in cash consisting of \$5,979,199 for our equity interest in Webmodal, \$1,000,000 as repayment by Webmodal of advances made by Stonepath, and \$11,333 of accrued interest thereon. The cash consideration received for our equity interest exceeded its then carrying value by \$3,617,699 and accordingly we recorded a gain for that amount as a result of the sale.

In May 2000, College411 was merged into a wholly owned subsidiary of Student Advantage, Inc. whereby the College411 stockholders received .0144 shares of Student Advantage common stock for every share of College411 common stock which they owned on the date of the merger. As a result of this merger, we received 55,621 shares of Student Advantage's common stock. The fair market value of Student Advantage's common stock received, based on publicly quoted market prices, was \$245,077, which exceeded the carrying value of our investment in College411 by \$195,088. Accordingly, we recorded a \$195,088 gain as a result of this transaction.

In August 2000, we entered into a settlement agreement for our legal claims with Douglas Spink, our former Chief Technology Officer and director. The litigation centered on the number of shares of common stock which Mr. Spink was entitled to following his termination from the Company. Under the terms of the agreement, Mr. Spink agreed to allow us to reacquire for cancellation 1,212,876 shares of the 2,047,876 common shares originally issued to him. The settlement agreement allowed Mr. Spink to retain ownership of 835,000 common shares, consisting of 504,532 previously vested shares and an additional 330,468 shares vested as part of the settlement. The vesting of these additional 330,468 shares resulted in a charge of \$1,197,947 equal to the fair value of such shares on the date of settlement. Additionally, we paid \$37,500 in severance to Mr. Spink as required by the settlement agreement.

We recorded impairment charges of \$8,019,270 and \$1,152,189 in 2001 and 2000, respectively, for other than temporary declines in the fair value of six of our affiliate companies and one of our available for sale securities. From the date of our initial acquisition of ownership interests and subsequent advances and investments, our funding to these companies represented all or a significant portion of the outside capital the companies had available to fund their operations. In September and April 2001, and June 2000, as a result of our continuous evaluation process, it was determined that these companies were unlikely to obtain further rounds of financing necessary to sustain operations and that substantial doubt existed over the companies' ability to repay advances made. Accordingly, we recorded an impairment charge to reduce the remaining carrying value of the ownership interest in and advances to these companies to zero.

Equity in earnings (losses) of Affiliate Companies. Equity in earnings (losses) of affiliate companies for the three and nine months ended September 30, 2001 amounted to \$16,732 and (\$3,284,609), respectively, compared to (\$1,880,520) and (\$4,546,276) for the corresponding periods of the prior year. These amounts represent our proportionate share of the earnings (losses) of our affiliate companies and the amortization of the excess of the cost of our investment over our equity interest in the net assets of the affiliate companies accounted for under the equity method of accounting. Our equity in losses were higher in prior quarters due to the development and expansion of affiliate company operations during this period. We expect our earnings (losses) from our investments in affiliate companies to remain small as we have only one affiliate company accounted for under the equity method. Also, we intend to acquire controlling interests in logistics businesses for which we would follow the consolidation method of accounting.

Discontinued Operations. The gain of \$171,484 for the nine months ended September 30, 2001 represents the settlement of outstanding liabilities arising from the discontinued operations of Net Value, Inc. We expect to settle the remaining liabilities on favorable terms.

Changes in Financial Position, Liquidity and Capital Resources

We have historically funded our operations through a combination of equity and debt proceeds and as of September 30, 2001 had cash and cash equivalents of approximately \$31.9 million. We believe that our existing cash balances will be sufficient to meet our operating expenses for at least the next twelve months and for the foreseeable future. We expect to fund our operating expenses from the cash flows of our logistics subsidiaries and from the sale or cash flows of our interests in existing affiliate companies. Additionally, we expect to obtain a bank line of credit to be available to meet any seasonal fluctuations in our short term liquidity needs.

