#### ITT INDUSTRIES INVESTMENT AND SAVINGS PLAN FOR SALARIED EMPLOYEES NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2003 AND 2002, AND FOR THE YEAR ENDED DECEMBER 31, 2003 (\$ IN THOUSANDS)

##### 1. DESCRIPTION OF THE PLAN

The following description of the ITT Industries Investment and Savings Plan for Salaried Employees (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

GENERAL--The Plan is a defined contribution plan generally covering all

## Edgar Filing: ITT INDUSTRIES INC - Form 11-K

regular salaried U.S. employees of ITT Industries, Inc. (the "Company"). Employees are eligible to join the Plan on the first day of the calendar month following completion of one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Deutsche Bank Trust Company Americas and State Street Bank & Trust Company acted as the Plan's trustees (the "Trustees") for the period from January 1, 2003 to January 30, 2003 and January 31, 2003 to December 2003, respectively.

### CONTRIBUTIONS--

EMPLOYEE--An eligible employee as defined in the Plan ("Member") may generally elect to contribute 2% to 25% of base salary. A Member (other than a Member subject to Puerto Rico's income tax) may designate his/her savings as Before-Tax Savings, After-Tax Savings, or any combination of the two. Effective January 1, 2002 and as a result of the IRS Non-Discrimination Test results, a participant who is considered a Highly Compensated Employee under the Plan may elect Plan savings up to a maximum of 14% of base pay as either Before-Tax Savings, After-Tax Savings, or any combination subject to the dollar limitation contained in section 402(g) of the Internal Revenue Code (the "Code").

Effective November 27, 2001, the Plan was amended to include an Employee Stock Ownership Plan ("ESOP"). Beginning on that date, all Company contributions, including the future Company contributions to the Plan, have been deposited into the ESOP. As a result of this change, all dividends associated with the Company contributions held in the ITT Industries Stock Fund in the Plan are immediately 100% vested. In addition, Members can make an election regarding the payment of their ESOP dividends. Members can elect to have their ESOP dividends either reinvested in the ITT Industries Stock Fund or paid to them in cash on a quarterly basis. All shares in the ESOP are allocated.

Effective November 12, 2002, the Plan's Members are no longer required to have their Company contributions invested in the ITT Industries Stock Fund. All Members will have the ability to invest their company contributions in any of the Plan's investment options.

F-4

EMPLOYER-- An amount equal to 50% of a Member's first 6% of covered compensation is matched by the Company. In addition, the Company contributes 1/2 of 1% of covered compensation to the Floor Company Contributions Account, as defined by the Plan, of each eligible Member.

Upon enrollment in the Plan, a Member may direct employee contributions in any whole percentage from 2% to 25% (subject to IRS limit) to any of twelve investment options, and the Member can change his/her future savings and reallocate his/her accumulated investments in 1% increments on a daily basis among the twelve funds limited to a maximum of four transactions per month. The twelve funds are as follows:

- ITT Industries Stock Fund
- Managed Equity Index Fund
- Stable Value Fund
- Balanced Fund
- Long Term Bond Fund
- Equity Value Fund
- Aggressive Growth Fund
- Global Equity Fund
- Small Cap Equity Fund
- Asset Allocation Fund - Conservative

## Edgar Filing: ITT INDUSTRIES INC - Form 11-K

Asset Allocation Fund - Moderate  
Asset Allocation Fund - Aggressive

For Plan years beginning on or after January 1, 2000, the Company, or its designee, shall determine the amount of the Minimum Employer Contribution. The Minimum Employer Contribution for each Plan Year shall be deemed to be satisfied as of the date the aggregate amount of Before-Tax Savings Contributions, Matching Company Contributions, and Floor Company Contributions for each Taxable Year equals the amount of the Minimum Employer Contribution for such Plan Year.

MEMBER ACCOUNTS--Each Member's account is credited with the Member's Contributions, Company Contributions and an allocation of Plan earnings, net of administrative expenses and investment management fees. Allocations are based on Member account balances, as defined in the Plan Information document. The benefit to which a Member is entitled is the benefit that can be provided from the Member's vested account.

Plan accounts are valued and reconciled between the trustee and recordkeeper daily. The Plan transactions are handled through a toll-free number, electronically, over the internet, or by speaking to a Plan representative at the Benefits Center.

A Member or Deferred Member may perform a maximum of four fund reallocations or transfers in any calendar month. A reallocation or a transfer shall be defined as a single reallocation or a single transfer, or as a series of reallocations and/or transfers taking place on a single business day.

F-5

VESTING--Members are immediately vested in their contributions and the Company Floor Contributions plus earnings thereon. Member's interests in Matching Company Contributions vest according to the following schedule:

Years of Service -----	Non-forfeitable Percentage -----
Less than 1 year.....	0%
1 but less than 2 years.....	20%
2 but less than 3 years.....	40%
3 but less than 4 years.....	60%
4 but less than 5 years.....	80%
5 or more years.....	100%

As of December 31, 2003 and 2002, the cumulative Matching Company Contributions and Floor Company Contributions made on behalf of all Members, including a pro-rata share of investment income, were as follows:

	2003 ----	2002 ----
Vested	\$705,452	\$607,506
Non-vested	6,302	13,050
	-----	-----
	\$711,754	\$620,556

## Edgar Filing: ITT INDUSTRIES INC - Form 11-K

=====

FORFEITURES--Forfeitures of the non-vested portion of any Member's Matching Company Contributions are applied to reduce future Company Contributions. Forfeitures for the years ended December 31, 2003 and 2002 were \$359 and \$671, respectively.

