PROXY STATEMENT

GENERAL MEETING INFORMATION

The Board of Directors (the **Board**) of Allied World Assurance Company Holdings, Ltd (the **Company**) is soliciting the enclosed proxy to be voted at the 2007 Annual General Meeting of the Company's shareholders (the **Annual General Meeting**) to be held at 10:00 a.m., local time, on Tuesday, May 8, 2007 at the Company's corporate headquarters, 27 Richmond Road, Pembroke HM 08, Bermuda, and at any adjournment or postponement thereof. When the enclosed proxy card is properly executed and returned, the Company's common shares, par value \$0.03 per share (the **Common Shares**), it represents will be voted, subject to any direction to the contrary, at the Annual General Meeting **FOR** the matters specified in the Notice of Annual General Meeting attached hereto and described more fully herein. References in this Proxy Statement to **we**, **us** and **our** refer to Allied World Assurance Company Holdings, Ltd and our consolidated subsidiaries, unless the context requires otherwise.

This Proxy Statement, the attached Notice of Annual General Meeting and the enclosed proxy card are first being mailed to shareholders on or about March 22, 2007. A copy of the Company's Annual Report to Shareholders for the fiscal year ended December 31, 2006 accompanies this Proxy Statement.

Any shareholder giving a proxy may revoke it prior to its exercise by providing the Secretary of the Company with written notice of revocation, by voting in person at the Annual General Meeting or by executing a later-dated proxy; *provided, however*, that the action is taken in sufficient time to permit the necessary examination and tabulation of the subsequent proxy or revocation before the vote is taken.

Shareholders of record holding voting Common Shares (**Voting Shares**), as shown by the transfer books of the Company as of the close of business on March 12, 2007, will be entitled to vote at the Annual General Meeting and at any adjournment or postponement thereof. Holders of our non-voting Common Shares (**Non-Voting Shares**) will receive this Proxy Statement but are not entitled to vote at the Annual General Meeting and at any adjournment or postponement thereof. As of February 28, 2007, there were outstanding 31,066,914 Voting Shares and 29,275,165 Non-Voting Shares. Each Voting Share entitles the holder of record on such date to one vote on a poll; *provided, however*, if the number of **Controlled Shares** of any holder would constitute 10% or more of the total combined voting power of the issued Voting Shares (such holder, a **10% Shareholder**), such holder will have the voting rights attached to its Voting Shares reduced to less than 10% of the total voting rights attached to the outstanding voting shares, in the manner provided in the Company's Amended and Restated Bye-Laws (the **Bye-Laws**). **Controlled Shares** of any person refers to all Voting Shares owned by such person, whether (i) directly; (ii) with respect to persons who are United States persons, by application of the attribution and constructive ownership rules of Section 958(a) and 958(b) of the U.S. Internal Revenue Code of 1986 (the **Code**); or (iii) beneficially, directly or indirectly, within the meaning of Section 13(d)(3) of the U.S. Securities Exchange Act of 1934, as amended (the **Exchange Act**), and the rules and regulations thereunder.

As of the date of this Proxy Statement, the Company is not aware of any shareholders that possess **Controlled Shares** requiring a reduction in their voting power to less than 10%; however, the applicability of the foregoing provisions

may have the effect of increasing another shareholder's voting power to 10% or more, thereby requiring a corresponding reduction in such other shareholder's voting power. Our Bye-Laws exclude from the calculation of the 10%-voting power limitation described in the preceding paragraph any Voting Shares owned by a bank, broker, dealer or investment adviser that does not have or exercise the power to vote those shares and that has only a passive investment intent as reflected in its ability to file beneficial ownership reports on Schedule 13G under the Exchange Act with respect to the voting shares it holds. Because the applicability of the voting power reduction provisions to any particular shareholder depends on facts and circumstances that may be known only to the shareholder or related

persons, the Company requests that any holder of Voting Shares with reason to believe that it is a 10% Shareholder within the meaning of the Bye-Laws please contact the Secretary of the Company promptly so that the Company may determine whether the voting power of such holder's Voting Shares should be reduced. By submitting a proxy, a holder of Voting Shares will be deemed to have confirmed that, to its knowledge, it is not, and is not acting on behalf of, a 10% Shareholder. The directors are empowered to require any shareholder to provide information as to that shareholder's legal or beneficial share ownership, the names of persons having beneficial ownership of the shareholder's shares, relationships with other shareholders or persons or any other facts the directors may deem relevant to a determination of the number of Controlled Shares attributable to any person. The directors may disregard the votes attached to shares of any holder failing to respond to such a request or submitting incomplete or untrue information. The directors retain certain discretion to make such final adjustments as to the aggregate number of votes attaching to the Voting Shares of any shareholder that they consider fair and reasonable in all the circumstances to ensure that no person will be a 10% Shareholder at any time.

Without giving effect to the limitation on voting rights described above, the quorum required at the Annual General Meeting is two or more persons present in person and representing in person or by proxy more than 50% of the total issued and outstanding Voting Shares.

At the Annual General Meeting, shareholders will be asked to elect the three Class II Director nominees set forth herein under the caption Election of Directors to serve as directors of the Company until the Annual General Meeting in 2010 or until their successors are duly elected and qualified or their office is otherwise vacated. Your Board recommends, and if no instructions are provided in an executed proxy it will constitute, a vote **FOR** the election of each such nominee. The holders of Voting Shares are entitled to one vote per share. The three Class II Directors will be elected by a plurality vote, and an absolute majority of the votes cast is not a prerequisite to election.

In accordance with our Bye-Laws, no person may be elected as a director of any of the Company's non-U.S. subsidiaries (excluding Allied World Assurance Company, Ltd) unless such person has been approved by the Company's shareholders. At the Annual General Meeting, shareholders will be asked to approve each proposed slate of director nominees set forth under the caption Approval of Eligible Subsidiary Directors for certain of our non-U.S. subsidiaries. Your Board recommends, and if no instructions are provided in an executed proxy it will constitute, a vote **FOR** the approval of the proposed non-U.S. subsidiary directors (the Eligible Subsidiary Directors). The approval of the Eligible Subsidiary Directors requires the affirmative vote of a majority of the votes cast at the Annual General Meeting.

At the Annual General Meeting, shareholders also will be asked to appoint Deloitte & Touche as the Company's independent auditors until the Company's next Annual General Meeting. Your Board recommends, and if no instructions are provided in an executed proxy it will constitute, a vote **FOR** the appointment of Deloitte & Touche to serve in such capacity. The appointment of Deloitte & Touche requires the affirmative vote of a majority of the votes cast at the Annual General Meeting.

Abstentions and broker non-votes will be counted toward the presence of a quorum at, but will not be considered votes cast on any proposal brought before, the Annual General Meeting. Therefore, abstentions and broker non-votes will have no effect on the outcome of any proposals.

A vote by poll will be taken on all matters properly brought before the Annual General Meeting. On a vote by poll, each shareholder present who elects to vote in person and each person holding a valid proxy is entitled to one vote for each Voting Share owned or represented.

The manner in which your shares may be voted depends on how your shares are held. If you own shares of record, meaning that your Voting Shares are represented by certificates or book entries in your name so that you appear as a

shareholder on the records of our share transfer agent, Continental Stock Transfer & Trust Company, a proxy card for voting those shares will be included with this Proxy Statement. You may direct how your shares are to be voted by completing, signing and returning the proxy card in the enclosed envelope.

If you own shares through a brokerage firm, you may instead receive from your bank or brokerage firm a voting instructions form with this Proxy Statement that you may use to instruct how your shares are to be voted. As with a proxy card, you may direct how your shares are to be voted by completing, signing and returning the voting

instructions form in the envelope provided. Many banks and brokerage firms have arranged for Internet or telephonic voting of shares and provide instructions for using those services on the voting instruction form.

We have requested that brokerage and other custodians, nominees and fiduciaries forward solicitation materials to the beneficial owners of our Common Shares and will reimburse the brokers and other fiduciaries for their reasonable out-of-pocket expenses for forwarding the materials.

All amounts set forth in this Proxy Statement are in United States dollars.

ELECTION OF DIRECTORS (Item A on Proxy Card)

The Board is divided into three classes of directors, Class I, Class II and Class III, each of approximately equal size. Three director nominees are being presented for election at the Annual General Meeting to serve as Class II Directors until the Annual General Meeting in 2010 or until their successors are duly elected and qualified or their office is otherwise vacated. All of the nominees are current members of the Board. Such nominees were recommended for appointment to the Board by the Nominating & Corporate Governance Committee of the Board.

Your Board recommends a vote FOR each of the nominees listed on the enclosed proxy card. It is not expected that any of the nominees will become unavailable for election as a director but, if any nominee should become unavailable prior to the meeting, proxies will be voted for such persons as your Board shall recommend.

The name, age, principal occupation and certain other information concerning each nominee is set forth below.

His professional career began with Procter & Gamble in 1971, where he spent ten years in manufacturing and operations. Mr. DeFeo has been a non-executive director of Computershare Limited since 2002 and is an independent director of Visa USA, Inc.

Scott Hunter (age 55) was appointed to the Board in March 2006. Mr. Hunter has served as an independent consultant to Bermuda's financial services industry since 2002. Mr. Weinhoff is currently a member of the board of directors of Infinity Property and Casualty Corporation, where he is a member of both the Executive Committee and the Audit Committee.

Scott A. Carmilani (age 42) was elected our President and Chief Executive Officer in January 2004 and became a director in September 2003. Mr. Carmilani was, prior to joining our Company as Executive Vice President in February 2002, the President of the Mergers & Acquisition Insurance Division of subsidiaries of AIG and responsible for the management, marketing and underwriting of transactional insurance products for clients engaged in mergers, acquisitions or divestitures. Bart Friedman (age 62) was appointed to the Board in March 2006 and was elected Deputy Chairman of the Board effective in July 2006. Mr. Friedman has been a partner at Cahill Gordon & Reindel LLP, a New York law firm, since 1980. Mr. Friedman specializes in corporate governance, special committees and director representation. Mr. Friedman worked early in his career at the U.S. Securities and Exchange Commission (SEC). Mr. Friedman is currently a member of the board of directors of Sanford Bernstein Mutual Funds, where he is a member of the Audit

Committee and the Nominating and Governance Committee.

The Board has determined that Messrs. DeFeo, Duffy, Friedman, Hunter, Patterson and Weinhoff are independent under the listing standards of the New York Stock Exchange (NYSE). The Company requires that a majority of its directors meet the criteria for independence under applicable law and the rules of the NYSE. The Board has adopted a policy to assist it and the Nominating & Corporate Governance Committee in their determination as to whether a nominee or director qualifies as independent. This policy contains categorical standards for determining independence and includes the independence standards required by the SEC and NYSE as well as standards published by institutional investor groups and other corporate governance experts. In making its determination of independence,

the Board applied these standards for director independence and determined that no material relationship existed between the Company and these directors. A copy of the Board Policy on Director Independence was attached as an appendix to the Company's Proxy Statement filed with the SEC on October 19, 2006.

Meetings and Committees of the Board

During the year ended December 31, 2006, there were five meetings of the Board (including regularly scheduled and special meetings). Other than Messrs. Morrison and Carmilani, each of our directors joined the Board during 2006. Each of our directors attended at least 75% of the aggregate Board meetings and committee meetings of which he was a member during the period he served on the Board.

Our non-management directors meet separately from the other directors in an executive session at least quarterly. Under our Corporate Governance Guidelines, if the Chairman of the Board is a non-management director, the Chairman shall serve as the presiding director of these sessions. If the Chairman of the Board is a member of management, the presiding director position shall be rotated among the chairs of the Audit Committee, Compensation Committee and Nominating & Corporate Governance Committee. In 2006, Michael I.D. Morrison, our Chairman of the Board, served as the presiding director of the executive sessions of our non-management directors. As Mr. Morrison is not an independent director, in accordance with NYSE Rule 303A.03, we held one executive session in 2006 with only our independent directors. During this executive session, Mr. Friedman, our Deputy Chairman of the Board, served as the presiding director.