Our long-term capital needs are dependant, however, primarily on the number and financial structure of our future acquisitions of logistics businesses and the extent to which these acquisitions have positive cash flows. On October 5, 2001, we completed our first acquisition of a logistics business for a total value of \$34.5 million, consisting of cash of \$17.5 million paid at closing and a four year earn-out arrangement based upon the future financial performance of Air Plus. We paid the cash component of the transaction through our existing funds.

We are also in preliminary discussions with a select number of other potential acquisition candidates. While we have entered into active negotiations and preliminary discussions, we are not certain that these negotiations or discussions will lead to our acquisition of any of these companies. In the future, we may be required to curtail or reduce the scope of our acquisition activities to satisfy our long-term liquidity needs. Alternatively, we would be required to seek additional funds through the sale of our securities to outside sources of capital, which could result in substantial dilution to stockholders, or through other means of debt financing. We are not certain that these funds would be available on terms that are satisfactory to us, or at all.

In the future, we expect our operating activities to generate positive cash flows from operations as a result of our recent acquisition of Air Plus. Historically our operating activities involved managing and developing a network of early stage companies which did not generate sufficient earnings to pay dividends or otherwise make distributions to us. Although we continue to manage and provide assistance to six such affiliate companies, we do not expect them to pay such dividends within the next twelve months given their early stage of development.

Edgar Filing: STONEPATH GROUP INC - Form 10-Q

During the nine months ended September 30, 2001, we used \$3.0 million to fund our operating expenses. Our operating expenses will increase as a result of our recent acquisition and will continue to increase to the extent that we complete additional acquisitions.

In March 2001, we received \$7.0 million from the sale of Webmodal consisting of \$6.0 million for our equity interest and \$1.0 million as repayment of outstanding promissory notes. During the nine months ended September 30, 2001, we made the following cash investments and advances to affiliate companies:

-18-

January 2001	Webmodal	\$500,000
February 2001	Metacat	200,000
March 2001	Seedra	22,000
April 2001	SwapIt	30,000

		\$752,000
		=====

Impact of Recently Issued Accounting Standards

In July 2001, the FASB issued Statement No. 141, Business Combinations, and Statement No. 142, Goodwill and Other Intangible Assets. Statement 141 requires that the purchase method of accounting be used for all business combinations initiated after June 30, 2001 and also specifies the criteria that intangible assets acquired in a business combination must meet in order to be recognized and reported apart from goodwill. Statement 142 requires that goodwill and intangible assets with indefinite useful lives no longer be amortized, but instead be tested for impairment at least annually in accordance with the provisions of Statement 142. Statement 142 also requires that intangible assets with definite useful lives be amortized over their respective estimated useful lives to their estimated residual values, and reviewed for impairment in accordance with SFAS No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of. We expect to record goodwill of approximately \$15 million as a result of the Air Plus acquisition on October 5, 2001, which will not be amortized due to the adoption of Statements 141 and 142. Rather, the goodwill will be tested for impairment at least annually in accordance with the provisions of Statement 142.

In August 2001, the Financial Accounting Standards Board issued FASB Statement No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets (Statement 144), which supersedes both FASB Statement No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of (Statement 121) and the accounting and reporting provisions of APB Opinion No. 30, Reporting the Results of Operations--Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions (Opinion 30), for the disposal of a segment of a business (as previously defined in that Opinion). Statement 144 retains the fundamental provisions in Statement 121 for recognizing and measuring impairment losses on long-lived assets held for use and long-lived assets to be disposed of by sale, while also resolving significant implementation issues associated with Statement 121. Statement 144 retains the basic provisions of Opinion 30 on how to present discontinued operations in the income statement but broadens that presentation to include a component of an entity (rather than a segment of a business). Unlike Statement 121, an impairment assessment under Statement 144 will never result in a write-down of goodwill. Rather, goodwill is evaluated for impairment under Statement No. 142, Goodwill and Other Intangible Assets.

