Edgar Filing: 800AMERICA COM INC - Form 10QSB

I have reviewed the accompanying balance sheets of 800America.com Inc., as of March 31, 2002 and December 31, 2001 and the related statements of income, retained earnings, and cash flows for the three months ended March 31, 2002 and March 31, 2001 in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of the management of 800America.com Inc.

A review consists principally of inquiries of company personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with auditing standards generally accepted in the U.S., the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with generally accepted accounting principles.

Item 2. Management's Discussion and Results or Plan of Operation.

General

We operate various Internet web sites in three areas: Business to Business; Business to Consumers and Technology. Our goal is to bring buyers and sellers together in an efficient and easy format and generate income based on the transactions. Our technologies coupled with our customer approach continue to strengthen relationships with our customers. These technologies are providing the foundation need to scale and grow the e-commerce businesses profitably across geographic regions and multiple product lines.

Sites operated under the 800America Network are OneTwoClick.com, RothmanCloseouts.com, InternetWEbGuide.com, FileShooter.com, InShop.com, eBiz4biz.com, cs-live.com, iGain.com, IPS payment.com, WizardWorld.com and Youtopia.com.

Results of Operations

Edgar Filing: 800AMERICA COM INC - Form 10QSB

Quarter Ended March 31, 2002 Compared to Quarter Ended March 31, 2001.

We had revenues of \$7,768,164 for the quarter ended March 31, 2002 compared to revenues of \$4,300,777 for the quarter ended March 31, 2001. Approximately, \$504,000 of our revenues were derived from an off-line venture whereby we partnered with another company to sell closeout merchandise into the South American market. Our total investment was approximately \$4,000,000. To date we have received \$900,000 of our investment back and the remaining investment of \$3,100,000, which has been used to purchase close out merchandise, should be received during the second quarter along with additional revenue. We do not regularly engage in these types of ventures but, as the opportunity arises we may engage in them in the future. Approximately 21% of our total revenues were derived from foreign sources. Approximately 65% of the foreign revenue came from South America and the balance from the Far East and Europe. Net income for the quarter ended March 31, 2002 was \$2,071,604 compared to net income of \$1,855,400 for the quarter ended March 31, 2001. Total operating expenses for the quarter ended March 31, 2002 were \$4,563,607 resulting in net operating income for the quarter of \$3,204,557. This compares to total operating expenses of \$1,434,091 for the quarter ended March 31, 2001, resulting in net operating income of \$2,866,686. This increase in operating expenses is a result of our continuing to grow our business in order to increase revenues. Because of our limited operating history with our various web sites, management cannot predict, based upon past performance, whether the above listed cost and expense categories are relatively stable or subject to a substantial degree of volatility. Management continues to expect that advertising costs will be a significant part of its operating structure. Management expects that all divisions will have increased revenues and profits in the Second Quarter.

Liquidity And Capital Resources

Cash and cash equivalents as of March 31, 2002 were \$13,809,345. At March 31, 2002, we had current assets of \$17,228,220 and current liabilities of \$2,457,176 resulting in working capital at March 31, 2002 (current assets less current liabilities) of \$14,771,044.

In January 2002, we acquired substantially all of the assets, including the name, of Yutopia.com. and assumed certain operating leases. The purchase price was 680,000 shares of common stock.

We believe that our current capital resources and liquidity are adequate for at least the next twelve months. Other than costs in connection with the further development of its web sites, we do not have any plans for significant capital or operating expenditures above our current level unless we determines to develop additional web sites that could result in additional development costs. We may also make additional acquisitions which might be financed at least in part with our own funds.