Our Board has established an Audit Committee, a Compensation Committee, an Executive Committee, an Investment Committee and a Nominating & Corporate Governance Committee, each of which reports to the Board. During 2006, the Audit Committee held two meetings, the Compensation Committee held two meetings, the Executive Committee held no meetings and the Investment Committee held two meetings. The Nominating & Corporate Governance Committee was established in 2006 in anticipation of our becoming a public company and held one meeting in 2006. In 2006, the Board also adopted an Audit Committee Charter, a Compensation Committee Charter, an Investment Committee Charter and a Nominating & Corporate Governance Committee Charter. Copies of these charters are available on our website at www.awac.com under Corporate Governance Charters. Printed copies are also available by sending a written request to the Company's Secretary.

Our Board has also approved Corporate Governance Guidelines, a Code of Business Conduct and Ethics and a Code of Ethics for Chief Executive Officer and Senior Financial Officers. The foregoing information is available on our website at www.awac.com under Corporate Governance Codes of Ethics and Corporate Governance Guidelines. Printed copies are also available by sending a written request to the Company's Secretary.

Audit Committee. Since July 2006, the Audit Committee has consisted of Messrs. Hunter (Chairman), Duffy and Weinhoff. Since such time, the Audit Committee has been comprised entirely of independent directors. Pursuant to its charter, the Audit Committee is responsible for overseeing our independent auditors, internal auditors, compliance with legal and regulatory standards and the integrity of our financial reporting. Mr. Hunter has been designated by the Board as an audit committee financial expert, as defined by applicable rules of the SEC, based on his extensive prior accounting and auditing experience.

Compensation Committee. Since July 2006, the Compensation Committee has consisted of Messrs. Patterson (Chairman), Friedman and Hunter. In March 2007, the Board also appointed Mr. DeFeo to the Compensation Committee. Since July 2006, the Compensation Committee has been comprised entirely of independent directors. Pursuant to its charter, the Compensation Committee has the authority to establish compensation policies and recommend compensation programs to the Board, including administering all stock option plans and incentive compensation plans of the Company.

Executive Committee. Since July 2006, the Executive Committee has consisted of Messrs. Morrison (Chairman), Carmilani, Duffy and Weinhoff. The Executive Committee has the authority to oversee the general business and affairs of the Company to the extent permitted by Bermuda law.

Investment Committee. Since July 2006, the Investment Committee has consisted of Messrs. Patterson (Chairman), Hunter and Weinhoff. The Investment Committee is comprised entirely of independent directors.

Pursuant to its charter, the Investment Committee is responsible for establishing investment guidelines and supervising our investment activity.

Nominating & Corporate Governance Committee. The Nominating & Corporate Governance Committee was formed in May 2006 and since July 2006 has consisted of Messrs. Friedman (Chairman), Duffy and Hunter. In March 2007, the Board also appointed Mr. DeFeo to the Nominating & Corporate Governance Committee. The Nominating & Corporate Governance Committee is comprised entirely of independent directors. Pursuant to its charter, the Nominating & Corporate Governance Committee is responsible for identifying individuals believed to be qualified to become directors and to recommend such individuals to the Board and to set compliance policies and corporate governance standards.

The Nominating & Corporate Governance Committee will consider nominees recommended by shareholders and will evaluate such nominees on the same basis as all other nominees. Shareholders who wish to submit nominees for director for consideration by the Nominating & Corporate Governance Committee for election at the Annual General Meeting in 2008 may do so by submitting in writing such nominees' names, in compliance with the procedures described under "Shareholder Proposals for 2008 Annual General Meeting" in this Proxy Statement.

The criteria adopted by the Board for use in evaluating the suitability of all nominees for director include the following:

high personal and professional ethics, values and integrity;

education, skill and experience with insurance, reinsurance or other businesses and organizations that the Board deems relevant and useful;

ability and willingness to serve on any committees of the Board; and

ability and willingness to commit adequate time to the proper functioning of the Board and its committees.

- (1) Reflects the pro rata portion of the \$45,000 annual retainer received by each non-employee director as well as meeting fees and committee and/or chairman fees. Messrs. Friedman, Hunter and Patterson joined the Board on March 3, 2006; Messrs. Duffy and Weinhoff joined the Board on July 17, 2006; and Mr. DeFeo joined the Board on November 10, 2006.
- (2) As of December 31, 2006, an aggregate of 20,436 restricted stock units (RSUs) were outstanding and held by our non-employee directors. Messrs. Friedman, Hunter and Patterson each received 2,204 RSUs in March 2006 and Messrs. Duffy and Weinhoff each received 1,912 RSUs in July 2006. The RSUs issued in March 2006 to Messrs. Friedman, Hunter and Patterson were revalued in July 2006 as a result of a modification in the Allied World Assurance Company Holdings, Ltd Amended and Restated 2004 Stock Incentive Plan (the Stock

Incentive Plan) combined with the initial public offering of our Common Shares (the IPO). The revised grant date fair value of each of these RSUs was based on the IPO price of \$34.00 per share, and totaled \$74,936 for each of these directors. On March 3, 2007, 25% of the RSUs awarded to Messrs. Friedman, Hunter and Patterson vested and each director received 551 Common Shares. The RSUs issued to Messrs. Duffy and Weinhoff in July 2006 had a grant date fair value of \$34.00 per RSU for a fair value of \$65,000. To date, no portion of these July 2006 RSU awards has vested. The total stock award compensation expense recorded in this table represents the accounting expense recognized in the consolidated financial statements of the Company in accordance with the Statement of Financial Accounting Standards No. 123(R) Share Based Payment (FAS 123(R)) and does not correspond to the actual value that will be recognized by each director. For additional information on the calculation of the compensation expense, please refer to note 9(b) and (c) of the Company s consolidated financial statements contained in the Form 10-K for the year ended December 31, 2006, as filed with the SEC.

- (3) Mr. Morrison received 10,000 RSUs in May 2004 when he was our President and Chief Executive Officer. To date, no portion of these RSU awards has vested. These RSUs were revalued in July 2006 as a result of a modification in the Stock Incentive Plan combined with the IPO. The incremental value as a result of the modification of the plan amounted to \$28,000 and has been calculated using the difference between the IPO price and our book value just prior to the IPO. The total stock award compensation expense recorded in this table represents the accounting expense recognized in the consolidated financial statements of the Company in accordance with FAS 123(R) and does not correspond to the actual value that will be recognized by this director.
- (4) No stock options were granted to our non-employee directors in 2006. The \$215,249 reflects the incremental fair value related to stock options to purchase 116,667 Common Shares granted to Mr. Morrison in 2001 and 2003, when he was our President and Chief Executive Officer, and which amount was recognized in our 2006 consolidated financial statements in accordance with FAS 123(R) and does not correspond to the actual value that will be recognized by this director. Mr. Morrison s outstanding stock options were fully vested as of December 31, 2006 and represent all of the outstanding stock options currently held by our non-employee directors. No stock options were exercised by Mr. Morrison in 2006.
- (5) In October 2004, we entered into a consulting agreement with Mr. Morrison, who presently serves as our Chairman of the Board, pursuant to which he receives \$150,000 annually. In 2006, we also paid health benefits on behalf of Mr. Morrison and his wife. These amounts are shown in the All Other Compensation column above.
- (6) In 2006, none of our non-employee directors received any non-equity incentive plan compensation. In addition, we do not currently have any pension or deferred compensation plans for our non-employee directors. Accordingly, these columns are not included in the Non-Employee Directors Compensation table above.
- (7) Resigned from the Board on February 17, 2006.
- (8) Resigned from the Board on February 10, 2006.

Prior to March 1, 2006, the Company compensated directors (other than any director who was an employee of the Company) in the amount of \$12,000 per year and an additional \$1,000 per meeting of the Board or any committee thereof.

Certain affiliates of The Goldman Sachs Group, Inc. (the *Goldman Sachs Funds*) provide us with investment management services pursuant to several investment management agreements. Pursuant to these agreements, affiliates of the *Goldman Sachs Funds* manage our investment portfolio (except for that portion invested in the AIG Select Hedge Fund Ltd., which is managed by a subsidiary of AIG, and for short-term investments held by several banks) subject to our investment guidelines. The investment management agreements are generally in force for an initial three-year term with subsequent one-year period renewals, during which they may be terminated by either party subject to specified notice requirements. Each investment management agreement prohibits the investment manager from executing trades with or through itself or any of its affiliates acting as agent or principal. However, each investment management agreement does allow the investment manager to invest a portion of the portfolio in funds for which the investment manager or any of its affiliates serves as investment adviser, provided that these investments are made in money market sweep or similar funds for the management of short-term cash balances in the account. We must pay all fees associated with these investments; however, these fees will be offset against the fee to be paid by us pursuant to the investment management agreements. With respect to Allied World Assurance Company, Ltd, the investment manager may also invest up to \$150 million in the Goldman Sachs Global High Yield Portfolio of the Goldman Sachs Funds SICAV and the restrictions and limits of our investment guidelines shall not apply to this investment. Mutual fund fees that will be deducted on both a monthly and quarterly basis will vary by fund and will include investment management fees, sales and distribution fees and operational expense fees. The aggregate fees for our investment in the Goldman Sachs Global High Yield Portfolio for the fiscal years ended December 31, 2006, 2005 and 2004 were \$0.3 million, \$0.6 million and \$0.6 million, respectively. The investment manager is also authorized to effect cross transactions between our account and other accounts managed by the investment manager and its affiliates.

We pay affiliates of the Goldman Sachs Funds an annual fee of 0.12% on the first \$1 billion of our aggregate funds under management, 0.10% on the next \$1 billion of our aggregate funds under management and 0.08% on all of our aggregate funds managed greater than \$2 billion. A pro rata portion of these annual fees is payable quarterly. The total advisory fee for investment management services provided by affiliates of the Goldman Sachs Funds with respect to the investment management agreements totaled \$4.5 million, \$4.0 million and \$3.4 million for the years ended December 31, 2006, 2005 and 2004, respectively. Our Investment Committee periodically reviews the performance of the investment managers under these investment management agreements.

The investment manager of the Opportunity Fund is Goldman Sachs Asset Management, an affiliate of the Goldman Sachs Funds. Allied World Assurance Company, Ltd may request a redemption of all or some of its shares by giving 15 days prior written notice as of the close of business on the last business day of each calendar month occurring on or immediately after the six month anniversary of the purchase of such shares by Allied World Assurance Company, Ltd. The Opportunity Fund will pay the investment manager both a management fee and an incentive fee. The management fee is an annual asset-based fee of 1.0%, payable quarterly, and a 20% incentive fee is paid to the investment manager on the net capital appreciation of our shares. The aggregate fees for the years ended December 31, 2006, 2005 and 2004 were \$0.5 million, \$0.8 million and \$0.1 million, respectively.

Investment Banking Services

Pursuant to the Placement Agency Agreement, dated October 25, 2001, among the Company, AIG, Chubb and GS Capital Partners 2000, L.P., in the event we determine to undertake any transaction in connection with which we will

utilize investment banking or financial advisory services, we have agreed to offer Goldman, Sachs & Co. (Goldman Sachs) directly or to one of its affiliates the right to act in such transaction as sole lead manager or agent in the case of any offering or placement of securities, lead arranger, underwriter and syndication agent in the case of any syndicated bank loan, or as sole advisors or dealer managers, as applicable in the case of any other transaction. If Goldman Sachs or any of its affiliates agrees to act in any such capacity, we will enter into an appropriate agreement with Goldman Sachs or its affiliate, as applicable, which will contain customary terms and conditions.

