#### **Explanatory Note:**

As a result of a review of its revenue recognition practices undertaken during the fourth quarter of 2002, The Dun & Bradstreet Corporation (the Company) identified timing errors totaling \$32.3 million (\$21.5 million net of tax) in the recognition of some revenue associated with 14 products during the period January 1, 1997 through September 30, 2002. In general, such revenue had been recognized at the time of billing instead of being deferred and recognized over the customer contract period (generally 12 months). Of the total errors, \$1.4 million related to 2002. We have also adjusted our consolidated balance sheets to reflect the tax effect of minimum pension liabilities for the years ended December 31, 1997 through 2001. The impact of the errors on the years ended December 31, 2001 and prior have been corrected through a restatement of previously reported amounts in Form 10-K/ A for the year ended December 31, 2001. Note 2 to the consolidated financial statements summarizes the impact of this restatement on the Company s statements of operations for the three and six months ended June 30, 2002 and June 30, 2001 and the balance sheets as of June 30, 2002 and December 31, 2001.

This Form 10-Q/ A hereby amends and restates Items 1, 2, and 3 in Part I and Item 1 in Part II of the Company s Quarterly Report on Form 10-Q for the quarter ended June 30, 2002, to reflect the restatement of the Company s consolidated financial statements included in such report. We are also correcting the number of shares of our common stock authorized as of December 31, 2001 as reflected on the consolidated balance sheets in the previously filed Form 10-Q. No further changes to the previously filed Form 10-Q are being made. All information in this Form 10-Q/ A is as of June 30, 2002 and does not reflect any subsequent information or events other than the restatement.

For additional discussion of developments relating to periods subsequent to June 30, 2002, please see the Company s report filed with the Securities and Exchange Commission with respect to such subsequent periods, including the Company s Quarterly Report on Forms 10-Q/ A for the quarter ended September 30, 2002.

#### THE DUN & BRADSTREET CORPORATION

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

(Tabular dollar amounts in millions, except per share data)

#### Note 1 Interim Consolidated Financial Statements

These interim consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and should be read in conjunction with the consolidated financial statements and related notes of The Dun & Bradstreet Corporation s ( D&B or the Company ) 2001 Annual Report on Form 10-K/A. The consolidated results for interim periods are not necessarily indicative of results for the full year or any subsequent period. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation of financial position, results of operations and cash flows at the dates and for the periods presented have been included.

#### Note 2 Restatement of Financial Statements

As a result of a review of its revenue recognition practices undertaken during the fourth quarter of 2002, the Company identified timing errors totaling \$32.3 million (\$21.5 million net of tax) in the recognition of some revenue associated with 14 products during the period January 1, 1997 through September 30, 2002. In general, such revenue had been recognized at the time of billing, instead of being deferred and recognized over the customer contract period (generally 12 months). Of the total errors, \$1.4 million related to 2002. We also adjusted our consolidated balance sheets to reflect the tax effect of minimum pension liabilities for the years ended December 31, 1997 through 2001. The impact of the errors on the years ended December 31, 2001 and prior have been corrected through a restatement of previously reported amounts in Form 10-K/ A for the year ended December 31, 2001.

The tables that follow present a summary of the impact of restating the consolidated statements of operations for the three and six months ended June 30, 2002 and June 30, 2001 and the balance sheets as of June 30, 2002 and December 31, 2001. The impact of the restatement is an increase in revenue and net income of \$0.7 million and \$0.7 million, respectively, for the three months ended June 30, 2002, and \$2.1 million and \$1.4 million, respectively, for the six months ended June 30, 2001. The impact of the restatement is a reduction in revenue and net income of \$3.1 million and \$1.4 million, respectively, for the six months ended June 30, 2002, and \$3.4 million and \$2.0 million, respectively, for the six months ended June 30, 2001. The impact of recording the tax effect of the minimum pension liability is an increase to Other Non-Current Assets (Deferred Tax) and Total Shareholders Equity of \$22.0 million as of June 30, 2002 and December 31, 2001.