MEMBER LOANS--A Member may request a loan in any specified whole dollar amount which must be at least one thousand dollars but which may not exceed the lesser of 50% of the Vested Share, or fifty thousand dollars reduced by the Member's highest outstanding loan balance, if any, during the prior one-year period. The interest rate charged by the Plan is based on the prime rate plus 1%. General purpose loan terms range from one to sixty months. If the loan is used in the purchase of a primary residence, the loan term can be for a period of up to one hundred eighty months. Members may have two loans outstanding at the same time.

Effective January 6, 2003, a terminated Member may continue to make loan payments on their loans after separation by contacting the Plan's Benefits Center. However, no new loans can be requested after termination of employment.

F-6

PAYMENT OF BENEFITS--On termination of service due to death, disability, or retirement, a Member or his/her surviving spouse beneficiary may elect to receive either a lump-sum amount equal to the value of the Member's vested interest in his/her account, or under two alternative installment options. Upon the death of a Member, if the beneficiary is a non-spouse, the distribution must be made within five years from the Member's date of death in the form of a lump sum payment or annual fixed period installments, provided that the number of installments does not extend beyond five years from the date of the Member's date of death. For termination of service due to other reasons, a Member may receive the value of the vested interest in his/her account as a lump-sum distribution, a rollover to another qualified plan or a conduit IRA, or under two alternative installment options. In either case, a Member or his/her surviving spouse beneficiary whose vested account balance is more than three thousand five hundred dollars may elect to keep his/her account balance in the Plan until the year in which the Member reaches/would have reached age 70 1/2.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING--The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

USE OF ESTIMATES--The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

INVESTMENT VALUATION AND INCOME RECOGNITION--The Plan's investments are stated at fair value except for its benefit-responsive investment contract investments which are stated at contract value (Note 6). Quoted market prices are used to

## Edgar Filing: ITT INDUSTRIES INC - Form 11-K

value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

EXPENSES--The Plan pays for the administrative expenses of the Plan up to 0.25% of the market value of trust assets. In 2003, these expenses amounted to 0.17%. These expenses are limited to services provided by unrelated vendors. The Company pays Plan administrative expenses which are not paid by the Trust. In addition to the administrative expense charge, an investment management fee is charged to each investment fund except for the ITT Industries Stock Fund.

PAYMENT OF BENEFITS--Benefit payments to Members are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were \$272 and \$0 at December 31, 2003 and 2002 respectively.

F-7

Net appreciation	\$210,242
	=====

### 4. PLAN TRUSTEE

During 2003 State Street Bank and Trust Company acquired the Global Custody business of Deutsche Bank Trust Company Americas. Accordingly, Deutsche Bank Trust Company Americas served as Trustee from January 1, 2003 to January 30, 2003 and was succeeded by State Street Bank & Trust for the period from January 31, 2003 to December 31, 2003.

F-8

### 5. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated February 12, 2004 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

### 6. INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan has entered into numerous group annuity contracts with 7 regulated insurance carriers. These contracts, which are classified as part of the Stable Value Fund, are included in the financial statements at contract value because they are fully benefit responsive. Contract value represents contributions made under the contract, plus earnings and less Plan withdrawals and administrative expenses. The fair value of the investment contracts at December 31, 2003 and 2002 was \$617,206 and \$583,041, respectively. The fair values of these contracts were in excess of the book value at December 31, 2003 by approximately \$17,958 and \$24,533 at December 31, 2002.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield of the investment contracts at December 31, 2003 and for the year ended December 31, 2003 were 4.45% and 4.46% respectively. The crediting interest rate for the investment contracts had a range from 3.18% to 6.17% at December 31, 2003 and from 4.77% to 7.55% at December 31, 2002. The crediting interest rates are based on an agreed-upon formula with the issuers, but cannot be less than zero. The investment contracts have scheduled maturities from December 31, 2004 to May 31, 2018.

### 7. RELATED PARTY TRANSACTIONS

Certain Plan investments are held in funds managed by Deutsche Bank Trust Company Americas. For the period from January 1, 2003 to January 30, 2003 Deutsche Bank Trust Company Americas was the Trustee as defined by the Plan, therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for Trustee and investment management services provided by Deutsche Bank Trust Company Americas amounted to \$329 for the year ended December 31, 2003. Certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan.

At December 31, 2003 and 2002, the Plan held 7,833,063 and 9,048,336 shares, respectively, of common stock of ITT Industries, Inc., the sponsoring employer, with a cost basis of \$273,028 and \$293,816, respectively. During the year ended December 31, 2003, the Plan recorded dividend income of \$5,555.

These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions from the Code

Edgar Filing: ITT INDUSTRIES INC - Form 11-K

and ERISA's rules on prohibited transactions.

F-9

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Members will become 100% vested in their accounts.

9. ASSET TRANSFERS

During 2003, assets in the amount of \$597 were transferred to the Plan from the ITT Industries BIW ("BIW") Connector Systems Employees' Savings Plan with respect to salaried employees of BIW who became eligible to participate in the Plan as of January 1, 2003. In addition, assets in the amount of \$2,480 were transferred from the Plan to the HiSan, Inc. ("HiSan") Investment and Savings Plan with respect to salaried employees of HiSan who were no longer eligible to participate in the Plan as of January 1, 2003.