These investment banking rights of Goldman Sachs shall terminate upon the earlier of (a) the sale, transfer or other disposition of our capital stock to one party, other than AIG, Chubb or GS Capital Partners 2000, L.P. or their respective affiliates, if as a result of such sale, transfer or other disposition such party holds more than 50% of our outstanding voting capital stock; (b) GS Capital Partners 2000, L.P., together with related investment funds, ceasing to retain in the aggregate ownership of at least 25% of its original shareholding in Allied World Assurance Company Holdings, Ltd (including any shares that may be issued upon the exercise of warrants); or (c) the second anniversary of our IPO. This arrangement may be terminated by us with cause, or without cause upon a change of control of Goldman Sachs. In July 2006, Goldman Sachs was a lead managing underwriter for our IPO and our offering of approximately \$500 million aggregate principal amount of 7.50% senior notes. The aggregate fees for the year ended December 31, 2006 were \$26.5 million.

Transactions with Affiliates of The Chubb Corporation

Allied World Assurance Company (U.S.) Inc. and Newmarket Underwriters Insurance Company are each party to a surplus lines agreement, effective June 11, 2002, with Chubb Custom Market, Inc., an affiliate of Chubb. Under these two agreements, Chubb Custom Market, Inc. underwrites surplus lines insurance on behalf of Allied World Assurance Company (U.S.) Inc. and Newmarket Underwriters Insurance Company, subject to underwriting guidelines provided by our U.S. subsidiaries. Under these agreements, Chubb Custom Market, Inc., on behalf of our U.S. subsidiaries, also processes applications, collects and remits premiums, issues quotes, policies and other insurance documentation, keeps records, secures and maintains insurance licenses and provides and trains employees to perform these services. Total fees and commissions incurred under these agreements for the years ended December 31, 2006, 2005 and 2004 were \$2.9 million, \$3.5 million and \$4.1 million, respectively. The amount of premiums placed through these surplus lines agreements for the years ended December 31, 2006, 2005 and 2004 totaled \$13.5 million, \$19.9 million and \$20.6 million, respectively.

On December 1, 2002, Allied World Assurance Company, Ltd, Allied World Assurance Company (Europe) Limited and Allied World Assurance Company (Reinsurance) Limited, collectively, entered into a reinsurance contract with several parties including Chubb Re, Inc., on behalf of Federal Insurance Company, a subsidiary of Chubb, that covers a portion of the liabilities of Allied World Assurance Company, Ltd, Allied World Assurance Company (Europe) Limited and Allied World Assurance Company (Reinsurance) Limited accruing under policies written and classified as excess general casualty insurance. This contract is a variable quota share for all subject policies with limits greater than \$25 million, 25 million or £15 million up to and including \$50 million, 50 million or £30 million. Under this contract, we could cede to Federal Insurance Company no more than 10% of the maximum limit of liability ceded under the treaty (\$25 million, 25 million or £15 million). Effective December 1, 2003, there was an addendum to the reinsurance contract that specified that the contract may be canceled by either party as of March 1 of any year, subject to 90 days prior written notice. Allied World Assurance Company, Ltd, Allied World Assurance Company (Europe) Limited and Allied World Assurance Company (Reinsurance) Limited collectively gave notice canceling the reinsurance contract as of March 1, 2006. Following this cancellation, Federal Insurance Company continues to be liable for losses under policies in force as of the date of cancellation until their expiration or renewal dates, whichever comes first. Additionally, Federal Insurance Company will remain liable in the event that (i) any extended reporting period options are exercised under any applicable policies and/or (ii) Allied World Assurance Company, Ltd, Allied World Assurance Company (Europe) Limited and Allied World Assurance Company (Reinsurance) Limited are bound by statute or regulation to continue coverage with respect to policies in force after the effective date of this contract and prior to the effective date of notice of cancellation. Under this contract, Federal Insurance Company agreed to pay us a ceding commission of 22.5% applied to the premium ceded to the contract. Allied World Assurance Company, Ltd, Allied World Assurance Company (Europe) Limited and Allied World Assurance Company (Reinsurance) Limited have ceded approximately \$5.5 million of premiums under this contract during the March 2005 to March 2006 term.

Effective as of March 1, 2006, Allied World Assurance Company, Ltd, Allied World Assurance Company (Europe) Limited, Allied World Assurance Company (Reinsurance) Limited, Allied World Assurance Company (U.S.) Inc. and Newmarket Underwriters Insurance Company, collectively, entered into a reinsurance contract with several parties including Harbor Point Services, Inc., on behalf of Federal Insurance Company, that covers a portion of the liabilities of Allied World Assurance Company, Ltd, Allied World Assurance Company (Europe) Limited and

Allied World Assurance Company (Reinsurance) Limited accruing under policies written and classified as excess general casualty insurance. Chubb has a minority interest in the parent company of Harbor Point Services, Inc. This contract has three sections: section A, section B and section C. Federal Insurance Company subscribed to section B, which is a variable quota share for all subject policies with limits greater than \$25 million, 25 million or £15 million and up to and including \$50 million, 50 million or £30 million. This section of the contract is not applicable to policies written by Allied World Assurance Company (U.S.) Inc. or Newmarket Underwriters Insurance Company. Under this contract, we could cede to Federal Insurance Company no more than 10% of the maximum limit of liability ceded under this section of this contract. As of March 1, 2007, this contract was renewed. As part of the renewal, Federal Insurance Company has expanded its participation to include section A and now assumes 4% of subject policies less than or equal to \$25 million, 25 million and £15 million under this section. This contract terminates as of March 1, 2008, and it is anticipated that it will be renewed at such time. In addition, the parties may terminate the agreement upon 45 days prior notice under specified circumstances, including insolvency or the impairment of paid-up capital of the relevant counterparty. Allied World Assurance Company, Ltd, Allied World Assurance Company (Europe) Limited, Allied World Assurance Company (Reinsurance) Limited, Allied World Assurance Company (U.S.) Inc. and Newmarket Underwriters Insurance Company may also terminate the agreement with Federal Insurance Company under other specified circumstances, including (1) the assignment to Federal Insurance Company by A.M. Best Company of a financial strength rating of less than A- or (2) if Federal Insurance Company ceases writing reinsurance. Under this contract, Federal Insurance Company agreed to pay to us a ceding commission of 22.5% applied to the premium ceded to this contract. We anticipate that our subsidiaries will cede approximately \$8.5 million in premiums under this contract during the March 2007 to March 2008 term.

In addition, as part of our ordinary business, we assumed reinsurance premiums from subsidiaries of Chubb. Total premiums assumed from Chubb subsidiaries were \$8.1 million, \$6.1 million and \$3.9 million for the years ended December 31, 2006, 2005 and 2004, respectively.

Registration Rights

We executed a Registration Rights Agreement upon the closing of our IPO that provided AIG, Chubb, the Goldman Sachs Funds or Securitas Allied Holdings, Ltd. (Securitas Capital Fund and collectively, the Specified Shareholders) with registration rights for Common Shares held by them (or obtainable pursuant to warrants held by them) or any of their affiliates. Under this agreement, each of the Specified Shareholders has the right to require us to register Common Shares under the Securities Act for sale in the public market, in an underwritten offering, block trades from time to time, or otherwise. The total amount of Common Shares requested to be registered under any demand of that kind must, as of the date of the demand, equal or exceed 10% of all Common Shares outstanding or Common Shares having a value of \$100 million (based on the average closing price during any 15 consecutive trading days ending within 30 days prior to but not including such date of demand). We may include other Common Shares in any demand registration of that kind on a second-priority basis subject to a customary underwriter's reduction. If we propose to file a registration statement covering Common Shares at any time, each Specified Shareholder will have the right to include Common Shares held by it (or obtainable pursuant to warrants held by it) in the registration on a second-priority basis with us, ratably according to the relevant respective holdings and subject to a customary underwriter's reduction. We have agreed to indemnify each Specified Shareholder with respect to specified liabilities, including civil liabilities under the Securities Act, and to pay specified expenses relating to any of these registrations. In addition, the Goldman Sachs Funds, as the financial founder, have the right under the registration rights agreement to appoint Goldman Sachs as the lead managing underwriter if the Goldman Sachs Funds are selling more than 20% of the Common Shares sold in a registered public offering.

Review, Approval or Ratification of Transactions with Related Persons

Pursuant to our Audit Committee charter that became effective as of July 2006 following our IPO, the Audit Committee reviewed and approved the related party transactions we entered into after such date. Prior to July 2006, related party transactions were approved by the full Board. We do not have written standards in connection with the review and approval of related party transactions as we believe each transaction should be analyzed on its own merits. In making its decision, the Audit Committee reviews, among other things, the relevant agreement, analyzes the specific facts and circumstances and speaks with, or receives a memorandum from, management that outlines the background and terms of the transaction. As insurance and reinsurance companies enter into various transactions in the ordinary course of business, the Audit Committee does not review these types of transactions to the extent they are open-market transactions that happen to involve related parties.

(1)

Pursuant to the regulations promulgated by the SEC, our Common Shares are deemed to be beneficially owned by a person if such person directly or indirectly has or shares the power to vote or dispose of our Common Shares, whether or not such person has any pecuniary interest in our Common Shares, or the right to acquire the power to vote or dispose of our Common Shares within 60 days, including any right to acquire through the exercise of any option, warrant or right.

- (2) Based on information reported on Schedule 13G, as filed by AIG with the SEC on February 1, 2007, and information we received from our transfer agent. Of the aggregate amount of 12,018,664 Common Shares reported as beneficially owned by AIG in the table above, (i) 1,266,995 shares are Voting Shares, (ii) 10,426,338 shares are Non-Voting Shares and (iii) 325,331 shares are Non-Voting Shares issuable upon exercise of a warrant held by AIG. A total of 2,000,000 Common Shares are issuable upon the exercise of this warrant, but the warrant is exercisable, in whole or in part, only (1) in connection with a contemporaneous sale by AIG of Common Shares or (2) to avoid a reduction of AIG's equity ownership percentage below 19.8%.

Based upon the percentage of currently outstanding Common Shares, the number of Common Shares with respect to which AIG may currently exercise the warrant, other than for purposes of the contemporaneous sale of Common Shares, is 325,331 Common Shares.

- (3) Based on information reported on Schedule 13G, as filed by Chubb with the SEC on February 13, 2007, and information we received from our transfer agent. Of the aggregate amount of 9,593,651 Common Shares shown as beneficially owned by Chubb in the table above, (i) 1,266,995 shares are Voting Shares, (ii) 8,078,005 shares are Non-Voting Shares and (iii) 248,651 shares are Non-Voting Shares issuable upon exercise of a warrant held by Chubb. A total of 2,000,000 Common Shares are issuable upon exercise of this warrant, but the warrant is exercisable, in whole or in part, only (1) in connection with the contemporaneous sale by Chubb of Common Shares or (2) to avoid a reduction of Chubb's equity ownership percentage below 15.8%. Based upon the percentage of currently outstanding Common Shares, the number of Common Shares with respect to which Chubb may currently exercise the warrant, other than for purposes of the contemporaneous sale of Common Shares, is 248,651 Common Shares.
- (4) The Goldman Sachs Funds have converted all of the Voting Shares they owned prior to the IPO to Non-Voting Shares. The warrants held by each of the Goldman Sachs Funds were amended so that they may only be exercised into Non-Voting Shares. In addition, under our Bye-Laws, all Voting Shares held by the Goldman Sachs Funds and their affiliates automatically convert to Non-Voting Shares.

Based on previously received information, we believe that: (i) affiliates of The Goldman Sachs Group, Inc. (the Goldman Sachs Group) and Goldman Sachs, which is a broker-dealer, are the general partner, managing general partner or managing limited partner of the Goldman Sachs Funds; and (ii) Goldman Sachs is the investment manager for certain of the Goldman Sachs Funds. Each of the Goldman Sachs Group and Goldman Sachs has previously disclaimed beneficial ownership of the Common Shares owned by the Goldman Sachs Funds, except to the extent of the Goldman Sachs Group's and Goldman Sachs' pecuniary interest therein, if any. Based on previously received information, we also believe that the Goldman Sachs Group, Goldman Sachs and the Goldman Sachs Funds share voting power and investment power with certain of their respective affiliates and Goldman Sachs is a direct and indirect, wholly-owned subsidiary of the Goldman Sachs Group.