The Company is required to adopt Statement 144 no later than the year beginning

Edgar Filing: STONEPATH GROUP INC - Form 10-Q

after December 15, 2001, and plans to adopt its provisions for the quarter ending March 31, 2002. Management does not expect the adoption of Statement 144 for long-lived assets held for use to have a material impact on the Company's financial statements because the impairment assessment under Statement 144 is largely unchanged from Statement 121. The provisions of the Statement for assets held for sale or other disposal generally are required to be applied prospectively after the adoption date to newly initiated disposal activities. Therefore, management cannot determine the potential effects that adoption of Statement 144 will have on the Company's financial statements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Our exposure to market risk relates primarily to changes in interest rates and the resulting impact on our invested cash. We place our cash with high credit quality financial institutions and invest that cash in short term fixed income investments. We are averse to principal loss and ensure the safety and preservation of our invested funds by investing in only highly rated investments and by limiting our exposure in any one issuance. If market interest rates were to increase immediately and uniformly by 10% from levels at September 30, 2001, the fair value of our portfolio would decline by an immaterial amount. We do not invest in derivative financial instruments.

-19-

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

Other than as described within the Company's Annual Report on Form 10-K for the year ended December 31, 2000 and the Company's Quarterly Reports on Form 10-Q for the quarters ended June 30 and March 31, 2001, there have been no material developments in any of the reported legal proceedings except as described below.

On October 12, 2000, Emergent Capital Investment Management, LLC (the Plaintiff) filed suit against the Company and two of its officers contending that it was misled by statements made by the defendants in connection with the offering of the Company's Series C Shares which closed in March 2000. Specifically, the Plaintiff alleges that it is entitled to rescind the transaction because it was allegedly represented that the size of the offering would be \$20 million and the Company actually raised \$50 million. The Plaintiff seeks a return of its \$2 million purchase price of Series C Shares and damages in the amount of \$1.7 million. In June of 2001, the Company moved for summary judgment in this case.

After the summary judgment motion was filed, the Plaintiff filed a second action against the Company and two of its officers alleging different allegations of fraud in connection with the Series C offering. In the new complaint, the Plaintiff alleges that oral statements and written promotional materials distributed by the Company at a meeting in connection with the Series C offering were materially inaccurate with respect to the Company's investment in NetValue, Inc., a wholly owned subsidiary of the Company. The Plaintiff also contends that the defendants failed to disclose certain allegedly material transactions in which an officer was involved prior to his affiliation with the Company. The Company filed a motion to dismiss this new action for failure to state a claim upon which relief can be granted.

Edgar Filing: STONEPATH GROUP INC - Form 10-Q

On October 2, 2001, the Court entered an order granting summary judgment to the defendants in the first case filed by the Plaintiff and dismissing the Plaintiff's second complaint for failure to state a claim upon which relief can be granted. The Court allowed the Plaintiff 20 days to file a second amended complaint as to the second action only. On October 21, 2001, the Plaintiff did file a second amended complaint in the second action. The second amended complaint does not raise any new factual allegations regarding Plaintiff's participation in the offering. The Company intends to file a motion to dismiss the second amended complaint. If the motion is not granted, the Company believes that it has meritorious defenses to the Plaintiff's claims and intends to vigorously defend this action.

On August 22, 2000, Austost Anstalt Schaan, Balmore Funds, S.A. and Amro International, S.A., purchasers of the Company's convertible promissory notes, filed suit against Stonepath in the United States District Court for the District of Delaware. The plaintiffs allege that, contrary to the Company's covenant in the subscription agreement they executed, which required Stonepath to "use reasonable commercial efforts to register" the shares of its common stock underlying the convertible promissory notes "at some future date," the Company verbally agreed to register such shares in the first registration statement it filed with the Securities and Exchange Commission subsequent to the transaction. The plaintiffs assert claims for breach of contract and the duty of good faith and fair dealing, fraud, violation of federal securities laws, estoppel, and reformation and seek damages in excess of \$20 million, plus attorneys' fees and costs. In response to a motion to dismiss filed by Stonepath, the Court dismissed the federal securities law and estoppel claims and denied the motion as to all other claims. Company believes it has meritorious defenses to the remaining claims and intends to defend the matters vigorously.

The Company is involved in various other claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the Company's consolidated financial position, results of operations or liquidity.