Each of the Goldman Sachs Funds owns warrants that are exercisable into Non-Voting Shares. The number of warrants held by each Goldman Sachs Fund is reported in Certain Relationships and Related Transactions Formation Warrants. Each Goldman Sachs Fund may exercise its respective warrant, in whole or in part, only (1) in connection with a contemporaneous sale by such Goldman Sachs Fund of Common Shares or (2) to avoid a reduction of such Goldman Sachs Fund's equity ownership percentage as of the date the Company completed the IPO. Based upon the percentage of currently outstanding Common Shares, the number of Common Shares with respect to which each Goldman Sachs Fund may currently exercise its respective warrant, other than for purposes of the contemporaneous sale of Common Shares, is reflected in footnotes 5 through 10 below.

General Overview

The Company is a Bermuda-based specialty insurance and reinsurance company that underwrites a diversified portfolio of property and casualty insurance and reinsurance lines of business. The insurance and reinsurance industry is very competitive, and the Company's success depends in substantial part on its ability to attract and retain employees who can further its business objectives.

The Company became a public company in July 2006 after the successful completion of its IPO. Prior to the IPO, the Board and Compensation Committee were comprised of directors, many of whom were nominated by and affiliated with the Company's founding shareholders, including AIG, Chubb and the Securitas Capital Fund. In anticipation of the IPO, the Company reconstituted the Board and appointed five new independent board members, three of whom comprise the current Compensation Committee in accordance with the rules of the New York Stock Exchange. The Board also adopted a Compensation Committee Charter discussed elsewhere in this Proxy Statement. Throughout this

discussion, where applicable, the Company will refer to compensation-related policies and decisions made by its former Compensation Committee or Board and those policies and decisions made by its current Compensation Committee or Board.

This section provides information regarding the compensation program for the NEOs for 2006. Information on a senior officer who left the Company and who would otherwise have been included as one of our most highly-

compensated executive officers has also been included. This section describes the overall objectives of the Company's compensation programs and each element of compensation.

The Company has achieved considerable growth since its inception in November 2001 and its compensation programs and plans have been designed to reward executives who contribute to the continuing success of the Company.

Compensation Objectives

The Compensation Committee's objectives for the Company's compensation programs include:

Driving and rewarding employee performance that supports the Company's business objectives and financial success;

Attracting and retaining talented and highly-skilled employees;

Aligning senior officer compensation with the Company's financial success by having a substantial portion of compensation in performance-based equity awards, particularly at the senior officer level where such person can more directly affect the Company's financial success;

Encouraging employees at all levels to strive to advance the business objectives of the Company, grow within the organization and build a career at the Company;

Remaining competitive with other insurance and reinsurance companies, particularly other Bermuda insurance and reinsurance companies with whom the Company competes for talent; and

Balancing the objectives of pay-for-performance and retention. The insurance and reinsurance industry is cyclical and often volatile. Even in periods of downturns in the industry generally and in the Company's performance specifically, the Company's compensation programs should continue to ensure that successful, high-achieving employees will remain motivated and committed to the Company.

The Compensation Committee or the Board has in the past taken actions to further the Company's compensation objectives regarding senior officer pay including:

Using the services of Watson Wyatt, an independent compensation consultant, to advise on executive compensation issues;

Realigning compensation structures, including adopting a performance-based equity plan in 2006, based on a more clearly defined pay strategy; and

Reviewing an industry specific Bermuda Peer Group (as discussed below) and reviewing other published survey and compensation market data for more precise compensation comparisons.

Compensation Benchmarking to Bermuda Peer Group

The Company's Bermuda Peer Group is comprised of eight companies that were reviewed with Watson Wyatt and adopted by the Compensation Committee based on being within the range of annual revenue, market to book value, net income, total assets and return on equity similar to the Company at such time. The Bermuda Peer Group is comprised of Arch Capital Group Ltd., Aspen Insurance Holdings Limited, Axis Capital Holdings Limited, Endurance Specialty Holdings Ltd., Max Re Capital Ltd., Montpelier Re Holdings Ltd., Platinum Underwriters Holdings, Ltd.

and RenaissanceRe Holdings Ltd. Watson Wyatt compared key aspects of these companies' executive compensation programs and also compared the pay of individual executives where the jobs are sufficiently similar to make the comparison meaningful.

Compensation Oversight and Process

The Compensation Committee oversees our compensation programs and makes all final compensation decisions for the NEOs, including equity awards. Our CEO annually reviews the performance of each senior

officer (other than his own performance, which is reviewed by the Compensation Committee). The current Compensation Committee takes the following approach to senior executive compensation:

The Compensation Committee meets with the CEO and reviews his compensation recommendations for senior officers, including the other NEOs;

The Board interacts with the NEOs and certain other senior officers throughout the year, helping the Board members understand each person's role at the Company; and

The Company has engaged Watson Wyatt for the benefit of the Compensation Committee to conduct analyses on key aspects of NEO and other senior officer pay and performance, and to provide recommendations about plan design.

The CEO is responsible for recommending to the Compensation Committee all aspects of compensation for each NEO, excluding himself. He reviews the recommendations, survey data and other materials provided to him by Watson Wyatt as well as proxy statements and other publicly available information, and consults with our Senior Vice President of Human Resources in making these decisions. The conclusions and recommendations resulting from these reviews and consultations, including proposed salary adjustments and annual cash bonus and equity award amounts, are then presented to the Compensation Committee for its consideration and approval. The Compensation Committee has discretion to modify any recommendation it receives from management.

The Board has the opportunity to meet with certain senior officers of the Company, including the NEOs, at various times during the year. In 2006, the Company's NEOs met with and made presentations to the Board regarding their respective business lines or responsibilities. The Company believes that the interaction among its NEOs and the Board is important in enabling the Board, including the members of the Compensation Committee, to form its own assessment of each NEO's performance.

The Compensation Committee held meetings with Watson Wyatt to review in detail their recommendations, surveys, including Bermuda Peer Group compensation information, and other materials prior to making any compensation-related decisions regarding the NEOs and certain other senior officers. The Compensation Committee reviewed detailed tallysheets prepared by the Company that set forth all facets of compensation received by 12 of its highest paid senior executives, including the current value of equity-based awards and payments that would be required under various severance and change-in-control scenarios. The Compensation Committee made its compensation decisions based on both qualitative and quantitative factors.

The Compensation Committee has established a number of processes to assist it in ensuring that NEO and senior officer compensation is achieving its objectives. Among those are:

Assessment of Company performance;

Assessment of individual performance;

Benchmarking; and

Total compensation review, which includes base salary, annual cash bonuses, long-term incentive compensation, perquisites and contributions to retirement plans.

Components of Executive Compensation

For 2006, total compensation for the NEOs consisted of the following:

Base salary;

Annual Cash bonus;

Equity compensation, through grants of RSUs and performance-based awards under the Company's Long-Term Incentive Plan (LTIP);

Perquisites, particularly reimbursement for housing expenses and a cost of living allowance for the Company's senior officers residing in Bermuda; and

Retirement, health and welfare benefits.

Cash Compensation

Base Salary. Base salary is the guaranteed element of the NEO's annual cash compensation. Having competitive base salaries is an important part of attracting and retaining key employees. Base salaries are determined generally by evaluating a senior officer's level of responsibility, skills, qualifications, experience and performance as well as the Company's performance. In 2005, the Compensation Committee reviewed the compensation, including the base salary, of the NEOs. The former Compensation Committee reviewed compensation data of senior officers of the Company's Bermuda Peer Group as well as published survey data of other North American insurance and reinsurance companies. The analysis also looked at the prospectus filings for five Bermuda insurance companies' initial public offerings to study compensation levels for these companies during their pre-IPO periods. In addition, Watson Wyatt Data Services surveys of the sector were considered.

The data indicated that senior officers' base salaries were significantly below market median. The former Compensation Committee decided to improve the competitiveness of base salaries of certain of the Company's senior officers, but still keep them below the median of the Bermuda Peer Group. The former Compensation Committee believed that keeping senior officers' base salaries, including base salaries of the NEOs, below the median was important primarily because the Company was privately held at this time and the Bermuda Peer Group was comprised of public companies. The former Compensation Committee believed that the Company's base salary levels should be below the Bermuda Peer Group while the Company remained private.

The base salaries established by the former Compensation Committee remained in effect through the end of 2006 and are reflected in the Summary Compensation Table below for our NEOs. The NEOs' base salaries were recently increased. See [Forward-Looking Compensation Decisions](#) for more information.

Annual Cash Bonus. The Company pays annual cash bonuses in order to align employees' goals with the Company's performance and earnings growth objectives for the year. The Company's annual cash bonus program is an important element in retaining talented employees and rewarding performance. Cash bonuses paid to our NEOs for 2006 appear in the Summary Compensation Table under the [Non-Equity Incentive Plan Compensation](#) column.

As described above in [Cash Compensation - Base Salary](#), in 2005 the former Compensation Committee conducted an extensive review of the compensation of the Company's senior officers. As with base salaries, the former Compensation Committee determined that annual cash bonuses paid to the Company's senior officers also lagged behind the market median, resulting in total cash compensation (base salary plus annual cash bonus) being significantly below the market median.

After extensive internal reviews and discussions, as well as consultations with Watson Wyatt, the former Compensation Committee decided to establish a more structured, yet still flexible, cash bonus program in lieu of the discretionary cash bonus program then in place. For 2006, the cash bonus program, in combination with increased base salary levels for certain NEOs, improved the competitiveness of total cash compensation, although total cash compensation, even after these increases, was still below the median of the Bermuda Peer Group.

In May 2006, the current Board approved and implemented this new cash bonus program, which has two facets: (1) an overall cash bonus pool that is funded and out of which individual annual cash bonuses are paid; and (2) a process by which individual annual cash bonuses are determined. Our NEOs were eligible to receive an annual cash bonus based on a percentage of their annual base salary as follows:

Name	Bonus Target Percentage
Scott A. Carmilani	100%
Joan H. Dillard	75%
G. William Davis, Jr.	75%
Wesley D. Dupont	40%
Richard E. Jodoin	60%

The methodology used to determine the annual cash bonus pool from which individual bonuses are paid contains both a formulaic element and a discretionary element. The formulaic element makes up 50% of the cash bonus pool funding and the discretionary element makes up the other 50% of the cash bonus pool funding. The objective is to provide structure and predictability for the Company's senior officers while also permitting the Compensation Committee to take actions when necessary in light of the cyclical nature and volatility of the insurance and reinsurance industry.

The Formulaic Element. In 2006, the annual cash bonus pool used earnings before interest and taxes (EBIT) as the financial metric to establish funding targets in one of three categories: (1) Minimum Target, (2) Target and (3) Maximum Target. The Minimum Target category was the lowest EBIT number that could be reached and still obtain funding of the formulaic element. The annual cash bonus pool is only 50% funded if the Minimum Target is reached. The Target category is where EBIT meets the goal set by the Compensation Committee, and if the Company reaches this category, the annual cash bonus pool is 100% funded. The Maximum Target occurs when the Company equals or exceeds 120% of its EBIT goal and the cash bonus pool is 150% funded.

For 2006, the following EBIT amounts and annual cash bonus pool funding were approved:

Performance Versus Goal	Minimum Target	Target	Maximum Target
EBIT	\$282 million	\$353 million	\$424 million
EBIT as a Percentage Goal	80%	100%	120%
Bonus Pool Funding	50%	100%	150%

Why use EBIT as the financial metric? The EBIT financial metric was originally selected for the 2006 fiscal year by the former Compensation Committee as they believed it best reflected annual results.

How is EBIT calculated? EBIT is calculated by taking the Company's net income and adding back interest expense and tax expense. In 2006, EBIT was derived as follows (based on approximate totals): \$442.8 million of net income, plus \$32.6 million of interest expense, plus \$5.0 million of income tax expense equals \$480.4 million of EBIT. Based on the \$424 million Maximum Target reflected in the table above, the Company exceeded the target by approximately \$56.4 million, or 13.3%.

The Discretionary Element. As stated above, the discretionary portion of the award is intended to give the Compensation Committee flexibility in light of the cyclical nature and volatility of the insurance and reinsurance industry. The Compensation Committee first funds the annual cash bonus pool based on EBIT and then funds 50% of the annual cash bonus pool based on various discretionary considerations. The Compensation Committee then determines each senior officer's annual cash bonus, which is paid out of the total pool.

Depending on the overall cash bonus pool funding level, awards to individual officers are made based on the CEO's and Compensation Committee's assessment of individual performance.

The Compensation Committee sought to reward the NEOs for their performance and achievements in 2006, including:

successfully completing the IPO and obtaining a New York Stock Exchange listing;

successfully raising approximately \$500.0 million in July 2006 through the issuance of our 7.50% senior notes due 2016;

growing our U.S. operations, with offices in Boston, Chicago, New York and San Francisco; and transitioning away from services provided by our founding shareholders and providing our own technological infrastructure and administrative services.

Based on the foregoing factors, the annual cash bonus pool was funded at 145% of Target. The table below sets forth the annual cash bonus earned for 2006 by each of the NEOs as a percentage of his or her salary and of target bonus:

Name	Bonus as a Percentage of Salary	Bonus as a Percentage of Target
Scott A. Carmilani	163.6%	163.6%
Joan H. Dillard	110.0%	146.7%
G. William Davis, Jr.	123.1%	164.1%
Wesley D. Dupont	58.5%	146.2%
Richard E. Jodoin	75.0%	125.0%

Equity Compensation

The Company's long-term incentive compensation is structured under its three equity compensation plans:

the Allied World Assurance Company Holdings, Ltd Amended and Restated 2001 Employee Stock Option Plan (the Stock Option Plan);

the Stock Incentive Plan; and

the LTIP.

2,000,000 Common Shares may be issued under each of the Stock Option Plan, Stock Incentive Plan and the LTIP, for an aggregate of 6,000,000 Common Shares. As of December 31, 2006, 1,247,150 stock options have been granted to all employees, and upon vesting, will be exercisable into the same number of Common Shares; 713,871 RSUs were granted to all employees, and upon vesting, will convert to the same number of Common Shares; and 228,334 performance-based shares were issued under the LTIP.

The former Compensation Committee believed that a substantial portion of each NEO's compensation should be in the form of equity awards and that such awards serve to align the interests of the NEOs and the Company's shareholders. The current Compensation Committee retains this belief. Historically, equity awards to the NEOs were made pursuant to the Stock Option Plan and Stock Incentive Plan.

Stock Options. Stock options align employee incentives with shareholders because stock options have value only if the Common Share price increases over time. The Company's ten-year stock options help focus employees on long-term performance. In addition, stock options are intended to help retain key employees because they typically cannot be exercised in full until after four years and, if not exercised, unvested stock options are forfeited if the employee leaves the Company before retirement. The vesting period also helps keep employees focused on the Company's financial success. The Stock Option Plan does not permit stock option repricing; likewise, if the Common Share price declines after the grant date, the Stock Option Plan does not allow for the replacement of stock options. No stock options were granted to NEOs in 2006 as the Compensation Committee chose to make performance-based awards under the LTIP in lieu of stock option grants and RSU awards.

RSU Awards. While the bulk of the Company's RSU awards to NEOs have historically been made pursuant to our annual grant program, the Compensation Committee retains the discretion to make additional awards at other times. In

July 2006, the current Board awarded special retention RSUs to key employees of the Company, including the NEOs, prior to the IPO. The Compensation Committee wanted to ensure the long-term retention of our senior officers, including the NEOs. The objective of these RSU awards primarily was to motivate and retain senior officers, including the NEOs, by increasing their unvested equity stakes, and to ensure continuity of management as the Company approached its IPO. The RSUs were awarded under the Stock Incentive Plan with vesting terms as follows: 50% vest after the fourth anniversary of the date of grant and the remaining 50% vest after the fifth anniversary.

Prior to such retention RSU awards, the Board requested that Watson Wyatt conduct a thorough analysis of relevant factors, including the values of the vested and unvested equity stakes, the burn rate and the potential gain that could result following the IPO.

The Company also grants RSUs as part of its equity compensation package to its employees, including the NEOs. Generally these RSUs vest pro rata over four years. In 2006, no RSUs were granted to the NEOs other than the special retention awards.

The LTIP. During its compensation review of 2005, the former Compensation Committee reaffirmed the importance of a long-term equity based component. However, rather than use only stock options grants and RSU awards as in prior years, the former Compensation Committee decided that annual grants should be in the form of a performance-based equity award in order to better link the Company's performance to the NEO's compensation and better align the interests of the NEOs with the interest of the shareholders. The current Compensation Committee continues to believe that such a performance-based equity award to its senior officers will promote the Company's growth and profitability.

The LTIP was formally adopted by the current Board in May 2006, at which time 228,334 of these performance-based equity awards were issued. Each award represents the right to receive a number of the Company's Common Shares in the future, based upon the achievement of established performance criteria during an applicable three-year performance period. These awards will vest after the fiscal year ending December 31, 2008 in accordance with the terms and performance conditions of the LTIP as described in more detail below.

Financial Metric. The former Compensation Committee selected adjusted book value as the financial metric for the 2006 grant of performance-based equity awards because the Compensation Committee believed this metric correlated best with long-term shareholder value and the long-term health of the Company. This financial metric was approved and adopted by the current Board in May 2006.

For 2006, vesting of the performance shares is based on an average annual growth in the adjusted book value of the Company's Common Shares as follows:

Performance Versus Goal	Below Threshold	Threshold	Target	Maximum
2006-2008 Average Per Annum Adjusted Book Value Growth	Below 9%	9%	12%	15%
Number of Shares Earned	0	50% of Targeted Shares	100% of Targeted Shares	150% of Targeted Shares

No performance-based equity awards vest if the Company's average annual growth in adjusted book value for the three-year period ending December 31, 2008 falls below 9%. No LTIPs vested in 2006 because the performance metric is not measured until after the completion of the third year in 2008.

In 2006, each of the Company's NEOs received an award of performance shares as follows:

Name	Target Shares
Scott A. Carmilani	60,000
Joan H. Dillard	13,333
G. William Davis, Jr.	20,000

Wesley D. Dupont	10,000
Richard E. Jodoin	13,333

How is Adjusted Book Value calculated? For purposes of vesting performance shares under the LTIP, adjusted book value is defined as total shareholder's equity adjusted for (1) any special, one-time dividends declared; (2) accumulated other comprehensive income (consisting primarily of unrealized gains and losses on the investment portfolio); and (3) any capital events (such as capital contributions or share repurchases).

Is there a Discretionary Element? In addition to the above three factors, the Compensation Committee may consider in its discretion any other extraordinary events that may affect year-end results.

The number of performance-based awards available for grant each year is determined by the Compensation Committee. In making its determination, the Compensation Committee may consider the number of available shares remaining under the LTIP, the number of employees who will be participating in the LTIP, market data from

competitors with respect to the percentage of outstanding shares made available for annual grants to employees and the need to retain and motivate key employees.

Benefits and Perquisites

The location of our global headquarters in Bermuda affects our ability to attract and retain talented employees as well as the ways in which we compensate these employees. As many of our NEOs are non-Bermudians who have relocated to Bermuda, we believe it is important to remain competitive with other Bermuda insurance and reinsurance companies regarding compensation in order to attract and retain talented employees to grow our business. Many of the benefits and perquisites discussed below are offered only to those NEOs who have relocated to Bermuda.

Perquisites. Our NEOs receive various perquisites paid by the Company. These perquisites include a housing allowance, cost of living allowance (COLA), club membership and return flights to their home country for executives and their family members who are in Bermuda. Many of these perquisites are typical of perquisites provided to the Company's other expatriate employees located in Bermuda. Similar perquisites are provided by the Company's competitors for employees in a similar position and have been necessary for recruitment and retention purposes. The Company's perquisites include:

Housing Allowance. Non-Bermudians are by law significantly restricted from owning property in Bermuda. This has resulted in a housing market that is largely based on renting to expatriates who work on the island. Housing allowances are a near universal practice for expatriates. The Company bases its housing allowances on available rental market information and the Company's knowledge of the housing rental market in general. Each housing allowance is based on the level of the employment position compared with such market data.

COLA. In addition to the base salary, NEOs and other senior executives who are expatriates and who work on the island also receive a monthly COLA based upon the amount of base salary that would have been spent on a basket of goods and services had such individual not relocated to Bermuda versus the cost of the same basket of goods and services in Bermuda. Factors in determining COLA also include level of base salary and the size of the senior officer's family living in Bermuda.

Club Membership. The provision of a club membership or financial assistance with joining a club in Bermuda is common practice in the marketplace and enables expatriate employees to settle into the community. It also has the benefit of enabling the NEOs to establish social networks with clients and others.

Home Leave. Reimbursement for airfare to a home country is common practice for expatriates who are working in Bermuda. The Company believes that this helps the expatriate and his or her family to better keep in touch with relatives and other social networks. Such a benefit is provided by the Bermuda Peer Group companies and is necessary for both recruitment and retention purposes.

Tax Planning. Because many of the Company's senior officers are non-Bermudians and are subject to complicated tax issues from working abroad, the Company provides reimbursement or payment of the cost of financial and tax planning to certain of the senior officers, including its NEOs. The Company believes this perquisite is necessary for retention purposes and is important for the financial welfare of the Company's expatriated employees.

Tax Gross-Ups. In 2006, the U.S. Tax Increase and Prevention and Reconciliation Act 2005 (the Tax Act) was passed, which significantly increased the amount of U.S. federal tax our employees that are U.S. citizens have to pay. As a result of the Tax Act, the Company agreed to gross-up U.S. taxpayers who are employees working in Bermuda in connection with these additional tax obligations. The Company believes this perquisite is important in retaining employees affected by the Tax Act.

Aircraft Usage. One of the Company's subsidiaries leases the fractional use of one aircraft and fractionally owns another. The Company determined that these aircraft were necessary primarily to facilitate directors attending Board meetings in Bermuda. During 2006, certain of the NEOs used these aircraft from time to time for business purposes. If the aircraft are used for personal reasons, the incremental cost for such

use, not including fixed costs, shall be included in total perquisites for the NEO. During 2006, Mr. Carmilani used one of the aircraft for personal reasons. See Summary Compensation Table below for more information.

Some of the NEOs elected to forego one or more of the benefits and perquisites. Mr. Jodoin was not eligible to receive the benefits and perquisites described above as he is a U.S. citizen based out of the Company's Boston office.

Retirement, Health and Welfare Benefits

The Company offers a variety of health and welfare programs to all eligible employees. The NEOs generally are eligible for the same benefit programs on the same basis as the rest of the Company's employees. The health and welfare programs are intended to protect employees against catastrophic loss and include medical, pharmacy, dental, vision, life insurance, accidental death and disability, and short- and long-term disability. The Company provides full-time employees with these benefits at no cost to the employee. We offer a qualified 401(k) savings and retirement plan for our U.S. employees (wherever they may be located) and similar plans for non-U.S. employees. In lieu of participating in our 401(k), Mr. Davis participates in the Bermuda Pension Plan. All Company employees, including the NEOs, are generally eligible for these plans. The Company contributes to such employees' accounts as well. The Company believes that contributing to an employee's retirement account attracts employees who want to stay with the Company for the long term and help it grow.

We have established the Allied World Assurance Company (U.S.) Inc. Supplemental Executive Retirement Plan (the SERP), effective as of January 1, 2005, for certain of our U.S. employees (generally assistant vice presidents and up) wherever they may be located. Each of our NEOs participates in the SERP. Under the SERP, the Company or its subsidiaries will make a contribution equal to 10% of a participant's annual salary and participants may voluntarily contribute up to 25% of their annual salary (for these purposes annual salary is currently capped at \$200,000). Participant contributions to the SERP vest immediately. There is a five-year cumulative vesting period for all Company contributions so that upon completion of five years of service, a participant will be 100% vested in all prior and future contributions made on his or her behalf by the Company or its subsidiaries. The Company contributions shall also fully vest upon a participant's retiring after attaining the age of 65. Executives may defer receipt of part or all of their cash compensation under the SERP. The program allows U.S. officers to save for retirement in a tax-effective way at minimal cost to the Company. The Company believes that contributing to a participant's retirement and having a five-year cumulative vesting for the Company's contributions on behalf of a participant attracts employees who want to remain with the Company for the long term and help it achieve its business objectives.

Ownership Guidelines and Hedging Policies

The Company does not have any share ownership requirements for its directors or employees. Under the Company's Policy Regarding Insider Trading for all Directors, Officers and Employees and its Code of Conduct and Business Ethics, employees are prohibited from engaging in speculative or in and out trading in securities of the Company. In addition, the Company also prohibits hedging and derivative transactions in its securities (other than transactions in the Company's employee stock options). These transactions are characterized by short sales, buying or selling publicly traded options, swaps, collars or similar derivative transactions.

Employment Agreements/Severance Arrangements

The Company has entered into employment agreements with each of Messrs. Carmilani, Davis and Dupont and Ms. Dillard—the four NEOs who reside in Bermuda. Apart from name, title, base salary and housing allowance, the employment agreements of these NEOs are identical to each other as well as to other senior officers. The Company believes that entering into these employment agreements supports its compensation objectives of attracting and retaining talented and highly-skilled employees, rewarding performance and remaining competitive with other

insurance and reinsurance companies in Bermuda.

Generally, these employment agreements provide each NEO with two years' base salary and annual bonus, among other things, should he or she be terminated by the Company without cause or should he or she terminate the employment agreement with good reason. The two-year period increases to three should such termination occur

within 12 months of a change in control. In addition, all equity-based awards shall fully vest immediately prior to such change in control, regardless of whether or not the NEO is terminated. Please see Narrative Disclosure Regarding Equity Plans and Employment Agreements Employment Agreements for more information.

On December 31, 2006, Jordan Gantz, our former Executive Vice President and Chief Underwriting Officer, voluntarily terminated his employment with the Company and its subsidiaries and resigned from all positions he held as an employee, officer or director of the Company or its subsidiaries. In connection therewith, the Company and Mr. Gantz entered into a Separation and Release Agreement. The Compensation Committee determined that the severance package to Mr. Gantz was reasonable based on his position level, service to the Company, release of possible claims against the Company and his continuing cooperation obligations. For more information, see the Summary Compensation Table below.

Forward-Looking Compensation Decisions

The Compensation Committee will continue its recent policy of approving annual equity awards at a regularly scheduled meeting. Employees, other than senior officers, historically received their annual cash bonus, equity grants and base salary adjustments (as applicable) in December of each year. The Compensation Committee has adopted a new policy requiring that the annual cash bonus, equity awards and base salary adjustments be determined after year-end financials have been prepared and completed. The Compensation Committee believes that compensation decisions regarding employees should be made after year-end results have been determined to better align employee compensation with Company performance and shareholder value.

The Compensation Committee also established an objective of benchmarking NEO compensation to the Bermuda Peer Group. In 2006, specific percentile levels for total cash compensation and total compensation were not established. The Compensation Committee intends to position total cash compensation around the median and total compensation around the 75th percentile. The Compensation Committee believes this will motivate and retain senior officers and reward the NEOs for their performance. The basic structure of equity compensation for senior officers and NEOs is not expected to materially change.

The 2007 base salaries for our NEOs are listed below. The Compensation Committee did take certain actions to adjust Mr. Carmilani's base salary level to bring it nearer to the median.

(2) The amounts shown in the "Stock Awards" column equal the dollar amount recognized by us during 2006 as compensation expense for financial statement reporting purposes as a result of RSU awards made in 2006 and in prior years and performance-based awards made under our LTIP in 2006 in accordance with FAS 123(R). Pursuant to the SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. For RSUs and LTIP awards issued in 2006, the fair value has been calculated using the closing price of the Company's Common Shares on the date of grant. For RSUs issued prior to 2006, the incremental fair value as a result of the IPO and modification of the plans has been calculated using the

difference between the IPO price of \$34.00 per share and the book value immediately prior to the IPO. For additional information on the calculation of the compensation expense, please refer to note 9(b) and (c) of the Company's consolidated financial statements contained in the Form 10-K for the year ended December 31, 2006, as filed with the SEC. These amounts reflect the Company's accounting expense for these awards and do not correspond to the actual value that will be recognized by the NEOs. For more information on RSU and performance-based awards under our LTIP made to the NEOs during 2006, please see the Grants of Plan-Based Awards table below.

- (3) The amounts shown in the Option Awards column equal the dollar amount recognized by us during 2006 as compensation expense for financial reporting purposes as a result of options granted in 2006 and in prior years in accordance with FAS 123(R). Pursuant to the SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. For stock option awards issued in 2006 and in prior years, the fair value has been calculated by using the Black-Scholes option-pricing model. For additional information on the calculation of the compensation expense including the valuation assumptions used within the option-pricing model, please refer to note 9(a) of the Company's consolidated financial statements contained in the Form 10-K for the year ended December 31, 2006, as filed with the SEC. These amounts reflect the Company's accounting expense for these awards and do not correspond to the actual value that will be recognized by the NEOs. For more information on option grants made to the NEOs during 2006, please see the Grants of Plan-Based Awards table below.
- (4) The amounts shown in the Non-Equity Incentive Plan Compensation column represent cash bonuses earned under our 2006 cash bonus plan and were paid in February 2007. For a description of our annual cash bonus plan, see Compensation Discussion and Analysis Cash Compensation Annual Cash Bonus.

- (5) The amounts shown in the All Other Compensation column are attributable to perquisites and other personal benefits or compensation not reported elsewhere in the Summary Compensation Table. The table below shows certain components of the All Other Compensation column.

(a) Mr. Davis participates in our Bermuda pension plan.

(b) We made contributions to the SERP on behalf of Messrs. Carmilani, Davis, Dupont, Jodoin and Gantz and Ms. Dillard.

(c) Perquisites in 2006 for the NEOs include reimbursements for amounts for certain home leave travel expenses, housing allowances, utilities, club dues, life insurance premiums, tax preparation, parking, storage expenses, company-leased or fractionally-owned airplane usage and cost of living allowances. Not all of these perquisites are applicable to all of our NEOs. For 2006, Mr. Carmilani received a housing allowance of \$192,000 and a cost of living allowance of \$62,088; Ms. Dillard received a housing allowance of \$88,200 and a cost of living allowance of \$61,380; Mr. Davis received a housing allowance of \$120,000 and a cost of living allowance of \$61,380; and Mr. Dupont received a housing allowance of \$112,700 and a cost of living allowance of \$60,313. For 2006, Mr. Gantz received a housing allowance of \$144,000 and a cost of living allowance of \$61,380. We lease the fractional use of one aircraft and fractionally own another. The incremental cost of the personal use of these aircraft is based on the variable operating costs to us, including fuel costs, mileage, trip-related maintenance, federal excise tax, landing/ramp fees and other miscellaneous variable costs. Fixed costs that do not change based on usage, such as the lease and ownership costs and the cost of maintenance not related to trips, are excluded. During 2006, Mr. Carmilani used one aircraft on one occasion for personal use. The incremental cost of such use is included in the aggregate amount of perquisites he received in 2006. For more information on personal benefits and perquisites, please see Compensation Discussion and Analysis Benefits and Perquisites.

(d) We agreed to gross-up our employees residing in Bermuda who are U.S. taxpayers for additional tax obligations incurred in 2006 as a result of the Tax Act. The amounts provided in the table above for Tax Gross-Ups are estimates based on advice from an independent tax advisor and our current understanding of the Tax Act. The application of the Tax Act to the applicable NEOs has not been finalized and the gross-up amounts provided above are subject to revision. For more information on personal benefits and perquisites,

please see Compensation Discussion and Analysis Benefits and Perquisites.

- (e) Pursuant to his separation and release agreement, voluntary termination payments to Mr. Gantz included a discounted lump sum payment of nine month s base salary of \$315,247, repatriation and shipping expenses between Bermuda and the United States of \$100,000, a cash payment of \$32,962 for unused vacation days and up to \$9,000 for medical and dental benefits equivalent to those provided by the Company.
- (6) Mr. Gantz, the Company s former Executive Vice President and Chief Underwriting Officer, voluntarily terminated his employment with the Company and its subsidiaries as of December 31, 2006.

- (1) Represents the date on which the Stock Incentive Plan and Stock Option Plan was modified in accordance with FAS 123(R) due to our IPO.
- (2) The Company's 2006 cash bonus plan provided for funding of the pool based on target EBIT goals. The NEOs are eligible for annual cash bonuses as a percentage of their base salaries. For more information on the target EBIT goals and percentages, see Compensation Discussion and Analysis Cash Compensation Annual Cash Bonus.

The amounts provided in the Estimated Future Payouts Under Non-Equity Incentive Plan Awards columns above assume that the same percentage of funding of the annual cash bonus pool will be applied to each NEO.

Threshold. The amounts provided in the applicable threshold column above assume that the annual cash bonus pool will be 50% funded and that each NEO will receive 50% of the cash bonus that he or she is eligible to

receive. Accordingly, we have reduced by 50% the amount each NEO would be eligible to receive based on his or her target bonus as a percentage of base salary, as reflected below in the adjusted bonus column below.

Name	Bonus Target as a Percentage of Base Salary	Adjusted Bonus Target as a Percentage of Base Salary
Scott A. Carmilani	100%	50.0%
Joan H. Dillard	75%	37.5%
G. William Davis	75%	37.5%
Wesley D. Dupont	40%	20.0%
Richard E. Jodoin	60%	30.0%

The amounts provided in the applicable threshold column above indicates the dollar amount calculated by multiplying the adjusted bonus target as a percentage of base salary (as set forth in the table in this footnote) by the NEO's base salary.

Target. The amounts provided in the applicable target column above assume that the annual cash bonus pool will be 100% funded and that each NEO will receive the full amount of the cash bonus that he or she is eligible to receive. The dollar amount for each NEO is calculated by multiplying the bonus target as a percentage of base salary (as set forth in the table in this footnote) by the NEO's base salary.

Maximum. Individual bonuses under the 2006 cash bonus plan are not capped or subject to any maximums. Accordingly, no information appears in the applicable column above.

- (3) The vesting of performance-based awards under the LTIP are currently based on average per annum adjusted book value growth, which is described in greater detail in Compensation Discussion and Analysis Equity Compensation LTIP. The vested share amounts disclosed in the applicable threshold, target and maximum columns of the Estimated Future Payouts Under Equity Incentive Plan Awards heading assume a 9%, 12% and 15% per annum growth in adjusted book value. Each of the performance-based awards made under the LTIP had a grant date fair value equal to the IPO price of \$34.00 per share. In calculating the grant date value, it was assumed that the maximum performance target regarding such awards will be attained, and accordingly, the grant date value has been increased to 150% of the value based on the target performance-based awards issued.
- (4) In conjunction with the IPO, the previously implemented Stock Incentive Plan was amended and modified. In accordance with FAS 123(R), the outstanding RSUs issued under the Stock Incentive Plan were revalued as of the modification date at the IPO price of \$34.00 per share. The number of RSUs reflected for each NEO is the aggregate number of RSUs issued to the NEO prior to 2006. The grant date fair value included in the table reflects the difference between the value of the RSUs prior to the IPO and the IPO price of \$34.00 per share multiplied by the aggregate number of RSU issued to the NEO.
- (5) On July 11, 2006, special retention RSUs were granted to our employees. For more information on the special retention RSU awards, please see Compensation Discussion and Analysis Equity Compensation RSU Awards. The grant date value per RSU was equal to the IPO price of \$34.00 per share.
- (6) In conjunction with the IPO, the previously implemented warrant plan was amended and modified and converted to the Stock Option Plan. Any warrants issued under the warrant plan were revalued and converted to

stock options. The stock options were then revalued using the Black-Scholes option-pricing model. The grant date value included in the table reflects the difference between the value of the stock options taken prior to the IPO, and the revised value based on the Black-Scholes option-pricing model.

(7) Mr. Gantz received no cash bonus or equity award from the Company during 2006.

Narrative Disclosure Regarding Equity Plans and Employment Agreements

Stock Option Plan

General. We implemented the Stock Option Plan, under which up to 2,000,000 Common Shares may be issued, subject to adjustment as described below. Of that amount, 800,822 shares remain available for issuance as of December 31, 2006. These stock options are exercisable in certain limited conditions, expire after ten years and

generally vest pro rata over four years from the date of grant. Awards may be made to any of our directors, officers, employees (including prospective employees), consultants and other individuals who perform services for us, as determined by the Compensation Committee in its discretion. The Compensation Committee may grant non-qualified stock options to purchase Common Shares (at the price set forth in the award agreement, but in no event less than 100% of the fair market value of the Common Shares on the date of grant) subject to the terms and conditions as it may determine. While the Board retains the right to terminate the Stock Option Plan at any time, in any case the Stock Option Plan will terminate on the tenth anniversary of the approval of its amendment and restatement.

These shares subject to the Stock Option Plan are authorized but unissued Common Shares. If any award is forfeited or is otherwise terminated or canceled without the delivery of Common Shares, if Common Shares are surrendered or withheld from any award to satisfy a grantee's income tax or other withholding obligations or if Common Shares owned by a grantee are tendered to pay the exercise price of stock option awards, then such shares will again become available under the Stock Option Plan. Generally, the maximum number of Common Shares with respect to which options may be granted to an individual grantee in any one year is 16,667 (subject to the adjustment described below) and any one grantee may not be granted options, in the aggregate, relating to more than 9% of the Common Shares authorized for issuance under the Stock Option Plan. Our Compensation Committee has the authority to adjust the terms of any outstanding awards and the number of Common Shares issuable under the Stock Option Plan for any increase or decrease in the number of issued Common Shares resulting from a stock split, reverse stock split, stock dividend, recapitalization, combination or reclassification of the Common Shares, or any other event that the Compensation Committee determines affects our capitalization, other than regular cash dividends. In the event of a merger, amalgamation, consolidation, reorganization, liquidation or sale of a majority of the Company's securities, the Compensation Committee will have the discretion to provide, as an alternative to the adjustment described above, for the accelerated vesting of options prior to such an event or the cancellation of options in exchange for a payment based on the per-share consideration being paid in connection with the event.

Stock Incentive Plan

We implemented the Stock Incentive Plan, under which up to 2,000,000 Common Shares may be issued, subject to adjustment as described below. Of that amount, 1,293,962 shares remain available for issuance as of December 31, 2006. The Stock Incentive Plan provides for awards of restricted stock, RSUs, dividend equivalent rights and other equity-based or equity-related awards. We will not grant stock options pursuant to the plan. Awards under the Stock Incentive Plan may be made to any of our directors, officers, employees (including prospective employees), consultants and other individuals who perform services for us, as determined by the Compensation Committee in its discretion. Only RSUs have been granted under the Stock Incentive Plan and these RSUs generally vest in the fourth or fifth year from the original grant date, or pro rata over four years from the date of grant. On July 10, 2006, we granted 438,000 special retention RSUs to certain key employees. These special retention RSUs are discussed in more detail in Compensation Discussion and Analysis Equity Compensation RSU Awards. While the Board retains the right to terminate the Stock Incentive Plan at any time, the plan will automatically terminate on May 27, 2014.

The shares subject to the Stock Incentive Plan may be either authorized but unissued Common Shares or Common Shares previously issued and reacquired by the Company. If any award expires, terminates or otherwise lapses, in whole or in part, any Common Shares subject to such award will again become available for issuance under the Stock Incentive Plan. Generally, the maximum number of Common Shares with respect to which awards may be granted to an individual grantee in any one year is 16,667 and any one grantee may not be granted stock appreciation rights with respect to more than 16,667 Common Shares in any calendar year. Our Compensation Committee has the authority to adjust the terms of any outstanding awards as it deems appropriate and the number of Common Shares issuable under the Stock Incentive Plan for any increase or decrease in the number of issued Common Shares resulting from a stock split, stock dividend, recapitalization, combination or exchange of the Common Shares, merger, amalgamation, consolidation, rights offering, separation, reorganization or liquidation, or any other change in the corporate structure

or Common Shares. In the event of a merger, amalgamation, consolidation, reorganization, liquidation or a sale of a majority of the Company's securities, the Compensation Committee will have the discretion to provide, as an alternative to the adjustment described above, for the

accelerated vesting of awards prior to such an event or the cancellation of awards in exchange for a payment based on the per-share consideration being paid in connection with the event.

Long-Term Incentive Plan

On May 22, 2006, the Board adopted the LTIP, under which up to 2,000,000 Common Shares may be issued pursuant to the terms of the plan. Of that amount, 1,771,666 shares remained available for issuance as of December 31, 2006. Participation in the LTIP is limited to employees who are selected by the Compensation Committee. On May 22, 2006, the Board granted 228,334 performance-based equity awards under the LTIP. See Compensation Discussion and Analysis Equity Compensation The LTIP for more information about the performance-based awards made under the LTIP.

The LTIP provides for grants of long-term incentive awards that are earned based upon the achievement of applicable performance conditions over a three consecutive fiscal-year period. Performance conditions are selected by the Compensation Committee or the Board prior to the commencement of an applicable performance period from a list of permissible financial metrics, including (i) consolidated earnings before or after taxes (including earnings before interest, taxes, depreciation and amortization); (ii) net income; (iii) operating income; (iv) earnings per share; (v) book value per share; (vi) return on shareholders' equity; (vii) return on investment; (viii) stock price; (ix) improvements in capital structure; (x) revenue or sales; and (xi) total return to shareholders. Awards are expressed as a target amount representing the number of shares to be issued upon 100% achievement of applicable performance conditions, with the actual number of shares delivered ranging from 0% to 150% of the target amount based on the level of actual achievement of applicable performance conditions.

The shares subject to the LTIP shall be authorized but unissued Common Shares. If any award expires or is canceled, forfeited or otherwise terminated, any Common Shares subject to such award will again become available for issuance under the LTIP. The Compensation Committee has the authority to adjust the terms of any outstanding awards, as it deems appropriate, and the number of Common Shares issuable under awards for any increase or decrease in the number of issued Common Shares resulting from a stock split, stock dividend, recapitalization, combination or exchange of the Common Shares, merger, consolidation or reorganization, or any other change in the capital structure or Common Shares.

Employment Agreements

Effective as of November 1, 2006, the Company entered into employment agreements with each of the NEOs, except for Mr. Jodoin. Apart from name, title, base salary and housing allowance, the employment agreements for Messrs. Carmilani, Davis, Dupont and Ms. Dillard are identical. Under their respective employment agreements, each NEO receives an enumerated base salary that may be increased only upon approval of the Board. In addition, each NEO is eligible for a discretionary annual cash bonus.

The employment agreements provide for a cost of living allowance in addition to base salary, financial and tax planning, expense reimbursement for housing, club membership fees for a club in Bermuda and other business expenses, subject to applicable limits set forth in each employment agreement and the policies of the Company as approved from time to time by the Board. As discussed above under Compensation Discussion and Analysis Benefits and Perquisites, these types of perquisites are standard in the compensation packages of executives among the Company's Bermuda Peer Group and other Bermuda companies.

Under the employment agreements, during the term of employment and ending on the 24-month anniversary following any termination of employment, the NEO is subject to a non-interference covenant. Generally, the non-interference covenant prevents the NEO from soliciting or hiring employees or other service providers of the Company or its subsidiaries and from inducing any customer, supplier, licensee or other business relation of the Company or its subsidiaries to cease doing business, or reduce the amount of business conducted, with the Company or its subsidiaries, or in any other manner interfering with the Company's or its subsidiaries' relationship with these parties. During the term of employment and ending following the Non-Compete Period (as defined below), the NEO is subject to a non-competition covenant. Generally, the non-competition covenant prevents the NEO from engaging in activities that are competitive with the business of the Company or its subsidiaries in certain jurisdictions. Each employment agreement also contains standard confidentiality and assignment of inventions provisions. In addition, each employment agreement provides that the Company shall generally indemnify the NEO to the fullest extent permitted by Bermuda law, except in certain limited circumstances.

The Non-Compete Period means the period commencing on the date of the employment agreement and (i) in the case of the NEO's termination of employment by the Company with cause, ending on the date of such termination; (ii) in the case of a NEO's termination of employment by the Company without cause or by the NEO for good reason, ending on the 24-month anniversary of the date of such termination; and (iii) in the case of a NEO's termination of employment by the NEO without good reason or as a result of a disability, ending on the date of such termination; *provided, however*, in the case of clause (iii) above, the Company may elect to extend the Non-Compete Period up to an additional 12 months following the date of such termination, during which period the Company will be required to continue to pay the NEO his or her base salary and provide coverage under the Company's health and insurance plans (or the economic equivalent of such coverage, including its cash value).

Each employment agreement terminates upon the earliest to occur of (i) the NEO's death, (ii) a termination by reason of a disability, (iii) a termination by the Company with or without cause and (iv) a termination by the NEO with or without good reason. Upon any termination of the NEO's employment for any reason, except as may otherwise be requested by the Company in writing and agreed upon in writing by the NEO, the NEO will resign from any and all directorships, committee memberships or any other positions the NEO holds with the Company or any of its subsidiaries.

Upon termination of the NEO's employment with the Company for any reason, including a termination by the Company with cause or by the NEO without good reason, the NEO will be entitled to all prior accrued obligations. Upon termination of the NEO's employment due to his or her death or disability, the NEO (or his or her estate or

beneficiaries), in addition to all prior accrued obligations, will be entitled to any (i) unpaid annual bonus in respect to any completed fiscal year prior to such termination, (ii) a pro rata annual bonus if such termination occurs during a fiscal year and (iii) vesting, as of the date of termination, in the number of equity-based awards that otherwise would have vested during the one-year period immediately following such termination.

Upon termination of the NEO's employment by the Company without cause or by the NEO with good reason, in addition to any prior accrued obligations and unpaid annual bonus, the NEO will receive (i) an amount equal to the Severance Multiplier (as defined below) multiplied by the sum of the NEO's base salary and annual bonus to be

paid in substantially equal monthly installments over the period beginning on the termination date and ending one day prior to two and one-half months following the end of the Company's fiscal year in which such termination occurs, (ii) continuation of coverage under the Company's health and insurance plans (or the economic equivalent of such coverage, including its cash value) for a period of years equal to the Severance Multiplier and (iii) vesting, as of the date of termination, in the number of equity-based awards that otherwise would have vested during the two-year period immediately following such termination. The Severance Multiplier will equal two; *provided, however*, if the NEO's termination occurs within the 12-month period following a change in control, the Severance Multiplier will equal three. The Company may require the NEO to execute a general release prior to payment of any amount or provision of any benefit as a result of termination of employment by the Company without cause or by the NEO for good reason. In addition, upon the occurrence of a change in control, all equity-based awards received by the NEO will fully vest immediately prior to such change in control.

NON-QUALIFIED DEFERRED COMPENSATION

The following table summarizes information regarding each NEO's participation in the Allied World Assurance Company (U.S.) Inc. Supplemental Executive Retirement Plan (the "SERP") in 2006.

Name	Executive Contributions in Last Fiscal Year (\$)(1)	Registrant Contributions in Last Fiscal Year (\$)(2)	Aggregate Earnings in Last Fiscal Year (\$)(3)	Aggregate Withdrawals/Distributions (\$)	Aggregate Balance at Last Fiscal Year-End (\$)

Jordan M. Gantz		\$ 20,000	\$ 6,143		\$ 127,545

- (1) Reflects amount of base salary deferred by the NEO under the SERP in 2006.
- (2) Reflects amounts contributed by us on behalf of the NEO. All amounts that we contributed on behalf of the NEO have been reported in the Summary Compensation Table. In 2005, contributions that we made on behalf of the NEO to the SERP were reported as compensation.
- (3) Represents dividends on and earnings from the investments made in one or more mutual funds selected by the NEO, less any losses incurred from one or more selected mutual funds during 2006.

Provisions of the SERP. Under the SERP, we will make a contribution equal to 10% of the NEO's annual salary and the NEO may voluntarily contribute up to 25% of his or her annual salary (for these purposes annual salary is currently capped at \$200,000). NEO contributions to the SERP vest immediately. There is a five-year cumulative vesting period for all contributions we make on behalf of the NEO, so that upon completion of five years of service, an NEO will be 100% vested in all prior and future contributions made on his or her behalf. Contributions we make on behalf of the NEO shall also fully vest upon an NEO retiring after attaining the age of 65, the termination of employment on account of the NEO's death or disability, the termination of the SERP or a change in control of the Company. These events are deemed distribution events under the SERP, and all contributions made on

behalf of the NEO may be distributed to him or her upon the occurrence of any such event. The SERP complies with Section 409(A) of the Internal Revenue Code of 1986, as amended.

Investment alternatives under the SERP. Under the SERP, the NEO has the option to select a variety of mutual funds that are used to determine the additional amounts to be credited to his or her account. These mutual funds are the same as those offered under our 401(k) plan and the Bermuda pension plan. The NEO is permitted to change, on a monthly basis, the mutual funds to be used to determine the additional amounts to be credited to his or her account.

Payouts and withdrawals. The NEO may elect to receive at retirement amounts deferred and contributions credited to his account in either a lump sum or in annual installments over a period of up to ten years. For more information regarding the SERP, please see Compensation Discussion and Analysis Retirement, Health and Welfare Benefits.

POTENTIAL PAYMENTS UPON A TERMINATION OR CHANGE IN CONTROL

The table below reflects the amount of compensation and benefits payable to each NEO in the event of (i) a termination by the NEO without good reason (a voluntary termination), (ii) a termination without cause or with good reason (involuntary termination), (iii) a change in control, (iv) a termination due to death and (v) a termination due to disability. The amounts shown assume that the applicable triggering event occurred on December 31, 2006, and therefore are estimates of the amounts that would be paid to the applicable NEO upon the occurrence of such triggering event (with the exception of Mr. Gantz, who received the disclosed amounts upon his voluntary termination effective December 31, 2006), assuming a price of \$43.63 per Common Share, the closing price as of December 31, 2006.

(1) Under the employment agreements by and between the Company and each NEO (other than Mr. Jodoin, who has no employment agreement), in the case of a termination of employment by the NEO without good reason, the NEO is entitled only to the prior accrued obligations. However, for purposes of precluding the NEO from

joining an organization that competes with the Company, the Company may elect to extend the Non-Compete Period for up to 12 months from the date employment is terminated by the NEO without good reason. The amounts included in the voluntary termination column above under Cash Severance represent the NEO's 2006 base salary (the amount to which the NEO would be entitled for the Non-Compete Period) and the amounts included under Continued Benefits represent participation in the Company's health and insurance plans (or the economic equivalent of such participation), based on current health and insurance premiums projected over the applicable period, and such amounts assume that the Company has elected to extend the Non-Compete Period for the full 12 months. Please see Narrative Disclosure Regarding Equity Plans and Employment Agreements for more information on the employment agreements.

- (2) Under the employment agreements executed by and between the Company and each NEO, involuntary terminations consist of terminations of employment by the Company without cause and by the NEO with good reason. In such circumstances, the NEO is entitled to: (i) his or her base salary and 2006 target cash bonus multiplied by two, (ii) participation in the Company's health and insurance plans (or the economic equivalent of such participation) for a period of two years from the date of such termination and (iii) vesting in the number of equity awards held by the NEO that otherwise would have vested during the two-year period from the date of such termination.
- (3) Under the employment agreements executed by and between the Company and each NEO, upon the occurrence of a change in control of the Company all equity awards held by the NEO shall fully vest immediately prior to such change in control. If within 12 months of a change in control the NEO is terminated by the Company without cause or the NEO terminates his or her employment with good reason, the NEO is entitled to: (i) his or her base salary and 2006 target cash bonus multiplied by three and (ii) participation in the Company's health and insurance plans (or the economic equivalent of such participation) for a period of three years from the date of such termination.

The Company believes that the change in control provisions are appropriate for certain of the NEOs to further align their interests and shareholders' interests when considering corporate transactions that may be in the best interests of the shareholders without causing undue concern over whether the transaction may jeopardize the NEO's own employment. The Board approved the acceleration of vesting of equity awards in the event of a change in control to permit the NEOs to participate in the transaction in the same manner that all other shareholders will be participating, without being exposed to continuing vesting risk. As the full vesting of equity awards does not occur until immediately prior to the change in control, the acceleration provision also has a retention element in that it helps to ensure that the NEOs will remain with the Company through the entire transaction process. The increase in the Severance Multiplier (from two to three) upon a qualified termination within 12 months of a change in control also provides a greater incentive for the NEO to remain with the Company through the change in control regardless of potential redundancies in executive personnel.

- (4) The amounts included under the Death column above for Cash Severance represent the NEO's accrued 2006 target cash bonus to which the NEO would be entitled under his or her employment agreement. Under the employment agreement, upon an NEO's death, the NEO's estate or beneficiary is also entitled to receive a pro rata annual bonus for that portion of the year that the NEO worked.

Under the employment agreements, as of the date of the NEO's death, his or her estate or beneficiaries would also be entitled to the number of equity awards held by the NEO that otherwise would have vested during the one-year period following such date. In addition, the Stock Option Plan and the Stock Incentive Plan provide for the accelerated vesting of all stock options and RSUs, respectively, held by the NEO in the event of his or her death. The LTIP provides for vesting on a proportional basis depending on the date of death in relation to the three-year performance period. If the NEO were to die in the first fiscal year of the three-year performance

period, the NEO would be entitled to 25% of the award. The dollar value reflected under the Death column above for Equity Acceleration assumes all equity awards vested and were exercised and sold as of December 31, 2006.

In addition, each employee of the Company has life insurance paid by the Company for the employee's benefit (or the benefit of his or her estate or beneficiaries). Assuming the death of each NEO as of December 31, 2006, the estate or beneficiaries of such NEO would be entitled to the amounts reflected under the Death column above for Continued Benefits for the NEOs.

- (5) Under the employment agreements by and between the Company and each NEO, in the case of a termination of employment as a result of the NEO's disability, the NEO is entitled to: (i) his or her 2006 target cash bonus and (ii) the number of equity awards held by the NEO that otherwise would have vested during the one-year period following the date of disability. For purposes of precluding the NEO from joining an organization that competes with the Company, the Company may elect to extend the Non-Compete Period for up to 12 months from the date the NEO's employment is terminated as a result of a disability. The amounts included in the disability column above under "Cash Severance" represent the NEO's 2006 base salary and 2006 target cash bonus and "Continued Benefits" represent participation in the Company's health and insurance plans (or the economic equivalent of such participation) and assumes that the Company has elected to extend the Non-Compete Period for the full 12 months. The Company pays on behalf of our employees, including the NEOs, long-term disability insurance. Under this insurance, if the NEO is considered disabled, he or she will be entitled to 75% of his or her base salary up to a maximum of \$15,000 per month until the age of 65.

The Stock Option Plan provides for the accelerated vesting of all stock options held by the NEO in the event of his or her disability. Under the Stock Incentive Plan, there is no acceleration of vesting of the RSUs, however, the NEO would not forfeit his or her RSUs upon being disabled and these RSUs will vest according to the schedule established on the date of grant. The LTIP provides for vesting on a proportional basis depending on the date of disability in relation to the three-year performance period. If the NEO were to become disabled in the first fiscal year of the three-year performance period, the NEO would be entitled to 25% of the award. The dollar value reflected under the disability column above for "Equity Acceleration" assumes all eligible equity awards vested and were exercised and sold as of December 31, 2006.

- (6) The amounts reported for Mr. Gantz were pursuant to a separation and release agreement by and between him and the Company. Except as provided by such agreement, Mr. Gantz is not entitled to any additional compensation. Under the separation and release agreement, we agreed to "gross-up" Mr. Gantz for additional tax obligations incurred in 2006 as a result of the Tax Act. The amounts provided in the table above for "Tax Gross-Ups" are estimates based on advice from an independent tax advisor and is subject to revision. As reflected in the table above, "Continued Benefits" represent participation in the Company's health and insurance plans (or the economic equivalent of such participation) and "Repatriation and shipping expense reimbursement" covers Mr. Gantz's move from Bermuda back to the United States.

Under the employment agreements, if the NEO is terminated for cause, he or she is entitled only to the prior accrued obligations. Mr. Jodoin would not be entitled to any additional compensation. Under the employment agreements, the NEO is subject to certain restrictive covenants, including non-compete, non-interference, confidentiality and assignment of inventions provisions. In the case where the NEO is terminated by the Company without cause or by the NEO with good reason, should the NEO breach these restrictive covenants, the payments and benefits described above (other than the vesting of equity awards) would cease immediately.

Under the RSU Award Agreement to the Stock Incentive Plan, each employee agrees that the Company may terminate the NEO's right to any RSU he or she holds (whether or not vested) upon the occurrence of: (i) any event that constitutes cause; (ii) the NEO violating the non-solicitation provision set forth in the RSU Award Agreement; or (iii) the NEO interfering with a relationship between the Company and one of its clients.

Under the Stock Option Plan, a participant retiring after attaining the age of 65 is entitled to accelerated vesting of all stock options held by them. Under the Stock Incentive Plan, there is no acceleration of vesting of the RSUs, however, a participant would not forfeit their RSUs upon retirement after attaining the age of 65 and these RSUs will vest according to the schedule established on the date of grant. Under the employment agreements, there are no additional compensation provisions for retirement. None of our NEOs was 65 as of December 31, 2006. Accordingly, if any of

our NEOs had retired as of December 31, 2006, they would not have been entitled to the acceleration of vesting of equity awards or any additional compensation.

In addition to the payments and benefits described above, upon the NEO's retirement at or after age 65, termination of employment (other than with cause), change in control or death or disability of the NEO, the NEO (or his or her estate or beneficiaries) would be entitled to the distribution of the vested contributions we made to the SERP on his or her behalf. The NEO would also be entitled to receive his or her own contributions to the SERP.

The role of the Audit Committee is to assist the Board in its oversight of the Company's financial reporting process. Finally, the Audit Committee receives the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, considers whether the provision of non-audit services by the independent auditors to the Company is compatible with maintaining the auditors' independence and discusses with the auditors the auditors' independence.

Based upon the reviews and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Audit Committee Charter, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006 that was filed with the SEC.
